WINTHROP UNIVERSITY

PROFILE

Location: Rock Hill, South Carolina
Geographic center of the two Carolinas
20 miles south of Charlotte, North Carolina
60 buildings on 433-acre campus

Faculty: 288 faculty (full-time)

Students: 6,249 (Fall 2008)
19 percent graduate
1,181 graduate students

Academic Year: Two semesters
Optional summer terms

Office Hours: 8:30 a.m. to 5 p.m. Monday-Friday

Telephone: 803/323-2204 The Graduate School office
800/411-7041
Fax: 803/323-2292
Internet: graduatstu@winthrop.edu
Web: http://www.winthrop.edu/graduateschool

Address: 701 Oakland Avenue, Rock Hill, SC 29733

Purpose of Catalog

The purpose of this catalog is to present detailed information regarding Winthrop’s graduate curricula and to provide a general description of its various academic units. The information and educational requirements represent a flexible program that may be altered where such alterations are thought to be in the mutual interest of the university and its students.

The provisions of the catalog do not constitute any offer of a contract which may be accepted by students through registration and enrollment in the university. The university reserves the right to change without notice any fee, provision, offering or requirement in this catalog and to determine whether a student has satisfactorily met requirements for admission or graduation. The most current program requirements are posted on our website at: www.winthrop.edu/graduateschool.

Student Responsibility

Each academic unit establishes requirements that must be met prior to a degree being granted. It is important that the student become familiar with these requirements and complete them within the prescribed deadlines. Advisors, department heads and deans are available to offer assistance, but the ultimate responsibility rests with the student.

Winthrop University offers equal opportunity in its employment, admissions, and educational activities.

Summer Session 2010 (Subject to Change)

May 17 - June 4
June 2
June 25

June 7 - August 6
June 7 - July 7
July 12 - August 11
July 16, Friday, 9 a.m.

July 16

Winthrop University's summer session is composed of an intensive 3-week Maymester, two 4 1/2- week terms and a 9- week term that allows students to take advantage of many summer opportunities. The summer program reflects the same educational goals as those of the regular academic year. Winthrop summer terms also provide special advantages in allowing both current and new students an opportunity to accelerate their work toward a degree or to pursue academic directions they have been unable to explore during the regular school year. Due to weekend formats and graduate cohorts, other terms are offered. For more information, please refer to www.winthrop.edu/summersession.
General Information

About The University

History

Winthrop’s history dates to 1886 when 21 students gathered in a borrowed one-room building in Columbia, S.C. David Bancroft Johnson, a dedicated and gifted superintendent of schools, headed up the fledgling institution, whose mission was the education of teachers. Winthrop has changed dramatically since moving to its permanent Rock Hill home in 1895, growing from a single classroom to a comprehensive university of distinction. Winthrop’s historic campus is a setting of exceptional beauty, as is its recreational area known as The Farm. Today, nearly 6,500 students take courses in arts and sciences, education, business administration and visual and performing arts, all of which are supported by Winthrop’s newest academic division, University College.

Mission Statement

The university provides personalized and challenging undergraduate, graduate, and continuing professional education programs of national caliber within a context dedicated to public service to the state of South Carolina. All eligible bachelor’s, master’s and specialist degrees in the liberal arts and sciences, education, business, and the visual and performing arts are nationally accredited—part of the university’s commitment to be among the very best institutions of its kind in the nation.

Building on its origins as a women’s college, the Winthrop University of the 21st century is achieving national recognition as a competitive and distinctive, coeducational, public, residential comprehensive learning institution.

Winthrop enrolls an achievement-oriented, culturally diverse, and socially responsible student body of more than 6,200 students and will remain a medium-sized comprehensive learning university for the foreseeable future. The university recruits South Carolina’s best students as well as highly qualified students from beyond the state whose presence adds diversity and enrichment to the campus and state. Winthrop prides itself on being an institution of choice for groups traditionally underrepresented on the college campus.

Winthrop’s historic campus, located in a dynamic city within a major metropolitan area, provides a contemporary and supportive environment that promotes student learning and development. Winthrop has a diverse and able faculty and professional staff of national caliber and supports their work as effective teachers, scholars, researchers, practitioners, and creative artists. Through this talented group, Winthrop students acquire and develop knowledge, skills, and values which enrich their lives and prepare them to meet the needs and challenges of the contemporary world, including the ability to communicate effectively, appreciate diversity, work collaboratively, synthesize knowledge, and adapt to change. Ongoing assessment of programs and services ensures both that all academic programs challenge students at their highest level of ability and that the library, instructional technology, and other academic service areas support courses of study that are consonant with current methods and knowledge. As a result, Winthrop graduates are eminently well-prepared to assume successful careers.
in business, industry, government, education, the arts, and human services, as well as to enter the most competitive graduate or professional schools.

**Accreditation**

Winthrop University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award bachelor's, master's and specialist degrees. Winthrop University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate, master's, and specialist degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Winthrop University. However the Commission is to be contacted only if there is evidence that appears to support an institution’s significant non-compliance with a requirement or standard. A total of 38 undergraduate and 24 graduate degree programs are available in the College of Arts and Sciences, the College of Business Administration, the Richard W. Riley College of Education and the College of Visual and Performing Arts.

Winthrop's academic programs are measured by national standards of quality. Each academic program that can be nationally accredited through a professional specialized organization has earned that distinction. The documents of accreditation reside in the Office of Academic Affairs. The following is a listing of the specialized organizations that Winthrop University is affiliated with:

Accrediting Council on Education in Journalism and Mass Communication (ACEJMC)
American Chemical Society
Association to Advance Collegiate Schools of Business (AACSB International)
Certified Financial Planner Board (CFS)
Commission on Accreditation for Dietetics Education (CADE)
Commission on Accreditation of Allied Health Education Programs (CAAHEP)
Computing Accreditation Commission of the Accreditation Board for Engineering and Technology, Inc. (CAC/ABET)
Council for Accreditation of Counseling and Related Educational Programs (CACREP)
Council for Interior Design Accreditation (CID)
Council on Social Work Education (CSWE)
National Association of the Education of Young Children (NAEYC)
National Association of School Psychologists (NASP)
National Association of Schools of Art and Design (NASAD)
National Association of Schools of Dance (NASD)
National Association of Schools of Music (NASM)
National Association of Schools of Theatre (NAST)
National Council for the Accreditation of Teacher Education (NCATE)
Sport Management Program Review Council (SMPRC)

**Faculty**

Winthrop’s selective faculty recruitment process ensures that students learn from an outstanding faculty known for its focus on learning and student engagement. A student-to-faculty ratio of 14:1 fosters personal contact and close relationships. All classes are taught by faculty and classroom instruction is further enriched by the expertise of distinguished visiting scholars, artists and practitioners.
Campus

Approximately 20 minutes from Charlotte is Winthrop’s tree-lined campus, which encompasses a rich architectural blend of neo-Georgian buildings and is included in the National Register of Historic Places. Behind its stately façade is a community of learners who engage in their educational pursuits in spacious academic facilities, enhanced with SMART technology, and in laboratories and performance venues suitably equipped for rising professionals. The campus’ computing infrastructure provides a state-of-the-art learning environment, including high-speed Internet access from all campus buildings and residence hall rooms and wireless access at select locations.

One-half of Winthrop’s students live on campus, only a short walk from classrooms, dining locations, art galleries, Dacus Library and Dinkins Student Center. A large, attractive recreational area surrounds Winthrop Lake and includes a 6,100-seat coliseum, a 2,000-seat ballpark, softball, track, soccer and tennis complexes, a 9-hole golf course, an 18-hole disc golf course and numerous recreational athletic fields.

Student Life

A vibrant, highly residential student life program provides opportunities and services to foster student development along cognitive, personal and interpersonal dimensions. Eight residence halls and the apartment-style Courtyard at Winthrop provide a variety of living arrangements on campus. Academic success communities and theme floors are designed to foster a supportive environment where students live, learn and have fun together. Further opportunities for service, participation and leadership are available through more than 140 clubs and organizations and an energetic array of recreational sports. The Dinkins Student Union board has earned national acclaim for its programming efforts. The Winthrop Eagles are championship caliber and compete in NCAA Division I. Scholar-athletes at Winthrop compete in men’s and women’s basketball, tennis, golf, indoor/outdoor track, cross-country and soccer; women’s softball and volleyball; and men’s baseball.

Alumni

Upon graduation, Winthrop students continue their education in prestigious graduate and professional programs or enter a wide variety of positions in business, education, medicine, the arts, government or law. Winthrop’s exceptionally loyal alumni currently total more than 41,000 worldwide.
Academic Support and Facilities

Academic Computing

Winthrop University Academic Computing supports the instructional and research functions of the University. Within the Division of Computing and Information Technology, Academic Computing provides access to diverse computing resources. Over 20 computer laboratories supporting PC, Macintosh, Linux, and UNIX systems are available on campus for open access and instructional needs.

Microcomputer networks and laboratories provide computing resources for support of instructional and research applications. Typical applications include desktop publishing, database management, spreadsheet analysis, graphics, communications, word processing, statistical analysis, and mathematical computation. Specific applications include Microsoft Office, Photoshop, Expression Web, Internet Explorer, Adobe Creative Suite, SAS, SPSS, Mathematica, and Microsoft Visual Studio. Some labs support additional software including AutoCAD and other design applications.

All main campus buildings and residence halls are connected to the campus network and Internet through fiber optic cable. Students are provided with consolidated computing services including web-based email, central server storage space, and personal web pages.

For additional information on Academic Computing and other Information Technology services, procedures, and instructions, please refer to the Student Technology Handbook (also known as the “blue book”). To view general operational hours for Academic Computing labs, visit http://www.winthrop.edu/acc.

Ida Jane Dacus Library

The faculty and collections of Dacus Library are an integral part of the University’s instructional program. Specialized instruction in advanced topics is available. The Dacus Online Catalog system provides easy access to the library’s resources. The Library’s collections have been selected to support the curriculum of the University and are housed in open stacks. Study and lounge seating is interspersed throughout the building. Workstations for access to the library’s electronic resources and to the Internet are available. The library also offers through its catalog access to more than 15,000 electronic books and more than 30,000 full-text journals. Special quarters are provided for archives, microfilm, special collections, United States government publications and library instruction. Closed carrels for faculty and graduate student research, as well as facilities for photo duplication and listening, are also available. Dacus circulates 20 laptops to students for use via the library’s building-wide wireless access.

The Library’s holdings total over 600,000 volumes. Included in this figure are books and bound periodicals, microfiche, and microfilm. In addition, the Library owns over 175,000 U.S. government publications and thousands of audio-visual materials.
Dacus Library participates in the national interlibrary loan system, retrieving materials from non-South Carolina libraries by e-mail, fax, and traditional mailings. PASCAL (Partnerships among South Carolina Academic Libraries), a state-supported consortium, provides millions of other resources while delivering access to the state's 12 million books held at other South Carolina academic libraries. Through PASCAL, students may request books from other institutions. PASCAL is funded through the South Carolina state legislature.

International Center

Winthrop’s International Center assists students in making arrangements for study abroad. Winthrop maintains associations with institutions in China, Austria, Germany, Egypt, England, Spain, France, and Australia. Opportunities for summer study abroad are provided through the Center’s study abroad programs and through special summer offerings at other foreign institutions.

Characteristic of an institution that encourages diversity, Winthrop University offers support for the unique needs of students from other countries. The International Student Advisor’s Office helps integrate international students into American society, provides assistance with problems encountered on campus and in the community, and advises students on immigration procedures and other matters.

An international student adviser is available to discuss special concerns or issues with students, while the Winthrop International Club promotes cultural exchange and social activities among the general student population, including an annual International Week in the fall semester. Other events focusing on the diversity of student life are sponsored by interested campus and community groups.

Macfeat Early Childhood Laboratory School

The Macfeat Early Childhood Laboratory School functions as a research laboratory where innovative approaches in early childhood education are investigated. Macfeat provides opportunities to observe and interact with a diverse group of children ages 3 to 5 years in full and half day programs. Macfeat is nationally accredited by the National Association for the Education of Young Children (NAEYC).

Visual and Performing Arts Facilities

To support the university’s arts curricula, as well as a diverse range of cultural offerings, Winthrop maintains several versatile performing spaces. Byrnes Auditorium with seating for 3,500, and the adjoining 212-seat Frances May Barnes Recital Hall are located in the center of the campus. Historic Tillman Auditorium has a seating capacity of 700. Johnson Hall includes a 331-seat theatre, a smaller studio theatre, an actors’ studio and two dance studios.

In addition, Winthrop Galleries, comprised of two professional spaces in Rutledge Building and student galleries in McLaurin Hall, provide an array of exhibition spaces. The works of faculty, students, regional and national artists are presented on a regular basis.

The Music Library, located in McLaurin Hall, supports the academic program of the Department of Music with more than 15,000 sound recordings and printed scores. Listening stations are also available in the library. The Music Library supports computer access to the holdings
Academic Support and Facilities

of the main campus library (Dacus) and specialized research software provided on the Internet.

The Computer Music Laboratory is located in Byrnes and is supported by the latest computer, keyboard and smart-classroom technology. Students have access to software and hardware supporting composition, music theory, computer music, computer assisted instruction, et al. Lab software offerings include Finale, Digital Performer, Max/MSP/Jitter, ear training and theory drill software, Adobe Creative Suite 2, internet access, Microsoft Office and a host of digital audio and video production packages.

Writing Center

The Writing Center, located in 242 Bancroft Hall, provides a free writing consulting service to all members of the University community: students, staff, administrators and faculty. The Writing Center’s purpose is to help writers at all levels learn more about their writing through tutoring sessions. Tutors help writers analyze assignments, address audiences appropriately, improve their composing processes, strengthen the focus and organization of their writing and improve their control of the language. The Writing Center cannot provide a proofreading/ editing service or guarantee better grades; its primary purpose is to improve writing in the long term.

Although operating hours may vary from semester to semester, the Writing Center is open at least five days a week, with some evening and weekend hours. Scheduling an appointment ensures that a tutor will be available. To make an appointment, telephone 803/323-2138 or visit the Web site at: www.winthrop.edu/wcenter.
Student Services and Support Facilities

Campus Ministries

Representing a variety of denominations and faiths, the spiritual needs of many Winthrop students are met through campus ministries and religious organizations. A full agenda of activities promote fellowship, as well as spiritual and personal growth. Among the religious organizations are:

- Alpha Omega
- Baha’i Club
- Baptist Collegiate Ministries
- Campus Crusade for Christ
- Canterbury of Winthrop
- Collegiate Women for Christ
- Fellowship of Christian Athletes
- Impact
- Jewish Student Organization
- Lutheran Campus Ministry
- Newman Community (Catholic)
- Reformed University Fellowship (PCA)
- Winthrop Presbyterian Student Association (WPSA)

Campus Police

Campus Police are located in the Good Building on Myrtle Drive. It is a full-service police agency serving the Winthrop community by providing law enforcement services 24 hours a day, seven days a week. Services include handling emergency situations, protecting life and property, crime prevention and traffic control.

In case of an emergency, the emergency phone call boxes located throughout the campus connect the caller to Campus Police. The telephone number is 803/323-3333.

The Center for Career and Civic Engagement

The Center for Career and Civic Engagement is home to three distinctive programs: Career Development, Service Learning, and Volunteer and Community Service. This office provides students with a comprehensive approach to career preparation, professional development, personal growth, and service to the community, with experiential learning as a key component.

Career Development

Career Development includes the exploration of career options and job search strategies. Services offered to assist students with their career development include career assessment tools (Strong Interest Inventory and the Myers-Briggs Type Indicator), career counseling, and a career library. Students are also encouraged to take advantage of a variety of workshops and professional development activities including: resume writing, mock interviews, networking techniques, business and dining etiquette, and career fairs. EAGLElink is Winthrop University's online job search engine for jobs, co-ops, internships, and volunteer opportunities. Career Development is located on the first floor of the Crawford building.
Service Learning

Service Learning is an opportunity for students to participate in organized community service that addresses local needs while developing the student's academic skills, sense of civic responsibility, and commitment to the community. The Program Director assists faculty with service learning curriculum, both in and out of the classroom, as well as assists students in developing national and global service learning placements, in conjunction with Career Development. This program also coordinates the Close Scholars and is located on the first floor of the Crawford building.

Volunteer and Community Service Programs

Volunteer and Community Service programs serves as a clearinghouse for community service opportunities, acting as a resource for students, faculty, staff and service agencies in the community. The Program Director coordinates America Reads and Counts Challenge program, Winthrop Homework Clinic, SOAR (Serving Others and Reflecting) and many other service activities. Students are encouraged to stop by Dinkins 120 to learn about volunteer opportunities in which they can become involved.

Counseling Services

The Counseling Services staff helps students (including Charlotte cohorts) deal with such personal concerns as family and relationship difficulties, low self-esteem, stress and anxiety, depression, alcohol and drug abuse, sexual abuse, and eating disorders. Short-term individual, couples, and group counseling is free and confidential.

Learning assistance is available to help students improve study, test-taking, presentation, and time-management skills.

Wellness Services are provided to educate students about such health related topics as substance abuse prevention, contraceptives and sexually transmitted infections, sexual violence prevention and body image.

Services for students with documented disabilities are available to remove barriers that impede academic success.

The College Level Examination Program (CLEP), subject exams for Graduate Record Examination (GRE), Miller Analogy Test (MAT), and the PRAXIS Series are administered. For additional information, call 803/323-2233 or come by 203 Crawford Building between the hours of 8:30 a.m. and 5 p.m., Monday through Friday.

Dinkins Student Center

The headquarters for student activities on the Winthrop campus is Dinkins Student Center. This wireless facility houses administrative offices, including the Vice President for Student Life, Dean of Students and the offices of Residence Life, Multicultural Student Life, Judicial Affairs, Community Service and Americorps, Orientation and New Student Programs and Greek Life. The Center is also home to various student organizations, Dinkins Student Union, the university switchboard and the post office as well as a food court, small auditorium and organizational meeting rooms.

Health Services

Health Services is located on the second floor of Crawford Building. Walk-in services and appointments are available from 8:30 a.m. to 4 p.m., Monday through Thursday and 9:30 a.m. to 4 p.m., on
Friday during the fall and spring semesters unless the University is closed. During the summer, beginning with Maymester, hours are from 8 a.m. to 4 p.m., Monday through Friday. A nurse practitioner is available during the summer for appointments from 1:00 p.m. to 3:00 p.m., Monday through Friday. For emergencies after-hours and weekends, community health care facilities are within a few miles of the University. All charges incurred outside of Health Services are the responsibility of the student. Students are strongly encouraged to be covered by an accident/sickness/major medical insurance policy. Please confirm your student coverage prior to arrival on campus. Students should have their own identification cards from their insurance carriers.

Medical Services are provided by a team of certified and licensed nurse practitioners, registered and licensed nurses, pharmacists, registered pharmacy technicians, and registered laboratory technicians. Basic medical services include consultation, diagnosis, treatment and follow-up of acute illness or injury, such as asthma, back pain, common colds, skin conditions, abdominal pain, headaches, pneumonia, and sexually transmitted infections. Students with chronic health care needs should make arrangements to continue treatment with their current health care provider or to have their records transferred to an appropriate local health care provider.

The pharmacy maintains a limited formulary of prescription and over-the-counter medications and contraceptives. Students may have prescriptions from other physicians filled at the pharmacy. Medicine pick-up times are 4:30 p.m. to 5 p.m. on the day the prescription is ordered and 8:30 a.m. to 5 p.m. on subsequent days.

**Immunizations:** Winthrop University requires all students born on or after January 1, 1957 to provide proof of immunity to German measles (Rubella) and Measles (Rubeola). Two valid measles or MMR immunizations or blood titers showing immunity are required. If you cannot verify your immunizations you will need to be re-immunized. All students must have a screening for Tuberculosis within one year prior to starting classes and a Tetanus vaccination within the last ten years. Age, medical and religious exemptions are allowed by law. All required immunizations are available at Health Services for a minimal fee. Students not in compliance with the Immunization Policy are not allowed to register for classes.

**Multicultural Student Life**

Recognizing that a diverse student body enhances campus life for the entire community, Winthrop is strongly committed to attracting and maintaining a community of learners who value and appreciate diversity through integrating campus resources and programs. One such resource is the Office of Multicultural Student Life.

The Office of Multicultural Student Life partners with many areas of the university to support the social and academic success of all students focusing on the needs of minority students through culturally based programming and diversity training.

The office is designed to augment the academic, personal, cultural and social development of African American, Asian American, Hispanic/Latino, Native American, Jewish, gay, lesbian and bisexual students and other special interest groups by offering a number of services: resources such as publications, books and video tapes; various activities during
Welcome Week; a Martin Luther King Holiday Celebration; and coordination of the “More Than A Month” calendar of events, a series of activities held during the spring semester to highlight the contributions of African Americans in U. S. history.

In support of Winthrop’s commitment to enable students to live, learn and lead for a lifetime, the office of Multicultural Student Life provides opportunities to complement the classroom experience by offering special programs and assisting other offices in recognizing, appreciating and celebrating campus diversity.

**Parking on Campus**

Motor vehicles parked on Winthrop property by faculty, staff and students must be registered with Campus Police. Faculty, staff and students attending only evening classes must also register their vehicles. All vehicles parked on university property must bear either a regular parking permit or a visitor’s parking permit immediately after arrival on campus.

**Performing Arts**

Winthrop University is committed to helping students develop fully as well-rounded, educated persons. In an effort to provide a setting which facilitates intellectual and cultural growth, the university offers numerous opportunities to enhance students’ appreciation of the arts. Whether through participation or attendance, students further develop their artistic talents, perceptions and understandings. The following are performing groups on the Winthrop campus:

- Brass Ensembles
- Chamber Ensembles
- Chamber Singers
- Chorale
- Symphonic Band
- The Bridge
- Wind Symphony
- Jazz Combos
- Winthrop Theatre
- Tuba Choir
- Winthrop Chamber Orchestra
- Winthrop Dance Theatre
- Jazz Voices
- Opera Workshop
- Percussion Ensemble
- Collegium Musicum
- Flute Choir
- Collegiate Choir
- Guitar Ensembles
- Jazz Ensemble
- Woodwind Ensembles
- Clarinet Choir
- Winthrop Chamber Orchestra
- Winthrop Dance Theatre

**Residence Life**

Winthrop offers full-time students many types of living arrangements to meet individual needs and preferences. Seven campus residence halls and one apartment building offer comfortable, air-conditioned facilities ranging from traditional halls with community baths to deluxe suites and modern apartments. Three visitation options are offered in the residential facilities. Students must be enrolled for 9 semester hours to be eligible for campus housing. Students living in the residence halls are required to have a meal plan.

All residence halls are within walking distance of classes, Dacus Library, Thomson Cafeteria and Dinkins Student Center. Laundry and ironing facilities, study rooms, kitchens and eating areas are available in most residences. Linen service is not provided by the University. Rooms are furnished for double occupancy. However, if space is available, students may contract for private rooms at an additional cost.
The Courtyard at Winthrop offers private bedrooms in four or two-bedroom suites with a kitchen. The Courtyard is open 12 months a year and requires a separate lease. To request an application go to www.winthrop.edu/reslife/reshalls/courtyard.html. Roddey Apartments are open 12 months and assignments are made with priority given to married, single family, international and graduate students.

All students assigned to campus housing must sign a contract relating to the terms and conditions of occupancy. It is important for students to read the contract before signing and to be thoroughly familiar with its terms. Violation of terms of the Housing Contract can result in immediate removal from living in the halls and subject the violator to further proceedings in accord with the Student Conduct Code. Graduate students interested in living on campus should contact the Department of Residence Life in the Dinkins Student Center for additional information.

Services for Students with Disabilities

The Coordinator for Students with Disabilities serves as a liaison between students with disabilities and the Winthrop community to ensure full access to programs and services. Through services and accommodations, the goal of the disability services staff is to provide equal educational access for students who provide appropriate documentation. Because each student’s needs are unique, accommodations are provided based on current, appropriate documentation of disability and needs. Students with disabilities are responsible for 1) identifying themselves to the Coordinator through an intake interview, 2) providing documentation, 3) seeking services each semester when needed and 4) using agreed upon academic accommodations. For further information about services for students with disabilities, call 803/323-3290 (V/TDD).

Intercollegiate Sports

The university offers a variety of intercollegiate sports for men and women. Winthrop is a Division I member of the NCAA and a charter member of the Big South Conference. Conference championships are played in both men’s and women’s sports programs. The Winthrop Eagles field teams in both men’s and women’s basketball, tennis, soccer, golf, indoor and outdoor track and cross country; men’s baseball and women’s volleyball and softball. Winthrop has excellent athletic facilities which are clustered in a beautiful lakeside setting.

Recreational Services

Recreational Services promotes healthy lifestyles through diverse quality recreational opportunities and services to engage and enrich mind, body and spirit while enhancing life long learning and adapting to an ever changing campus community. Winthrop offers a spirited and competitive recreational services program involving intramural and extramural sports, fitness and wellness activities, club sports, and special events. Over 40 activities are offered during the academic year ranging from step aerobics to 5-on-5 basketball leagues. Activities are offered for male, female and co-ed participation. All currently enrolled students, faculty and staff of Winthrop University are eligible to participate. For more information, visit our website at http://www.winthrop.edu/studentaffairs/recsports, call 803-323-2198 or stop by the office located at 211 West Center.
Recreational Facilities

Members of the Winthrop community have a wide variety of leisure and recreational facilities available to them. The Winthrop Coliseum, located within a mile of campus, is a modern arena seating more than 6000. In addition to its intercollegiate facilities, the Coliseum houses a weight room and a training room for athletes.

Behind the Coliseum lies Winthrop Lake and the University's 325-acre recreational complex, featuring baseball and softball fields, soccer fields, 12 lighted tennis courts, a cross country course and golf course. Adjacent to the lake is The Shack, traditionally a gathering spot for student activities.

The Outdoor Education Center, also known as the Ropes Course, is located here. Groups and organizations use this facility to develop team-building and leadership skills through a series of unique, problem-solving exercises.

The Lois Rhame West Health, Physical Education and Wellness Center located on main campus includes a 30 foot climbing wall, 4 basketball courts also used for volleyball and badminton, 4 racquetball courts, a 25 yard pool with eight lanes, cardio stations consisting of 56 pieces of equipment including treadmills, elliptical machines, upright and recumbent bikes, an 8,000 square foot weight room with free weights and 66 machines featuring Magnum and FreeMotion equipment, a 1/8 mile track overlooking the gymnasium area and 2 activity/aerobics rooms. For more information please visit our website at http://www.winthrop.edu/westcenter, call 803-323-2652 or visit our office in 211 West Center.

Victim Advocacy

Victim Advocacy Services will be provided to any Winthrop student who has been victimized by crime. These services include but are not limited to: providing immediate crisis intervention, informing victims of their rights, assisting victims throughout the investigation and prosecution of the crime and serving as a liaison for the student within the college community. The victim advocate services are available to any currently enrolled Winthrop student, whether the crime occurred on or off campus and whether the victim chooses to file an official report with Campus Police or Rock Hill Police Department. All communication with administrative offices is handled with the utmost discretion. For more information regarding this program, contact the Campus Police at 803/323-3333.

Wellness Program

The Wellness Program promotes healthy lifestyles through outreach and individual education on a variety of health and wellness issues. Presentations may be arranged on such topics as stress management, sexually transmitted infections, contraception, gender issues, sexual assault, eating disorders, alcohol/other drug abuse prevention and related topics. Individual wellness consultations to address personal concerns relating to these issues are also available. The Wellness Program is a component of Health and Counseling Services. Call 803/323-2233 for more information.
Graduate Admissions

Admissions Policy

Admission to graduate study at Winthrop University is open to applicants (1) who have earned a baccalaureate degree from a regionally accredited institution with an adequate cumulative grade-point average, and (2) who have achieved an adequate score on an appropriate standardized examination. Applicants to certain degree programs may be required to meet additional criteria, which are specified in the “Degree Requirements” section of the Catalog.

Winthrop University admits all qualified applicants and offers equal educational opportunities regardless of race, color, sex, age, national origin, religion or disability. Applicants are admitted on the basis of the probability of their success in completing the requirements for graduation.

Admission Requirements
Degree Seeking Applicants

3. Official Transcripts: Applicants must submit official transcript(s) (sent directly to the Graduate School, Winthrop University from the issuing institution) for all institutions attended for undergraduate and graduate work. All applicants must have a baccalaureate degree from a regionally accredited institution

4. Standardized Test Scores: Each applicant must submit an official score on a standardized test (GMAT, GRE, MAT, PRAXIS, etc.), as appropriate to the discipline. An adequate score on an appropriate standardized test is required for admission to a graduate degree program. The appropriate test for each degree program is listed with the program description. (See “Degree Requirements" section.)

5. Preparation: Applicants should have demonstrated adequate academic preparation in their proposed area of study. Those with deficiencies in academic preparation may be required to take additional work to strengthen their backgrounds.

The individual colleges may have other requirements, such as letters of recommendation, additional test scores, experience, an audition or a personal interview and educational background beyond the bachelor's degree. Additional admission requirements for specific programs are listed in the "Degree Requirements" section.

2. Residency Form: All applicants who claim South Carolina residency for tuition and fee purposes are required to complete a residency form. Additional information may be requested if further clarification is needed.

1. Application: Each applicant must submit a completed application form with the appropriate non-refundable application fee to the Graduate School, 209 Tillman Hall, Winthrop University, Rock Hill, SC 29733. Applications for admission must be received by the specified deadline.
Graduate Admissions

6. Approval for Admission: Each applicant for admission to a degree program must have the approval of the college in which the student’s area of specialization is located. Although admission documents are submitted originally to the Graduate School, all credentials are reviewed by the individual college, where the admission decision is made. (See “Notification of Admission.”)

Application Deadlines

Application deadlines for admission of United States citizens and residents are as follows:

- **July 15**: Fall semester
- **December 1**: Spring semester
- **May 15**: Summer-June enrollment
- **June 15**: Summer-July enrollment

To ensure complete review of applications, students are encouraged to submit applications and credentials well before the posted deadlines.

Some programs have special application deadlines. In these cases, applicants are expected to submit the application as well as official transcripts, official test scores and other credentials by the special application deadlines indicated below:

- **August 15**, for spring admission, CADE Dietetic Internship;
- **December 15**, for summer admission, MEd in Counseling and Development
- **February 1**, for summer and fall admission, MEd in Educational Leadership, and fall admission, School Psychology;
- **February 15**, for summer admission in MA in Art Education, for fall admission, MA in Arts Administration;
- **April 15**, for fall admission for MS in Biology.

Applications for admission and supporting credentials for prospective international students must be received by April 15 or September 15 for registration in the fall or spring semester, respectively. Thus, international applicants living outside the United States should complete the required standardized tests at least three months prior to April 15 or September 15, as appropriate.

Admission Requirements
Non-Degree Applicants

1. **Application**: Each applicant must submit a completed application form, with the appropriate non-refundable application fee, to the Graduate School, 209 Tillman Hall, Winthrop University, Rock Hill, SC 29733.

2. **Residency Form**: All applicants who claim South Carolina residency for tuition and fee purposes are required to complete a residency form. Additional information may be requested if further clarification is needed.

3. **Official Transcripts**: Applicants must submit official transcripts (sent directly to the Graduate School, Winthrop University from the issuing institution) indicating completion of a baccalaureate degree from a regionally accredited institution, or a copy of a South Carolina Class III Teaching Certificate or its equivalent from another state.

Students may be admitted with GN (graduate non-degree) status if the stated undergraduate prerequisites do not exceed 12 hours. Students needing more than 12 hours of prerequisites should seek admission as an undergraduate special. Admission as a graduate non-degree student in no way guarantees subsequent
admission into a graduate degree program. Students classified as graduate non-degree who later elect to pursue a degree program must have their credentials evaluated for admission to the program.

**GN students who are seeking admission to a graduate degree program may take no more than 12 semester hours of graduate credit at Winthrop prior to being fully admitted to a graduate degree program.** Should the student subsequently be admitted to a degree program, a maximum of 12 semester hours of graduate non-degree credit may be applied toward the degree.

**Courses taken while a student is classified as graduate non-degree may not be applied toward a degree program in the College of Business Administration. The College of Business Administration restricts this category to transient students enrolled in other graduate programs, to students holding graduate business degrees and to students taking courses to satisfy professional obligations such as teacher certification requirements.**

**Note:** Students who are admitted as non-degree are not eligible for financial aid.

**Admission Requirements Transient Applicants**

Graduate students at other regionally accredited institutions wishing to enroll in a graduate course at Winthrop for transfer back to their home institutions are assigned transient graduate non-degree (GN) status. These students are admitted if they are eligible to continue as graduate students in good standing in their home institutions and on the written approval of the graduate dean of those institutions.

1. **Application:** Transient applicants must submit a graduate transient application and the appropriate non-refundable application fee to the Graduate School, Winthrop University, Rock Hill, SC 29733.

2. **Residency Form:** All applicants who claim South Carolina residency for tuition and fee purposes are required to complete a residency form. Additional information may be requested if further clarification is needed.

3. **The Statement of Authorization:** The statement of authorization from the applicant's home institution must be completed on the graduate transient application form.

Transient graduate students will not be changed to regular status without meeting regular admission requirements through the Graduate School.

**Admission Requirements International Applicants**

1. **Application:** All international graduate applicants must complete an application form and send it with the appropriate non-refundable application fee to the Graduate School, 209 Tillman Hall, Winthrop University, Rock Hill, SC 29733, USA.
Applications for admission of prospective international applicants must be completed by April 15 or September 15 for registration in the fall or spring semester, respectively.

2. Official Transcripts: Applicants must submit official transcripts (sent directly to the Graduate School, Winthrop University from the issuing institution) of all undergraduate and graduate work in the applicant's native language and in English. If the degree completion statement does not appear on the transcript, an official statement verifying the completion of the degree is required in the native language and in English.

3. Test of English as a Foreign Language: All international graduate applicants must present an official TOEFL score of at least 550 on the paper-based exam or 213 on the computer-based exam or an IELTS internet score of 79 (for the MBA program 65) or ELS 112 to the Graduate School.

4. Standardized Test Scores: Each applicant must submit an official score on a standardized test (GMAT, GRE, MAT, PRAXIS, etc.), as appropriate to the discipline. An adequate score on an appropriate standardized test is required for admission to a graduate degree program. The appropriate test for each degree program is listed with the program description. (See “Degree Requirements” section.)

5. Recommendations: The international graduate applicant must submit three letters of recommendation to the Graduate School from previous professors and/or employers.

6. Financial and Bank Statement: A certified financial statement indicating the applicant's ability to pay for expenses incurred as a student and an original/official bank statement no more than six months old at the time of registration must be submitted to the Graduate School in order to obtain the I-20 visa. In certain cases, advance payment of tuition and fees may be required.

7. Health Insurance and Medical Form: International applicants who are admitted to Winthrop University may purchase health insurance at extra cost. Information regarding purchasing insurance is available from Health Services and the International Center during the International Student Orientation. All international students are required to submit a medical form, with complete immunization records, to Health Services prior to registering for classes.

Admission Requirements
International Non-Degree Applicants

1. Application: All international graduate applicants must complete an application form and a statement of purpose explaining the applicant’s reasons for requesting non-degree admission. Send the application and statement of purpose along with the appropriate non-refundable application fee to the Graduate School, 209 Tillman Hall, Winthrop University, Rock Hill, SC 29733, USA.
Applications for admission of prospective international applicants must be completed by April 15 or September 15 for registration in the fall or spring semester, respectively.

2. **Official Transcripts:** Applicants must submit official transcripts (sent directly to the Graduate School Winthrop University from the issuing institution) of all undergraduate and graduate work in the applicant’s native language and in English. If the degree completion statement does not appear on the transcript, an official statement verifying the completion of the degree is required in the native language and in English.

3. **Test of English as a Foreign Language:** All international graduate applicants must present an official TOEFL score of at least 550 on the paper-based exam or 213 on the computer-based exam or an IELTS internet score of 79 (for the MBA program 65) or ELS 112 to the Graduate School.

4. **Recommendations:** The international graduate applicant must submit three letters of recommendation to the Graduate School from previous professors and/or employers.

5. **Financial and Bank Statement:** A certified financial statement indicating the applicant’s ability to pay for expenses incurred as a student and an original/official bank statement no more than six months old at the time of registration must be submitted to the Graduate School in order to obtain the I-20 Visa. In certain cases, advance payment of tuition and fees may be required.

6. **Health Insurance and Medical Form:** International applicants who are admitted to Winthrop University may purchase health insurance at extra cost. Information regarding purchasing insurance is available from Health Services and the International Center during the International Student Orientation. All international students are required to submit a medical form, with complete immunization records, to Health Services prior to registering for classes.

   Students may be admitted with GN (graduate non-degree) status if the stated undergraduate prerequisites do not exceed 12 hours. Students needing more than 12 hours of prerequisites should seek admission as an undergraduate student. Admission as a graduate non-degree student in no way guarantees subsequent admission into a graduate degree program.

   Students classified as graduate non-degree, who later elect to pursue a degree program, must apply for admission to the program of their choice and have their credentials evaluated for admission to the program.

   **GN students who are seeking admission to a graduate degree program may take no more than 12 semester hours of graduate credit at Winthrop prior to being admitted to a graduate degree program.** Should the student subsequently be admitted to a degree program, a maximum of 12 semester hours of graduate non-degree credit may be applied toward the degree.
Courses taken while a student is classified as graduate non-degree may not be applied toward a degree program in the College of Business Administration. The College of Business Administration restricts this category to transient students enrolled in other graduate programs, to students holding graduate business degrees and to students taking courses to satisfy professional obligations such as teacher certification requirements.

Graduate non-degree students may enroll only in those courses for which they have received approval from the dean of the college at Winthrop offering the course(s). Students will be responsible for presenting documentation that course prerequisites have been met.

Graduate non-degree students will not be changed to regular status without meeting regular admission requirements through the Graduate School.

Note: International students who are admitted as non-degree are not eligible for financial aid, graduate assistantships or scholarships.

Application Fee and Time Period

All applicants for admission to graduate studies must submit a complete application with a $50 non-refundable application fee.

Applicants should submit all payments to Winthrop University in United States currency. Payment must accompany the application before it can be processed. The application and credentials are valid for a period of one year beyond the initial date desired for enrollment. Applicants who enroll within this time period pay the fee only once regardless of the number or date of future enrollments. Applicants who do not enroll within this time period and who subsequently desire to be admitted must reapply and repay the fee (non-refundable) and may be required to resubmit all supporting materials.

Disposition of Application Materials

Credentials or supporting materials submitted for admission to the Graduate School become the property of the University and are not returned. Copies will not be provided to a third party outside the University even at the applicant's request. Copies may be provided to appropriate offices at the University in the interest of academic matters or financial awards relative to the applicant.

Graduate Credit for Winthrop University Seniors

Winthrop seniors with an overall grade-point average at Winthrop of 3.0 or better may be permitted to take courses numbered 500-599 for graduate credit during their final semester of undergraduate work, provided the total course load (undergraduate and graduate) for that semester does not exceed 16 semester hours. The student may receive graduate credit for these courses only if the requirements for the baccalaureate degree are satisfactorily completed by the end of that same semester.

Senior accounting students in their final term may take one 600-level accounting class if the student meets the following conditions:

1. Admitted to graduate studies for the MBA Accounting Option;
2. Limited to one 600-level accounting course;

3. A 3.0 undergraduate grade-point average; and

4. Limited to maximum load of 16 semester hours.

Undergraduate students who wish to take courses for graduate credit must receive specific approval from the academic dean of the college in which they are majoring. Approval applications are available in the Graduate School Office.

**Mandatory Immunization Requirements**

Students must demonstrate immunity to measles, rubella, diphtheria and tetanus and must have a TB test before registration for classes is allowed. Students taking classes off-campus or attending a class of two weeks or less are exempt from the immunization requirements.

Every Winthrop student must meet the health requirements of the University as stated in the Winthrop University Student Health Services bulletin. All medical information is confidential and does not affect a student's admission status.

All full-time and part-time students who wish to use the health services are required to submit the Student Health Service Medical Form to Health Services. This medical form consists of personal health data as well as a Physician's Statement of Health. This form should be filled out first by the student and then given to the student's physician for completion. The completed form should be sent to Health Services, Winthrop University, Rock Hill, SC 29733.

**Notification of Admission**

After a student's application and credentials are reviewed in the appropriate academic unit, the Graduate School informs the applicant by letter of the admission decision.

Students are admitted to graduate study as graduate degree students (G) or graduate non-degree students (GN). Students who are awarded G status are admitted without restrictions to the program for which they have made application. Students awarded GN status are not considered degree candidates and, therefore, are not admitted to any program.

**Readmissions**

Any Winthrop graduate student who has withdrawn from the University for any reason or who was not registered for courses the previous semester is required to apply for readmission through the Graduate School. Official transcripts from all regionally accredited institutions attended during a student's absence from the University must be submitted when applying for readmission.

Credentials of graduate students applying after an absence of 12 months or more are reviewed for readmission under the current catalog.

Students seeking readmission into the same graduate degree program after an absence of one to five years may be excused from the admission criteria in effect at the time of readmission if the academic unit deems such waiver appropriate. The student is, however, required to complete the graduation requirements in effect at the time of readmission.
Graduate Admissions

requirements in effect at the time of readmission.

Graduate students who have been absent for five calendar years or longer are subject to admission policies which apply to first-time applicants:

1. All admission credentials must be evaluated against current admission criteria;

2. Any special permissions, waivers, substitutions or other dispensations previously granted by Winthrop are void; and

2. All credit hours previously earned at Winthrop, including credit by examination, re-evaluated against current criteria.

Senior Citizens

Under the provisions of Section 59-111-320 of the South Carolina Code of Laws, state supported colleges and universities are authorized to permit legal residents of South Carolina who have attained the age of 60 to attend classes for credit or noncredit purposes on a space available basis without the required payment of tuition, if these persons meet admission and other standards deemed appropriate by the college or university and if these persons did not receive compensation as a full-time employee. Exemption must be requested at time of registration.

A $10 registration fee is required, in addition to any lab fees, book purchases and/or other course fees. Applications for Graduate Admissions are available in the Graduate School Office.

Testing Information

To access information regarding the following tests, refer to the following websites:

Graduate Record Examination (GRE) http://www.ets.org

Graduate Management Test (GMAT) http://www.mba.com

Millers Analogy Test (MAT) http://www2.winthrop.edu/hcs/testingservices-home.htm

Test of English as a Foreign Language (TOEFL) http://www.ets.org
The 2009-2010 fees listed below are subject to change by action of the Winthrop Board of Trustees.

  - Commuter 50 Meal Flex Plan + $290 Café Cash | $615 |
  - Commuter 25 Meal Flex Plan + $240 Café Cash | $425 |
  - Commuter $565 Café Cash | $550 |

*All meal plan prices for residence hall students are equal. Students may choose from the listed options.*

For more information regarding fees go to the Cashiers Office website at:\nhttp://www.winthrop.edu/cashiers.

### Tuition Policy for Out-of-State Graduate Students

Graduate students qualifying for any of the following exceptions shall pay the same fees as in-state graduate students:

1. Graduate assistants;
2. Graduate students holding fellowships;
3. Graduate students with academic scholarships in an amount sufficient to receive a waiver;
4. Graduate students participating in the Academic Common Market; or
5. Graduate students from the Member Counties in the Carolina Partnership for Economic Development.

*Effective July 1, 1999, Winthrop University was authorized by state law to offer graduate-level in-state tuition to residents of the member counties of the Carolinas Partnership for Economic Development, up to existing academic capacity. The South Carolina counties of York, Chester and Lancaster Counties have been joined in this partnership by the North Carolina counties of Mecklenburg, Gaston, Alexander, Anson, Cabarrus, Catawba, Cleveland, Iredell, Lincoln, Rowan, Stanly and Union. Potential enrollees who are residents of any of these counties should request further details about this policy from the Graduate School at Winthrop University 800/411-7041 or 803/323-2204.

**Miscellaneous Fees and Expenses**

**Application Fee.** A non-refundable application fee of $50 must accompany each new application to the University. The application fee must be paid in United States currency. The application for admission and the application fee will be valid for one calendar year from the applicant’s original entry date. Should the student not matriculate during that year, a new application and new application fee will be required.

**Graduation Fee.** A $50 graduation fee will be charged to your student account. You may submit your Application for Graduation before paying the graduation fee.

**Commencement Costs.** All students participating in the commencement exercises must wear appropriate academic regalia, which is available through The Bookworm. The charge for a disposable cap, gown and hood and for other commencement expenses is approximately $55 for advanced degree candidates.

**Laboratory Fees.** A laboratory fee is charged for courses in which specialized equipment and consumable supplies are used. Refer to the "Courses of Study" section of this catalog to determine specific courses and charges.

**Motor Vehicle Registration Fee.** Motor vehicles operated or parked on Winthrop University property must be registered. Resident students may register one vehicle at $75 for all students except The Courtyard who pay $50.

**Textbooks and Materials Cost.** The cost of textbooks and materials is not included in the regularly assessed fees and varies with the requirements of specific courses. Textbooks and materials are available on a cash basis from The Bookworm, Winthrop University's bookstore.

**Thesis Binding Fee.** A binding fee of $15 per thesis copy must be paid at the time the thesis is submitted to the Graduate School.

**Fee Payment Schedule**

Fee payments are due by 5 p.m. in the Cashier's Office, 22 Tillman Hall, on or before the dates specified in the Winthrop University Online Schedule of Courses and Wingspan prior to each registration. All checks and money orders should be made payable to Winthrop University and may be mailed to the Cashier’s Office, Winthrop University, Rock Hill, South Carolina 29733. Please include legal name of student and identification number on all correspondence.
The following other payment options are available electronically at https://wingspan.withrop.edu or http://winthrop.edu/cashiers:

- Electronic check with no transaction fee
- American Express, MasterCard or Discover Credit Card payments with a 2.5 percent transaction fee.

