

2020-2021 COE Scholarship Interests

Name	1st Interest	2nd Interest	3rd Interest	4th Interest	Interested in Undergraduate Student Research?
Androzzi, Jared	Childhood obesity prevention/treatment	Cross-Disciplinary Education	Assessment & Accreditation	Teacher education programs	Yes
Armstrong, Abbigail	Motivating at-risk students	Rigor in Education	Literacy(content area reading, writing, speaking)	resilience in the classroom or school	
Arter, Patricia	Transition to work for students with ASD	UDL, Access through technology, virtual reality	creating access for marginalized populations	social emotional regulation and social skills for students with ASD	Yes
Barger, Bettie Parsons	children's literature	digital literacy	literacy across the curriculum	teacher education impact	Yes
Bossi, Jennifer	female physiology	distance running performance	using strength training for injury prevention		Yes
Boyd, Joni	strength & conditioning in athletes; physical and mental	health behaviors in college students	coaching / leadership / sport psychology / behaviors in sport	health and fitness behaviors in relation to religion	Yes
Burnham, Tammy	Student at-risk populations	Teacher development & supervision	Service-learning	Reflective practice	Yes
Catalana, Sarah Marie	Promoting critical reflection (emphasis on deficit to dynamic perspective)	Perspectives toward gifted students (emphasis on deficit to dynamic perspective)	Creativity	Impact of study abroad on cultural perspectives	Yes
Cava-Tadik, Yasemin	Mental health and well-being among immigrant families	Family/Marital/couple relationships	First time parents/Father involvement	Cultural adaptation of immigrant/refugee families	Yes
Chung, Jason	Online Consumer Behavior & Sport Marketing	Online Message Interpretation in Sport Marketing	New Technology Adoption Process	Sport Experience as Participant and Spectator	Yes
Costner, Kelly	teacher development in terms of working with ELs	coteaching, mentoring, coaching	professional development schools and school/university partnerships	STEM teacher recruitment, development, retention, and leadership	Yes, but currently access is limited
Cox, Richard	Interdisciplinary/Transdisciplinary integrated learning (specifically STEAM, the Arts, and empathy)	Imaginative Learning in early childhood/elementary science and mathematics	Emancipatory elementary science and mathematics education	Professional development, school/university partnership, cognitive coaching	Yes!
Dotterer, Dennis	Use of video-based feedback systems to support instructional coaching/supervision	STEM/Steam implementaiton - both at the teacher and school level	School Culture	Leadership/Shared Leadership models	
Drane, Dan	youth sport	sport consumer behavior	service-learning	cultural adaptation	
Edwards, Adrienne	parenting/family processes in families of color	Intersectional developmental science	feminist family science	Qualitative research methodologies	Yes
Fisher, Larry	antecedent based interventions for addressing challenging behaviors	Teacher evaluation systems for teachers of students with severe disabilities	Training and supporting paraeducators in meeting the needs of students with disabilities	evidence-based practices for students with ASD and/or ID	Yes
Gdovin, Jacob	Sport biomechanics	Strength and conditioning in athletes	Balance	Gait	
Glover, Crystal	Culturally responsive and sustaining pedagogy/anti-racist curriculum in early childhood teacher education	Cultural bias in instructional materials and assessment for young learners	Preparing preservice teachers to work with traditionally marginalized populations including: emerging bi/multi-lingual, immigrant, low-wealth, children of color	Retention of preservice/practicing teachers of color, first gen, low wealth	Yes
Hamel, Erin	Culturally relevant pedagogy/culturally responsive teaching in early childhood settings	Pre-service teacher preparation for working with diverse families and students	Critical literacy in early childhood education	Home and community literacies; multiple literacies	Yes
Harris, Lisa	teaching with technology in K-12 classrooms	technology integration in teaching of pre-service and first/ second year teachers	development of valid course evaluation instruments	teacher action research	

