MISSION STATEMENT

The M.F.A. in Studio Art program at Winthrop University develops and nurtures the artist’s voice. Winthrop’s Department of Fine Arts engages artists who can navigate ideas of the contemporary world. The M.F.A. in Studio Art program demands focused research in traditional, interdisciplinary or emerging practices in visual and conceptual art.

The Master of Fine Arts program at Winthrop University provides a supportive environment for highly-motivated students, who are intent on advanced, independent studies in their field. As an educational setting, the department provides a critical dialogue from instructors who espouse a broad outlook and represent varied points of view. Students are selected for their creative and intellectual involvement, their creative promise, and their ability to share in the learning process with both their peers and the faculty. They are expected to have already begun to develop an independent and mature direction in their work before beginning the program.

It is the expectation of the Department of Fine Arts that the graduate shall exhibit professional studio competence; organize, evaluate, and interpret knowledge; possess the ability to address, explore, and resolve pertinent issues; and continue a demonstrated commitment to the visual arts.

Creative thinking, the kind that fuels innovation, is now the world’s most valued commodity. – Institute for Emerging Issues

creativity + community + collaboration
Message from the Chair

Dear Graduate Students:

To both our continuing and new students, we extend to you a genuine welcome to the Department of Fine Arts. We hope and expect that your graduate experience in the department will be challenging and rewarding.

The Master of Fine Arts in Studio Art degree is considered the highest level of professional competence in the visual arts. Though the faculty and students at Winthrop strive to be life-long learners and makers, the MFA is regarded as an indication that the recipient has achieved a milestone through the awarding of this terminal degree.

The MFA program at Winthrop University is comprehensive. It is also about the development of a creative voice. In the 21st century, artists’ ideas and media are diverse and expansive. We acknowledge this way of thinking at Winthrop.

The graduate program in fine arts brings together faculty and graduate students as a community of artists, designers and learners with a common interest in creative work and advanced study. The close proximity of graduate student and faculty studios encourages a sense of shared endeavor, mutual exploration, and sustains a dialogue regarding artistic understanding, technique and experience.

We trust that you will become an active member of the graduate studies community in art and design and look forward to working with you.

For the Faculty,

Tom Stanley, Chair

**Documented exhibition is required of every candidate for the M.F.A. degree in Studio Art.

IV. **ADMISSIONS REQUIREMENTS**

For admission to the graduate program, the applicant must meet the general requirements for admission to graduate study at Winthrop University. To learn more, please go to [http://www.winthrop.edu/graduate-studies/](http://www.winthrop.edu/graduate-studies/)

Applicants must also meet the requirements of the M.F.A. program as follows:

- Have an overall undergraduate grade-point average of 3.0 or better on 4.0 scale;
- Submit a written statement of purpose reflective of your creative goals in the intended major and minor areas of study. The statement should indicate how the applicant envisions his or her work developing and why it is important to pursue a graduate degree.
- Submit a resume;
- Have three original letters of recommendation submitted directly from art and design professionals; and
- Submit one CD/DVD containing up to 20 digital images, saved in jpeg format and named using the following convention: “lastname_01.jpg”. Images should be optimized for screen media (72 dpi) and be no larger than 2 MG each. Please also provide a corresponding printed image checklist consisting of titles, date, medium, description and small thumbnail for each work included in the portfolio. A limited number of graduate assistantships and other awards are available for qualified applicants.

V. **FACILITIES**

Unless otherwise noted by discipline based areas or safety regulations, all MFA graduate students have twenty-four hour access, seven days each week, to the Department of Fine Arts facilities in both Rutledge and McLaurin buildings.

Individual graduate studios are housed in McLaurin Hall. However, access to the Rutledge building at
night or weekends will require activation of the student’s current Winthrop I.D. This can be done in the departmental office, 304 McLaurin. I.D. entrances are located on the ground floor on the Stewart Avenue side of Rutledge building and via the elevator at the rear of the building.

VI. GRADUATE STUDIOS
As available, the department provides studios for regularly admitted, degree-seeking, fulltime (up to 6 hours) graduate students. The graduate advisor allocates the individual or shared studios. All arrangements regarding keys must be carried out through the chair's office. Students meeting these conditions may occupy the studio for up to three years. If the student is in the final thesis year, and the student does not meet the 6 hour rule, the student must petition the chair and fine arts graduate committee for an exception.

