TITLE: Assistant Professor of Computer Science

MAJOR RESPONSIBILITIES:
• Teach an introductory course for non-computing majors
• Oversight and administration of lab-based courses for non-majors
• Design new course content to meet the needs of multiple degree programs
• Maintain currency in knowledge of modern hardware and software technologies
• Teach a computer language course or courses in related programs
• Collection of course-embedded assessment data

QUALIFICATIONS: Applicants must hold a master’s degree from an accredited U.S. institution with at least 18 credit hours of graduate study in computing. M.S. in Computer Science preferred. The applicant should also have some experience teaching undergraduate courses or administering programs at a college or university.

EMPLOYMENT CONDITIONS: The appointment is non-tenure track, full-time, nine-month. Salary is competitive.

POSITION AVAILABILITY: Aug. 12, 2013

APPLICATION PROCEDURES: Application review begins March 15, 2013. Application materials received after that date will be considered until the position is filled. For more information, please see www.winthrop.edu/cba.

Required application materials include:
   a. Current Curriculum Vitae;
   b. Names, addresses, e-mail addresses and telephone numbers, and letters of recommendation from at least three individuals who know the candidate professionally;
   c. Transcript and evidence of highest degree achieved;
   d. Evidence of effective teaching;
   e. Statement of teaching philosophy;
   f. Winthrop University application package (download from www.winthrop.edu/cba )

Those items should be submitted to:
