After the report, Chair Polaski thanked Professor Coleman for two years of outstanding service as chair of the Committee on Undergraduate Instruction.

**B. General Education**

Chad Dresbach presented two items that required approval of the Council.

The addition of INFD141 – Introduction to Web Application Design to the list of courses meeting the Logic, Language and Semiotics requirement was approved.

The addition of SCED573 – Career Education to the list of courses meeting the Oral Communication requirement was approved.

Professor Dresbach also reported on four other items that were discussed at the last General Education meeting.

1. The General Education Committee received a report from the Writing Intensive Committee documenting the activities of that committee over the past year. That report is included on the following page.
2. It was noted that in the context of the new General Education program, the legacy committee dealing with “Intensive Writing and Oral Communication” may need to be re-titled and re-tasked to more appropriately handle its modified scope (Intensive Writing only). Concurrently, it is suggested the criteria for inclusion in the new General Education program for classes fitting the Oral Communication requirement may need to be modified to include information that is currently found on the Intensive Writing and Oral Communication form.
3. The listing and presentation of general education requirements and classes in the catalog remains inconsistent across programs and potentially confusing to advisers and students.
4. The method by which credit for General Education courses is awarded to transfer students, particularly those courses for which no articulation agreement exists and for which Winthrop does not have a comparable course, is currently under study by a group headed by Karen Jones. This group will deliver a proposal to the General Education Committee in the fall.

Chair Polaski thanked Professor Dresbach for his service as chair of the General Education Committee this year.

**V. Unfinished Business**

There was no unfinished business.

**VI. New Business**
A. Satisfactory/unsatisfactory grade policy and the Plus/Minus grade

Jennifer Disney reported for the subcommittee that reviewed the Satisfactory/unsatisfactory grade policy this year. They were tasked to develop a recommendation for the grade equivalent for the S in the new plus/minus grading system.

The committee recommends and presented to the Council the recommendation that a grade of C or better be required for a grade of S. A grade of C- or lower would equate to a U. If the class is an Honors class, the equivalent of a B is required for a S, with a B- or lower equating to the U.

There was no discussion and the proposal passed without opposition.

Chair Polaski thanked the members of the S/U committee for their work throughout the year.

B. Honors Program Self-Study

Kathy Lyon, Director of the Honors Program was present to answer questions regarding the Honors Program Self-Study. Dr. Lyon reported that the reason the Honors Committee went through the self-study was to move the Winthrop University Honors Program up to the standards of the National Collegiate Honors Council. The Honors Committee presented the report and requested the endorsement of the Council. The motion to endorse the report passed unanimously.

Chair Polaski thanked the Honors Committee for their work.

C. Registrar’s Report on the change to the withdrawal deadline and the grade of N.

Registrar Drueke presented the following data on the course withdrawals and N grades awarded.
