Re: Report on Last Meeting of Faculty Conference

Dear Sir,

Please accept this document and attachment as my summary of the actions approved by the faculty at the April 24, 2009 meeting of Faculty Conference. As you can see from these materials, the Faculty accomplished a great deal during our last meeting of the year. On behalf of the faculty, I ask for your approval of the recommendations in this report.

On Friday April 24th, in Barnes Recital Hall, the faculty approved actions in five areas. All actions listed below passed by votes of at least the majority of those present. They are:

1) **Call to order:**  
   To proceed without a quorum (having exceeded the 20% necessary to do so)

2) **Minutes:**  
   To correct a typo in the minutes (change “be” to “but” in “The stimulus money may fill a few holes, but... ”)

3) **Committee Reports:**  
   All action items presented from Academic Council in their report to the Faculty were approved. (This report begins on page 2 of this document.)

4) **Unfinished Business: Proposed Bylaws from the Faculty Governance Review Committee**  
   Before considering the proposed bylaws, amendments to the proposal were considered. Below, I included only those amendments that were approved by the faculty. All five of the amendments suggested by the Faculty Governance Review Committee (FGRC) were approved (see pages 12-13 of this document). Four additional amendments were considered but only one of these amendments was approved (see page 14). Attached, please find the bylaws reflecting these amendments as prepared by Dr. Tom Polaski, Chair of the FGRC.

5) **New Business: Disbanding the FGRC**  
   The Chair of the FGRC, in accordance with the original resolution creating the FGRC, asked the Faculty Conference to entertain a motion to disband the FGRC. The motion was made, seconded, and approved by the body. A final motion to show appreciation to Dr. Polaski and the FGRC was approved and executed immediately with a rousing round of applause.

Respectfully Submitted,  
Cheryl Fortner-Wood, Chair, Faculty Conference
ACademic Council Report

AC met on Friday, April 10, 2009 in Tillman 308 at 2:00 pm.

**Item 1:** AC reviewed and accepted a report from the Honor Committee available for faculty review as part of the agenda posted online at [http://www2.winthrop.edu/recandreg/services/AC_CUIminutes.htm](http://www2.winthrop.edu/recandreg/services/AC_CUIminutes.htm).

**Item 2:** AC accepted, discussed, and voted to support the following action items from an ad hoc committee formed in response to a proposal from FC. The full report from the committee is available as part of the agenda posted online at [http://www2.winthrop.edu/recandreg/services/AC_CUIminutes.htm](http://www2.winthrop.edu/recandreg/services/AC_CUIminutes.htm).

AC presents the following descriptions and processes to FC and requests support of the suggestions to be forwarded to the Vice President for Academic Affairs.

**Suggestion 1:** Make readily available to faculty members submitting curriculum actions the following guidelines for such actions affecting the Teacher Education Committee and the General Education Committee.

**Curriculum Actions Needing TEC Approval**

Any curriculum action in the following categories must be forwarded to TEC for action.

- a) causing a change to a program requiring NCATE accreditation,
- b) affecting a required course in a program requiring NCATE accreditation, or
- c) causing a change to the MEd in Agency/Community Counseling, MEd in School Counseling, or BS in Family and Consumer Sciences programs or required courses.

Representatives of colleges or departments with curriculum being considered by TEC are encouraged to attend TEC meetings to answer questions.

**GEC/Touchstone Program Course Actions**

A Touchstone Program (TP) Course Application must be completed for the following courses:

- New courses proposed for inclusion in the TP
- Existing courses proposed for inclusion in the TP that are not currently included
- Existing TP courses proposed for inclusion in a different/additional area
- Existing TP courses that have undergone a substantial change (e.g., to the course description)

Existing TP courses that have undergone a minor change (e.g., a change in the course number) should notify the General Education Committee through the Curriculum Action System for information purposes only. If additional information is required the chair of GEC will notify the faculty member initiating action.

A TP Course Recertification form must be completed every five years for all courses that are part of the Touchstone Program.

