

Winthrop University SEA-PHAGES (203R) Course Application

Name: _____
Address: _____
City: _____
State: _____ Zip: _____
Email: _____
Telephone: _____

SAT Score: _____
And/or ACT Score: _____

Note

BIOL203(R) lab will be taken in your first semester as a freshman and will be a co-requisite with BIOL204 lecture. The Sea-Phage lab is an alternate to the regular introductory Biology lab course (203). You will be expected to commit to the second half of this yearlong course in the subsequent Spring semester of your freshman year (course: BIOL271). The lab fee of \$150 includes the lab manuals. There will be no additional lab fee for the Bioinformatics (BIOL271) course.
