## **AGENCY’S DISCUSSION AND ANALYSIS**

Winthrop University offers quality and access while promoting individual achievement and the greater good, recognizing that higher education serves three primary, interrelated purposes:

- To fuel the economic engines of South Carolina and of the nation through workforce development and entrepreneurship;
- To prepare individuals for democratic citizenship and social responsibility through exposure to the liberal arts, diverse people and experiences, and challenges that develop higher levels of intellectual, ethical, and moral reasoning; and
- To promote professional success and social mobility by recognizing the fundamental connection between quality of education and equality of opportunity.

Winthrop University engages in continuous, institution-wide, research-based planning and evaluation that includes senior and mid-level leadership in academic, administrative, and student support service units. Winthrop’s annual planning cycle is synchronized with South Carolina’s Fiscal Year, July 1 through June 30.

Winthrop’s 2018-19 State Accountability Report provides an overview of performance and achievements related to meeting institutional goals, complying with state and federal regulations, fulfilling regional accreditation standards ([SACSCOC](#)), and supporting [South Carolina’s Statewide Enterprise Strategic Objectives](#), specifically Objective #1 – Education, Training, and Human Development. Examples of the University’s 2018-19 achievements span all campus divisions and are contextualized by the five goals of [The Winthrop Plan](#), the institution’s strategic plan.

**Goal 1: Support inclusive excellence by expanding our impact on students and our communities through enrollment growth and increases in retention and graduation rates.** (Supports South Carolina Statewide Enterprise Strategic *Objective #1 – Education, Training, and Human Development* and *Objective #4 – Public Infrastructure and Economic Development*.)

- Winthrop continues a decade-long streak with [U.S. News & World Report’s](#) “Best Colleges,” ranking 8<sup>th</sup> among Southern public universities in the latest edition. Additionally, Winthrop was in the top twenty institutions on the list of Best Colleges for Veterans.
- The three-year average first-year student retention rate remained at 75%. Four- and five-year graduation rates increased with the most recent five-year rate surpassing prior six-year graduation rates.
- Student enrollment remained stable overall with continued growth in several new programmatic areas including online offerings. Notably, Winthrop’s Master of Social Work program doubled enrollment over the past year reaching 245 students due to online program offerings.

<b>AGENCY CODE:</b>	<b>H47</b>	<b>SECTION:</b>	<b>021</b>

- [Education Trust’s national report](#), “A Look at Black Student Success: Identifying Top- and Bottom-Performing Institutions,” listed Winthrop University as #2 in top-performing institutions for graduating black students. Winthrop’s black student average six-year graduation rate of 58% is higher than the average graduation rate of the institution’s white students and 14 percentage points above the national black student average graduation rate.
- Winthrop continues to have over 400 undergraduate students engaged in undergraduate research annually. More than 250 of these students, representing at least 34 departments and programs from all five colleges, presented or performed their scholarly and creative work in the annual SOURCE ([Showcase of Undergraduate Research and Creative Endeavors](#)) event on the Winthrop campus.
- [Winthrop’s Ronald E. McNair Post-baccalaureate Achievement Program](#) is in a third round of funding from the U.S. Department of Education; \$232,265 each year for five years. The McNair Scholars program serves approximately 30 first generation, low-income, and underrepresented undergraduates and prepares them to be successful in Ph.D. programs. Winthrop’s success in the last two grant competitions was partly due to our earning prior experience points for meeting the first three of our annual program objectives (below).
  - 96% of participants complete high quality research projects (97% last APR)
  - 50% of graduates immediately enroll in graduate programs (50% last APR)
  - 75% of enrollees continue graduate study their second year (100% last APR)
  - 14% of graduates will earn a Ph.D. within 10 years (to be measured starting 2021 APR; to date there are 4 Ph.D.s, 3 DPTs, and 1 PharmD)

**Goal 2: Continually enhance the quality of the Winthrop experience for all students by promoting a culture of innovation, with an emphasis on global and community engagement.** (Supports South Carolina Statewide Enterprise Strategic **Objective #1 – Education, Training, and Human Development.**)

