

FY26-RFQ-05 Weightlifting Equipment

Amendment 3 – Vendor Questions

April 28, 2026

- When it states bid as specified is that referring to brand name and model number or is that referring to the salient features listed such as “6 adjustable back pad angles” for line item number 7 for example?
 - *Precor Brand. However, we cannot specify which brand in a solicitation, just a preference.*

- What style dumbbells are being requested? I am assuming “Pro Style”.
 - *Uncertain what "pro-style" is but Urethane dumbbells are requested.*

- I see that 120lb dumbbells are also being requested. Does the University wish to have 105, 110 and 115lb pairs to bridge the gap between the 100lb pair and the 120lb pair?
 - *Yes.*

- Are the racks specified “Saddle Style” racks?
 - *Yes*

- The racks specified will hold 20 pairs of dumbbells or 5-100lbs in 5lb increments. Will a rack be necessary for the 100 plus pound pairs?
 - *We want all dumbbells to be in racks and not on the floor.*