To maintain occupancy of a studio, the student must demonstrate significant use of the space on a regular basis for the making of work, the exhibition of work, discussions of work and critiques. Students will relinquish the studio privilege if they do not demonstrate significant use, if they abuse the space and do not comply with campus regulations, or if they do not maintain a clean working environment.

When a student graduates or completes three years of studio occupancy, he or she must move out of their studio within two weeks of commencement or the end of the semester. Keys must be returned to the chair. The department chair through consultation with the graduate can make exceptions.

VII. STUDENT MAIL
Graduate student mail is kept in the department faculty workroom. The key issued for the studio will also provide access to McLaurin outside doors and the faculty workroom. Each graduate student has a mailbox in the department faculty workroom.

Graduate students are furnished email accounts.

VIII. GRADUATE STUDENT FILES
All graduate files are kept in the department office, 305 McLaurin. Should you need access to your file please contact Ms. Carolyn Sumner.

### X. CANDIDACY REQUIREMENTS

The graduate student via the “Application for MFA Candidacy” form initiates candidacy, which is available from the graduate adviser. The application must be made following:

A. Admission to graduate degree status.
B. Successful completion of 9-12 hours in the studio. The courses must have been completed/taken at Winthrop.
C. Minimum 3.0 (B) overall graduate grade point ratio.
D. Certification from the graduate adviser that the applicant has met all departmental requirements for candidacy.
E. Completed Application for MFA Candidacy form. (See attachment.)

Candidacy review is the responsibility of the candidate's Graduate Committee. The candidate's Graduate Committee shall consist of a major professor from the candidate's area of specialization and two other
full-time art and design graduate faculty members. Committee selections are made by the student and must be approved in advance by the major professor and graduate adviser. Both the graduate adviser and the major professor must approve any changes in the committee. If the major professor must be changed, approval of the graduate adviser and the chair of the Department of Fine Arts are required.

The student and the major professor shall establish a time and place for the candidacy review. The student and the student's full Graduate Committee must attend the meeting. The review process is closed to all other parties except with the specific approval of the major professor and the graduate adviser. The invitation of the chair of fine arts might be an example, which would seem appropriate. Invited guests do not have voting privileges.

The student will present work at the review, which accurately represents current development and involvement. The majority of the work must be in the major area of specialization. The student will also present an oral justification of the presented work. Additionally, the students must present a written statement about the work as well as a digital portfolio representing the work reviewed.

The committee will offer an exchange of comments, conversation, and questions to verify the student's qualifications for candidacy. Each committee member will vote on the candidacy request and offer written comments and suggestions on the appropriate form. A majority vote is necessary for acceptance to candidacy for the MFA degree program. In the case of negative vote, the Graduate Committee will make specific recommendations to rectify the situation. This might include outside study, i.e., 400 or 500 level Special Topics courses, which will not count toward the MFA degree.

The graduate adviser will notify the student of the decision by the committee. The student will be notified in writing of the decision within two weeks of the committee's review. A student not receiving MFA candidacy status will be advised as to options to rectify the situation and may submit an Application for MFA Candidacy the following semester. If at anytime, the student is found to be inadequately prepared to continue, candidacy will be suspended. The student may re-apply for candidacy when supplemental program requirements are met. Candidacy may be halted at any time if the student's graduate committee agrees that professional standards are not being met.

XI. THESIS REQUIREMENTS

A thesis project of creative work is required for the MFA degree in art and design, including a written thesis statement that is about the body of investigated work to be presented in a required exhibition. The written (MFA) thesis statement should be between 15 and 20 pages in length, exclusive of images.

A draft of the thesis statement is due to the thesis committee and instructor of ARTS 695 in the September prior to May graduation.

The basic content format of the Thesis Statement should follow this outline:

- Introduction to include
  - Describe what (the subject) you are exploring in your thesis work.
    - Materially
    - Conceptually
    - Spatially
    - Visually
  - Explain how you arrived at this subject of exploration.
  - Clearly state what are the main points you intend to make with the presentation of
Sources: describe artists, writings, philosophies, and personal histories that have affected the way you approach or think about your thesis work. Specific references are required.