**Registration Validation**

Validation is a term used to verify that a student will be attending classes for which he/she has registered in a given semester and that all financial obligations associated with the registration have been settled.

If your balance is zero before the fee payment deadline, you may request validation on line at https://wingspan.withrop.edu or http://winthrop.edu/cashiers.

If you have a balance to pay, your schedule will be validated when your payment is received.

If your schedule is not validated by the fee payment deadline, your class schedule will be dropped.

**Monthly Payment Plan**

Students may pay academic, room and board fees through the Winthrop Monthly Payment Plan (WPP). The features of WPP are as follows:

1. Only academic, room and board fees are deferrable—any previous balance and all miscellaneous charges such as health services charges, library fines, and traffic fines, etc., are payable in full each month. The WPP is not offered during the Summer Term.

2. New students are automatically eligible to participate. Returning students will be eligible as long as they have a satisfactory credit history with Winthrop.

3. An application for participating in the WPP is part of your first billing statement for each semester for billing for academic, room and board fees. Students must complete the application and return it with the required payment by the fee payment deadline. You may also enroll on the cashier's website at http://www.winthrop.edu/cashiers.

4. Four equal payments per semester are due on or about the 1st of each month (September, October and November for the Fall semester and February, March and April for the Spring semester).

5. Failure to make monthly payments as agreed will result in the student's ineligibility for participation in WPP in future semesters.

6. There is an administrative fee each semester for participating in the WPP. The student must sign up for WPP for each semester desired.

7. A late fee will be assessed each month in which the payment is not received by the due date.

Please direct WPP questions to the Cashier’s Office in 22 Tillman Hall or telephone 803/323-2167.
Past Due Indebtedness

Students are expected to keep their University accounts current. Students with past due accounts are not allowed to obtain transcripts, grade reports or diplomas, or to enroll for additional coursework. The University reserves the right to cancel enrollment of a student with a past due account. The enrollment cancellation does not relieve the student of the incurred debt.

Under the provisions of Sections 12-54-50 and 12-53-20 of the South Carolina Code of Laws, the South Carolina Department of Revenue is authorized to garnish wages from debtors and/or seize tax refunds otherwise due to taxpayers who have delinquent debts with Winthrop.

If an account becomes delinquent, the University reserves the right to assign the account to a collection agency, and the student will be responsible for all associated collection costs.

Returned Check Policy

A personal check given in payment of University expenses, which is subsequently returned by the bank unpaid, immediately creates an indebtedness to the University.

Once the Cashier's Office has been notified by the bank of a returned check, an email is sent to the issuer of the check. The issuer of the check will have three (3) days from the date of this letter to redeem the check by paying the full amount of the check, plus a returned check penalty equal to the maximum amount permitted by law (SC Code of Laws, section 34-11-70). Payment of a dishonored check must be made by cash, cashier's check, money order, or American Express, MasterCard or Discover credit cards.

Fee Adjustments for Withdrawals

Students admitted and registered for courses at Winthrop University are financially and academically responsible for fees and charges associated with those courses. When a student withdraws from one or more courses, a refund may be due or a repayment owed in accordance with institutional guidelines.

Students receiving Title IV Federal Funds, which have been applied against their charges, may also be subject to the Federal Refund/Repayment Guidelines: Section 668.123.

Academic Fee Adjustments. For all students, except students enrolled for the first time at Winthrop, and receiving Title IV Federal Funds, academic fees will be prorated on the basis of the following schedule:

<table>
<thead>
<tr>
<th>Official Fee Withdrawal Date</th>
<th>Percentage of Academic Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before end of 1st week of classes</td>
<td>100 %</td>
</tr>
<tr>
<td>Before end of 2nd week of classes</td>
<td>75 %</td>
</tr>
<tr>
<td>Before end of 3rd week of classes</td>
<td>50 %</td>
</tr>
<tr>
<td>Before end of 4th week of classes</td>
<td>25 %</td>
</tr>
</tbody>
</table>

Laboratory Fees are non-refundable.
**Housing and Meal Adjustments.**
Housing fees are prorated on a weekly basis through the seventh week of each semester. Meal fee refunds are prorated on a weekly basis throughout each semester. Be sure to read the residence hall contract regarding contract cancellation policies.

**Processing Fee Adjustments.**
Adjustments due are computed from the date of official withdrawal from the University, official reduction of course load, official withdrawal from courses or official withdrawal from housing. When forms required for reduction of course load or complete withdrawal are filed in a timely manner, it is anticipated that this process would be completed in 14 days from the date these forms are submitted.
Financial Assistance

At Winthrop University, we believe higher education should not be a privilege reserved only for those who can afford it. The Office of Financial Aid is committed to helping Winthrop students find appropriate ways to finance their education.

Fully admitted, degree-seeking applicants may be considered for a Graduate Assistantship, Graduate Incentive Scholars Award, Winthrop Graduate Scholarship or the Yu and Pai-Chih Bey Memorial Scholarship.

Applicants for graduate assistantships should demonstrate skills and/or experience in the area of expertise for which they will have responsibility. Applicants for Graduate Incentive Scholars Awards and Winthrop Graduate Scholarships should demonstrate ability or promise of academic excellence. Need of financial assistance may be considered for Winthrop Graduate Scholarships and the Yu and Pai-Chih Bey Memorial Scholarship. Non-degree students are ineligible to receive financial awards.

Nominations from the academic units for Graduate Incentive Scholars and Beh Scholarships are forwarded to the Graduate Scholarship Committee. This committee, made up of the graduate directors from the Colleges of Arts and Sciences, Business, Education and Visual and Performing Arts, review and endorse candidates for these financial awards. Graduate Assistantships and Winthrop Graduate Scholarships are determined by each academic unit.

Students interested in applying for financial awards should submit the Application for Financial Awards to the graduate director of each academic unit by February 15. The graduate director for each academic unit will coordinate the review process for financial awards and submit nominations to the Graduate Scholarship Committee for final review and endorsement. The committee will submit the name of the award recipients to the Graduate School Office. Award letters will be issued by the Graduate School in conjunction with the Office of Financial Aid.

The Graduate Directors will forward the Application of Graduate Assistantships and Winthrop Graduate Scholarships to the appropriate department for consideration. Nominations for those awards will be submitted by the academic departments to the Graduate School Office.

Graduate Assistantships

Academic Graduate Assistantships are available in many of the departments and colleges offering graduate work. Application forms may be obtained from the Graduate School, 209 Tillman Hall. The completed applications are submitted directly to the Graduate Director in the student’s college and to any other department in which the applicant wishes to apply.

A limited number of non-academic graduate assistantships may be available in several areas. Students interested in working in these areas should contact the Graduate School or visit the Assistantship web site at: www.winthrop.edu/graduateschool/assistantships.
Graduate assistants should not begin working until the Graduate Assistant Employment and Wage Agreement Form has been approved by the Office of Human Resources and Affirmative Action.

Students enrolled for student teaching are ineligible to serve as a graduate assistant that semester. Additional tuition charges beyond the 9-hour load, lab fees and other charges must be paid by the student.

Graduate students seeking to take more than 12 hours must have the permission of the academic dean. The only exception to the minimum course load is when the student needs a smaller number of hours to complete the degree program. Enrollment in GSTC 600 is unacceptable. The recipient must be registered for a full-time course load prior to signing the Graduate Assistant Employment and Wage Agreement form. Students may hold only one full assistantship.

Graduate Associateships

The Division of Student Life offers Graduate Associateships to graduate degree-seeking students who demonstrate abilities appropriate to the work positions. Remuneration is typically a $1800 stipend and a 9 credit hour tuition waiver. The associateships require 20 hours of service per week. (There are some limited variations in Residence Life with the graduate associate holding the title of Residence Director.)

Position availability varies by academic year and budget allocations. Graduate associateships are typically in the following departments within the Division: Office of Financial Aid, Residence Life, Career Services, Student Affairs, and Counseling and Health Services. Position descriptions vary by department. Position descriptions and contact information are available on line at http://www.winthrop.edu/studentlife/ga/.

Graduate Scholarships

Yu and Pai-Chih Beh Memorial Endowed Scholarship. Established in 1992 by the Beh family, this is a Permanent Endowment Fund created to honor Professor Yu Beh and Mrs. Pai-Chih Beh of China, parents of Catherine Beh Cheng (Winthrop class of ’59) and grandparents of Joyce Wang Mu (Winthrop class of ’85). The purpose of this scholarship is to encourage one or more graduate students from China to come to the United States and study at Winthrop University. Letters of application should be submitted to the Graduate School by February 15.

Annette Wells Shelley Scholarship. Established by Annette Wells Shelley, alumna, this is for a student seeking a graduate degree in the College of Education. Financial need is a criterion. Applications should be made to the Director of Graduate Studies in the College of Education.

Winthrop Graduate Scholarships. The recipients are selected on the basis of ability and future promise. Recipients must be fully admitted into a degree program at Winthrop, enrolled and in good standing during the semester for which the award is given. Students on probation may not be awarded a scholarship. (Future graduate students must have applied for admission to a graduate program in order for their applications to be considered.) These scholarships represent an outright gift from the Winthrop Foundation and do not require any work responsibilities on the part of the student. Applications for these scholarships may be secured from the Graduate School,
209 Tillman Hall. Awards are made beginning February 15. A recipient of the scholarship is permitted to hold both a Winthrop Graduate Scholarship and some other major form of aid, such as a graduate assistantship.

**Graduate Incentive Scholars Program.** Members of a minority race who enroll in graduate programs at Winthrop may be eligible for fellowships under the Graduate Incentive Scholars Program, as provided in the State Access and Equity Program. Applicants must be US citizens, bona fide residents of South Carolina, members of a minority race, and fully-admitted, full-time students at Winthrop. Interested students should contact the Graduate School, 209 Tillman Hall, 803/323-2204 or 800/411-7041 or online at www.winthrop.edu/graduateschool

**Mary Roland Griffin Scholarship.** Established in 1994 by alumnae and friends for a student enrolled in the MS program in physical education. This is a permanent endowment fund created to honor Dr. Mary Roland Griffin, Winthrop class of 1950 and Professor Emeritus. Applications should be submitted to the chair, Department of Health and Physical Education.

**Frank Bryan Tutwiler Scholarship.** The purpose of the fund is to provide scholarships for graduate students pursuing a Master of Arts in Teaching. The students must meet the following criteria: a) undergraduate degree in one of the sciences to include biology, chemistry, physics and geology from a regionally accredited college or university, b) complete undergraduate studies with a minimum of 3.0 grade point average and c) show evidence of potential as a successful science teacher. All criteria have to be met. Recipient selection and the number of recipients will be determined under the auspices of the Director of Graduate Studies, Richard W. Riley College of Education.

**Mayme and Mark Mauldin Fellowship for Excellence in Special Education.** This fellowship provides financial support for York County teachers seeking a Special Education Certification from Winthrop.

**Melle Beach Casey Award.** The Melle Beach Casey Award is presented to an outstanding graduate student in music with a high GPA and a high level of achievement in applied music.

**Burgh Rutledge Johnson Scholarship.** This scholarship provides financial support for students enrolled in the Master of Arts in Teaching program (for classroom teaching). First preference is for female students and those with financial needs.

**Margaret M. Bryant Graduate Scholarship in Humanities.** This fund was established by Dr. Margaret M. Bryant, Class of 1921, as a permanent endowment created to provide financial assistance for one or more students pursuing graduate studies in the humanities at Winthrop, with preference given to graduates of Winthrop's undergraduate programs.

For additional scholarships, please visit the Graduate School website at: www.winthrop.edu/graduateschool/default.aspx?id=4497.

**Need-based Financial Assistance**

Students who wish to apply for federal student loans should complete the Free Application for Federal Student Aid (FAFSA) and list Winthrop University (code number 003456) as a recipient. FAFSA’s should be completed on-line at www.fafsa.ed.gov.
Students who wish to receive aid for fall semester should submit the FAFSA by May 1. (September 1 for spring semester applicants and March 1 for summer session applicants.) All awards of need-based financial aid are made annually; and students must reapply each academic year in order to be considered for assistance. The Office of Financial Aid is located in 119 Tillman Hall, 803/323-2189. Students interested in applying for a South Carolina Teacher’s Loan should contact the Office of Financial Aid directly. **Note: Students who are admitted as non-degree students are ineligible to receive financial aid.**

**Other Sources of Financial Assistance**

**The South Carolina Association of Family and Consumer Sciences Loan Fund.** Application information is available in the office of the Dean of the College of Education.

**The Department of Career Development and Service Learning Office.** The Department of Career Development and Service Learning Office, Crawford Building, coordinates the Cooperative Education program, a program available to graduate students combining traditional academic study with paid career-related work experience. Students may also contact the co-op director or the graduate director in their college for further information on the Cooperative Education program.

**Veterans Benefits.** Winthrop is approved by the State Approving Section, South Carolina State Department of Education, for training of eligible veterans, disabled veterans and children of deceased or disabled veterans. Contact the Veterans Administration Regional Office, 1801 Assembly Street, Columbia, SC 29201 for information and necessary forms. The veteran or other eligible person should contact Winthrop’s Veterans Coordinator at least 45 days before the beginning of the semester in which the student plans to enter the University.

Children of disabled or deceased veterans may receive additional assistance in payment of tuition and fees. For information regarding eligibility and applications, contact the State Approving Section, South Carolina State Department of Education, Rutledge Office Building, Columbia, South Carolina 29201. To receive veteran’s benefits, veterans and other eligible persons must read and sign a “Veterans Compliance Agreement” (available from Winthrop’s Veterans Coordinator), indicating understanding of the agreement and willingness to comply with the procedures and regulations. The regulations require the Veterans Coordinator be informed immediately of the number of semester hours in which the student is enrolled each term, changes in enrollment and changes in the chosen degree program. For more information contact the Veterans Coordinator, Records Office, 126 Tillman, 803/323-3691.
ACADEMIC REGULATIONS

Academic Eligibility

Probation

Once students have been admitted with graduate degree status (G) or with graduate non-degree status (GN), they are expected to maintain a 3.0 cumulative grade-point average. Students whose cumulative grade-point averages fall below 3.0 are placed on academic probation. A graduate student will be allowed to repeat a maximum of two courses in which the student has been assigned a grade of C or F. A given course may be repeated once.

Graduate students placed on academic probation are required to restore their overall grade-point average to 3.0 within 9 additional gross semester hours of graduate work, including repeated and dropped courses.* Failure to do so will result in dismissal from graduate study.

Grade-point averages calculated for removal of probationary status are based on all graduate courses taken at Winthrop University, not on selected courses. All course work used to restore the grade-point average to 3.0 must be completed at Winthrop. Credit earned at any other institution while the student is on academic probation or is ineligible to enroll at Winthrop cannot be applied to any degree at Winthrop University.

*Because of the lock-step structure of the Executive MBA program, graduate students in this program must restore their overall grade-point average to 3.0 within two additional semesters of graduate work. An EMBA student must achieve a minimum of 2.5 grade-point average for the 12 hours of the first semester (BADM 671, EMBA Module 1) in order to continue in the program. Students will be allowed to enroll in the third semester of the program (BADM 673, EMBA Module 3) only with completion of BADM 671, EMBA Module 1 and BADM 672, EMBA Module 2 with a grade-point average of at least 2.75.

Dismissal

Students who have been dismissed because academic ineligibility may reapply for graduate admission. The following policies apply to graduate non-degree and graduate degree students applying to the same or a new graduate program. Students wishing to be readmitted following a dismissal must wait at least one year before applying. (One year is defined as two semesters or one semester and one summer session.) During this period, they are ineligible for admission to any program at Winthrop University.

When students reapply following dismissal, they are responsible for assembling all credentials required for readmission by the appropriate academic unit. Students’ credentials are evaluated and the admission decision is made by the academic unit. These credentials must include a transcript of all work at Winthrop University prior to the dismissal. No course with a grade below B from students’ previous (prior to dismissal) may be applied for readmission credit. If a student who previously received course grades below B is readmitted, the student may repeat these courses regardless of prior repetitions. However, a grade below B after readmission in any course will result in immediate dismissal.
Petitions

Any graduate student may appeal for variations in university-wide graduate policies and regulations by submitting a petition, written by the student, to the Graduate Petitions Committee through the Graduate School. Instructions for a petition may be found on the Graduate School website. Petitions must by typed in the recommended format and signed by the student.

Signatures from the student’s advisor, department chair, and dean or graduate director are also required. Petitioners are encouraged to attach a letter of recommendation from their advisor, however, letters of recommendation are optional. The Assistant Dean of the Graduate School will forward the petition and all accompanying documentation to the Graduate Petitions Committee. The student, advisor, and the college dean will be notified of the decision once it is made.

Meeting dates of the Petitions Committee are available in the Graduate School. Special meetings of the Petitions Committee may be called by the chair. Appeals of the decision of the Graduate Petitions Committee may be made to the Dean of the Graduate School.

Fluency in English

A grievance policy exists in cases where a student claims that a faculty member’s fluency in English is not adequate to conduct a course. Students may consult department or deans’ offices or the Office of Academic Affairs to obtain the full text of the policy and grievance procedures.

Advisement

Academic advisement at Winthrop is viewed by both faculty and students as an integral part of the learning process. The primary role of the academic advisor is to assist the student in planning a course of study which leads to the desired degree.

A graduate student who has been newly admitted to a degree program in a particular discipline is assigned an advisor in the college offering that degree. Generally, the advisor assignment is not changed unless the student changes degree programs. Prior to registration for each term, the student is required to contact the academic advisor to obtain assistance in planning the particular courses to be taken.

Each college maintains an office in which advising assistance is available when the assigned faculty advisor is not immediately available. Students may contact the director of graduate studies in their college. The graduate directors may offer assistance in deciding a major, verifying advisor assignments and other academic advising and administrative matters. General advice is also available in the Graduate School, 209 Tillman, 803/323-2204 or 800/411-7041.

Classification of Students

Graduate Degree Student. This classification status, also referred to as “graduate” (G), is awarded to students accepted for graduate study leading toward an advanced degree.
For a master’s degree, the student's undergraduate record must demonstrate adequate preparation in the chosen program at regionally accredited institutions and scholarship potential as measured by undergraduate grades, scores on standardized tests and other relevant criteria.

For a specialist’s degree, the student’s graduate and undergraduate record must demonstrate adequate preparation in the chosen program at regionally accredited institutions, and the overall master’s grade-point average must be at least 3.0 on a 4.0 scale.

Standardized test scores (GMAT, GRE, MAT, PRAXIS, etc., as appropriate to the discipline) are required for admission to all graduate programs.

Consult the program listing in the “Degree Requirements” section for additional admission requirements for specific programs. Further information is available from the graduate directors in the individual colleges.

Graduate Non-Degree Student. This classification status is assigned to students who are not in a degree program at Winthrop University but who wish to fulfill professional obligations or to pursue personal goals. Students admitted to graduate non-degree (GN) status might be transients, those who seek to satisfy certification requirements, or might be individuals who have extensive entrance requirement deficiencies for the degree program for which they have applied. Students admitted to graduate non-degree status must meet the general requirements for admission to graduate studies at Winthrop University, which include having received a baccalaureate degree from a regionally accredited institution.

Courses taken while a student is classified as graduate non-degree may not be applied toward a degree program in the College of Business Administration. The College of Business Administration restricts this category to transient students enrolled in other graduate programs, to students holding graduate business degrees and to students taking courses to satisfy professional obligations such as teacher certification requirements.

Students may be admitted with GN status if the stated undergraduate prerequisites do not exceed 12 hours. Students needing more than 12 hours of prerequisites should seek admission as an undergraduate special.

Admission as a graduate non-degree student in no way guarantees subsequent admission into a graduate degree program. Students classified as GN who later elect to pursue a degree program must have their credentials evaluated for admission to the program they wish to pursue.

GN students who are seeking admission to a graduate degree program may take no more than 12 semester hours of graduate credit at Winthrop prior to being fully admitted to a graduate degree program. Should the student subsequently be admitted to a degree program, a maximum of 12 semester hours of graduate non-degree credit may be applied toward the degree. Students enrolled in graduate non-degree status are subject to the same academic eligibility as graduate-degree seeking students.

NOTE: Students who are admitted non-degree are not eligible for financial aid.
Educational Records

Privacy of Education Records

Winthrop University policy regarding access to student records (such as grades, grade-point averages, and class rank) is governed by the Family Educational Rights and Privacy Act of 1974 as amended, commonly known as FERPA or “The Buckley Amendment.” Under this law, students have the right to inspect and challenge the accuracy of information contained in their Winthrop educational record.

Also, these regulations restrict Winthrop to the release of certain records only to the student (current or former) and to certain other authorized school and government personnel, except with the student’s prior written consent to release the records to another specified person. Without this consent, Winthrop cannot release a student’s records even to parents, spouses, or family members except in one instance. Parents or guardians of a student may be given access to certain of the student’s records, if the parents or guardians sign a statement in the Office of Records and Registration and provide proof that they have claimed the student as a dependent on their last federal income tax return.

The Family Education Rights and Privacy Act does allow the University to release the following information (not considered private records) unless the student requests this information to be withheld: student’s name, address, telephone number, email address, date and place of birth, enrollment status (full- or part-time), dates of attendance, date of graduation, major field of study, degrees and awards received, most recent previous educational institution attended, eligibility for honor societies, participation in officially recognized activities and sports, weight and height of members of athletic teams and other similar information. A student who does not want this information released must make a written request to the Registrar by the close of the registration period for the semester or term in which the student is enrolled.

As a matter practice, Winthrop does not sell or give away lists which are in unpublished or computerized form to any outside agency, individual or business. Questions concerning Winthrop’s policy for release of academic information should be directed to the Office of Records and Registration, 126 Tillman Hall.

Transcripts

A permanent record of each student’s courses, credits and grades earned is maintained in the Records Office. Transcripts are provided at no charge upon written request from the student to the Office of Records and Registration, 126 Tillman Hall. Courses are posted to the transcript at the close of each semester or summer session. Transcripts are withheld from those students and former students who have unpaid accounts with the University.

Grading System

Grades for courses taken for graduate credit are recorded as follows:

- **A** Excellent (4 quality points per semester hour)
- **B** Satisfactory (3 quality points per semester hour)
- **C** Passing (2 quality points per semester hour)
- **F** Failure
- **N** No Grade
- **AU** Audit
- **S** Satisfactory: \( S \) indicates satisfactory
Academic Regulations

achievement (equivalent to B or above) on a course taken on satisfactory/unsatisfactory basis.

U* Unsatisfactory: U indicates unsatisfactory achievement (equivalent to C or below) on a course taken on a satisfactory/unsatisfactory basis.

I Incomplete: I must be used only as a prefix to a grade. Assigning an incomplete to a student in a course taken for graduate credit indicates that, for valid reason, the course has not been completed and that the instructor reserves the right to raise the grade if the incomplete work is finalized within one year or by an earlier date specified by the instructor. The grade to which I is prefixed is not used in computing the student's grade-point average until the prefix is removed and indicates the grade earned if no further work is performed. It is the grade in the course unless and until changed by the instructor.

*S/U is awarded only in those courses so designated.

Grade Appeals

A student wishing to protest a course grade must first try to resolve the problem with the faculty member. If no satisfactory solution is reached, either the student, the faculty member, or both may call the case to the attention of the appropriate chairperson, division administrator, or appropriate dean. If not resolved, the dean then refers the case to the Committee on Academic Conduct for hearing within ten school days. Referrals to the Committee on Academic Conduct should be made within a two-week period following the discovery of the alleged infraction and are not accepted after that period except on majority vote of the Committee. In all cases, the burden of proof rests on the accuser.

Grade Reports

At the end of each semester and summer session, students may access their final grades via Wingspan at https://wingspan.winthrop.edu. Copies of grades may be printed from Wingspan or be obtained from the Office of Records and Registration. All errors found on a grade report must be reported to the Office of Records and Registration. If no error is reported within 30 days of issuance, it is assumed the report is correct and each entry becomes a part of the student's permanent record.

Graduate Audit Policy

Graduate students may audit a course, on a space available basis, with the permission of the instructor of the course and the graduate director of the academic unit in which the course is offered. The graduate director will consult with other faculty as necessary. An auditor is not required to participate in any examinations or graded course assignments. Participation in class activities and the class attendance policy is at the discretion of the instructor.

A student may not register for a course on an audit basis until the week classes begin. The last day of registration for the semester is the last day a student may elect to audit a course.

Quality Points and Grade-Point Average

To remain a student in good standing, the student must maintain a certain standard of excellence. This standard is fixed by the
quality-point system. The grade received on a course determines the number of quality points earned per semester hour. Total quality points for a course are calculated by multiplying hours earned by the point value for the grade earned.

The semester grade-point average (GPA) is calculated by dividing quality points earned that semester by hours taken on a letter-grade basis during that semester (including repeated courses).

The cumulative grade-point average (GPA) is calculated by dividing total quality points by net hours. Net hours are all hours of credit taken at Winthrop on a letter-grade basis with repeated courses counting only once. The most recent grade earned on a repeated course determines the number of quality points earned on that course. Credits earned by examinations, credits transferred from other institutions and credits for courses taken on a satisfactory/unsatisfactory basis are not used in computing a student’s cumulative grade-point average. The cumulative grade-point average is used in determining a graduate student’s academic status.

**Hazardous Weather Conditions**

Students should register their cell or landline phone number for emergency notification at https://asap.winthrop.edu/cellphone/login.aspx?ReturnUrl=%2fcellphone%2fDefault.aspx&s=0. Your registered number will be used by the university for critical notifications in the event of emergencies, critical weather, or unplanned university closings.

It is the practice of Winthrop University to carry out its primary responsibility of providing instruction for students during regularly scheduled hours, except in cases when extreme weather conditions make roads unsafe for travel. While Winthrop feels a responsibility to meet scheduled classes and maintain office support for those classes whenever possible, the University places the highest priority on the safety of its students, faculty and staff.

If scheduled classes and activities of the University have been changed due to unsafe road and traveling conditions, the University notifies the local media outlets in areas where Winthrop students and employees live. Students should check their university e-mail or the university Web site, www.winthrop.edu for the most up-to-date information related to class and office schedules. Should you not have access to e-mail, the Web, or other information, call the campus alert line, 803/323-2222.

**Registration**

Registration takes place on designated days prior to the beginning of each semester. In the summer session, registration for each of the summer terms occurs over an extended period and ends on the first day of classes for each individual term. Students are encouraged to register early each semester. Consultation with an advisor prior to registration is required for all degree-seeking students. In addition, the mandatory immunization requirements must be met prior to registration. Please refer to the Mandatory Immunization Requirements on the web for complete information.

Registration is incomplete until all fees have been paid. For specific registration information, consult the Office of Records and Registration website at: www.winthrop.edu/recandreg.
**Class Attendance Policies**

Although instructors keep accurate records of attendance for administrative purposes, students’ grades are based on their academic performance, not on attendance. Students should understand they are responsible for the academic consequences of absence.

Instructors of courses are obligated to provide make-up opportunities only for students who are absent with adequate cause. The instructor will be responsible for judging the adequacy of cause for absence.

**Course Load**

**Regular Semester.** A graduate student who is enrolled in 9 or more semester hours of graduate work in a regular semester is classified as full-time; a normal course load is 9-12 semester hours of graduate work. A graduate student may register for more than 12 semester hours of graduate course work in a regular semester only with the approval of the academic dean. An overload form may be obtained from the Office of Records and Registration or online at: http://www.winthrop.edu/recandreg. The recommended maximum course load for a student holding a full graduate assistantship is 9 semester hours of graduate work per semester.

**Summer Session.** A graduate student may enroll for one graduate-level course in Maymester (a short term held in May prior to the regular summer session.) In a 5- or 6-week term (or the two terms concurrently) a graduate student may enroll for 7 semester hours of graduate work. During the 10-week term, a graduate student may enroll for 12 semester hours. Exceptions to the above loads must be approved by the student’s dean. An overload form may be obtained from the Office of Records and Registration.

**Changes in Enrollment**

Changes in enrollment or class schedule must be made before the end of the designated registration change period. Such changes include dropping or adding courses, changing sections, electing undergraduate credit for 500-level courses and, where permissible, changing number of credits to be earned in a course. Any change in enrollment must be submitted, with all required signatures, to the Office of Records and Registration on a Change of Schedule form prior to the end of the registration period.

**Final Examinations**

The times and places of final examinations are officially scheduled by the Registrar. Both the student and the instructor will be notified of a legitimate exam conflict if one or more of the following occurs: the student has more than one exam per period, more than two examinations are scheduled per day or more than three examinations scheduled in any four consecutive examinations periods. Personal conflicts such as travel plans and work schedules do not warrant a change in examination times.

The form of the final examination is determined by the instructor. The length, however, may not exceed two and one-half hours.

In 600-level courses, the class meets during the examination week. However, it is left to the discretion of the instructor as to whether the two and one-half examination period is spent in an
examination or in other class activities considered to be more useful. In 500-level courses, graduate students, at the discretion of the instructor, follow the same procedures as undergraduate students with regard to final examinations.

Repeating Courses

A graduate student will be allowed to repeat a maximum of two courses in which the student has been assigned a grade of C or F. A given course may be repeated once. Whenever a course is repeated, no additional hours attempted accrue, and the new grade replaces the previous grade in computing the grade-point average. However, the record of the first attempt will remain a part of the student’s permanent record.

Certain courses at Winthrop University may be taken more than one time for additional academic credit, for example, special topic classes in which the course number remains the same but the course title differs. A list of these courses may be obtained from the appropriate graduate program director. If registering for a course for additional credit, the student should contact the Office of Records and Registration for specific instructions.

Withdrawal from Courses

Students are expected to follow the courses of study selected at the beginning of the semester or summer term. There may be instance, however, when the student wishes to withdraw from a course. The decision to withdraw from a course is the student’s alone, but consultation with the advisor or academic dean with the instructor is required.

Forms for withdrawing from courses after the end of the registration period are available in the Office of Records and Registration. If withdrawal is completed during the first 60% of the instructional days of a particular course, the grade of N is assigned, indicating that no credit is awarded. Withdrawal from a course may not occur after 60% of the instructional days of the course have been complete, unless documented extenuating circumstances should warrant withdrawal from the course with the assignment of an N grade.

Documented extenuating circumstances include the following: death of an immediate family member, traumatic and unforeseen circumstances which are considered beyond a student’s control; prolonged emotional instability, physical injury or illness which has resulted in the student’s inability to complete academic responsibilities; or a change in nonacademic employment beyond the student’s control. Documentation of such circumstances must be definitive and must be presented along with a request for withdrawal with the assignment of an N grade to the Registrar or his or her designee no later than the last day of classes for the course in question.

Withdrawal from Winthrop University

Student who find it necessary to discontinue their college work during a semester or summer session should officially withdraw from the University. Students who wish to initiate the withdrawal process should go to the Office of Records and Registration, 126 Tillman Hall or the appropriate graduate director.

A student who withdraws before the course withdrawal date of the semester receives grades of N for all courses. If the student stops attending after the withdrawal date of the semester, the student receives grades of F, U, or I as the individual
instructors deem appropriate. A student may withdraw after the course withdrawal deadline with documented extenuating circumstances. Such circumstances include the following: death of an immediate family member; traumatic and unforeseen circumstances, which are considered beyond a student's control; prolonged emotional instability, physical injury or illness which has resulted in the student's inability to complete academic responsibilities; or a change in nonacademic employment beyond the student's control. Documentation of such circumstances must be definitive and must be presented along with a request for withdrawal with the assignment of an N grade to the Registrar or his or her designee no later than the last day of classes for the semester in question. Failure to withdraw officially may seriously affect a student's eligibility for future readmission or for transfer to another institution.

**Sexual Harassment**

It is the policy of Winthrop University that sexual harassment by its employees or students against other employees or students shall not be condoned. The University is committed to maintaining a workplace and a campus environment that are free of such harassment and will enforce Federal guidelines as they relate to sexual harassment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually-oriented “kidding” or “teasing,” practical jokes,” jokes about gender-specific traits, foul or obscene language or gestures, display of foul or obscene printed or visual material, and physical contact such as hugging, patting, pinching or brushing against another's body.

With respect to employment, unwelcome sexual advances, requests for sexual favors and other offensive physical, verbal or visual conduct based on sex constitute sexual harassment when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or (3) such conduct has the purpose or effect of unreasonably interfering with the individual's work performance or creating an intimidating, hostile or offensive work environment.

A student who believes she or he has been subject to harassment by an employee should immediately contact either the Dean of Students in 218 Dinkins, extension #4503; or the Associate Vice President for Human Resources in 303 Tillman, extension #2273. Every effort will be made to maintain confidentiality about complaints and terms of resolution: however, confidentiality cannot be guaranteed.

If a student believes that he or she is being harassed by another student, please refer to the Section IV, Prohibited Conduct, items C. and D. of the Student Conduct Code in the Student Handbook.

**Student Conduct**

**General Student Responsibility**

Each academic unit establishes requirements that must be met prior to a degree being granted. It is important that the student become familiar with these requirements and complete them within the prescribed deadlines. Advisors, department heads and deans are available to offer assistance, but the ultimate responsibility rests with the student.
Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth.

Freedom of the individual may be defined as the right to act or speak, as long as it does not adversely affect the rights of others. Believing in this concept, Winthrop University protects freedom of action and freedom of speech for both students and employees, so long as it is not of an inflammatory or demeaning nature and does not interfere with the students’ living and study conditions, and the administration of its affairs. It constitutes a disruptive act for any member of the Winthrop community to engage in any conduct which would substantially obstruct, interfere with or impair instruction, research, administration, authorized use of University facilities, the rights and privileges of other members of the University community, or disciplinary proceedings. Moreover, Winthrop University is committed to improving the quality of student life by promoting a diversified educational and cultural experience for all its students. Therefore, racist conduct or other acts of bigotry are not tolerated.

Rights and freedoms imply duties and responsibilities. A student who exercises his or her rights as a private citizen—whether individually or as a member of a group—must assume full responsibility for his or her actions. All students and employees of Winthrop must abide by local, state and federal laws and with all published University policies and regulations.

Violations of laws and regulations subject the perpetrator to disciplinary action by the University and/or the appropriate civil or criminal court.

Responsibility for good conduct rests with students as adult individuals. Student organizations have similar responsibility for maintaining good conduct among their members and guests and at activities they sponsor. All members of the University community are expected to use reasonable judgment in their daily campus life and to show due concern for the welfare and rights of others.

Students who violate University policies, rules and regulations are subject to expulsion or lesser sanctions. A complete outline of obligations and the disciplinary process is contained in the Student Conduct Code in the Student Handbook (available on the Winthrop website.)

**Academic Discipline**

Infractions of academic discipline are dealt with in accordance with the Student Academic Misconduct Policy which is contained in the Student Handbook. Academic misconduct includes but is not limited to providing or receiving assistance in manner not authorized by the professor in the creation of work to be submitted for academic evaluation including papers, projects and examinations; presenting, as one’s own, the ideas or words of another for academic evaluation without proper acknowledgement; doing unauthorized academic work for which another person is to receive credit or be evaluated; and presenting the same or substantially the same papers or projects in two or more courses with the explicit permission of the professors involved. In addition, academic misconduct involves attempting to influence one’s academic evaluation by means other
than academic achievement or merit. More explicit definitions of academic misconduct specific to certain academic disciplines may be promulgated by academic departments and schools.

**Student Identification Cards**

Winthrop student identification cards are issued by the Technology Services in Tillman Room 15 upon a student's initial enrollment. The first ID card is free; replacement ID cards are $10 each. All students are required to have an identification card. ID cards are non-transferable and must be presented to appropriate university officials upon request. ID cards are necessary to gain entry into the library. The Technology Services Office hours are 8:00 a.m. until 6:00 p.m. For specific questions concerning ID cards, contact the Technology Services Office, 803/323-4774.

**Teacher Certification Requirements**

Requirements for teacher certification set by the South Carolina State Department of Education or other agencies may or may not be the same as degree requirements shown in this catalog. Students desiring certification should consult with the appropriate agency early in their programs to determine any certification requirements. Questions concerning certification should be addressed to Student Academic Services, College of Education, 144 Withers/WTS.
Degree Requirements

The master's degree programs offered at Winthrop University require the successful completion of 30-60 semester hours of approved graduate-level work. The specialist's degree in school psychology requires the completion of 72 semester hours (36 hours above the master's degree.)

All students must have an Application for Graduation and a Program of Studies on file to be considered as a candidate for a degree.

Choice of Catalog and Time Limit

A degree-seeking graduate student may obtain a degree in accordance with the requirements set forth in the catalog in force at the time the student completes the first graduate-level course at Winthrop which counts toward the degree. The student may elect to obtain a degree in accordance with the requirements of any catalog issued after the initial admission, provided the student completed a graduate-level course in the current program at Winthrop at the time the catalog was issued and has not subsequently been absent from active enrollment in the program for a continuous period of 12 months or more.

When a student has been absent from active enrollment in his/her graduate program for a period of 12 months or more, he/she must fulfill the graduation requirements of the catalog in force at the time of the student’s next (or subsequent) completion of a graduate-level course in the current program at Winthrop.

A student who changes graduate degree programs may choose a catalog no earlier than the one in effect at the time of official admission into the new program (if the student is enrolled at the time), or the catalog under which the student next enrolls. The catalog chosen must be one under which the student completes a graduate-level course at Winthrop, which counts toward the degree.

In all cases, a student is restricted in choice to the requirements of one specific catalog and must graduate within a period of 6 years from the date the catalog was issued to claim the rights of that catalog. All work to be counted on the degree, including transfer work, must be completed within the 6-year period immediately prior to the conferring of the degree.

If any course required in the catalog specified is not offered after the student specifying the catalog has accumulated 18 semester hours, the University reserves the right to substitute another course. In all cases, if a course has been officially dropped from the course offerings, the University must provide a substitute course.

Comprehensive Examinations

Students pursuing a degree program requiring a comprehensive examination should contact their advisor to obtain specific exam information and to schedule the exam. Results of comprehensive examinations are due in Records and Registration no later than two weeks prior to the final examination period of the term the student has applied to graduate.
**Courses Open to Graduate Students Only**

At least one-half of the total semester hours submitted for an advanced degree must be in courses open to graduate students only. Courses numbered 600-699 are advanced courses open only to graduate students for graduate credit.

Courses numbered 500-599 are advanced courses primarily for juniors, seniors and graduate students. Graduate students are automatically enrolled for graduate credit in courses numbered 500-599 unless undergraduate credit is requested at registration (or no later than the close of the registration change period). Juniors and seniors are automatically enrolled for undergraduate credit in courses numbered 500-599. Students enrolled in 500-level courses for graduate credit are expected to complete additional appropriate requirements.

**Change of Degree Program**

A graduate student may change from one degree program to another if he or she meets the criteria for admission to the new program and is accepted by the new department. The student must file an Application for Program Change with Records and Registration, which forwards all credentials to the new department for an admission decision. The student is notified of the decision by Records and Registration.

**Application for Graduation**

Prior to the end of the third week of the semester or the second week of the summer session in which graduation is expected, a student must file an Application for Graduation with Records and Registration.

Failure to file an application for fall and spring commencements by the indicated date will result in a late fee according to the following schedule:

<table>
<thead>
<tr>
<th>Fall and Spring Application Filed</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>First four weeks after published deadline</td>
<td>$10</td>
</tr>
<tr>
<td>Remainder of semester</td>
<td>$20</td>
</tr>
</tbody>
</table>

**Awarding of Degrees and Commencement Exercises**

Degrees are awarded three times a year, at the end of each semester and at the end of the summer session.

Commencement exercises are held twice a year, in December and in May. The program for the December commencement lists the names of all students who completed degrees during the preceding summer session, as well as those who completed degrees during the first regular semester. The program for the May commencement lists the names of those students who completed degrees during the second regular semester.

**Commencement Participation Policy**

Only those graduate students who have completed all their degree requirements as outlined in the Graduate Catalog will be permitted to participate in commencement ceremonies. No exceptions will be made for any students who have not completed all their degree requirements.
Grade-Point Average Required for Graduation

A final grade-point average of at least 3.0 in graduate work taken at Winthrop is required for all graduate degrees. The final grade-point average is based on hours and quality points earned for courses taken on a letter-grade basis at Winthrop which are necessary for meeting the degree requirements.

Graduate Studies 600

All candidates for graduate degrees must be enrolled in course work during the semester in which they intend to graduate. Students who have completed all course requirements for the degree in a prior semester, but have not completed all of the requirements for the degree (i.e., unsatisfactory performance on exit or certification examinations, or other degree requirements), must enroll in GSTC 600, Continuing Graduate Studies, or any other graduate-level course. Although GSTC 600 does not carry any degree credit, it establishes that graduate students are actively enrolled in course work during the semester they intend to graduate. Registration in GSTC 600 provides students with all of the services and privileges of enrolled graduate students (example: use of the library, valid ID card, access to on-campus parking). Permission of department chair is required for registration.

Any graduate student not enrolled in course work for a degree program and not planning to graduate at the end of the semester may register for GSTC 600 to secure the services of an enrolled graduate student. Enrollment in GSTC 600 is limited to students working on theses or preparing for required examinations. A fee of $35 is assessed for students registering for GSTC 600.

Individually Directed Courses

With approval from the instructor, the department chairperson and the dean of the college, a graduate student may take a course as an individually directed course (IDC). No more than 6 semester hours of IDC may be counted toward a graduate degree.

Program of Studies

Upon being admitted to a degree program with graduate degree status (G), students are expected to confer with their assigned advisors to become acquainted with specific college or departmental regulations. At any time after a student is admitted with G status and no later than the semester following the completion of 12 semester hours toward the advanced degree, the student meets with the advisor to plan a program of studies leading toward the degree.

The individual program of studies must fulfill all the requirements of the appropriate degree program as published in the catalog. The year of the catalog being followed must be indicated on the program of studies form.

Program of studies forms are available in the office of the advisor or the graduate program director. The completed form must be signed by the student, the advisor, the program coordinator (where applicable), the department chairman (where applicable) and the graduate director of the college. The graduate director submits the approved program of studies to Records and Registration where it is verified for adherence to catalog requirements. The program of studies is not considered to be official until the signature of an authorized person in Records and Registration is affixed.
Degree Requirements

The original copy of the program of studies remains on file in Records and Registration, where it is used in determining completion of all degree requirements. Copies are distributed to the student, advisor and graduate director. It is the student’s responsibility to follow the approved program of studies. Changes in the program must receive the same approvals as the original program. Forms for making changes in the program of studies are available in the advisor’s office.

Second Master’s Degree

A student is permitted to earn a second master’s degree subject to the following conditions:

1. No work applied to a previously awarded degree may be applied to the new degree program;

2. The second master’s degree program must be in a discipline different from the previously earned master’s degree; and

3. The student must successfully meet all requirements for the new degree.

Thesis

Each candidate for a master’s degree with a program requiring a thesis should normally enroll for thesis credit during the final two semesters of the degree program. The thesis must be prepared under the direction of a major advisor according to the Instructions for the Preparation of a Thesis, which may be obtained online at www.winthrop.edu/graduateschool. Credit is not granted until the thesis has been completed and approved by the candidate’s advisory committee, the dean of the college and the dean of the Graduate School. The time and place for defense of the thesis and the title of the thesis should be announced in advance with the defense open to the campus community.

Four copies of the thesis in final form and approved by the student’s advisory committee must be submitted to the Graduate School at least two weeks prior to the final examination period. A thesis bidding fee must be paid to the Graduate School at the time the thesis copies are submitted to the office for binding.

Transfer Credit Policy

Winthrop may credit toward a graduate degree 9 semester hours of graduate work from another accredited graduate institution upon recommendation of the appropriate advisor and academic dean. (An additional 3 semester hours may be transferred, at the discretion of the advisor and academic dean.) Students in the Master of Science program in physical education are limited to a maximum of six hours of transfer credit. Transfer of credit must be approved in writing by the student’s advisor and academic dean for inclusion in the student’s official program of study; and the course level is verified in Records and Registration. After a student has entered a graduate program at Winthrop, permission from the student’s advisor and academic dean is required prior to enrolling in the transfer course(s). Permission to Transfer forms are available online at www.winthrop.edu/graduateschool. Official copies of transcripts must be submitted and evaluated before any transfer credit may be officially accepted. Certain courses submitted for transfer may not be considered equivalent to specified requirements although course titles may be the same.
A graduate student may not transfer credit taken at another institution while he or she is on academic probation at Winthrop or is ineligible to return to Winthrop. Credit earned at another institution by a graduate student in good standing may be transferred if:

1. A grade of B or better has been earned in the course; or
2. A grade of S is earned, the granting institution is regionally accredited and would allow the course to be used in one of its graduate degrees.

Transfer credits are not used in computing the student’s cumulative grade-point average. Transfer credits do not appear on a Winthrop University transcript until the graduate student has achieved graduate degree status and the courses appear on an approved program of studies leading toward that degree.

Extension courses offered by accredited graduate institutions are subject to approval of the student’s advisor and academic dean. Correspondence courses are not accepted for graduate credit. Transfer credit is subject to all Catalog regulations pertaining to graduate degree courses, including the 6-year time limit.

It is the student’s responsibility to have an official transcript of the transfer credits forwarded to Records and Registration, 126 Tillman Hall, Winthrop University, Rock Hill, SC 29733, no later than four days prior to the expected graduation date. Transfer credits taken during the final semester of a program may delay graduation and certification approval until official transcripts have been received in Records and Registration. Transcripts of all work taken when a student is absent from Winthrop must be submitted when the student reapplies to Winthrop.
ACADEMIC PROGRAMS

The College of Arts and Sciences

Dean: Debra C. Boyd
Associate Dean and
Director of Graduate Studies:
Sarah F. Stallings
803/323-2183

Admission as a graduate degree student (G) in the College of Arts and Sciences requires a student's undergraduate record to show adequate preparation for graduate work in the chosen program and an overall undergraduate grade-point average of at least 3.0 on a 4.0 scale. If the quality of a student's undergraduate work is less than that required, admission may be granted on the basis of scores on either the General Test of the Graduate Record Examinations or the Common Examination or a Specialty Area Test of the PRAXIS Examination or Miller Analogies Test. Applicants should contact graduate program directors for information about additional or alternative admission requirements.

