

Winthrop University
edTPA Analysis
2020 Fall - 2021 Spring

Winthrop's teacher candidates continue to perform well on the edTPA assessment. Slight decreases in average rubric scores and pass rates were noted and not surprising due to the impact of COVID on course delivery and field experiences. Examination of rubric level data for the most recent comparable information indicates Winthrop candidates performing (when considering all attempts) close to, if not above, national means. Data are shared by program annually and reviewed.
