

CAMPUS FRANCE USA

is a service provided by the French Embassy in the United States to promote the French higher education system to students and education stakeholders in the United States. Our organization provides information to institutions and students (American citizens and non-citizens studying and/or living in the United States) who wish to pursue academic projects at an institution of higher education in France for a period longer than three months. Students can either participate in a study abroad program for a semester or an academic year, or earn a full degree at a French university.

Students who plan to pursue an academic program in France for over 3 months must complete the Campus France application and obtain student visas before their departure.

Campus France USA is here to help students throughout their application process to a program in France. Our team will process applications before students apply for a visa.
