Title: Assistant Professor of Human Nutrition

Major Responsibilities:
- Teach a variety of courses in human nutrition and dietetics at the undergraduate and graduate levels,
- Conduct research and participate in scholarly activities in area of specialization,
- Advise and mentor undergraduate and graduate students, and
- Participate in professional service activities for the department, college, university and professional organizations related to human nutrition.

Qualifications:
- Earned doctorate in human nutrition or closely related field required for appointment at the assistant professor level,
- Registered dietitian (RD) credential required,
- Eligibility for South Carolina licensure (LD) in dietetics,
- Ability to teach undergraduate and graduate-level courses in human nutrition and dietetics and evidence of teaching effectiveness and commitment to student learning and development, and
- Evidence of scholarly activity and potential for research.

Employment Conditions: A nine-month, full-time, tenure-track appointment. Option of summer employment if funds are available.
If the successful candidate is ABD at the start of employment, the appointment will be a non-tenure track position as instructor.
Salary dependent upon qualifications.

Position Availability: August 12, 2013

Application Deadline: March 15, 2013. Screening of applications will continue until an acceptable candidate has been found.