*Note in the proposed FC Bylaws General Education Curriculum Committee will replace GEC and the curriculum path for courses reviewed will be separated from the process that includes TEC and the new University Curriculum Committee (UCC). New courses and course changes requiring approval in the curriculum process should be approved before application to GECC is made.*

**Suggestion 2:** Create a curriculum process for degree programs housed in multiple colleges. A possible process would include:

Curriculum for cross-college programs (degree programs housed in multiple colleges) should follow the general processes described below:

A. Creation and/or modification of programs will move through the curriculum process of all participating departments and colleges simultaneously.
   - The electronic process will move through the originating department and college with copies of curriculum action sent for review of other participating colleges.
   - TEC and/or CUI (UCC in proposed FC Bylaws) will review actions after all participating colleges notify the chair(s) of TEC and/or CUI (UCC in proposed FC Bylaws) of action.
If one or more participating college makes changes and/or does not pass a curriculum action CUI will notify the initiating faculty member of the discrepancies and send the curriculum back to the originating department. CUI (UCC in proposed FC Bylaws) may choose to negotiate a compromise, but is not required to do so.

B. Creation and/or modification of courses with designators associated with a single existing department/college should follow the established process with the addition of a notification to the faculty assemblies of participating colleges.

C. Creation and/or modification of courses with designators associated with multiple departments/colleges will move through the curriculum process of all participating departments and colleges simultaneously.
   - The electronic process will move through the originating college with copies of curriculum action sent for review in participating colleges.
   - TEC and/or CUI (UCC in proposed FC Bylaws) will review actions after all participating colleges notify the chair(s) of TEC and/or CUI (UCC in proposed FC Bylaws) of action.
   - If one or more participating college makes changes and/or does not pass a curriculum action CUI (UCC in proposed FC Bylaws) will notify the initiating faculty member of the discrepancies and send the curriculum back to the originating department. CUI (UCC in proposed FC Bylaws) may choose to negotiate a compromise, but is not required to do so.

Where appropriate, representatives from all participating departments/colleges are encouraged to attend all meetings where action is discussed.

It is the responsibility of initiating faculty/department to work with participating colleges to ensure all appropriate paperwork is shared and in turn monitor progress of curriculum to facilitate timely decisions.

**Suggestion 3: Revise the current blanket petition process in light of new features in the student information system and an ongoing need to share information more readily.**

**Recommendations:**
1. The blanket petition process at all levels should be transitioned to an electronic process to facilitate sharing of information across the colleges.
2. A searchable database of existing petitions should be made available to faculty for advising.
3. The ability to incorporate petitions into degree audits should be investigated as management systems are transitioning.

**Suggestion 4: The committee would like to make these additional recommendations:**
A. Move ALL committee actions to electronic/digital approvals.
B. Move to an electronic catalog that would allow for a longer window for course action.
C. Work to make information in Curriculum Action System (CAS) more accurate/user friendly.
   a. Degree program documents included in CAS need significant revision.
   b. Departmental review of course details included in CAS should be placed in a regular rotation.
   c. Consider more standardized wording for pre- and co-requisites to facilitate catalog review and registration controls.
   d. Clarify for faculty the way pre- and co-requisites entered into the CAS are used for registration controls.
   e. Develop a digital-based, user friendly, attribute-driven CAS interface.

**Item 3:** AC reviewed and, when appropriate, acted upon reports submitted by CUI and Gen Ed as indicated in the following section
The following items were forwarded to AC from CUI and are thus recommended and forwarded to FC for action: (All items found in the Curriculum Action System)

**Section 2 Other Faculty Assemblies.** Each member of the Faculty Conference who holds appointment to a major academic division of the University shall be a member of the faculty assembly in that division. Each such faculty assembly shall be responsible for the academic program of its division, within limitations prescribed by the Faculty Conference. Each assembly shall adopt bylaws for its own governance which shall be subordinate to and consistent with these Bylaws. The following are recognized as major academic divisions of the University: the College of Arts and Sciences, the College of Business Administration, the Richard W. Riley College of Education, the College of Visual and Performing Arts, and the Winthrop University Library.

