

INSTRUCTIONS FOR PREPARATION OF A MASTER'S THESIS

Composition of the Thesis Committee

- There should be a minimum of three, but no more than five members on the committee.
- The majority of the committee members must be full-time Winthrop graduate faculty members.
- The committee is normally comprised of full-time members of the Winthrop University Graduate Faculty. One member is the student's thesis advisor who also serves as chair of the committee.
- In special circumstances, one or more members may be from outside the graduate faculty if that prospective member would bring substantial expertise or experience to the committee. In such a case, the inclusion of the person would require the approval of the chair of the committee, the chair of the student's department, and the dean of the college.
- Only in extenuating circumstances should the composition of the committee change. In such situations, the chair of the student's department must be involved and a written justification by the chair or the graduate coordinator should be submitted.
