Our policies relating to tenure consideration follow the general regulations for tenure provided by Academic Affairs and by the CAS Faculty Roles document. The following summarizes and systematizes those procedures and policies as they apply in the College of Arts & Sciences.

Any policy or procedure in this document which is in conflict with the policies and procedures of Winthrop University as stated in the Winthrop Policy Repository, the CAS Faculty Roles document, or subsequent interpretive documents is superseded by the institution-wide policies.

**Necessity for separate action**

Consideration of a faculty member for tenure shall always be an action separate from consideration for promotion, even if the two occur in the same year. A separate letter of application by the candidate and separate letters of evaluation by the departmental and college committees, department chair, and dean are required.

**Initiation of consideration**

Consideration of a faculty member for tenure normally occurs during the sixth year of probationary service, including years of previous service credited toward the probationary period. The dean will notify candidates for tenure by April 15 each year, or by the deadline stipulated by the Division of Academic Affairs in its timeline.

**Materials to be submitted for tenure consideration**

_The candidate to be considered for tenure shall prepare a dossier containing the materials listed below. These materials should cover the entire probationary period, including materials from other institutions in cases where candidates received credit toward tenure. Candidates may include additional materials predating the probationary period. Candidates must use the online application system, Interfolio Review of Promotion and Tenure (Interfolio RPT), to submit their dossier._

**A. Cover sheet**

The “Cover Sheet” is a form within Interfolio RPT that requests the following:

- Date employed at Winthrop;
- Rank at original appointment;
- Prior service credit granted towards tenure at employment; and
- Date/s of prior promotion/s and years in each rank.

**B. Application letter**
An application letter in the candidate’s own words requesting consideration for tenure, including an analysis/statement by the candidate explaining how they meet the qualifications for the requested tenure. This letter may incorporate material requested in E, below.

C. Current curriculum vitae.
A CV, in a format chosen by the applicant, should be provided to show the depth and breadth of their work.

D. Annual reports and evaluations, arranged in chronological order
Candidates for tenure should include annual reports and chair’s and dean’s comments for the years of their probationary period. Annual evaluations from secondary supervisors, if any, should also be included for the years of the probationary period.

E. Candidate Statements
Statements of activities associated with Student Intellectual Development, Scholarly Activity, Professional Stewardship, and Academic Responsibility may be uploaded into the corresponding sections of the Interfolio RPT case. Alternatively, these statements may be integrated into the applicant letter, B above. In either case:

- The College of Arts & Sciences Roles Alignment statements regarding Student Intellectual Development, Scholarly Activity, Professional Stewardship, and Academic Responsibility and the CAS statement on Types of Undergraduate Research with Respect to Faculty Credit are included in the Interfolio portfolio template.
- The candidate should discuss their activities related to Student Intellectual Development and clearly articulate how they meet or exceed the requirements for tenure as defined in the College of Arts & Sciences Roles Alignment Statement on Student Intellectual Development.
- The candidate should discuss their activities related to Scholarly Activity and clearly articulate how they meet or exceed the requirements for tenure as defined in the College of Arts & Sciences Roles Alignment Statement on Scholarly Activity. The candidate may refer to the “Types of Undergraduate Research with Respect to Faculty Credit” grid. The candidate should classify each artifact under Scholarly Activity according to the Priority levels defined in the College roles statement.
- The candidate should describe their Professional Stewardship activities and relate how these activities meet or exceed the expectations and meet the criteria outlined in the College of Arts & Sciences Roles Alignment Statement on Professional Stewardship for tenure.
- The candidate should state how they consistently meet the College’s expectations in the area of Academic Responsibility as set forth in the College of Arts & Sciences Roles Alignment Statement on Academic Responsibility.
- The candidate should include additional departmental explanation where applicable.
- The candidate should include tables or lists clearly outlining activities.
The candidate is encouraged to describe any noteworthy accomplishments and to describe activity where the impact or time needed may not be apparent to reviewers.