Article VII – Rules for Committees of Faculty Conference

**Section 1 Membership.** Membership in the Faculty Conference for at least one year is required for election to any standing committee of Faculty Conference unless otherwise stated. Membership on standing committees shall be for staggered three-year terms as determined by regulations established by the Faculty Conference, and vacancies shall be filled by election for the remainder of the unexpired term (see Article VII, Section 6). Members of standing committees of Faculty Conference who have served complete terms may not succeed themselves. The date for the formal commencement of new terms for committee members shall be the beginning date of the nine-month contract. From time to time the Faculty Conference, in consultation with the Council of Student Leaders, shall determine rules concerning student representation on committees of the Faculty Conference.

**Section 2 Committee Officers.** Each committee of the Faculty Conference, standing or select, unless otherwise provided, shall elect its own Chair and Secretary. In order that committees may become organized for the new academic year, each newly-constituted committee is requested to meet prior to the end of classes in the spring semester for the purpose of electing its officers for the next academic year.

**Section 3 Committee Meetings.** Each committee of Faculty Conference, standing or select, shall meet at the call of the Chair or any three members. Meetings of committees shall be announced to the faculty at least one week in advance and shall be open to all members of the Faculty Conference unless the committee specifically votes to meet in executive session or unless the committee deals with confidential information.

If a committee must meet during the summer and a vacancy occurs in the membership of that committee, it shall be filled by the person elected or appointed to assume that position for the following year. It shall be the responsibility of the committee to determine the person who has been elected or appointed.

**Section 4 Committee Reports.** Each committee of the Faculty Conference, standing or select, unless otherwise provided, shall report on its activities at least once each academic year to the Faculty
Conference. The Faculty Personnel Committee, which deals with confidential information, reports directly to the Vice President for Academic Affairs. All committee actions may be modified or reversed by the Faculty Conference.

In order that the faculty may be aware of the nature of the deliberations and decision-making within its constituent committees, all faculty committees (with the exceptions noted below) shall make known to the faculty constituency to which they are responsible, either by oral or written report at appropriate intervals, all actions taken by the committee. For each motion brought before such a committee, the committee shall indicate whether the motion was approved or rejected, whether the action was taken after debate or simply routinely acted upon without debate, and what the vote was on the issue, using the following designations to indicate the vote: (1) by unanimous vote, (2) by a majority voice vote, or (3) by a counted vote of _____ to _____. This rule shall also apply to curriculum committees and other committees of constituent assemblies, with the exception that it shall not apply to actions taken in executive session by personnel committees, to actions of the Academic Freedom and Tenure Committee when acting as a grievance committee, to actions of the petitions committees when acting in executive session, or to actions of other committees when they are dealing with personnel or grievance matters in executive session.

Section 5 Elections. Regular elections by the Faculty Conference of members of all standing committees created by the Faculty Conference shall take place at the March meeting of the Faculty Conference. Special elections to fill vacancies shall take place as soon as practicable after such vacancies occur. When a member of a committee created by the Faculty Conference enters on leave of absence (i.e., medical, unpaid, or sabbatical), a committee vacancy is thereby created (unless the member requests to serve while on sabbatical or unpaid leave). When a vacancy occurs prior to the end of a full term, it shall be filled by election for the remainder of the unexpired term.

Section 6 Electoral Procedures. The electoral procedures are as follows:

A. Nomination: The Faculty Personnel Committee shall nominate at least two persons for each vacancy and circulate these names to the faculty prior to the meeting at which the election shall be held. Additional nominations may be made from the floor, provided that the consent of the nominee has already been obtained.

B. Voting: In an election in which there are more than two candidates for one position or multiple candidates for multiple positions, voters shall rank the candidates in order of preference, with the favorite candidate receiving rank 1, the second favorite receiving rank 2, and so on. Ballots in such elections not marked with numerical ranks shall be discarded.

C. Absences: Balloting shall be done during a meeting of the Faculty Conference. Those faculty members who are absent may cast their ballots in the office designated by the Secretary of the Faculty Conference before noon of the following business day.

D. Custody and Counting of Ballots: Custody and counting of ballots shall be the responsibility of the Secretary of Faculty Conference, who shall tally the votes with the assistance of a faculty monitor designated by the Rules Committee. The faculty monitor may not be a candidate in that election.
D.1. In an election in which there are two candidates for a single position, a simple majority is required to elect a candidate.

D.2. The following method of tallying votes (referred to as “the Kerley method”) is used to determine the results of an election in which there are more than two candidates for one position or multiple candidates for multiple positions. This method counts the ballots in a series of rounds. Each round eliminates one candidate.