Liberal Arts

Master of Liberal Arts
Graduate Program Director:
Timothy S. Boylan, 803/323-4644

The Master of Liberal Arts Program provides an opportunity for mature learners to pursue a deeper understanding of the human condition through a structured, interdisciplinary program of study. The MLA program is not directed toward professional ends, but rather it is designed to allow students to seek understanding through study in the liberal arts and sciences.

Admission Requirements. Admission to the program requires a baccalaureate degree from an accredited institution, an essay and an interview with the program director. Applications should be submitted to the Graduate School Office. Complete applications consist of the following:

1. Application for Graduate Admission;
2. Official transcripts (sent directly to Winthrop University from the issuing Institution) from all post-secondary education; and
3. Essay describing why the applicant wishes to enter the program. Call the MLA office at 803/323-2368 for details.

After credentials are reviewed by the MLA admissions committee, the program director will contact the applicant to schedule an interview. Additional information about the program and the admission process can be obtained from the Director of the MLA Program, 136 Bancroft Hall, Winthrop University, Rock Hill, SC 29733, or phone 803/323-2368.

Program Requirements. The Master of Liberal Arts degree requires completion of 33 semester hours of approved graduate-level courses as indicated below, at least half of which must be 600-level courses. Twelve hours are in four courses designed for the program. Three of these courses are interdisciplinary colloquia developed on the theme, “The Search for Order.” These courses explore this search by examining how order is brought to our world through empirical, rational and intuitive means. The fourth required course, to be taken at the end of the program, is an individual project on a topic of interest to the student. The remaining seven courses (21 hours) are elective graduate courses in liberal arts and science.
disciplines selected by the student upon consultation with the director.

**Master of Science in Biology**

**Graduate Program Director:**

Janice Chism, 803/323-2111 ext.6429

**Admission Requirements.** In addition to the general requirements for admission to graduate study at Winthrop, admission to the program for the Master of Science degree in biology requires the applicant to:

1. Successfully complete an undergraduate major in biology or its equivalent, and one year of general chemistry.

2. Submit two letters of recommendations to the Graduate School;

3. Submit a statement of Personal and Professional Goals. Indicate whether admission is sought under the thesis or non-thesis option.

4. Submit official scores on the General Test of the Graduate Record Examination to the Graduate School. Eligibility for admission to the program is based on the following point scale:

<table>
<thead>
<tr>
<th>Grade-Point Average</th>
<th>GRE-Verbal</th>
<th>GRE-Quantitative</th>
</tr>
</thead>
<tbody>
<tr>
<td>Score</td>
<td>Points</td>
<td>Score</td>

Compute the points from each of the three areas listed in the previous table and apply the total to the following scale:

<table>
<thead>
<tr>
<th>Eligibility Score</th>
<th>Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>12-22</td>
<td>Eligible for interview, then admit or deny</td>
</tr>
<tr>
<td>4-11</td>
<td>Admission denied</td>
</tr>
</tbody>
</table>

If an applicant’s admission score is between 12 and 22, the Graduate School Office will notify the applicant to contact Dr. Janice Chism, Director of Graduate Studies, Department of Biology, Winthrop University, Rock Hill, SC, 29733, 803/323-2111, ext. 6429 to schedule an appointment for an interview. The final admission decision is at the discretion of the Biology Department.

Applicants should submit all admission credentials to the Graduate School office by **April 15 for fall admission.** After the Biology Department reviews the materials, the applicant will be notified in writing by the Graduate School Office of the admission decision.

The Master of Science degree in Biology requires the completion of at least 30 semester hours of approved graduate-level courses. At least half the work presented for the degree must be 600-level courses. At least 24 semester hours of these courses must be in biology.

Each graduate student in biology, before receiving the Master of Science degree, must attend a minimum of five departmental seminar programs. Attendance does not carry course credit.

**Program Requirements With Thesis.** Each student must complete 30 semester hours of course work including a thesis. Each student has an advisory committee of three faculty members, including a principal advisor who directs and approves thesis research and writing. The thesis is defended before the advisory committee, and a seminar presentation is given to the entire faculty.

Admission Requirements. Admission to the program for the Master of Arts degree in English usually requires the successful completion of 24 semester hours of approved courses in English at the undergraduate or graduate level, in addition to the general requirements for admission to graduate study at Winthrop. Applicants are required to submit a satisfactory score on the General Test of the Graduate Record Examination, the Specialty Area Test of the PRAXIS Examination or the Miller Analogies Test.

Program Requirements With Thesis. The Master of Arts degree in English with thesis requires the completion of at least 36 hours of approved graduate-level courses including 6 semester hours of thesis. At least half the work presented for the degree must be 600-level courses.

Immediately upon entering the graduate program, the student should develop, with the assigned advisor, an individual course of study which meets the requirements for the degree and the student’s objectives.

To be eligible for graduation, a student must fulfill all course requirements and perform satisfactorily on a final comprehensive examination.

**Master of Arts in History**

**Graduate Program Director:**

Andrew Doyle, 803/323-4674

**Admission Requirements.** Admission to the program for the Master of Arts degree in history usually requires the successful completion of 24 semester hours of approved courses in history at the undergraduate or graduate level and evidence of a satisfactory score on the General Test of the Graduate Record Examination, in addition to the general requirements for admission to graduate study at Winthrop.

**Program Requirements With Thesis.** The Master of Arts degree in history with thesis requires the completion of at least 30 hours of approved graduate-level courses including a thesis. At least half the work presented for the degree must be 600-level courses.

If a student has not taken HIST 300 or an equivalent historiography and methodology course, he/she must do so as soon after admission as practicable. The student will not receive graduate-level credit for this course. In
exceptional circumstances, the student may, with permission of the MA advisor and the department chairperson, demonstrate adequate research and writing skills by submitting satisfactory proof of those skills in lieu of taking HIST 300. In such case, the student must submit to the MA advisor a research paper and receive the advisor’s approval that the paper demonstrates adequate research and writing skills.

Immediately upon entering the graduate program, the student should develop with the assigned advisor an individual course of study which meets the requirements for the degree and the student’s objectives.

E. Jean Silagyi-Rebovich

Master of Science in Human Nutrition
Graduate Program Director:
Patricia Giblin Wolman, 803/323-4520

Admission Requirements. Admission as a graduate degree student in human nutrition requires the applicant to show adequate undergraduate preparation for graduate work in the chosen program and to have an overall undergraduate grade-point average of 3.0 on a 4.0 scale.

In addition, a minimum score on the verbal (450) and quantitative (450) sections of the General Test of the Graduate Record Examination (preferred), or a satisfactory score on the Miller Analogies Test is required. The Common Examination of the PRAXIS Examination may be accepted if the prospective student has taken the exam already and scored in an acceptable range. Admission is competitive. Each graduate applicant must also complete an entrance conference with at least two graduate faculty members.

The Master of Science degree in human nutrition requires the completion of at least 33 hours of approved graduate-level courses. At least half the work presented for the degree must be 600-level courses.

A Master of Science degree option is available which incorporates the Commission on Accreditation for Dietetics Education (CADE) accredited Dietetic Internship. Contact information is The Commission on Accreditation for Dietetics Education of the American Dietetic Association, 120 South Riverside Plaza, Chicago, IL 60606, 312/899-5400. Applicants must submit internship applications by August 15.

Prior to registration, applicants must complete CADE didactic program in dietetics requirements. Acceptance into the internship is contingent upon academic standing, Graduate Record Examination scores, faculty endorsements, references, personal interview, and score on a knowledge-based examination.

Internship application materials, application checklist and information on the pre-select option are available on the Internet at: www.winthrop.edu/nutrition.htm and from the Department of Human Nutrition, 302 Life Sciences Building, 803/323-2101.

### Graduate Certificate in Human Nutrition

**Graduate Program Director:** Patricia Giblin Wolman, 803/323-4520

The core content of the program includes current knowledge in human nutrition and may include courses from such related disciplines as biology, chemistry, business, education, gerontology, health and health care administration, communications, statistics, political science, psychology, social work and sociology. Students who hold a baccalaureate degree from an accredited institution with a minimum cumulative grade point average of 2.5 or above may be admitted to the Graduate Certificate in Human Nutrition program. Students must have a Didactic Program in Dietetics (DPD) verification statement from Winthrop University or other accredited institution before receiving the Graduate Certificate in Human Nutrition from Winthrop.
Completion of the requirements for the Graduate Certificate in Human Nutrition will appear on the student's official transcript. Students must complete a minimum of 15 semester hours. Nine (9) of the semester hours must be in human nutrition at the graduate level. Course work for the Graduate Certificate in Human Nutrition must be completed within a six-year time period.

Core Requirements:
Minimum of nine hours from the following:  
NUTR 520 Sports Nutrition  
NUTR 521 Nutrition and Metabolism  
NUTR 522 Community Nutrition  
NUTR 523 Food Science Principles  
NUTR 527 Medical Nutrition Therapy  
NUTR 528 Experiences in Nutrition Therapy  
NUTR 529 Experiences in Community Nutrition  
NUTR 530 Experiences in Food Systems Management  
NUTR 534 Seminar in Human Nutrition  
NUTR 600 Seminar in Food and Nutrition  
NUTR 604 Advanced Medical Nutrition Therapy  
NUTR 610 Nutrition in the Third World  
NUTR 620 Maternal and Child Nutrition  
NUTR 621 Nutrition and Aging  
NUTR 623 Intermediary Metabolism  
NUTR 624 Vitamin Metabolism  
NUTR 625 Abnormal Metabolism  
NUTR 626 Mineral Metabolism  
NUTR 627 Recent Developments in Food Science and Nutrition

Electives*  6
*Electives may include undergraduate courses in human nutrition or graduate or undergraduate courses from related areas including ACCT, ANTH, ARTS, BADM, BIOL, CHEM, CSCI, DANT, CSDV, ECON, EDCI, EDUC, FINC, FREN, GEOG, GRNT, HLTH, HLSM, INAS, LART, MGMT, MKTG, MCOM, MATH, NUTR, PHED, PLSC, PSYC, QMTH, SCWK, SOCL, SPAN, SPCH, WRIT.

Total Semester Hours  15

Course selections (program of study) must be approved by the Department of Human Nutrition faculty. Inclusion of related area courses in programs of study should be approved by the appropriate department chair.

Students must maintain a minimum grade point average of 2.6 in undergraduate credit courses and 3.0 in graduate credit courses. No more than three semester hours of “C” level credit may be applied to the Graduate Certificate in Human Nutrition. No more than three semester hours may be repeated for credit. Grading for all course work in the Graduate Certificate program will be specified by the College of Arts and Sciences and may include a maximum of six hours of S/U (satisfactory/unsatisfactory) grades for specific courses, i.e., NUTR 528, NUTR 529 and NUTR 530. No more than 12 hours of graduate credit earned while pursuing a Graduate Certificate in Human Nutrition may be applied to the Master of Science degree in Human Nutrition (separate admission) at Winthrop University.

The Winthrop School Psychology Program is a three-year, full-time graduate training sequence leading to the Specialist in School Psychology (SSP) degree. Although an interim Master of Science (MS) degree is awarded at the end of the second year, students admitted to the program are expected to complete the full three-year training program.

The Winthrop School Psychology Program is primarily designed to prepare practitioners who are competent to provide a full range of school psychological services including consultation, behavioral intervention, psychoeducational assessment, research, program planning/evaluation and counseling. Students are prepared to work with diverse clients from infancy to young adulthood, including those with low-incidence disabilities, and with families, teachers and others in the schools and community. Opportunities for working under close supervision in rural, suburban and urban settings are afforded students in the program. Although some of the School Psychology graduates subsequently pursue doctoral studies, the primary purpose of the program is the preparation of well-rounded professionals for work in public schools and related settings.

The three-year, full-time program leading to both the Master of Science (MS) and Specialist in School Psychology (SSP) degrees utilizes a highly structured, applied, competency-based approach to training. The curriculum is linked to a comprehensive set of objectives that outline knowledge, skills, and professional work characteristics needed by school psychologists in order to respond effectively to the diverse needs of individuals and systems that we ultimately serve. Program emphasis is placed on psychological and psychoeducational methods whose effectiveness has been demonstrated through behavioral research. A multi-method, multi-source approach to assessment of learning and development helps assure that students attain the competencies needed to be effective school psychologists.

The Winthrop School Psychology Program has been designed to meet national standards of quality and progresses sequentially from foundations courses to methods/practica experiences to a 1,200 hour internship. The training philosophy of the program emphasizes the importance of integrating knowledge and skills under conditions of strong supervision, support and collaboration. Completion of supervised field experience over the last two years of the program provides for closer integration of didactic and experiential components of the curriculum, more immediate application and integration of skills and strong involvement of faculty in this critical stage of training. Low student-to-faculty ratios in all methods/practica courses and weekly sessions with both faculty and credentialed field supervisors during traineeship and internship help to assure the monitoring and support needed for students to become competent professionals. Collaboration and cooperation among students are also encouraged.

The combined MS/SSP program is fully approved by the National Association of School Psychologists (NASP) and South Carolina Department of Education. Winthrop is also fully accredited by the National Council for Accreditation of Teacher Education (NCATE). Upon the attainment of a passing score on the PRAXIS II Examination in School Psychology and the recommendation of the program director, graduates of the program qualify to become Nationally Certified School Psychologists (NCSP) and can attain certification as School Psychologists in South Carolina (Level II) and other states.
The job market for school psychologists and Winthrop School Psychology graduates is strong. Over the past fifteen years, virtually all graduates seeking employment in the field have attained such employment within three months of graduation. Winthrop School Psychology alumni are employed in many states. Their preparation is evaluated very highly by employers. Those who have pursued doctoral studies have also been very successful in gaining admission and in completing their studies.

Immediately upon entering the program, the student should develop, with the program director, an individual course of study which meets the requirements for the degree and the student’s objectives.

**Curriculum**

The curriculum is organized into four areas: Psychological and Educational Foundations, Psychoeducational Methods, Traineeship and Internship.

**Psychological and Educational Foundations.** Coursework covers the theoretical foundations of the science of human behavior and the foundations of education. Psychological foundation areas include human learning/cognition, human development, child and adolescent psychopathology, and health psychology and behavioral medicine. Educational foundation areas include exceptional children, multicultural issues, academic intervention, and organization and operations of schools. This area includes the history and foundations of professional school psychology.

**Psychoeducational Methods.** Characterized by a competency-based approach and emphasis on data-based decision-making, coursework in this area involves the acquisition and application of professional knowledge and skills needed to function successfully as a school psychologist. Courses cover diverse models and methods of psychoeducational assessment, behavioral assessment and intervention, counseling and mental health services, research and evaluation, and consultation/indirect services to schools and families.

**Traineeship.** In conjunction with psychoeducational methods courses, students complete a two day per week, 450 hour traineeship in the schools during the second year of the program. This experience includes close supervision by both faculty and field supervisors and includes specific objectives that address school psychology competencies in such areas as assessment, counseling, behavioral assessment and intervention, and consultation.

**Internship.** During the third year, students complete a paid 1200 hour supervised internship, at least 600 hours of which must be in the schools (a limited number of non-school internship settings are available for up to 600 hours of the total experience). Internships in nearby diverse rural, suburban, and urban settings allow students to practice and integrate the full range of school psychological services under supervision of credentialed faculty and field supervisors.

Students return to the university for faculty supervision and one advanced course taken concurrently with internship each semester.

Interns and trainees are required to acquire malpractice insurance coverage at their own expense.

Thus, four sequential levels of training (foundations, psychoeducational methods, traineeship and internship) are provided. All psychoeducational methods courses and most other courses are limited to no more than a
10:1 student-faculty ratio to assure that the training experience is individualized and appropriately supervised.

**Admission Requirements.** Admission to the program requires completion of the Application for Graduate Admission and the separate school psychology program application form. Admissions are normally limited to ten students per year, with study beginning in the fall semester only. Multiple admissions criteria are used, including prior grade point average, GRE General Test scores (minimum combined verbal and quantitative score of 800 preferred), three letters of recommendation, educational experience, work experience and personal qualifications. Admissions to the program are quite competitive (typically about one in seven applicants is admitted). The admissions decisions are focused on the selection of applicants who we believe have the greatest potential to be successful school psychologists.

Prerequisites to admission are 15 hours of prior undergraduate or graduate coursework in five areas: (1) general psychology; (2) human development (child development or child psychology may be acceptable alternatives); (3) experimental psychology or research methods; (4) psychological measurements (tests and measurements or educational measurements may be acceptable alternatives); and (5) statistics. While the bulk of these prerequisite areas must be completed prior to admission to the program, one or two may be taken after an applicant is admitted. Regardless of when it is taken, no prerequisite or remedial coursework may count toward either the MS or SSP. degree.

All admissions materials should be submitted by **February 1** of each academic year. Late applications will be considered as openings exist. Finalists for admission are also expected to participate in a personal interview with the school psychology admissions committee.

**Master of Science Degree.** The MS requires 36 semester hours of coursework, but the degree is awarded only at the end of the second year. The remaining hours taken during the second year and those taken during the third year, are applied toward the Specialist in School Psychology degree. An additional M.S. requirement is the passing of a written comprehensive exam.

Specialist in School Psychology Degree.
Upon satisfactory completion of course work, internship and culminating performance assessment requirements, the SSP degree will be awarded at the end of the 72 semester hours of the training sequence. The SSP Degree requires a satisfactory performance on an oral examination and presentation of a portfolio of professional work completed in field placement. Additionally, students must take the ETS Praxis II Examination in School Psychology.

Ameda A. Manetta

Assistant Professor
Brent Cagle
Wendy Campbell
Cynthia Forrest
Shebby Neely-Goodwin

Master of Social Work
Graduate Program Director:
Deana F. Morrow, (803)323-2168

The Department of Social Work which has had a fully accredited undergraduate social work program since 1974 has developed a new program of graduate study in social work that leads to the Master of Social Work (MSW) degree. The program is fully accredited through the Council on Social Work Education. Graduates are fully qualified for all jobs requiring an MSW, for pursuing licensure and for membership in the National Association of Social Workers.

Curriculum Focus: The mission of the program is as follows: Using an ecological framework, the MSW curriculum at Winthrop University is aimed at producing graduates who are capable of enhancing the well-being of persons across the life span by strengthening the resilience of individuals, families, groups and communities to expand their coping skills and empowering them to improve their quality
of life and to maximize their opportunities for growth and development. In addition, the Department is committed to making ongoing contributions to the development of the greater community through practice, relevant research, scholarship and community service.

The program provides the generalist foundation for social work practice. In addition, students select one of three field of practice tracks: families and children; health/mental health/ or aging.

**Admission Requirements.** A cohort admissions process is used for MSW admissions. Full-time and Weekend Program cohorts are admitted for August enrollment; and, the Advanced Standing cohorts are admitted for May enrollment. Review of applications begins February 1 and continues until all slots are filled.

Applications for Graduate Admission can be obtained from either the Graduate School or the Social Work Department. Admission is competitive and only applicants with fully completed application packets will be reviewed.

For admission to the MSW degree program, an applicant must:

1. Hold a baccalaureate degree from a regionally accredited college or university (Advanced Standing applicants must hold a baccalaureate degree from a Council on Social Work Education accredited college or university).

2. Submit official transcripts from all colleges and universities attended. Transcripts should reflect a background in liberal arts content.

3. Have an overall undergraduate grade point average of 3.0 on a 4.0 scale for the Advanced Standing Program. For the Full-Time Program or Weekend, Program, a 3.0 on a 4.0 scale is required on the last 60 hours.

4. Submit an official test score for either the Graduate Record Examination (score of 800 or above on the combined verbal and quantitative portions preferred) or the Miller Analogies Test (score of 400 or above preferred).

5. Submit three professional recommendations using the MSW Letter of Recommendation form.

6. Submit a professional resume.

7. Submit a personal narrative statement (3-5 pages) addressing the following: your reasons for pursuing the MSW degree, including your career goals upon completing the degree; any previous human services-related paid or volunteer experiences you have had; your experiences in working with diverse populations; and, any additional information pertinent to your interest in the MSW degree.

8. Submit the Master of Social Work Questionnaire.

9. Submit the Evidence of Experience form (required only for applicants to the Weekend Program). Note: Students in the Weekend Program are expected to be employed (full-time or part-time) in the human services field.

**Program Requirements.** The Full-Time Program (two years) and the Weekend Program (three years) include 60 semester hours of study. The Weekend Program is designed to meet the needs of those who are also employed in the human services sector while pursuing their degree. Each course in the Weekend Program is offered on a Friday, Saturday, and Sunday one weekend and then continues on a Saturday and Sunday a month later. Readings and assignments will be completed prior to the first weekend, between weekends and following the second weekend.
Applicants who hold a CSWE accredited baccalaureate degree in social work may pursue the 39 semester hour, one year Advanced Standing Program. Students admitted to the Advanced Standing Program matriculate in May, complete courses during the summer, and then, proceed directly into the second year of the Full-Time program.

**Total Semester Hours**  39

**Additional Optional Elective:**
- SCWK 624: Psychodiagnosics and Social Work Practice (3 credits)

**Academic Probation Policy**

**MSW Program**

Because of the sequential structure of the MSW Program, MSW students placed on academic probation are allowed to enroll in the subsequent semester of course work to restore their overall grade-point average to 3.0 or higher.

In cases where students have earned a grade of F in a course(s), their progress in the Program will be suspended until they successfully repeat the course(s). If they successfully repeat the course(s), and their grade-point average is restored to 3.0 or higher, they are then returned to good academic standing. If they successfully repeat the course(s), but their grade-point average remains below 3.0, they may then enroll in one subsequent semester of course work to restore their overall grade-point average to 3.0 or higher. Failure to do so will result in dismissal from the Program.

No more than two courses with a grade of C or F may be repeated; a given course may be repeated only once.

**Spanish**

**Graduate Faculty**

**Professor**
Kenneth Gordon, chair
Pedro M. Muñoz

**Associate Professors**
Barbara Esquivel-Heinemann

**Master of Arts in Spanish**

**Graduate Program Director:**
Barbara Esquivel-Heinemann,
803/323-2612

**Admission Requirements.** Admission to the program for the Master of Arts degree in Spanish usually requires the successful completion of 24 semester hours of approved courses in Spanish at the undergraduate or graduate level. Applicants are also required to
have an overall GPA of at least 3.0 on a four-point scale.

In addition to the general admission requirements to graduate study at Winthrop, applicants must submit scores of 400 or higher on both the verbal and quantitative sections of the General Test of the Graduate Record Examination and submit scores on either the Professional Knowledge section of the PRAXIS 191 of at least 148/200 or on the PRAXIS 192 of at least 161/200.

**Note:** Non-degree students are not required to meet the MA admission requirements provided they will be taking no more than two graduate courses within the span of five years.

The Master of Arts degree in Spanish requires the completion of at least 30 semester hours of approved graduate-level work. At least half the work presented for the degree must be 600-level courses.

Immediately upon entering the graduate program, the student should develop, with the assigned advisor, an individual program of study which meets the requirements for the degree and the student's objectives.

Mission Statement

Our mission is to prepare students in a learning-centered environment, through effective teaching, scholarship and service, with the professional and leadership skills necessary for positions in the global marketplace, while fostering life-long learning and service to the external community.

Master of Business Administration Degree. Winthrop University offers the Master of Business Administration degree in three formats: the evening MBA program, the evening MBA/Accounting emphasis program and the Executive MBA program. The Master of Business Administration degree program is accredited by The Association to Advance Collegiate Schools of Business (AACSB International). AACSB is a specialized accrediting body recognized by the Council on Recognized Postsecondary Accreditation (CORPA).

Students from a diverse range of educational and cultural backgrounds participate in and enhance the educational experience. Nationally accredited, the program is taught by a faculty committed to excellence in teaching and research.

MBA Evening Program. The evening MBA is a two-phase program of 39 semester hours of required graduate courses. The curriculum includes the MBA core of 30 hours and 9 hours of elective courses. Up to 24 hours of prerequisites may be required, depending upon the individual student's preparation.
Phase I courses involve the development of necessary business tools in the areas of accounting, finance, organizational behavior, communications and statistics. An extensive study in the functional areas of business, including strategic and international issues in management, information systems, marketing and operations management and industrial economics and public policy, is developed in the courses of Phase II.

Admission Requirements. The applicant for admission to the MBA program must show high promise of success in post-graduate business study as measured by undergraduate grades, scores on the Graduate Management Admissions Test (GMAT) and other relevant criteria. An applicant whose baccalaureate degree is from an international institution must present a score of at least 400 on the GMAT. An applicant whose native language is not English must present a score of at least 550 on the TOEFL or a 6 on the IELTS.

Students desiring to participate in the MBA program who do not have a bachelors degree in business administration from an AACSB accredited college or university, or who have not had appropriate undergraduate training in business administration or economics may be required to complete certain prerequisite courses including the following:

**ACCT 280** Accounting I
AND
**ACCT 281** Accounting II
OR
**ACCT 601** Introduction to Accounting
**ECON 215** Microeconomics
AND
**ECON 216** Macroeconomics
OR
**ECON 609** Survey of Economic Principles

**FINC 311** Principles of Finance
**MGMT 321** Principles of Management
**MKTG 380** Principles of Marketing
**QMTH 205** Applied Statistics I

*Students must have a grade of C or better in each of the program prerequisite courses.

The required MBA program includes the following Phase I and Phase II Courses:

| *Students must take MGMT 671, Advanced Business Communication, within the first 12 hours in the MBA program.*

Note: Registration for GSTC 600, Continuing Graduate Studies, may be required. Check with advisor.
**Throughout the MBA program, the faculty and administration are dedicated to providing current and integrated coverage of relevant business concepts and issues.**

**MBA-Finance Concentration.** The traditional (general) MBA program is a 39 graduate hour program, including 9 semester hours of electives. For the MBA/Finance Concentration, a student must enroll in the nine (9) hours of electives as follows:

- FINC 665 Financial Statement Analysis 3
- Choose two 500-level courses from the following:
  - FINC 512 Financial Investments Management 3
  - FINC 513 Banking and Financial Services 3
  - FINC 514 International Financial Management 3
  - FINC 515 Insurance and Risk Management 3
  - FINC 516 Employee Benefits and Retirement Planning 3
  - ECON 521 International Trade and Investment 3

Applicants will be required to meet the same admission and prerequisite requirements as the traditional program.

**MBA-International Concentration.** The traditional (general) MBA program is a 39 graduate hour program, including nine semester hours of electives. For the MBA/International, a student must enroll the nine hours of electives as follows:

- BADM 600 International Field Experience 3
- Choose two 500-level courses from the following:
  - ECON 521 International Trade and Investment 3
  - FINC 514 International Financial Management 3

Applicants will be required to meet the same admission and prerequisite requirements as the traditional program.

**MBA-Software Project Management.** The traditional (general) MBA program is a 39 graduate hour program, including nine semester hours of electives. For the MBA/SWPM, a student must enroll the nine hours of electives as follows:

- CSCI 521* Software Project Management 3
- CSCI 620 Software Design and Architecture 3
- CSCI 680 Software Development 3

Applicants will be required to meet the same admission and prerequisite requirements as the traditional program.

*current number for this course is CSCI 621

**MBA-Accounting-Evening Program.** The Master of Business Administration/Accounting Emphasis program provides graduate business education of high quality. The MBA/Accounting program prepares students to assume responsible positions as leaders and team members in the dynamic and varied organizations of the twenty-first century. To this end, the program promotes the following objectives: accountability, adaptability, creative thinking, teamwork, communication and accounting expertise.

Students from a variety of educational, managerial and professional backgrounds participate in and enhance the educational experience. Nationally accredited, the program is taught by a faculty committed to excellence in teaching and research.
The evening MBA with an Accounting emphasis is a two-phase program of 33 semester hours of required graduate courses. Depending upon the individual student's preparation, prerequisites may be required.

**Admission Requirements.** The applicant for admission to the MBA/Accounting emphasis program must show high promise of success in post-graduate business study as measured by undergraduate grades, scores on the GMAT and other relevant criteria.

An applicant whose baccalaureate degree is from a foreign institution must present a score of at least 400 on the GMAT. An applicant whose native language is not English must present a score of at least 550 on the TOEFL or a 6 on the IELTS.

Students desiring to participate in the MBA/Accounting emphasis program who do not have a bachelors degree in business administration from an AACS accredited college or university or who have not had appropriate undergraduate training in business administration, accounting or economics may be required to complete certain prerequisite courses including the following:

ACCT 280 Managerial Accounting I
ACCT 281 Financial Accounting
ACCT 303 Accounting Information Systems
ACCT 305 Intermediate Accounting I
ACCT 306 Intermediate Accounting II
ACCT 309 Budgeting and Executive Control
ACCT 401 Introduction to Tax
CSCI 101 Introduction to Computers and Information Processing
ECON 215 Principles of Macroeconomics

And

ECON 216 Principles of Microeconomics
OR
ECON 609 Survey of Economic Principles
BADM 350 Economic and Legal Environment of Organization
FINC 311 Principles of Finance
MGMT 321 Principles of Management
MKTG 380 Principles of Marketing

Students are required to include the following undergraduate courses as prerequisites or the 600-level course as a part of their MBA program:

MGMT 355 Business Communications
OR
MGMT 671 Advanced Business Communications
QMTH 205 Applied Statistics I
and
QMTH 206 Applied Statistics II
OR
QMTH 651 Statistical Methods for Decision-Making
MGMT 341 Information Systems
OR
MGMT 661 Information Systems
MGMT 326 Operations Management
OR
MGMT 662 Operations Management

*Students must have a grade of C or better in each of the program prerequisite courses.

The MBA/Accounting emphasis requires the following courses:

Select 3 hours from the following list:  3
ACCT  502  Corporate Tax
ACCT  505  Advanced Accounting Topics
ACCT  506  Not for Profit Accounting
ACCT  509  External Auditing
ACCT  510  Cost Accounting II

**Total Semester Hours**  33

Note:  Registration for GSTC 600, Continuing Graduate Studies, may be required.  Check with advisor.

This program applies to students entering under the five-year program.  It does not apply to transfers, non-business majors and current Winthrop accounting option students.  Each student's academic background will be evaluated and a plan of study developed.

Course substitutions may be made if appropriate.  The course of study must include 24 semester hours at the 600 level.

**MBA--Executive Program.**  The Executive Master of Business Administration (EMBA) program provides an opportunity for the experienced professional to obtain a Masters degree in Business Administration with an academic approach that minimizes disruption of either work or personal pursuits.  The program combines diverse learning with real-world experience, resulting in a challenging, stimulating learning environment that proves for maximum return on time and resources invested.

Graduates are prepared to respond to the competitive challenges of the ever-changing global economy.  Students from a variety of managerial, professional, and cultural backgrounds participate in and enhance the educational experience.  Nationally accredited by AACSB International, The Association to Advance Collegiate Schools of Business, the program is taught by a faculty committed to excellence in teaching and research.

The Executive MBA is a 17-course, 51 semester-hour curriculum offered over a period of four semesters with a summer seminar between the second and third semesters.  The EMBA program is a lock-step curriculum with students taking each course as a unit with classes beginning each August.  Course content is integrated within each module and coordinated between modules.

**Admission Requirements.**  The applicant for admission to the EMBA program must show high promise of success in post-graduate business study as measured by demonstrated success in business or professional sectors, undergraduate grades and other relevant criteria.  Undergraduate training in business administration or economics is not required.

The ideal candidate must possess six to ten years of organizational experience and/or several years in a managerial or senior professional position.  All applicants must have earned a bachelor's degree or completed preparation that the Admissions Committee considers equivalent.
**Program Requirements.** The program of study employs a cumulative approach.

Emphasis in the first two semesters (BADM 671 and 672) is placed on the introduction of advanced concepts and methods as they apply to the management of organizations. Emphasis in the last two semesters (BADM 673 and 674) is on the integration of these concepts and methods into the organization’s policy formulation and strategic planning process. Personal productivity software is an integral part of the curriculum and is used as a management tool.

A student must achieve a minimum of 2.5 grade-point average after the first semester to begin the second semester. A grade-point average of at least 2.75 is required after the second semester to continue the program.

Mission Statement

The Richard W. Riley College of Education is dedicated to the highest ideals of teaching, scholarship and service. The College meets this mission through the preparation of professionals who are committed to the betterment of society through a lifelong quest for excellence in learning, leadership, stewardship and the communication of ideas.

Educator as Leader  
A Conceptual Framework for the Advanced Education Programs

The conceptual framework for advanced education programs builds on the skills developed in undergraduate programs or through professional experiences and is organized around three concepts: 1) Leadership, 2) Scholarship and 3) Stewardship. One’s knowledge of these concepts and one’s ability to perform effectively in these areas are measured through a series of learning outcomes. These learning outcomes build upon candidates’ existing and emerging knowledge base and lead to an advanced understanding of their respective program areas. These learning outcomes are also designed to maintain relevance and adherence to professional, state, national and institutional standards.
While *Educator as Leader* is the overarching theme of all programs, the term “educator” has been expanded at the advanced level to include a broader population of professionals including but not limited to teachers, school administrators, psychologists, health professionals, counselors and coaches. These educational leaders have a central role in helping all students reach their potential through learning experiences in the school environment.

**Leadership**

Learning Outcomes:

The advanced educational leader:

1. examines educational policy and demonstrates a familiarity with how such policy is developed and implemented.
2. evaluates oneself as an educational leader through knowledge, reflection and professional discourse.
3. analyzes contemporary issues, reforms and renewal strategies and applies an understanding of these to one’s profession.
4. applies technology to professional roles and functions.
5. promotes an appreciation and understanding of diversity in families and society.
6. demonstrates the ability to apply problem-solving strategies in diverse situations—e.g., conflict resolution, program development.
7. applies current theories to enhance individual learning of others and promote professional development.
8. demonstrates skills and commitment needed to communicate effectively with students, professional colleagues, families and community leaders.
9. values collaboration with colleagues, families and the larger professional community.
10. advocates for the development of individuals to their full potential.

**Scholarship**

Learning Outcomes:

The advanced educational leader:

1. demonstrates an understanding of research terminology, concepts and practices as presented in the professional literature.
2. analyzes, synthesizes, interprets and disseminates current and historical research and practices.
3. integrates knowledge and practice derived from professional research into various professional settings to enhance individual growth.
4. generates research questions that focus on extending current thought and theory and interprets and applies results of research.
5. generates research questions that focus on the application of content knowledge and methodologies.
6. demonstrates an understanding of a variety of research methodologies, measurements, analysis procedures, and interpretation/communication of results.
7. selects and applies appropriate methodologies to answer research questions.

8. appreciates the value of using research to inform practice.

9. uses technology resources to collect, analyze, synthesize and evaluate information and data.

10. models lifelong learning.

11. enhances specific knowledge in content areas.

**Stewardship**

Learning Outcomes:

**The advanced educational leader:**

1. appreciates and articulates the ethical implications surrounding contemporary educational issues.

2. analyzes how antecedents (previous events) contribute to current issues.

3. understands the interrelationships among issues related to society, schooling, the organization and administration of schools and professional organizations.

4. advocates full and appropriate access to public education and human services for people with special needs and their families.

5. examines and makes appropriate professional decisions based on an advanced understanding of ethics and laws.

6. demonstrates the ability to construct a supportive, well-managed, motivational learning environment that promotes equal access to education for people from diverse cultural backgrounds.

7. develops school curricula and/or educational interventions based on contemporary theories of learning and development, applicable technology, collaborative discourse and evaluation.

8. works toward solutions to key educational issues that are founded on contemporary research, public policy and best practice.

9. evaluates, clarifies and refines personal philosophy of professional practice.

10. links personal philosophy and professional practice to historical, legal, social, philosophical, and psychological foundations and developments in the profession.

11. cares for and relates to students, families and the larger learning community.

**The Richard W. Riley College of Education** offers graduate programs leading to the Master of Science degree in physical education; the Master of Education degrees in educational leadership, curriculum and instruction, counseling and development, middle level education, reading and special education; and the Master of Arts in Teaching. The Master of Arts in Teaching degree is an initial certification program in art, biology, business/marketing, English, family and consumer sciences, French, mathematics, music, physical education, Spanish and social studies.
Graduate study leading to certification is also available for the following professional areas: school counselor (elementary and secondary), principal (elementary and secondary), reading teacher and reading consultant. School psychologist (levels I and II) certification programs are offered by the Department of Psychology in the College of Arts and Sciences.

An applicant for admission to a graduate program in the Richard W. Riley College of Education must meet the specific admission requirements of that program in addition to the general requirements for admission to graduate study. (Specific entrance requirements are listed under the individual programs in the Education Degree Programs section.) Admission to programs in the Richard W. Riley College of Education is competitive.

Practicum Courses. In order to enroll in a graduate practicum course in the Richard W. Riley College of Education, a graduate candidate must have:

1. Completed a minimum of six hours graduate course work at Winthrop within the program area of the practicum;

2. Completed specific prerequisites for the practicum; and

3. Maintained continued good standing in the program (minimum of 3.0 grade-point average).

Certification. All candidates seeking initial or advanced certification should note that satisfactory completion of the appropriate Specialty Area test of PRAXIS examination must be completed prior to being certified by the South Carolina Department of Education. Candidates should check for specific PRAXIS requirements related to their respective degrees with the Chair of the Department. At least half of the total semester hours submitted for the advanced degree must be 600-level courses.

Note: Registration for GSTC 600, Continuing Graduate Studies, may be required in each program. Check with advisor.

Accreditations

The Richard W. Riley College of Education is proud of its accreditations and affiliations. The Teacher Education Program at Winthrop University is accredited by the National Council for Accreditation of Teacher Education (NCATE) at the graduate level for its Master of Science, Master of Education and the Master of Arts in Teaching degrees. All teacher education programs are approved by the South Carolina State Board of Education and all programs are fully accredited by their specialized professional association. Recognition by these agencies affords graduate candidates who complete teacher preparation at Winthrop University the opportunity to apply for reciprocal certification with the majority of states in the nation.

Center for Pedagogy

Master of Arts in Teaching
Graduate Program Advisor: Mark Dewalt, 803/323-2115

The Master of Arts in Teaching (MAT) is designed to prepare individuals who are seeking initial certification to be a classroom teacher. Graduate candidates may pick one of the following areas of certification at the high school level: biology, business/marketing, English, family and
consumer sciences, mathematics, or social studies; or graduate candidates may pick one of the following areas for certification in grades K-12: art, French, music, physical education or Spanish.

**Conceptual Framework**

The conceptual framework for the initial graduate licensure program consists of six related concepts. The six concepts are 1) Instruction, 2) Subject Area Content, 3) Learners, 4) Society, 5) Curriculum and 6) Scholarship.

The conceptual framework of Teacher as Education Leader moves those preparing for educational careers through a program committed to self-discovery and pedagogical study. The commitment requires the candidate to search for a deeper understanding of self and others while examining the moral, social and political implications of teaching and learning in a democracy. This search is conducted through a model which includes faculty from the College of Arts and Sciences, the College of Visual and Performing Arts, the College of Business, the College of Education and school professionals working collaboratively with each other and teacher candidates to explore the ever-changing roles and responsibilities of leaders in today's society.

To ensure knowledge of content, MAT teacher candidates are required to achieve the South Carolina passing score on the PRAXIS II Specialty Area Examination prior to the internship semester. Candidates for the MAT in Spanish and French must achieve a passing score on the PRAXIS II Specialty Area Examination prior to admission to the program. In addition, successful graduates must obtain a satisfactory score on the PRAXIS II Principles of Learning and Teaching before earning teacher certification.

MAT teacher candidates must demonstrate dispositions that reflect the highest standards of the profession as they relate to students, their families, and their communities. The Richard W. Riley College of Education has established appropriate criteria for professional dispositions in the following areas: professional commitment; communication skills; interpersonal skills; classroom personality; emotional make-up; and academic integrity. Further information about the criteria is distributed to teacher candidates in a dispositions booklet.

The MAT curriculum covers a variety of subjects from professional core courses to courses specific to the graduate candidate's content area. Acquired competencies emphasized in this program will enable graduates to assume leadership roles in their classrooms, departments and schools.

**Admission Requirements.** Graduate candidates who hold a baccalaureate degree from an accredited college or university in the content field where certification is sought or who have completed a baccalaureate degree which includes content area course work equivalent to the undergraduate certification requirements at Winthrop University for certification in the specified content field may enroll in the MAT degree program. Graduate candidates who do not meet all undergraduate certification requirements will be required to complete additional course work. Admission requirements for graduate degree status include:
1. An Admission Index Score of eight. (The Admission Index Score is derived by a formula-based computation of the graduate candidate's undergraduate grade-point average (GPA) and a score on the General Test of the Graduate Record Examination (verbal and quantitative sections);

2. Submit an official GRE score of at least 400 on both the verbal and quantitative sections of the exam; and

3. Satisfactory completion of a writing sample as prescribed by the MAT program director; and

4. Applicants to the MAT degree in Spanish or French must submit the South Carolina passing score on the PRAXIS II Specialty Area Examination.

**Master of Arts in Teaching GPA and GRE Score Requirements.** A graduate candidate must score at least 400 on the verbal portion of the GRE and at least 400 on the quantitative portion of the GRE and have a combined score on these portions of the GRE of at least 800. (Applicants who have already taken other tests such as the GMAT, LSAT, or MAT as part of admission requirements to other programs can submit those scores for consideration in lieu of the GRE. Preferred scores for admission will be 21 verbal and 27 quantitative on the GMAT, 380 on the MAT, and 144 on the LSAT.) Only when these criteria are met may an applicant use the tables below to determine the Admission Index Score. A graduate candidate must score at least 8 for admission to the MAT program. The Admission Index Score is a combination of one’s derived scores in parts “a” and “b” below.

a. Use the following table to determine the derived score for the GRE:

<table>
<thead>
<tr>
<th>GRE Score</th>
<th>Derived Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>1500-1590</td>
<td>9</td>
</tr>
<tr>
<td>1400-1490</td>
<td>8</td>
</tr>
<tr>
<td>1300-1390</td>
<td>7</td>
</tr>
<tr>
<td>1200-1290</td>
<td>6</td>
</tr>
<tr>
<td>1100-1190</td>
<td>5</td>
</tr>
<tr>
<td>1000-1090</td>
<td>4</td>
</tr>
<tr>
<td>900-990</td>
<td>3</td>
</tr>
<tr>
<td>850-890</td>
<td>2</td>
</tr>
<tr>
<td>800-840</td>
<td>1</td>
</tr>
<tr>
<td>Below 800</td>
<td>0</td>
</tr>
</tbody>
</table>

b. Use the following tables to determine the derived score for the undergraduate GPA. If the undergraduate degree was conferred five or fewer years ago, use the derived score in Table 1. If the undergraduate degree was received more than five years ago, Table 2 should be used.

**Table 1**

<table>
<thead>
<tr>
<th>GPA Range</th>
<th>Derived Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.5 or above</td>
<td>9</td>
</tr>
<tr>
<td>3.00-3.49</td>
<td>8</td>
</tr>
<tr>
<td>2.85-2.99</td>
<td>7</td>
</tr>
<tr>
<td>2.75-2.84</td>
<td>6</td>
</tr>
<tr>
<td>2.60-2.74</td>
<td>5</td>
</tr>
<tr>
<td>2.40-2.59</td>
<td>4</td>
</tr>
<tr>
<td>2.15-2.39</td>
<td>3</td>
</tr>
<tr>
<td>2.10-2.14</td>
<td>2</td>
</tr>
<tr>
<td>Less than 2.10</td>
<td>0</td>
</tr>
</tbody>
</table>

**Table 2**

<table>
<thead>
<tr>
<th>GPA Range</th>
<th>Derived Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.25 or above</td>
<td>9</td>
</tr>
<tr>
<td>2.75-3.24</td>
<td>8</td>
</tr>
<tr>
<td>2.60-2.74</td>
<td>7</td>
</tr>
<tr>
<td>2.50-2.59</td>
<td>6</td>
</tr>
<tr>
<td>2.35-2.49</td>
<td>5</td>
</tr>
<tr>
<td>2.15-2.34</td>
<td>4</td>
</tr>
<tr>
<td>2.10-2.14</td>
<td>3</td>
</tr>
<tr>
<td>2.00-2.09</td>
<td>2</td>
</tr>
<tr>
<td>Less than 2.00</td>
<td>0</td>
</tr>
</tbody>
</table>

The “a” derived score plus the “b” derived score equals the Index Score.

**Admission to Teacher Education.**

During the semester the graduate candidate will complete a total of 12 hours of graduate coursework, graduate candidates must be formally admitted to the Teacher Education Program. For admission graduate candidates are required to have completed no fewer than 6 hours of required education
courses and at least 3 hours of content coursework. For formal admission to teacher education, the graduate candidate must:

1. Achieve a cumulative 3.0 grade-point average in graduate coursework;

2. Complete an application requesting formal admission to teacher education that includes an analysis of learning thus far in the MAT Program;

3. Complete a minimum of 25 hours of supervised Youth Experience with students within the age range of the certification level sought, e.g. grades K-12 or 9-12;

4. Submit a program of study that indicates the planned semester for MAT internship; and

4. Complete an interview with two professors (one from Education and one from the student’s specialty area) resulting in a favorable admission recommendation to the Dean of Education.

Graduate candidates may not complete more than 18 hours of graduate coursework without full admission to Teacher Education. When criteria have been met, the graduate candidate will receive a signed certificate of formal admission. Additional requirements may be referenced in the Teacher Education Handbook and the Internship Handbook.

Admission to the Internship.

