In order to receive the access code to the 173 Bancroft Computer Lab, you must provide the information asked for on this form, have it signed by Dr. Costner or Dr. Pullano, and return it to Ms. Crowley in the Mathematics Department Office 142 Bancroft.

Signing this form and being allowed access to 173 Bancroft means you agree to the following stipulations:

1. You will not allow any person other than yourself into 173 Bancroft.
2. You will not distribute the access code to any other person.
3. You are responsible for making sure the door is closed and locked when you leave. If more than one person is using the room, it becomes the responsibility of the last person leaving the room to make sure the door is closed and locked.
4. You are currently enrolled in or have completed MATH 202.
6. Since custodians do not regularly enter 173 Bancroft, it is your responsibility to keep the room clean. Dispose of all trash appropriately. Any food items should be placed in the hall garbage can by the couches and not in the garbage can in 173 Bancroft.
7. You understand that any violation of any of these stipulations by any person with access to 173 Bancroft may result in any or all persons being denied access for a period of time determined by the Mathematics Department.
