

edTPA Summary for 2019-2020

Winthrop's teacher candidates continue to perform well on the edTPA assessment. For the first time two candidates did not resubmit the assessment immediately and therefore are still indicated as not passed. Due to the COVID-19 Pandemic the state provided a one-year extension on all certification requirements.

Examination of rubric level data show that Winthrop candidates perform (when considering all attempts) at or above the national mean with the exception of Rubric 4. Data are shared by program annually and reviewed. EPP discussions will resume in 2021-2022 as the institutions moves beyond the pandemic limitations and 3 years of new data are available since the previous CAEP review.