- Personal histories are vital, but referenced artists, writings and philosophies are also required in order to help defend or clarify your personal experiences and your work.

Describe how you have gone about exploring the subject of your thesis work: material, process, attitude, construction, technique etc. Specific reference to your illustrated work and sources should be included.

Conclusion restating the main points and how these points are defended by the content outlined above.

It is vital to remember that the creative work is the actual thesis while the written statement is an accurate, well written justification and description of the thesis work that embodies referenced sources and influences. Upon completion and approval of the written thesis statement, the student must pass an oral defense of the presented work. A documented exhibition is required of every candidate for the MFA degree in art and design. The thesis requirement is produced in the context of ARTS 695 and 696, which are normally taken, consecutively, in the last two semesters of the MFA program.

The requirements are:

1. A final exhibition of original creative work and appropriate documentation (i.e. exhibition statement, labels, etc.). The body of work to be exhibited will have been chosen by the student with an understanding of the content by the major professor or the student's Graduate Committee and the proper gallery/exhibition space personnel. (The Department of Fine Arts retains the right to select a work from the student's final exhibition for addition to Winthrop University's permanent art collection.)

2. An oral defense of the exhibited work.

3. A written justification and critical analysis of the student's creative work. This will be known as the thesis statement. The thesis statement will consist of a body of no less than fifteen to twenty pages, appropriately annotated, a minimum of eight digital photographic illustrations that will be part of the written document, properly identified, and a bibliography (when appropriate). Each digital image will be labeled with the title, medium, size and date of execution of the work and the student's name. The thesis statement must be submitted to the major professor, committee and graduate adviser.

4. A pre-publicized public presentation, usually in lecture plus digital image or video format.

In each case the completed and approved thesis statement must:
- Follow a format acceptable to and/or approved by the Graduate Studies Office.
- Follow the time frame for submission and approval as established by the Graduate Council Guidelines found at: [http://www.winthrop.edu/uploadedFiles/graduateschool/applicationforms/ThesisGuidelines.pdf](http://www.winthrop.edu/uploadedFiles/graduateschool/applicationforms/ThesisGuidelines.pdf)
- Be presented in the prescribed numbers to the appropriate party/parties. (It is the responsibility of the student to provide these copies. In the case of on-campus binding, the student will pay the binding fee at the Cashier's Office and take the receipt and copies of the thesis statement to the Graduate Studies Office.)

An oral defense (either of the thesis statement or the work of the final exhibition) will normally occur in
the final semester of degree work, coinciding with enrollment of ARTS 696. It must be aligned to the
time frame established by the Graduate Studies Office for notification of decision passage/failure of
thesis.

Graduate Thesis Committee Selection
The Graduate Thesis Committee will comprise the student's Graduate Committee. The student may request of his/her Graduate Thesis Committee that an appropriate additional voting member be named to the committee.

XII. GRADUATE ASSISTANTSHIPS AND SCHOLARSHIPS
Academic Graduate Assistantships are available in the Department of Fine Arts. Application forms may be obtained from Graduate Studies, 209 Tillman Hall. The completed applications are submitted directly to the Graduate Director in the student's college or school, and to any other department in which the applicant wishes to apply. To access assistantship applications as well as important forms you may require during your time at Winthrop, also go to: http://www.winthrop.edu/graduateschool/forms/

Assistantships are typically based on the needs to the department. Though no teaching assistantships exist, M.F.A. students can be considered for teaching once they have successfully completed at least 18 graduate credit hours at Winthrop toward their M.F.A. and have taken a mentor teaching course in the area of anticipated teaching responsibility.

Full graduate assistantships require 16 hours a week of service (300 hours total each semester) and carry a fee waiver for each semester in which the assistantship is held. The current stipend is $1800 during the regular fall or spring semester. Half assistantships are also under consideration if available. Graduate Assistantships are not generally available during the summer sessions.

Graduate assistantships are awarded to students who are fully admitted without provisions to graduate degree programs. Graduate assistants should not begin working until the Graduate Assistant Employee and the Human Resources Office has approved Wage Agreement Form.