- Washington Monthly most recently included Winthrop on a list of best colleges for student voting, but we have been recognized before as a [Voter Friendly Campus](#) with impressive turnout. Additionally, the West Forum trains our state’s next generation of political and civic leaders and sponsors programs, events, and activities that promote civic engagement.
- Winthrop received approval to offer a Bachelor of Professional Studies degree program beginning in 2019-20. The Bachelor of Professional Studies (BPS) is an on-going degree-completion program constructed to provide an efficient and flexible option by which adult learners who have previously earned college credits can complete an undergraduate degree. The BPS exemplifies Winthrop’s mission by serving post-traditional students in South Carolina, specifically adult learners living and working in Rock Hill and the surrounding five counties within the state (York, Lancaster, Cherokee, Chester, and Fairfield). The goal is to provide these adult learners with the skills needed to advance in their careers, with a focus upon the skills needed in two tracks: organizational operations and general health studies.

<b>AGENCY NAME:</b>	<b>Winthrop University</b>		
<b>AGENCY CODE:</b>	<b>H47</b>	<b>SECTION:</b>	<b>021</b>

- Winthrop and other institutions throughout the nation use the National Survey of Student Engagement (NSSE) for measuring the quality of the undergraduate student experience. The results below from [Winthrop’s 2018 administration of NSSE](#) not only shed light upon why Winthrop students have developed the “soft skills” needed for the workplace and effective citizenship, but they are also components of Winthrop’s Strategic Planning Metrics pertaining to diversity engagement.
  - Specifically, when asked, “About how much does your institution emphasizes...attending events that address important social, economic or political issues?”, **seventy-three percent** of freshman at Winthrop reported “**often or very often,**” compared to fifty-one percent of their peers at other institutions.
  - When asked, “About how much does your institution emphasize...encouraging contact among students from different backgrounds (social, racial/ethnic, religious, etc.)?”, **eighty-one percent** of freshman at Winthrop reported “**often or very often,**” compared to seventy-two percent of their peers at other institutions.

**Goal 3: Attract and retain high quality and diverse faculty, staff, and administrators.** (Supports South Carolina Statewide Enterprise Strategic *Objective #1 – Education, Training, and Human Development.*)

- A national search resulted in the selection of Dr. Adrienne McCormick as **Provost and Executive Vice President for Academic Affairs**. Dr. McCormick possesses substantial experience in teaching, scholarship, and administration.
- Dr. Takita F. Sumter, a Winthrop professor of biochemistry, was named **Dean of the College of Arts and Sciences**. Dr. Sumter most recently served as vice provost for faculty.
- As follow up to an [Employee Satisfaction Survey](#) assessing the level of campus faculty, staff, and administrator engagement and enablement, focus group discussions were conducted with employees by Human Resources to further explore dimensions identified in the survey as receiving the lowest ratings. Based on feedback provided from these discussions, a prioritization of action items and funding needs to implement solutions is underway.

**Goal 4: Provide facilities, technology, and programs that support Winthrop students and the overall Winthrop experience.** (Supports South Carolina Statewide Enterprise Strategic *Objective #4 – Public Infrastructure and Economic Development.*)

- Extensive repairs and replacements to the roofs of campus buildings, many of which are recognized by the National Register of Historic Places, continued to progress in 2018-19 due in large part to the non-recurring strategic risk management funding allocated by the State Legislature.
- Update on the Campus Master Plan is underway with a completion date set in 2020.

<b>AGENCY NAME:</b>	<b>Winthrop University</b>		
<b>AGENCY CODE:</b>	<b>H47</b>	<b>SECTION:</b>	<b>021</b>

- [Instructional technology](#) upgrades were made to 38 classrooms, including updated computers, projectors, interactive collaboration tools, and WiFi, which met the target set.

