

1 on 1 Basketball Rules

Rules:

1. Possession to start the game will be determined by a coin toss, odd even, whatever each person accepts.
2. Scoring – 2 point shot is worth 1 and a 3 point shot is worth 2
 - a. The first player to 12 wins the game. Straight up scoring, you do not have to win by 2.
 - b. There is no make-it, take-it. If you score a point, your opponent is given possession.
3. After a missed basket, players must return the ball past the 3-point line for possession. This is also in place for a turnover. At any time the ball becomes in possession of your opponent, you must return the ball past the 3-point line.
4. Games are self officiated and fouls will be determined by the players. We are following NFHS rules for all games. Be honest in calling all fouls.
5. There will be intramural staff members on site to supervise all games. If there is any dispute over games or calls, they reserve the right to remove any player from the tournament.

All rules are subject to change by the Program Director for Intramural and Club Sports.