D.3. Before tallying the votes in each round, the following alterations shall be made to the ballots:

1. Gaps in the rankings on a ballot (caused, for example, by the elimination of a candidate) shall be removed by moving lower-ranked candidates up in their rankings. For example, if there were five candidates in an election and the ballot had the candidates ranked 2, 1, 4, 5, then this ballot would be changed to rank the candidates 2, 1, 3, 4.

2. If all of the candidates ranked on a ballot have been eliminated in previous rounds, then that ballot shall be discarded.

3. If a voter has assigned the same rank to two different candidates in the same election, the ballot shall be discarded when all candidates ranked higher than those assigned the same rank have been eliminated.

D.4. The number of ballots giving each candidate a rank of 1 shall be tallied.

D.5. The candidate receiving the least number of rank 1 ballots shall be eliminated from the election. The ballots giving a rank of 1 to the eliminated candidate shall be altered to remove the eliminated candidate, and these ballots shall be added to the tallies of the remaining candidates using Steps D.3 and D.4.

D.6. Steps D.3, D.4, and D.5 are repeated until as many candidates remain as there are winners needed. The remaining candidates are the winner(s) of the election.

D.7. When more than one person is to be elected to a council or committee and the terms are staggered, the longer terms shall be given to the persons with the larger tallies in the process above.

D.8. Ties:

1. If, in step D.5, two or more candidates tie for the least number of rank 1 ballots, this tie shall be broken by the number of rank 2 ballots for each candidate. The candidate having the lowest number of rank 2 ballots shall be eliminated. If there is a tie in both rank 1 and rank 2 ballots, the number of rank 3 ballots shall be used to break this tie, and so on.

2. If there is a tie in the number of rank 1 ballots after only two candidates remain, the faculty monitor shall break the tie by the flip of a fair coin, or otherwise by equal chance.
E. **Notification:** As soon as votes are tabulated, both winning and losing candidates shall be notified of the outcome by the Secretary of the Faculty Conference. Complete election results shall then be distributed promptly to the faculty by the Secretary of the Faculty Conference.

**Section 7 Establishment of Committees.** The Faculty Conference shall establish and regulate such committees as it deems appropriate.

**Article VIII – Standing Committees of the Faculty Conference**

**Section 1 Academic Freedom and Tenure.** This committee shall be responsible for recommendations to the Faculty Conference with respect to policies on academic freedom and tenure, shall serve as a hearing committee for cases arising under the procedures and policies on academic freedom and tenure, and shall serve as a grievance committee in cases involving the granting of tenure. The committee also hears appeals in cases of post-tenure review. In its role as a grievance committee, it shall report its findings to the President and to the faculty member making the grievance. The President shall then evaluate the case in light of the committee’s findings and shall render a decision. If the President decides adversely to the faculty member, the faculty member may appeal the decision to the Board of Trustees. While the Board of Trustees may choose to receive such an appeal on the basis of improper procedure only, the Board affirms that substantive judgments reside and end with the President (Board of Trustees Resolution 11-15-96).

The committee shall consist of nine members elected by the Faculty Conference. Eligibility shall be limited to faculty members with tenure. Administrative Officers and department chairs shall be ineligible to serve on the committee.

**Section 2 Faculty Personnel.** This committee shall be responsible for recommendations to the Faculty Conference concerning membership beyond those members indicated in Article III in these Bylaws; for recommendations regarding procedures and conditions of elections and the staggering of terms of office on appropriate committees and councils; for nominations of at least two qualified persons for each office subject to election by the Faculty Conference, except as elsewhere provided; for advice to the President and the Vice President for Academic Affairs concerning promotions in academic rank and the granting of tenure; and for performing the duties of a faculty grievance committee except in the granting of tenure.

The committee shall consist of three members elected at large by the Faculty Conference and one member elected by the faculty assembly of each major academic division. All members of the committee must be tenured. While serving on the committee, a faculty member shall not be eligible for consideration for promotion. Administrative Officers and department chairs shall be ineligible to serve on the committee.

