Faculty Conference Membership (329) 35% = 115 20% = 66

Next meeting Friday, April 25, 2014 in Barnes Recital Hall (refreshments to follow)
The meeting was commenced by Dr. Bird at 2:00.

I. There was a motion to proceed without a quorum (with 95 members in attendance); it passed.

II. Approval of minutes for August 16, 2013 Faculty Conference

The minutes were approved.

III. Report from the Chair, John Bird

a. The Board of Trustees met in the fall; Dr. Bird was excluded while they discussed the budget but invited back to the session as they discussed amendments to their bylaws.

b. Dr. Bird noted that full committee reports are available online.

IV. Report from the President, Jayne Marie Comstock

a. President Comstock introduced Dr. Danny Nicholson, the new Vice President of Institutional Advancement. Dr. Nicholson, the newest member of Winthrop's leadership team, has thirty years of experience in higher education, and will provide oversight, guidance, and leadership.

b. President Comstock discussed Winthrop's budget process. She noted that there is an administrative effort to organize budget information in ways that will make it easier to understand. She distributed a blank template document to the faculty and emphasized how one needs to understand the budget form before looking at numbers. Dr. Comstock explained the structure and use of the form, pointing out that it provides a new template for Winthrop, but that it is commonly used among university systems. Then, the president brought up the numbers in Winthrop's current budget (planned last year under the former president) on the overhead screen and showed them in the new template.

Greg Oakes: Is there a decrease in non-recurring state appropriations?

President Comstock noted that there is less available this year than before because we spent money on some one-time expenses. State appropriations typically fluctuate based on need. The president noted that 45% of the budget represents academic allocations of funds. She noted that this allocation should be largest portion of university expenses, and the percentage at other universities might be higher than 45%.
Jeff Sinn: What would you do differently?

Dr. Comstock noted that the people who built the current budget did so with the best of intentions and it is currently serving the university; currently her goal is to study it and to determine if "rolling forward" (repeating current expenses and allocations) is the right thing to do. Sometimes new allocations need to be made in order to better fund the mission, but she doesn't know yet what these are.

Kim Daily: Can we get further details about what income streams can be put towards what commitments?

Joe Rusinko: What about Foundation money and spending? Can we learn more about that?

President Comstock noted that further information on those topics can be found online; it is public information. She offered to explain how foundation dollars are invested at a future meeting. Dr. Comstock then explained that Kim Keel is bringing new oversight to the foundation these days and is doing an excellent job. The University is now paying salaries of advancement staff with a fundraising arm that will pay for itself. Winthrop is also designing a plan for how to fix overlapping connections between the university and the foundation by separating the payroll. The president also has plans to use foundation money to generate exciting new student scholarships.

The president then noted that the university does need to build reserves. Winthrop must increase student population; the revenue from tuition can fund raises in pay. One hundred new students could result in a 1% raise. Overall, Winthrop's student population must grow in order to change the budget picture.

V. Report from the Vice President for Academic Affairs/Provost, Debra Boyd

a. Provost Boyd reminded the faculty that exams must be held. Faculty must use exam periods appropriately, as they are important to students' intellectual development. Exams offer students the opportunity to exercise their minds; as Alexander Pope once wrote, "The sign of strength of mind is exercise, not rest."

b. Provost Boyd noted that Winthrop has finally gotten approval from SACS for a BA in individualized studies. This is a special program intended for some of the university's best students who have an idea of a problem they want to solve or an issue they'd like to address, and the university wants to help them design a program of study to address their specific intellectual goals. This option might be especially attractive to honors students. Faculty should contact Marsha Bollinger in order to learn more.

c. Applications are up by 10% thanks to the great work of those in admissions. Criteria have not changed; Winthrop is just looking for more excellent students. Admissions are up by 360 compared to the same time last year; in turn, last Saturday was one of the largest Preview
Days since 2009. The provost thanked the faculty for paying attention to the families that come to campus.

