Purpose

The purpose of this catalog is to provide a general description of Winthrop University and its various academic units and to present detailed information regarding the undergraduate curricula which are offered. Inasmuch as the educational process necessitates change, the information and educational requirements in this catalog represent a flexible program which may be altered where such alterations are thought to be in the mutual interest of the University and its students.

The provisions of the catalog do not constitute any offer of a contract which may be accepted by students through registration and enrollment in the University. The University reserves the right to change without notice any fee, provision, offering, or requirement in this catalog and to determine whether a student has satisfactorily met its requirements for admission or graduation.

Student Responsibility

All academic units establish certain academic requirements that must be met before a degree is granted. Advisers, department heads, and deans are available to help the student understand and arrange to meet these requirements, but the student is responsible for fulfilling them. If, at the end of a student’s course of study, the requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for each student to acquaint himself or herself with all academic requirements throughout his or her college career and to be responsible for completing all such requirements within prescribed deadlines and time limits.

Winthrop University offers equal opportunity in its employment, admissions, and educational activities.

Please refer to the current semester’s Schedule of Courses and winthrop.edu for updated information.
History

In 1886, Superintendent of Schools David Bancroft Johnson founded Winthrop in Columbia, South Carolina, as a training school for teachers. With the backing and support of The Honorable Robert C. Winthrop, chairman of the Peabody Educational Fund, the Winthrop Training School was established and began operations on November 15, 1886. Seventeen students were enrolled in the school that was housed in the chapel of the then defunct Presbyterian Theological Seminary.

In 1887, through the efforts of Governor John P. Richardson, the legislature granted a charter to the school and provided scholarships for one student from each of the 34 counties in the state. At the urging of President Johnson and with the support of Governor Benjamin Ryan Tillman, Winthrop became a state-supported institution in 1891, and the name was changed to “The South Carolina Industrial and Winthrop Normal College.” In 1893, the college became known as “The Winthrop Normal and Industrial College of South Carolina,” and the decision was made to move the college to Rock Hill.

On October 2, 1895, Winthrop opened its doors in Rock Hill with 300 students and 20 instructors. The college grew to become one of the largest women’s colleges in the country. The name was changed to “Winthrop College, The South Carolina College for Women” in 1920. As early as 1955, the Board of Trustees went on record as favoring coeducation. Complete coeducation was not achieved until 1974 when legislation changed the name to “Winthrop College” and men were admitted on a residential basis. In keeping with Winthrop’s function as a comprehensive institution, in 1992 the name was changed to “Winthrop University.”

Mission Statement

The university provides personalized and challenging undergraduate, graduate, and continuing professional education programs of national caliber within a context dedicated to public service to the state of South Carolina. All eligible bachelor’s, master’s and specialist degrees in the liberal arts and sciences, education, business, and the visual and performing arts are nationally accredited—part of the University’s commitment to be among the very best institutions of its kind in the nation.

Building on its origins as a women’s college, the Winthrop University of the 21st century is achieving national recognition as a competitive and distinctive, coeducational, public, residential comprehensive learning institution.

Winthrop enrolls an achievement-oriented, culturally diverse, and socially responsible student body of more than 6,400 students and will remain a medium-sized comprehensive learning university for the foreseeable future. The university recruits South Carolina’s best students as well as highly qualified students from beyond the state whose presence adds diversity and enrichment to the campus and state. Winthrop prides itself on being an institution of choice for groups traditionally under-represented on the college campus.

Winthrop’s historic campus, located in a dynamic city within a major metropolitan area, provides a contemporary and supportive environment that promotes student learning and development. Winthrop has a diverse and able faculty and professional staff of national caliber and supports their work as effective teachers, scholars, researchers, practitioners, and creative artists. Through this talented group, Winthrop students acquire and develop knowledge, skills, and values which enrich their lives and prepare them to meet the needs and challenges of the contemporary world, including the ability to communicate effectively, appreciate diversity, work collaboratively, synthesize knowledge, and adapt to change. Ongoing assessment of programs and services ensures both that all academic programs challenge students at their highest level of ability and that the library, instructional technology, and other academic service areas support courses of study that are consonant with current methods and knowledge. As a result, Winthrop graduates are eminently well-prepared to assume successful careers in business, industry, government, education, the arts, and human services, as well as to enter the most competitive graduate or professional schools.

Accreditation

Winthrop University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award bachelor’s, master’s and specialist degrees. A total of 36 undergraduate and 25 graduate degree programs are available in the College of Arts & Sciences, the College of Business Administration, the Richard W. Riley College of Education, and the College of Visual and Performing Arts. Within the four colleges more than 80 undergraduate and 40 graduate programs of study are offered through concentrations and options.

Winthrop’s academic programs are measured by national standards of quality. Each academic program that can be nationally accredited through a professional specialized organization has earned that distinction. The documents of accreditation reside in the Office of Academic Affairs. The following is a listing of the specialized organizations that Winthrop University is affiliated with:

- Accrediting Council on Education in Journalism and Mass Communication (ACEJMC)
- Association of Graduate Liberal Studies Programs (AGLSP)
- Association to Advance Collegiate Schools of Business (AACSB)
- Commission on Accreditation for Dietetics Education (CADE)
Computing Accreditation Commission of the Accreditation Board for Engineering and Technology, Inc. (CAC/ABET)
Council for Accreditation of Counseling and Related Educational Programs (CACREP)
Council on Social Work Education (CSWE)
Foundation for Interior Design Education Research (FIDER)
National Association of the Education of Young Children (NAEYC)
National Association of Schools of Art and Design (NASAD)
National Association of Schools of Dance (NASD)
National Association of Schools of Music (NASM)
National Association of School Psychologists (NASP)
National Association of Schools of Theatre (NAST)
National Council for the Accreditation of Teacher Education (NCATE)

Campus
Covering 425 acres, Winthrop’s campus is comprised of a historic, traditional central campus, a recreational east campus, and a growing west campus. The university’s tree-lined central campus encompasses a rich architectural blend of buildings and is included in the National Register of Historic Places. Johnson Hall, which houses the departments of mass communication and theatre and dance, has some of the finest training and performance facilities in the Southeast. Features include a 331-seat main theatre, experimental theatres, large dance studios, and modern editing labs.

Withers/W.T.S., a renovated structure housing the Richard W. Riley College of Education, is known for its distinctive Gothic architecture. Rutledge Building and the Conservatory of Music, both of which serve the College of Visual and Performing Arts, were renovated to include new classrooms, gallery and performance space, studios, and learning labs. Thurmond Building, home to the College of Business Administration, has one of the most up-to-date distance learning transmission facilities in the region. The university’s science departments have experienced $20 million in upgrades to classrooms, laboratories, and instrumentation since 1999, unique opportunities usually afforded only at the graduate level. The campus’s computing infrastructure provides state-of-the-art learning facilities, including Internet access from all campus buildings and residence halls. In the spring of 2004 Winthrop broke ground on the Lois Rhame West Center which will house academic space for the health, physical education and sport management programs as well as campus wellness facilities.

About half of Winthrop’s students live on campus, only a short walk away from classrooms, the cafeteria, art galleries, Dacus Library, and Dinkins Student Center. In early 2003, the west campus welcomed the newest concept in residential living with the opening of The Courtyard at Winthrop—a 113-unit, suite-style housing option for students. The East campus’ recreational area, surrounding the Winthrop Lake, consists of a modern 6,100-seat sports coliseum, a 9-hole golf course, an 18-hole disc golf course, and numerous athletic fields. Peabody Gym, on the central campus, houses a wide variety of training and recreational facilities, including an indoor pool.

Profile
Winthrop University is a comprehensive, learning university with competitive admission that offers challenging academic programs of national caliber. Many students completing their degrees go on to graduate study, and a substantial number, having enjoyed their stay as undergraduates, continue in graduate programs at the university.

Location:
Rock Hill, South Carolina geographic center of the Carolinas, 20 miles south of Charlotte, North Carolina

Faculty 2003-2004:
527 faculty (full- and part-time)

Students:
6,558 (Fall 2003)
5,161 undergraduates
47.8 percent undergraduate residential

Academic Year:
Two semesters
Optional summer sessions: One 3-week Maymester, two 4 1/2 - week sessions and one 9-week session

Undergraduate Degrees:
Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Music Education, Bachelor of Science, Bachelor of Social Work

Graduate Degrees:
Winthrop offers both master’s and specialist degrees.

Athletics:
NCAA Division I intercollegiate competition in men’s and women’s basketball, tennis, golf, soccer, and track and cross-country; women’s softball and volleyball; and men’s baseball.
INTRODUCTION
Office Hours:
8:30 a.m. to 5 p.m. Monday - Friday.

Telephone:

</table>
Winthrop University admits all qualified applicants and offers equal educational opportunities regardless of race, color, sex, age, national origin, religion, or disability.

Admission to Winthrop is competitive. Enrollment is maintained at a level that permits personal interaction between student and professor and allows Winthrop to offer an exemplary undergraduate education. Winthrop carefully reviews each applicant on an individual basis and the admission process is designed to determine the right match between high-achieving students and the distinctive educational opportunities offered at Winthrop University.

All applicant files are reviewed by the Office of Admissions and this office is solely responsible for rendering the admissions decision. Requests for information may be directed to the Office of Admissions, Winthrop University, Joyner Hall, Rock Hill, South Carolina 29733; telephone: 800-763-0230 or 803-323-2191; Web: www.winthrop.edu/admissions.

Freshman Applicants

Freshman applicants are evaluated using the following criteria:

- **Primary criteria - will always be considered**
  - high school performance (with emphasis on grades earned on the required high school prerequisites)
  - level of course work
  - completion of high school course prerequisites
  - standardized test scores (SAT or ACT)
  - guidance counselor recommendation

- **Secondary criteria - will be considered if submitted**
  - letter(s) of recommendation
  - factors (extenuating circumstances) affecting performance in classes
  - essay or personal statement
  - extracurricular activities
  - personal interview

The admissions review process includes the evaluation of each individual student’s application and academic credentials. The most important factor is achievement in high school courses, including the type of courses a student has completed and the grades earned, followed by performance on the SAT or ACT. Students must also complete the 20 course prerequisites required by the State of South Carolina (see list below). Recommendations and activities are also considered.