Graduate candidates must be formally admitted no later than one full semester prior to student teaching. A disclosure form regarding criminal activity or campus misconduct must be submitted with the application. Any submitted Teacher Education Professional Dispositions and Skills Forms will be reviewed prior to admission. Graduate candidates must also complete an application for the semester-long internship prior to the internship and must achieve the South Carolina passing score on the PRAXIS II Specialty Area Examination. Applications are due September 15 for the spring internship and January 15 for the fall internship.

Total Semester Hours 45

MAT Content Areas

(Candidates must meet all initial licensure requirements in content areas.)

Art (K-12) music (K-12)
Biology business/marketing
English Family Consumer Sciences
French(K-12) Mathematics
Physical education (K-12)
Social Studies Spanish (K-12)
* Competencies in this course may be covered in content area courses, graduate candidates should confer with their advisor before enrolling for this course.

** Competencies in this course may be covered in Art, Music or Physical Education courses; graduate candidates should confer with their advisor before enrolling for this course.

*** Because content studies are a major component of this degree, graduate candidates are expected to complete all pedagogical courses, all required prerequisites and no fewer than 9 semester hours of content study prior to supervised teaching. A course in methodology specific to the content area must be included.

Content area courses must be completed in the area in which the graduate candidate is seeking certification. In some cases, this requirement may result in additional undergraduate course work.

Program Completion. To complete the program graduate candidates must meet the following criteria: a) successful completion of a minimum of 45 semester hours of graduate coursework, b) successful completion of all required coursework, c) maintenance of a minimum grade point average of 3.00, d) successful completion of all field experiences and internships, and e) completion of the Praxis II series examination in the graduate candidate's area of specialty (passing score required).

At the end of the internship semester, a program area committee completes a competency review of each intern's performance and recommends exit from the program. Exit criteria include the following: (a) passing scores on rubrics for final portfolio documents, midterm and final internship evaluations, and rubrics for unit work samples; (b) satisfactory review of any Professional Dispositions and Skills Forms; and (c) a minimum grade point average of 3.0.

The following signatures will be on the recommendation for exit from the program:
1. Program area designee
2. Department chair in major
3. Director of the Center for Pedagogy
4. EDUC 695 Faculty member
5. University supervisor
6. Mentor-teacher from the final internship (optional). (If there is a discrepancy, the mentor-teacher may be asked to sign the recommendation also.)

A signed recommendation for exit from the program is required in addition to items specified for program completion in the Graduate Catalog.

A passing score at the multi-structural level is required for portfolio documents and the unit work sample.

Master of Education in Educational Leadership
Graduate Program Advisor:
Mark Mitchell: 803/323-4726

Graduate study in educational leadership leads to a Master of Education (MEd) degree in educational leadership. The MEd program prepares graduate candidates to work as elementary and secondary school principals.

Admission Requirements. The application deadline is February 1 for summer and fall admission. Applicants for admission to the Master of Education program in educational leadership must hold
Applicants for admission must submit their application materials to the Graduate School Office by February 1. Pre-entrance interviews will be conducted in late February. The admissions committee considers all the requirements previously listed when making the admissions decisions. Applicants will receive notification of the Admissions Committee’s decision from the Graduate Studies Office by late March. Admission to the Educational Leadership program is competitive. New admission classes will not exceed 25 candidates.

Graduate candidates who are admitted to the program may begin their core classes (EDUC 640 - Educational Research, Design and Analysis, EDUC 670 - Schooling in American Society, EDUC 681 - Advanced Educational Psychology) in the summer.

The MEd in Educational Leadership is offered in a cohort fashion with sequenced specialty studies being offered six to nine hours per semester. A candidate who drops out of the program will have to wait a full year to re-enroll on a space available basis.

**Internship:**
EDLD 621 Internship I 3
EDLD 622 Internship II 3
EDLD 623 Internship III 3

Total Semester Hours 42

To be eligible to graduate, a graduate candidate must satisfactorily complete all courses, field experience requirements, and a cumulative assessment which demonstrates that the candidate has successfully demonstrated proficiency in standards recommended by the specialized professional association for those preparing to become principals. An Educational Leadership committee must certify that the candidate has passed the cumulative assessment.

To be recommended for certification, the candidate must receive the required score (as determined by the South Carolina State Department of Education) on the Educational Administration Specialty Test of the PRAXIS Examination.

Transition Points for Master of Education in Educational Leadership:

I. Entrance to the Program
   - Admission screening
   - Professional dispositions self-assessment completed in first graduate course

II. Midpoint Assessment (12+ hours, prior to first internship)
   - Program of Study filed
   - 3.0 or higher cumulative GPA

   - Professional Dispositions review conference
   - Minimum score on a key assessment as specified by EDLD faculty

III. Exit from the program (42 hours)
   - 3.0 or higher cumulative GPA
   - Final review of Professional Dispositions
   - Review of Internship II and III evaluations (B or higher)
   - Satisfactory score on comprehensive evaluation

---

**Curriculum and Instruction**

**Master of Arts in Teaching: Early Childhood Education**

Graduate Program Advisor: Christine Ferguson, 803/323-2595

The Master of Arts in Teaching (MAT) in Early Childhood Education is designed to prepare individuals who are seeking initial certification in grades, PreK-3. This program admits students only one time a year, **August 1**. All students must follow the sequence in a cohort manner. It is a full-time, 4 term program beginning each spring term (January). MAT in Early Childhood Education students graduate the following spring (May). It should be noted that because the MAT in ECED is a cohort model, courses are strictly sequenced and offered only one term a year.
Conceptual Framework

The conceptual framework for the initial graduate certification program consists of six related concepts. The six concepts are 1) Instruction, 2) Subject Area Content, 3) Learners, 4) Society, 5) Curriculum and 6) Scholarship.

The conceptual framework of Teacher as Educational Leader moves those preparing for educational careers through a program committed to self-discovery and pedagogical study. The commitment requires the candidate to search for a deeper understanding of self and others while examining the moral, social and political implications of teaching and learning in a democracy. This search is conducted through collaboration among the candidates, the faculty from the Department of Curriculum and Instruction and the Center for Pedagogy, and school professionals.

To ensure knowledge of content, the Early Childhood Education teacher candidate is required to achieve the South Carolina passing score on the Praxis II Specialty Area Examination prior to internship semester. In addition, successful graduates must obtain a satisfactory score on the Praxis II Principles of Learning and Teaching before earning teacher certification.

Master of Arts in Teaching teacher candidates must demonstrate dispositions that reflect the highest standards of the profession as they relate to students, their families, and their communities. The Richard W. Riley College of Education has established appropriate criteria for professional dispositions in the following areas: professional commitment; communication skills; interpersonal skills; classroom personality; emotional make-up; and academic integrity. Further information about the criteria is distributed to teacher candidates in a dispositions booklet.

The Master of Arts in Teaching curriculum covers a variety of subjects from professional core courses to courses specific to early childhood education. Acquired competencies emphasized in this program will enable graduates to assume leadership roles in their classrooms, departments and schools.

Admission Requirements. Graduate candidates must hold a baccalaureate degree from an accredited college or university. Graduate candidates who do not meet all undergraduate pre-requisite requirements will be required to complete additional course work prior to being admitted to the Master of Arts in Teaching. Admission requirements for graduate degree status include:

1. An Admission Index Score of eight. (The Admission Index Score is derived by a formula-based computation of the graduate candidate's undergraduate grade-point average (GPA) and a score on the General Test of the Graduate Record Examination (verbal and quantitative sections);

2. Submit an official GRE score of at least 400 on both the verbal and quantitative sections of the exam; and

3. Satisfactory completion of a writing sample as prescribed by the MAT program director.
4. Pre-requisite courses listed below are required for students who are entering the MAT in ECED:
   - 6 hours of English composition, grammar, literature (i.e., writing or English composition, and English literature)
   - 6 hours of math for classroom teachers (to include: basic number concepts, measurement, and geometry concepts for teachers: ex. MATH 291 & MATH 292)
   - 7 hours in Natural Science, at least two of the following sciences must be represented: biological, physical, or earth science. At least one course must involve a laboratory experience (i.e., biology, physics, physical science, geology, oceanography, astronomy)
   - 6 hours in two areas in the Humanities and Arts (i.e., art, music, English literature, Drama)
   - 6 hours in Social Science (i.e., anthropology, sociology, political science, economics, geography)
   - 3 hours in U.S. History or Government (i.e., history, political science)

**Master of Arts in Teaching GPR and GRE Score Requirements.** A graduate candidate must score at least 400 on the verbal portion of the GRE and at least 400 on the quantitative portion of the GRE and have a combined score on these portions of the GRE of at least 800. (Applicants who have already taken other tests such as the GMAT, LSAT, or MAT as part of admission requirements to other programs can submit those scores for consideration in lieu of the GRE. Preferred scores for admission will be 21 verbal and 27 quantitative on the GMAT, 380 on the MAT, and 144 on the LSAT.) Only when these criteria are met may an applicant use the tables below to determine the Admission Index Score. A graduate candidate must score at least 8 for admission to the MAT program. The Admission Index Score is a combination of one’s derived scores in parts “a” and “b” below.

**c.** Use the following table to determine the derived score for the GRE:

<table>
<thead>
<tr>
<th>GRE Score</th>
<th>Derived Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>1500-1590</td>
<td>9</td>
</tr>
<tr>
<td>1400-1490</td>
<td>8</td>
</tr>
<tr>
<td>1300-1390</td>

<tr>
<td>Less than 2.00</td>
<td>0</td>
</tr>
</tbody>
</table>

The “a” derived score plus the “b” derived score equals the Index Score.
**Admission to Teacher Education.** After the first semester (11 credits), the graduate candidate will be admitted to Teacher Education if he/she meets the following criteria:

1. Achieve a cumulative 3.0 grade-point average in graduate course work;

2. Complete an application requesting formal admission to teacher education that includes an analysis of learning thus far in the MAT Program;

3. Complete a minimum of 25 hours of supervised Youth Experience with graduate candidates within the age range of the early childhood education grades (ages 4-9);

4. Submit a program of study that indicates the planned semester for MAT internship; and

5. Complete an interview with two professors resulting in a favorable admission recommendation to the Dean of Education.

ECED MAT candidates may not complete more than 18 hours of graduate coursework without full admission to Teacher Education. When criteria have been met, the graduate candidate will receive a signed certificate of formal admission. Additional requirements may be referenced in the Teacher Education Handbook and the Internship Handbook.

**Student Internship.** Graduate candidates must be formally admitted no later than one full semester prior to student teaching. A disclosure form regarding criminal activity or campus misconduct must be submitted with the application. Graduate candidates must also complete an application for the semester-long internship prior to the internship and must achieve the South Carolina passing score on the PRAXIS II Specialty Area Examination. Applications are due September 15 for the spring internship.

Master of Education in Counseling and Development
Unit Head and Graduate Program Advisor:
Wanda P. Briggs, 803/323-4722

Graduate study in counseling and development leads to a Master of Education degree in either community or school counseling. The Master of Education degree in counseling and development requires completion of at least 51 semester hours of approved graduate-level work.

The Council for Accreditation of Counseling and Related Educational Programs (CACREP), a specialized accrediting body recognized by the Council for Higher Education Accreditation (CHEA), has conferred accreditation to the following program areas in Community Counseling (MEd) and School Counseling (MEd).

Mission Statement

The mission of the Counseling and Development Program at Winthrop University is to provide an intellectually stimulating and supportive environment for the professional development of school and community counselors who are committed to best practice in their roles as clinicians, advocates, and consultants. The program strives to prepare culturally competent, culturally sensitive, and ethical counselors to work effectively in a pluralistic society. The faculty designs and delivers academic and clinical experiences to all students in ways that recognize, respect and value the diversity of students’ backgrounds, characteristics, beliefs, and abilities.

The school counseling program prepares graduate candidates to work as counselors in P-12 school settings.

The community option prepares the graduate candidate to work in a variety of human services settings including mental health centers, substance abuse centers, vocational rehabilitation, adult probation and parole, employee assistance programs, youth court services, crisis counseling centers, career centers and other community agencies offering counseling services.

In view of the responsibilities of the counselor in both school and community settings, graduate candidates whose coursework does not reflect scholarship or who demonstrate personal qualities not conducive to the role of the counselor may not be recommended either for matriculation or continuation in the program.

Admission Requirements. The applicant for admission to either Counseling Program must possess a bachelor’s degree from an accredited college or university and provide official General Test scores on the Graduate Record Examination (combined verbal and quantitative score of 800 preferred) or Miller Analogies Test (scale score of 392 preferred) to the Graduate School Office. Additionally, the applicant must submit an Application for Graduate Admission, a separate Counseling and Development Program Student Questionnaire and three letters of recommendation.

Finalists for admission are required to participate in a pre-entrance interview with the Counseling and Development Admissions Committee. Admission to the Counseling and Development Program is competitive.
Graduate candidates applying for admission to the program must submit their application materials to the Graduate School Office by **December 15**. Pre-entrance admission interviews will be conducted during the month of February. Applicants will receive notification of the Admissions Committee's decision from the Graduate School Office by March 30. Graduate candidates who are admitted to the program will begin their classes in the summer.

Final admission decisions cannot be made until all application information has been received and the pre-entrance interview has been successfully completed. **Applicants submitting incomplete materials after the above deadlines will not be considered for admission.**

The Counseling and Development Program restricts enrollment in its courses to graduate candidates who have been fully admitted to the program. If space is available, graduate candidates may take counseling courses to satisfy professional obligations. Non-degree students seeking admission into restricted courses must obtain consent from the Counseling Faculty.

**The Counseling & Development Program Assessment Transitional Phases**

The counseling program has been successfully endorsed by the Council for the Accreditation of Counseling & Related Programs (CACREP) in both tracks, community and school counseling. The program meets a multitude of standards related to the institution, the program objectives & curriculum, the clinical instruction, the faculty & staff, the organization & administration of the program, the evaluations at various transition points throughout the program, and the specialty requirements for each area of concentration. The completion of this national accreditation process leaves the program in overall good standing with respect to the requirements for NCATE assessment. This overview describes the assessment phases that comprise the program's assessment plan. This overview addresses four transition points within the counseling program. It also summarizes the relationship with CACREP's curricular experiences and the graduate conceptual framework.

**Phase I: Admission to the Counseling Program**

We have clearly stated admission criteria upon which we base admission decisions. Each prospective student must have completed a bachelor's degree from an accredited institution although the major is not specified. Counseling is not typically offered as an undergraduate option so the master's degree is the entry level of study for this field. Often our prospective students apply from human service, education, psychology, and social work undergraduate areas but students with other majors have been successful in a counseling course of study. Additionally, we require either the GRE or the MAT and prefer scores of 800 and 392, respectively. Students seeking admission complete a program questionnaire to provide more information on writing capability, related background, and motivation for seeking a counseling career. Three formal recommendations are required and hold considerable weight as the faculty make admission decisions.

A six-hour pre-entrance interview is required for admission consideration. This time consists of orientation information about the cohort design, basic information about courses and other curricular...
requirements including the special project, the National Counselor Exam, the comprehensive examinations, the CACREP Standards, the Graduate Conceptual Framework, and the faculty. Clinical sequences and the experiential component of the program are discussed in-depth. Students also complete a writing exercise requiring self-reflection of personal attributes for this field. Prospective students complete a ten-minute individual, oral interview where they answer questions posed by faculty and participate in an experiential group activity. This is used as a means of gathering data on interpersonal style, cognitive complexity, and ethical reasoning.

Faculty make admission decisions based upon both a paper and interview process. Each faculty member independently ranks each candidate on factors including oral and written presentation, interpersonal style, clarity of ideas, and relevant career goals. A Global Admission Index Score is calculated from these components of the admission process.

**Phase II: Admission To Clinical Field Experiences**

Thirty hours of designated coursework is required prior to the student's first field-based placement. The student's GPA must remain in the area of good standing with the university during the completion of these courses. The clinical sequence begins the first semester of enrollment and contains lab-based simulations that are taped and evaluated with counseling skill feedback performance scales. Students self-evaluate and receive evaluations from both peers and supervising faculty. Students must meet faculty approval for field placement. This is granted based upon skill mastery, assessment of personal readiness and stability, and successful completion of all prerequisite classes. Students complete a “Student Progress Report” each semester that is filed with the faculty advisor. Faculty discuss advisee progress and concerns at ongoing program meetings.

**Phase III: Exit from the Program**

Students must successfully complete 51 semester hours of prescribed coursework, pre-approved through the program of study, in order to graduate from either counseling track. The clinical sequence culminates in three semesters of field-based work in either a school or community setting depending upon the track selection. These experiences total 700 clock hours and include ongoing case presentations, videotaped evaluations with assigned clients, weekly group supervision with other interns, weekly individual supervision sessions with faculty and site supervisors, completion of the clinical portfolio, and written evaluations of candidate dispositions given by site and faculty supervisors. The program administers a competency-based instrument at the conclusion of each field-based experience that is based upon CACREP’s core and specialty area standards for school counselors.

Program completion also includes comprehensive exams and a special project. Comps are a written experience testing the student's ability to translate theory into counseling practice. Faculty independently score each student's responses on a scale from P+(Pass with Exceptionality) to P- (Marginal Pass). Students may remediate through oral or written exam on areas under P (Pass). A number of case studies and clinical scenarios are given as the basis of this exam. The special project is a documented professional workshop,
conference presentation, or manuscript offered as professional contribution of the student.

**Phase IV: Follow-up, Post Graduation**

CACREP requires data collection on graduates of the counseling program. Bi-annual surveys that include demographic, perceptual, and process data are systematically administered. Feedback regarding courses needed for either job competency or licensure is solicited from alumni. Data on employment status and statistics, completion of state licensure and national certification, passing rates on the PRAXIS Exam and the National Counselor Exam, and graduate performance as evaluated by work supervisors is collected on an annual basis. Program curriculum feedback is requested from counseling site supervisors and from students while enrolled and after graduation. These data are used for program reflection and revision.

Demographic information is collected annually by cohort grouping and is reported to CACREP.

**Comprehensive Examinations.**
Graduate candidates must successfully pass a written comprehensive examination in the final semester of study. Application for the comprehensive examination is made when the graduate candidate registers for the counseling internship.

**Endorsement of Students.** Graduate candidates who successfully complete all their curricular and clinical training requirements for the Master’s of Education degree will receive formal endorsement in their area of specialization by the faculty.

Formal endorsement includes recommendation for state certification and/or national certification in settings consistent with the training provided in their programs. In cases in which a certifying body allows a graduate candidate to sit for a certification examination, the program faculty shall endorse the graduate candidate as a candidate for that examination if the graduate candidate has completed that portion of the program required by that certifying body.

**Certification and Licensure.**
Graduates in the school counseling program can meet requirements for either the South or North Carolina School Counseling Specialty Certificate. Graduates may apply to the National Board of Certified Counselors (NBCC) to take the National Counselor Examination (NCE) prior to graduation from the program.

The School Counseling Program is designed to meet the standards for certification as an elementary and/or secondary counselor established by the South Carolina Department of Education or the North Carolina Department of Public Instruction. Upon completion of the program and achieving the required score on the National Teacher Examination PRAXIS Area Test in School Guidance and Counseling, graduate candidates are eligible to receive certification as an elementary and/or secondary school counselor.

The Community Counseling Program is designed to meet the academic coursework and supervised field experience requirements for state licensure as a Licensed Professional Counselor in South and North Carolina. Community track graduate candidates may also complete the National Counselor Exam in the last semester of study. These experiences enable a student to significantly advance
towards national certification by graduation. Successful students will have only the post Master’s supervised apprenticeship to be eligible for endorsement as a Licensed Professional Counselor.

Master of Education in Curriculum and Instruction
Graduate Program Advisor: Linda Pickett, 803/323-4775

The Master of Education in Curriculum and Instruction is designed to meet the professional development needs of teachers in contemporary schools. The program has five options (graduate candidates choose one), and is aligned in part with the National Board of Professional Teaching Standards and addresses the critical issue of accountability in educational settings.

Candidates in the MEd in Curriculum and Instruction will have multiple clinical experiences and application is expected throughout the program. Access to a public school classroom is required.

Admission Requirements. To be eligible for admission to the Master of Education degree program in Curriculum and Instruction with graduate status, the applicant must submit the following criteria:

1. Copy of current South Carolina State Department of Education Class III Professional Certificate or the equivalent from another state;

2. Official score of 900 or above on the General Test of the Graduate Record Examination (verbal and quantitative portions) or 2.75 undergraduate GPA;

3. Statement of professional goals; and

4. Two letters of recommendation, at least one professional educator who has observed the applicant teach. Letters should reflect work with children and address the applicant’s leadership potential.

Candidates will be required to meet performance measures as specified below:

Midpoint Assessment (18 hours)
1. Program of Study filed,
2. 3.0 or higher cumulative GPA,
3. EDCI 635 data project satisfactorily completed; and
4. Review of professional dispositions.

Exit from the Program (36 hours)
1. 3.0 or higher cumulative GPA,
2. EDCI 637 (or 695) satisfactorily completed,
3. EDUC 650 or 651 Content Technology Project,
4. EDCI 636 Research Synthesis Project
5. Review of professional dispositions.

Semester

**Master of Education in Middle Level Education**

Graduate Program Advisor:
Kelly Costner, 803/323-4751

The Master of Education in middle level education is designed to provide the necessary young adolescent pedagogy and subject matter content needed by licensed teachers to be effective educators in middle grades. Courses emphasize the characteristics of middle age children, varying instructional strategies necessary to teach this age group and current content being taught in middle schools. Graduates of the MEd in middle level education will be prepared to be curriculum and instructional leaders in contemporary middle schools.

**Admission Requirements.** Admission to the MEd in middle level education requires the applicant to:

1. Have an undergraduate grade-point average of minimum 2.75 on a 4.0 scale in the last 60 hours of the graduate candidate’s undergraduate course work OR submit an official score of 900 or above on the combined verbal and quantitative portions of the General Test of the Graduate Record Exam (GRE).

2. Submit a verified copy of a current South Carolina State Department of Education Class III Certificate or the equivalent from another state.

3. Submit official transcripts (sent directly to Winthrop University from the issuing institution) for evaluation. Additional undergraduate course work may be required to strengthen the applicant’s academic credentials.

4. Satisfactorily complete a writing sample as prescribed by the program director; and
5. Present two letters of recommendation to include a recommendation from the applicant's current principal, assistant principal or other supervisor/professional educator.

*Degree candidates will select courses, with approval from their advisors, from one or more of the following areas: language arts, mathematics, science and social studies. The number of hours is flexible to reflect National Middle School Association/NCATE- Approved Guidelines which stipulate that programs must meet the curricular needs of graduate candidates with varied professional backgrounds and experiences.

Midpoint Assessment (18 hours)
1. Program of Study filed,
2. 3.0 or higher cumulative GPA,
3. Successful completion of key assessment from EDCI 600,
4. Review of professional dispositions.

Exit from the Program
1. 3.0 or higher cumulative GPA,
2. Successful completion of a culminating portfolio,
3. Successful completion of key assessment from EDCI 630, and
4. Final review of professional dispositions.

Master of Education in Reading
Graduate Program Advisor: Kavin Ming, 803/323-4756

The Master of Education degree in reading is designed to better prepare the certified classroom teacher for literacy instruction. Graduates of this program will meet South Carolina course requirements for certification as a reading teacher. In addition, graduates must have satisfactory scores on the appropriate PRAXIS examination to meet certification requirements. Graduate courses are also available to enable the certified teacher to meet South Carolina certification requirements for reading consultant.

Admission Requirements. Applicants requesting admission to the Master of Education degree program in reading must:

1. Have completed a course in the teaching of Reading;
2. Submit a verified copy of a current South Carolina Department of Education Class III Certificate or the equivalent from another state;
3. Document one year of successful teaching experience. Applicants who have not taught are placed for 30 hours of observation and/or participation in a classroom or in a variety of instructional settings;

4. Have an undergraduate grade point ratio of 2.75 on a 4.00 scale OR a combined score of 900 (verbal and quantitative) on the GRE;

5. Complete a writing sample that confirms the literacy skills of the candidate; and

6. Submit official transcripts (sent directly to Winthrop University from the issuing institution) for evaluation. Additional undergraduate course work may be required to strengthen the applicant’s academic credentials.

During the program, candidates will be required to meet performance measures as specified below:

**Entry to READ 671-Practicum in Diagnosis and Correction of Classroom Reading Difficulties**

1. Program of Study filed;
2. 3.0 or higher cumulative GPA;
3. Overall grade of B in all READ courses;
4. Passing score on pre-practicum qualifying examination; and
5. Review of professional dispositions

**Exit from Program**

1. 3.0 or higher cumulative GPA;
2. Successful completion of 36 hours programs and
3. Final review of professional dispositions.

Master of Education in Special Education
Graduate Program Advisor:
Brad T. Witzel, 803/323-2453

The Master of Education degree in special education prepares the educational leader to deliver family-centered services for families and their children with disabilities. There is an expectation that graduate candidates will participate and complete the program as part of a cohort group (a group of students who enroll in the same course sequence during specified times). Classes will be offered based on this model.

To be eligible for admission to the Master of Education degree program in special education, the applicant must:

1. Submit a verified copy of a current South Carolina Department of Education Class III Certificate or the equivalent from another state;

2. Submit a verified copy of the Specialty Area test of the PRAXIS Examination for the current area of certification or the South Carolina Teaching Area Examination; and

3. Pass a writing sample examination administered by faculty members in the special education program. Call the College of Education at 803/323-2151 to schedule an appointment.

4. Have an undergraduate grade point average of 2.75 on a 4.0 scale in the last 60 hours of the graduate candidate’s undergraduate coursework or an official score of 900 or above on the General Test of the Graduate Record Examination (verbal and quantitative portions).

During the program, candidates will be required to meet performance measures as specified below:

Midpoint Assessment (18 hours)
1. Program of Study filed,
2. 3.0 or higher cumulative GPA,
3. Minimum grade of B in all SPED courses,
4. Minimum score on a project/assignment as specified by SPED faculty; and
5. Review of professional dispositions.

Entry to Capstone or Thesis (30 hours)
1. 3.0 or higher cumulative GPA,
2. Minimum score on project/assignment as specified by SPED faculty; and
3. Review of professional dispositions.

Exit from the Program (36 hours)
1. 3.0 or higher cumulative GPA,
2. Review of professional dispositions; and
3. Artifact from SPED 694 or SPED 695 at the score “Relational” or higher.

Graduate candidates seeking an endorsement or certification in special education should consult with an advisor. To be recommended for certification, each graduate candidate must obtain at least the minimum score required by the South Carolina Department of Education on the appropriate Specialty Area Test of the PRAXIS Examination and complete the required courses as defined by the South Carolina Department of Education.

**Master of Science in Physical Education**

**Graduate Program Advisor:** Steveda Chepko, 803/323-3688

The Master of Science in physical education is designed to provide advanced study in the field of physical education. The program consists of core courses that provide students with a background in the scientific basis of movement, current research in the discipline and educational research, design and analysis. Electives may be selected to meet the needs of graduate candidates interested in interscholastic athletic administration, health related physical education and strength and conditioning. A maximum of six (6) semester hours of graduate work may be transferred from another accredited institution.

**Admission Requirements.** In addition to the general requirements for admission to graduate study at Winthrop, the applicant must:

1. Have an undergraduate major (or its equivalent) in physical education or complete prerequisites in the discipline; and

2. Submit a verified copy of a satisfactory score on the Miller Analogy Test (score of 392 or above) (score of 40 or above for test dates prior to September 2004) or a minimum score of 800 in the General Test of the Graduate Record Examination with a verbal score of at least 400.

The College of Visual and Performing Arts

Dean: Elizabeth Patenaude  
Director of Graduate Studies:  
Alice Burmeister  
803/323-2323

The College of Visual and Performing Arts offers graduate programs in the following areas: the Master of Arts in art education, the Master of Arts in arts administration, the Master of Music in conducting, the Master of Music in performance, the Master of Music Education and the Master of Fine Arts in art. Prospective students should contact The Graduate School for an Application for Graduate Admission and a copy of the Graduate Catalog. Applicants should also contact the appropriate graduate program advisor for specific program information.

The College of Visual and Performing Arts is one of only sixteen university arts programs in the nation fully accredited in all the arts domains and the only comprehensive collegiate arts program nationally accredited in all the arts in the State of South Carolina, public or private. The College offers undergraduate and graduate degrees that meet rigorous professional standards. Our programs are accredited nationally by the National Association of Schools of Art and Design (NASAD), National Association of Schools of Music (NASM), the National Association of Schools of Dance (NASD), the National Association of Schools of Theatre (NAST), the National Council on Accreditation of Teacher Education (NCATE) and the Southern Association of Colleges and Schools (SACS).

Students desiring initial certification in music or art at the graduate level may apply for admission to the Master of Arts in Teaching (MAT) degree program administered by the Richard W. Riley College of Education. Please refer to the Center for Pedagogy section of the Catalog for complete information.

**Master of Fine Arts in Art**

**Graduate Program Advisor:**

**Tom Stanley, 803/ 323-2653**

**Admission Requirements.** All applicants to the Master of Fine Arts program must submit a digital portfolio or other visuals representing the applicant’s studio artwork in the intended area(s) of concentration.

The Department of Fine Arts offers the MFA degree in four areas of concentration. Candidates may elect a concentration in one of the following:

Crafts  
Painting  
General Studio*  
Sculpture

*15 semester hours in each of two major areas of concentration.*

For admission to the graduate program, the applicant must meet the general requirements for admission to graduate study at Winthrop University as well as:

1. Have an overall undergraduate grade-point average of 3.0 or better on a 4.0 scale.

2. Submit a combined score of 800 or above on the General Test of the Graduate Record Examination (verbal and quantitative sections), or a score of 44 on the Miller Analogies Test (MAT). A minimum TOEFL score of 550 is required for international students.

3. Submit a written statement of purpose reflective of your creative goals in the intended major and minor areas of study. The statement should indicate how the applicant envisions his or her work developing and why it is important to pursue a graduate degree.

4. Submit a resume;

5. Have three original letters of recommendation submitted directly from art and design professionals; and

6. Submit a minimum of 20 digital images, with inventory sheet representing work in the intended area of concentration. Images should be labeled with name and number that corresponds to the digital image inventory sheet (for example: Smith #1, Smith#2.jpeg). Images should be at least 8”x6” with resolution of 300 dpi. Please make sure that your name is on the CD itself.

A limited number of graduate assistantships and other awards are available for qualified applicants. Also, a limited number of graduate teaching assistantships are available for qualified graduate students after they have 18 semester graduate hours or more in the major concentration.

Students are required to complete at least 60 semester hours of approved graduate-level work. At least half the work presented for the degree must be 600-level courses.

Note: Registration for GSTC 600, Continuing Graduate Studies, may be required. Check with advisor.

*Courses must be in related area of art and design approved by advisor.

**A thesis project of creative work is required for the MFA degree in art and design, including a written thesis statement that is about the body of investigated work to be presented in a required exhibition. The written (MFA) statement should be at least five (5) pages in length and no longer than ten (10), exclusive of images. Upon completion and approval of the written thesis statement, the student must pass an oral defense of the presented work. A documented exhibition is required of every candidate for the MFA degree in art and design. (See Department of Fine Arts MFA Handbook for details.)

---

Master of Arts in Art Education
Graduate Program Advisor: Laura Gardner, 803/ 323-2654

The Master of Arts degree program in art education is designed for certified art teachers who wish to continue their professional/educational development. The program provides opportunities for current art teachers to improve skills in studio art, research in art education and K-12 art education methodology.

The 36 semester-hour program combines courses in art education, art content (studio, history, criticism and aesthetics) and educational foundations and psychology. Based on these courses it allows teachers to pursue studio or research projects of personal concern.

During the first semester of study, but no later than the completion of 12 graduate hours toward the program, students must select either the applied studio or research options consistent with individual professional goals.

Applied Studio Option. The applied studio option is intended to further the professional goals of the art teacher who wishes to concentrate on the development of artistic skills. This option allows the practicing teacher to pursue studio interests, to develop practical skills and, at the same time, to develop a broad understanding of contemporary art education theory. In the applied studio option, the degree candidate will be required to complete an exhibition thesis.

Research Option. The research option concentrates on the development of broad understanding in art education methodology and on the development of specialized knowledge. This option requires a research thesis and is designed to enhance the art teacher’s professional goals of personal and career improvement and/or intention to pursue doctoral work.

Admission Requirements. For full admission to the MA degree program in art education, all applicants must submit the application and all supporting materials to the Graduate School Office by the published University deadlines.

For the research option, the deadlines are as follows: July 15 for the fall semester; December 1 for the spring semester; May 15 for June enrollment; June 15 for July enrollment. In addition, to be eligible for admission to the degree program, the applicant must:
1. Submit an official baccalaureate degree transcript (sent directly to Winthrop from the issuing institution) from an accredited institution. A major in art education, or its equivalent, is required;

2. Submit an official satisfactory score on either the General Text of the Graduate Record Examination, the Miller Analogies Test, or PRAXIS examination. If the applicant's overall undergraduate grade-point average is less than 3.0 on a 4.0 scale, the applicant must score 800 or better on the General Test of the Graduate Record Examination (verbal and quantitative sections), or score 40 or better on the Miller Analogies Test, or an acceptable score on the PRAXIS examination;

3. Submit a current South Carolina Class III Teaching Certificate or equivalent from another state;

4. Submit a resume;

5. Submit a statement of the applicant's philosophy of teaching and his or her goals for graduate study; and

6. Submit 10-20 digital images (with an inventory sheet) from the applicant's work (required in applied studio option only).

Master of Arts in Arts Administration
Graduate Program Advisor:
Laura Gardner, 803/323-2654

This graduate degree program is for individuals, with experience in arts organizations, seeking to enhance their effectiveness and increase their career opportunities as arts administration professionals. The emphasis of the degree is on leadership in not-for-profit arts organizations with special focus on the visual arts, dance, music, theatre, museum, cultural institution and performing arts administration.

The 36-hour degree program consists of a core of 18 weekend sessions (18 credit hours), four web-based courses (12 hours), and two one-week summer institutes (6 credit hours) spread out over two years of full-time, low residency enrollment. Classes meet one weekend each month fall and spring semesters and one week in June. Participants will be admitted in cohorts beginning in the fall semester of each year.

Admission Requirements. In addition to meeting Winthrop University general admission requirements for all graduate students, the applicant for admission to this program must show high promise of success in graduate study in arts administration as demonstrated by an essay, interview and documentation of work experience in the field. Specifically the applicant should:

1. Hold a baccalaureate degree in an arts or business management discipline;
2. Have an overall undergraduate grade-point average of 3.0 on a 4.0 scale;
3. Submit an essay describing why the applicant wishes to enter the program;
4. Submit a current vitae; and
5. Submit two letters of recommendation.

Materials and applications are due by February 15 for the Fall semester. Final admission decisions cannot be made until all information has been received. Applicants not submitting all materials prior to the deadline will be considered for the following academic year. After credentials are reviewed, the program director will contact the applicant to schedule an interview. Interviews will be conducted between March 15 and April 15.

An applicant whose native language is not English must present a score of at least 550 on the TOEFL. Students desiring to participate in this degree program who do not have a bachelor's degree in an arts or business management discipline may demonstrate life and work experience as prerequisite for admission. This substitution is applicable to less than 10% of any entering class.

### Admission Requirements for all graduate Music degrees.

In addition to meeting Winthrop University general admission requirements for all graduate students, the applicant for admission to a graduate program in music should:

1. Have an overall undergraduate grade-point average of 3.0 on a 4.0 scale.

2. Submit an acceptable score on the verbal and quantitative sections of the General Test of the Graduate Record Examination, the Miller’s Analogy Test (MAT), or the PRAXIS II Examination in music education;
for graduate level study should register
for undergraduate credit for one
semester before re-auditioning for the
graduate program.

Applicants for both choral and wind
instrumental emphases should also
possess:

1. A keyboard proficiency equivalent to
that required of an undergraduate
degree in performance or music
education;

2. A proficiency in a major instrument
equivalent to that required of
graduates in the appropriate
undergraduate degree program for
choral - piano, organ, or voice;
instrumental - wind instrument or
percussion; and

3. Applicants for the choral emphasis
should also possess a diction
proficiency in liturgical Latin and either
French, German or Italian.

</tbody>
</table>

In addition to the required program, each student must complete one of the following tracks:

**Choral Track:**
600 level Choral Conducting 9
Choose 2 hours from: 2
MUSA 651 Winthrop Glee Club
MUSA 652 Winthrop Chorale
MUSA 654 Chamber Singers
MUST 506 Choral Literature 3
MUST 508 Standard Choral Repertory 3

**Wind Instrumental Track:**
600 level Instrumental Conducting 9
Choose 2 hours from:
MUSA 656 Wind Symphony
MUSA 657 Symphonic Band
MUSA 658 Wind Ensemble
MUST 518 Wind Literature 3
MUST 564 Romantic Period Music 3

**Total Semester Hours** 34

At least one-half of the work presented for a graduate music degree must be in course work at the 600 level. Registration for GSTC 600 (Continuing Graduate Studies) may be required. Check with advisor.

**Comprehensive Examinations.** At least two weeks prior to final examinations, music graduate students must pass written and oral examinations covering all aspects of their graduate program. Students may not attempt the comprehensive examinations more than three times.

**Performance Requirements for Graduation.** At the culmination of applied study and near the end of the degree program, at least two weeks prior to final examinations, the student will present a full conducting recital as part of the degree requirements. Students meeting degree performance requirements must be enrolled for applied music study in the semester or term in which the recital is given.
Admission Requirements. In addition to the general admission requirements for all graduate degrees in music, the Master of Music degree in performance requires that all applicants hold a baccalaureate degree with a major in performance, or its equivalent, from an accredited institution.

The candidate must also perform an entrance audition in the major instrument. This audition should consist of repertory appropriate for an undergraduate senior-level, performance degree recital and include representative works from various historical periods and styles. Students not accepted for graduate level study should register for 400-level credit (undergraduate) for one semester before re-auditioning for the graduate program.

At least one-half of the work presented for a graduate music degree must be in course work at the 600 level. Registration for GSTC 600 (Continuing Graduate Studies) may be required. Check with advisor.

### Additional Requirements:

1. Full recital in the major instrument and

2. Piano students must take MUST 501 (Piano Literature) and MUST 520 (Piano Pedagogy). Voice students must take MUST 505 (Opera Literature) or MUST 509 (Art Song Literature), MUST 519 (Vocal Pedagogy) and MUST 535-536 (Diction). Percussion students must take MUST 517(Percussion Literature).

### Comprehensive Examinations. At least two weeks prior to final examinations, music graduate students must pass written and oral examinations covering all aspects of their graduate program. Students may not attempt the comprehensive examinations more than three times.

### Performance Requirements for Graduation. At the culmination of applied study and near the end of the degree program, at least two weeks prior to final examinations, the student will present a full recital of at least 50 minutes performance time as part of the degree requirements. Students meeting degree performance requirements must be enrolled for applied music study in the semester or term in which the recital is given.
Master of Music Education  
Graduate Program Advisor:  
Donald M. Rogers, 803/323-2255

**Admission Requirements.** In addition to the general admission requirements for all graduate degrees in music, the Master of Music Education degree requires that all applicants hold a baccalaureate degree with a major in music education, or its equivalent, from an accredited institution. Students whose undergraduate degree does not carry certification in music should enroll in the Master of Arts in Teaching degree program through the Richard W. Riley College of Education.

**Total Semester Hours** 33

At least one-half of the work presented for a graduate music degree must be in course work at the 600 level. Registration for GSTC 600 (Continuing Graduate Studies) may be required. Check with advisor.

**Comprehensive Examinations.** At least two weeks prior to final examinations, music graduate students must pass written and oral examinations covering all aspects of their graduate program. Students may not attempt the comprehensive examinations more than three times.

**Additional Requirements.** There is no recital requirement for the Master of Music Education degree. However, a student may complete up to 6 hours in applied music with the approval of the appropriate applied committee for any study beyond 3 hours. A student earning 6 credit hours must present at least a half recital before graduation.
Accounting (ACCT)

502. Corporate Tax (3).
Concepts and methods of determining tax liability of corporations. Topics include ordinary income, capital gains and losses, net operating loss, reorganizations and contemporary problems in corporate taxation.
Prerequisite(s): Grade of C or better in ACCT 306 and ACCT 401.

505. Intermediate Accounting III (3).
Special accounting topics not covered in other accounting courses. Examples of topics covered are business combinations, investments, leases, pensions, EPS, revenue recognition and the cash flow statement.
Prerequisite(s): Grade of C or better in ACCT 306.

506. Governmental and Not for Profit Accounting (3).
Fund accounting and the financial presentation and disclosure requirements of governmental and other not for profit agencies.
Prerequisite(s): Grade of C or better in ACCT 306.

509. Auditing Principles and Procedures (3).
Internal control, test of transactions, direct tests of financial statement balances and statistical sampling, with emphasis on the auditor's decision-making process.
Prerequisite(s): Grade of C or better in ACCT 306 and ACCT 303.

601. Introduction to Accounting (3).
Preparation of accounting information according to GAAP and analysis of accounting data for the purposes of planning and control.
Notes: Offered as needed.

Exploration of the theoretical basis of financial accounting and the study of selected current issues concerning generally accepted accounting principles.
Prerequisite(s): ACCT 306.

607. Tax Research (3).
Tax concepts, issues and procedures examined using tax services to research tax topics. Explore administrative methods of dealing with the examination, collection and criminal tax division of the IRS.
Prerequisite(s): ACCT 401.

609. Advanced Auditing (3).
The course will cover the audit process (with practice sets), auditing in an EDP environment and statistical sampling plans used by auditors.
Prerequisite(s): Grade of C or better in ACCT 509.

610. Advanced Managerial Accounting (3).
Stresses an understanding of how accounting aids management by providing information for decision making and control of operations.
Prerequisite(s): ACCT 309 or ACCT 654, QMTH 205 and QMTH 206, or QMTH 651.
Courses of Study

615. Professional Exam Review (0).
Professional examination preparation.
Student must demonstrate proficiency in a simulation of one of the following professional examinations: Certified Public Accountant, Certified Management Accountant or Certified Internal Auditor.
Notes: Must be completed prior to receiving MBA-Accounting Emphasis.

654. Management Accounting (3).
Accounting topics in the area of management with emphasis on planning, control and analysis for decision-making.
Prerequisite(s): ACCT 280 and 281.

African American Studies (AAMS)

509. African American History (3).
A survey of the experiences and contributions of blacks from the African origin to the present.
Notes: Cross-listed with HIST 509.

518. Politics of the American South (3).
Focuses on the unique politics of the South. It places Southern politics in its theoretical and historical context and examines the central role of race in southern politics as well as regional importance to national issues.
Prerequisite(s): PLSC 201 with a grade of C or better, or graduate status or permission of instructor.
Notes: Cross-listed with PLSC 518.

551. African American Political Thought (3).
This course explores the historical struggle of African-Americans to assess their identity in relationship to their legal and social oppression. In reflecting on the work of Audre Lourde, W.E.B. Dubois, Frederick Douglass, Sojourner Truth, Toni Morrison, Martin Luther King, Malcolm X, Cornell West, Mark Twain and others, we will angle in on the question of black identity from a variety of perspectives. Particular attention will be paid to the relationship between these articulations of "blackness" and the historical and political settings in which they arise. Informed class discussion will be emphasized. Students are expected to write a term paper and to present it to the class.
Prerequisite(s): HMXP 102 or AAMS 300 or permission of instructor or graduate status.
Notes: Cross-listed with PLSC 551.

561. The History of the Caribbean (3).
The study of socioeconomic and political trends of the major islands off the Caribbean Sea from the colonial period to the present.
Notes: Cross-listed with HIST 561.

Anthropology (ANTH)

503 A,B. Service-Learning in Anthropology (1) (3).
A themed service-learning course that will address a current social issue in society from anthropological perspective. The course will include both significant classroom and placement components. Prerequisite(s): ANTH201, Permission of Instructor and Chair of Sociology and Anthropology is required.
Notes: Sociology majors, sociology minors and anthropology minors may not have more than 7 hours count towards the major or minor from SOCL 463-464, SOCL503, SOCL505, SOCL 340, ANTH 463-464, ANTH 503, ANTH 505 and ANTH 340. Offered variable times.
540. Ecological Anthropology (3).
A study of humans’ relationship to the environment in the past, present and future. This course explores the biological and cultural adaptations that have allowed humans to occupy a wide range of diverse habitats.
Prerequisite(s): ANTH 201 or 202; or BIOL 203/204; or permission of instructor.
Notes: Offered in even years, in fall.

Arts Administration (ARTA)

611A. Principles and Practices of Arts Administration I (1).
A course covering the processes of theories of governance and leadership in the arts as well as practical aspects of planning and implementation. Emphasis will be on understanding leadership styles and arts administration theory, as well as an awareness of current issues impacting arts administration.
Notes: Restricted to students admitted into the MA in Arts Administration program.

611B. Leadership in the Arts I (1).
A course focusing on the theories of leadership as they apply to the arts and other human processes operating within an arts organization and society as a whole.
Notes: Restricted to students admitted into the MA in Arts Administration Program.

611C. Leadership in the Arts II (1).
A continuation of the Theories of Leadership in the Arts begun in ARTA 611B.
Notes: Restricted to students admitted into the MA in Arts Administration program.

611D. Marketing the Arts (1).
A course designed to provide an overview of marketing principles and operations management with a focus on appropriate and timely issues affecting arts organizations.
Notes: Restricted to students admitted into the MA in Arts Administration program.

612A. Financial Analysis, Planning and Management (1).
A case, lecture and computer application course emphasizing financial statements analysis, cash budgets, Performa statements, time value of money and working capital management in not-for-profit organizations.
Prerequisite(s): ARTA 611D.
Notes: Restricted to students admitted into the MA in Arts Administration program.

612B. Trusteeship and Governance (1).
A course addressing issues surrounding performance standards by which governing boards of arts organizations may be assessed and practical information on managing trustee relations.
Prerequisite(s): ARTA 611D.
Notes: Restricted to students admitted into the MA in Arts Administration program.

