What is Student Allocations?

All applications for funding must be completed through Eagle Engage. A complete packet must include supporting documentation, or it will not be considered by the committee. Please read the guidelines below thoroughly before submitting your organization's request. If there is anything that is unclear, please stop by the Department of Student Engagement in 269 DiGiorgio Campus Center or email studentallocations@winthrop.edu for clarification.

- You must have an approved packet at least 30 days prior to your travel/conference registrations needs. This timeframe is necessary for booking hotels, travel, registration, etc. for major events.
- It is recommended to have your approved packet at least 2 weeks prior to your event to allow for ample time to purchase items (i.e. delivery time/pick up time). This timeline is for general Wal-Mart, Amazon, Target, etc. orders that may be able to be purchased within the 2-week window.

Purpose

The purpose of the Student Allocations Committee (SAC) is to assist Winthrop's student organizations to sponsor programs and conferences beneficial to the entire student body.

Who We Are

The Student Allocations Committee (SAC) is a university committee of five students who are appointed by the Student Government Association (SGA). The committee is chaired by the SGA Vice President with the assistance of the SAC Administrator, who is interviewed and hired by the Department of Student Engagement. Two students on the committee are appointed representatives from SGA (including the SAC Administrator), while the other two members are selected from general student applicants across the university.

Paths to Funding

There are two paths in which the Student Allocations Committee provides funding assistance to student organizations.

1. Hatch Fund

- a. Each student organization has access to a \$100 Hatch Fund.
- b. Typically for smaller items for purchase. Can be used for:
 - i. Printing Costs

- ii. Marketing Materials Promotional Items
 - iii. Small size online orders (i.e. Wal-Mart Pick-up, Amazon Business, etc.)
- c. Must complete the online Hatch Fund Request Form.
 - i. Completing this form communicates your request directly to the SAC Administrator.
 - ii. No interview is required. However, you may be asked to schedule a Purchase Meeting with the SAC Administrator to review purchase details.

2. General Allocations

- a. Generally for purchase more than \$100
- b. Used for larger events and collaborative programming
- c. Travel for workshops, conferences, and leadership development opportunities
- d. Catering or dining services
- e. Must complete the [Student Allocation Request Packet](#)
- f. Application is reviewed by the Student Allocations Committee
- g. You'll be invited to SAC Interview to share more about your request

Eligibility

To be eligible to apply for SAC funding, student organizations must:

1. Be officially registered with the Department of Student Engagement and in good standing with the University
2. Have attended a Student Allocations Training session in the current academic year

What Will Student Allocations Fund?

Club Sports

Due to the nature of a club sport, SAC will allocate funds toward each organization's operational expenses. SAC funds may be allocated if the purchased items are intending to always stay within the Club's inventory (non-personalized items). SAC funds may not be used for items that do not have a direct correlation to the club's mission and/or sport. A single club sport can receive no more than a total of \$3000 for all operational expenses (competitions/events/uniforms/equipment) for the fiscal/academic year.

All other parameters and potential expenses (ie: food, decorations/event supplies, printing, etc.) will fall under the SAC guidelines for all student organizations.

Examples of items that may be funded are as follows:

1. Fees (Tournament Registration, Officials' Payments, League, etc.)

- a. SAC may allocate up to \$500 in registration costs for a club sport per competition/event, or up to \$50 per person in the organization, whichever is less.

2. Lodging accommodation

- a. SAC may allocate \$150 per night per room toward lodging for a maximum of four days. Hotels are reimbursement only.

3. Uniforms and equipment (non-personalized)

- a. SAC may allocate up to \$1000 per organization for non-personalized uniforms and equipment.

4. Travel – Air

- a. SAC may allocate funds for up to 4 people at \$300 round-trip per person.

5. Travel – Gas/Mileage (per mile)

- a. SAC may reimburse gas purchased, with original receipts, up to \$0.35/mile (maximum of 500 miles, round trip, per vehicle, per trip).
- b. Students must come to the Department of Student Engagement prior to the trip to fill out travel authorization paperwork and discuss how to be reimbursed.