Students who have been out of high school for five or more years are not required to take the SAT or ACT, or submit a guidance counselor recommendation. Special consideration is given for their life experience. Applicants must also meet the Commission on Higher Education high school course prerequisites if they graduated from high school after 1987.

All students who enroll in a baccalaureate degree program must possess a high school diploma or G.E.D. certificate. With the exception of students who are homeschooled, Winthrop does not accept experience in lieu of a high school diploma or G.E.D. certificate.

Required High School Courses for Freshmen Applicants

**English:** 4 units. At least two having strong grammar and composition components, at least one in English literature, and at least one in American literature. (Completion of college preparatory English I, II, III, & IV meets these requirements.)

**Mathematics:** 3 units. Includes algebra I (for which applied mathematics I and II may count together as a substitute, if a student successfully completes algebra II), algebra II, and geometry. A fourth higher-level mathematics course is strongly recommended. The fourth course should be selected from among algebra III/trigonometry, precalculus, calculus, statistics, or discrete mathematics.

**Laboratory Science:** 3 units. Two units must be taken in two different fields and selected from among biology, chemistry, or physics. The third unit may be taken from the same field as one of the first two units (biology, chemistry, or physics) or from any laboratory science for which biology and/or chemistry is a prerequisite. Courses in earth science, general physical science, or introductory or general environmental science for which biology and/or chemistry is not a prerequisite will not meet this requirement. It is strongly recommended that students take physical science (taught as a laboratory science) as a prerequisite to the three required units of laboratory science as outlined in this section.

**Social Science:** 3 units. One unit of U.S. History is required; a half unit of economics and a half unit of government is strongly recommended.
Foreign Language: 2 units. Two units of the same foreign language.

Physical Education or ROTC: 1 unit.

Electives: 4 units. Four college preparatory units must be taken from at least three different fields selected from among computer science, English, fine arts, foreign languages, humanities, laboratory science (excluding earth science, general physical science, general environmental science or other introductory science courses for which biology and/or chemistry is not a prerequisite), mathematics above the level of algebra II, and social sciences. It is suggested that one unit be in computer science which includes programming (i.e., not just keyboarding) and one unit in fine arts (appreciation of, history, or performance).

Home Schooled Applicants

Home schooled applicants should submit the following credentials: transcript (or other record of completed work) which shows name of the completed courses, credit earned and grades earned; and an official copy of SAT or ACT scores.

Students who are home schooled must complete the 20 high school courses prerequisites required by South Carolina (see section above). Applicants will be evaluated on an individual basis using the following credentials: course selection, earned grades and SAT or ACT score. Letters of recommendation, an essay or personal statement, and/or a personal interview will also be considered if submitted.

Special Admissions

The University provides a provisional admission program to a limited number of freshman applicants. (The program is only offered to students who enroll in the fall semester.)

The Learning Excellent Academic Practices (LEAP) Program will provide academic support throughout the first semester at Winthrop. Students who satisfy the criteria for successful completion of the fall program will be granted regular admission for the spring semester. Upon the discretion of the program director, some students will be allowed to return for the spring semester and will receive additional academic support during the term. Students who do not successfully complete the spring semester will not be allowed to return to Winthrop.

All LEAP program participants are assessed a $400 fee in addition to tuition and fee charges. This fee will appear on the fall semester bill.

Transfer Applicants

Applicants who have taken college-level course work in a degree-seeking status after graduating from high school are classified as transfer students when making application for admission to Winthrop University, regardless of whether the course(s) will transfer for credit.

1. All transfer applicants must be eligible to return to the last post-secondary school attended.
2. Transfer applicants must have official copies of all college course work (part- or full-time attempted or completed) from every institution attended (whether credit was earned or desired) sent directly from the registrar of each regionally accredited institution to the Winthrop University Office of Admissions. Course work posted on transcripts from institutions other than the original college where work was actually completed is not acceptable. A separate transcript from each institution is required in order to make an application complete.
3. Transfer applicants who have earned fewer than 30 semester hours must submit a high school transcript along with standardized test scores. (Standardized test scores are not required for applicants who have been out of high school five years or more.)
4. Transfer applicants who have attempted 30 semester (48 quarter) hours or more of course work at a regionally accredited institution must present a minimum cumulative grade-point average of 2.0 on a 4.0 scale.
5. Transfer applicants who have attempted 12 semester (18 quarter) hours of course work from a regionally accredited institution must present a minimum grade point average of 2.5 on a 4.0 scale. (Developmental courses cannot be included in the 12 hours.) Applicants who have attempted fewer than 12 hours of college course work will be evaluated on their college performance and high school record, including grades, class rank, and test scores (SAT or ACT). Standardized test scores are not required for applicants who have been out of high school for five years or longer.

Winthrop will consider on an individual basis transfer applicants whose cumulative GPA is below the required 2.0 (typically 1.9 on a 4.0 scale). Applicants can be considered for provisional admission if one of the following conditions applies:

1. Early course work adversely affected the cumulative GPA; course work completed most recently is satisfactory.
2. The cumulative GPA was earned as a result of an event that affected an applicant’s performance in one semester. The pattern of achievement prior to or since that event supports the applicant’s potential for success.

Transfers who are provisionally admitted must complete a minimum of 24 semester hours during the fall and spring semesters with a cumulative grade point average of 2.0.
Undergraduate Transfer Credit Policy

Winthrop University, in general, accepts transfer course credit from other institutions of higher education under the following conditions:

1. The course work must have been taken at an institution that is accredited by the commission on colleges of a regional accreditation agency.
2. The subject matter and the level of the course must be appropriate to Winthrop’s general education curriculum or the program into which the student is transferring.
3. The grade that is received for the course must be at least a C or a grade with a minimum level equivalent to a C.

In general, credit is not granted by transfer for vocational, remedial, or developmental courses unless the forwarding college granted credit and Winthrop offers essentially the same courses for credit.

Transferring students who have completed course work in general studies programs are permitted to transfer only 15 semester hours of selected courses from such programs into any curriculum at Winthrop. The selection of the courses and the applicability to the curriculum is determined by the academic division receiving the student.

The University does not evaluate transfer credit from foreign institutions. Admitted international students must secure the evaluation of credit from an independent credit evaluation service. Students are responsible for initiating the evaluation and should request that the results be mailed to the appropriate student services offices for the intended major. The individual college at Winthrop makes the final determination of the applicability of the accepted credit to the student’s degree program.

Only 65 semester hours from a two-year college may be applied toward a baccalaureate degree program at Winthrop.

A transfer student must earn at least 31 semester hours of course credits at Winthrop to complete requirements for an undergraduate degree. (See Residence Requirements.)

Transfer credit is not used in computing a student’s grade-point average at Winthrop. However, it is used in computing eligibility for academic honors.

The Admissions Office will evaluate military credit using the current edition of the Guide to the Evaluation of Educational Experiences in the Armed Forces. The academic college will make the final determination of the applicability of the acceptable credit to the student’s degree program.

Winthrop University will consider experiential credit using the recommendations of the American Council on Education’s College Credit Recommendation Service (CREDIT).

International Applicants

International students must submit the following materials before an admissions decision can be made. To insure applications will be processed promptly, follow these instructions carefully.

Official Copy of Transcript(s). Transcripts must be mailed to the Winthrop University Office of Admissions directly from the secondary school or college/university attended. If these transcripts are in a language other than English, the school must also submit a certified English translation of the transcript. Documents must be originals or attested copies and cannot be returned after receipt in the Office of Admissions.

English Proficiency. Verification of English proficiency is required for international students (if English is not the native language). Documentation of proficiency of the language can be provided by submitting one of the following credentials:

1. TOEFL (Test of English as a Foreign Language) score of 520 (paper-based test) or 190 (computer-based test). An official copy of the TOEFL score must be mailed from the College Board. We cannot accept a copy of the TOEFL score.
2. The ELS Language Center English proficiency level of 109 can be substituted for the TOEFL. Documentation must be mailed directly from the ELS Center.
3. Two semesters of English composition taken at an American college/university and completed with a minimum grade of “C” in both courses can be substituted for the TOEFL.
4. A certificate mailed from an English as a Second Language (ESL) Program showing successful completion of the ESL program can be substituted for the TOEFL.
5. Freshman applicants who will graduate from an American high school can substitute a SAT verbal score of 430 or higher for the TOEFL.
6. Advanced Placement International English Language (APIEL) score of 3. An official copy of the APIEL score must be mailed from the College Board.

Certification of Support. This form must be submitted with the application for admission, along with the required bank statement showing funds available in U.S. dollars. The bank statement must be the original document - copies cannot be accepted - and cannot be dated more than one year prior to the student’s enrollment at Winthrop. Other than athletic or talent based scholarships, Winthrop offers limited financial assistance to international freshmen only. Students must, therefore, be prepared to fully support themselves during their study at Winthrop University. Non-residents of South Carolina who receive a scholarship will also receive a waiver of the out-of-state fee.

Health Form. This form must be completed and on file in Health Services along with complete immunization records prior to registering for classes.
International Application Deadlines
July 1 for admission in the fall (August) semester.
November 15 for admission in the spring (January) semester.

New Start
New Start is a service program for students 25 years or older. New Start students range in age from mid 20s to 80s. They may be continuing undergraduate work begun some years ago, or they may be enrolling in college for the first time. In either case, the New Start program gives these students the information and assistance they need to explore the many educational opportunities available at Winthrop and to succeed in meeting their educational goals.

Freshman Admission:
Applicants for freshman admission must demonstrate the potential for academic success through previous academic performance and life experience. Previous academic performance is a critical factor in determining admission.