VI. Report on Textbooks and the University Bookstore, Frank Ardioolo and Leann Johnson

   a. Follett gave a presentation of bookstore sales numbers that included a breakdown of sales. Winthrop supports a "healthy" bookstore, but, overall, fewer students are buying from school bookstores. Notably, increased sales means increased scholarships (10% of profits) for students. Faculty were presented with a booknow+ video. The video provided an overview of a soon-to-be-available program that can be used through blackboard. WU will be beta testing the program in February, and it will be available for summer and fall textbook adoptions. Guest speaker Jim Coat, a regional manager from Atlanta, discussed benefits and opportunities that arise with this new system. In the spring, there will be training and practice sessions for faculty.

Greg Oakes: Are all textbooks (anything with an ISBN number) available through this system?

Jim Coat: Yes.

Jo Koster: I saw that the demo showed an article from a journal was used... what about copyright issues?

Jim: We will work on that issue for you, if possible. We try to get approval for users. We'll be around in March to show you some more options.

VII. Report from Academic Council, Jo Koster

   a. Academic Council follows strict procedures and meeting dates; the council needs to meet deadlines in order to get curriculum actions approved. This includes new courses submitted to the General Education Committee as well as courses that need to be recertified to serve as "global" components. Please be aware of these dates, all of which are posted online.

   b. Dr. Koster presented a proposal to change the S/U Declaration date. This suggested change in date arises from the notion that students need more time to decide about the S/U option. Dr. Koster discussed the philosophy behind the S/U option (to let students try new courses that may not be within their field of expertise, to encourage experimentation and intellectual growth) and referenced a recent study/article on the topic from The Chronicle of Higher Education. Academic Council encourages faculty to discuss the philosophy of the S/U, and invites response and input from faculty to help shape the council's discussion of the issue. Currently the council is simply addressing the S/U Declaration date. Moving the S/U deadline to the time of the drop/add deadline would allows students and faculty to base this decision off of some graded material.

Michael Lipscomb: Could we adopt language to help students not disadvantage themselves?

Jeff Sinn: Is this letting students trick the system?
Dr. Koster responded that the goal of this change is to give students grades on which to base a decision.

Brad Tripp: Students are concerned with a lack of data; it is hard for them to determine how to proceed in a course.

Greg Oakes: Can we postpone this decision until we discuss the philosophy behind the S/U option?

John Bird: I think moving the date fits our stated goal and the goals of students who may be using the S/U option for GPA reasons.

Brad Tripp: It is a luxury for students to explore new intellectual fields. Many students don't have this opportunity because of major requirements.

Gloria Jones: There is a need for oversight of the option; some students S/U and can't graduate. A D allows a student to graduate, a U does not.

Greg Oakes: I move to postpone this vote (on the change of date) until our next Faculty Conference meeting on March 7.

The motion was seconded.

The vote was close, and there was a call for voters to raise their hands for counting. 32 supporting/31 opposing. The motion passed.

VIII. Report from University Priorities, Michael Lipscomb

a. There will be an upcoming proposal that a faculty member on the University Life Committee become an ex officio member of the University Priorities Committee. This will facilitate communication and action.

b. Dr. Lipscomb reviewed a list of the issues that have been brought to the attention of the committee.

c. Dr. Lipscomb discussed the work of the committee. The committee discussed the goal of pay raises with the president; this was a very positive discussion. A discussion concerning Faculty Compression was also conducted with Provost Boyd; all are looking for ways to creatively address this issue. The committee discussed foundation issues with Kim Keel and specifically addressed Emeritus President DiGiorgio's compensation package. The committee is working on written report for university faculty to see so Faculty Conference will be aware of how specific questions are being addressed.

IX. Report from University Life, Jennifer Disney
a. Dr. Disney reviewed a list of the issues that have been brought to the attention of the committee.

b. Dr. Disney discussed the committee's process to address concerns. Queries are divided into two types of questions: questions that require one on one conversations to provide answers, and questions that require conferences with groups of individuals (health and safety, human resource policies). There will be a written report, as well as outcomes, presented at the next Faculty Conference meeting.

