Points of Distinction

The 3+2 program allows students to earn a Bachelor’s of Science in exercise science as well as a master’s in athletic training in five years. Summer study is required to earn both degrees at an accelerated pace.

Clinical experiences include general medical, EMS, family practice, PT, collegiate and high school athletic teams.

Get prepared to sit for the Board of Certification (BOC), the national exam required to become a certified athletic trainer. A master’s degree in athletic training is required to become a licensed athletic trainer.
