Tableau Tips & Tricks

- Preferred browsers: Microsoft Edge or Google Chrome
- Zoom settings may need to be adjusted (67%) – click refresh after adjusting for best results
- Navigate using gray tabs along the top or buttons on main menu
- When filtering the data, keep in mind that results will be masked for numbers less than 5
- Several options to clear filters:
- Click the RESET ALL FILTERS button
- Click the clear filter icon on each filter
- Choose (All) in each filter's drop-down menu

A rectangular button with a black border and the text "RESET ALL FILTERS" in red, all-caps font.

Guiding Questions

Choose an area of interest and explore and discuss the dashboard and summary of open-ended responses with a partner. Jot down notes to share with the group.

- What patterns or trends did you notice in the data?
- Did anything surprise you about the data?
- How do these results compare to your experiences with students?