X. Unfinished Business

There was none.

XI. New Business

a. The Rules Committee presented their proposal to amend the Bylaws (Article 2, Section 3)

b. There was no discussion.

c. The motion passed.

d. President Comstock noted that the Board of Trustees is prepared to change the language of their Bylaws to be in line with those of the faculty.

XII. Announcements

a. Tim Drueke reminded faculty to pay attention to emails about grade deadlines, especially for students who are graduating.

b. Cheryl Fortner-Wood: The McNair Scholars Program received 86 submissions (to discover eligibility) and 39 complete applications. There are 9 slots in the program, and of those 9 slots, at least 2/3 must be low income and first-generation. The other three positions can be met by underrepresented populations. There were many who were deserving of this incredible opportunity, but only a few could make it into the program. Dr. Fortner-Wood thanked faculty for amazing letters and support of students. Please don't let the students who are disappointed let this define them.

c. John Holder was congratulated on the recent completion of his doctorate degree.

XIII. Adjournment

The meeting was adjourned at 4:00.
Respectfully submitted,

Casey A. Cothran

Next meeting March 7, 2014 -- 2:00 Kinard Auditorium

FACULTY ELECTIONS

March 2014

Membership in the Winthrop University Faculty Conference for at least one year is required for election to any Standing Committee. A member of a Standing Committee of Faculty Conference who has served a complete term may not succeed him/herself. Standing Committees are noted on the Ballot.

The Kerley method of voting is used to prevent ties and runoff elections.

Number your choices 1 (your first choice), 2, 3, etc. for every candidate on the ballot.

Example: In a race to elect 2 committee members

3 Candidate A
1 Candidate B Using check marks will void
2 Candidate C your ballot for races with
4 Candidate D more than two candidates.

Academic Council: 3 year staggered terms for members who may not serve more than two complete terms in succession; no person shall be eligible to serve as a voting member unless he/she has served 2 years as a faculty member immediately preceding service

TO: Faculty Conference  
FROM: Academic Council  
DATE: 28 February 2014  
RE: Agenda Items for March 7, 2014, Faculty Conference Meeting

Academic Council met on Feb. 28, 2014, and brings the following materials forward to Faculty Conference.

Old Business

At the December meeting, Faculty Conference voted to postpone action on an Academic Council Motion to change the declaration date for the S/U option until Academic Council had also addressed the issue of the catalog language describing the S/U policy. We discussed this at length, and brings forward the following proposal for a vote:

Change the existing catalog language about the academic regulations for the Satisfactory/Unsatisfactory option (https://www.winthrop.edu/majors/default.aspx?id=9242) as follows:

Existing Language

Satisfactory/Unsatisfactory Option

Undergraduate students may elect to receive a satisfactory/unsatisfactory (S/U) grade on a total of four courses throughout their entire undergraduate curriculum, and are limited to electing no more than one S/U course per semester. (All summer sessions together are considered one semester.) A satisfactory/unsatisfactory grade, recorded as S or U, will not be counted in computing the student’s grade-point average; however, credit will only be given for courses for which an S grade is earned. The purpose of this option is to allow the student an opportunity to explore areas of interest outside the major and outside required courses without jeopardizing the grade-point average. Students are discouraged from choosing the S/U option for required courses or for courses in the major. Students who are unclear about the appropriate application of the S/U option should consult their advisers. The four-course limit regarding the S/U option does not include those courses which are offered only on an S/U basis. A student must elect to utilize the S/U option within the first two weeks of a semester. A student may subsequently rescind the election of the S/U option by the course withdrawal deadline (60% of the instructional days in the semester for full-semester classes). A rescinded S/U will still count toward the maximum of four allowed.
Proposed Language (Effective with the 2014-2015 Catalog)

