

OPEN YOUR MIND TO IMMERSION

NEW SUMMER 2018 : TEACHER IMMERSION PROGRAM
FRANCE 2018

IRONS DE PARIS

Since 1976, VIE has helped teachers provide transformative experiences in France for their students.

“This trip helped me feel as if I was a true French citizen by immersing me into their daily life and culture. I will never forget this experience and the lessons I learned for as long as I live.”

Zechariah, traveling student

Pourquoi Vistas In Education est unique :

1 VIE's year-round offices in Paris and Minneapolis offer unparalleled service. We will help you with planning and making sure your trip runs smoothly from the time we meet you in France until your return.

2 VIE's commitment to clear, upfront pricing provides worry-free travel for teachers, students and parents. Excellent food and accommodations, flights on major airlines, liability coverage and medical insurance are all included.

3 VIE's signature family stay program gives students the option of living with a French family. They will be living, eating, speaking and breathing French! Being immersed in the French way of life, students gain increased fluency, cross-cultural awareness and become *amis pour la VIE*.

A votre service!

Every teacher has a wish list and most groups have a budget.

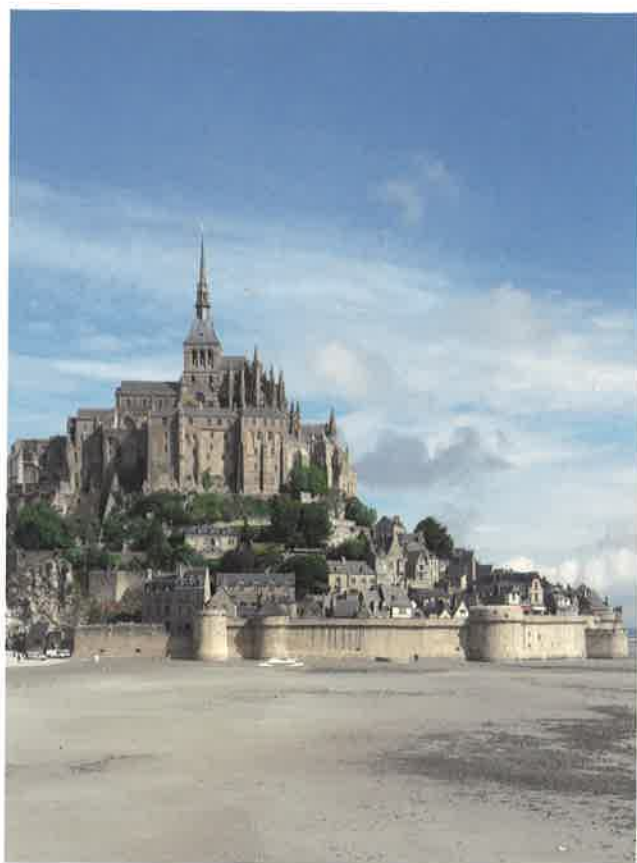

Unlike companies who offer only fixed travel packages, VIE will work with you to develop an itinerary that meets your preferences.

We have the experience and network to help you explore destinations throughout France, both on and off the beaten track.

Early Registration BONUS

Travelers who sign up before June 15th get a free Eiffel Tower dinner and a \$100 discount on their trip! Your Teacher Travel Grant is also higher with more early registrants.

*“Partage, découverte et amitié.
Une excellente expérience,
à refaire !”*