1. New Start applicants are not required to submit SAT or ACT test scores.
2. To be considered for freshman admission the applicant must possess either a high school diploma or G.E.D. certificate. G.E.D. applicants must have passed the test with a total score greater than or equal to 2250 and no individual standard (subject) score less than 450.
3. Applicants should have an official copy of their high school transcript mailed directly to the Office of Admissions. G.E.D. applicants should request that an official copy of their test scores and high school transcript (showing courses completed prior to withdrawal) be mailed directly to the Office of Admissions.

Transfer Admission:
Applicants for transfer admission will be evaluated based upon their cumulative grade point average (GPA) computed from grades earned at all previous colleges/universities. In general, transfer applicants who apply through the New Start Program must meet the same admissions requirements as traditional transfers. (Refer to section on Transfer Admission.) However, factors such as time elapsed since the last college enrollment, life experiences, etc. will be considered along with the cumulative G.P.A.

Senior Citizen Admission:
Citizens over 60 years of age may attend Winthrop on a “tuition free,” space-available basis. A $10 registration fee is required in addition to any lab fees and book purchases. Applicants must be legal residents of South Carolina. More information and specific guidelines and application forms are available in the New Start Office, Joynes Hall. They may be requested in person, by mail, or by telephone 803-323-2106.

Non-Degree Applicants
All students taking undergraduate courses who are not working toward a degree are classified as special students. These students must apply and submit the appropriate credentials. A student admitted as an undergraduate special student may not change status to that of a regular student without submitting an application and meeting regular admission requirements.

Students admitted to any of the following special student categories may enroll only in those courses for which they have received approval from the dean of the college offering the courses. The categories of undergraduate special student are:

Pre-College Credit Student
Qualified high school junior and seniors may enroll at Winthrop University during the regular academic year or summer session. To qualify, students must have earned a cumulative grade average of 3.0 (on a 4.0 scale) and must be recommended by their high school counselor or principal. Credit earned in this manner is not expected to count toward a high school diploma. However, it will count as full credit for those students who subsequently enroll as regular students at Winthrop. Students must submit an application, high school transcript, and test scores for consideration as a freshman applicant.

Transient Student
Regular students at other institutions wishing to take undergraduate courses for credit at Winthrop for transfer back to their home institutions may be enrolled as transient students. Admission is based on the written approval of the applicant’s institution. The written approval must list courses to be taken at Winthrop and provide a statement of academic good standing. Transient students must be readmitted each semester through the Records Office.

Undergraduate Non-Degree
This admission status is designed to meet the needs of the student who is not seeking a degree. Please note that several restrictions apply (see below) and the Office of Admissions reserves the right to determine the admissions status of a prospective applicant.
1. Courses completed under this status carry full University credit; however, none of the hours are applicable to
a degree until the student qualifies for admission to a degree program. The applicability of courses completed under this status will be determined by the appropriate academic department should a student subsequently enroll in a degree program.

2. Course work completed as an undergraduate non-degree student will not be considered for admissions purposes should a student apply for admission to a degree program.

3. To be eligible to enroll, the student must have completed high school two or more years ago.

4. Applicants who have been officially denied admission as degree-seeking students are not eligible for admission as a non-degree student.*

5. Applicants who would not qualify for admission as a degree-seeking student are not eligible for admission as a non-degree student.*

6. Special students may enroll for a total of twelve semester hours under this status. Subsequent enrollment (after twelve hours) requires the submission of an application and credentials for a degree-seeking applicant.

*Note: Applicants who cannot be admitted under the Undergraduate Non-Degree status may not audit courses.

**Notification of Admission**

**Spring Admission**

The decision is mailed within two weeks of receipt of final documents. The application and supporting documents must be received by December 15.

**Fall/Summer Admission**

The decision is mailed on the 21st of each month—November through May. Priority processing is given to students who apply by May 1.

After the appropriate credentials for admission are received, admission officials carefully evaluate each student’s application. Admitted students are sent a letter of acceptance, a health form, and a housing application if applicable.

Undergraduate students admitted to the University are required to reserve a place in the incoming class by submitting a nonrefundable deposit of $150 by the date stated in the letter of admission. The deposit is credited to the student’s tuition and fees account. The deposit is applicable only for the term for which the student is being admitted. Admitted students who do not enroll for the deposited term forfeit the admissions deposit.

Detailed information and instructions concerning orientation, room assignments, and registration are sent to accepted students at appropriate times during the year.

**Health Requirements**

Students must demonstrate immunity to measles, rubella, diphtheria, and tetanus, and must have a TB test before registering for classes is allowed. Every Winthrop student must meet the health requirements of the University as stated in the Winthrop University Student Health Services bulletin. All medical information is confidential and does not in any way affect a student’s admission status.

All full-time and part-time students who wish to use the health services are required to submit the Student Health Service Medical Form to Health Services. This medical form consists of personal data on the first three pages, with a Physician’s Statement of Health on the last page. This form should be filled out first by the student and then given to the student’s physician to be completed. The form should be sent to: Health Services, Winthrop University, Rock Hill, S.C. 29733.

**Credit by Examination**

Winthrop University grants credit to students who demonstrate mastery of a subject based on their performance on standardized examinations. Credit hours for courses exempted by examination are recorded on students’ permanent records when they register as regular students at Winthrop. No grades are given for these hours and no more than 30 semester hours may be earned by examination. The acceptability for transfer to other colleges or universities of credit so earned cannot be guaranteed. Each college and university evaluates transfer credit in its own way.

Winthrop accepts and evaluates scores from four examination programs: Advanced Placement (AP), the International Baccalaureate Program (IB), the College Level Examination Program (CLEP) Examinations, and the SAT II Subject Tests.

**Advanced Placement.** Advanced placement scores must be sent directly to Winthrop from the College Scholarship Service. Students successfully completing advanced placement courses and receiving a score of three or above on the exam shall receive credit for the appropriate Winthrop course. For a listing of acceptable AP Exams and required scores, contact the Admissions Office.

**International Baccalaureate.** Winthrop University will award advanced credit for scores of 5 or above in mathematics and computer science and 4 or above in all other higher level examinations.

**SAT II Subject Tests.** Winthrop will award advanced credit for selected SAT II subject tests. Please contact the Office of Admissions for information on course equivalencies.

**CLEP Examinations.** The College-Level Examination Program (CLEP) tests are administered monthly at Winthrop,
Except in December. Interested students are advised to take the tests at least eight weeks before they plan to enroll so that the test results may be received and evaluated prior to registration. There are two types of CLEP examinations: the General Examination and the Subject Examination. Winthrop University grants credit only for the Subject Examinations, which are designed to exempt specific courses. Winthrop encourages students to take CLEP Subject Examinations for credit in subjects or areas which they have mastered through previous study, purposeful reading, travel, or other experiences. Students interested in foreign language exemptions are advised to take the CLEP Subject Examination in the desired language. Information on CLEP may be obtained from Counseling Services, 203 Crawford, Winthrop University (803-323-2233).

**READMISSIONS**

Any Winthrop student who was not registered for courses the previous fall or spring semester or who withdrew from the University for any reason during the last semester of enrollment, and fewer than five calendar years have elapsed, is required to apply for readmission through the Office of Records and Registration. Winthrop students who have been absent for five calendar years or longer must be readmitted through the Office of Admissions. Former Winthrop students who are 25 years or older may initiate readmission through the New Start Office 803-323-2106.

Official transcripts from all institutions attended during a student’s absence must be submitted when the student applies for readmission. After a 12 month absence, readmitted students must meet the graduation requirements and the minimum academic standards effective at the time of reentry. Students applying for readmission who attended another institution in the interim must submit an official transcript from each regionally accredited college/university attended. Students who have enrolled in more than twelve (12) semester hours must earn a minimum cumulative grade point ratio of 2.0. Applicants for readmission must also satisfy any balance due on their Winthrop account before being allowed to enroll. It should be noted that:

1. Any special permissions, waivers, substitutions, or other dispensations previously granted by Winthrop are void;
2. All credit hours previously earned at Winthrop, including credit by examination, are evaluated against current criteria.

At the time of readmission, a student who has been absent for five calendar years or longer may choose to reenter under the “academic forgiveness” policy. Under this policy, all courses previously taken at Winthrop University are treated as if they were transfer credit. The earlier courses are not used in computing the student’s grade-point average. However, all earlier courses and the grades earned remain on the student’s official transcript and are counted in computing eligibility for graduating with academic honors.

The student must exercise or waive the “academic forgiveness” option by the end of the first week of the second semester he or she is readmitted to Winthrop.
The fees listed below represent 2003-2004 fees. Fees are subject to change at any time by action of the Winthrop Board of Trustees. The fees for the 2004-2005 academic year were not available at the time of this publication. Once these fees are set, students will be notified via the tuition bills of the amount due for the academic year.

*Students living in residence halls must select one of the meal plans each semester.

### Miscellaneous Fees and Expenses

#### Application Fee. A nonrefundable application fee must accompany each new application to the University. The application for admission and the application fee will be valid for one calendar year from the applicant's original entry date. Should the student not matriculate during that year, a new application and new application fee will be required.

#### Admission Deposit. Undergraduate students admitted to the University are required to reserve a place in the incoming class by submitting a nonrefundable deposit. The amount of the deposit required is stated in your admissions packet.

#### Advance Room Payment. All students signing residence hall contracts must pay a deposit at the time the contract is signed, one-half of which is credited against their fall room rent and the other half against their spring room rent. The amount of the deposit received is stated in the contract.

#### Laboratory Fees. For courses in which specialized equipment and consumable supplies are used, a nonrefundable laboratory fee is charged. Refer to the Courses of Study section of this catalog to determine specific courses for which there is a charge and for the amount of the charge.

#### LEAP Program Fee. All students participating in the LEAP Program are required to pay a nonrefundable $400 fee to cover the services provided by the program.
TUITION AND FEES

Motor Vehicle Registration Fee. Motor vehicles operated or parked on Winthrop University property by students must be registered. Resident students may register one vehicle. Commuting students may register two vehicles. Registration fees are set annually and are billed to the student’s account.

Commencement Costs. All students participating in the commencement exercises must wear appropriate academic regalia which is available through The Bookworm (the University’s bookstore.)