612C. Organizational Behavior in the Arts (1).
Evolutionary development of organizational theory and the examination of its relationship to human and physical changes in arts organizations.
Prerequisite(s): ARTA 611D.
Notes: Restricted to students admitted into the MA in Arts Administration program.
Courses of Study

612D. Arts Administration and the Law (1).
Not-for-profit sector employment law and other legal related matters with emphasis on employment regulations and current trends in the arts and the law. Notes: Restricted to students admitted into the MA in Arts Administration program.

612E. Principles and Practices of Arts Administration II (1).
A continuation of the processes of theories of governance and leadership in the arts begun in ARTA 611A. Prerequisite(s): ARTA 611D.

613. Arts Administration Institute I: Practices (3).
A one-week summer seminar covering current practices in arts administration and specific theories on the role of the arts in society. Prerequisite(s): ARTA 612E. Notes: Restricted to students admitted into the MA in Arts Administration program.

621A. History and Philosophy of Arts Administration (1).
A course that reviews the history of not-for-profit arts organizations in the United States and related philosophical viewpoints throughout that history. Prerequisite(s): ARTA 613. Notes: Restricted to students admitted into the MA in Arts Administration program.

621B. Seminar in Aesthetics, Theory and Criticism of the Arts (1).
An advanced, detailed study of selected topics in aesthetics, arts theory and criticism. Prerequisite(s): ARTA 613. Notes: Restricted to students admitted into the MA in Arts Administration program.

621C. Arts, Ethics and Community Service (1).
A course addressing the concerns of arts administrators as they prepare for increasing levels of civic responsibility. Theoretical and practical insights are shared as a means to engage students in the issues of ethics and community service. Prerequisite(s): ARTA 613.

621D. Implementing Arts Administration Strategies (1).
Using existing case studies and those developed by students, strategies for planning, implementing and evaluating arts administration responsibilities will be explored and developed. Prerequisite(s): ARTA 613.

622A. Program Planning and Proposal Writing (1).
An advanced approach to research and writing grant proposals. Prerequisite(s): ARTA 621D.
Notes: Restricted to students admitted into the MA in Arts Administration program.
622B. Special Topics in Arts Administration (1).
A special topics series of courses designed to extend individual opportunities for study in arts administration.
Prerequisite(s): ARTA 621D.
Notes: Restricted to students admitted into the MA in Arts Administration program.

622C. Special Topics in Arts Administration (1).
A special topics series of courses designed to extend individual opportunities for study in arts administration.
Prerequisite(s): ARTA 621D.
Notes: Restricted to students admitted into the MA in Arts Administration program.

622D. Special Topics in Arts Administration (1).
A special topics series of courses designed to extend individual opportunities for study in arts administration.
Prerequisite(s): ARTA 621D.
Notes: Restricted to students admitted into the MA in Arts Administration program.

622E. The Arts and Arts Administration (1).
Intensive examination and analysis of current issues in the work life of arts administration students and the application of practices in the applied arts to those issues.
Prerequisite(s): ARTA 621D.
Notes: Restricted to students admitted into the MA in Arts Administration program.

623. Arts Administration Institute II: The Arts and Society (3).
A one-week summer seminar covering current practices in arts administration and specific theories on the roles of the arts in society.
Prerequisite(s): ARTA 622E.
Notes: Restricted to students admitted into the MA in Arts Administration program.

685. Field Based Practicum I (3).
Fieldwork in an appropriate setting with supervision and advisement. This practicum experience provides an opportunity to explore contemporary issues in arts administration as they unfold in the work place.
Prerequisite(s): Permission of advisor.
Notes: Restricted to students admitted into the MA in Arts Administration program. A grade of S or U is recorded.

686. Field Based Practicum II (3).
Fieldwork in an appropriate setting with supervision and advisement. This practicum experience provides an opportunity to explore contemporary issues in arts administration as they unfold in the work place.
Prerequisite(s): ARTA 685 and permission of advisor.
Notes: Restricted to students admitted into the MA in Arts Administration program. A grade of S or U is recorded.

695. Thesis Research I (1-3).
Development of an individual investigation or applied research project with a range of alternative culminating experience presentation formats, including traditional thesis. Web-based course.
Prerequisite(s): ARTA 686.
Notes: Restricted to students admitted into the MA in Arts Administration program. A grade of S or U is recorded.
696. Thesis Research II (1-3).
Completion of an individual investigation or applied research project with a range of alternative culminating experience presentation formats, including traditional thesis. Web-based course.
Prerequisite(s): ARTA 695
Notes: Restricted to students admitted into the MA in Arts Administration program. A grade of S or U is recorded.

Art (ARTS)

All 500-level (for graduate credit) and 600-level course enrollment require prior approval of the Chair of the Department of Art and Design.

532. Sculpture V (3:7).
Development of design and technical skills in the student's specific area of interest.
Prerequisite(s): ARTS 433.
Notes: Lab Fee: $25. Offered in fall and spring.

533. Sculpture VI (3:7).
The conception and production of a unified professional body of work appropriate to a one-artist exhibition of sculpture.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $25. Offered in fall and spring.

Advanced study in printmaking media with a concentration of image formulation through advanced techniques and multi-color printing.
Prerequisite(s): ARTS 437.
Notes: Lab Fee: $25. Offered in fall and spring.

542. Painting V (3:7).
A continuation of the study of painting to develop professional, painterly skills through individual expression.
Prerequisite(s): ARTS 443.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

543. Painting VI (3:7).
Advanced study offering a thorough grounding in the discipline of painting.
Prerequisite(s): ARTS 542.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

551. Ceramics V (3:7).
Advanced study to develop a personal approach to the ceramic object. Exploration of glaze calculation and application.
Prerequisite(s): ARTS 551.
Notes: Lab Fee: $45. Offered in fall, spring and summer.

552. Ceramics VI (3:7).
Advanced work in ceramics culminating in the production of a body of work of professional standard. Study of kiln construction and portfolio photographic documentation.
Prerequisite(s): ARTS 551.
Notes: Lab Fee: $45. Offered in fall, spring and summer.

A continued exploration of concepts and technique considering personal direction with emphases on technical proficiency and intentful design. Students will focus
on the production, documentation and presentation of their work. Coursework includes documentation of personal development in sketchbooks, visual research, finished works and active course participation.
Prerequisite(s): ARTS 456 or permission of chair.
Notes: Lab Fee: $75. Offered in fall and spring.

556. Jewelry and Metals VI (3:7).
Focus on the development of a cohesive body of work based on a technical, conceptual and/or aesthetic theme as well as professional practices related to portfolio and exhibition of work. Coursework includes a finished body of work, participation in a solo or group exhibition, completed portfolio, evidence of related activity beyond the classroom and active course participation.
Prerequisite(s): ARTS 555 or permission of chair.
Notes: Lab Fee: $75. Offered in fall and spring.

This course combines creative photography techniques used in the fashion industry with the financial aspects of making a living as a working photographer. Projects are designed to initiate assignments a studio photographer would typically receive, stressing individual creative solutions for a project, working to a deadline and staying within a client's budget. Students must own a medium-format camera with flash synchronization capability.
Prerequisite(s): ARTS 474
Notes: Offered in fall.

Designed for seniors, this course provides an opportunity to investigate a single topic of personal interest. By working closely with the instructor, the student's project is devised, executed and in the process a conceptual framework is developed. To accompany the project, students learn to write an artist's statement, how to complete a grant application for a fine-art project or develop a detailed budget for a commercial project proposal.
Prerequisite(s): ARTS 473, 474 and ARTS 472 or 475 or 572, senior status.
Notes: Offered in fall.

This course is dedicated to the production of a project for a one-person exhibition, which the student installs at the end of the semester. Building on the experience of ARTS 573, the student investigates a single topic, which may be a new project, a continuation of the earlier project or a refined version of it. The exhibition (typically 12-15 pieces of work) is accompanied by a written artist's statement.
Prerequisite(s): ARTS 573.
Notes: Offered in spring.

Research and conceptualization of visual media in package design including industrial and food packages.
Prerequisite(s): ARTS 477 or 478.
Notes: Lab Fee: $25. Offered in fall and spring.
**Courses of Study**

**580, 581. Special Topics in Art (1)** (1).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art and Design.
Notes: Offered in fall and spring. May be retaken for additional credit.

**582, 583. Special Topics in Art (2)** (2).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art and Design.
Notes: Offered in fall and spring. May be retaken for additional credit.

**584, 585. Special Topics in Art (3)** (3).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art and Design.
Notes: Offered in fall and spring. May be retaken for additional credit.

Advanced studies in photography with emphasis on synthesizing conceptual and pragmatic skills. Independent effort is essential as is a high degree of professional competency.

Advanced studies in crafts with emphasis on synthesizing conceptual and pragmatic skills. Independent effort is essential as is a high degree of professional competency.

Advanced studies in sculpture with emphasis on synthesizing conceptual and pragmatic skills. Independent effort is essential as is a high degree of professional competency.

Development of an individual approach to expression in photography.

**614, 615. Graduate Painting (3:7)** (3:7).
Development of an individual approach to expression in painting.

**616, 617. Graduate Crafts (3:7)** (3:7).
Development of an individual approach to expression in crafts.

Development of an individual approach to expression in sculpture.

A program structured on the basis of individual needs, interests and background preparation as they are determined through faculty counseling.
A program structured on the basis of individual needs, interests and background preparation as they are determined through faculty counseling.

A program structured on the basis of individual needs, interests and background preparations as they are determined through faculty counseling.

A program structured on the basis of individual needs, interests and background preparation as they are determined through faculty counseling.

Special problems in photography as related to individual needs and requirements for student developing a thesis in the concentration.

634, 635. Special Problems in Painting (3:7) (3:7).
Special problems in painting as related to individual needs and requirements for student developing a thesis in the concentration.

Special problems in crafts as related to individual needs and requirements for student developing a thesis in the concentration.

Special problems in sculpture as related to individual needs and requirements for student developing a thesis in the concentration.

Advanced studies in graphic design with emphasis on synthesizing conceptual and pragmatic skills. Independent effort is essential as is a high degree of professional competency.

Advanced studies in printmaking with emphasis on synthesizing conceptual and pragmatic skills. Independent effort is essential as is a high degree of professional competency.

Advanced studies in drawing with emphasis on synthesizing conceptual and pragmatic skills. Independent effort is essential as is a high degree of professional competency.

Development of an individual approach to expression in graphic design.

Development of an individual approach to expression in printmaking.

Development of an individual approach to expression in drawing.

A program structured on the basis of individual needs, interests and background preparation as they are determined through faculty counseling.
Courses of Study

A program structured on the basis of individual needs, interests and background preparation as they are determined through faculty counseling.

Special problems in graphic design as related to individual needs and requirements for student developing a thesis in the concentration.

Special problems in printmaking as related to individual needs and requirements for student developing a thesis in the concentration.

Extends individual opportunities in art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art and Design.

695. Thesis (3).
Development of an individual investigation.
Prerequisite(s): Open to majors only. Permission of chair, Department of Art and Design.
Notes: A grade of S or U is recorded.

696. Thesis (3).
Development of an individual investigation.
Prerequisite(s): Open to majors only. Permission of chair, Department of Art and Design.
Notes: A grade of S or U is recorded.

Art Education (ARTE)

This course addresses philosophical and social foundations of art education, then focuses on objectives, content, teaching methods, and assessment of art at the early childhood and elementary levels. Students will develop comprehensive elementary-level lesson plans meeting diverse National and SC Visual Arts Standards.
Prerequisite(s): ARTE 348 or Permission of Instructor.
Notes: Lab fee: $15. Offered in fall.

547. Art for Classroom Teachers (3:5).
Introduction to the aims, philosophies and creative studio experiences relevant to teaching art in the elementary school.
Prerequisite(s): Education major or permission of instructor. Admission to Teacher Education Program.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

This course reviews historical and contemporary curricula in art education, then focuses on issues in secondary art teaching. Topics include adolescent development, as well as multicultural and cross-disciplinary aspects of art. Students will develop personal philosophies of art education as well as secondary units of instruction.
Prerequisite(s): Permission of instructor. Admission to Teacher Education Program.
Notes: Lab Fee: $15. Offered in spring.
550. Principles of Teaching Art (3).
Study and application of skills of planning, instruction, management and assessment of students of art. Includes a review of the ethical and legal responsibilities of art teachers.
Prerequisite(s): Permission of instructor.
Admission to Teacher Education Program.
Notes: Lab Fee: $20.

580. Current Issues in Art Education (3).
Intensive examination and analysis of current issues in contemporary art education.
Prerequisite(s): Permission of instructor.

592. Field Experience in Teaching Art (1:8).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of an art education professor and will work with a mentor teacher in preparation for the final internship experience. Activities will focus on instructional planning, teaching methodology, classroom management and evaluation of teaching and learning to complement content covered in ARTE 550.
Prerequisite(s): ARTE 348 or ARTE 580, ARTE 528, ARTE 548.
Co-requisite: ARTE 550 and EDUC 390 or EDUC 660.

648. Curriculum Development in Art Education (3.2.2).
This course for current in-service art teachers reviews historical art education curricula and considers contemporary curricular issues in order to enhance current teaching practice and to develop teachers as reflective practitioners.
Prerequisite(s): Permission of instructor. Course offered in summer. Lab Fee: $15.

Intensive examination and analysis of current issues in contemporary art education.
Prerequisite(s): Permission of instructor.

A survey of basic concepts and techniques of research methodology in the visual arts and art education. Includes qualitative and quantitative approaches as they apply to visual art learning.

684. Graphic Design for Art Teachers (3:0:7).
The study of basic graphic design principles as they may be applied in a public school art program.
Prerequisite(s): Permission of instructor.

685. Art Education Thesis (3).
Development of an individual investigation, either a written research thesis or a studio exhibition thesis.
Prerequisite(s): Open to majors only.

For the art teacher, an introduction to drawing and its application to other studio situations.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $10.

Broad range of design and media experiences in sculpture.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $25.
Courses of Study

690, 691. Printmaking Studio for Art Teachers I, II (3:7) (3:7).
Studio introduction to printmaking process through experiences selected from printmaking areas.

Introduction for the art teacher to traditional painting media and their application in actual studio situations.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $10.

Technical investigation in clay processes, blazing and fringe techniques.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $35.

Basic design and media experiences in jewelry and metals.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $25.

For the art teacher, an introduction to photography and applications to other studio experiences.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $25.

680, 681. Graduate Art History (3) (3).
Graduate art history study for scholarly research and discussion of specific issues; i.e. prehistoric art, ancient art, classical art, medieval art, Renaissance art, modern art, interior design, photography, etc.

682. Research in Art History (3).
Research in art history study for scholarly presentation and discussion of a specific topic.
Prerequisite(s): ARTH 680 or permission of instructor.

683. Seminar in Aesthetics, Theory and Criticism of Art (3).
An advanced, detailed study of selected topics in aesthetics, art theory and criticism in a seminar situation.

690, 691, 692. Special Topics in Art History (3) (3) (3).
Extends individual opportunities for study in art history beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art and Design.

Art History (ARTH)

580 Special Topics in Art History (3). Extends individual opportunities for study of Art History beyond existing departmental curriculum limits.
Prerequisite(s): Permission of instructor.

Athletic Training (ATRN)

510. Pharmacology and Drug Education (3). Lecture/discussion experiences in the principles of pharmacology and the clinical use and effects of major drug categories. Includes information on substance abuse, especially as it pertains to the physically active population, and on drug education and testing programs.
Prerequisite(s): HLTH 300 or permission of instructor.
Notes: Offered in spring.
561. **Advanced Emergency Care (2:1:2).**
Lecture, demonstration and guided laboratory experiences designed to expose the student to the advanced emergency care techniques and knowledge required of athletic trainers, coaches and other allied health professionals. Upon completion of the course the student will obtain Red Cross professional Rescuer CPR certification.
Prerequisite(s): PHED 361.
Notes: Fee for Red Cross certificate. Offered in spring.

563. **Medical Aspects of Sport and Related Injuries (3).**
A review of selected medical aspects of sport taught by guest medical experts from community hospitals and private practice.
Prerequisite(s): ATRN 310 or permission of instructor.
Notes: Offered in fall.

**Biology (BIOL)**

505. **Primate Biology (3).**
A study of the morphology, behavior, ecology and evolutionary relationships of primates including prosimians, monkeys, apes and hominids.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108; or ANTH 202 and permission of instructor.
Note: Offered in odd years in fall.

507. **Neuroanatomy (4:3:3).**
A comprehensive study of the Central and Peripheral Nervous Systems with emphasis on the gross features of these two systems. Additionally the primary motor and sensory pathways will be studied along with the effects of trauma and disease to these systems and pathways. The laboratory portion of this class will involve dissection of horse and sheep brains, eyes and examination of plastinated specimens.
Prerequisite(s): BIOL 307 or BIOL 308 or permission of instructor.
Note: Offered in even years in spring.

508. **Invertebrate Biology (4:2:4).**
An introduction to the biology of invertebrate animals with emphases on their physiology, anatomy and evolutionary relationships.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $35. Offered in odd years, in spring.

510. **Vertebrate Natural History (4:2:4).**
A course covering the evolution, distribution, ecology and physiology of all classes of fish, amphibians, reptiles, birds and mammals.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $30. Offered in odd years, in spring.

511. **Ornithology (4:2:4).**
A lecture and field course in bird evolution, ecology, behavior and field identification.
Prerequisite(s): BIOL 204, 205, 206 and 300 or permission of instructor.
Notes: Lab Fee: $30. Offered in summer.
513. Organic Evolution (3).
A study of the mechanism of change in
the genetic constitution of populations
over time with consideration of historical
progress toward our present
understanding.
Prerequisite(s): BIOL 204, 205, 206, 300
and 317; CHEM 106 and 108.
Note: Offered in fall.

A study of the ways by which human
activity alters natural ecosystems and
affects human health.
Prerequisite(s): BIOL 204, 205, 206 and
300; CHEM 106 and 108.
Notes: Lab Fee: $35. Offered in spring.

517. Human Genetics (3).
A comprehensive study of human
genetics, especially covering the areas of
single gene defects, chromosome
disorders, cancer, multifactorial
inheritance, immunogenetics, behavior
and populations.
Prerequisite(s): BIOL 204, 205, 206, 300
and 317; CHEM 106 and 108.
Note: Offered in odd years in fall.

518. Animal Behavior (3).
A study of the mechanisms and patterns
of animal activity, including principles of
sociobiology.
Prerequisite(s): BIOL 204, 205, 206 and
300; CHEM 106 and 108.
Note: Offered in even years in spring.

519. Mechanisms of Disease (3).
A study of disease cause and progression
in humans and animal models at the
cellular, molecular and organismal levels.
Prerequisite(s): BIOL 300 and BIOL 315
or by permission of department chair.
Notes: Offered in even years, in fall.

520. Entomology (4:2:4).
A study of the morphology, physiology,
ecology and behavior of insects with
emphasis upon recognition of major insect
groups and techniques for preservation
and identification.
Prerequisite(s): BIOL 204, 205, 206 and
300; CHEM 106 and 108.
Notes: Lab Fee: $40. Offered on
demand.

521. Cytogenetics (4:3:3).
A comprehensive study of the chemical
and physical properties of chromosomes
and their behavior and role in inheritance.
Prerequisite(s): BIOL 204, 205, 206, 300
and 317; CHEM 106 and 108.
Notes: Lab Fee: $30. Offered in even
years, in fall.

522. Immunology (4:2:4).
A study of immunity, of the nature and
molecular aspects of the immune
response, and of antibodies in the
laboratory.
Prerequisite(s): BIOL 204, 205, 206, 300
and 315 or CHEM 523; CHEM 106 and
108.
Notes: Lab Fee: $40. Offered in spring.

524. Advanced Botany (3).
Relationship of morphology and
physiology to environmental factors that
limit plant distribution and growth.
Prerequisite(s): BIOL 204, 205, 206 and
300; CHEM 106 and 108.
Note: Offered in odd years in spring.
525. Mycology (4:3:3).
Survey of major fungal toxins with emphasis on field collection, identification, structural and functional studies and methods of laboratory culture and experimentation. Prerequisite(s): BIOL 204, 205, 206, 300 and 310; and CHEM 106 and 108. Notes: Lab Fee: $35. Offered in odd years in fall.

526. Applied Microbiology (4:3:3).
Examination of the technological and natural uses of microorganisms in medicine, food industry, agriculture and other fields of applied science. Prerequisite(s): BIOL 204, 205, 206, 300 and 310; CHEM 106 and 108. Notes: Lab Fee: $30. Offered on demand.

A survey of the population biology of plants and animals. Emphasizes the assessment and analysis of demographic factors (age, size and community integration) that determine the abundance, distribution and diversity of natural populations. Prerequisite(s): BIOL 300. Notes: Lab Fee: $30. Offered in odd years in fall.

Introduction to theory and methods used in studying biological and materials science-specimens by scanning and/or transmission electron microscopy. Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108; and CHEM 301, 302, 303, 304 or CHEM 310 and 311. Notes: Lab Fee: $50. Offered in even years in spring.

540. Special Topics in Biology (3).
A detailed examination of specific subjects in biology. Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108; or graduate status; or permission of instructor. Notes: Offered variable times. May be retaken for additional credit when different subjects are taught.

555. Molecular Biology (3).
A comprehensive, one-semester study of the molecular basis of life. The course includes the structure and function of macromolecules, synthesis and interactions of biologically important molecules, molecular genetics, biochemical energetics, enzymatics and molecular mechanisms in biological systems. This course is intended for students who plan to enter into a health-professional graduate program (medical school, veterinary school, dental school, medical technology) or a graduate program in biology. Prerequisite(s): BIOL 300 and CHEM 301. Note: Offered in odd years in fall.

556. Molecular Genetics and Recombinant DNA Techniques (4:3:3).
A molecular study of the processes of gene expression and replication in procaryotic and eucaryotic organisms and an examination of the recombinant DNA techniques used in genetic engineering. Prerequisite(s): BIOL 204, 205, 206, 300 and 317; and CHEM 106 and 108. Notes: Lab Fee: $50. Offered in even years in spring.
Courses of Study

560. Bioinformatics (3).
An introduction to the application of computing tools for the study of macromolecules and the reconstruction of the evolutionary history of genes and organisms. This course will apply the use of computer algorithms and computer databases to study proteins, genes and genomes.
Prerequisite(s): BIOL 300 and BIOL 315, BIOL 555, BIOL 556 or CHEM 523.
Note: Offered in even years, in fall.

601. Theory and Method in Biology (3).
This course is intended to introduce graduate students to the basic research and communication techniques of biology. Students will also examine key philosophical and ethical issues in biology today.
Prerequisite(s): Permission of instructor.
Notes: Offered in fall.

605. Bioethics (3).
This course uses lectures, seminars, and case study discussions to review ethical standards for scientists and ethical issues in biology and medicine.
Note: Offered in even years, in fall.

610. Recent Advances in Molecular and Cellular Biology (3).
A seminar course with reports and readings that deal with significant recent developments in molecular and cellular biology.
Prerequisite(s): 18 hours of biology courses.
Notes: Offered in odd years, in spring.

611. Recent Advances in Organismic and Developmental Biology (3).
A seminar course with reports and readings that deal with significant recent developments in organismic and developmental biology.
Prerequisite(s): 18 hours of biology courses.
Note: Offered in odd years in fall.

612. Recent Advances in Environmental and Evolutionary Biology (3).
A seminar course with reports and readings that deal with significant recent developments in environmental and evolutionary biology.
Prerequisite(s): 18 hours of biology courses.
Note: Offered in spring.

620. Supervised Laboratory Instruction (3:0:6).
Students work directly with a faculty member in the instruction of the laboratory activities of selected BIOL and SCIE courses.
Notes: A grade of S or U is recorded. Offered in fall, spring and summer.

629. Advanced Topics in Cellular/ Molecular Biology (3).
An in-depth study of selected topics in cellular and molecular biology, comprising both lecture and seminar-style discussion of recent research literature. Laboratory sections, when offered, emphasize the experimental application of modern molecular techniques.
Prerequisite(s): Permission of instructor.
Corequisite(s): Biology 630 when offered in the same semester.
Notes: May be retaken for additional credit with permission of advisor or chair, Department of Biology. Offered in odd years in fall.
630. Advanced Cellular and Molecular Biology Lab (1:0:3).
A laboratory course which accompanies Biology 629 in some semesters. The course will cover cellular physiology or offer advanced techniques in molecular biology.
Notes: Lab Fee: $35.

631. Advanced Topics in Organismal and Developmental Biology (3).
Course topics will vary from semester to semester. Topics will include advanced animal social behavior, invertebrate biology and advanced instruction in developmental biology.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit with permission of advisor or chair, Department of Biology. Offered in odd years, in spring.

632. Advanced Topics in Ecology/Evolutionary Biology (3).
Course will vary from semester to semester. Course topics will include plant ecology, insect ecology, human ecology and advanced evolutionary biology.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit with permission of advisor or chair, Department of Biology. Offered in even years in spring.

633. Advanced Topics in Physiology/Integrative Biology (3).
An in-depth study of selected homeostatic mechanisms in animals, comprising both lecture and seminar-style discussion of recent research literature.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit with permission of advisor or chair, Department of Biology. Offered in even years, in fall.

640. Readings in Biology (1).
A seminar in which a book or series of research papers will be read and discussed with reference to important current issues in biology.
Prerequisite(s): Permission of instructor.
Notes: A grade of S or U is recorded. May be retaken for additional credit. Offered in fall and spring.

671. Graduate Research in Biology (3).
Graduate students participate in scholarly research with a graduate faculty member.
Prerequisite(s): Graduate standing, non-thesis option students only.
Notes: May not be repeated for credit. Offered fall, spring and summer.

695. Thesis (3).
Faculty-directed student research, offered individually, culminating in a written thesis for the MS degree in biology.
Prerequisite(s): Completion of BIOL 601 with a B or better is required.
Notes: Offered in fall, spring and summer.

696. Thesis (3).
Faculty-directed student research, offered individually, culminating in a written thesis for the MS degree in biology.
Prerequisite(s): Student must file a signed thesis proposal and thesis committee form with the Department Graduate Director before enrolling this class.
Notes: Lab Fee: $30. Offered in fall, spring and summer.
Courses of Study

697. Presentation of Biological Research (1).
Students will prepare a seminar presentation based on thesis research and will present it as a part of the departmental seminar series.
Prerequisite(s): Thesis option and permission of instructor.
Notes: A grade of S or U is recorded. Offered in fall, spring and summer.

Business Administration (BADM)

501. Estate Planning (3).
Wills, real estate, life insurance and the federal income and estate and gift laws.
Prerequisite(s): ACCT 280. ACCT 281 recommended.

510. Sport Law (3).
The study of state and federal laws and regulations that control and impact professional and amateur sport activities.
Prerequisite(s): ACCT 280, SPMA 101 and PHED 525.

561. Electronic Commerce for Managers (3:3-0).
This course focuses on the management of e-commerce and its major opportunities, limitations, issues and risks. Since e-commerce is interdisciplinary, professional in any functional area will find it of interest.
Prerequisite(s): MGMT 341 or MGMT 661.

This course provides lectures, panel discussions and site visits relevant to the world of business through the participation in a week-long seminar series in New York City and Washington, D.C. and other possible locations.
Prerequisite(s): ACCT 280 and ACCT 281 recommended.

581. Special Topics in Business Administration (3).
A study of a topic in the area of Business Administration.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit.

595. Research in Business Administration (3).
Prerequisite(s): Permission of Dean, College of Business Administration.
Notes: May be retaken for additional credit.

600. International Field Experience (3).
On-site study of businesses, government institutions and financial markets within dominant and emergent international trade groups of nations.
Prerequisite(s): Graduate status.

633. International Business Culture (3).
This course is a seminar designed to introduce the student to the variables that contribute to determine a country or international region’s business culture. Topics will vary by region but could include: interpersonal business behavior, communications and etiquette, ethics, negotiations, preparations, expectations, etc.
671A. Introduction to Accounting (3).
Preparation of accounting information according to GAAP and analysis of accounting data for the purposes of planning and control.

671B. Statistical Methods for Decision Making (3).
Statistical methods, regression, and time series analysis in the decision making process.
Prerequisite(s): EMBA status.

671C. Principles of Economics (3).
Survey and application of basic economic principles of macroeconomics and microeconomics.
Prerequisite(s): EMBA status.

671D. Managerial Communications in a Changing Environment (3).
Communication in a changing environment including: writing skills, presentation skills, cross-cultural communication skills and crisis management skills.
Prerequisite(s): EMBA status.

672A. Financial Policy (3).
A case, lecture and computer application course examining financial management decision making such as financial ratios, time value of money, security valuation and capital budgeting.
Prerequisite(s): EMBA status.

672B. Technology and MIS (3).
Study of the organizational usage of information systems and technology. Emphasis is on the impact of information systems on organizations regarding competitive advantage, structure, decision making and individual productivity.
Prerequisite(s): EMBA status.

672C. Integrated Business Modeling (3).
The integration of knowledge derived from functional business areas into a balanced overall view of an entire business enterprise through the use of a simulated business plan.
Prerequisite(s): BADM 671A.

672D. Marketing Management (3).
The course in an in-depth study of marketing management that looks at analyzing, planning, implementing and controlling the concept, pricing, promotion and distribution of goods, services and ideas to create exchanges that satisfy customer and organizational objectives.
Prerequisite(s): EMBA status.

673A. Operations Management (3).
Management of operations within both goods production and service production systems. Emphasis is placed on problem identification, analysis of alternatives and decision-making techniques.
Prerequisite(s): EMBA status.

673B. Values-Based Leadership and the Use of Influence in Organizations (3).
The nature of values-based leadership and the application of influence explored from several perspectives within the organization.
Prerequisite(s): EMBA status.

673C. Global Business (3).
Prerequisite(s): EMBA status.
**Courses of Study**

673D. Financial Statement Analysis (3).
The course focuses on using financial statements in valuation. Students will learn the development of valuation models including asset-based valuation models. The course employs valuation models for purposes of valuing companies, for marketing individual and corporate investment decisions and for evaluating and directing management. Prerequisite(s): BADM 672A.

674A. Sustainable Development in Organizations (3).
Sustainable development is primarily concerned with three topics, ethics, social responsibility, and the obligations organizations have in interacting with the physical environment. It uses the scientific principles of nature to help decision makers achieve the maximum positive impact of all resources and adapt to change.

674B. Managerial Economics (3).
Application of economic principles and methods of analysis to managerial decision-making situations. Prerequisite(s): EMBA status.

674C. Human Resources As Competitive Advantage (3).
A survey of HR topics and skills, taken from a strategic and general manager's perspective. It is designed to give managers a working knowledge of the contributions, goals, objectives and skills of human resource management as part of a total program of achieving strategic advantage and organizational effectiveness. Prerequisite(s): EMBA status.

674D. Strategic Management (3).
Seminar in strategic management designed to integrate business functions and examine issues that develop in the relationship between organizations and their changing environment both global and domestic. Prerequisite(s): EMBA status.

680. Research Project (3).
An elective course that could entail a field-based learning project or faculty-directed research investigation in a subject that is relevant to an individual's career aspiration. Prerequisite(s): Completion of EMBA Module 1 and Module 2.

694. Internship in Business Administration (3).
Restricted to students with limited business experience or who wish to switch career paths. This internship integrates a student's classroom learning with practical work experience. Prerequisite(s): 3.0 GPA and permission of internship coordinator/instructor.

695. Thesis (3).

696. Thesis (3).

**Chemistry (CHEM)**

502. Instrumental Analysis (3).
A study of contemporary methods and techniques of analysis of inorganic and organic materials. Prerequisite(s): Grade of C or better in all of the following: CHEM 301, 303, 313 and 314. Corequisite(s): CHEM 302, 304 and 503. Notes: Offered in fall of odd years.
503. Instrumental Analysis Laboratory (1:0:3).
Prerequisite(s): CHEM 303 and 314.
Corequisite(s): CHEM 502.
Notes: Lab Fee: $50. Offered in fall of odd years.

504. Instrumental Data Interpretation (1:0:3).
Interpretation of spectral, chromatographic and electrochemical data.
Prerequisite(s): Grade of C of better in all of the following: CHEM 302, 304, 313 and 314.
Corequisite(s): CHEM 502 and 503.
Notes: Lab Fee: $50. Offered as needed.

505. Forensic Analytical Chemistry (3).
A course in the application of contemporary methods of analytical chemistry as it pertains to the law, including drug, trace, DNA, and arson analysis as well as toxicology.
Prerequisite(s): A grade of C or better in all of the following: CHEM 313, CHEM 314, CHEM 301 and CHEM 303.
Corequisite(s): CHEM 302, CHEM 304, CHEM 506.
Notes: Offered in even years, in fall.

506. Forensic Analytical Lab (1:0:3).
A course in the application of contemporary methods of analytic chemistry as it pertains to the law, including drug, trace, DNA and arson analysis as well as toxicology.
Prerequisite(s): CHEM 303, CHEM 314.
Notes: Lab fee: $50. Offered in even years, in fall.

515. Special Topics in Chemistry (3).
Topics in chemistry selected by the instructor. Prerequisite(s): Junior status and permission of instructor.
Notes: May be retaken for additional credit. Offered variable times.

517. Advanced Environmental Chemistry (4:3:3).
A course to develop an in-depth understanding of the molecular basis for contemporary environmental problems involving air, water, soil, energy generation and toxic substances. Topics covered include reaction mechanisms for stratospheric ozone production, and dioxin/dibenzofuran formation; complex equilibria of natural waters; biochemical toxicology of heavy metals, pesticides, PCB's and PAH's; indoor air pollution; endocrine disrupters; ground and surface water contamination; biodegradability and transport of modern pesticides; and air/water equilibria. The course text is supplemented with readings from recent literature to focus on environmental problems facing rapidly growing metropolitan areas. Laboratory work requires demonstrated competence with advanced analytical instrumentation, field sampling, data analysis and modeling.
Prerequisite(s): Grade of C or better in CHEM 302, 304, 313 and 314.
Notes: Lab fee: $40. Offered variable times.

521. Nutritional Biochemistry (3).
A comprehensive study of the biochemical and physiological fundamentals of nutrition.
Prerequisite(s): CHEM 301, 303 or CHEM 310, 311 with a C or better.
Notes: Offered in spring.
Courses of Study

522. Nutritional Biochemistry Laboratory (1:1:3).
A laboratory course to be taken in conjunction with the nutritional biochemistry lecture course, CHEM 521.
Corequisite(s): CHEM 521.
Notes: Lab fee: $40. Offered variable times.

523. Biochemistry I (3).
A study of the structure, chemistry and macromolecular interactions of biochemical systems, enzyme mechanisms and kinetics, bioenergetics, intermediary metabolism, principles of biochemical techniques and molecular genetics.
Prerequisite(s): Grade of C or better in all of the following: CHEM 302, CHEM 304, BIOL 203 and BIOL 204.
Corequisite: CHEM 525
Notes: Offered in fall.

524. Biochemistry II (3).
A study of the structure, chemistry, and macromolecular interactions of biochemical systems, enzyme mechanisms and kinetics, bioenergetics, intermediary metabolism, principles of biochemical techniques, and molecular genetics.
Prerequisite(s): Grade of C or better in CHEM 323.
Notes: Offered in spring.

525. Biochemistry Laboratory Techniques (1:1:3).
Laboratory emphasizes modern biochemical techniques of protein purification, assaying enzyme activity and enzyme kinetics.
Prerequisite(s): Grade of C or better in CHEM 302 and 304.
Corequisite(s): CHEM 523.
Notes: Lab Fee: $100. Offered in fall.

526. Advanced Investigative Biochemistry Laboratory (2:0:6).
An advanced lab course in advanced biochemical protein techniques. The work centers on laboratory investigations in an area of modern research interest that will require students to learn and to demonstrate a mastery of multiple protein techniques.
Prerequisite(s): Grade of C or better in all of the following: CHEM 302, 304, 523 and 525.
Corequisite(s): CHEM 524.
Notes: Lab fee: $80. Offered in spring.

527. Biochemical Toxicology (3).
An in-depth study of the biochemical, molecular and cellular mechanisms through which toxicants alter cellular homeostasis, produce toxicity and alter organ function.
Prerequisite(s): CHEM 523. Permission of the instructor.
Note: Offered variable times.

528. Advanced Topics in Biochemistry (3).
This course will survey the latest advances in research that focus on current biochemical topics. Students will learn the newest advances in the field of Biochemistry while also learning to dissect literature and present ideas orally and in writing.
Prerequisite(s): CHEM 523 and CHEM 525.
Note: Offered in spring.

541. Chemical Kinetics (1).
An advanced course in the fundamental principles of chemical kinetics in homogeneous liquid and gaseous systems and at solid surfaces.
Prerequisite(s): CHEM 407 and 409.
Corequisite(s): CHEM 408 and 410.
Notes: Offered every even year in spring.
An advanced course that focuses on the principles and techniques of *ab initio* computational chemistry—Hartree-Fock and density functionality. Students will use these methods to calculate a number of chemical and thermodynamic properties.
Prerequisite(s): CHEM 302, 304, 407 and 409.
Corequisite(s): CHEM 408 and 410.
Notes: Offered odd years in spring.

551. Research (3).
Prerequisite(s): CHEM 407, 409 and permission of instructor.
Notes: Lab Fee: $50. May be retaken a maximum of three times for additional credit.

552. Research (3).
Prerequisite(s): CHEM 551 or equivalent.
Notes: Lab Fee: $50. Offered fall, spring and summer.

553. Independent Study in Chemistry (3:0:-9).
Directed advanced research.
Prerequisite(s): Permission of chair, Department of Chemistry, and CHEM 552.
Notes: Lab Fee: $40. Offered fall, spring and summer.

560. Atomic Spectroscopy (1).
An advanced course that focuses on the principles and techniques of modern atomic spectroscopy, to include signal generation in atomic spectroscopy, signal-to-noise concepts, the range of techniques and instrumentation used in atomic spectroscopy, methods of analysis, and horizon techniques in atomic spectroscopy.
Prerequisite(s): CHEM 302, 313, 407 and 502.
Notes: Lab fee: $50. Offered every even year in spring.

561. Gas Chromatography (1).
An advanced course that focuses on the principles and techniques of modern gas chromatography, to include separation theory, stationary phases, column technology, GC inlets, injection techniques, detectors, thermodynamic retention modeling and temperature/pressure effects.
Prerequisite(s): CHEM 302, 313, 407 and 502.

562. Molecular Spectroscopy (1).
An advanced course that focuses on the principles and techniques of modern molecular spectroscopy, to include signal generation in molecular absorption and luminescence spectroscopy, signal-to-noise concepts, the range of techniques and instrumentation used in molecular absorption and luminescence spectroscopy, methods of analysis and horizon techniques in molecular spectroscopy.
Prerequisite(s): CHEM 302, 313, 407 and 502.
Notes: Lab fee: $50. Offered in even years, in fall.
 Courses of Study

563. Liquid Chromatography (1).
An advanced course that focuses on the principles and techniques of modern liquid chromatography, to include separation theory, instrumentation, stationary and mobile phases, column technology, injection techniques, detectors and chiral separations.
Prerequisite(s): CHEM 302, 313, 407, and 502.
Notes: Offered in odd years, in spring.

564. Mass Spectrometry (1).
An advanced course that focuses on the principles, techniques and applications of modern mass spectrometry, to include ion trap MS, electro spray LC/MS, time of flight mass spectrometry, ICP-MS and MALDI.
Prerequisite(s): CHEM 502 and 503.
Notes: Lab fee: $50. Offered every odd year in fall.

565. Chemometrics (1).
A course in chemometric methods, theory and techniques.
Prerequisite(s): CHEM 313.

566. Sample Preparation (1).
An advanced course that focuses on the principles and techniques involved in sample collection and treatment, including standard reference materials, sampling of mixtures, dissolution and digestion, extraction and dialysis, purge and trap, supercritical fluid extraction and flow injections analysis.
Prerequisite(s): CHEM 302, 313, 407 and 502.
Notes: Lab fee: $40. Offered every odd year in fall.

567. NMR Spectroscopy (1).
An advanced course in modern NMR Spectroscopy covering relaxation measurements, two-dimensional NMR techniques and multinuclear NMR.
Prerequisite(s): CHEM 408, 410, 502 and 503.
Notes: Lab fee: $40.

570. Chemical Synthesis (2:0:6).
An advanced lab course in chemical synthesis and characterization. Emphasis is on specialized techniques for synthesizing organic and inorganic compounds.
Prerequisite(s): Grade of C or better in all of the following: CHEM 302, 304, 313, 314, 330, 332, 407 and 409.
Corequisite(s): CHEM 502 and 503.
Note: Lab fee: $100.

571. Advanced Topics in Organic Chemistry (3).
One semester advanced organic chemistry special topics course primarily for the chemistry majors and advanced biology and human nutrition undergraduate and graduate students. Courses that may be periodically offered include organic mechanism, polymer chemistry, organic synthesis, physical organic chemistry, medicinal chemistry, bioorganic chemistry and organometallic chemistry.
Prerequisite(s): CHEM 302, CHEM 304 with a grade of C or above.
Notes: Offered in fall.
575. Forensic Chemistry Internship (6).
An internship experience in a regional forensic science lab providing real-world professional training for future forensic scientists.
Prerequisite(s): CHEM 495, CHEM 496, CHEM 505, CHEM 506.
Notes: Placement must be approved by Department Chair prior to enrollment. Offered in fall, spring and summer.

580. Laboratory Experimental Design and Preparation/Stockroom Procedures (1).
Development and selection of teaching materials that reflect concepts of content and emphasis in middle and secondary school science. Experimental and laboratory approaches, including use of microcomputer and video technologies.
Prerequisite(s): CHEM 301.

581. Literature of Chemical Education/Teaching Assistant Experience (1).
Explores the evolution of chemical education and chemical education research with special emphasis on current trends. Utilizing the participant-observed role, required participation in selected educational situations with emphasis on development of observational skills, ability to record relevant observations by means of written journals, skills in analyzing experiences identifying critical incidents and projection of events and consequences.
Note: Offered variable times.

Computer Science (CSCI)

521. Introduction to Software Project Management (3).
An introduction to the economics, metrics, and management strategies required to plan and successfully execute a large software project. The fundamentals of software engineering, requirements, design and realizations are utilized to focus both software professionals and project managers on process models and practices.
Prerequisite(s): Graduate standing or CSCI 475.

540. Web Application Design and Development (3).
A study of approaches to the design, development and maintenance of Web Sites. Software and information architectures for the Web, design techniques for distributed Web-based applications, and methods and tools for the creation and maintenance of Web sites. Study will encompass the major components of a Web site including browsers and client applications, Internet protocols that link client to server and server applications. Issues of performance, security and usability will be examined.
Prerequisite(s): CSCI 271 or CSCI 325.
Notes: Offered in spring.

555. Database Processing (3:3-0).
The study of the fundamental concepts and principles of database systems and processing. Several database models are considered with emphasis on the relational model. The student creates, loads and accesses a database using at least two existing database management systems.
Prerequisite(s): CSCI 271 or 325.
Notes: Offered in spring.
566. Network Processing (3).
An overview of modern computer network concepts, including principles of communication networks, network configurations, communication protocols and network security.
Prerequisite(s): QMTH 205 and any of CSCI 271, CSCI 325 or CSCI 555.
Notes: Offered in fall.

570. Parallel Computing (3).
Survey of the architectures and algorithms to support Parallel Programming. Students will learn to program a parallel system for a variety of problem topics.

581. Special Topics in Computer Science (3).
A study of a topic in the area of computer science.
Prerequisite(s): Permission of chair, Department of Computer Science.
Notes: May be retaken for additional credit.

620. Software Design and Architecture (3).
The study of formal software design and architecture principles emphasizing an engineering approach to the software development process. Includes intermediate abstractions of software architectural styles to help bridge the gap between software needs and software solutions. Students are required to participate in a team project.
Prerequisite(s): CSCI 475
Notes: Offered in spring.

621. Software Project Management (3).
An introduction to the economics, metrics and management strategies required to plan and successfully execute a software project. The fundamentals of software engineering, requirements, design and realizations are utilized to focus both software professionals and project managers on process models and practices.
Prerequisite(s): CSCI 207, QMTH 205 and MGMT 341.
Notes: Offered in spring.

626. Software Quality Assurance (3).
This course develops methods for measuring quality of software processes and products. It reviews statistical principles and methods, introduces measures for software products and development processes and considers common standards such as ISO 9000.
Prerequisite(s): CSCI 475 and QMTH 651.

681. Advanced Placement Teacher Training in Computer Science (3).
This course is training teachers of AP in CS courses in the language used by the AP test given by the College Board.
Prerequisite(s): Permission of instructor.

Counseling and Development (CSDV)

600. Introduction to Counseling Profession (3).
Orientation to all aspects of the counseling profession including historical, ethical, professional issues, organizational structures, credentialing, public policy, professional preparation standards, roles and functions of professional counselors.
Prerequisite(s): Permission of instructor.
Notes: Offered in summer.
601. Fundamentals of Counseling (3). Introduction to the theoretical approaches in counseling and their application to settings in education and agencies.

602. Counseling Strategies and Interventions. (3:1:2). A pre-practicum that introduces the application of basic counseling strategies and interventions with diverse populations. Prerequisite(s): CSDV 600 or permission of instructor. Notes: Offered in fall.

603. Career and Lifestyle Development (3). Overviews of the major theories and skill areas in educational planning, career and lifestyle development, work and motivation. Emphasis is placed on understanding and applying knowledge and skills of career development activities in appropriate counseling settings.

604. Orientation to Community Counseling (3). An overview of the roles and functions of counselors in community counseling settings. Organizational and administrative structures of human services agencies as well as staffing patterns, clientele and interagency relationships are examined. Prerequisite(s): CSDV 600.