F. Evidence to support the activities specified in the candidate’s statement.

- Support documentation should be uploaded to the relevant section of the Interfolio portfolio.
- **Student Intellectual Development:**
  - Candidates must include all student course evaluations from their review period – to include summary statistics and student comments.
  - Candidates may include various teaching materials such as assignments, exams, handouts, etc., as well as peer evaluations of teaching and other information documenting the candidate’s instructional work.
- **Scholarly Activity:**
  - Evidence may include copies of publications, conference presentations, videos, etc.
  - In the case of scholarly activity that is not developed in written form, the candidate should submit materials in an appropriate and accessible form.
- **Professional Stewardship:**
  - Evidence may include letters of appointment or thanks; publications, reports, or other documents generated; letters of support from colleagues; committee rosters; and the like, as they are readily available.
- **Academic Responsibility:** support documentation is not required but may include reference to supervisor evaluations as well as evidence of committee or advising work, participation in meetings, events, or TLC sessions, etc.
- Candidates may request reference letters from former students, colleagues, research collaborators, and others with whom they have worked, at their discretion. The College recommends that such letters be sent directly to the department chair, or in the case that a department chair is a candidate for tenure, directly to the dean for uploading into Interfolio.
- Other supporting documents pertinent to the review.

G. Goals

A statement of the candidate’s goals and plans for involvement and development over the next six years. This statement should be uploaded to the Goals and Plans section of the Interfolio RPT case.

Organizing the portfolio

While much of the organization of the portfolio is provided by the structure of the Interfolio portfolio, it remains the responsibility of the candidate to organize materials within Interfolio for effective review. In the applicant letter and other narrative statements, the applicant is encouraged to guide the reviewer’s review of the portfolio, directing them to its various sections and documents as these create the applicant’s case for tenure.
In each year when persons request consideration for tenure, the department chair, in consultation with the candidate and dean, shall appoint a departmental personnel committee consisting of no fewer than five tenured faculty members. The department chair shall name one member of the committee as chair. Committee members will be provided appropriate access to application materials within Interfolio.

The department chair, in consultation with the candidate and dean, may appoint an interdepartmental committee if there are insufficient qualified faculty members within a department to constitute a committee of the required size, or if for other reasons it is desirable to the candidate to have extra-departmental representation. A majority of the members of this committee should, whenever possible, be members of the candidate’s home department. The department chair shall name one member of the committee as chair, preferably a member from the candidate’s home department.

Ideally, faculty who are serving on the CAS Personnel Advisory Committee or the University Personnel Advisory committee should not also serve on a department level personnel committee whenever possible. Faculty members who are serving on the University Personnel Advisory Committee should seek guidance from the Division of Academic Affairs before accepting appointment to a department-level committee. Faculty members may not serve on the University Personnel Advisory Committee and the CAS Personnel Advisory Committee simultaneously.

Faculty members invited to serve on any personnel review or advisory committee at any level may recuse themselves if they have reason to believe they cannot objectively evaluate a candidate’s application.

If a department chair is to be considered for tenure in his or her capacity as a faculty member, the dean, in consultation with the candidate and the chair of the Arts & Sciences Personnel Advisory Committee, shall appoint a special committee to consider the case. This committee shall meet the number and eligibility requirements stated above and shall ordinarily include at least one member (if eligible) from within the department. At least one member will be another department chair in the College of Arts & Sciences. Additional members shall be from outside the department. One member of the committee shall be named chair by the dean when the appointments are made. This committee shall make its recommendation directly to the Arts & Sciences Personnel Advisory Committee and the dean. The dean fulfills the role of the department chair as described in the procedures below.
1. The committee shall consider all materials submitted by the candidate and any reference letters solicited by the candidate. However, neither the candidate nor any other individual may appear in person before the committee.

2. Individual members of the committee should not seek or receive information beyond what is contained in the portfolio. Committee members with relevant disciplinary knowledge (i.e. disciplinary norms, selectivity of a journal, prestige of a conference presentation, competitive nature of an award) may use and share this knowledge in the evaluation of a candidate. Requests for clarification or additional information shall be made by the chair of the departmental committee to the department chair. The department chair, in turn, will forward the request to the candidate via email. The candidate shall respond to the department chair with copies to the Dean’s and Provost’s office. The Provost office will then unlock the Interfolio RPT case to enable the addition of relevant materials by the candidate.