**Goal 5: Ensure financial stability and sustainability.** (Supports South Carolina Statewide Enterprise Strategic *Objective #1 – Education, Training, and Human Development.*)

- The amount of scholarship and grant dollars provided to students from the University and Foundation continues to grow and exceed targets set within The Winthrop Plan. The 2018 Winthrop Fund goal was met and surpassed \$700,000 in unrestricted gift revenues which exceeded the University’s 2025 strategic plan goal.
- Total endowment assets reached \$55.6 million in fiscal year 2018.
- The institutional debt ratio continues on a positive downward trend.

### **Risk Assessment and Mitigation Strategies**

A failure of Winthrop University to accomplish its mission and goals could **negatively impact the student educational experience and potentially weaken the pool of qualified candidates that support the workforce of the State of South Carolina.** Given that 91% of Winthrop undergraduates are from South Carolina and approximately 41% of Winthrop undergraduates are eligible for federal Pell grants, a diminished educational experience would negatively impact South Carolina’s historically underserved populations, the very citizens the State of South Carolina identifies as needing the most support to advance their education in order to compete for employment opportunities that provide a living wage.

**The University employs mitigating strategies** focused on enhancing operational efficiency, managing costs, sustaining effectiveness, emphasizing forward-thinking, and remaining current with education trends. These strategies are supported by the following efforts:

- The development ([2015-16](#)) and implementation ([2016-17](#)) of the Winthrop Plan, which serves as a blueprint for the university through 2025, outlines the five goals and initiatives that Winthrop will achieve to **drive enrollment, retention, student success, diversity and fundraising** in order to become a **national model for a student-centered university experience.**
- Winthrop University remains compliant with standards of the institution’s regional accrediting body, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). In July 2017, **SACSCOC** approved the University’s Fifth-Year Interim Report and the Quality Enhancement Plan Impact Report, with no request for additional reporting. Accreditation by SACSCOC signifies that the institution has a mission appropriate to higher education; has resources, programs, and services sufficient to accomplish and sustain its mission; maintains clearly specified educational objectives that are consistent with its mission and appropriate to the degrees offered; and assesses its achievement of stated objectives.
- Winthrop University retains [program-specific accreditation](#) from professional academic bodies for 18 academic programs, thus ensuring the quality of its educational programs. The institution

<b>AGENCY NAME:</b>	<b>Winthrop University</b>		
<b>AGENCY CODE:</b>	<b>H47</b>	<b>SECTION:</b>	<b>021</b>

has traditionally sought and received national accreditation for degree programs that maintain programmatic accreditation standards.

**Supportive actions by the State that could help to mitigate a** negatively impact on the student educational experience include:

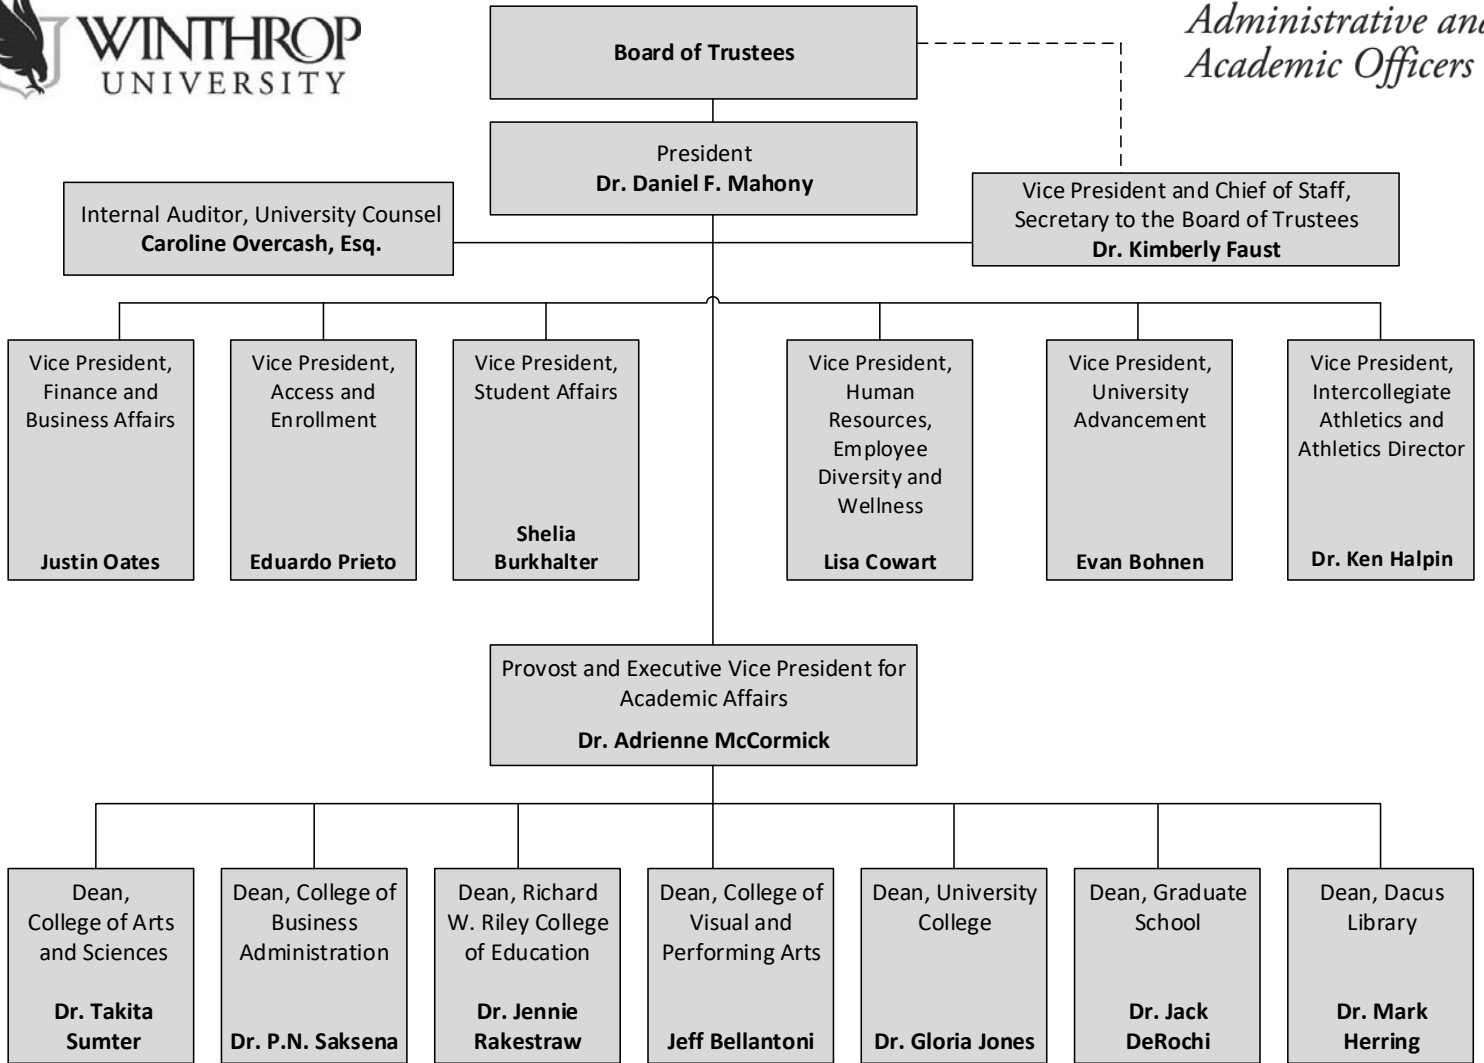

- Restore the proportion of state appropriations to Winthrop University to pre-2008 recession levels. This action would enable Winthrop to minimize fiscal impact upon students relative to tuition, fees, room, and board, thereby supporting Winthrop’s goals to increase access, degree attainment, and inclusive excellence in learning experiences for all students.
- Fully fund salary increases for state employees. Cost of living increases that are mandated by the General Assembly, but not fully funded create significant challenges in balancing the institution’s budget. The increased budgetary strain on the University has the potential to impact the quality of the student educational experience.
- Reduce institutional labor costs by eliminating reporting obligations that involve redundancy across state agencies.
