Originally, this vendor was selected because they were the only vendor to meet specific study abroad program criteria including the country/state/city and course offerings/program activities/academic curriculum selected by students as well as the appropriate on-site support necessary to ensure their care and support.

Description of supplies, services, information technology, or construction: Academic experience that includes services such as on-site orientation, specific academic coursework in alignment with the student's academic degree program at Winthrop, various cultural events and activities, on-site student support, as well as emergency and risk management support at this specified location during the specific timeframe indicated by the student for their program.