Helf, Shawanna	instructional design	early intervention	schoolwide models for reading		Yes
Johnson, Brie	Writer's Workshop	Teacher and Student Advocacy	Technology and literacy	Pre-service teacher literacy prep	
Johnson, Lisa	School-university Partnerships	Teacher Education (policy and practice)			
Jones, Marshall	Online learning. Policies, instructional strategies and ancillary issues and instructional design.	Emerging technologies and their impact on teaching and learning	Education policy and the politics of education. One to one computing initiatives, vouchers for education, national policies	International issues. Policy. Equity. Emerging technologies in developing countries.	
Keath, Adam	classroom based physical activity interventions.	Physical education teachers use of technology.	Physical education teachers professional dispositions. - Specifically the impact of professional advocacy on professional dispositions.	Family based physical activity interventions.	Yes
Lopuch, Jeremy	Data-based decision making	multitiered systems of support	curriculum-based measurement; concept maps	supporting educators to use data-based decision making to inform instruction	Yes
Martin, Stacy	Culturally responsive pedagogy in teacher education	Preparing middle school pre-service teachers to work with culturally diverse students and families	Adolescent development and preparing preservice teachers to work with adolescent students		Yes
McCoy, Lauren	Sexual assault and institutional liability in intercollegiate athletics	Social media privacy rights for athletes	Athlete's rights for social advocacy	Teaching sport law to non-lawyers	
Ming, Kevin	multisensory teaching of early literacy skills	strategies to support content area instruction across the disciplines	developing the literacy skills of at-risk student populations	effective implementation of culturally responsive pedagogy in the classroom	
Mize, Minnie	Technology-based interventions for struggling learners	Perspectives of pre-service teachers toward inclusion	Reading strategies for struggling readers	Trends and issues with technology in special education	Yes
Mustian, April	Implicit bias and its impacts on school outcomes for marginalized student populations	Rerouting the school-to-prison nexus via culturally relevant pedagogy	Special educators' CRT (Culturally Responsive Teaching) self-efficacy	Equitable literacy and behavioral interventions for culturally and linguistically diverse children with high-incidence dis/abilities	Yes
Powell, Tenisha	Culturally responsive pedagogy in early childhood teacher education	Developmentally appropriate practice in science instruction	Early intervention	Working with diverse families	Yes
Rakestraw, Jennie	teacher education transformation processes/results	impact of university-school partnerships	continuous program improvement and assessment	global learning for teachers/leaders and international educational partnerships	
Schary, David	Exploring the intersections between technology, fitness, and performance				Yes
Schneider, Elke	explicit multisens. literacy instruction	ELs: reading, writing, content area vocab	literacy for at-risk natives and ELs	foreign/second language & learning disabilities	
Schramm-Possinger, Megan	Educational Assessment; Student Retention; Predictive Analytics; Research Methodology; Institutional Effectiveness	What does it mean to have an academic work ethic, and how do we support at-risk learners in higher education?	Data Literacy among in and pre-service teachers- measuring it, cultivating it, assessing the efficacy of doing so	Data analytic methods for addressing accreditation standards	
Sigmon, Miranda	interconnectedness of literacy components	content-area literacy	authentic literacy experiences and aesthetic approach/stance to reading /learning	student motivation	
Stapleton, Joy	Innovative data drive curriculum revision	edTPA	Coteaching	Internship experiences during COVID	
Steinberg, Mary Anne	Adolescent struggling readers	technology & literacy	supporting struggling college students (& college student-athletes)	science of reading	
Strange, Anthony	Transitions from various levels of Education (K-20)	Counseling across cultures	Effective Communication using technology	Career Development	

Vawter, David	TPR and Kinesthetic Learning	Differentiation	Classroom management, time and Instruction	Motivation and stations	Yes
White, Tammy	Gifted & Talented, specifically grouping strategies	School leadership in elementary and middle	Leadership tenure for all levels of the principalship	School culture at elementary, middle, and high	
Wojcik, Janet	policies, systems, and environments in healthy eating and physical activity; bikeability/walkability	Active transportation, climate change and health	Exercise training, physical activity for healthy but non-athletic adults and persons with chronic diseases	professional development, graduate programs, careers in exercise science, EXSC pedagogy	Yes
Yearta, Lindsay	Digital Literacies	Using technology in the P12 classroom	Critical Literacy		Yes