605. Social and Cultural Issues (3). The study of current social and cultural issues which shape human behavior and affect the practice of counseling. Emphasis is placed on multicultural counseling and issues such as gender, aging, sexuality, poverty, special needs, etc., are addressed.

606. Group Counseling (3). Study and practice of basic group counseling theories and dynamics with emphasis on techniques and application; ethical responsibility and current trends with experiential opportunities provided. Prerequisite(s): CSDV 600, 601 and 602.

607. Appraisal of the Individual (3). This course is designed to provide school and community counselors with a working knowledge of the various standardized tests used in educational, vocational and social/personal counseling. Students take, administer, score and record the results of various standardized tests. The uses of sociometric techniques and other appraisal techniques are reviewed and evaluated.

608. Counseling and Advocacy for Loss, Crisis and Life Transitions (3). This course views loss as a broad, inclusive experience during crisis and life transition across the lifespan. Advocacy, consultation and crisis intervention strategies for grief counseling are developed. Developmental programs for Pre-K through adulthood are examined. Prerequisite(s): Permission of instructor. Notes: Offered in spring.

610. Counseling Practicum (3:1-2). A supervised 100 clock hour, field-based experience in a school or community setting for the development of counseling, consultation and advocacy skills. Prerequisite(s): CSDV 600, 601, 602, 604 or 613, and 614. Notes: Offered in spring.
Courses of Study

611. Counseling Internship I (3).
A supervised 300-hour, field-based experience in an applied setting appropriate to program specialization (community counseling or school counseling).
Prerequisite(s): CSDV 600, 601, 602, 603, 605, 606, 607, 610 and 614; EDUC 640; CSDV 604 or 613.
Notes: A grade or S or U is recorded.

612. Counseling Internship II (3).
A supervised 300-hour, field-based experience in an applied setting appropriate to program specialization (community counseling or school counseling).
Prerequisite(s): CSDV 600, 601, 602, 603, 605, 606, 607, 610, 611 and 614; EDUC 640; and CSDV 604 or 613.
Notes: A grade or S or U is recorded.

613. Organization and Administration of Pre-K-12 Comprehensive School Counseling Program (3).
This course includes theories of human growth and development with emphasis on child and adolescent development. The history, philosophy and trends in school counseling are examined. School counselor's role and function as a consultant, coordinator of referral services, evaluator, planner and organizer, advocate and counselor for Pre-K-12 students are examined. Ethical, legal, professional and diversity issues in school counseling are entertained.
Prerequisite(s): Permission of instructor.
Notes: Offered in fall.

614. Lifespan Developmental Counseling (3).
This course provides counselors with a lifespan developmental theoretical and research foundation for clinical and educational practice. It explores the individual, environmental and familial factors affecting developmental progression and delay. The class is aimed at praxis and encourages the utilization of strategies for facilitating development across the lifespan.

615. Comprehensive Developmental School Counseling (3).
This course provides an understanding of the planning, organizing, implementation and evaluation of a comprehensive developmental school counseling program.
Prerequisite(s): CSDV 613.

617. Marital, Couple and Family Counseling (3).
This course introduces the student to a variety of counseling skills and marriage and family techniques for effective clinical work with individuals, couples and families.
Prerequisite(s): CSDV 601 and CSDV 602 or permission of instructor.
Notes: Offered in summer.

618. Addictions Counseling (3).
This course introduces the learner to the prevention and treatment of substance abuse and chemical dependency.
Prerequisite(s): CSDV 601 and CSDV 602.

619. Counseling Supervision (3).
This course addresses theories and techniques of counselor supervision. Students have opportunities to solidify a theoretical model of supervision practice, to clarify a personal supervisory style, to internalize a supervisory identity and to develop skills and ethical reasoning critical to clinical and administrative supervision of counselors.
Prerequisite(s): Permission of instructor.
620. Clinical Psychopathology in Counseling (3).
A survey of clinical disorders and their origins and characteristics. Includes a review of contemporary diagnostic systems, research, theory and counseling interventions.
Prerequisite(s): Permission of instructor.

621. Diagnosis and Treatment Planning Counseling (3).
This course acquaints prospective counselors with descriptive, research-based knowledge that contributes to the diagnosis and treatment of mental health disorders, including disorder of behavior and impulse control, mood and anxiety as well as various personality disorders and disorders involving loss of contact with reality.
Prerequisite(s): Permission of instructor.

622. Counseling Children and Adolescents (3).
The course includes discussion and application of counseling theories, techniques and issues related to child and adolescent development.
Prerequisite(s): Permission of instructor.

650-659. Special Topics in Counseling (1) (2) (3).
Designed to provide selected, special topics in counseling.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit.

Dance Theory (DANT)

630. Seminar: Contemporary Dance (3).
The observation, study and critiquing of contemporary dance companies and choreographers in live and/or videotaped setting. Attention is directed toward the relationship of the East-West tradition within the scope of dance history.

Current issues and trends in curriculum, pedagogy and technology as applied to dance education.

Dance Education (DCED)

691. Principles of Teaching Dance: Curriculum and Pedagogy (3).
Synthesizes curriculum practices K-12 in dance, design, development and evaluation. Addresses specific instructional needs and techniques in diverse settings.
Corequisite(s): DANT 692.
Notes: Offered in fall.

692. Field Experience in Teaching Dance (1).
The course uses laboratory experiences equivalent to 14 full days to lead dance education students through an exploration and examination of various research based programs of instructional planning, methodology, classroom management and evaluation of teaching and learning to complement content covered in DANT 691.
Corequisite(s): DANT 691.
Notes: Offered in fall.

Early Childhood Education (ECED)

550. Special Topics in Early Childhood (3: 3: 0).
Current topics of concern and interest to early childhood caregivers (teachers, headstart workers, family and children’s service agencies, etc.)
Notes: Inclusion of
Courses of Study

this course in a Program of Study requires the approval of the Program Area Committee.

631. Home-School-Community Collaboration (3). Students will learn to engage in productive collaboration with families and communities of diverse young children, pre-birth through age eight. They will also obtain knowledge and skills to engage in educational programs that are culturally and individually responsive and meet licensing regulations to promote safe learning environments.

Notes: This course will provide graduate students with information concerning children (prenatal through age 8) and their families’ rights to full and appropriate access to public education and human services.

636. Early Childhood Development and Implications for Developmentally Appropriate Practices (DAP) (3).

An advanced study of early childhood development including current brain research, theoretical principles and practices, and implications for teaching and learning.

638. Creative Learning Experiences for Young Children (2).

A study of concepts and content including: arts (sound, color, rhythm, movement) in the ECED curriculum; methods and materials for developing creativity; room arrangement; and relevant research. Observation and participation in two or more of the following settings: day care centers, public schools, community agencies and the Macfeat laboratory school are required. Students will observe and work with children of diverse ages and with children reflecting culturally and linguistically diverse family systems.

Prerequisite(s): Admission to MAT ECED Program or permission of department chair.

Notes: Offered in summer.

This early childhood education methods course will focus on developmentally and age-appropriate strategies for teaching mathematics, science, and social studies. Students will apply strategies in a field placement.

Prerequisite(s): Admission to MAT ECED Program or permission of Department Chairperson.

660. Emergent Literacy and the Integrated Curriculum (3).

The course will enable teachers to design and implement developmentally appropriate literacy experiences within a multidisciplinary framework.

661. Contemporary Issues in Early Childhood Care and Education (3).

An analysis of current early care and educational issues concerning children (prenatal to age 8) and their families.

691. Practicum in Teaching in Early Childhood Education (3).

Planning a curriculum for 3-, 4-, 5- and 6-year olds; includes setting up and evaluating learning centers; collecting and analyzing data; and self evaluation.

Prerequisite(s): SCWK 531 or permission of instructor.
Economics (ECON)

521. International Trade and Investment (3).
Theory and policy in international trade and investment with emphasis on the motives and mechanisms of international economic and financial transactions. Prerequisite(s): ECON 202.

609. Survey of Economic Principles (3).
Survey and applications of basic economic principles of macroeconomics and microeconomics. Notes: A grade of S or U is recorded. Meets a prerequisite requirement only; credit not applicable to MBA Program.

640. Teaching and Assessing Mathematics, Science and Social Studies in Early Childhood Education (8): This early childhood education methods course will focus on developmentally and age-appropriate strategies for teaching mathematics, science, and social studies. Students will apply strategies in a field placement. Prerequisite(s): Admission to MAT ECED Program or permission of Department Chairperson.

670. Techniques of Economic Education (3).
A study of basic economic principles designed for public school teachers.

677. Teaching Economics in the K-5 Social Studies Standards (3).
Prepares K-5 teachers to teach economic concepts in accordance with the state's social studies standards. Teaches economic concepts and shows how to integrate them into economics, geography, government, and history subject areas.

680. Advanced Techniques of Economic Education (3).
An analysis of the economic aspects of current events designed for public school teachers.

686. Advanced Placement Teacher Training in Macroeconomics (3).
This course prepares high school teachers to teach and Advanced Placement course in Macroeconomics.

688. Advanced Placement Teacher Training in Microeconomics (3).
This is a course that prepares high school teachers to teach an Advanced Placement course in Microeconomics.

693. Industrial Economics and Public Policy (3:3-0).
An integrated seminar on industrial economics and public policy with focus on appropriate and timely issues. Prerequisite(s): ECON 201 and 202 or ECON 609.
Notes: Offered in fall, spring and summer.

Education, Curriculum and Instruction (EDCI)

600. Philosophy, Organization and Curriculum of the Middle School (3).
An examination of the history, philosophy, curriculum and structure of middle schools. Middle school theories, concepts and research findings relative to exemplary programs and practice are emphasized.

610. Early Adolescence in Contemporary Society (3).
An examination of the developmental characteristics of early adolescents in contemporary society using interdisciplinary themes, young adult books and other media.

611. Curriculum Development and Instructional Strategies (3).
An advanced study of the salient issues in curriculum and instruction. Content will focus on research-based teaching strategies as well as the design and development of curriculum.
Courses of Study

620. Content Literacy in Middle Schools (3).
An examination of literacy strategies and materials appropriate for subject and interdisciplinary needs of developmentally diverse learners in middle schools.
Prerequisite(s): EDCI 610.
Notes: A student may not receive credit for EDCI 620 and READ 645.

630. Pedagogy and Assessment in the Middle School (3).
A study of research-based methodologies for effective middle school teaching and assessment. Empirically verified methods of pedagogical content selection, planning, delivery and assessment appropriate to middle school teaching are emphasized.
Prerequisite(s): EDCI 600, 610 and EDUC 681.

635. Using Data to Improve Teaching and Learning (3).
This course is designed to assist the instructional leader to collect, analyze and use data to improve the teaching-learning process.
Prerequisite(s): EDUC 640.

An examination of contemporary, salient issues in Curriculum and Instruction (C&I); the role of educational policy in school reform; and the links among elements of policy and practice.
Prerequisite(s): EDUC 640, EDUC 670 and EDCI 635.

637. Capstone: Advanced Field Placement (3).
The focus of this course is the preparation and completion of a field-based project reflecting the candidate's knowledge of an approved topic and its implications for curriculum, instruction and assessment.
Prerequisite(s): EDCI 635, 636 and SPED 681.

642. Teaching Preschool Children with Disabilities: Developmentally Appropriate Practice (3).
Content for this course addresses developmentally appropriate practices and strategies for teaching young children with disabilities.
Notes: Offered in summer.

644. Behavioral Intervention with Students with Autism (3).
This course is designed to provide students with knowledge and skills in applied behavior analysis, responsible use of technologies for behavior change programs, development of behavior intervention programs in accordance with IEP development, application of learning principles and teaching strategies, maintenance and generalization of behavior changes, teaching students to manage their own behavior and how to train others to implement behavior change procedures. Specifically, individuals with autism will be the focus of the content with students.

645. Teaching Preschool Children with Disabilities: Characteristics of Disabilities and Implications for Learning (3).
The focus of the course is young children with disabilities with in-depth studies of the characteristics and development of such students. In addition, strategies for teaching preschool children with special needs will be addressed. There will be opportunities for course participants to observe the young child with disabilities in a preschool learning setting.
690. Capstone and Advanced Field Experiences in the Middle School (3:2-1).
The principal focus of this course is the development, implementation and evaluation of a project reflecting the candidate's knowledge of middle level education. Candidates also assemble a cumulative portfolio reflecting their professional studies and present this portfolio to a review committee. Prerequisite(s): EDCI 600, 610, 620, 630 and EDUC 640, 670 and 681. Notes: A grade of S or U is recorded.

695. Thesis (3).
The student will conduct an individual investigation on an applied research project. An oral defense is required. Prerequisite(s): EDCI 635, 636 and SPED 681.

Education, General Professional (EDUC)

600. Teaching in a Democracy (3).
This course provides a survey of the social, legal and philosophical foundations of American education.

601. Psychology Applied to Teaching (3).
An integrated study of development, learning and motivation with emphasis on childhood and adolescence in the school setting and individual differences such as gender, cultural background and socioeconomic status.

An introductory technology course required for MAT students. This course addresses the use of technology to: 1) acquire information; 2) develop communication skills; 3) develop subject area strategies for technology usage; 4) promote decision-making and problem-solving; and 5) address the needs of diverse learners. Notes: Lab fee: $15.

604. Educational Psychology and Assessment (3).
An integrated study of development, learning, motivation and assessment with emphases on early childhood in the school setting, observational assessment, and individual differences such as gender, cultural background, and socioeconomic status. Introduces key assessment issues and topics, including the meaning of testing and assessment, cautions about using measurement techniques with young children, developmental screening, readiness testing, developmental assessment and performance assessment. Prerequisite(s): Admission to the MAT in Early Childhood Education Notes: This course cannot be taken for S/U credit. Offered in spring.

605. Educational Assessment (3).
An introductory course in the assessment and research procedures commonly used in the field of education.

610. Effective Teaching Practices for Exceptional and Diverse Learners (3).
This course is designed to provide master's level students with characteristics and instructional needs of and research-based teaching practices for both exceptional and diverse learners. In addition, students will investigate appropriate methods for designing and accommodating the instructional environment and curricula, including the use of technology. Prerequisite(s): EDUC 601 or department chair permission. Notes: Offered in spring and summer.

640. Educational Research, Design and Analysis (3).
A core course for graduate educators in the principles, methods and procedures of educational research, design and analysis. The development of a proposal outlining a study, project or practicum is required.
Courses of Study

641. Tools of the Educational Technologist (3).
This course serves as a survey of the field of Educational Technology. Particular focus is paid to the vocational opportunities for Educational Technologists and the technology tools and software applications used in Educational Technology.
Notes: Lab fee: $15.

643. Education Technology Planning and Evaluation (3).
This course focuses on planning and evaluating small scale and large scale educational technology projects. Prerequisite(s): EDUC 641

644. Strategies for Effective Application of Assistive Technology to Promote Learning (3).
The goal of this course is to prepare teachers who can use technology skills and applications in general education classrooms as well as unique settings to meet the needs of diverse learners, including those with disabilities, who are ESOL, and are at-risk for school failure. Prerequisite(s): EDUC 641 or permission of instructor.

650. Teaching and Learning with the Internet (3).
This course prepares in-service teachers to plan, implement and evaluate Internet-based learning activities in the classroom. Content includes web site evaluation, social, ethical and legal issues regarding Internet use in P-12 settings, curriculum integration of Internet activities aligned with P-12 standards and web site development. Notes: Offered in fall and summer. Cannot be taken for S/U credit.

651. Connecting Curriculum and Technology (3).
The goal of this course is to help participants recognize the relationship between theory, design, technology and instruction. Educational leaders must apply their knowledge of pedagogy, design, learning theory, technology and assessment techniques in order to address the needs of all learners. In this course participants will have an opportunity to design and implement planned lessons in their classrooms. Notes: Lab fee: $15. Cannot be taken for S/U credit.

655-659. Problems in Educational Practice (1) (2) (3).
Designed to assist school personnel in the identification, analysis and planning of strategies to overcome specific problems related to educational practices in the school. Inclusion of this course in a program of study requires the approval of the program area committee. Notes: May be retaken for additional credit.

660. Effective Teaching and Management Strategies (3).
This course includes content central to students seeking initial licensure through the MAT program. Focus is on planning, instruction, classroom management, curriculum and assessments of student progress/learning. Prerequisite(s): EDUC 600, 601, 602, 605 and 610. Notes: Offered in summer and fall.

670. Schooling in American Society (3).
A course for teachers, administrators, counselors and other school personnel that focuses on key issues related to teaching and leading in a democracy. Students explore the social, historical, legal and philosophical foundations of American education and how these foundations affect contemporary schools.
681. **Advanced Educational Psychology (3).**
An advanced psychological foundations course which examines contemporary research, issues and trends and their application to effective leadership, critical inquiry and stewardship in educational professions.
Prerequisite(s): EDUC 381 or equivalent.

690. **School Internship (8:0-8).**
A full semester, field-based student internship in area schools. Teaching assignments will be appropriate to licensure area. Supervision and evaluation of the internship will be provided by Winthrop faculty and public school mentor teacher(s).
Prerequisite(s): Completion of all MAT admission and core course requirements except EDUC 695. Corequisite(s): EDUC 695.
Notes: Offered in fall and spring. A grade of S or U is recorded.

695. **Capstone (1).**
The course will allow students to explore and reflect upon current issues in education while enrolled in the school internship semester. Primary focus will be on completion and presentation of a professional portfolio and other outcome-based assessments.
Prerequisite(s): Full admission to the MAT program; completion of all core courses except EDUC 690.
Corequisites(s): EDUC 690.
Notes: Offered in fall and spring.

699. **Advanced Field Experiences (3).**
Preparation and implementation of a field project in the student's area of emphasis.
Prerequisite(s): EDUC 640, permission of instructor and advisor.
Notes: A grade of S or U is recorded.

---

**Educational Leadership (EDLD)**

601. **Leadership (3).**
This course focuses on the theories of leadership and other human processes operating within an educational organization and society as a whole.
Prerequisite(s): EDUC 640.

602. **Techniques of Supervision (3).**
Designed for the preparation of general instructional supervisors who will work with elementary or secondary school teachers and for the preparation of subject area supervisors.

603. **Curriculum Leadership in Schools (3).**
Designed for the preparation of administrators (principals and supervisors) for the management of the curriculum and instruction program in schools in keeping with the objectives of the school district.

604. **Principalship for the 21st Century (3).**
This course will focus on the administration of schools in the areas of growth and development, leadership, curriculum planning, personnel, decision-making and current issues and trends in organizations.

610. **Fiscal and Business Management in Schools (3).**
The focus of this course is on the information and management skills needed by principals to successfully operate a public school.

611. **School Law (3).**
A study of constitutional, statutory and judicial law and current legal issues affecting school administrators and teachers.
Courses of Study

612. Technology for the School Leader I (3).
A study of the utilization of computers in the management of information at the local school level. With the use of hands-on activities and demonstrations, the course will primarily focus on generating and using information.

613. Preparing Leaders to Serve Students with Special Needs (3).
Designed for those preparing for school leadership roles. This course will detail the philosophies, legal and pragmatic approaches to serving children with special needs in schools. Emphasis will be on mastering the requirements of the federal and state laws as well as the special needs of families.
Prerequisite(s): Completion of all core courses and EDLD 601, 602, 603 and 604.

616. School Personnel Development (3).
A study of the major functions of personnel selection and professional development within the school setting. The study includes both certified and classified personnel.

619. Conflict Management in Public School Administration (3).
The course will deal with interpersonal conflict, organizational conflict, institutional conflict, school/community conflict, social conflict and all other attending problems.
Prerequisite(s): A minimum of two years of teaching experience.

621. Internship I (3:0:3).
The internship is designed as one part of a three-part experience to allow the student to put theory into practice. During this course, the candidates work under the supervision of school administrators and participate in problem-solving seminars. The students will identify areas they wish to strengthen. A plan will be developed to enhance their skills in the identified areas which will be implemented during the second and third parts of the internship experience.
Prerequisite(s): Prerequisite courses vary depending on the start date of the cohort. At least 9 hours EDLD Specialty Courses are required prior to the beginning of EDLD 621 (Internship One).
Notes: A grade of A, B, C or F will be recorded for this Internship. Offered in fall, spring and summer.

622. Internship II (3:0:3).
The internship is designed as one part of a three-part experience to allow the student to put theory into practice. During this course, the candidates work under the supervision of school administrators and participate in problem-solving seminars. The students will identify areas they wish to strengthen. A plan will be developed to enhance their skills in the identified areas which will be implemented during the second and third parts of the internship experience.
Prerequisite(s): Prerequisite courses vary depending on the start date of the cohort. At least 9 hours EDLD Specialty Courses are required prior to the beginning of EDLD 621 (Internship One). Successful completion of EDLD 621.
Notes: A grade of A, B, C or F will be recorded for this Internship. Offered in fall.

623. Internship III (3).
The internship is designed as one part of a three-part experience to allow the student to put theory into practice. During this course, the candidates work under the supervision of school administrators and participate in problem-solving seminars. The students will identify areas they wish to strengthen. A plan will be developed to enhance their skills in the identified areas which will be implemented during the second and third parts of the internship experience.
Prerequisite(s): Prerequisite courses vary depending on the start date of the
Courses of Study

cohort. At least 9 hours EDLD Specialty Courses are required prior to the beginning of EDLD 621 (Internship One). Successful completion of EDLD 621 and EDLD 622. Notes: A grade of A, B, C or F will be recorded for this Internship.

650-659. Problems in Educational Administration (1) (2) (3).
Designed to provide selected problem courses in educational administration to students studying for administrative positions in public schools. Prerequisite(s): A minimum of two years of teaching experience. Notes: May be retaken for additional credit.

Elementary Education (ELEM)

631. Science in the Elementary School (3).
Examination of theory, philosophy and objectives in science in the primary grades. Prerequisite(s): ELEM 431 or permission of instructor.

636. Mathematics in the Elementary School (3).
A study of teaching mathematics in the elementary school. Attention will be given to contemporary, reform-based strategies in teaching elementary mathematics. Prerequisite(s): Graduate status or permission of instructor.

Students should be familiar with the current trends in social studies education and should develop their research and writing skills. Prerequisite(s): ELEM 341 or permission of instructor.

English (ENGL)

501. Modern British Poetry (3).
Study of the chief British poets from Yeats, Pound and Eliot to the present. Prerequisite(s): One of the following: ENGL 202 and 203 or graduate status. Notes: Offered every odd year in fall.

502. Studies in Non-Western Literature (3).
This course will focus on the major writers of the Non-Western World (Chinese, Japanese, Indian, Arabic, Islamic or African). Notes: Offered every odd year in fall.

503. Major Victorian Writers (3).
Study of 19th-century British literature (poetry, non-fiction prose and fiction) with emphasis on main currents of thought. Prerequisite(s): One of the following: ENGL 202, 203 or graduate status. Notes: Offered every odd year in spring.

504. Modern American Poetry (3).
A survey of American poetry of the 20th century with emphasis on major poets such as Pound, Frost, Stevens, Williams, Bishop, Brooks, Rich and Levertov. Prerequisite(s): ENGL 210 and 211 or graduate status. Notes: Offered every even year in spring.

507. History and Development of Modern English (3).
Introduction to language acquisition and the phonology, morphology, and syntax of Old, Middle, and Modern English, with an emphasis on the major causes and patterns of language change. Prerequisite(s): Successful completion of one course in a foreign language.
510. Topics in Writing and Rhetoric (3).
An examination of topics, issues and methodologies. Course content will vary.
Prerequisite(s): CRTW 201 with a grade of C or better and a previous ENGL course or graduate status or permission of chair.
Notes: Offered periodically. May be retaken for additional credit with permission of chair, Department of English.

511. Chaucer (3).
Reading in Middle English of the Canterbury Tales and Troilus and Criseyde.
Prerequisite(s): One of the following: ENGL 201, 203 or graduate status.
Notes: Offered every even year in spring.

512. Middle English Literature (excluding Chaucer) (3).
Survey of Middle English literature, exclusive of Chaucer, with emphasis on major genres and authors. Texts are taught predominantly in Middle English.
Prerequisite(s): One of the following: ENGL 201, 203 or graduate status.
Notes: Offered odd year in spring.

513. Milton (3).
Milton’s poetry and representative prose, his life and the background of the 17th century.
Prerequisite(s): One of the following: ENGL 201, 203 or graduate status.
Notes: Offered every even year in fall.

514. Elizabethan Literature (3).
A reading of poetry, prose narratives, drama and critical theory of the English Renaissance. Shakespeare’s poetry is included, but not his plays.
Prerequisite(s): One of the following: ENGL 201, 203 or graduate status.
Notes: Offered every even year in spring.

515. 20th-Century Southern Literature (3).
Study of major fiction, poetry, drama and prose writers from the Nashville Fugitives to James Dickey.
Prerequisite(s): One of the following: ENGL 210, 211 or graduate status.
Notes: Offered every even year in fall.

520. 17th-Century English Literature (exclusive of Milton) (3).
Study of Cavalier and Metaphysical poets, important single figures (Donne, Marvell) and outstanding prose stylists.
Prerequisite(s): One of the following: ENGL 201, 203 or graduate status.
Notes: Offered every odd year in fall.

521. Restoration and 18th-Century English Literature (3).
A study of selected major works (excluding the novel) with some attention to dramatic comedy, satire, periodical essay, poetry and biography.
Prerequisites: ENGL 201, 203, or graduate status.
Notes: Offered every odd year in spring.

525. Studies in Irish Literature (3).
Study of Yeats, Joyce and other Irish writers from the viewpoint of history, folklore and mythology.
Prerequisite(s): One of the following: ENGL 201, 202, 203 or graduate status.
Notes: Offered every even year in fall.

527. English Romantic Poetry and Prose (3).
Study of the major works of Blake, Wordsworth, Coleridge, Byron, Shelley and Keats.
Prerequisite(s): One of the following: ENGL 202, 203 or graduate status.
Notes: Offered every even year in fall.

529. 20th-Century American Fiction and Drama (3).
Examination of representative fiction and drama with emphasis on writers such as
Courses of Study

Prerequisite(s): One of the following: ENGL 210, 211 or graduate status.
Notes: Offered every odd year in spring.

600. Materials and Methods of Research in English (3).
A course to acquaint graduate students with advanced research materials, methods and techniques to familiarize them with other major critical approaches to literary study.
Notes: Offered in spring.

602. Critical Theory (3).
Study of critical theory and practice from Plato and Aristotle through Derrida; students apply theories to analyses of selected literary work.
Notes: Offered in spring.

605. The American Renaissance (3).
Study of the major works of Emerson, Thoreau, Whitman, Hawthorne and Melville.

611. Late 19th-Century American Literature: Realism and Naturalism (3).
Studies realistic and naturalistic theory and practice with emphasis on London, Twain, Norris, James, Crane and Howells.

612. 20th-Century British Fiction and Drama (3).
Study of selected works of Shaw, Forster, O’Casey, Joyce, Lawrence and Beckett and criticism of those works.

615. Seminar in Language and Rhetoric (3).
A seminar either in topics of language and rhetoric, periods or genres. Topics will vary with concentration ordinarily not duplicating material studied in other courses.
Notes: May be retaken for additional credit with permission of chair, Department of English.

618. Seminar in Comparative Literature (3).
This course will focus upon the major writers of the Western World, literary genres, literary themes, literary movements, influences or epochs.
Notes: May be retaken for additional credit with permission of chair, Department of English.

620. Readings in English (3).
Texts will be chosen by students in consultation with instructors; research will be directed by instructor.
Prerequisite(s): Permission of chair, Department of English.
Notes: May be retaken for additional credit.

622. Seminar in British Literature I: Before 1784 (3).
This course will focus on a particular topic, genre or figure(s) in British Literature prior to 1784.
Notes: May be retaken for additional credit.

623. Seminar in British Literature II: 1784 and After (3).
This course will focus on a particular topic, genre or figure(s) in British Literature 1784 and after.
Notes: May be retaken for additional credit.

624. Seminar in American Literature Before 1900 (3).
This seminar will focus on a genre, topic or author(s) in American Literature before 1900.
Notes: May be retaken for additional credit.

625. 20th-Century American Literature (3).
A seminar in special approaches to 20th-century American Literature; approaches might include authors, genre and topics.
Notes: May be retaken for additional credit.
Courses of Study

630. The New Grammars (3).
Designed for teachers to study the generative-transformational grammar approach to English syntax.

640. Shakespeare: The Plays (3).
Critical study of 10 or 12 plays representing the various genres (comedies, tragedies, histories and romances), illustrating the stages in Shakespeare’s development.

650. The African American Novel (3).
A chronological study beginning with the 19th-century African American novel, moving through Harlem Renaissance writers such as Toomer and Hurston and concluding with contemporary ones such as Naylor and Morrison.

655. Topics in the Art of Teaching English (1-3).
Current approaches to teaching language and literature. Only 3 semester hours may be applied toward an MAT or MA degree in English.
Notes: May be retaken for additional credit.

695. Thesis (3).
Individual directed research and writing. Includes study of techniques and sources for scholarly writing.
Prerequisite(s): ENGL 600 or equivalent.

696. Thesis (3).
Individual directed research and writing.
Prerequisite(s): ENGL 600 or equivalent.

697, 698. Academic Internship in English (1), (1).
Under supervision of English faculty, students will observe and participate in activities related to the profession or discipline.
Prerequisite(s): Permission of chair, Department of English.

English Education (ENGE)

519. Adolescent Literature (3).
Study of literature appropriate for students preparing to teach at the secondary level with emphasis on literature written for adolescents.
Notes: Offered in spring.

591. Principles of Teaching English in Middle and Secondary Schools (3).
This course addresses specific instructional needs and techniques related to the teaching of English and is designed for students in the MAT program.
Prerequisite(s): Admission to Teacher Education Program.

592. Field Experience in Teaching English (1:0:8).
Students will spend 8 hours in the classroom under the supervision of an English Education Professor and will work with a mentor teacher, in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education Program at Graduate Level.
Notes: A grade of S or U is recorded.

Environmental Sciences/Studies (ENVS)

510. Special Topics in the Environment (3).
A detailed examination of specific subjects in environmental issues, as chosen by the instructor.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit. Offered as needed.
Exercise Science (EXSC)

511. Physical Activity for Special and Aging Populations (3).
An examination of the physiological changes occurring in senior adults and persons with disabilities and hypokinetic diseases. In addition, the impact of physical activity on health, hypokinetic diseases, daily functioning, and quality of life are explored.
Prerequisite(s): PHED384/385, PHED 480/481.
Corequisite: EXSC 485.

Family and Consumer Science (FACS)

500. Contemporary Issues: The Professional and Family Living (3).
Focus on synthesizing knowledge related to the dynamics and improvements of family life.
Notes: Offered in fall and spring.

501. Residential Technology (3).
This course examines the many technological changes that have affected the family residence. Practical information is provided about planning, building and maintaining a home.
Prerequisite(s): Restricted to Family and Consumer Science majors. Notes: Lab Fee: $25. Offered in spring.

502. Family Resource Management (3).
This course focuses on the tools required by the Family and Consumer Sciences professional to assist others in achieving a sense of security, understanding resources available, and effectively managing resources in order to improve the well-being of families throughout the life span.
Prerequisite(s): FACS 401, Restricted to Family and Consumer Sciences majors in good standing.
Notes: Offered in fall.

Finance (FINC)

512. Investments (3).
A practical investment course that focuses on portfolio management through the use of an investment simulation.
Prerequisite(s): Grade of C or better in FINC 311.

513. Banking and Financial Service Management (3).
The application of financial management techniques is employed to the economic and regulatory environment of banks and financial service companies.
Prerequisite(s): Grade of C- or better in FINC 311.

514. International Financial Management (3).
The course examines factors that affect a company's financial management decisions in a global environment. Managerial finance in the multinational firm receives special attention.
Prerequisite(s): Grade of C or better in FINC 311.
Courses of Study

515. Insurance and Risk Management (3).
This course will explore the principles of insurance. It will include an analysis of risk and strategies to eliminate, minimize or transfer risk. Students will become familiar with the key components of life, accident and health insurance policies as well as property and casualty.
Prerequisite(s): A grade of C- or better in FINC 311.

516. Employee Benefits and Retirement Planning (3).
Students will learn the various group insurance and retirement programs offered by employers. Students will also become familiar with employee stock option plans and retirement needs analysis. Strategies to meet one's retirement goals and objectives will be covered.
Prerequisite(s): A grade of C- or better in FINC 311.

655. Financial Policy Management (3).
A case, lecture and computer application course examining financial management, decision-making such as financial ratios, budgets, time value of money, security valuation and capital budgeting.
Prerequisite(s): Grade of C or better in FINC 311.

665. Advanced Financial Management (3).
The course focuses on using financial statements in valuation. Students will learn the development of valuation models including those that are asset-based. The course employs models for purposes of valuing companies, for making individual and corporate investment decisions and for directing management.
Prerequisite(s): ACCT 306 or ACCT 654 and FINC 655.

French (FREN)

From time to time, an additional course dealing with a special topic in French may be offered if sufficient student interest is indicated and a faculty member is available to teach the course. Consult the department chair about such a course.

Prerequisite for all 500-level French courses: completion of 18 semester hours of French or equivalent or permission of the chair, Department of Modern Languages.

510. Topics in Language and Literature (3).
Course content will vary, depending on student interest and faculty expertise.
Notes: May be retaken for additional credit with permission of chair, Department of Modern Languages.

513. Drama of the 17th Century: Corneille, Racine and Moliere (3).
Note: Offered variable times.

517. 18th-Century Literature (3).
Study of the major literary works of the French Enlightenment, with some attention to historical, political and social, musical and artistic parallels.
Prerequisite(s): FREN 401 and 402.
Note: Offered variable times.

523. Modern Novel (3).
A survey of major themes and developments in the modern French novel.
Prerequisite(s): FREN 401 and 402.
Note: Offered variable times.

550. Medieval French Literature (3).
A study of the literary traditions of medieval France through an examination of works representing the major genres, writers and themes of the period.
Note: Offered variable times.
560. Writers of the French Renaissance (3).
An introduction to the major writers of the 16th-century whose texts forged new parameters in French literary expression. Note: Offered variable times.

575. French Literature in Translation (3).
Readings and discussions of major works of French literature in English translation. A knowledge of French is not required. Course content can vary depending on the instructor. Prerequisite(s): Open to advanced undergraduate and graduate students. Notes: Undergraduate French majors cannot use FREN 575 towards the BA. Course content can vary depending on the instructor. Prerequisite(s): Open to advanced undergraduate and graduate students. Notes: Offered variable times.

590. Contemporary France (3).
A survey of cultural, historical and intellectual development from the end of World War II to the present. Note: Offered variable times.

593. Advanced Oral and Written Communication (3).
A course designed primarily for students who are able to understand, speak and write French but who wish to improve and strengthen these skills while moving toward more natural expression of modern French. Note: Offered variable times.

695. Thesis (3).
696. Thesis (3).

Geography (GEOG)

500. Global Environment and Sustainable Development (3). This course discusses the question of sustainability, a new economic agenda of development that seeks a balance with issues of environmental protection and social equity so that the short-term needs of our generation do not compromise those of the future. Prerequisite(s): GEOG 101. Notes: Offered every even year in fall.

The purpose of this course is to further develop skills and knowledge in concepts and techniques of GIS by studying its application to a variety of geographic and environmental problems (e.g., resource management, biophysical systems, business, public facilities, health and disease). For each application, the topics studied include the sources and properties of the data contained in the GIS, the functions and analysis used in the application, as well as the types and uses of graphic, tabular and data products of the application. Prerequisite(s): Permission of instructor. Notes: Offered periodically.

525. Traveling Graduate Seminar in Geography (3).
Problem-orientated short course, which visits selected locations in North America, Mexico or the West Indies. Offered concurrently with GEOG 325. Prerequisite(s): 6 hours of geography or permission of instructor. Notes: Offered occasionally.
**Courses of Study**

**610. Medical Geography (3).** This course applies concepts and techniques used in geography to investigate nutrition, health, and well-being. It provides introduction to health-related topics, health outcomes, and health care resources from a geographical perspective. Topics include diffusion of disease, human modification of environment and health, inequalities in health outcomes and health care resources, and methods for spatial epidemiology and analysis. Prerequisite(s): Graduate student status or permission of instructor.

**520. Interrelation of German Music and Literature (3).**
Examines the important interrelation between word and music in Germany and Austria in the 18th, 19th and 20th centuries. 
Note: Offered variable times.

**575. German Literature in Translation (3).**
Readings and discussions of major works of German literature in English translation. A knowledge of German is not required. Course content can vary depending on the instructor. Prerequisite(s): Open to advanced undergraduate and graduate students. Note: Offered variable times.

**580. Techniques of Translation and Interpretation (3).**
Will introduce the advanced German students to techniques and stylistics of translation and interpretation, essential skills necessary both for scholarship and for employment options with international agencies. Note: Offered variable times.

**Geology**

**551. Research (3-0-3).**
Scholarly research conducted with geology faculty member. Prerequisite(s): GEOL110/113, and GEOL210,220,340,360, or 401 and permission of the Department Chair. Notes: GEOL110/113, and GEOL 210, 220, 340, 360, or 401 and permission of the Department Chair.

**German (GERM)**

**506. German Critical Thought and Thinkers (3).**
Will introduce the student to the richness of critical thought found in the intellectual heritage of German speaking countries. Note: Offered variable times.

**510. Special Topics in German Language (3).**
Advanced seminar offers the faculty and students an opportunity to intensively investigate a single author, movement or genre in Austrian, German and Swiss literature. Notes: Offered variable times. May be retaken for additional credit with permission of chair, Department of Modern Languages.

**504. Sociology of Aging (3).**
Analysis of the major social forces that affect aging and the ways modern society responds in planning for its elderly. Notes: Cross listed as SOCL 504. Offered in spring.
Graduate Studies Continuing (GSTC)

600. Continuing Graduate Studies (0).
This course is intended for graduate students who are continuing work on a graduate thesis, or special research topic, or preparing for comprehensive exams and who are not enrolled in any other coursework. Required of all candidates not otherwise enrolled in the semester of graduation.
Prerequisite(s): Permission of department/division chair.
Notes: Lab Fee: $35.

Health (HLTH)

500. Contemporary Health Problems (3:3-3).
This course is designed to examine contemporary health concerns from a global perspective and how those issues filter down to the individual.
Prerequisite(s): Junior status.
Notes: Offered every other fall.

501. Substance Abuse Education (3:3-3).
This course is designed to discuss the effects of the use and abuse of alcohol, tobacco and other drugs on both the individual and society.
Prerequisite(s): Junior status.
Notes: Offered in spring.

503. School Health and Health Education (3).
A methods course for secondary health instruction.
Prerequisite(s): HLTH 300 or permission of instructor.
Notes: Not offered this academic year.

506. Human Sexuality (3).
A study of the problems, questions and issues of human sexuality as they relate to personal health and well-being.

507. Women's Health Issues (3:2-2).
A study of the questions, issues and problems of women's health as they relate to personal and community health and well-being.
Notes: Cross-listed with WMST 507. Offered every other fall.

600. Health Promotion (3).
This course is designed to provide an understanding of health factors affecting morbidity and mortality, behavior change and applicable strategies for intervention.
Prerequisite(s): Graduate status.
Notes: Cross-listed with WMST 507.

608. Methods of Teaching Human Sexuality (3).
Methods of teaching human sexuality are emphasized to strengthen course participants' teaching techniques and classroom procedures.
Notes: Offered on demand.

This course provides an overview of strategies and methods for teaching health in various settings. Methods and strategies for specific settings will be explored.

640. Health Education Research and Program Evaluation (3).
This course is designed to allow students to develop assessment plans, apply evaluation techniques to part of these assessment plans, to interpret results of various program evaluations, and to infer implications from these assessments to future programming.
Courses of Study

681. Health and Physical Education Needs Assessment, Program Planning and Implementation (3).
This course will investigate techniques for conducting needs assessments in various setting and how to implement program changes based on these assessments. In addition, students will explore implementation strategies for programs based on needs and interest, social and cultural environments and growth and development factors.

695. Field Work Experience in Health Education (1:0:1).
This course will provide applied experience in a school or community based setting. Each student will spend a minimum of 30 hours in a supervised field work setting.

History (HI ST)

501. This History of Social Movements in America (3).
The History of Social Movements in America deals with the struggles of American citizens from the 18th to the 21st centuries. This course examines the actions, the rhetoric, and the impact of social movements in American history over time and explores the connections between local grassroots efforts and national political action.
Prerequisite(s): HIST 211 and HIST 212.
Note: Offered in spring.

505. History of South Carolina (3).
A survey of the development of South Carolina, emphasizing political, economic and cultural developments.
Note: Offered variable times.

507. Cultural and Intellectual History of the United States (3).
A study of American thought and culture from the colonial era until the present day.
Note: May be retaken for credit.

A survey of the experiences and contributions of blacks from the African origins to the present.
Note: Offered variable times.

515. The United States as a World Power since 1898 (3).
A survey focusing on the principles of American foreign policy and their historical evolution.
Note: Offered variable times.

518. A History of the Old South (3).
A history of the Old South from its founding to the eve of the Civil War.
Note: Offered variable times.

521. The New South (3).
A study of Southern institutional development from Reconstruction to the present.
Note: Offered variable times.

524. The Emergence of Modern America, 1877-1933 (3).
Note: Offered variable times.

525. The United States since 1939 (3).
A study of political, social, economic and diplomatic developments since 1939 with particular attention to the recent past.
Note: Offered variable times.

527. The American Revolution (3).
Explores the origins, substance and outcome of the American Revolution from the French and Indian War through the Federalist Era. Particular attention will be devoted to examining the different expectations that different segments of colonial society brought to the Revolution and the extent to which these hopes were realized by the creation of a New Nation.
Note: Offered variable times.
530. World Environmental History (3).
A comparative examination of world environmental history.
Note: Offered variable times.

540. Ancient Greece and Rome (3).
A survey of the history of Greece and Rome from the first Bronze Age civilization on Crete to the barbarian migrations of the 5th-century A.D.
Note: Offered variable times.

542. Medieval European History (3).
A study of European politics, society and culture from the fall of the Roman Empire to the 15th-century.
Notes: Offered variable times.

547. History of Modern Russia (3).
A survey of Russian history, focusing on events from the development of revolutionary movements in the 19th-century until the present.
Note: Offered variable times.

548. History of Modern Germany (3).
History of Germany since the 1850s, including the rise of Bismarck, the unification of Germany, the First World War, Hitler, the Third Reich, the Holocaust, division between East and West in the Cold War, and reunified Germany's present-day dominant role in Europe.

550. Special Topics in History (3).
Advanced in-depth consideration of specific topics of particular concern within history.
Notes: May be retaken for additional credit under different topics. Offered variable times.

551. The Middle East since Islam (3).
A survey of the history of the modern Middle East since the rise of Islam.
Notes: Offered variable times.

552. South Asia since 1600 (3).
A survey of modern South Asia (India, Pakistan, Bangladesh, etc.) since 1600.
Notes: Offered variable times.

553. China since 1600 (3).
A survey of the history of modern China since circa 1600 (since the Qing Dynasty).
Notes: Offered variable times.

561. The History of the Caribbean (3).
The study of socioeconomic and political trends of the major islands in the Caribbean Sea from the colonial period to the present.
Notes: Cross-listed with AAMS 561. Offered variable times.

601. Academic Internship to History (3).
Prerequisite(s): Open to majors only. Permission of chair, Department of History.
Notes: A grade of S or U is recorded. Offered variable times.

602. Graduate Research in History (3).
This course provides an opportunity to engage in intensive, individual historical research under the guidance of a member of the graduate history faculty.
Prerequisite(s). Graduate status and permission of the History Graduate Program Director.
Notes: Offered variable times. May be taken for additional credit. Permission of Graduate Director required.

610. Great Issues in American History (3).
Advanced, in-depth consideration of special topics in American history.
Notes: May be retaken for additional credit under different topics.

611. America at War In the 20th-Century (3).
From the 1898 Spanish-American War to 1991's Desert Storm, the scope of this graduate course allows us to discuss in a seminar environment nearly 100 years of our nation’s history.
Notes: Offered in fall.
Courses of Study

614. Colonial and Revolutionary America (3).
A survey of U.S. History from cultural contact between Indians and Europeans through the era of the American Revolution.

615. American Civil War and Reconstruction (3).
A History of the coming of the American Civil War, The War itself and the ensuing Reconstruction period.

616. Aspects of American Social History (3).
Emphasis on women, the family and other topics in 19th-century social history.

618. Comparative Slavery in the Americas (3).
A study of the role and status of slave and free blacks in the 19th-century societies of Canada, Latin and Spanish America, the Caribbean and the United States.

A graduate reading colloquium which focuses upon the history of women in the United States from the colonial period to the present.

625. 20th-Century U.S. Foreign Policy (3).
A graduate seminar which focuses on 20th-century foreign policy in the United States.

640. Great Issues in Modern European History (3).
Advanced, in-depth consideration of special topics in modern European history. Note: May be retaken for additional credit under different topics.

641. The Expansion of Europe (3).
European expansion from the Renaissance through the late 19th-century.

643. The Era of the French Revolution (3). A study of the origins and history of the French Revolution and its impact on Europe. It spans the period from the Age of Reason to the downfall of Napoleon.

650. Great Issues in Asian History (3).
An introduction to current scholarship and historiographic trends on comparative issues in modern Asian history. The focus of the course will shift to reflect changes in scholarship. Note: May be retaken for additional credit under different topics.

655 A. Traveling Seminar in History (1).
An introduction, overview and in-depth study of a particular country or region which will accompany a study tour of the same region. Prerequisite(s): Permission of instructor.

655 B. Traveling Seminar in History (2).
An introduction, overview and in-depth study of a particular country or region which will accompany a study tour of the same region. Prerequisite(s): Permission of instructor.

655 C. Traveling Seminar in History (3).
An introduction, overview and in-depth study of a particular country or region which will accompany a study tour of the same region. Prerequisite(s): Permission of instructor.