Textbooks and Materials Costs. The cost of textbooks and materials needed for class work is not included in the regularly assessed fees and varies in accordance with the requirements of specific courses. Most textbooks and materials must be acquired at the beginning of a semester and are available for purchase from The Bookworm.

Fee Payment Schedule

Fee payments are due by 5 p.m. in the Cashier’s Office on or before the dates specified in the Winthrop University Schedule of Courses and supplements issued prior to each registration. All checks and money orders are to be made payable to Winthrop University. Payments must be mailed to the Cashier’s Office, Winthrop University, Rock Hill, South Carolina 29733, or pay via our website at www.winthrop.edu/cashiers. Remittance and correspondence must clearly identify the student whose account is affected through reference to the student’s legal name and student number.

Important note for students who have zero or credit balances on their invoice: Even if no balance is due, resulting from financial aid, prepayments, or other credits, students must notify the Cashier’s Office by the deadline to avoid cancellation of their registration. Students with zero balances may request validation at our website at www.winthrop.edu/cashiers.

Monthly Payment Plan

Students may pay their academic, room, and board fees monthly by enrolling in the Winthrop Monthly Payment Plan (WPP).

The features of WPP are as follows:
1. Only academic, room and board fees are deferrable- any previous balance and all miscellaneous charges such as traffic fines, library fines, etc. are payable in full each month.
2. Incoming freshmen or transfer students are automatically eligible to participate. Returning students will be eligible as long as they have a satisfactory credit history with Winthrop.
3. An application for participating in the WPP will be included in each semester’s billing for academic, room, and board fees. The student needs only to complete the application and return the required payment by the fee payment deadline.
4. There will be four equal payments per semester. Payments are due on or about the 1st of each month.
5. Failure to make monthly payments as agreed may result in the student being ineligible for participation in future semesters.
6. There is an administrative fee each semester for participating in the WPP. The student must sign up for WPP for each semester desired.
7. A late fee will be assessed each month in which the payment is not received by the due date. Any questions about the WPP should be directed to the Controller’s Office in 19 Tillman, by phoning 803-323-2165, or by accessing our website at www.winthrop.edu/cashiers/wpp.asp.

Tuition Adjustments for Withdrawals

Students who are admitted and register for courses at Winthrop University are financially responsible for fees and charges associated with those courses. Therefore, students are encouraged to complete all courses for which they register. In the event it becomes necessary for a student to drop one or more courses or completely withdraw from the University, an academic charge adjustment may be made using the following guidelines.

Academic Fee Adjustments for Courses Dropped - All Students

Should a student need to drop one or more courses (which brings them below 12 credit hours) but not completely withdraw from the University, the following adjustments to academic charges will be made.

<table>
<thead>
<tr>
<th>Date Course(s) Dropped*</th>
<th>Percentage of Adjustment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before the end of the 1st week of classes</td>
<td>100%</td>
</tr>
<tr>
<td>Before the end of the 2nd week of classes</td>
<td>75%</td>
</tr>
<tr>
<td>Before the end of the 3rd week of classes</td>
<td>50%</td>
</tr>
<tr>
<td>Before the end of the 4th week of classes</td>
<td>25%</td>
</tr>
</tbody>
</table>

*The week for academic fee adjustments begins with the 1st day of classes scheduled for the term.
Academic Fee Adjustments for First Time Freshmen Who Withdraw

First time freshmen who withdraw from the University before 60% of the term is completed will be eligible for a prorated adjustment of academic fees. This adjustment will be calculated using the number of weeks enrolled divided by the number of weeks in the term, rounded down to the next 10%.

<table>
<thead>
<tr>
<th>Date of Withdrawal*</th>

</tr>
<tr>
<td>Before the end of the 9th week of classes</td>
<td>40%</td>
</tr>
</tbody>
</table>

*The week for academic fee adjustments begins with the 1st day of classes scheduled for the term.

Academic Fee Adjustments for all other Students Who Withdraw

Students, other than first time freshmen, who withdraw from the University will be eligible for academic fee adjustments listed below.

<table>
<thead>
<tr>
<th>Date of Withdrawal*</th>
<th>Percentage of Adjustment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before the end of the 1st week of classes</td>
<td>100%</td>
</tr>
<tr>
<td>Before the end of the 2nd week of classes</td>
<td>75%</td>
</tr>
<tr>
<td>Before the end of the 3rd week of classes</td>
<td>50%</td>
</tr>
<tr>
<td>Before the end of the 4th week of classes</td>
<td>25%</td>
</tr>
</tbody>
</table>

*The week for academic fee adjustments begins with the 1st day of classes scheduled for the term.

NOTICE: Adjustments to tuition and fees are calculated from the date of official withdrawal or reduction of course load. Students must complete the appropriate forms for either reduction in course load or withdrawal. Reduction in course load is initiated in the Registration Office in 102 Tillman. Withdrawal is initiated in the Office of Enrollment Management in 102 Tillman.

Housing and Meal Adjustments are determined in the Residence Life Office. A schedule of adjustments is available to students in the Residence Life Office, 233 Dinkins.

IMPORTANT: Students Receiving Title IV Federal Financial Aid

Students who receive funds from the Federal Pell Grant, Federal SEOG, Federal Perkins Loan, Federal Direct or PLUS Loans and withdraw from the University are subject to the Return of Title IV Funds regulations.

Simply stated, students with funds from any of these programs “earn” their financial aid dollars while enrolled. If a student withdraws prior to completing 60% of a term, a prorated portion of the federal financial aid dollars must be considered “unearned” and returned to the federal programs. Unearned financial aid dollars which have to be returned to the federal aid programs could cause students to owe the University a significant amount upon withdrawal.

In addition to the amount of federal aid that Winthrop must return, students who received financial aid for other educational costs, including off-campus living expenses, may be required to repay a portion of those funds to the federal programs. Failure to return aid due back to the federal aid programs will result in loss of eligibility for federal financial aid assistance.

Federal aid funds to be returned are distributed to the programs in the following order:

- Unsubsidized Federal Direct Stafford Loan
- Subsidized Federal Direct Stafford Loan
- Federal Perkins Loan
- Federal PLUS Loan
- Federal Pell Grant
- Federal SEOG
- Other Title IV programs

Treatment of State, Institutional, and Outside Grants and Scholarships for Student Withdrawal

Students will be allowed to retain the same percentage of state and institutional scholarships and grants as the percentage of academic fees charged to them. Funds from outside sources will be treated in accordance with program guidelines from the agency providing the award.
Refunds Due to Student Withdrawal

Any credit balance which may occur due to withdrawal will be processed and returned to the student after the required amounts of financial aid have been returned to the financial assistance programs. When forms required for reduction of course load or complete withdrawal are filed in a timely manner, it is anticipated that this process would be completed in 14 days from the date these forms are submitted.

Additional Information

Repayment

Repayment refers to the amount of any cash disbursement made to the student that the student must repay to the University after the student has withdrawn.

Any student who owes a repayment will be billed by the Controller’s Office. Students who are unable to fulfill their financial obligations may contact the Controller’s Office to arrange a satisfactory payment agreement. Any student who fails to meet the terms of the agreement will have a “financial hold” placed on their academic record which prohibits receiving a diploma, obtaining grades or a transcript, or registering for subsequent courses at Winthrop University. These students may also be subject to collection agency referral.

Federal regulations dictate refund/repayment policies for recipients of Federal Title IV Funds. Financial aid recipients are encouraged to request additional information and examples of the refund calculation from the Office of Financial Aid.

Past Due Indebtedness

Students are expected to keep their accounts current with the University. Any student with past due indebtedness is not allowed to obtain grades, a transcript, or a diploma, or to enroll for any subsequent semester or summer term. The University reserves the right to cancel the enrollment of a student with past due indebtedness; the cancellation of enrollment, however, does not relieve the student of the incurred debt.

Under the provisions of Sections 12-54-410 through 12-54-500 and 12-53-20 of the SC Code of Laws, the South Carolina Tax Commission is authorized to seize refunds otherwise due to taxpayers who have delinquent debts to Winthrop.

In the event an account becomes delinquent, the University reserves the right to assign the account to the credit bureau and/or a collection agency, at which time the student will be responsible for all associated collection costs.

Returned Check Policy

A personal check given in payment of University expenses, which is subsequently returned by the bank unpaid, immediately creates an indebtedness to the University.

Once the Cashier’s Office has been notified by the bank of a returned check, a letter is sent to the issuer of the check. The issuer of the check will have ten (10) days from the date of this letter to redeem the check by paying the full amount of the check, plus a returned check penalty equal to the maximum amount permitted by law (SC Code of Laws, section 34-11-70). Payment of a dishonored check must be made by cash, cashier’s check, money order, or Visa, Mastercard, or Discover credit cards.

If a returned check remains unpaid, collection efforts will be followed as allowed by the Code of Laws of South Carolina sections 34-11-70.

A student with a total of three returned checks will be placed on the “Cash Only” basis for the remainder of his/her enrollment.

Classification as a South Carolina Resident for Fee Purposes

Winthrop University is required under guidelines enacted by the South Carolina Legislature to determine the residence classification of students for purposes of fees and tuition.

South Carolina’s law providing for lower tuition and fees for legal residents of the state defines domicile as “... a person’s true, fixed, principal residence and place of habitation. It shall indicate the place where such person intends to remain, and to which such person expects to return upon leaving without establishing a new domicile in another state.”—South Carolina Code 59-112 to 59-112-100(1976 ). The law applies to a student’s own legal residence if the student is independent of his/her parent, guardian or spouse. If the student is claimed as a dependent for income tax purposes and/or receives more than half of his/her support from a parent, guardian, or spouse, the law applies to the legal residence of the person who provides the principal support.

The initial determination of one’s residence is made at the time of admission by the director of admissions for undergraduate students and by the registrar for graduate students. No other university personnel are authorized to provide information on residency requirements for tuition purposes. The registrar makes determination of residency
after a student’s initial enrollment. If the residence of a person is in question, the burden of proof resides with the person applying for a change of resident classification. Such person must submit required evidence to document the change to resident status. The completed application and supporting documentation must be submitted by the last day of registration for the semester. Applications received after this date will be considered for the next semester.