Satisfactory/Unsatisfactory Option

Undergraduate students may elect to receive a satisfactory/unsatisfactory (S/U) grade on a total of four courses throughout their entire undergraduate curriculum, and are limited to electing no more than one S/U course per semester. (All summer sessions together are considered one semester.) A satisfactory/unsatisfactory grade, recorded as S or U, will not be counted in computing the student’s grade-point average; however, credit will only be given for courses for which an S grade is earned. The purpose of this option is to allow the student an opportunity to explore areas of interest outside the major and outside required courses without jeopardizing the grade-point average. Students are discouraged from choosing the S/U option for required courses or for courses in the major but are encouraged to use this option to explore areas of interest outside the major and outside required courses without jeopardizing the grade point average. Students who are unclear about the appropriate application of the S/U option should consult their advisers and the programs of study published in their catalogs.

The four-course limit regarding the S/U option does not include those courses which are offered only on an S/U basis. A student must elect to utilize the S/U option by the course withdrawal deadline (60% of the instructional days in the semester for full-semester classes).

This proposal would also change the language on the Records and Registration website (http://www.winthrop.edu/recandreg/default.aspx?id=7434#SU) to the following:

Satisfactory/Unsatisfactory Students may elect the S/U option on one class per semester, up to 4 in their undergraduate career. (Graduate students may not elect an S/U.) They may elect this option within the first two weeks of the fall and spring semesters (summer sessions are shorter—check registration calendar). Students may RESCIND the S/U on a course after the second week and up until the last day to withdraw from a class. If a student rescinds their S/U, it counts toward their maximum of 4.

An S indicates a grade of C or higher (for Honors courses, a grade of B or higher). A U indicates a grade of C- or lower (for Honors, B-). Credit is not given for courses in which a U is earned.

Academic Council notes that the change in language affecting the rescheduling of the date for declaring the S/U option was endorsed unanimously in a resolution by the Council of Student Leaders.

to multiple disciplines and forms the basis for developing essential intellectual, civic, and practical capacities. General education can take many forms, and increasingly includes introductory, advanced, and integrative forms of learning.

Winthrop University’s General Education Program has for many years been committed to these principles. In 2012, three of the University’s faculty governance bodies—the General Education Curriculum Committee, the Committee on University Curriculum, and the Academic Council raised the issue of whether Winthrop’s General Education program, ten years after its inception, continued to meet these standards. In response, Dr. Debra Boyd, Vice-President for Academic Affairs, convened an appointed committee of faculty and staff with deep expertise in both the broad university curriculum and the particular requirements of the General Education program. The Committee began work in May 2013, and was constituted of

- Gloria Jones, Chair (University College)
- John Bird (CAS, Faculty Conference)
- Alice Burmeister (CVPA)
- Gina Jones (Registrar)
- Malayka Klimchak (College of Business)
- Jo Koster (CAS, Academic Council/CUI)
- Frank Pullano (CAS, LEAP)
- Marilyn Sarow (CAS, Academic Affairs)
- Gale Teaster-Woods (Library)
- Will Thacker (COB, GNED)
- Jonatha Vare (COE)

Data Set

Academic Affairs provided the Committee with copies of the General Education requirements of every undergraduate major according to the 2012-13 Undergraduate Catalog. Subsequently, members of the Committee requested and received Enrollment Data from AAAS to allow us to analyze more closely the demands of General Education. This information was incorporated into a spreadsheet by Dr. Koster and was circulated to the Committee for its use. Dr. Sarow provided information about General Education requirements at other state institutions, our peer institutions, and our aspirational peers, as well as information about total number of hours to complete degrees at these colleges. Ms. Teaster-Woods provided information on the Constitution requirement and how it is implemented at other state colleges.

Charge to the Committee

- Examine the current general education program holistically and at the individual program level to identify and then reduce barriers for students who transfer into Winthrop and for Winthrop students who change majors.
• Identify and address “major creep”— majors and programs specifying particular courses to fulfill general education requirements, a prescription that limits flexibility for students, may cause issues for transfer students, and frequently delays graduation.

• Consider ways in which we might reduce the size of our general education program without undermining the “broad exposure to multiple disciplines.”