6. Travel – Car Rental

- a. SAC may allocate up to \$150 per day for a maximum of four nights for each rental of a car or 7-passenger van.
- b. Travel Authorization, Reimbursement, and Emergency Contact forms **MUST** be completed by the traveler(s) at least one week before the event date.

For reimbursements

- 1. All reimbursements must be prior approved by the SAC Committee.
- 2. Receipts and documentation must be submitted 5 days upon return.

Purchases that will not be funded for Club Sports are:

- 1. Club t-shirts or shoes
- 2. Personalized uniforms and/or equipment
- 3. Supplies for fundraising events

Singular Organization Programs On-Campus

SAC may fund events (i.e. speakers, forums, conferences, workshops, and social events) brought to Winthrop University for the benefit of all students. These functions must be

publicized, free, and open to all students. Events and activities supported in part by SAC funds need not and should avoid controversial, political, religious and/or ideological content. All SAC decisions are made from a neutral view-point.

A. Speakers/Contract Services

- a. SAC may fund up to \$500 for professional services for the cost of any speaker or performer paid to facilitate a program by an organization. All fees must be calculated as one lump sum and included in a Contract for Professional Services. All speakers or performers are required to complete a Contract for Professional Services before the scheduled performance in order to receive compensation. This must have prior approval from the SAC Committee. Contact the Department of Student Engagement for assistance on contract procedures. **The contract must be completed a minimum of three weeks before the event in order to process payment.**
 - i. Original signatures are required to be turned in to receive full funding. You must bring contact information for the person receiving compensation to DIGS 269, so that the Department of Student Engagement can send them the contract.

B. Movies

- a. Funding up to \$500 may be granted for the cost of a public viewing license.

C. Equipment Rental

- a. SAC will only fund the rental of equipment if it cannot be borrowed from the Winthrop Audio/Visual or Facilities Management departments
- b. SAC will not fund the purchase of equipment. SAC has purchased equipment that is available or all student groups to check out from the DiGS Information Services Desk

D. Food/Refreshments

- a. SAC may fund up to \$200 for light refreshments, snacks, or appetizers if used to enhance an event. An estimated number of attendees must be included on the Event Worksheet.
- b. SAC may fund up to \$800 for complete meals through Chartwells, only if the meal is deemed necessary by the committee for the event's success.
- c. Catering requests must be turned and approved by SAC a minimum of 2 weeks prior to the event.
- d. Chartwells catering allocates a select amount each academic year separate from the overall allocations budget. These funds are administered by Student Allocations Committee to events that are open and free to the entire student body.

E. Decorations/Event Supplies

- a. SAC may fund up to \$75 for decorations/event supplies and has the right to request they be turned into the office after the event for probable future uses by other organizations.

F. Printing

- a. SAC may fund up to \$50 for printing that must be used for event-specific purposes only (i.e. programs, flyers, or handbills).

G. Security

- a. SAC may provide funding for security officers at events required to have security. The total number of officers is to be determined by campus police and the Department of Student Engagement.

Collaborative Programs On-Campus

The Student Allocations Committee encourages student organizations to collaborate with one another to bring in free, entertaining, and informative programming to campus. The primary purpose of this funding is to increase the number of educational lectures and late-night and weekend programming on campus which are open to all students. Events or activities sponsored by more than one organization (especially by organizations that have not traditionally worked together) are eligible to request funds for their event.

***Each sponsoring organization must identify its roles and responsibilities for the event as a co-sponsor, but turn in the requests within one packet. We request representatives from each sponsoring group be present for the SAC interviews. ***

A. Speakers/Contract Services

- a. In the case of multiple student organizations collaborating, SAC may fund up to \$900 for professional services for the cost of any speaker or performer paid to facilitate a program. All fees must be calculated as one lump sum and included in a Contract for Professional Services. All speakers or performers are required to complete a Contract for Professional Services before the scheduled performance in order to receive compensation. Contact the Department of Student Engagement on contract procedures.
The contract must be completed a minimum of three weeks before the event in order to process payment.
 - i. Original signatures are required to be turned in to receive full funding. You must bring contact information for the person receiving compensation to DIGS 269, so that the Department of Student Engagement can send them the contract.