695. Thesis (3).
Prerequisite(s): Open to majors only. Permission of chair, Department of History.

696. Thesis (3).
Prerequisite(s): Open to majors only. Permission of chair, Department of History.
Human Nutrition (NUTR)

520. Sports Nutrition (3).
Assessment of specific nutritional needs of intercollegiate and recreational athletes.
Prerequisite(s): BIOL 308, CHEM 521 and NUTR 427 with a grade of C or higher.
Notes: Offered in spring.

521. Nutrition and Metabolism (3).
Physiological and biochemical bases of nutrient utilization and energy metabolism.
Prerequisite(s): BIOL 308, CHEM 521 and NUTR 421 with a grade of C or higher.
Notes: Lab Fee: $15. CHEM 521 may be taken as a corequisite. Offered in fall.

523. Food Science Principles (3).
Chemical and physical factors affecting food composition and quality.
Prerequisite(s): Grade of C or higher NUTR 231 and 232; CHEM 106/108 or equivalent; or permission of instructor.
Corequisite: NUTR 524.
Notes: Offered in spring.

524. Sensory and Objective Evaluation of Foods (1:0:3).
Sensory and objective evaluation of food products prepared in the laboratory.
Corequisite(s): NUTR 523.
Notes: Lab Fee: $50. Offered in spring.

527. Medical Nutrition Therapy (3).
Nutritional requirements and care of acutely ill patients.
Prerequisite(s): NUTR 427 with a grade of C or higher and permission of instructor.
Notes: Lab fee: $15. Offered in fall.

528. Experiences in Nutrition Therapy (2:0:24)
CADE accredited internship nutrition therapy field placement in hospital settings.
Prerequisite(s): CHEM 301/303 or 310/311, and NUTR 427 (grade of C or higher) and permission of the instructor.
Notes: Lab Fee: $100. A grade of S or U is recorded. Offered in spring and summer.

529. Experiences in Community Nutrition (2:0:24)
CADE accredited internship field placement in public health or community settings.
Prerequisite(s): NUTR 427 or equivalent and permission of instructor.
Notes: Lab Fee: $100. A grade of S or U is recorded. Offered in spring and summer.

530. Experiences in Food Systems Management (2:0:24)
CADE accredited internship field placement in food systems management.
Prerequisite(s): NUTR 471, NUTR 480 and permission of instructor.
Notes: Lab Fee: $100. A grade of S or U is recorded. Offered in spring and summer.

534. Seminar in Human Nutrition (3).
Contemporary issues, trends, and research in human nutrition are discussed and evaluated critically. Special emphasis on assessment, evaluation and documentation of nutrition status.
Prerequisite(s): NUTR 427.
Notes: Offered in fall. Intensive writing course.

551-569. Special Topics: Food and/or Nutrition (1, 2, or 3).
Individual student projects executed in the laboratory, library and/or in the community.
Prerequisite(s): Permission of chair, Department of Human Nutrition.
Notes: Offered in spring and summer.

600. Seminar in Food and Nutrition (3).
Issues, trends and research related to current concerns within selected areas of food and nutrition.
Prerequisite(s): NUTR 607 and NUTR 421 or equivalent.
Notes: Offered every fall in odd years. May be retaken for additional credit.
604. Advanced Medical Nutrition Therapy (3).
Review of current literature and evidenced-based protocols in medical nutrition therapy for selected disease states.
Prerequisite(s): NUTR 427 or equivalent.
Notes: Offered every spring in odd years.

605. Nutrition Assessment (3).
The course is designed to provide an overview of methods that are available for measuring the adequacy of dietary intakes, nutrient reserves and health and function in relation to nutrition for both individuals and populations.
Prerequisite(s): NUTR 427 and NUTR 607.
Notes: Lab fee: $50. Offered even years in spring.

607. Research Methods (3).
Understanding and applying research; developing basic skills in writing proposals and conducting research.
Prerequisite(s): NUTR 427 or equivalent.
Notes: Offered in fall.

Special nutrition problems and needs of developing nations; world food supply; social and cultural context; and specific nutritional deficiencies in developing nations are considered.
Prerequisite(s): NUTR 421.
Notes: Offered in spring.

The unique nutritional needs of infants and children, pregnant and lactating women, and the means of achieving improved nutrition for these groups.
Prerequisite(s): NUTR 427 or equivalent.
Notes: Offered every summer in even years.

621. Nutrition and Aging (3).
Physiological and nutritional requirements of individuals 60 years of age and older.
Prerequisite(s): NUTR 427.
Notes: Offered in spring in even years.

623. Intermediary Metabolism (3).
Regulation of carbohydrate, protein and fat metabolism in the human body.
Prerequisite(s): NUTR 521 or equivalent and CHEM 310/311 or equivalent.
Notes: Lab Fee: $10.

624. Vitamin Metabolism (3).
The absorption, metabolism and function of vitamins in humans.
Prerequisite(s): CHEM 310/311 or equivalent; NUTR 521 or equivalent.
Notes: Lab Fee: $10. Offered odd years in fall.

625. Abnormal Metabolism (3).
Nutritional implications of metabolic disorders.
Prerequisite(s): NUTR 427 and 521 or equivalents.
Notes: Offered odd years in spring.

626. Mineral Metabolism (3).
The metabolism, absorption and function of minerals in humans.
Prerequisite(s): CHEM 310/311 or equivalent, NUTR 521 or equivalent.
Notes: Lab Fee: $10. Offered fall of even years.

627. Recent Developments in Food Science and Nutrition (3).
Review of current literature in food science and nutrition.
Prerequisite(s): NUTR 427 and 607 or equivalent.
Notes: Offered every fall in even years and in summer. May be taken for additional credit.

650. Special Topics: Food and/or Nutrition (3).
Applied research project. Required for the Master of Science degree without a thesis.
Prerequisite(s): NUTR 607 and completion of 6-9 semester hours of credit in the major area of study.
695. Thesis (3).
Development of an individual investigation.
Prerequisite(s): NUTR 607.
Notes: A grade of S or U is recorded.
Credit for NUTR 695 is not awarded until NUTR 696 is completed.

696. Thesis (3).
Completion of an individual investigation.
Prerequisite(s): NUTR 607 and 695.
Notes: A grade of S or U is recorded.

Integrated Marketing Communication (IMCO)

553. Special Topics in IMC (3).
Prerequisite(s): Junior status, 2.0 GPA and permission of chair, Department of Mass Communication.
Notes: Offered variable times. May be retaken for additional credit.

International Area Studies (INAS)

Interdisciplinary work experience overseen by a professional at an approved location outside of the United States under the academic direction of a Winthrop University professor. Students are required to work in an approved volunteer activity while pursuing individual or group academic research pertinent to the service area.
Notes: Course may be repeated for credit. Offered in fall, summer and spring.

625. Seminar in International Area Studies (3).
An interdisciplinary, interregional study of a contemporary global problem.
Note: Offered variable times.

Liberal Arts (LART)

601. The Search for Order: The Empirical Eye (3).
The first of three core colloquia examines how we search for order through sensory experience including, for example, the scientific approach.
Notes: Open only to MLA students. Offered in fall.

602. The Search for Order: The Rational Eye (3).
Investigates how we search for order through reason, logic and other mental processes exemplified in such disciplines as philosophy and mathematics.
Notes: Open only to MLA students. Offered in fall.

603. The Search for Order: The Intuitive Eye (3).
Explores how we search for order through aesthetic, emotional and contemplative means embodied in the arts, literature and myths.
Notes: Open only to MLA students. Offered in spring.

604. Capstone Colloquium (3).
Master of Liberal Arts students design, with the help of an advisor, and complete a scholarly project focused by a theme or idea arising out of the student's individual course of study.
Prerequisite(s): LART 601, 602 and 603.
Notes: To be taken as the student's last course in the MLA program. Offered in spring.

605 Interdisciplinary Seminar (3). A seminar on such interdisciplinary topics as the theory of aesthetics, good and evil, and time. May be retaken for additional credit with MLA director's permission.
Prerequisite: LART 601, 602, and 603.
Courses of Study

Management (MGMT)

Recognition, negotiation and administration of labor agreements in the public and private sector. Also covered is the bargaining process in general and human resource management in a union-free environment.
Prerequisite(s): MGMT 321.
Notes: Offered in fall and spring.

524. Employment Law (3).
Private and public sector employment law with emphasis on labor relations, employment discrimination and current trends in the public policy of regulation of the employment relationship.
Prerequisite(s): MGMT 321.
Notes: Offered in fall, spring and summer.

526. Compensation and Benefits Analysis (3).
Planning, designing and controlling benefit and compensation systems integrating current knowledge on the relationship between work, reward and productivity. Philosophical, technical and legal issues will be addressed.
Prerequisite(s): MGMT 321.
Notes: Offered in fall and summer.

529. International Management (3).
Prerequisite(s): MGMT 321.

575. Business Ethics (3).
Broad overview of the effect of ethics on business decision-making in an increasingly complex world. Covers methods for analyzing and applying personal values and to recognize organizational and environmental forces that influence ethical behavior. Heighten student abilities to recognize ethical issues and engage in effective ethical debate in a business setting.
Prerequisite(s): MGMT 321.

A comprehensive study of the issues, decision variables and public policy considerations for the management of an organization’s human resources with special attention on public and private sector differences, international variation and unions.
Prerequisite(s): MGMT 327 and 422 or equivalents; or permission of instructor.
Notes: Offered on demand.

650. Theory and Behavior of Business Organization (3).
Evolutionary development of organizational theory and the examination of its relationship to economic, social, political and technological changes in society.
Prerequisite(s): MGMT 321.
Notes: Offered in fall, spring and summer.

652. Quality Management and Control (3).
The fundamentals of quality management and control in manufacturing and service producing processes; the principal tools used in quality management and how these tools can be put into practice.

657. Strategic and International Issues in Management (3).
Seminar in strategic management designed to integrate business functions and examine issues that develop in the relationship between organizations and their changing environment, both global and domestic.
Prerequisite(s): FINC 655.
Notes: Offered in fall, spring and summer.
661. Information Systems (3).
Study of the organizational usage of information systems and technology. Emphasis is on the impact of information systems on organizations regarding competitive advantage, structure, decision-making and individual productivity. Notes: Offered in fall, spring and summer.

662. Operations Management (3).
Design and management of customer-focused operations in services and manufacturing. Managing quality, technology and resources in the organization and supply chain. Integrating operations management with other business functions. Prerequisite(s): QMTH 651

671. Advanced Business Communications (3).
Business communications with emphasis on advanced business communications, research techniques, interview processes, oral business presentations and concise writing. Notes: Offered in fall, spring and summer.

675. Leadership Dynamics (3).
The dynamics of leadership explored through theory, organizational learning and group dynamics, in-depth case study, diagnostic tools and self-development. Prerequisite(s): MGMT 321.

Marketing (MKTG)

581. Marketing for Global Competitiveness (3).
Prepares managers for the challenges of competing in the global marketplace. Prerequisite(s): MKTG 380.

653. Marketing Management (3).
A graduate marketing strategy course that integrates buyer behavior, marketing research, demand analysis and sales forecasting, and the elements of the marketing mix, economics, accounting, finance, and the strategic marketing decision-making process under a variety of environmental conditions. Prerequisite(s): MKTG 380, FINC 311, QMTH 205.

Mass Communication (MCOM)

510. Magazine Editing and Production (3).
Theory and techniques of magazine editing and production; editorial objectives and formulas, issue planning, article selection, layout, illustration, typography, printing and circulation. Magazine project required. Prerequisite(s): Junior status and 2.0 GPA.

551-553. Special Topics in Mass Communication (1) (2) (3).
Prerequisite(s): Permission of instructor. Notes: Offered occasionally. May be retaken for additional credit. May count only as elective hours for MCOM majors and minors.

615. Issues in Literature of Mass Communication (3).
Seminar in basic issues and problems in journalism and mass communication as presented in significant books and journals. Notes: Offered odd years in spring.

Mathematics (MATH)

503. Vector Calculus (3).
Vectors, tensors, differential forms, covariant differentiation, curvature and elementary differential geometry. Prerequisite(s): MATH 301. Note: Offered variable times.
509. Real Analysis I (3).
Topics in the study of functions of a real variable, including limits, continuity, differentiability, sequences, series.
Prerequisite(s): MATH 301 and 310.
Notes: Offered in fall.

520. Foundations of Geometry (3).
Topics in Euclidean and non-Euclidean geometry, including incidence geometry, congruence, similarity, area theorems, circles and spheres.
Prerequisite(s): MATH 300.
Notes: Offered in fall.

522. Elements of Set Theory and Introduction to Topology (3).
Fundamentals of set theory and point-set topology, including functions, Cartesian products, topological spaces, open and closed sets, metric spaces, connected and compact spaces.
Prerequisite(s): MATH 300 and MATH 301.
Notes: Offered variable times.

535. Numerical Analysis (3).
Analysis of algorithms, including polynomial approximation of real functions, numerical differentiation and integration and manipulation of matrices.
Prerequisite(s): MATH 300 and 301 or permission of chair, Department of Mathematics.
Notes: Offered on demand.

541. Probability and Statistics I (3).
Probability theory from an axiomatic viewpoint, including combinatorics, discrete and continuous random variables and multivariate distributions.
Prerequisite(s): MATH 301 and MATH 341 or permission of department chair for MAT students.
Notes: Offered in spring.

542. Probability and Statistics II (3).
Statistical inference from a mathematical viewpoint, including the central limit theorem, point and interval estimation and regression.
Prerequisite(s): MATH 541.
Notes: Offered variable times.

543. Introduction to Stochastic Processes (3).
A survey of stochastic processes and their applications to probabilistic modeling. Topics will include discrete and continuous time Markov processes, Poisson process and time-series analysis.
Prerequisite(s): MATH 300 and 541.
Notes: Offered variable times.

545. Statistical Theory and Methods II (3).
Analysis of linear models, including both regression and ANOVA models. Contingency tables are also studied.
Prerequisite(s): MATH 541.
Notes: Offered variable times.

Survey of statistical methodology applied to problems from the sciences with emphasis on the area of Health and Human Nutrition. Statistical tests will be reviewed and applied to current issues.
Prerequisites: MATH 141 or permission of instructor.
Notes: Offered in fall and summer.

547. Introduction to Categorical Models (3).
An introduction to the analysis of categorical data. Topics will include methods for comparison of binomial proportions, r x c contingency tables and logistic and log linear modeling.
Prerequisite(s): MATH 542.
Notes: Offered on request.
550. Special Topics in Mathematics (3).
In-depth study of a mathematical topic.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit once for each topic.

551. Algebraic Structures (3).
Theory of rings and fields, with special attention to PID's, UFD's, Euclidean domains and modules.
Prerequisite(s): MATH 351 or equivalent.
Notes: Offered alternate years in fall.

553. Theory of Numbers (3).
Divisibility, primes, congruences, special functions, continued fractions and rational approximations.
Prerequisite(s): MATH 351 or equivalent.
Notes: Offered spring of alternate years.

575. Optimization Techniques II (3).
A continuation of MATH 375. Areas of study include mathematical modeling, integer programming, combinatorial optimization and network algorithms.
Prerequisite(s): MATH 375.
Notes: Offered variable times.

Mathematics Education (MAED)

A study of the secondary mathematics curriculum (7-12). This course addresses specific instructional needs and techniques related to the teaching of secondary mathematics concepts.
Prerequisite(s): MATH 520 or permission of Department Chair.
Notes: Intensive writing course. Offered in spring.

591. Principles of Teaching Mathematics (3).
This course addresses specific instructional needs and techniques related to the teaching of mathematics and is designed for students in the MAT program.
Prerequisite(s): MAED 548, Graduate status and Admission to the Teacher Education Program.
Corequisite(s): MAED 592.
Notes: Offered in fall.

592. Field Experience in Teaching Mathematics (1:0:8).
Students will spend 8 hours per week in a public school under the supervision of a mathematics education professor and will work with a mentor-teacher in preparation for the final internship experience.
Prerequisite(s): MAED 548. Graduate status and admission to Teacher Education Program.
Corequisite(s): MAED 591.
Notes: A grade of S or U is recorded. Offered in fall.

694. Special Topics in Content and Pedagogy Math Teachers (3).
Selected topics in content, teaching methodology, and mathematics education research with application to grades K-12 classrooms.
Notes: May be retaken for additional credits as topics vary. Assignments and readings are modified based on an individual student's certification level. Focus topic will be designated on the transcript. Offered variable times.

Modern Languages Education (MLAN)

503. Applied Linguistics (3).
Study of the systems underlying language acquisition and how to apply them in effective teaching and learning.
Note: Offered variable times.
530. A, B or C. Language and Cultural Studies Abroad (1-6).
Under the direction of a Winthrop University professor, students pursue intensive studies of language at a foreign university. Excursions are organized to places of cultural interest. May be substituted for required courses in the major or minor sequence with written advance permission of the department chair.
Prerequisite(s): Completion of six credits on the 300 level or equivalent grade of S in French 499. May be repeated for a maximum of 12 credits contingent on departmental review and receipt of official transcripts.
Notes: A=French; B=Spanish and C=German. Offered in summer and at variable times.

591. Principles in Teaching Modern Languages (3).
To give students a 4 hour per week classroom experience on different methodology by a Modern Language education professor.
Note: Offered at variable times.

592. Field Experience in Teaching Modern Languages (1:0-8).
Students will spend 8 hours per week in a public school under the supervision of a modern languages education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Graduate status. Admission to Teacher Education Program.
Corequisite(s): MLAN 591.
Notes: A grade of S or U is recorded.
Note: Offered in spring and fall at variable times.

Music Applied (MUSA)

Applied Music Courses (1, 2, 3 or 4 hours credit). Prerequisite: Successful completion of graduate entrance audition.
Lab Fees for Applied Music courses are assessed as follows:
- one hour lesson $300
- one half-hour lesson $200

The following course numbers are used for the instruments indicated. All applied music is assigned through the chair, Department of Music. MUSA 605, 610, and 614 may be retaken for additional credit. MUSA 611, 612, 613 and 614 are to be taken in sequential order.

Instrument Designator for Applied Music Courses:

A. Piano
B. Organ
C. Harpsichord
D. Voice
E. Violin
F. Viola
G. Cello
H. Drum Set
J. String Bass
K. Guitar
M. Flute
N. Oboe
P. Piccolo
Q. Clarinet
R. Bassoon
S. Saxophone
T. Trumpet
U. Trombone
V. Horn
W. Euphonium
Y. Tuba
Z. Percussion
511. Score Reading (2-1).
Detailed study and analysis of musical scores to facilitate reducing scores to piano accompaniment.
Prerequisites: MUSA 282, MUST 212 and 507 or permission of instructor.
Notes: May be retaken for additional credit.

621C. Choral Conducting (1-4: 0.5-1:0).
Advanced techniques in score analysis, manual technique, style and interpretation for the choral conductor.
Prerequisite(s): Successful completion of applied entrance audition.

621N. Instrumental Conducting (1-4: 0.5-1:0).
Advanced techniques in score analysis, manual technique, style and interpretation for the instrumental conductor.
Prerequisite(s): Successful completion of applied entrance audition.

622C. Choral Conducting (1-4: 0.5-1:0).
A continuation of the advanced techniques covered in MUSA 621C.
Prerequisite(s): MUSA 621C.

622N. Instrumental Conducting (1-4: 0.5-1:0).
A continuation of the advanced techniques covered in MUSA 621N.
Prerequisite(s): MUSA 621N.

623C. Choral Conducting (1-4: 0.5-1:0).
A continuation of the advanced techniques covered in MUSA 622C.
Prerequisite(s): MUSA 622C.

623N. Instrumental Conducting (1-4: 0.5-1:0).
A continuation of the advanced techniques covered in MUSA 622N.
Prerequisite(s): MUSA 622N.

624C. Choral Conducting (1-4: 0.5-1:0).
A continuation of the advanced techniques covered in MUSA 623C.
Prerequisite(s): MUSA 623C.
Notes: May be retaken for additional credit.

624N. Instrumental Conducting (1-4: 0.5-1:0).
A continuation of the advanced techniques covered in MUSA 623N.
Prerequisite(s): MUSA 623N.
Notes: May be retaken for additional credit.

631. Composition (4-1).
Applied instruction in music composition.
Prerequisite(s): Permission of instructor.

632. Composition (4-1).
Applied instruction in music composition; a continuation of MUSA 631.
Prerequisite(s): MUSA 631 or permission of instructor.
Notes: May be retaken for additional credit.

Music Ensembles. Music Ensembles are open to all Winthrop University graduate students, regardless of degree. Auditions, where required, are scheduled during each registration period. Ensembles may be retaken for additional credit.

641-649. Special Topics in Music (1).
Various chamber ensembles created for a variety of available instrumentalists, vocalists or keyboardists in a given semester.
Prerequisite(s): Permission of instructor.

651. Winthrop Glee Club (1:3).
A large, mixed ensemble which also functions as Men’s Glee Club and Women’s Glee Club.
Prerequisite(s): Permission of instructor.
652. Winthrop Chorale (1:4).
A 45-voice choir that tours throughout the Southeast. Two major concerts each year. Prerequisite(s): Audition required.

653. Jazz Voices (1:3).
Vocal jazz ensemble of 16 singers and instrumentalists performing historic jazz and contemporary arrangements. Prerequisite(s): Audition required.

654. Chamber Singers (1:2).
A small vocal ensemble performing music drawn from five centuries, including Renaissance madrigals, Baroque cantatas, Classical church music, 19th-century part songs and contemporary music. Prerequisite(s): Audition required.

656. Wind Symphony (1:3:0).
A select wind ensemble performing the standard repertory for wind and percussion band including repertory from the 20th century. Prerequisite(s): Audition required. Notes: Offered in fall and spring.

657. Symphonic Band (1:4).
A large wind and percussion ensemble that performs at least two formal concerts per year. Prerequisite(s): Permission of instructor and audition required.

658. Winthrop/Carolinas Wind Orchestra (1:3).
A select ensemble of wind and percussion instruments performing primarily new and demanding works for the medium. Prerequisite(s): Audition required. Notes: Offered in fall and spring. May be re-taken for additional credit.

659. Jazz Ensemble (1:3).
Performs arrangements for large jazz bands. Prerequisite(s): Audition required.

660. String Ensemble (1:2).
An ensemble formed from available string players during any given semester. Practice outside the designated coaching sessions is required. Prerequisite(s): Audition required.

661. Winthrop Chamber Orchestra (1:3).
Performs chamber works for strings and other instruments. Prerequisite(s): Audition required. Notes: Offered in fall and spring. May be re-taken from additional credit.

662. Jazz Combos (1).
Small group jazz setting of acoustic and synthesized instruments concentrating on the study and performance of improvisation in contemporary jazz and popular musical styles. Prerequisite(s): Audition required.

663. Percussion Ensemble (1:3).
A full percussion ensemble performing all styles of percussion literature from the standard repertoire and from other cultures. Prerequisite(s): Audition required.

664. Flute Choir (1:2).
A full flute choir formed from available players during any given semester. Practice outside the designated coaching sessions is required. Prerequisite(s): Audition required.

665. Brass Ensemble (1:2).
A full brass ensemble formed from available players during any given semester. Practice outside the designated coaching sessions is required. Prerequisite(s): Audition required.

666. Chamber Ensemble: Vocal (1:2).
Small vocal ensembles formed during any given semester. Prerequisite(s): Audition required.
667. Chamber Ensemble (1:0-1).
Various chamber ensembles formed from strings, winds, guitar, percussion and keyboards during any given semester. Prerequisite(s): Permission of chair, Department of Music. Notes: May be retaken for additional credit.

668. Guitar Ensemble (1:2).
Various small guitar ensembles formed from available guitarists during any given semester. Practice outside the designated coaching sessions is required. Prerequisite(s): Audition required.

669. Collegium Musicum (1:2).
A chamber ensemble formed from available players during any given semester performing a variety of early music on original instruments. Practice outside the designated coaching sessions is required. Prerequisite(s): Audition required.

670. Opera Production (1).
Participation and experience in an opera production. The work performed will vary with the semester. Prerequisite(s): MUST 321 and audition or permission of instructor. Notes: May be retaken for additional credit.

Music (MUST)

501. Piano Literature (3).
A study of literature for the piano from its beginning through contemporary practices. Prerequisite(s): MUST 306 or permission of instructor. Notes: Offered as needed.

503. Organ Literature (3).
A survey of representative organ works from the 16th through the 20th centuries. Prerequisite(s): MUST 306 or permission of instructor. Notes: Offered as needed.

505. Opera Literature (3).
Historical development of opera with detailed study of selected operas. Prerequisite(s): MUST 306 or permission of instructor. Notes: Offered as needed.

506. Choral Literature (3).
A survey of choral literature from 1450 through the 20th century, with detailed analysis of representative masterworks. Prerequisite(s): MUST 306 or permission of instructor.

508. Standard Choral Repertory (3).
A survey of the standard choral repertory for high school singers. The class will analyze, sing and play excerpts from about 200 sacred and secular pieces in varying levels of difficulty (grade II through V). Prerequisite(s): MUSA 282, MUST 212 and 507, or permission of instructor. Notes: Offered as needed.

509. Art Song Literature (3).
A survey of European and American art song with emphasis on 19th and 20th century German and French literature. Prerequisite(s): MUST 306 or permission of instructor. Notes: Offered as needed.

511. Orchestration (3).
Principles and techniques of orchestration for strings, woodwinds, brass and percussion. Prerequisite(s): MUST 212 and any two of MUSA 291, 293, 295 or 297. Notes: Offered as needed.

512. Analytical Techniques (3).
A capstone course that assimilates aspects of music theory, harmony, analysis and aural skills needed for advanced courses in literature, history, performance and music education. Prerequisite(s): MUST 212 and MUST 214 or graduate standing. Notes: Offered in fall and spring.
Courses of Study

513. Counterpoint (3).
Study of contrapuntal techniques from the Renaissance to the present, emphasizing J.S. Bach. Writing projects include 16th-century and 18th-century inventions, canons and fugues.
Prerequisite(s): MUST 212 or permission of instructor.
Notes: Offered as needed.

514. History of Jazz (3).
An examination of jazz styles, including extensive study of several major figures. Students learn to distinguish the various styles through analysis of rhythmic, melodic, harmonic and instrumental differences.
Prerequisite(s): MUSA 306 or permission of instructor.
Notes: Offered as needed.

515. Chamber Music Literature (3).
A survey of selected chamber music from the beginning through the present day. Includes a study of formal elements and aural recognition of representative works.
Prerequisite(s): MUSA 306 or permission of instructor.
Notes: Offered as needed.

516. Symphonic Literature (3).
An historical and chronological survey of symphonic literature from the pre-classic to the present, including a study of formal elements and aural recognition of representative works.
Prerequisite(s): MUSA 306 or permission of instructor.
Notes: Offered as needed.

517. Percussion Literature (3).
A survey of percussion literature from its earliest antecedents in military and orchestral music through the major genres of the 20th century, including chamber music, percussion and marimba ensembles and solo genres for timpani, multiple percussion and keyboard percussion.
Prerequisite(s): MUST 306 and MUST 212 or permission of instructor.
Notes: Offered as needed.

518. Wind Literature (3).
A survey of the basic repertory for concert band and wind ensemble from the Renaissance to the present.
Prerequisite(s): MUST 212 and 507, or permission of instructor.
Notes: Offered as needed.

519. Vocal Pedagogy (3).
An introduction to the basic methodologies used in establishing good vocal technique; an overview of the historical perspectives as well as current vocal science. The course includes actual supervised practical experience.
Prerequisite(s): MUSA 112D or permission of instructor.
Notes: Offered as needed.

520. Piano Pedagogy (3).
Designed for prospective piano teachers. A survey of materials, educational principles and methods of teaching piano for individual and group lessons.
Notes: Offered as needed.

521. Composition Methods and Arranging (2:2).
A course focusing on compositional processes from the 16th-century to the present. Extensive work in the Musical Instrument Digital Interface (MIDI)/computer music lab included.
Prerequisite(s): MUST 212 or permission of instructor.
Notes: Offered in fall and spring.
523. Accompanying (1:1:0.5).
This course focuses on the basic knowledge and techniques required for teaching composition to K-12 students and for integrating composition activities into the K-12 music classroom. Also covered are fundamentals techniques for adapting existing music for a wide variety of K-12 level instrumental and vocal ensembles.
Prerequisite(s): Permission of instructor.
Notes: Offered as needed.

531. Computer Music Technology I (3).
An introductory course to microcomputers and Musical Instrument Digital Interface (MIDI) hardware for the purpose of musical creativity.
Prerequisite(s): MUST 212 or permission of instructor.
Notes: Offered as needed.

532. Computer Music Technology II (3).
A continuation of the skills acquired in MUST 531 with more advanced practical applications.
Prerequisite(s): MUST 531 or permission of instructor.
Notes: Offered as needed.

535. Diction: English/Italian/Latin (1:2:0).
Principles and practices of English, Italian and Latin diction for singers.
Prerequisite(s): MUSA 112D or permission of instructor.
Notes: Offered in fall.

536. Diction: French/German (1:2:0).
Principles and practices of French and German diction for singers.
Prerequisite(s): MUSA 112D or permission of instructor.
Notes: Offered in spring.

551-559. Special Topics in Music (1) (2) (3).
Topics may include literature courses for piano, organ, art song, choral, percussion, wind, women and music or other topics.
Prerequisite(s): Permission of chair, Department of Music.
Notes: Offered as needed. May be retaken for additional credit.

561. Medieval/Renaissance Music (3).
An advanced study of the music of the Western European tradition from 600-1600. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.
Notes: Offered as needed.

562. Baroque Period Music (3).
An advanced study of the music of the Western European tradition from 1600-1750. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.
Notes: Offered as needed.

563. Classic Period Music (3).
An advanced study of the music of the Western European tradition from 1750-1820. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.
Notes: Offered as needed.

564. Romantic Period Music (3).
An advanced study of the music of the Western European tradition from 1820-1900. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.
Notes: Offered as needed.
565. 20th Century Music Literature (3).
A study of styles, trends, systems and literature from 1900 to the present, including neo-tonal, atonal, serial, electronic, and experimental forms. Notes: Offered as needed.

A methods course that addresses specific instructional needs and techniques for teaching general music in the elementary school. Prerequisite(s): Admission to Teacher Education Program. MUST 212 and 317. Notes: Offered in fall.

A methods course that addresses specific instructional needs and techniques for teaching general music in the secondary school. Prerequisite(s): Admission to Teacher Education Program; MUST 590. Notes: Offered in spring.

592. Field Experience in Teaching Music (1: 0-8).
Laboratory experience equivalent to 28 half-days designed to lead music students through an exploration and examination of various research-based programs of instructional planning, methodology, classroom management, and evaluation of teaching and learning. Prerequisite(s): MUST 590. Corequisite(s) MUST 591 and EDUC 390.

600. Graduate Music Theory Review (3).
A review of concepts and terminology associated with music theory including harmony, voice-leading, analysis, and aural. Course will not count toward a graduate degree program in music.

602. Advanced Instrumental Techniques (3).
Programming, rehearsing and teaching the school orchestra, marching band, concert band and jazz ensemble. A continuation of topics in MUST 591 and additional advanced topics. Prerequisite(s): MUST 591 or equivalent.

603. Advanced Elementary Music Methods (3).
Advanced study in music teaching methodology for K-5 students to include advanced curricular planning, specialized teaching methodologies (i.e., Orff, Kodaly, Dalcroze, etc.), curriculum correlation, and other aspects of teaching music in the modern elementary school environment.

604. Advanced Choral Techniques (3).
Methods and materials for teaching high school choral music. Rehearsal techniques, tone, diction, programming, organization and management. Analysis of representative repertory. Prerequisite(s): MUST 591 or equivalent.

607. Form and Style in Music (3).
An analytical study of the formal and stylistic practices and techniques of representative composers of the 18th-20th centuries. Notes: Offered in spring.

612. Foundations of Music Education (3).
A survey of historical, philosophical, sociological and psychological issues that affect music education.

614. Research in Music (3).
A survey of music research designs and techniques. Prerequisite(s): MUST 612 required for MME students. Notes: Offered in spring.
616. The Music Curriculum K-12 (3).
Examination of principles and problems of curriculum design and implementation in music education K-12.
Prerequisite(s): MUST 612.
Notes: Offered in fall.

621. Opera Workshop I (2:3).
Laboratory for the development of skills in acting and singing of opera and musical theatre through the study of scenes from standard operatic repertory and short operas, with performances possible.
Notes: May be retaken for additional credit.

622. Opera Workshop II (2:3).
Continuation of MUST 621, continued development of skills in acting and singing of opera and musical theatre. Notes: May be retaken for additional credit.

630-639. Special Topics in Music (1) (2) (3).
Prerequisite(s): Permission of chair, Department of Music. Notes: May be retaken for additional credit.

641. Orff-Schulwerk Level I (3).
A two-week summer course for music teachers to develop basic competencies in the principles and pedagogy of Orff-Schulwerk.
Prerequisite(s): Permission of instructor.

642. Orff-Schulwerk Level II (3).
A two-week summer course for music teachers to develop advanced competencies in the principles and pedagogy of Orff-Schulwerk.
Prerequisite(s): Orff level I certification or permission of instructor.

Philosophy (PHIL)

550. Special Topics in Philosophy (3).
An in-depth consideration of a specific topic of concern in philosophy. The course may be offered under various topics. Prerequisite(s): Permission of instructor. Notes: May be retaken for additional credit. Offered variable times.

575. Business Ethics (3). Business Ethics is the application of our understanding of good/bad, right/wrong to the various institutions, technologies, transactions, activities, and pursuits we call ‘business’. We begin with a framework of basic principles for understanding the good/bad dichotomy and the implications this has for business. We proceed to a discussion of the ethical aspects of the market structure within which American business transactions are conducted. Next we consider ethical implications for the wider world from which business activity draws its’ natural resources and for the consumers to whom the products of business are sold. We conclude with an enquiry into the internal relationship between the organization and the individuals within it. Prerequisite(s): CRTW 201.
Physical Education (PHED)

510. Financial Management of Fitness and Interscholastic Athletic Programs (3).
The purpose of the course is to introduce students to a number of financial and staffing topics that are relevant to the sport industry. Major concepts to be studied will include basic financial concepts, budgeting, revenue streams, current financial issues in sports, staffing, assessment of staff, staffing policy and procedures and a number of other relevant topics. Prerequisite(s): PHED or SPMA major and junior, senior or graduate status.

512. Seminar on Contemporary Leaders and Organizations in Health, Physical Education and Recreation (2).
Study of current issues and contemporary leaders through preliminary study and attendance at the Southern District or National AAHPERD Convention. Notes: May be retaken for additional credit.

525. Risk Management in Physical Activity and Sport (3).
This course is designed to introduce the student to the legal principles applicable to a variety of sport settings. The topic of tort liability will be explored in depth with special emphasis on effective management of risk. Prerequisite(s): Junior status or above as an SPMA or PHED major and SPMA 101. Notes: SPMA 101 may be taken concurrently with this course.

548. Psychology of Sport and Physical Activity (3).
An analysis of the psychological factors involved in sport and physical activity with emphasis on performance enhancement. Prerequisite(s): PSYC 101 and junior status. Notes: offered in fall and spring. SPMA 101 may be taken concurrently with this course.

571. Theory and Assessment of Coaching (3).
This course will be an introduction to the philosophy, principles and techniques of effective coaching with emphasis on the psychological and sociological processes of preparing athletes for competition. In additions, various evaluation instruments and procedures will be analyzed as they relate to coaching effectiveness. Notes: Offered in spring odd years.

603. Developmental Movement for Early Childhood (2): This course will explore the role of movement in the cognitive, physical and social development of young children. Emphasis will be on developing an understanding of developmentally appropriate motor programming for young children and the importance of integrating movement activities into the classroom to facilitate development across all domains of learning. Notes: This course is restricted to MAT students in the Early Childhood program.

610. Legal Issues in Sport and Fitness Administration (3).
This course provides an advanced understanding of legal proceedings, legal research, and legal issues relevant to sport and fitness administration, specifically negligence and risk management. This course focuses on risk management as an ongoing responsibility of the sport and fitness administrator to reduce operational risks. Notes: This is an elective for graduate students only.
611. Physical Education Curriculum (3).
An analysis of the elements of current curriculum theory with particular application to physical education, health, dance, recreation and related fields. Prerequisite(s): PHED 449 or equivalent.

612. Movement Concepts and Skill Themes (3-3-2). This course will allow students to apply movement concepts to human movement and to explore the interaction of these concepts with skill themes. Emphasis will be placed on using movement concepts to analyze both skilled and unskilled movement, differentiate among stages of learning for various skill themes, and to apply movement concepts and skill themes to plan and implement developmentally appropriate instruction. A two hour teaching laboratory is required as part of the course along with a demonstration of physical competency in the fundamental movement skills.

615. Computer Applications in Sport and Physical Activity (3).
Designed to provide experience in the uses of computers and software in athletics and physical activity. Specific applications of computers will be demonstrated and the implications of those applications will be discussed. Electronic communications, spreadsheets, databases, graphics, desktop publishing, web page construction, and computerized presentations are among the topics that will be covered.

621. Skill and Fitness Based Competency (3). This course is designed to assist teacher candidates in achieving competence in motor skill performance for a variety of physical activities and movement patterns. In addition, teacher candidates are taught how to achieve and maintain a health-enhancing level of fitness and must demonstrate competency in this area as well.

640. Statistical Analysis and Design in Physical Activity (3). This course is an introduction to how scientific experiments should be designed in the areas of sport & physical activity. The most commonly used designs and their variations along with the resulting analysis will be covered.

650 thru 659. Physical Education Special Topics (3).
This series of courses will provide curriculum options for MS physical education students to study discrete topics, issues and trends within the discipline and related fields. Prerequisite(s): Permission of instructor. Notes: May be retaken for additional credit.

662. Adapted Physical Education (3).
Designed to aid the student in developing guidelines for curriculum implementation to plan methods and to program physical education activities for individuals with physical disabilities. Prerequisite(s): PHED 350 or equivalent.

670. Advanced Strategies in Teaching Elementary Physical Education (3).
Strategies in methodology for elementary physical education including curriculum development as directed by National and State standards or guidelines. Notes: Offered every two years.
671. Special Problems in Teaching Secondary Physical Education (3).
Designed to assist the experienced physical educator in finding alternative ways to handle disciplinary and curricula problems. Emphasis on individual humanistic approach.

681. Ethical Issues and Research in Physical Education and Sport (3).
An in-depth examination of ethical issues in physical education and sport as reported in the current professional literature. Included will be an analysis of the current research in the discipline and an examination of the role of research in the ethical decision making. An outcome of the course will be the development of a personal philosophy on social responsibility, a code of ethics, and a review of literature on a self-selected topic. Prerequisite(s): A course in principles and philosophy of physical education or permission of instructor.

682. Scientific Bases of Sport and Physical Activity (3).
This course is designed to investigate and apply principles of exercise physiology and biomechanics through experimentation and lecture. Prerequisite(s): Motor learning, exercise physiology, biomechanics. Notes: Offered every two years in spring.

684. Athletic Administration (3).
Practical method and techniques needed by athletic administrators are covered in this course. Included topics are academic standards and eligibility, developing and implementing a philosophy, responsibilities, roles, and functions of an athletic director, and leadership theory and practices related to management of sports programs. Notes: Offered in fall.

685. Strength and Conditioning Programs for Athletes (3).
This course is designed to investigate current techniques and theories of strength training and conditioning for various sports and activities from physiological and biomechanical perspectives. Prerequisite(s): Permission of instructor.

686. Sport Event and Facility Management (3).
This course is designed for students to develop the necessary competencies to plan, design, construct and manage sport-related facilities. Further, students will develop the competencies to design, plan and manage sporting events.

690. Assessment in Physical Education (3). This course will provide the student with the basic knowledge and skills necessary to assess K-12 student performance in physical education. Emphasis is given to analyzing skills, selecting and administering traditional assessment instruments, and developing authentic assessment tools. Participants will be working with k-12 students during the class. Prerequisite: Must be a physical education teacher certification major to take this course.

691. Research Project (3).
An independent action research project and paper. Topic approved by project advisor. Oral presentation required. Prerequisite(s): Permission of instructor. Notes: A grade of S or U is recorded.
692. Field Experience in Teaching Physical Education (1: 0-2).
This course uses laboratory experiences equivalent to 28.5 days in a physical education setting. Students will put into practice instructional planning, classroom techniques and principles of pedagogy and assessment of learning.
Prerequisite(s): Admission to MAT program.
Corequisite(s): PHED 670 or 671.

694. Practicum in Athletic Administration (3:0:3).
This practicum provides students with the opportunity for a supervised practical experience in interscholastic athletic administration.
Prerequisite(s): Completion of 24 hours of graduate credits in the Athletic Administration option.
Notes: Offered in fall, spring and summer.

Physics (PHYS)

615. Physics Tech I (3).
The course provides teachers with the instructional and laboratory skills needed to teach physics for the technologies I. It covers the units on: force, work, rate, resistance, energy and power.
Prerequisite(s): South Carolina Class III Teaching Certificate.

Political Science (PLSC)

501. Academic Research in Political Science (1).
Students conduct original research in a Political Science field.
Prerequisite(s): Permission of instructor and chair required.

502. Academic Research in Political Science (2).
Students conduct original research in a Political Science field.
Prerequisite(s): Permission of instructor and chair required.

503. Academic Research in Political Science (3).
Students conduct original research in a Political Science field.
Prerequisite(s): Permission of instructor and chair required.

504. American Foreign Policy (3).
Study of policy formulation and the decision-making process.
Prerequisite(s): PLSC 205 or PLSC 207, or graduate status or permission of instructor.
Courses of Study

505. Government and Politics of Modern China (3).
This course will provide students a chance to focus on one of the most powerful Asian countries in the world in terms of its place in present day politics. Students will learn how China deals with its own policies as a Communist country and how it deals with the rest of the world.
Prerequisite(s): PLSC 205 or PLSC 207 or graduate status or permission of instructor.

506. International Political Economy (3).
A study of the foundations and operation of the international political economy. Examines the impact and influences of the key institutions, theories and trends guiding the interaction of politics and economics globally.
Prerequisite(s): PLSC 205 or PLSC 207 or graduate status or permission of the instructor.

508. National Security (3).
An exploration of a number of approaches to national security, including traditional military analysis to newer issues such as environmental and resource security.
Prerequisite(s): PLSC 205 or PLSC 207, or graduate status or permission of instructor.
Notes: Offered alternate fall semesters.

510. Topics in Political Inquiry (3).
Topics to be chosen by the instructor.
Notes: May be retaken for additional credit.
Offered variable times.

512. Politics and Education (3).
Public schools as agents of political socialization and their interaction with governments and political forces at the local, state and national level.
Prerequisite(s): Grade of C or better in PLSC 201, or graduate status or permission of instructor.
Notes: Offered variable times.

514. Survey Research and Data Management (3).
This course offers a comprehensive, hands-on examination of survey research including questionnaire construction, programming a Computer Aided Telephone Interviewing (CATI) system, sampling frames, survey methodology, caller training and supervision, data collection and data analysis.
Prerequisite(s): Permission of the instructor.
Notes: Offered in fall and spring.

518. Politics of the American South (3).
Focuses on the unique politics of the South. It places southern politics in its theoretical and historical context and examines the central role of race in southern politics as well as regional importance to national politics.
Prerequisite(s): PLSC 201 with a grade of C or better, or graduate status or permission of the instructor.
Notes: Cross-listed with AAMS 518. Offered fall or spring on biennial basis.

524. Health, Media and Public Policy (3).
This course examines the intersection between media and public policy with a particular focus on the field of health policy.
Prerequisite(s): Undergraduate GPA of 3.3 or graduate status.
551. African-American Political Thought (3).
This course explores the historical struggle of African-Americans to assess their identity in relationship to their legal and social oppression. In reflecting on the work of Audre Lorde, W.E.B. DuBois, Frederick Douglass, Langston Hughes, James Baldwin, Ralph Ellison, Sojourner Truth, Toni Morrison, Edward Said, Martin Luther King, Malcolm X, Cornell West, Henry Louis Gates, Alice Walker, bell hooks, Mark Twain and others. We will angle in on the question of black identity from a variety of perspectives. Particular attention will be paid to the relationship between these articulations of “blackness” and the historical and political settings in which they arise. Informed class discussions will be emphasized. Students will be expected to write a term paper and present it to the class.
Prerequisite(s): GNED 102 or AAMS 300, or permission of instructor or graduate status.
Notes: Cross-listed with AAMS 551. Intensive Writing course.

553. Feminist Theory (3).
This course is designed to acquaint students with the variety of ideas, methods and issues raised within contemporary feminist literature.
Prerequisite(s): GNED 102 or graduate status or permission of instructor.

506. Psychological Measurements (3).
Study of the construction, evaluation and application of individual and group tests and the analysis and interpretation of their results.
Prerequisite(s): PSYC 101.
Notes: Offered in fall.

The human viewed as a system that processes information. Topics include sensory processes, memory, language and thinking.
Prerequisite(s): PSYC 301 or permission of chair, Department of Psychology.
Notes: Offered in fall, spring and summer.

510. Behavior Analysis and Behavior Change (3).
Study of application of behavior management techniques in educational, clinical and domestic settings. Additional requirements for graduate students: Graduate students must complete a behavior change project in an educational, work, clinical, or domestic setting.
Prerequisite(s): PSYC 101 or SPED 210.
Notes: Cross-listed with SPED 510. Offered in fall and spring.

512. The Exceptional Child (3).
Study of individuals with special problems in cognitive, emotional or motor ability.
Prerequisite(s): PSYC 101. Notes: Offered in fall.
515. Health Psychology and Behavioral Medicine (3).
Study of the biological, social and psychological factors that combine to influence human health and health practices. Models and methods of identification, prevention and treatment applicable to behavioral medicine will be reviewed.
Prerequisite(s): PSYC 101
Notes: Offered in fall.

