Career Outcomes

Key Definitions (based on National Association of Colleges & Employers (NACE) Standards and Protocols)**:**

- *Career Outcomes Rate* – The number of undergraduate degree completers who have landed in any employment category, plus service, military, and continuing education, divided by the number of students for whom an outcome is known. It excludes those graduates identified as not seeking an outcome.

- *Class of 2024* – Those students who completed undergraduate degrees between July 1, 2023, and June 30, 2024, a time period consistent with degree completion reporting requirements established by the National Center for Education Statistics' Integrated Postsecondary Education Data System (IPEDS) program.

- *Class of 2025* – Those students who completed undergraduate degrees between July 1, 2024, and June 30, 2025, a time period consistent with degree completion reporting requirements established by the National Center for Education Statistics' Integrated Postsecondary Education Data System (IPEDS) program.

- *Response Rate* – The percentage of the class of undergraduate degree completers who responded to the Graduating Senior Survey, including partial responses.

- *Knowledge Rate* – The percentage of the class of undergraduate degree completers for whom an outcomes destination is known. Data sources include responses to the Graduating Senior Survey, data provided by department chairs, program directors, and advisors, and data gathered by the Center for Career Development and Internships.