Students who wish to appeal a residency decision may submit a request to the dean of enrollment management who is the university’s appellate official. Neither the primary residency officials nor the appellate official may waive the provisions of the Statute governing residency for tuition and fee purposes.

Except in cases of institutional error, persons classified incorrectly as residents are subject to reclassification as a nonresident and to payment of all nonresident fees not paid. If incorrect classification from institutional errors occurs, the student will be subjected to reclassification beginning the next academic session. The violator may also be subject to administrative, civil, and financial penalties. Until these charges are paid, such persons will not be allowed to receive transcripts from a South Carolina institution.

Applicants for undergraduate admission should direct questions to: Office of Admissions, Joynes Hall, 803-323-2191 or 800-763-0230. Applicants for graduate admission and continuing students should direct questions to: Records and Registration, 102 Tillman Hall, 803-323-2194. Complete information on South Carolina residency can be found on the following website: www.winthrop.edu/admissions/scresidency/default.htm.
Financial Assistance

At Winthrop University we believe that higher education should not be a privilege reserved for those who can afford it, and the Office of Financial Aid is committed to helping Winthrop students find appropriate ways to finance their education.

Scholarships

New Freshmen

Winthrop offers a number of scholarships to students who will benefit from a quality education and will leave Winthrop a better place for having been here. Scholarships range in value from awards of several hundred dollars to full tuition, room, and meals for exceptionally high achievers.

Students who submit an application for admission by January 15 will receive priority consideration for the University’s academic awards. All students who apply for freshman admission are automatically considered for academic scholarships; there is no separate application. Awards are based primarily on the student’s high school record and SAT or ACT scores.

Academic scholarships are available for eight semesters of study provided the student maintains a specified grade point average. The Office of Financial Aid verifies GPA’s at the end of the spring semester of each academic year. Any student who fails to meet the GPA requirement will be given one opportunity to improve the GPA by enrolling in summer school at Winthrop. If the student meets the GPA requirement at the end of the summer, the scholarship will be retained. Any summer course work taken under these circumstances will be at the student’s expense.

Students with special talents also have the benefit of scholarship support. The College of Visual and Performing Arts offers scholarship consideration to talented students through audition or portfolio review. Students with outstanding athletic skills should contact the Athletic Department to determine their qualifications for scholarships which are offered in all of Winthrop’s varsity programs.

Continuing Students

Scholarship support is awarded to continuing Winthrop students on the basis of their academic achievement at the University and their leadership in extracurricular activities. High-achieving students will be invited to submit a scholarship application to the Office of Financial Aid during the spring semester.

For a complete listing of scholarships, visit the Winthrop University Office of Development Website at http://www.winthrop.edu/development/default.htm.

Need-Based Financial Aid

Students who wish to apply for need-based financial aid should complete the Free Application for Federal Student Aid (FAFSA) and list Winthrop University (code # 003456) as a recipient of their financial data. The FAFSA is available online at www.fafsa.ed.gov. Paper FAFSA’s may be obtained from the Office of Financial Aid or at high school counseling offices.

The Office of Financial Aid mails FAFSA application information to all admitted freshmen who indicate an interest in need-based aid on the admissions application. Continuing students should reapply using FAFSA on the Web. Renewal FAFSA’s should be available at www.fafsa.ed.gov. Your federal PIN is required to access the form.

The FAFSA should be filed as soon after January 1 as accurate income information is available. Although the Office Financial Aid processes applications for financial aid throughout the course of the academic year, students who file the FAFSA by March 1 receive priority consideration for assistance.

The FAFSA is used to determine a student’s eligibility for Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, South Carolina Need-Based Grants, Federal Perkins Loans, Federal Direct Student Loans, and Federal Work-Study.

All awards of need-based financial aid are made annually, and students must reapply each year in order to be considered for assistance.

Campus Employment

Students who wish to work on campus may review the job opportunities posted in the Office of Financial Aid. The office has listings for campus positions which require the Federal Work-Study subsidy and those positions which do not require Work-Study.

Emergency Loans

The McFadden Loan Fund, a short-term (30 days) emergency loan program, is available to students experiencing financial emergencies. Currently enrolled students in good standing may borrow a maximum of $200. Please contact the Office of Financial Aid for details on eligibility requirements and application procedure.

Satisfactory Academic Progress Requirement to Receive Financial Aid

Winthrop University’s academic regulations specify the minimum cumulative grade point average a student must earn in order to avoid being placed on academic probation or suspension. (See page 31.) Students eligible to continue
enrollment at Winthrop will be eligible to receive financial assistance as long both the following conditions are met. First, students must earn 2/3 of all hours attempted at Winthrop. Second, a student’s total hours attempted for a first baccalaureate degree may not exceed 186.

For transfer students, hours attempted at Winthrop may not exceed 186 less the number of transfer hours accepted by the University.

Students who are eligible to continue enrollment and who have earned 24 semester hours during the most recently completed academic year will be eligible to receive aid. Students who earn at least 12 hours during the most recently completed semester and who are eligible to continue enrollment will be eligible to receive aid.

Academic progress to receive aid will be reviewed at the end of each spring semester. Students who do not meet the progress requirement will be notified in a timely manner to allow attendance of summer sessions to meet the requirement. Financial aid will not be available for summer school attendance to students who do not meet the progress requirement.

Students who successfully complete 9 semester hours in summer sessions and are allowed to continue enrollment at the University will be determined to have met the academic progress requirement to receive aid.

Students denied financial aid due to lack of academic progress may appeal to the university’s scholarship committee. Copies of the university’s academic progress policy to receive financial aid and forms to appeal the loss of aid may be obtained in the Office of Financial Aid located in 119 Tillman Hall.

Withdrawal During an Academic Term

Students who receive federal financial assistance including Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Perkins Loan, Federal Direct and PLUS Loans will have their aid reduced on a pro-rata scale if they withdraw prior to the 60% point in the term. Academic fees and room/board charges may not be reduced, (See page 15 for information on fee changes upon withdrawal.) Aid from other sources such as the State of South Carolina, Winthrop Scholarships, and outside programs may also be adjusted if students withdraw during the time the University adjusts its academic fees.

For the Fall 2004 semester, students who withdraw prior to November 1, 2004, will have federal aid reduced significantly. (For the Spring semester, the date is March 22, 2005.) This reduction is required by federal law if a student is receiving assistance through any of the federal financial aid programs and may result in the student owing the University.

Information

For additional information regarding financial aid programs, application procedures, or aid awards, please contact the Office of Financial Aid at 803-323-2189, or by e-mail at finaid@winthrop.edu, or visit our website at: www.winthrop.edu/finaid.

Veterans’ Benefits

Winthrop is approved by the State Approving Section, South Carolina State Department of Education, for training of eligible veterans, children of deceased or disabled veterans, and disabled veterans. Contact the Veterans Administration Regional Office, 1801 Assembly Street, Columbia, South Carolina, 29201, for information and necessary forms.

The Veteran or eligible person should contact Winthrop’s Veterans Affairs Coordinator, 101 Tillman Hall, at least 45 days before the start of the semester in which the student plans to enter the University.

Children of disabled or deceased veterans may receive additional assistance for payment of tuition and fees. For information regarding eligibility and applications, write to the State Approving Section, South Carolina State Department of Education, Rutledge Office Building, Columbia, South Carolina 29201. Students who are eligible for the Free Tuition benefit administered by the SC Department of Veterans Affairs must notify the Financial Aid Office of their intent to enroll at Winthrop University prior to the beginning of each academic year.

In order to receive veterans’ benefits, veterans and other eligible persons must read and sign a “Veteran’s Compliance Agreement” (available in the Veterans Affairs Office), indicating their understanding of the agreement and their willingness to comply with the procedures and regulations therein. These regulations require that the Veterans Affairs Coordinator be informed without delay of the number of semester hours in which the student is enrolled each term, of any changes in that enrollment, and of any changes in the student’s degree program.
From orientation to graduation, Winthrop University offers a wide variety of services, facilities, and co-curricular activities which foster total student development, support the academic curriculum, and enhance the quality of campus life. Through participation in student organizations, students can make valuable contributions to the Winthrop community while gaining leadership and personal experience.

Student services and activities allow all Winthrop students, residents and commuters alike, to experience student life in a number of exciting and challenging ways. Some of the student programs, facilities and activities offered are:

### Academic Computing

Winthrop University Academic Computing supports the instructional and research functions of the University. Within the Division of Computing and Information Technology, Academic Computing provides access to diverse computing resources. These resources include Linux servers and workstations, Windows XP microcomputer networks, laboratories with microcomputers, and access to OpenVMS clustered AlphaServers. Over 20 computer laboratories supporting PC, Macintosh, Linux, and UNIX systems are available on campus for open access and instructional needs.

Winthrop’s host computers have an assortment of programming languages such as Ada, BASIC, C, C++, COBOL, Fortran, Java, LISP, and Pascal. Microcomputer networks and laboratories provide computing resources for support of instructional and research applications. Typical applications include desktop publishing, database management, spreadsheet analysis, graphics, communications, word processing, statistical analysis, and mathematical computation. Specific applications include Microsoft Office Premium, Frontpage, Internet Explorer, PC-SAS, SPSS, Mathematica, and Microsoft Visual Studio. Some labs support additional software including AutoCAD, Photoshop, and other design applications.

All main campus buildings and residence halls are connected to the campus network and Internet through fiber optic cable. Students are provided with consolidated computing services including web based email, central server storage space, and personal web pages.

The Academic Computing Center also provides computer access for visually impaired students, as well as Braille printing services. General operational hours for Academic Computing labs are posted at: http://www.winthrop.edu/acc. For additional information on Academic Computing, visit http://www.winthrop.edu/acc or call 803-323-3491.

### Campus Police

Campus Police is located in the Crawford Building. The department is a full-service police agency serving the Winthrop community by providing law enforcement services 24 hours a day, seven days a week. Their services include handling emergency situations, protecting life and property, crime prevention, and traffic control. The officers are available to provide presentations on safety tips and crime prevention.