**Section 3 Library.** This committee shall be responsible for studying library needs in view of the academic programs and for advising the Dean of Library Services on matters of general library policy, on the development of library resources, and on means that may best integrate the library program with other academic activities of the University. The committee shall serve as a liaison between the faculty and the Dean of Library Services.
The committee shall consist of nine members: two faculty representatives from the College of Arts and Sciences; one each from the other major academic divisions; two student representatives; and the Dean of Library Services (ex officio). Faculty representatives shall be elected from their respective divisions for three-year terms, which shall be staggered according to Faculty Conference regulations, and student representatives shall be selected by the Chair of the Council of Student Leaders. The Chair shall be elected by the committee and serve as Chair for one year. The committee shall meet at least once each semester.

Section 4  Undergraduate Petitions. This committee shall be responsible for acting on petitions from individual undergraduate students for variations in general education requirements and other University-wide academic regulations. This committee shall make regular reports to the Academic Council that shall include, but need not be limited to, a summary of undergraduate petitions giving the type of petitions, the number denied, the number approved, and the number approved on appeal.

The committee shall consist of five members: one member elected by the faculty assembly of each major academic division. Each degree-granting college may establish its own petitions committee to act on student petitions for variations in departmental and college degree program requirements.

Section 5  Rules. This committee shall be responsible for calling special meetings of the Faculty Conference, for determining the meeting agenda when it deems such meetings appropriate, for inviting guests to meetings of the Faculty Conference, for recommending to the Faculty Conference special rules of order and appropriate changes in these Bylaws, for reviewing bylaws and amendments to bylaws of constituent assemblies to determine whether they are consistent with these Bylaws, and for reviewing the agendas of all special meetings called by other appropriate parties.

The committee shall consist of six members elected by the Faculty Conference.

Section 6  University Curriculum. This committee shall be responsible to the Faculty Conference for reviewing proposed changes in the undergraduate curriculum to ensure that the changes are consistent with university policy and that they do not contradict the interests of any academic division. The committee shall have authority to seek the correction of typographical and other non-substantive errors in the recommendations it receives.

The committee shall have authority to act on behalf of the Faculty Conference on recommendations from a college of the following types: adding a course, dropping a course, renumbering a course, changing the prerequisites or corequisites of a course, and adding or changing requirements for a minor. See Article XI. This authority shall not be construed to limit the right of the faculty to review and act on academic policies at any time.

Following each meeting of the committee, a report of its actions shall be communicated promptly to the members of the Faculty Conference.

The committee shall consist of seven members: one member elected from each of the degree-granting colleges, one member elected by the Graduate Faculty Assembly, a Chair appointed by the Chair of the Academic Council from among the membership of Academic Council, and the Registrar or his or her designee. All members of the committee shall have served three years as a full-time faculty member at Winthrop University immediately preceding their election or appointment. The members elected from the degree-granting colleges shall serve as ex officio members of their college curriculum committees;
the member elected from the Graduate Faculty Assembly shall be an ex officio member of Graduate Council. The Chair of the committee and the Registrar or his or her designee shall be nonvoting members of the committee. If a voting member cannot attend a meeting, an alternate with vote designated by the faculty from which the member was elected may attend in his or her place.

Section 7 University Life. This committee shall be responsible for examining concerns submitted by faculty members that affect the conduct of university life, and shall have the authority to address these concerns by communicating directly with appropriate administrators and members of the University faculty and staff to understand the concern more fully and to effect a positive resolution to the concern. The committee shall report the concerns received, its findings, and the status of the concerns to Faculty Conference, to the Committee on University Priorities, and to the President at least once each semester.

The committee shall consist of nine members: two members elected from each of the degree-granting colleges and one member elected from the Library faculty. At least one member elected from each of the degree-granting colleges and the member elected from the Library faculty shall be tenured. The Chair of the committee shall attend open meetings of the University Relations Committee of the Board of Trustees.

Section 8 University Priorities. This committee shall be responsible for meeting at least three times each year with the Executive Officers of the University to provide a combined faculty perspective on admissions policy, planning, objective setting, and resource allocation, as well as other areas of common concern.