3. No minutes of transactions or deliberations of the committee shall be kept.

4. The committee in its formal deliberations shall sit alone without the department chair present. The committee may meet with the department chair to present the results of its deliberations.

5. All deliberations of the committee shall be confidential and shall not be revealed to the candidate under consideration or to other outside agents except those persons who later participate in the evaluation process.

6. The committee shall evaluate the candidate in accordance with the criteria in this document, in the College of Arts & Sciences Roles Alignment Statements, the Faculty Roles document, and in the general regulations for tenure provided by Academic Affairs.

7. The committee shall review all materials and after deliberation, make a recommendation for or against tenure of the candidate under consideration. A positive recommendation requires a majority vote.

8. After making its decision, the committee shall make a written recommendation explaining in detail the reasons for recommending for or against tenure. The written report must contain an analysis of the extent to which the candidate’s scholarly activity complies with the College’s alignment statement on Scholarly Activity, including a count by Priority Level. In addition, the report must contain a description of how the candidate meets the other criteria for tenure as described in the College’s other alignment statements.
   - The committee’s response must include a clear statement indicating the recommendation and must highlight pertinent information or clarification for subsequent review bodies.
   - When the decision of the committee is not unanimous, the report should indicate the areas of disagreement. If a single report cannot adequately represent the evaluation of
all committee members, a minority report must be submitted along with the primary report.

- All committee members must sign either the primary report or minority report.
- The committee’s report/s are to be uploaded to Interfolio RPT.

**Actions of the department chair**

When the department chair receives a report from a departmental committee, they shall add to the Interfolio RPT dossier their independent judgment for or against tenure of the candidate. No additions to the portfolio can take place after completion of the departmental review.

**Actions of the Arts & Sciences Personnel Advisory Committee**

After the department chair has added their statement to the Interfolio RPT dossier, the Arts & Sciences Personnel Advisory Committee shall meet to consider all candidates submitted by chairs as well as those coming from special committees. This committee shall then follow the general procedures specified above, except for making reports via Interfolio RPT to the dean instead of to the department chair. The committee recommendation can refer to previous recommendations and documents from the department committee and chair.

In cases where a personal or professional relationship precludes a fair evaluation of a candidate, an Arts & Sciences Personnel Advisory Committee member may recuse himself/herself from the deliberation of a candidate. This decision should be made in consultation with the dean.

**Unit letter review by applicant and Actions of the Dean**

As specified by Winthrop’s policy on tenure, the applicant may review the unit committee (Arts & Science Personnel Advisory Committee) recommendation, to include any minority report (both redacted of voting numbers and signatures). The applicant who wishes to submit a response to the unit recommendation must notify the dean within two (2) business days of receipt of the unit recommendation and has six (6) business days from receipt of the recommendation to submit said response. A response letter is not to exceed 1000 words in length. This response letter will be uploaded by the candidate to Interfolio RPT case.

After receiving recommendations from the departmental committee, the chair (if applicable), and the Arts & Sciences Personnel Advisory Committee, and after receipt of any applicant letter in response to the unit committee’s recommendation, the dean shall formulate an independent judgment for or against tenure of the candidate that is uploaded to Interfolio, and shall upload a memo to the dossier indicating the reasons for the recommendation.

In accordance with the procedures specified in the policy repository, all materials are then submitted by the dean’s office via Interfolio to the Division of Academic Affairs by the deadlines established in the timeline, regardless of level of support.
Confidentiality of the review process

During the period of consideration of a faculty member for tenure, all actions and recommendations of the various committees, the department chair, and the dean will be held in complete confidence, except as noted above.

Notification of final decision

Once the process of review has been completed at the institutional level, the dean will share the final decision as well as the dean’s own recommendation with the faculty member and with the department chair. The recommendations of the departmental committee, the department chair, and the Arts & Sciences Personnel Advisory Committee will also be shared with the candidate at this time.

- Revised September, 2020