The yellow emergency phone call boxes located throughout the campus connect the caller to Campus Police in case of an emergency. Campus Police can be contacted by dialing 3333.

### Career Services

The Department of Career Services wants to assist students with the exploration of career options beginning in the freshman year and continuing throughout college and professional life. Numerous programs are offered to facilitate a student’s decision-making process, from selecting a major to developing a career. Services offered to assist students in this process include career assessment tools (Strong Interest Inventory and the Myers-Briggs Type Indicator), career counseling, and a career library.

The staff is dedicated to teaching students effective job search skills that can be used in the initial job search, as well as in making subsequent career changes throughout their lives. Students are encouraged to take advantage of the following career development services: workshops on Resume Writing, Interview Skills, Networking Techniques, Business and Dining Etiquette, and Money Matters; Cooperative Education, Career Fairs, Alumni Career Network, Career Opportunities On Line (COOL), part-time job listings, Resume Exchange, and full-time job postings.

### Clubs and Organizations

Through Winthrop’s 100+ clubs and organizations, students acquire and develop knowledge, skills, and values which enrich their lives and prepare them to meet the needs and challenges of the contemporary world. The professional staff assists students as they prepare to assume successful careers, as well as to enter graduate or professional schools. This list of clubs and organizations may change. The categories include Campus Ministries and Religious Organizations, Club Sports, Departmental and Professional Student Organizations, Interest Groups, and Sororities and Fraternities. For up-to-date information, or information about how to join a group, please call the Student Affairs office at 803-223-2248 or visit their Web site at www.winthrop.edu/studentaffairs/ClubsOrgs/Listings.html.

### Community Service

The Department of Student Affairs coordinates community service-learning as a component of its student services, with emphasis on connecting students interested in service with community agencies. This includes the
America Reads Challenge in which Federal Work-Study students tutor elementary age children in reading, the Close Scholars program, Winthrop AmeriCorps, assisting professors when requested with community service-learning activities in the classroom, giving presentations on community service for residence halls and organizations, and acting as a clearinghouse for volunteer opportunities in the Rock Hill and York County area. Community agencies and organizations can call the Service Learning Center to indicate their needs, and the office will attempt to let individual students as well as student organizations know about the needs of these agencies. The office also coordinates special service events such as volunteer Week, Alternate Spring Break, and the Make a Difference Day service project. Students and student groups may call the office for information on current service opportunities.

In addition to most Greek and religious organizations, there are several student organizations that have a primary focus in service including AmeriCorps, Circle K International, and S.O.A.R. (Serving Others and Reflecting). S.O.A.R. is a student run organization that plans and promotes service and service opportunities for all Winthrop Students.

A recent focus of the Service Learning office is to connect with faculty members and encourage and help organize service events that will connect classroom learning to service events. This venture will enrich the learning experience for students by linking theory and methods to practical use.

Cooperative Education
Cooperative Education (Co-op) provides students with the opportunity to obtain professional experience in their major or field of interest while earning academic credit and/or an hourly wage. Part-time positions are available in all academic majors, allowing students to integrate classroom knowledge with the “real world” of work.

Co-op is one of the best ways for students to:
- Confirm the choice of a major
- Explore potential career choices
- Obtain marketable experience
- Develop professional contacts
- Earn academic credits

Council of Student Leaders
The Council of Student Leaders is a representative body of Winthrop students leaders and other concerned students serving as a vehicle that provides students a significant role in institutional decision-making and self-governance.

Dinkins Student Center
The headquarters for student life on the Winthrop campus is Dinkins Student Center. The facility houses administrative offices, including the Vice-President for Student Life, Dean of Students, Residence Life, the Service Learning Center, and the Department of Student Affairs, which includes Student Activities, Multicultural Student Life, and Greek Life. The Center is also home to the Council of Student Leaders, Dinkins Student Union, and the post office, as well as a food court, a small auditorium, and organizational meeting rooms.

Dinkins Student Union (DSU)
Dinkins Student Union, located in Dinkins Student Center, has the primary programming role on campus. DSU provides a broad spectrum of entertaining and educational offerings including coffee house acts, concerts, guest speakers, comedians, and special events. DSU compliments the student affairs mission of Winthrop University by providing a variety of educational opportunities of an academic, social, or cultural nature outside of the classroom. Through the Union’s programming board and committees, students gain valuable experience in managing and organizing these events.

Distance Learning
Winthrop University is a leader in instructional technology, featuring the Distance Education Classroom in the College of Business Thurmond Building. Utilizing state-of-the-art telecommunications and fiber optic technology, classes are fully interactive between Winthrop and the remote site. Students and teachers communicate with each other simultaneously in classrooms outfitted with robotic cameras, TV monitors, desk microphones, and a fully equipped television control room.

MBA candidates at Coastal Carolina University in Conway, SC, are on-line with Winthrop to take advantage of this learning opportunity. Winthrop’s MBA degree is the same AACSB accredited program that has enjoyed more than 20 years of success serving the Charlotte Metrolina region.

Health and Counseling Services
Counseling Services
The Counseling Services staff help students deal with a variety of personal concerns, including family and relationship difficulties, low self-esteem, stress and anxiety, depression, alcohol and drug abuse, sexual abuse, and eating disorders. Short-term individual, couples, and group counseling are free and confidential. Learning assistance is available to help students improve study, test-taking, and time-management skills. Wellness services, including outreach seminars and individual consultations, are provided to educate students about health-related issues. Services for students with documented disabilities are available to remove barriers that impede academic success. The College-Level
Examined Program (CLEP), Graduate Record Examination (GRE), Miller Analysis Test (MAT), and Praxis Series tests are administered. For additional information, call 803-323-2233 or come by 203 Crawford Building between the hours of 8:30 a.m. and 5:00 p.m., Monday through Friday.

*Health Services*

Students’ health needs are met by the professional staff of Health Services. The nurse practitioner and nurses on duty provide acute care on a walk-in basis from 8:30 a.m. to 5 p.m., Monday-Friday. Some physician and laboratory procedures involve a charge that will be billed to the student. Students must have complete health records on file to receive the service. For emergencies or after-hours services, community health care facilities are within a few miles of the University.

Students having chronic health problems should make arrangements to continue treatment with their current physician or to have their records sent to an appropriate specialist in the Rock Hill area. Health Services is happy to assist in the location of a suitable specialist for a student with a chronic health problem.

A pharmacy is located in Health Services. Medications and prescriptions are available at a reduced fee.

Students are strongly encouraged to be covered by an accident/sickness/major medical insurance policy.

All students currently enrolled in Winthrop University are eligible for Health Services as part of their regular fees. However, the costs of special services such as medication and tests are the responsibility of the individual and are charged to the student’s account and should be paid at the Cashier’s Office.

Prior to registration at Winthrop University, all students must submit documentation showing compliance with the Winthrop University Immunization Policy. Students not in compliance with the Immunization Policy are not allowed to register for classes.

*Learning Assistance*

The Learning Assistance Coordinator provides individual and group instruction to any Winthrop student wanting to improve his or her study, reading, note taking, test taking, and time management skills. For more information call 803-323-2233.

*Services for Students with Disabilities*

This office collaborates with departments throughout the University to ensure access and provide reasonable classroom and campus accommodations for students with documented disabilities. Because students’ needs are unique, accommodations are provided based on their documentation. At the college level, students who need accommodations are responsible for (1) identifying themselves to and maintaining contact with the disability services office, (2) providing current, appropriate documentation to the disability services office, and (3) requesting the services and/or accommodations they need each semester from the disability services office. The office of Services for Students with Disabilities assists students with all types of disabilities, including mobility, hearing and visual impairments, learning disabilities, ADHD, chronic medical illnesses, etc. For more information on services for students with disabilities, call 803-323-2233 (V/TDD).

*Wellness Services*

Wellness services, including outreach seminars and individual consultations, promote healthy lifestyles through education. Presentations are available on stress management, sexually-transmitted infections, contraception, gender issues, sexual assault, eating disorders, alcohol and other drug use, and related topics. Individual wellness consultations are also available. Wellness Services is a component of Health and Counseling Services. Call 323-2233 for more information.

*Honor Societies*

As one of the many rewards for high scholastic achievement at Winthrop University, deserving students are eligible for membership in a number of national honor societies. Three societies—Alpha Lambda Delta, Omicron Delta Kappa, and Phi Kappa Phi—recognize honor and overall academic excellence. Book and Key is an honorary organization rewarding achievement in the liberal arts. The following lists chapters of Winthrop’s honor societies and their departmental designations:

- Alpha Kappa Delta (Sociology)
- Alpha Lambda Delta
- Alpha Psi Omega (Theatre)
- Beta Alpha Psi (Business Administration)
- Beta Beta Beta (Biology)
- Beta Gamma Sigma (Business Administration)
- Book & Key Society
- Kappa Delta Pi (Education)
- National Residency Hall Honorary
- Phi Alpha (Social Work)
- Phi Alpha Theta (History)
- Phi Kappa Phi
- Pi Sigma Delta
- Psi Chi (Psychology)
- Sigma Delta Pi (Spanish)
- Sigma Tau Delta (English)
Ida Jane Dacus Library

The faculty and collections of Dacus Library are an integral part of the University's instructional program. All freshmen receive basic instruction in library use, and specialized instruction in advanced topics is available. The Dacus On-line Catalog system provides easy access to the library’s collections.

The Library’s collections have been selected to support the curriculum of the University and are housed in open stacks. Study and lounge seating is interspersed throughout the building. Public workstations for access to the library’s electronic resources and to the Internet are available. The library also offers through its catalog access to more than 15,000 electronic books. Special quarters are provided for archives, microfilm, special collections, United States government publications and library instruction. Closed carrels for faculty and graduate student research, as well as facilities for photo duplication and listening, are included.

The Library’s holdings total over 500,000 volumes and volume-equivalents. Included in this figure are books and bound periodicals, microfiche, microcards, and microfilm. In addition, the Library owns over 175,000 U.S. government publications and 2,160 pieces of audio-visual materials, including over 1,000 instructional videotapes. Over 2,300 periodical and serial titles are being currently received, and more than 7,000 are accessible electronically. Dacus Library participates in the national interlibrary loan system.

