

Department Social Work
Annual Report
Academic Year 2023-24
Submitted by:

1. Significant Departmental Accomplishments¹

1-2 bulleted pages, maximum.

Please address all degree programs in a single, bulleted 1-2 page or offer multiple 1-2 page accomplishment documents for each degree program – as your reporting needs dictate.²

For any departmental sub-units, such as CPOPR or the Writing Center, please submit a *separate* highlights document of the same format.

Please use Word (or similar word-processor) to facilitate college collation.

2. Current Action Plan Update

1 page, maximum.

Our Academic Program Review process results in an Action Plan addressing the period until the next review. Please provide an update on as specified in your current Action Plan.

(Sub-units do not undergo Academic Program Review and so will not submit separate reporting here.)

3. IDEA Application (optional)

See information here: <https://www.winthrop.edu/cas/cas-dei.aspx>.

(Sub-units are not eligible for the IDEA award – it's a departmental award – so nothing to submit here either.)

4. Due June 21, 2024, please.

Folders for submitting annual reports are located in the CAS Chairs Teams folders, here: [Annual Reporting 2024](#).

¹ You might consider your highlights slide from the May 08 2024 Dean's Council retreat a starting point.

² For example, in Human Nutrition, it might include both the BS and the MS in one 1-2 page bulleted accomplishments document, and devote another to our DI program. Or, alternatively, I might include all three in a single document.