Additional Opportunities

1. Create an updated definition of general education.

2. Determine how well the current general education program aligns with the ULCs.

3. Revert to the original name of our general education program—Winthrop University’s General Education Program—to ensure that current faculty and students, as well as transfer students, understand the terminology.

4. Move to reduce the minimum number of hours required for graduation from 124 to 120, a number that is in line with most of our peer institutions and many institutions nationally.

Actions

In the course of multiple meetings, the Committee attempted to address each of these charges and opportunities. Our actions are as follows:

1. We drafted a definition of general education: General Education builds a broad knowledge base, develops critical thinking skills, fosters innovation, and prepares students to become responsible, informed, and effective citizens in a changing and complex world.

2. We mapped the ULCs to GNED and determined that there was an appropriate “fit” that justified retaining (mostly) our current categories.
3. We developed a spreadsheet of all GNED requirements in all academic majors and interviewed relevant departments to identify the reasons why some majors partially or completely restricted student choice in certain areas (e.g. for licensure, accreditation, or advising purposes).

4. We developed a set of seven guiding principles to preserve the integrity of our General Education program, to provide for flexibility for transfer students and students who change majors, and to encourage student critical thinking when choosing courses. They are the following:

   I. Majors should specify specific courses in general education categories only if they are bound by accreditation or an outside agency.

   II. Majors may **recommend** a specific course for discipline or pedagogical reasons, but they must accept other courses that have been approved for our general education program if students take them (or have previously taken them).

   III. If a student changes majors, he or she may use previously-taken courses to satisfy general education requirements, except in the case of accreditation issues.

   IV. Majors are **encouraged** to fulfill the writing intensive, technology, and oral proficiency requirements within the major. We realize that this will not be possible in all majors.

   V. There should be a two course limit on how much of general education can be met within the major; departments should be asked to make changes in their programs to avoid exceeding that limit. (See 4.a. in Recommendations)
VI. Overall, to fulfill general education requirements, we should try to focus on competencies rather than specific courses as much as possible.

VII. Majors should not be so rigid in the way they interface with general education that students can’t complete the major within four years if they do not start in the major from the first semester, accreditation requirements notwithstanding.

RECOMMENDATIONS

Based on all our discussions and deliberations, we propose the following:

1. We recommend that we change the name of our general education program from the Touchstone Program back to the General Education Program. Faculty, current students, and incoming students are confused by the current terminology.

2. We recommend that we move to reduce the minimum number of hours required for graduation from 124 to 120, a number that is in line with most of our peer institutions and many institutions nationally.

3. We recommend that Majors and programs re-examine their programs of study in relation to general education.
   a. Majors and programs should follow the seven general education principles to make changes in requirements.
   b. We must all work together to provide our students a clear and workable plan.
   c. While some programs will have to move requirements now met in General Education courses into their majors under the new program, we encourage them not to try to recoup all the hours saved in a reduced General Education program into their majors. Rather they should regard any increased number of hours in the major that results from this revision as a temporary state that may be addressed by further curriculum realignment.

4. We recommend that Winthrop adopt a modified version of our current General Education program that reduces the overall number of hours from 46-58 hours to 35-50 hours. This modified program adds one hour in Physical Activities (which may be waived for certain groups of students), deletes the Logic/Language/Semiotics requirement, moves the Quantitative requirement into a new grouping, and reduces the number of hours in Social Sciences, Humanities and Arts, and potentially in Natural Sciences. (NB: SACS minimum is 30 hours)
   a. Winthrop should allow students to apply two courses (usually 6 hours) from their major designators to General Education (e.g. “double-dipping”), exclusive of Writing Intensive, Oral Intensive, and Technology, which should be met in the major, if possible.
   b. Winthrop should not restrict the number of hours in a student’s minor that can be used to meet General Education requirements.
Proposed Model for Winthrop GNED:
not counting Writing Intensive, Oral Intensive, or Technology (total: 35-50)

- Humanities & Arts and Social Sciences: 9 hrs (6+3 or 3+6); 2 designators in area where 6 hrs is chosen.
- Global: 3 hrs (Historical 3 hrs, Constitutional 0-3 hrs)
- Quantitative and Natural Sciences (at least one from each group, to include one lab science): (9-12 hrs)*
- Physical Activities: 0-1 hr (some exemptions maybe granted)
- Core: 10 hrs: WRIT 101, HMXB, CRTW, ACAD

Writing
Intensive
Course in major or as elective?
Oral Intensive
Course in major or as elective?
Technology
emphasis course in major or as elective?