Instructional Support Labs

Three facilities supplement students' academic programs. The Writing Lab assists students who want to improve their skills in reading, vocabulary and writing. The Math Lab offers individual and small group tutoring, and the Language Lab offers individual audio assistance.

International Center and International Student Life

Winthrop’s International Center assists students in making arrangements for study abroad. Winthrop maintains associations with institutions in China, Austria, Germany, Egypt, England, Spain, France, and Australia. Opportunities for summer study abroad are provided through the Center’s study abroad programs and through special summer offerings at other foreign institutions.

Characteristic of an institution that encourages diversity, Winthrop University offers support for the unique needs of students from other countries. The Office of International Students helps integrate international students into American society, provides assistance with problems encountered on campus and in the community, and advises students on immigration procedures and other matters.

An international student adviser is available to discuss special concerns or issues with students, while the Winthrop International Club promotes cultural exchange and social activities among the general student population, including an annual International Week in the fall semester. Other events focusing on the diversity of student life are sponsored by interested campus and community groups.

Model United Nations

The Model United Nations is an annual event that brings Winthrop students together with about 70 high school student delegations from across the southeast for a three-day conference in April. The high school delegations assume the role of member nations, with the Winthrop students serving as advisers or on the Secretariat. As students debate world issues and resolutions, the experience provides a greater awareness of international issues within the framework of international policies. In addition, Winthrop students receive academic credit for preparation and participation in the conference.

Multicultural Student Life

Recognizing that a diverse student body enhances campus life for the entire community, Winthrop is strongly committed to attracting achievement-oriented minority students. Accordingly, the University supports a broad range of activities and services dedicated to the enrichment of minority students.

Many of Winthrop’s 100+ clubs and organizations are of particular interest to African-American students. The Association of Ebonites (AOE), founded in 1968, sponsors cultural events and offers a variety of educational and personal growth opportunities.

Winthrop’s fraternities and sororities include historically black Greek letter organizations which provide social, academic, and service avenues for students. Winthrop also publishes The Roddley-McMillan Record, which focuses on multicultural issues.

The Jewish Student Organization, NAACP, and Taking Integrity Back (a bi-weekly discussion group) also provide opportunities for students interested in multicultural activities.

National Student Exchange

Winthrop students can experience the excitement of studying at another college or university for up to one year while paying Winthrop’s tuition. Exchanges with more than 170 colleges and universities throughout the United States are encouraged during a student’s sophomore or junior year. Information on the National Student Exchange is available from the NSE Coordinator located in 218 Dinkins Student Center, 323-2248.

Orientation

Orientation sessions are offered each summer to introduce new students to the educational and co-curricular
STUDENT SUPPORT SERVICES AND FACILITIES

opportunities available at Winthrop University. Four sessions are offered in the summer for freshmen. During this time, students meet with faculty advisers to select courses and register for fall classes. They will attend interest sessions dealing with all aspects of college life. Select upperclassmen serve as Orientation Assistants and will answer questions and assist students throughout the program in a variety of ways. Orientation also provides new students with an opportunity to get to know other students and make new friends before classes begin.

An orientation program for family members of new students is also offered during the first day of Student Orientation. Families meet with faculty, staff, students, and administrators to discuss academic programs, participate in information sessions, and learn about campus facilities and services.

An orientation program specifically geared toward transfer students is offered in May and July. Transfer students who are unable to attend orientation in May or July can receive a one-on-one orientation with their academic adviser later during the summer, or they may attend the late transfer registration program.

Welcome Week

As an extension of the orientation program, Welcome Week provides opportunities for new students to become acquainted with and involved in events on the Winthrop campus before the start of classes in August. Welcome Week is full of informative, exciting and interactive activities, some of which are designed to help identify resources that are available. Others will help students make informed choices related to personal, academic, and social life. During Welcome Week, students are introduced to members of campus organizations, and activities are designed to integrate new students into the University community. Evening entertainment is coordinated by Winthrop’s nationally acclaimed Dinkins Student Union and brings a wide variety of talented performers to campus.

Publications

Students have the opportunity to gain valuable practical experience through service on one of several publications staffs: The Johnsonian, the student newspaper; The Tatler, the yearbook; The Anthology, a literary magazine; and The Roddey-McMillan Record, a minority interest newspaper.

Residence Life

Winthrop offers full-time students many types of living arrangements to meet individual needs and preferences. Seven campus residence halls and one apartment building offer comfortable, air-conditioned facilities with internet access options ranging from traditional halls with community baths suites and modern apartments. Students must be enrolled for 12 semester hours to be eligible for campus housing. Students who live in the residence halls are required to have a meal plan.

All residence halls are within easy walking distance of classes, Dacus Library, Thomson Cafeteria, and Dinkins Student Center. Laundry facilities, study rooms, kitchens and eating areas are available in most residences. Linen service is not provided by the University. Rooms are furnished for double occupancy. However, if space is available, students may contract for private rooms at an additional cost. The Courtyard is open year round. Roddey apartment assignments are made with priority given to married, single parent families, international, and graduate students.

Apart from providing physical facilities, the residence halls also foster interaction and involvement among residents. Students are encouraged to participate in hall councils and in the Resident Students Association, an organization which promotes a sense of community among the residence halls. Residence organizations include:

- Resident Students’ Association
- Roddey Apartment Association
- Lee Wicker Hall Council
- Margaret Nance Hall Council
- Phelps Hall Council
- Richardson Hall Council
- Thomson House Council
- The Courtyard Hall Council
- Wofford Hall Council

All students assigned to campus housing must sign a contract relating to the terms and conditions of occupancy. It is important that a student read the contract before signing and be thoroughly familiar with its terms. Violation of terms of the Housing Contract can result in immediate removal from living in the halls and subject the violator to further proceedings in accord with the Student Conduct Code. All students signing residence hall contracts must pay $100 at the time the contract is signed, $50 of which will be credited against their fall room rent and $50 against their spring room rent.

Sports and Recreation

The University offers a variety of intercollegiate sports for men and women. Winthrop is a Division I member of the NCAA and a charter member of the Big South Conference. Conference championships are played in both men’s and women’s sports programs. The Winthrop Eagles field teams in both men’s and women’s basketball, tennis, golf, soccer, track and cross country; men’s baseball; and women’s volleyball and softball. Winthrop has excellent athletic facilities which are clustered in a beautiful lakeside setting.

Winthrop offers a spirited and competitive recreational sports and intramural program that includes softball, basketball, soccer, aerobics, tennis, volleyball, plus other individual and team sports. In addition to traditional men’s and women’s leagues, co-ed activities are available. Fitness related activities are also offered including step aerobics and body sculpting.
Members of the Winthrop community have a wide variety of leisure and recreational facilities available to them. The Winthrop Coliseum, located within a mile of campus, is a modern arena seating 6,100. In addition to its intercollegiate facilities, the Coliseum houses a weight room and a training room.

Behind the Coliseum lies Winthrop Lake and the University’s 380-acre recreational complex, featuring baseball and softball fields, soccer fields, a cross country course, and golf and disc golf courses. Adjacent to the lake is the Shack, traditionally a gathering spot for student activities.

The Outdoor Development Center, also known as the Ropes Course, is located here as well. Groups and organizations use this facility to develop team-building and leadership skills through a series of unique, problem-solving exercises.

Facilities on Winthrop’s main campus include two basketball gyms, a dance studio, a weight room, and an indoor swimming pool, all housed in Peabody Gymnasium. Six lighted and an all-purpose playing field are located adjacent to Peabody.

### Student Identification Cards

Each registered student must obtain an official identification card. Identification cards are nontransferable and must be presented to appropriate University officials upon request. ID cards are made in the Technology Services office located in Tillman 15.

### Victim Advocacy

Victim advocacy services will be provided to any Winthrop student who has been victimized by crime. These services include but are not limited to: providing immediate crisis intervention, informing victims of their rights, assisting victims throughout the investigation and prosecution of the crime, and serving as a liaison for the student within the college community. The victim advocate services are available to any currently enrolled Winthrop student, whether the crime occurred on or off campus and whether the victim chooses to file an official report with Campus Police or the Rock Hill Police Department. All communication with administrative offices is handled with the utmost discretion. For more information regarding this program, contact Campus Police at 323-3333.

### Visual and Performing Arts

Winthrop University is committed to helping students develop fully as well-rounded, educated persons. In an effort to provide a setting which facilitates intellectual and cultural growth, the University offers numerous opportunities to enhance students’ appreciation of the arts. Whether through participation or attendance, students further develop their artistic talents, perceptions, and understandings. The following lists performing groups on the Winthrop campus:

- Guitar Ensembles
- Collegium Musicum
- Chorale
- Opera Workshop
- Glee Club
- Chamber Ensembles
- Jazz Voices
- Percussion Ensemble
- Symphonic Band
- Brass Ensembles
- Jazz Ensemble
- Winthrop Ensemble
- Jazz Combos
- Winthrop Dance Theatre
- Woodwind Ensembles
- Symphonic Wind Ensemble
- Chamber Singers
- Flute Choir
- Pep Band
- Winthrop Theatre
- Rutledge Building and a student gallery in McLaurin, provide an array of exhibition spaces. The works of faculty, students, and regional and national artists are presented on a regular basis.

### Writing Center

The Writing Center, located in 220 Bancroft Hall, provides a free writing consulting service to all members of the University community: students, staff, administrators, and faculty. The Writing Center’s purpose is to help writers at all levels learn more about their writing through tutoring sessions. Tutors help writers learn to analyze assignments, address audiences appropriately, improve their composing processes, strengthen the focus and organization of their writing, and improve their control of the language. While the Writing Center cannot provide a proofreading/editing service or a guarantee of better grades, our tutors will help improve writing skills. The primary purpose is to improve writing in the long term.

