The committee received several requests concerning cross-listed courses. The discussion of these requests led the committee to adopt the following practices:

1. For courses that will be cross-listed with existing GNED courses for one semester, the instructor and/or chair of the department can notify the GNED
committee or the Registrar and forward a syllabus for the course to receive GNED credit for that semester.

2. For courses that are permanently cross-listed with GNED courses, the instructor and/or chair will need to submit a course inclusion application the first time that course is taught to receive GNED credit. The applications for inclusion and recertification will be amended to include a place to designate whether a course is cross-listed or not. In the case of recertification, only one set of paperwork will need to be submitted for courses that are cross-listed.