B. Programming

- a. Student organizations that collaborate to sponsor creative, non-alcoholic social events late at night on the weekends are eligible to request SAC funding. While SAC anticipates the average funding request for an event to be \$800, we will consider requests smaller and larger than this amount.
- b. Event requirements
 - i. Open to all Winthrop students
 - ii. Non-alcoholic social programming alternatives
 - iii. Held on-campus

Other Expenses

- a. SAC is granting each re-registered organization \$75 to use the academic year for operational expenses (e.g. printing, postage, food/refreshments, and office supplies).

H. Graduating Seniors and Graduate Students

Accessing Your Funds

There are several methods to access your funding that your organization has been awarded. These methods include reimbursements, pre-paid with university procurement card, or completing a Contract for Professional Services form.

Once an organization has been notified that they have received funding, an organization representative **MUST** make an appointment with the Department of Student Engagement in DiGs 269 to discuss how to access the funds. Email studentallocations@winthrop.edu. No funds will be allocated unless the organization has had this appointment.

The Department of Student Engagement cannot issue its own checks. Money will only be accessed after the proper paperwork has been filled out and submitted by our office to the proper department.

Organizations must make their purchases within 2 weeks of their notification of approval for student allocation funding. If the purchase is not made within the 2-week period, the approved allocated funds will not be honored. The money will no longer be available to the organization and will be reallocated for new projects.

All funds being utilized for events outside of the Fall and Spring semesters must be completed by the last day of class of the semester prior to the event.

A. Pre-Paying Expenses

- a. Make an appointment with the Department of Student Engagement by emailing studentallocations@winthrop.edu.
- b. Be sure to bring all documentation needed.

B. Reimbursement

- a. The person that paid the reimbursable expense for the organization must bring an original, itemized receipt to DIGS 269 to start the reimbursement process. An itemized receipt is one which lists ALL items purchased and the total amount spent. All funding will be reimbursed to students only, no advisors.
- b. Advisors cannot prepay with department or personal funds and expect to be reimbursed with student allocations funding.**
- c. The Student Allocations Committee must approve events before the event date for eligible reimbursements. After the approved event has occurred and the funding has been spent according to the SAC approved Event Worksheet, the organization must bring itemized, original receipts to DiGs 269 to start this process. Your request will be processed and sent to the proper department. We DO NOT issue checks or cash from DiGs 269.
- d. While the reimbursement process begins in DiGs 269, the Accounts Payable Department is responsible for issuing the organization's check and will not do so without an itemized receipt. Therefore, an original, itemized receipt is especially important. You can expect your check to be direct deposited or mailed in approximately 12-14 working days to the address you provide on the documentation.
- e. Organizations are encouraged to begin the reimbursement process immediately following their event. If an organization goes beyond the 2 week

time period after the event has occurred, they will NOT be reimbursed. Allocated money will go back to the main account and the organization will NOT be reimbursed.

The Appeal Process

1. Revise and resubmit the original funding request within five business days of notice to DiGs 269. With a letter stating why the organization is appealing the decision must accompany one's appeal.
2. Upon receipt of the appeal, the SAC Chair will coordinate a meeting with the organization's representative, SGA President, SAC Administrator, the Assistant Director for Student Organizations and Leadership and the AVP for Student Engagement to discuss the appeal. This meeting will take place within one week of submitting the appeal. The Student Body President and Student Body Vice President each have one vote. The Dean of Students will serve as the tiebreaker if necessary.
3. A decision will be provided to the organization within two business days of the meeting.
4. The decision of the appeal committee is FINAL.