Majors may specify particular courses in General Education categories only if they are bound by accreditation requirements or an outside agency.

Students will be allowed to use 2 courses (usually 6 hrs) [not including Writing, Oral, or Technology requirements] in their major designators to fulfill General Education requirements (“double-dipping”).

*Programs will be strongly encouraged to have Writing intensive, Oral intensive, and Technology fulfilled in the major (though not necessarily in the major designator). We recognize that this will not be possible in all majors. These hours do not count toward the 6 hr double-dipping restriction.

*Quantitative and Natural Science courses, including labs, vary from 3-4 hours. Thus students might take a 4 hr math course and 7 hrs in science, or 7 hrs in math and a 3 hr science lab, or a two 3-hr math courses and a 4 hour lab, or other combinations to meet these requirements.

APPENDIX 2

Some Definitions

TERMINOLOGY

1. Core Courses: 10 hours of the following courses:

ACAD 101: Academy 101: Principles of the Learning Academy

Description: This course introduces first-year students to the concepts, resources, and skills necessary for successful higher learning and facilitates the student's adjustment to and engagement in the learning academy. Notes: Offered in fall and spring. 1.0 Credit Hours
WRIT 101: Composition

Description: Introduces students to college-level, thesis-driven, research-based writing. Focus on planning, organizing, and developing persuasive essays through the critical reading of mature prose texts. Emphasis on mastery of MLA documentation format and proper integration of source material. Notes: Offered in fall and spring. A grade of C- or better is required. 3.0 Credit Hours

HMXP 102: Human Experience 102: The Human Experience: Who Am I?

Description: Students will find academic engagement and intellectual challenge through their own written and oral responses to mature interdisciplinary readings--readings that explore the "self" in five thought-provoking contexts. Notes: A grade of C- or better is required in HMXP 102. Offered in fall, spring and summer. Prerequisites: WRIT 101 with a grade of C- or better. 3.0 Credit Hours

CRTW 201: Critical Reading, Thinking, and Writing

Description: Examines the language of critical thinking and argumentation and focuses on the connection between writing and critical thinking, using critical reading and thinking as springboards for researched, argumentative writing assignments. Notes: A grade of C- or better is required in CRTW 201. Offered in fall, spring and summer. Prerequisites: WRIT 101 and HMXP 102 with grades of C- or better in both. 2.0 Credit Hours

2. General Education: Builds a broad knowledge base, develops critical thinking skills, fosters innovation, and prepares students to become responsible, informed, and effective citizens in a changing and complex world. (revised definition of Gen Ed Task Force)

3. General Education Program: Program whose semester hours must be distributed in accordance with the General Education Distribution Requirements and the Core Courses. Link to current degree requirements. (Leave out Touchstone; change everything to General Education Program.)

4. MAJOR: The courses in a student’s required program of study, exclusive of General Education courses These courses may not all have the same designators, but they all count toward calculation of a student’s grade point average.
The University Rules Committee proposes a revision to the Faculty Conference Bylaws, Article VIII, Sections 7 & 8. Any proposed amendment to the bylaws must first be brought to the Faculty Conference for a vote to place it on the agenda of the next meeting; we are therefore asking for a vote to place the amendment on the agenda for the April 25 meeting. The existing wording of Article VIII, Section 7 and Article VIII, Section 8 is given below, followed by the proposed revised wording, with changes in boldface.

