The Winthrop University New Start Ambassador program consists of students who serve as representatives of the University at officially designated events. New Start Ambassadors have several important roles. They serve as a resource for prospective students, provide input and assistance to the New Start program and act as representatives of Winthrop’s nontraditional student body.

The Winthrop University New Start Ambassador program was designed as a subset of the Winthrop University Ambassador program to provide an opportunity for nontraditional students to be part of a prestigious organization whose membership is carefully selected and reflects the high caliber and good academic standing of the Winthrop University community. The Winthrop University Ambassador program has been an active part of the Winthrop community since 1976.
