*Environmental Sciences majors automatically satisfy the Technology, Intensive Writing, Quantitative Skills, and Natural Science requirements for General Education. The Constitution requirement, as well as Global, Historical, and Social Science Perspectives may be fully met in the major; and the Humanities/Arts area may be partially met within the major's environmental electives.*

*\* While either course or course-sequence listed fulfills the requirement, those marked with an asterisk are recommended for Environmental Sciences majors.*

*† Environmental Science majors are required to take 8-13 hours of Science or Math electives, in addition to the Quantitative Skills and Natural Science requirements of General Education.*

*Total: 121-26 credit hours earned.*