For most graduate assistantship positions, the tuition waiver will cover the tuition charges for a maximum of nine semester hours of course work that is a part of the student's degree program--either required or elective hours. Any tuition charges beyond the 9-hr load, lab fees and other charges, must be paid by the student.

Winthrop Alumni Graduate Scholarships. The Winthrop University Alumni Association allots
limited scholarship funds for graduate study at Winthrop. The recipients are selected on the basis of ability and future promise. Recipients must be fully admitted into a degree program at Winthrop and enrolled full-time (9 hours). They must be enrolled in that program during the semester or semesters for which the award is given. (Future graduate students must have applied for admission to a graduate program in order for their applications to be considered.) These scholarships represent an outright gift and do not require any work responsibilities on the part of the student. Need is not a criterion. Applications for these scholarships may be secured from Graduate Studies, 209 Tillman Hall. Applicants need not be alumni of Winthrop University.

The department chair will appoint the Fine Arts Graduate Admission Committee. Upon receipt of admission packets from Graduate Studies Office, the graduate adviser will pre-screen applicant's materials and alert applicant of missing credentials required to complete the admissions review.

Upon receipt of the evaluation from the graduate director of the College of Visual and Performing Arts, Graduate Studies Office will issue the Graduate Degree admission letter. There are three actions that may be taken by the graduate director:

1. Graduate Degree Status (class=5, action=au)--All official credentials are on file and applicant fully meets admission criteria.

2. Graduate Degree Student Admitted Graduate Non-degree (class=9)--Based on available credentials the Graduate Admissions Committee has determined that the applicant does not currently meet admission criteria for full admission to the MFA degree program. These applicants may have a status of "au" or "ap", depending on whether or not we have official final transcripts.

   Applicants that have numerous prerequisites to be taken at the undergraduate level, or lack some other pertinent credential(s) which will be impossible to obtain within thirty days after registration semester will be admitted graduate non-degree (GN). Upon fulfilling admission requirements determined at the time of evaluation for graduate degree admission, the student will be changed to graduate degree (G) status. A maximum of 12 semester hours of graduate non-degree credit may be applied toward the MFA degree.

   **Procedures to Remove Non-degree Status:**
   A student admitted non-degree status must attain an expected level of proficiency in the deficient area(s) before the Graduate Admissions Committee approves degree status. It may be necessary for the student to take a number of undergraduate hours in a specialized area to remove the non-degree status. The student will request a review through the graduate adviser. The Admissions committee decides by review when the non-degree stipulation can be removed.

3. Inadmissible.

GRADUATE ADMISSIONS COMMITTEE

The chair will appoint each of the Graduate Admission Committee. Each faculty member will be notified of the appointment at least one week in advance of the meeting.

Each Graduate Admission Committee will be comprised of five graduate faculty members including at least one graduate faculty member from the applicant's proposed specialization and one art history faculty member. In the case of general studio at least one graduate faculty member from each of the two major areas will serve on the committee.

If a graduate faculty member is not available in a given discipline, the chair will appoint an appropriate committee member.

The chair and graduate adviser may serve as regular members of a Graduate Admission Committee if appropriate.

The applicant's admission packets will be made available to committee members in a specified, secure private area for individual review. It is the responsibility of the committee member to carefully review each packet to which he has charge, before applicant's request for committee considers admission.

The department chair will designate a committee member to establish a time and meeting place for each committee to conduct its review and vote, well in advance of the deadline specified for notification of verdict to applicant.

Each committee will meet at the specified time and place to review all paperwork and to view images presented. Each committee will choose a chair at this time.

The chair will conduct the review, tally the oral vote on the applicant's request on an Admission Review form, noting the status of applicant (degree status, provisional, non-degree, or inadmissible) and note clearly any stipulations/requirements to be met in the case of non-degree status of any applicant for admission.

Each member will have an equal vote, with a majority vote necessary for admission.

The committee chair to the department chair will surrender the admission packet materials and a completed admission review form of each applicant promptly after the formal review meeting.

The department chair will inform the graduate director and graduate adviser of the committee's decisions.