The committee shall consist of eight members: one member elected from each of the degree-granting colleges, one member elected from the Library faculty, one member elected from the faculty of University College, and one member elected by the Graduate Faculty Assembly. The Chair of the Faculty Conference shall serve as an ex officio member with vote. The Chair of the committee shall attend open meetings of the Finance Committee of the Board of Trustees.

If this committee believes that a financial exigency is imminent, it shall communicate this opinion promptly to the Faculty Conference and to the administration. The authority for declaring a financial exigency resides with the President. If the President declares a financial exigency or deems a financial exigency to be imminent, two untenured members of Faculty Conference shall be elected to the committee by the Faculty Conference to serve until the end of the exigency. The enlarged committee shall participate in the emergency-related deliberations that take place above the level of the major academic divisions, including those relating to how academic programs and teaching service areas at Winthrop University shall be affected. See also Appendix II, Termination Due To Financial Exigency.

The Academic Council shall have authority to act on behalf of the Faculty Conference on the following types of recommendations from a college: adding a minor, dropping a minor, and changing graduation requirements in a major with no change in the overall number of semester hours required by the
program. See Article XI. This authority shall not be construed to limit the right of the faculty to review and act on academic policies at any time.

Section 2  Meetings of the Academic Council and its subordinate committees shall be announced to the faculty in advance, and shall be open to all members of the Faculty Conference. Following each meeting of the Academic Council, a report of its actions shall be communicated promptly to the members of Faculty Conference.

Section 3  The Chair of the Academic Council shall be elected by the voting members of the Academic Council, from the voting members of the Academic Council, and shall have served on the Academic Council for at least one year. The Chair will appoint a Vice Chair from the membership of the Academic Council to officiate at meetings when the Chair cannot attend. The Registrar shall serve as Secretary, without vote.

Section 4  The President of the University, upon the recommendation of the Vice President for Academic Affairs, shall appoint three voting members of the Academic Council, each from a different major academic division of the University. The Faculty Conference shall elect three voting members at large. Each major academic division of the University shall elect members according to the following formula: one member for the first 25 full-time-equivalent faculty members or fraction thereof in that division and one additional member for each additional 50 full-time-equivalent faculty members or fraction thereof. Administrative Officers shall be ineligible to serve on the Academic Council, either by election or appointment, except as Secretary. Department chairs are eligible to serve on Academic Council. The term of the Chair shall be one year. The Council of Student Leaders shall select one voting member, who shall serve a one-year term. The terms of the voting members of the Academic Council shall be three years and shall be staggered as determined by regulations adopted by the Faculty Conference. If a member ceases to serve, his or her successor shall be appointed or elected for the unexpired term only. A voting member may not serve in succession more than two complete consecutive terms. No person shall be eligible to serve as a voting member unless he or she has served two years as a student at Winthrop University or two years as a faculty member at Winthrop University immediately preceding his or her service.

Section 5  All faculty assemblies, councils, committees, or other entities not otherwise responsible to a major academic division, to the extent of their responsibilities in the area of undergraduate academic instruction, except as provided elsewhere in these Bylaws, shall report to the Academic Council in accordance with procedures specified by the Academic Council. The Academic Council shall approve, modify, or reverse any programs, policies, or regulations made by such entities in the area of undergraduate instruction.

Section 6  The Academic Council may meet in joint session with the Graduate Council, a constituent council of the graduate faculty, to discuss matters of mutual concern when called to do so by the chairs of the two councils. When such a joint meeting takes place, the Chair of the Academic Council shall preside. The two councils may establish joint committees and councils to pursue matters of mutual concern and may establish rules for joint activities, except that if voting takes place it shall be done separately by council.
Article X – Committees of the Academic Council

Section 1 Committee on Academic Conduct. This committee shall have jurisdiction in only two kinds of cases: 1) a case in which a student has accused a faculty member of violating stated course grading policies, and 2) a case in which a student has reason to believe that an error has been made in computing or recording his or her grade for a particular assignment or for the course. The committee shall not hear cases in which a student merely believes he or she has received unfair treatment.

The powers of the committee shall be limited to recommending that a given grade remain unchanged, be changed to a different grade, or be changed to a zero (for a particular piece of work). The recommendation shall be based on a majority decision of the five voting members, and copies of the recommendation shall be forwarded to the student(s), department chair, and academic dean.
