

How to Add Content from eReserves

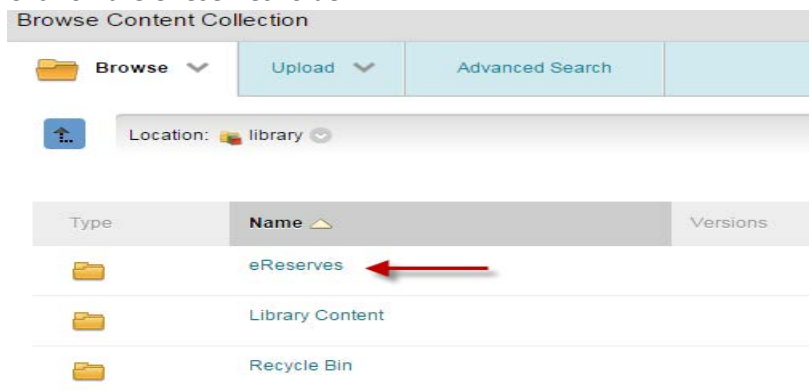

1. Go to the content area page of the course where you would like to make the eReserve files available.
2. Under the Build Content tab Click on File

3. Name your file.
4. Click the Browse Content Collection button.
5. Browse the Library Content Folder.

6. Click on the eReserves folder.

7. Click on the folder for the course that you are currently working in.
8. Select the radio button for the file that you would like to upload.
9. Click Submit.
10. Complete the Create File options and Click Submit. The file should now be visible on the content area page. Repeat this process for any additional eReserve files that you would like to add to the course.