520. Special Topics in Psychology (1-3).
In-depth study of a special topic in psychology. Prerequisite(s): PSYC 101 or permission of instructor.
Notes: May be retaken for additional credit under different topics. Offered on demand.

601. Psychopathology of Childhood and Adolescence (3).
Advanced study of preventive methods, etiologies, identification and interventions related to psychopathology.
Prerequisite(s): PSYC 306 and PSYC 503 or 512.
Note: Offered in spring.

602. Introduction to Counseling (3).
Study of the major theories of personality development and the techniques of counseling derived from them.
Prerequisite(s): PSYC 101.
Note: Offered variable times.

603. Therapeutic Psychology: Techniques of Counseling and Psychotherapy (3).
Therapeutic and empirical aspects of psychotherapy and behavior change.
Prerequisite(s): PSYC 602 or permission of instructor.
Note: Open to majors only. Offered in fall.

604. Advanced Studies in Human Development (3).
Intensive study of human development with emphasis on recent research.
Prerequisite(s): PSYC 101 and a course in human growth and development.
Note: Offered in fall.

606. Applied Behavior Analysis and Intervention (3).
Study and application of behavior analysis and intervention techniques.
Prerequisite(s): PSYC 101 and permission of instructor.
Note: Offered in fall.

607. Curriculum-Based Assessment and Academic Interventions (3).
Study and practice of curriculum-based assessment and interventions for academic skills and problems.
Notes: Lab Fee: $30. Offered in spring.

608. Psychological Assessment for Intervention I (3).
Competency-based instruction in individual psychological assessment and use of results for problem-solving and intervention planning.
Prerequisite(s): PSYC 506 or equivalent and permission of instructor (open to majors only).
Notes: Lab Fee: $30. Offered in spring.

609. Psychological Assessment for Intervention II (3).
Competency-based instruction in individual psychological assessment and use of results for problem-solving and intervention planning.
Prerequisite(s): PSYC 608 and permission of instructor (open to majors only).
Notes: Lab Fee: $30. Offered in spring.
611. Advanced Therapeutic Psychology: Techniques for Mental Health Services in the Schools (3).
Advanced study and practice of therapeutic psychology with an emphasis on mental health services in schools.
Prerequisite(s): PSYC 603 and/or permission of instructor (open to majors only). Offered in spring.

612. Psychological Assessment for Intervention III (3).
Competency-based instruction in individual psychological and developmental assessment with an emphasis on infants and special populations of children and youth.
Prerequisite(s): PSYC 608 and 609 and permission of instructor (open to majors only).
Notes: Lab Fee: $30. Offered in fall.

613. Advanced Statistics and Data Analysis (3).
Statistical analyses of psychological data with emphasis on applied settings.
Prerequisite(s): PSYC 304.
Notes: Lab Fee: $20. Offered in fall.

614. Research Methodology and Applications (3).
Survey of research methodology and design as applied to research and evaluation in psychology and education.
Prerequisite(s): PSYC 613. Offered in fall.

615. Seminar in Professional School Psychology (3).
Review of the development and current status of school psychology as a professional specialty.
Prerequisite(s): PSYC 101 and permission of instructor.
Note: Open to majors only. Offered in fall.

617. Understanding and Counseling the Adolescent (3).
A course to familiarize the helper with the psychological/culture forces which shape the behavior of the adolescent, and counseling techniques to help the adolescent.
Note: Offered variable times.

618. Consultation and Indirect Services (3).
The study of indirect service roles and responsibilities in school psychology, including consultation, supervision, in-service training, organizational development and prevention.
Prerequisite(s): PSYC 615 and permission of instructor.
Notes: Open to majors only. Offered in summer.

620. School Psychology Traineeship I (3).
Applied, closely supervised experience in the schools. Students will perform many functions of school psychologists, including assessment, behavior analysis and intervention, counseling, consultation and academic interventions.
Prerequisite(s): PSYC 615, 606 or 510, 607 and permission of instructor (open to majors only).
Notes: Course may be taken for graduate credit only. Offered in fall.

621. School Psychology Traineeship II (3).
Applied field experience in the schools under close supervision of the instructor. Students will perform many functions of school psychologist at an advanced level including assessment, behavior management, academic interventions, consultation and counseling.
Prerequisite(s): PSYC 620 and permission of instructor. Notes: Open to majors only. Offered in spring.
625. Advanced Seminar in School Psychology (3).
Review of coursework and discussion of current issues and trends. Includes a comprehensive examination of all program training experiences.
Prerequisite(s): PSYC 101, 615 and permission of instructor.
Note: Open to majors only. Offered in spring.

651. School Psychology Internship I (3).
Supervised introduction to the provision of school psychological services emphasizing an orientation to the educational system.
Prerequisite(s): PSYC 608, 615, and permission of instructor.
Notes: A grade of S or U is recorded. Open to majors only. Offered in fall.

652. School Psychology Internship II (3).
Supervised experience providing school psychological services emphasizing assessment and psychoeducational program planning.
Prerequisite(s): PSYC 608, 609, 615 and permission of instructor.
Notes: A grade of S or U is recorded. Open to majors only. Offered in fall.

653. School Psychology Internship III (3).
Supervised experience providing school psychological services emphasizing techniques of intervention and consultation.
Prerequisite(s): PSYC 652 and permission of instructor.
Notes: A grade of S or U is recorded. Open to majors only. Offered in spring.

654. School Psychology Internship IV (3).
Supervised experience providing indirect psychological services in educational settings emphasizing administrative roles and research.
Prerequisite(s): PSYC 653 and permission of instructor.
Notes: A grade of S or U is recorded. Open to majors only. Offered in spring.

Current topics in school psychology for practicing school psychologists.
Prerequisite(s): Licensure or certification in School Psychology or allied profession.
Notes: A grade of S or U is recorded. May be retaken for additional credit. Offered variable times.

Prerequisite(s): Licensure or certification in School Psychology or allied profession.
Notes: A grade of S or U is recorded. May be retaken for additional credit. Offered variable times.

690. Special Topics in Psychology (3).
Advanced study of a topic of relevance to psychology or allied disciplines. May be offered under various topics/titles.
Prerequisite(s): PSYC 101 or equivalent or permission of instructor.
Notes: May be retaken for additional credit under different topics. Offered variable times.
Quantitative Methods (QMTH)

Statistical methods, regression and time series analysis in the decision-making process.
Prerequisite(s): CSCI 101 and ECON 205.

658. Quantitative Methods in Business (3).
Use of quantitative models in the decision-making process.
Prerequisite(s): QMTH 651.

Reading (READ)

510. Literature for Children (3).
An introduction to books, magazines and non-print adaptations (e.g., audio recordings, filmstrips, books on disk, and video recordings) of literature appropriate for children’s growth in literacy.
Prerequisite(s): READ 321, 322 or equivalent; for ELEM and ECED majors.
Corequisite: READ 461.
Note(s): Offered in fall, spring and summer.

541. Reading in the Secondary School (3).
A study of the background information and skills needed by secondary teachers for guiding pupils’ growth in and through reading; identification of and planning for instruction needed.
Prerequisite(s): Admission to Teacher Education Program.

550 thru 559. Problems in Teaching Reading (1, 2, 3).
To assist school personnel in the identification, analysis and planning of strategies to overcome specific problems in the teaching of reading.
Notes: Offered on demand.

561. Teaching Basic Reading Skills (3).
Introductory course in teaching reading.
Prerequisite(s): EDUC 381 or equivalent and Admission to Teacher Education Program.
Notes: Students may not receive credit for READ 561 and READ 461 or READ 562.

562. Teaching Basic Reading Skills in Middle and Secondary School (3).
Persons teaching or preparing to teach in middle or secondary school examine basic reading skills in relation to the needs and characteristics of their pupils.
Prerequisite(s): EDUC 381 or equivalent and Admission to Teacher Education Program.
Notes: A student may not receive credit for READ 562 and READ 461 or READ 561.

571. Diagnostic and Prescriptive Teaching of Reading (3).
Students develop strategies for applying the principles learned in the basic reading course by providing instruction adjusted to the individual needs of one pupil.
Prerequisite(s): Grade of C or better in READ 461, READ 561 or READ 562 and Admission to Teacher Education Program.
Notes: Offered in fall, spring and summer. Work with pupils required.
Courses of Study

600. Literacy Instruction and Assessment for Early Childhood Educators (3). This course provides understanding of factors related to literacy, literacy competencies, procedures for developing literacy instruction, assessment measures for literacy, and applying literacy principles learned.
Notes: This course is restricted to M.A.T. candidates in Early Childhood Education.

611. Issues in Teaching Literature for Children and Young Adults (3).
A study of issues and trends in literature for children, young adults and appropriate adults and its current practices in teaching literacy and other curricular practices.
Prerequisite(s): READ 510 or equivalent introductory course in children's literature.

621. Infusing Mediacy into the Teaching the Integrated English/Language Arts (3).
The course will review and expand the knowledge of teaching practices in the basic English language arts of listening, speaking, reading, writing and mediacy, particularly through the integration of technology to promote literacy.

623. Written Expression in Elementary, Middle and Secondary Schools (3).
Graduate candidates will review research-based best practices in writing instruction, examine issue writing instruction and create an interdisciplinary writing unit.

645. Teaching Content Area Reading (3).
Teachers (elementary to adult) identify literacy competencies needed in content areas, assess pupil development of these competencies and adjust content instruction according to student strengths and needs in culturally diverse classrooms.
Notes: Offered in spring and summer.

651. Teaching Reading and Writing to Learners with Limited English Proficiency (3).
This course provides an in-depth examination of language as system (phonological-orthographic, morphological, semantic and grammatical cuing systems) with linguistic application to the teaching minority dialect and second language learners who have limited abilities in process/applying spoken and written English. The course provides candidates with an understanding of the needs and mono- and multi-lingual as well as multi-dialectual learners.
Prerequisite(s): READ 611, READ 621, READ 645, READ 661.

656. Principles and Strategies for Assessing and Teaching P-12 English Language Learners (3).
This course provides candidates with clinical or practica experience in performance assessment, planning and delivery of appropriate instruction to cognitively, linguistically and/or culturally diverse learners.
Prerequisite(s): READ 611, READ 621, READ 645, READ 651 and READ 661.
661. Theory and Research for Instructional Applications to Teaching Reading (3).
Teachers develop and evaluate exemplary reading strategies which encourage pupils to be lifelong readers and learners.
Prerequisite(s): READ 621, READ 645 must be taken either as a prerequisite or a co-requisite to READ 661.
Notes: Offered in summer.

662. Using Computer Software in the Reading Program (3).
Emphasis on types of software available, criteria for selecting software and effective development and use of software in the reading program. Designed for teachers in grades K-12.
Prerequisite(s): READ 661.

671. Practicum in Diagnosis and Correction of Reading Difficulties in the Classroom (3).
This course is for teachers who participate in and/or provide direction for literacy programs designed to develop literacy strengths or overcome literacy needs of classroom learners.
Prerequisite(s): READ 621, READ 645 and READ 661 and EDUC 640.
Notes: Work with pupils required. Offered in fall.

672. Diagnosis and Correction of Reading Disabilities (3).
This course is designed to acquaint experienced reading teachers with diagnostic and instructional procedures typical of clinical reading situations.
Prerequisite(s): READ 661, 671, EDUC 681, a graduate course in educational measurement and a minimum of one year of teaching experience.
Notes: Work with pupils required.

675. Advanced Practicum in the Teaching of Reading (3).
Selection and implementation of procedures for evaluation and instruction adapted by teachers to individual and group needs for the literacy development of learners.
Prerequisite(s): READ 621, READ 645, READ 661, READ 671 and EDUC 640.
Notes: Work with students required.

681. Organization and Supervision of Reading Programs (3).
An examination of the total reading program and strategies for changes.
Prerequisite(s): READ 621, READ 645, READ 661, READ 671, READ 675 and EDUC 640.
Notes: Offered in summer.

Religion (RELG)

550. Special Topics in Religion (3).
An in-depth consideration of a specific topic of concern in religion. The course may be offered under various topics.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit. Offered variable times.

Science (SCIE)

520. Special Topics in Science (3).
Readings and discussion of scientific topics which cross disciplinary boundaries. Primarily for juniors and seniors.
Prerequisite(s): A 3.0 GPA and/or permission of chair, Department of Biology.
Notes: Offered on demand.
Courses of Study

591. Principles of Teaching Science (3).
Study and application of skills of planning, instruction, management and assessment of the Sciences. Includes a review of ethical and legal responsibilities of science teachers.
Prerequisite(s): Admission to MAT-BIO Program.
Corequisite(s): SCIE 592.
Notes: Offered in fall.

592. Field Experience in Teaching Science (1: 0:8).
Students will spend 8 hours per week in a public school under the supervision of a science education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education Program at graduate level.
Corequisite(s): SCIE 591.
Notes: Intensive oral course. A grade of S or U is recorded.

Secondary Education (SCED)

573. Career Education (3).
Provides background knowledge an skills in designing and implementing career and technology education programs including shadowing, service learning, mentoring, internships, co-ops and apprenticeships. Career planning, job search and presentation skills are developed. Notes: Offered in fall.

611. Advanced Secondary School Curriculum and Instruction (3).
An accelerated study of secondary school curricular concepts and techniques of instruction. Major emphasis is placed on empirically-based knowledge of didactic material design, theories of cognition and systems of instructional management.
Prerequisite(s): Full admission to the MEd secondary education degree program or permission of instructor.

671. Secondary School Teaching Methodology (3).
A study of research-based methodologies for effective secondary school teaching. Empirically certified methods of pedagogical content selection, planning, delivery and evaluation are emphasized.
Prerequisite(s): SCED 610, VCED 603 or PHED 611.
Corequisite: VCED 672.
Notes: This course is a prerequisite to EDUC 690.

Social Studies Education (SCST)

591. Principles of Teaching Social Studies (3).
Students plan, teach and critique integrated instructional units focusing on the content area of Social Studies.
Note: Offered in fall.

592. Field Experience in Teaching Social Studies (1: 0:8).
Students will spend 8 hours per week in a public school under the supervision of a social studies education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Graduate status. Admission to Teacher Education Program.
Corequisite(s): SCST 591.
Notes: Offered in fall. A grade of S or U is recorded.
Social Work (SCWK)

521. Older Adults: Policies & Services (3).
This course provides a review of the development of social welfare policy and services affecting older adults in the United States in order to provide a context for practice. Some of the current programs will be described along with populations being served.
Prerequisite(s): Undergraduate, SCWK 395 (May be taken concurrently), or permission of instructor; if graduate, social work graduate students only.
Note: Offered in spring and summer.

522. Health/Mental Health: Policies & Services (3).
This course provides a review of the development of health care and mental health policy in the United States in order to provide a context for practice. Some of the current programs will be described along with populations being served.
Prerequisite(s): Undergraduate, SCWK 395 (May be taken concurrently), or permission of instructor; if graduate, social work graduate students only.
Note: Offered in spring and summer.

This course provides an overview of the history of child welfare policies and services in the United States, a critical assessment of how values influence the development of policies and the provision of services to children, and provides a framework for evaluating child welfare policies and practices within the NASW Code of Ethics framework.
Prerequisite(s): Undergraduate, SCWK 395 (May be taken concurrently), or permission of instructor; if graduate, social work graduate students only.
Note: Offered in spring and summer.

531. Older Adults: Practice & Trends (3).
This course provides a review of the development of older adult practice and trends in the United States in order to provide a context for practice. Some of the current programs will be described along with populations being served.
Prerequisite(s): Undergraduate, SCWK 395 (May be taken concurrently), or permission of instructor; if graduate, social work graduate students only.
Note: Offered in fall.

532. Health/Mental Health: Practice & Trends (3).
This course will focus on issues of health and mental health from an ecological perspective with a focus on addiction. It will encompass organizing factors: childhood development and resulting adaptive behavior and pathology in adulthood. The main purpose of this course is to help students develop an understanding of the dynamics of addiction and the impact that it has on health and mental of the individual and their family members.
Note: Offered in fall.

533. Families & Children: Practice & Trends (3).
This course builds on the foundation content of the program and provides an overview of current social work practice research and practice trends in child welfare. A framework for evaluating child welfare practices within the NASW Code of Ethics will be used to identify child welfare practices that are likely to produce practice outcomes that are socially just and effective.
Prerequisite(s): Undergraduate, SCWK 395 (May be taken concurrently), or permission of instructor; if graduate, social work graduate students only.
Note: Offered in fall.
Courses of Study

541. Substance Abuse Interventions (3).
This course will focus on issues of addiction from an ecological perspective. Students will study the various theories of addiction and the implications of those theories for both individual and family impact as well as for social work intervention. Strong emphasis will be placed on the interaction of cultural, environmental, interpersonal and intra-personal factors on the causes and social work intervention of addiction for individuals and within a family context. Prerequisite(s): Junior or higher status.

550. Special Topics in Social Work (3).
Special topics of timely interest will be given on a one-time basis.
Notes: If interest is great enough, the topic may be retaken for additional credit. Offered fall, spring and summer.

601. Human Behavior in the Social Environment (3).
Using an ecological framework, the course uses a strengths perspective to understand human behavior within the context of social work values and ethics. Differences among racial and ethnic minorities, cultural diversity, age, sexual orientation, disabilities and gender are examined. The course builds on the liberal arts perspective and provides the foundation for advanced MSW practice courses. Prerequisite(s): Social Work Majors only. Note: Offered in fall.

This course uses a strengths perspective within an ecological framework to examine the attitudes, policies and practices within US society that result in current social policy. Prerequisite(s): Social Work majors only. Note: Offered in fall.

603. Social Work Research (3).
The course combines quantitative and qualitative research methods and research designs for evaluation of practice in various system levels from an ecological perspective. Understanding ethical issues, implication of research with vulnerable populations and social and economic justice is central. Data analysis is an intrinsic part of the course. Prerequisite(s): Social Work majors only. Note: Offered in fall and summer.

This course provides a basic understanding of the history, purpose, scope and focus of the social work profession. From a generalist perspective, the course introduces the values, and processes of social work practice with individuals, families and groups emphasizing practice principles that promote social justice and the well-being of individuals and that change environmental conditions that adversely affect people. Prerequisite(s): Social Work majors only. Note: Offered in fall and spring.

605. Interpersonal Helping Skills (3).
A communication skills and strategies lab that emphasizes development and practice of effective interpersonal helping skills in Social Work practice. Prerequisite(s): Social Work majors only. Note: Offered in fall and spring.

This course provides incoming advanced standing students a review of the social work foundation content related to
human behavior. In the social environment, social welfare policy, social work research, generalist social work practice and interpersonal helping skills. Prerequisite(s): Social Work Majors only, BSW undergraduate degree. Notes: May be repeated for additional credit. Offered in summer.

610. Generalist Social Work Practice II (3).
The course requires study and application of major models of social work practice with emphasis on the linkage between theoretical models of social work practice, assessment, intervention and outcome in work with individuals, families and groups. Students develop skills in beginning, middle and ending phases of intervention, practice evaluation, advocacy and case management. Prerequisite(s): Social Work majors only, SCWK 601, SCWK 602, SCWK 603, SCWK 604 and SCWK 605. Note: Offered in fall and spring.

611. Generalist Social Work Practice III (3).
The course requires study and application of major models of social work practice with emphasis on the linkage between theoretical models of social work practice, assessment, intervention and outcome in work with organizations and communities. Students develop skills in beginning, middle and ending phases of intervention, practice evaluation and advocacy. Prerequisite(s): Social Work majors only, SCWK 601, SCWK 602, SCWK 603, SCWK 604, SCWK 605. Note: Offered in fall and spring.

612. Field Instruction I (3).
The field experience provides an opportunity for students to apply skills, knowledge and values of generalist social work practice in a social service setting with diverse clients. Students work a minimum of 240 hours under MSW social work supervision in a social service agency. Prerequisite(s): Social Work majors only, SCWK 601, SCWK 602, SCWK 604, SCWK 605. Notes: Offered in spring and summer. Lab fee: $40.

614. Social Welfare Policy II (3).
Building on the basis provided in SCWK 602 Social Welfare Policy, this course examines the dynamics of policy development and implementation. The course examines in detail the administrative, legislative and judicial factors in policy making as well as the role of the social worker and impacts on major social work concerns. Both policy analysis and social work policy are covered. Prerequisite(s): Social Work majors only, SCWK 601, SCWK 602, SCWK 603, SCWK 604, SCWK 605. Notes: Offered in spring.

621. Advanced Social Theory (3).
The course is designed to provide students with an understanding of a full range of theories including historic, contemporary, diversity and evidence based theories that are applicable at an advanced level of social work practice. Prerequisite(s): Social Work majors only, SCWK 610, SCWK 611, SCWK 612, SCWK 614. Note: Offered in fall.
622. Field Instruction II (6).
This is the second of a three course/three semester Field Instruction sequence that provides students with a practicum experience under the supervision of an MSW social worker in an agency where the student can apply advanced intervention skills and knowledge. Students work a minimum of 360 hours under professional social work supervision in a social service agency.
Prerequisite(s): Social Work majors only.
Notes: Offered in fall, spring and summer.
Lab fee: $60.

623. Psychopathology and Empowerment Practice (3).
This course will focus on psychopathology and social work practice. Major mental illnesses across the life cycle will be explored, along with their impact across client populations and systems. Social work assessment and intervention approaches for social work practice with people who have mental illness will be addressed. The course will emphasize an empowerment-based perspective that affirms client strengths and coping capacities within a context of professional social work values and ethics, social justice, and affirmation of the human rights of diverse groups of people relative to race, ethnicity, gender, sexual orientation, age, ability, and socioeconomic class.
Prerequisite(s): Graduate status; graduate non-degree status; or, permission of instructor. Notes: Offered variable times.

This course will focus on psychodiagnostics and social work practice. The utility of DSM-related assessment, diagnosis and differential diagnosis as applied in advanced social work practice with people who have mental illness will be addressed. The course will emphasize an empowerment-based perspective that affirms client strengths and coping capacities within a context of professional social work values and ethics, social justice, and affirmation of the human rights of diverse groups of people relative to race, ethnicity, gender, sexual orientation, age, ability, and socioeconomic class.
Prerequisite(s): Graduate status; graduate non-degree status; or, permission of instructor. Notes: Offered variable times.

631. Advanced Discrimination and Inequality (3).
The study of the impact of discrimination and inequality on every aspect of human life, including but not limited to person-hood, family life, social and economic status, physical and mental well-being and intergroup relationships. The course review social work practice responses to issues of discrimination and inequality.
Prerequisite(s): Social Work majors only, SCWK 621, SCWK 622, SCWK 623.
Note: Offered in spring.

632. Field Instruction III (6).
This is the third of a three course/three semester Field Instruction sequence that provides students with a practicum experience under the supervision of an MSW social worker in an agency where the student can apply advanced
intervention skills and knowledge in one of the following tracks: social work practice with older adults, social work practice with families and children or social practice with clients in health/mental health settings. Students work a minimum of 360 hours under professional supervision in a social setting.
Prerequisite(s): Social Work majors only, SCWK 622.
Note: Offered in fall, spring and summer. Lab fee: $60.

Provides an advanced understanding of social work research by integrating knowledge gained in practice courses with experience in field placements. Using quantitative and qualitative approaches, the course advances critical thinking skills to determine selection, development and employment of knowledge regarding best practice approaches.
Prerequisite(s): Social Work Majors only, SCWK 621, SCWK 622, SCWK 623.
Note: Offered in spring.

641. Advanced Practice with Older Adults (3).
This is an advanced practice course that emphasizes the critical examination of best practice strategies that promote client resilience and sense of coherence for older adult clients within the context of the NASW Code of Ethics. This examination involves the development and implementation of culturally appropriate interventions that are based on best practice research findings and the critical evaluation of one's own social work practice with older adults.
Prerequisite(s): SCWK 621, SCWK 622, SCWK 623. Social work majors only.
Note: Offered in spring and summer.

642. Advanced Practice in Health/Mental Health (3:3:0).
This course focuses on advanced social work practice in health and mental health arenas. Concepts of advanced social work assessment and intervention relative to current evidence-based practice modalities are addressed. An emphasis is placed on the continuum of knowledge and skill development needed for effective practice within health and mental health systems. This course is based on an empowerment-based perspective that affirms client strengths and coping capacities within a context of professional social work values and ethics, social justice, and affirmation of human rights of diverse groups of people relative to race, ethnicity, gender, sexual orientation, age, ability, and socioeconomic class.
Prerequisite(s): SCWK 621, SCWK 622, SCWK 623. Social work majors only.
Note: Offered in spring.

643. Advanced Practice with Families and Children (3).
This is an advanced intervention course that emphasizes the critical examination within the context of the NASW Code of Ethics of best practice strategies that promote resilience and sense of coherence for work with families and children. This examination involves the development and implementation of culturally appropriate interventions that are based on best practice research findings and the critical evaluation of one's own social work practice with families and children.
Prerequisite(s): SCWK 621, SCWK 622, SCWK 623, Social Work majors only.
Notes: Offered in spring and summer.
Courses of Study

Sociology (SOCL)

502. Social Theory (3).
Survey of the masters of sociological thought with emphasis upon contributions to contemporary theory. Prerequisite(s): Sociology Majors/Minors or permission of instructor. Note: Offered in fall and spring.

503 A, B. Service-Learning in Sociology (1) (3).
A themed service-learning course that will address a current social issue in society. The course will include both significant classroom and placement components. Prerequisite(s): SOCL201 or SOCL101. Permission of Instructor and Chair of Sociology and Anthropology is required. Notes: Offered variable times.

504. The Sociology of Aging (3).
Analysis of the major social forces which affect aging and the ways modern society responds in planning for its elderly. Notes: Cross listed as GRNT 504. Offered in spring.

505 A, B. Service-Learning in Criminology (1) (3).
A themed service-learning course that will address an element of the criminal justice system. The course will include both significant classroom and placement components. Prerequisite(s): SOCL201 or SOCL101. Permission of Instructor and Chair of Sociology and Anthropology is required. Notes: Sociology majors and sociology minors may not have more than 7 hours count towards the major or minor from SOCL 463-464, SOCL503, SOCL505 and SOCL 340. Offered variable times.

506. Sociology of Competitive Sport (3).
Emphasis on the functions of sport for individuals and on sport as a social institution. Note: Offered variable times.

515. Social Change (3).
Classical and modern approaches to social change and consideration of long- and short-term social trends. Prerequisite(s): SOCL 101 or 201 or permission of instructor. Note: Offered variable times.

516. Social Research II: Methods (4:3:3).
Study of social research methods, with an emphasis on survey research and analyses of quantitative data and experience carrying out a research project. Prerequisite(s): SOCL 316 with a grade of C or better or permission of instructor. Note: Offered fall and spring.

518. Social Organization (3).
Study of the small group and its influence on the individual, the large organization and society-at-large. Prerequisite(s): SOCL 101 or 201 or permission of instructor. Note: Offered variable times.

520. Sociology of Health and Illness (3).
Social etiology and ecology of disease, sociological factors affecting treatment and rehabilitation and the organization of medical care. Note: Offered variable times.
522. Sociology of Education (3).
Examination of American educational institutions with emphasis upon sociological and social psychological links to other social institutions and the wider society.
Note: Offered variable times.

525. Sociology of Law (3).
Sociology of Law will focus on selected legal rules, principles, and institutions treated from a sociological perspective. This course will examine the major theoretical perspectives on law and society, legal reasoning, morality and law as well as substantive issues relating to the legal process.
Prerequisite(s): SOC 101, or 201 and SOC 325.
Note: Offered every even year in spring.

550 thru 559. Special Topics in Sociology (3).
Note: Offered variable times.

Spanish (SPAN)

From time to time, an additional course dealing with a special topic in Spanish may be offered if sufficient student interest is indicated and a faculty member is available to teach the course. Consult the chair of the department.

Prerequisite for all 500-level Spanish courses: completion of 18 semester hours of Spanish or equivalent or permission of the chair, Department of Modern Languages.

504. Cervantes (3).
This course will be a study of the life of Miguel de Cervantes and his masterpiece, Don Quijote de la Mancha.
Prerequisite(s): SPAN 401 and 402 or permission of the instructor; SPAN 302 is strongly recommended.
Note: Offered variable times.

506. Spanish-American Literature to Modernism (3).
Representative readings of major literary figures of Spanish America from the Discovery (1492) until 1900. Representative authors include Ercilla, Sor Juana, Garcilaso, Olmedo, Bello, Sarmiento, Hernandez, Palma, Marti, Darío and Rodo.
Prerequisite(s): SPAN 401 or permission of the instructor; SPAN 301 strongly recommended.
Note: Offered variable times.

507. Modern Spanish-American Literature (3).
A survey of modern and contemporary Spanish-American literature from 1900 to the present.
Prerequisite(s): SPAN 401 or permission of the instructor; SPAN 301 strongly recommended.
Note: Offered at variable times.

510. Topics in Language and Literature (3).
The thrust of the course will vary, depending on student interest and faculty expertise.
Notes: May be retaken for additional credit with permission of chair, Department of Modern Languages.
Note: Offered at variable times.

521. Modern Drama (3).
A panoramic survey of the drama since Romanticism to the Contemporary scene.
Prerequisite(s): 18 hours of SPAN or equivalent or permission of instructor.
Note: Offered variable times.
560. Advanced Conversation (3).
This course is designed to increase student competencies in two language skills: comprehension and speaking.
Prerequisite(s): SPAN 313 or permission of instructor.
Note: Offered variable times.

575. Spanish Literature in Translation (3).
Readings and discussions of major works of Spanish literature in English translation. A knowledge of Spanish is not required.
Course content can vary depending on the instructor.
Prerequisite(s): Open to advanced undergraduate and graduate students. Undergraduate Spanish majors cannot use SPAN 575 toward the BA degree.
Note: Offered variable times.

593. Advanced Oral and Written Communication (3).
For students having the ability to understand, speak, and write Spanish and who wish to improve these skills while moving toward more natural expression in modern Spanish.
Note: Offered variable times.

595. The Short Story (3).
Readings of the Spanish-American writers of the short narrative beginning with the early 19th-century's Esteban Echeverría and ending with today's short story masters.
Prerequisite(s): 18 hours of SPAN or permission of chair.
Note: Offered variable times.

601. Great Figures of Spanish Literature (3).
Course content will change each time the course is taught, with great authors in different periods emphasized.
Prerequisite(s): 18 semester hours of Spanish or equivalent or permission of instructor.
Note: Offered variable times.

602. Great Figures of Spanish-American Literature (3).
An overview of Spanish-American literature and an intensive reading of selected great figures of that literature from the Colonial period until contemporary times.
Prerequisite(s): 18 semester hours of Spanish or permission of chair, Department of Modern Languages.
Note: Offered variable times.

604. History of the Spanish Language (3).
The course traces the development of the language stressing its Latin roots and noting the various stages that have led to the emergence of modern Spanish.
Note: Offered variable times.

605. Seminar in Spanish (3).
This course is designed to allow a graduate instructor to select his/her own readings according to the needs and interests of the graduate students who will be taking the course.
Prerequisite(s): 18 semester hours of Spanish or equivalent or permission of instructor.
Note: Offered variable times.

This course includes major works of prose and poetry from the 16th and 17th centuries.
Note: Offered variable times.
608. Golden Age Drama (3).
A detailed study of individual plays by representative dramatists of 17th century Spain.
Prerequisite(s): Admission to MA Spanish or MAT program.
Note: Offered variable times

610. Advanced Culture and Civilization (3).
A review of Spain's cultural history with in-depth study of various aspects of those elements that make Spain unique in the western world.
Prerequisite(s): 18 semester hours of Spanish or equivalent or permission of instructor.
Notes: May be retaken for additional credit. Offered variable times.

611. Advanced Culture and Civilization: Emphasis on Spanish-America (3).
Culture and civilization of Spanish-America from pre-Columbian times to the present focusing on the area's history, literature, art, music, society and politics.
Note: Offered variable times.

651. Advanced Phonetics (3).
Study of Spanish phonetics with intensive work on the sounds of the Spanish language and some of its major dialects as found in Spain, Spanish-America and the United States.
Note: Offered variable times.

693. Advanced Grammar and Composition (3).
For students who have the ability to understand, speak and write Spanish who wish to improve these skills while moving toward more natural expression of modern Spanish. A continuation of SPAN 593.
Prerequisite(s): SPAN 593 or permission of instructor.
Note: Offered as needed.

695. Thesis (3).
696. Thesis (3).

Special Education (SPED)

515. Consultation and Collaboration in Special and General Education (3).
This course focuses on effective collaboration and consultation skills required to enable candidates to address the diverse needs of individuals with disabilities across settings.

555. Career and Vocational Education for the Exceptional Learner (3).
Designed to provide teachers with background knowledge and skills in designing and implementing a comprehensive career and vocational education program.
Prerequisite(s): Admission to Teacher Education Program.

An overview of the learning, behavioral and neurological characteristics of children with specific learning disabilities, including terminology and educational implications.
Prerequisite(s): SPED 281, Admission to Teacher Education Program or graduate status.
Notes: Special Education majors must complete this course with a grade of C or better. Course cannot be taken S/U.

562. Educational Procedures for Learning Disabilities (3).
An in-depth study of remedial techniques, methods and materials for remediation of learning disabilities including non-verbal
disorders and disorders of auditory language, arithmetic, reading and spelling. Prerequisite(s): SPED 561 or permission of instructor. Admission to Teacher Education Program.

575. Educational Procedures for Students with Mental Disabilities and Severe Disabilities (3).
The course is designed for in-depth study of students with severe disabilities and appropriate curriculum goals, methods, materials and research. Prerequisite(s): SPED 582 with a grade of C or better or graduate status. Notes: Special Education majors must attain a grade of C or higher in this course. Course cannot be taken on an S/U basis.

582. Intellectual Disabilities: Characteristics and Needs (3).
An in-depth study of the characteristics of individuals with intellectual disabilities, including but not limited to etiology, learning and behavioral characteristics, and contemporary services and instructional models in educational and community settings.
Notes: Special Education majors must complete this course with a grade of C or better. Course cannot be taken S/U. Offered in fall.

583. Children with Behavioral and Emotional Problems (3).
Course considers child development, personality structure and dynamics emphasizing an understanding of adjustment patterns and coping strategies for children with behavioral and emotional problems in the classroom and community. Prerequisite(s): SPED 281, Admission to Teacher Education Program or graduate status.
Notes: Special Education majors must complete this course with a grade of C or better. Course cannot be taken S/U. Intensive Writing course. Offered in spring.

585. Introductory Academic and Behavioral Methods in ED, LD, MD and SD (3).
Prepares special education majors to provide leadership in maximizing learning experiences of students with disabilities through effective teaching, curriculum planning, modification and adaptations of teaching materials and use of technology. Prerequisite(s): SPED 561, SPED 582 and SPED 583 with a grade of C or better in each. Admission to Teacher Education or graduate status.
Notes: SPED majors must earn a grade of C or higher and course cannot be taken on an S/U basis. Offered in spring.

This course provides teacher candidates seeking certification in Learning Disabilities and/or Emotional Disabilities with evidence-based strategies to improve behavioral and academic performance on P-1 students with disabilities. Topics will include strategies for working effectively with disruptive and aggressive students, for effective collaboration with general education in inclusive settings, transition planning and non-violent crisis intervention. Prerequisite(s): SPED 585 with a grade of C or higher or graduate status.
Notes: SPED majors must earn a grade of C or higher and course cannot be taken on a S/U basis. Offered in spring.
613. Issues and Trends in Special Education (3).
A study of contemporary research in family-centered services, medicine, law, psychology, technology and education as it relates to providing for people with disabilities. Student will develop an individualized research agenda.
Prerequisite(s): Enrollment in MEd in special education.

618. Lifelong Integration (3).
The course will focus on the study of integration/transition across the life span, collaboration and team building and delivery of family-centered services.

The course is a survey of curriculum development and implementation techniques for preschool children with disabilities.
Notes: A grade of S or U is recorded. Offered in summer.

626. Teaching Students with Mild Disabilities in the General Classroom (3).
The course content will help teachers understand their role in meeting the instructional needs of students with exceptional learning needs in inclusive settings.
Notes: Offered in summer.

628. Applied Behavior Analysis (3).
This course is designed to review roots of applied behavior analysis (ABA), responsible use, technologies of behavior change programs, application of learning principles, maintenance of behavior changes and teaching students to manage their own behavior.
Notes: Offered in summer.

661. Young Children with Disabilities (3).
Provides information regarding identification, characteristics, needs and trends in educational programming for young children with disabilities.

663. Advanced Study of Methods for Teaching Exceptional Students (3).
The study and application of applied behavior analysis, cognitive strategy training, computer assisted and managed instruction and other validated methods.
Prerequisite(s): Permission of instructor.

665. Teaching Young Children with Disabilities (3).
Provides early childhood educators with techniques and procedures for teaching young children with disabilities.

671. Advanced Educational Assessment in Special Education (3:2).
Family-centered service assessment, portfolio/authentic assessment and outcomes based assessment/program evaluation comprise content of course. Emphasis placed on program planning and evaluation.

676. Advanced Studies in Learning Disabilities (3).
This course is designed for the student to obtain an in-depth knowledge of current information regarding learning disabilities. Information will be obtained through text, lecture, discussion, readings of current and historical journal literature, research and presentations. Of importance is that students learn from one another, collaborate and share knowledge obtained through research, and refined formal presentations and technology skills.
Prerequisite(s): SPED 561 or permission of instructor.
Courses of Study

This course is designed to develop competencies in diagnosis and therapeutic education of children with behavioral and emotional problems.
Prerequisite(s): SPED 583 or SPED 681.

681. Educational Implications for the Exceptional Individual (3).
Designed to introduce the student to the major areas of exceptionality. The characteristics, educational programs, community services and agencies, state and federal regulations and services are considered for each area of exceptionality.

691. Practicum in Teaching the Exceptional Child I (3).
Designed to develop and improve teacher competencies in diagnostic prescriptive teaching in the area of the student's specialization. Student selects area of emphasis-- (i.e. EH, LD, EMD, TMD). Conducted in public schools or other appropriate sites under the direct supervision of the college instructor.
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit. A maximum of 3 semester hours may be applied toward MEd special education.

692. Practicum in Teaching the Exceptional Child II (3).
Practicum will be conducted full-time for 10 weeks in the area in which the student is seeking teacher certification.
Prerequisite(s): Permission of instructor.
Notes: A grade of S or U is recorded.

694. Advanced Studies in Special Education (3).
The course is designed to continue development of the literature review begun in SPED 613 and to increase knowledge of research practices in Special Education. Students will create a portfolio which will develop necessary skills for application for National Board for Professional Teaching Standards (NBPTS) certification.
Prerequisite(s): SPED 613.
Notes: Offered in spring only. A grade of S or U is recorded.

695. Thesis (3).
The student will conduct an individual investigation or applied research project. An oral defense is required.
Prerequisite(s): SPED 613, EDUC 640 and approval of advisor.
Notes: A grade of S or U is recorded.

Teaching English as a Second Language (TESL)

670. Linguistics for Teachers of English Language Learners (3).
This course provides background about language acquisition theories and methodologies relevant for educators and administrators to understand English Language Learner needs. It also introduces current socio-linguistic, socio-cultural, psycholinguistic and neuro-linguistic findings and debated issues.
Prerequisite(s): READ 651 or permission of instructor.
680. Principles of Teaching Grammar to At-Risk Students and English Language Learners (3). This course reviews Standard English grammar for educators and how to teach it in authentic functional language contexts for struggling, culturally, and linguistically diverse learners. Prerequisite(s): READ 651 or permission of the instructor.

692. ESOL Practicum: Working with English Language Learners (3). This course provides clinical experiences in performance assessment, planning, and delivery of appropriate instruction to English Language Learners. Prerequisite(s): READ 651, READ 656, TEST 570, TESL 580 or permission of the instructor.

Theatre Theory (THRT)

595-597. Special Topics in Theatre (1, 2, or 3).
Extension of individual opportunities in theatre beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Theatre and Dance.
Notes: This course may be repeated for credit. Offered fall, spring and summer.

Visual Communication (VCOM)

Review of student projects and discussion of relevant theoretical, conceptual and professional issues relating to visual communication design.
Prerequisite(s): VCOM 401.

The development of a professional design portfolio. Course also covers preparation of a resume, professional standards and practices, legal issues and other items relevant to a practicing design professional.
Prerequisite(s): VCOM 486.

Visual and Performing Arts (VPAS)

690. Special Topics in Arts Education (3).
Extends individual opportunities in arts education methodology beyond existing departmental curriculum units. Course intended to address contemporary issues in art, music, dance and theatre.

691. Special Topics in Arts Education (3).
Extends individual opportunities in arts education methodology beyond existing departmental curriculum units. Course intended to address contemporary issues in art, music, dance and theatre.

692. Special Topics in Arts Education (3).
Extends individual opportunities in arts education methodology beyond existing departmental curriculum units. Course intended to address contemporary issues in art, music, dance and theatre.

693. Special Topics in Arts Education (3).
Extends opportunities in arts education methodology beyond existing departmental curriculum units. Course intended to address contemporary issues in art, music, dance and theatre.
Corequisite: Approval of the Dean.
Notes: Offered in summer.
Vocational Education (VCED)

551-569. Special Topics: Vocational Education (1) (2) (3).
Application of research to current problems in teaching.
Notes: Not offered this academic year. May be retaken for additional credit.

650. Special Topics: Research Project in Vocational Education (3).
Applied research project. Required for the Master of Science degree without a thesis.
Prerequisite(s): NUTR 607 or VCED 607 and completion of 6-9 semester hours of credit in the major area of study or permission of instructor.
Notes: A grade of S or U is recorded.

553. Feminist Theory (3).
This course is designed to acquaint students with the variety of ideas, methods and issues raised within contemporary feminist literature.
Prerequisite(s): WRIT 102 or CRTW 201 or graduate status.
Notes: Offered on demand. Cross-listed as PLSC 553.

Writing (WRIT)

500. The Theory and Practice of Tutoring Writers (3:3:1).
Advanced study of the theory and practice of tutoring writers with particular attention to the composing process, theories of learning in a conference setting and rapid analysis of student writing with the goal of engaging student writers in posing solutions to their writing problems.
Prerequisite(s): CRTW 201 or permission of instructor or graduate status.
Notes: Offered in fall.

501. Writing for Electronic Publication (3).
A discussion of and hands-on workshop in writing for electronic publication, including the rhetorical, contextual and ethical issues involved in creating such publications; the criteria for evaluating such publications; and the skills needed to create such publications.
Prerequisite(s): CRTW 201 (co-requisite or pre-requisite) or WRIT intensive course or graduate standing.

Women’s Studies (WMST)

507. Women’s Health Issues (3).
A study of the problems, questions and issues of women’s health as they relate to personal and community health and well-being.
Prerequisite(s): Junior status.
Notes: Cross-listed as with HLTH 507. Offered in fall of odd years.

507. Short Story Writing (3).
An examination of contemporary short fiction and completion of 10,000 words comprising two or four original works.
Prerequisite(s): WRIT 307 or graduate status. Notes: Offered in spring.
510. Topics in Writing and Rhetoric (3).
An examination of topics, issues, methodologies, and practices. Course content will vary.
Prerequisite(s): CRTW 201 with a grade of C or better and a previous ENGL course, or graduate status, or permission of the instructor.
Notes: Offered periodically. May be retaken for additional credit with permission of Chair, Department of English.

516. Poetry Writing II (3).
An advanced workshop course similar to WRIT 316 in format. More critical analysis of established poets. Additional work on traditional forms.
Prerequisite(s): WRIT 316 or graduate status or permission of instructor.
Notes: Offered in fall and spring.

530. Script Writing (3).
A workshop course in media script writing with an emphasis on theatre.
Prerequisite(s): CRTW 201 or permission of chair, Department of English.
Notes: Offered odd years in spring.

566. Writing for Science and Technology (3).
Intensive analysis of and preparation to write for publication in the scientific and technical literature. Intended for advanced students planning careers in science and technology.
Prerequisite(s): WRIT 102 or CRTW 201; and either ENGL 380 or successful completion of a 200-level or higher course in BIOL, CHEM, CSCI, ENVS, GEOG, GEOL, GRNT, NUTR, MATH, PHYS, PSYC, SCIE or WELL or permission of the instructor or graduate status.
Notes: Intensive Writing and Intensive Oral Communication course. Offered in spring.

610. Seminar in Composition, Theory and Pedagogy (3).
This course involves intensive analysis of contemporary composition theories, including their historical roots and classroom applications, and will help prepare students to teach composition.

615. Seminar in Writing (3).
An advanced workshop in writing. Topics and types of writing may vary.
Notes: May be retaken for additional credit with permission of chair, Department of English.

616. Summer Writing Institute I (3).
An institute devoted to the exploration of practical and imaginative approaches to teaching the writing process.
Notes: May not be retaken.

617. Summer Writing Institute II (3).
An institute devoted to the exploration of practical and imaginative approaches to teaching the writing process.
Notes: May not be retaken.

Faculty Awards

Distinguished Professor

The highest honor the Winthrop community can bestow upon a faculty member is the title Distinguished Professor of the Year. The selection indicates exceptional skill in teaching, significant research or creative effort, high standing among professional colleagues and general service to the university. This honor is accompanied by an award from the Winthrop Alumni Association.

1961 Harold B. Gilbreth
1962 Hampton M. Jarrell
1963 Nolan P. Jacobson
1964 Alice Louisa Love
1965 Mary Elizabeth Massey
1966 Dorothy Gardner Jones
1967 John Shepard Eells Jr.
1968 Rondeau G. Laffitte Jr.
1969 Robert P. Lane
1970 William G. Murdy
1971 Helen A. Loftis
1972 Mary T Littlejohn
1973 John A. Freeman
1974 Lawrence D. Joiner
1975 Roy T. Will
1976 Patricia R. McClendon
1977 Ross A. Webb
1978 Earnest R. Archer