Existing wording:

Section 7. University Life. This committee shall be responsible for examining issues submitted by faculty members that affect the conduct of university life, and shall address these issues by communicating directly with appropriate administrators and members of the University faculty and staff to understand the issue more fully and to facilitate a resolution to the concern as needed. The committee shall report its findings, and the status of issues to Faculty Conference, to the Committee on University Priorities, and to the President at least once each semester.

The committee shall consist of nine members: two members elected from each of the degree-granting colleges and one member elected from the Library faculty. At least one member elected from each of the degree-granting colleges and the member elected from the Library faculty shall be tenured. The Chair of the committee shall attend open meetings of the appropriate committee of the Board of Trustees.

Section 8. University Priorities. This committee shall be responsible for meeting at least once per semester with the President and the other Executive Officers of the University to provide a faculty perspective on admissions policy, planning, objective setting, and resource allocation, as well as other areas that are important to the university’s future.

The committee shall consist of eight members: one member elected from each of the degree-granting colleges, one member elected from the Library faculty, one member elected from the faculty of University College, and one member elected by the Graduate Faculty Assembly. All members of this committee shall be tenured. The Chair of the Faculty Conference shall serve as an ex officio member with vote. The Chair of the committee shall attend open meetings of the Finance Committee of the Board of Trustees.
Proposed revised wording:

Section 7. University Life. This committee shall be responsible for examining issues submitted by faculty members that affect the conduct of university life, and shall address these issues by communicating directly with appropriate administrators and members of the University faculty and staff to understand the issue more fully and to facilitate a resolution to the concern as needed. The committee shall report its findings, and the status of issues to Faculty Conference, to the Committee on University Priorities, and to the President at least once each semester.

The committee shall consist of nine members: two members elected from each of the degree-granting colleges and one member elected from the Library faculty. At least one member elected from each of the degree-granting colleges and the member elected from the Library faculty shall be tenured. The Chair of the committee shall attend open meetings of the appropriate committee of the Board of Trustees. **The Chair of the committee shall serve as an ex officio, nonvoting member of the Faculty Committee on University Priorities.**

Section 8 University Priorities. This committee shall be responsible for meeting at least once per semester with the President and the other Executive Officers of the University to provide a faculty perspective on admissions policy, planning, objective setting, and resource allocation, as well as other areas that are important to the university's future.

The committee shall consist of nine members: one member elected from each of the degree-granting colleges, one member elected from the Library faculty, one member elected from the faculty of University College, and one member elected by the Graduate Faculty Assembly. All voting members of this committee shall be tenured. The Chair of the Faculty Conference shall serve as an ex officio member with vote. **The Chair of the Faculty Committee on University Life shall serve as an ex officio member without a vote.** The Chair of the committee shall attend open meetings of the Finance Committee of the Board of Trustees.

**Justification and explanation:**

These changes in the by-laws will place the Chair of the Committee on University Life as a non-voting, ex-officio member of the Committee on University Priorities. This request comes unanimously from the Committee on University Priorities with the unanimous support of the Committee on University Life. Given the overlapping charge of these committees, this change will facilitate coordination between the two committees as they respond to faculty concerns. The stipulation of *non-voting* member, coupled with the wording change for all *voting* members of University Priorities to be tenured, is considered necessary by the Rules Committee because the current by-laws state that all members of University Priorities must be tenured, whereas not all members of University Life need be tenured. It is conceivable that a non-tenured chair of University Life could be elected, which would violate the by-laws as currently written. The proposed changes in the by-laws have been unanimously approved by the Rules Committee.
Academic Freedom and Tenure

Proposed resolution, to be sent to the South Carolina Legislature, in response to recent attacks on academic freedom:

“The Winthrop University Faculty Conference unequivocally defends academic freedom as essential to higher education. This freedom, and the occasional controversies it can generate, is fundamental to the pursuit of truth and knowledge in all disciplines. Legislative efforts attempting to influence or limit curricular decisions at any institution are a threat to academic freedom at all academic institutions.”
