

The International Center of Winthrop University

Policy for returning student airport transportation

The International Center (IC) meets all new international students at the Charlotte airport, but does not provide airport transportation for returning or current international students.

Current students are encouraged to check with friends who might be able to get them to the airport and pick them up. The IC can also circulate your transportation request via email to a group of volunteers and sometimes that can result in a ride, but not always. In order to help the IC will need you to provide 5 days prior to departure your airline flight number, date & time of departure, & cell phone number.

If no other alternative is successful, the IC can provide airport pick up at a cost of \$30 to the student. Payment must be in cash.

There are also taxi cab companies that provide transportation to and from the Charlotte airport, including:

- Carolinas Cab Company located at 232 S. Cherry Road available 24-hours per day by calling 324-8819.
- All American Cab Company is available by calling 327-4144
- Veterans Cab Company is available by calling 327-4131

If you have any questions please contact the International Center at 323-2133.
