

# Welcome to Winthrop University!

We are excited to have you here! We are proud of our beautiful campus, and wonderful students and faculty. We hope that you enjoy your day with us. If you have any questions or need help, stop by the admissions office in Joynes Hall () during regular working hours (Monday-Friday, 8:30am-5pm).

Winthrop University offers interactive scavenger hunts to meet the needs of students of all ages, as well as families, friends, and anyone else wanting to get a feel of campus while having fun. We recommend printing the hunt that best suits your group, as well as a map of campus. Don't forget to bring a pencil and your camera! After you're done, stop by Joynes Hall during working hours for a prize.

**Winthrop Photo Scavenger Hunt** (Middle-High School) asks for participants to work with their team to find and take pictures around campus.

**Winthrop Scavenger Hunt** (Elementary School) asks for students to answer questions about what they see around campus.

These scavenger hunts do not include any locations or questions at Winthrop's Research and Recreational Complex, but we encourage you to stop by before or after your visit to the main campus. It is located 1-mile from the main campus and includes a lake with plenty of green space perfect for a picnic, a walk, or throwing a frisbee!

**Teachers:** Email [admissions@winthrop.edu](mailto:admissions@winthrop.edu) with a picture of your group on campus along with your address and we'll send you a Winthrop pennant and poster!

Answer as many questions as you can. If you need help ask faculty or students for a clue.

1. The bricks on Scholar's Walk that connect Crawford (#17) and Kinard (#19) are purchased by students and alumni so they can leave their mark on Winthrop's campus. Check out some of the bricks. Can you find the one that asks, "Will you marry me?" What would your brick say?
2. I hear music in the air. Can you find the frog quartet on campus? Where is it located?
3. The DiGiorgio Campus Center (#16), "Digs" for short, is where students enjoy hanging out. There is food, games, TVs, and even a movie theater! Can you find out the name of the movie theater?
4. Students use the West Center (#14) to stay in shape. From the lobby, what activities can you see? Which one would you like to try?
5. Hardin Gardens, which is in front of Roddey Hall (#9), has art sculptures created by Winthrop students. What does the purple figure look like to you?
6. Talk to a current student and ask their name, hometown, and major.
