- C. We are planning focus groups to discuss and we’d love feedback.
- D. Curriculum is under development

III. Early Field Experience Data Analysis

- A. Early field includes ECO200 – sophomore year and 2nd year of MAT

- B. Looking at data from EDCO 200, 201, 202, and SPED 292.
- C. Review data from Fall 2023 and we ask you to take notes on:
 1. What do you notice in the data?
 2. How does this data compare to what you all saw in the field?
- D. [Discussion](#) - Breakout Rooms by schools
- E. https://drive.google.com/drive/folders/1bnWsZagErelBamjkl49utr3g3p66394V?usp=share_link
 1. Clausen – Less meeting of expectations like dress codes – less professionalism as they become seniors.
 2. Kelly Costner – Middle Level – large group – It used to be data was “exceeds” all the time. For me this was progress not to have that. No opposition to the way the data fell out. No one was opposed to what they were seeing there. I don’t think there is a difference in the teacher candidates. I think it’s a difference in the interpretation of this instrument. 4.0 training we’ve had – small # of people are at that highest.

IV. Early Field Experience Rubric Content Validity

- A. [Discussion](#) - Breakout Rooms by EDCO 200, EDCO 201, EDCO 202
- B. <https://docs.google.com/document/d/1atkMOUggHkc0je6mdFKzZ3yqhqkYo6eirENfKfjrFPs/edit?pli=1>
