4. References

Two references are required and must be received by 5 pm 10/20/17. **REQUIRED:** At least one of the two references must be a faculty member who has evaluated your academic work; **Preferred:** both references are faculty members who have evaluated your work and are faculty from your major department. References are due in 104 Dinkins Hall by 5 pm 10/20/17. This deadline is after the deadline for the other parts of the application. Your references may choose one of the following options to submit their forms: email (mcnair@winthrop.edu), mail (Winthrop McNair Scholars Program, 104 Dinkins Hall, Rock Hill, SC 29733), or hand-delivery. **We recommend email or hand-delivery.** Mailed and hand-delivered forms must be enclosed in a sealed envelope with the signature of the reference written over the seal. List the names and email addresses of at least two individuals who have agreed to serve as references for your McNair application. To be considered complete, your application **MUST** have two references, but no more than three references. At least one reference **MUST** come from a faculty member at a college or university.

5. Statement of Intent

In essay form, tell the Advisory Board why you believe you are a strong candidate for Winthrop's McNair Program and include your statement with your application. Your response must be thoughtful, thorough, and honest. Be sure to discuss the following points. There is no page minimum or maximum.

- a) Why do you want to pursue graduate study?
- b) How does your family and educational background play a role in your desire for a post-baccalaureate degree?
- c) In what kind of graduate program(s)/discipline(s) are you interested and why?
- d) Do you want to pursue a Ph.D.? Why or why not?
- e) What do you intend to do with your graduate degree once you have graduated (e.g., become a professor, researcher, practitioner)?
- f) Provide a rough but realistic timeline of when you expect to complete your graduate degree(s) and describe factors that will play a role in your ability to follow that timeline.
- g) What academic, professional, or other experiences have you had that prepare you for the Winthrop McNair Scholars Program and graduate study?
- h) What personal and/or academic obstacles may make it difficult to complete your goals for graduate study?
- i) The Winthrop McNair Program summer research experience is intense, stimulating, and challenging. Participants will learn a lot with special emphasis on completing a research project from start to finish and how to apply to, get accepted to, and succeed in graduate school. What concerns do you have about succeeding in Winthrop's McNair Summer Research Program? What do you hope to gain from the experience?
- j) What personal, familial, or financial responsibilities will require your attention during the summer of 2018? Do you expect to take classes during the summer? Do you intend to work during the summer research experience? If so, how much? How will you balance your other responsibilities with those of the McNair Program?

6. Plan for Summer Research Project

This will help McNair staff plan spring 2018 programming to prepare successful applicants for the Summer Research Experience (SRE). Using 300 words or less, describe what you would like to do for your McNair summer research or scholarly activity. Possible discussion points include

- (1) the research questions or scholarly activity you would like to pursue during the McNair SRE;
- (2) any literature review or other work you have done that prepare for your summer project (cite key references if appropriate);
- (3) reflection on how your summer research topic contributes to your field;
- (4) IRB (protection of human subjects) or IACUC (animal care and use) review considerations;
- (5) Names of possible Winthrop mentors; resources you anticipate needing to collect or analyze data (e.g., specialized equipment, recording devices, literary sources, laptop with webcam, GIS software)
