DISABILITY VERIFICATION FORM

The Office of Accessibility (OA) provides academic services and accommodations for students with diagnosed disabilities. The documentation provided regarding the disability diagnosis must demonstrate a disability covered under Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act Amendments (ADAAA) of 2008. The ADA defines a disability as a physical or mental impairment that substantially limits one or more major life activity. Eligibility for accommodations will be determined on a case-by-case basis following communication with the student and a thorough review of documentation indicating functional limitations that would impact the individual in an academic setting.

OA engages an interactive process including the student and self-report, history of effective accommodations, OA staff, and any supportive documentation. Relevant documentation will help define any functional limitations that may impact the student in the academic setting. The outline in this document has been developed to assist the student in working with the treating/diagnosing professional(s) in obtaining the specific and necessary information to evaluate requests for academic assistance based on the diagnosis.

Please complete relevant information only. Inadequate information and/or incomplete forms will delay the eligibility review process. All answers to the questions on the form must be legible. Illegible handwriting will delay the eligibility review process since the provider will need to be contacted for clarification. The professional(s) conducting the assessment and making the diagnosis must be qualified to do so. The professional should be trained, certified and/or a licensed psychologist, and/or member of a medical specialty group.

The provider should attach any reports which provide additional related information (e.g. psycho-educational testing, neuropsychological test results, etc.). If a comprehensive diagnostic report providing the requested information is available, copies may be submitted for documentation in lieu of this form. Please include a narrative that discusses the results for all case notes or rating scales.

Important: OA will send an email notification to the student’s Winthrop email account, (e.g. virest2@winthrop.edu), acknowledging receipt of documentation. Prospective students who do not have a Winthrop email account will be notified via alternate email, if provided.

✓ I hereby give permission for the above named provider/facility to release diagnostic and other
relevant information for the purpose of determining eligibility for services/accommodations at
Winthrop University.

Patient Rights:
I have had the opportunity to read this facility’s Notice of Privacy Practices (as indicated) and have had all of
my questions regarding this Notice answered to my satisfaction. I understand that only health care providers, plans, and
clearinghouses must follow the federal privacy standards. If an individual or organization receiving my protected
health information (PHI) does not fall into one of these categories, this authorization ceases to be protected by the
federal privacy standards therefore, allowing for the possibility of my PHI being redisclosed without further
authorization. I understand that I may cancel this authorization but that my withdrawal is only effective to the extent
that action has not already been taken, as a result of my signing this form. In order to withdraw this authorization
written notification is required.

This authorization will remain in effect until this request is processed unless you specify this authorization will be
effective for an additional time period. Written consent is necessary to revoke this request.

I have had an opportunity to review and understand the content of this authorization form. By signing this
authorization, I am confirming that it accurately reflects my wishes.