Although operating hours may vary from semester to semester, the Writing Center is open at least five days a week, with some evening and weekend hours. Scheduling an appointment assures that a tutor will be available. To make an appointment, call 323-2138.
Student Conduct Code: General Conduct Policy

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth.

Freedom of the individual may be defined as the right to act or speak, so long as it does not adversely affect the rights of others. Believing in this concept, Winthrop University protects freedom of action and freedom of speech for both students and employees, so long as it is not of an inflammatory or demeaning nature and does not interfere with the students’ living and study conditions and the administration of institutional affairs. It constitutes a disruptive act for any member of the University community to engage in any conduct which would substantially obstruct, interfere with or impair instruction, research, administration, authorized use of University facilities, the rights and privileges of other members of the University community, or disciplinary proceedings. Moreover, Winthrop University is committed to improving the quality of student life by promoting a diversified educational and cultural experience for all its students. Therefore, racist conduct or other acts of bigotry are not tolerated.

Rights and freedoms imply duties and responsibilities. Note should be taken that a student who exercises his or her rights as a private citizen—whether individually or as a member of a group—must assume full responsibility for his or her actions. All students and employees of the University must abide by local, state, and federal laws and with all published University policies and regulations. Violations of laws and regulations subject the perpetrator to disciplinary action by the University and/or the appropriate civil or criminal court.

Responsibility for good conduct rests with students as adult individuals. Student organizations have similar responsibility for maintaining good conduct among their members and guests and at activities they sponsor. All members of the University community are expected to use reasonable judgment in their daily campus life and to show due concern for the welfare and rights of others.

Students who violate University policies, rules, and regulations are subject to expulsion or lesser sanctions. A complete outline of obligations and the disciplinary process is contained in the Student Conduct Code in the Student Handbook.

Academic Discipline

Infractions of academic discipline are dealt with in accordance with the student Academic Misconduct Policy which is in the Student Conduct Code in the Student Handbook. Academic misconduct includes, but is not limited to, providing or receiving assistance in a manner not authorized by the professor in the creation of work to be submitted for academic evaluation including papers, projects, and examinations; presenting, as one’s own, the ideas or words of another for academic evaluation without proper acknowledgment; doing unauthorized academic work for which another person will receive credit or be evaluated; and presenting the same or substantially the same papers or projects in two or more courses without the explicit permission of the professors involved. In addition, academic misconduct involves attempting to influence one’s academic evaluation by means other than academic achievement or merit. More explicit definitions of academic misconduct specific to certain academic disciplines may be promulgated by academic departments and schools.

Privacy of Educational Records

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access.

   Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

   Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

   If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by this University to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

Also, these regulations restrict Winthrop to the release of certain records only to the student (current or former) and to certain other authorized school and government personnel, except with the student’s prior written consent to release the records to another specified person. Without this consent, Winthrop cannot release a student’s records even to parents, except in one instance. Parents or guardians of a student may be given access to student’s records if the parents or guardians sign a statement in the Records Office and provide proof that they have claimed the student as a dependent on their last federal income tax return.

FERPA does allow the University to release the following kinds of information (not considered private records) unless the student requests that it be withheld: student’s name, address, telephone number, e-mail address, date and place of birth, enrollment status (full- or part-time), dates of attendance, date of graduation, major and minor fields of study, degrees and awards received, date of admission, whether or not currently enrolled, classification (freshman, etc.), most recent previous educational institution attended, eligibility for honor societies, participation in officially recognized activities and sports, weight, and height of members of athletic teams, and other similar information. Photographic, video, or electronic images of students taken and maintained by the University also are considered directory information.

Any student not wanting this information released must make a written request to the Registrar prior to the close of each spring semester for the following academic year.

As a matter of practice, the University does not sell or give away lists which are in unpublished or computerized form to any outside agency, individual, or business.

Questions concerning Winthrop’s policy for release of academic information should be directed to the Office of Records and Registration, 102 Tillman Hall.
**Academic Regulations**

**Student Responsibility**

All students are responsible for the proper completion of their academic programs, for satisfying the general regulations stated in this catalog, for maintaining the grade point average required, and for meeting all other degree requirements. Students should secure guidance from an adviser, but the final responsibility remains that of the student.

Students are required to know and observe all regulations concerning campus life and student conduct. Students are responsible for maintaining communication with the University by keeping on file with the Office of Records and Registration at all times a current address, including zip code and telephone number.

**Classification of Students**

In the fall or spring semester, undergraduate students who are registered for and attending 12 or more semester hours are classified as full-time students. Those who are registered for and attending fewer than 12 semester hours are classified as part-time students.

All undergraduate students are also classified as either regular or special. Special students are those who are admitted under special circumstances and who are not candidates for degrees. Regular students are further classified as follows:

- **Freshmen** Students who have earned less than 24 semester hours of credit.
- **Sophomores** Students who have earned at least 24 but fewer than 54 semester hours of credit.
- **Juniors** Students who have earned at least 54 but fewer than 87 semester hours of credit.
- **Seniors** Students who have earned at least 87 semester hours of credit.

**Academic Forgiveness**

At the time of readmission to Winthrop, a student who has been absent for five calendar years or longer may choose to reenter under the “academic forgiveness policy”. Under this policy, all courses previously taken at Winthrop University are treated as if they were transfer credit from another institution for purposes of granting credit toward graduation. As with transfer credit, these earlier courses are not used in computing the student’s grade-point average. However, all earlier courses and the grades earned remain on the student’s official transcript and are counted in computing eligibility for academic honors.

The student must exercise or waive the “academic forgiveness” option by the end of the 1st week of the 2nd semester he or she is readmitted to Winthrop University.

**Academic Advisement**

Interaction between faculty and students is an integral part of the learning process at Winthrop. Individual advisement sessions between students and their advisers provide opportunities for students to learn more about the philosophy behind the required degree program as well as career opportunities for specific majors. Through stimulating informal discussions, the advisement process enhances and supplements the learning that takes place in the classroom.

The academic adviser’s primary role is to help the student plan a course of study so that courses required in a particular program are taken in the proper sequence. An online degree audit system is available to assist advisers in helping students meet degree requirements. The adviser also helps ensure that the student is aware of all graduation requirements. Advisers may aid, as well, in resolving and preventing academic problems, often referring students to the appropriate academic resource. At the beginning of each term, advisers post the office hours during which they are available to the students they advise.

Newly admitted students who have declared their intention to pursue a degree in a particular discipline are assigned advisers in the appropriate college. Generally, the adviser assignment is not changed unless the student changes degree programs. Until students officially declare a particular major, they are assigned Pre-major advisers through the College of Arts and Sciences and University College.

Prior to registration, students are required to contact their academic adviser to discuss their academic situations and receive assistance in selecting courses to be taken in the next term. A meeting with the adviser is necessary in order for the adviser to release the advising hold.

Each college maintains an office in which advising assistance is available when the assigned faculty adviser is not immediately available. Students should contact the offices below for assistance in changing majors, verifying advisers, and other academic advising concerns:

Registration

Registration of courses is done by web registration via WINGSPAN (wingspan.winthrop.edu). Registration for Fall semester begins in April and continues until the beginning of the semester. Spring registration begins in November. In the summer session, which consists of several sessions starting at various times, registration occurs over an extended period and ends, for an individual session, on the first day of classes in that session. Continuing students are permitted and encouraged to register early for the upcoming fall or spring semester. Newly admitted freshmen for a fall semester must attend one of the freshmen orientation sessions offered during the summer to be able to register for the fall. Consultation with an adviser prior to registration is required.

Course Load

Spring or Fall Semesters. While the normal course load for an undergraduate student is 15 to 17 hours per semester, a full-time course load may range from 12 to 18 hours. In determining course load, freshmen, with the assistance of a faculty adviser, should take into consideration high school performance, College Board scores, high school grade-point average, and the amount of time available to apply to the academic course work.

A continuing student with a cumulative grade-point average of 3.00 or higher may take a course overload of up to 21 hours. A student with less than a 3.0 grade-point average must request approval for an overload from the Undergraduate Petitions Committee.

Summer Session. An undergraduate student may not enroll for more than four hours in session A (Maymester). A student may enroll in a total of 14 hours in session B. Sessions C and D each have a 7-hour maximum. However, the total hours taken during B, C, and D sessions may not exceed 14.

Auditing Courses

Undergraduate students may audit a course with the permission of the instructor of the course, the department chair, and the academic dean on a space available basis. An auditor is not required to participate in any examinations or graded course assignments. Participation in class activities and the class attendance policy is at the discretion of the instructor. Students have until the third day of the beginning of the fall and spring semesters and the first day of each summer session to select the audit option.

Changes in Enrollment

Changes in enrollment, or student schedule changes, must be made before the end of the designated registration period. Such changes include dropping or adding courses, changing sections, electing to audit courses, and changing the number of credits to be earned in a course (where applicable). Any change in enrollment may be done on Wingspan (wingspan.winthrop.edu) through the designated registration period. After the last day to register or drop courses, changes must be submitted to the Office of Records and Registration on a Schedule Change form with proper signatures.

Withdrawal From Courses

Students are expected to follow the courses of study selected at the beginning of the semester or summer term. There may be instances, however, when the student wishes to withdraw from a course. The decision to withdraw from a course is the student’s alone, but consultation with the adviser or academic dean is required.

Forms for withdrawing from courses after the end of the registration change period are available in the Office of Records and Registration. Withdrawal from a course may not occur during the last week of the course. If withdrawal is completed during the first one-third of a particular course, the grade of N is assigned, indicating no credit is awarded. If withdrawal from a course taken on a letter grade basis is completed during the final two-thirds, but before the last week of the course, the grade of N is assigned only if the student is passing the course at the time of withdrawal; otherwise, the grade of F is assigned. If withdrawal from a course taken on a satisfactory/unsatisfactory basis is completed during the final two-thirds, but before the last week of the course, the grade of N is assigned only if the level of achievement at the time of withdrawal is equivalent to an S; otherwise the grade of U is assigned. Course withdrawal is considered complete on the date of official withdrawal in the Registration Office, 102 Tillman. The instructor has the responsibility for assigning the grade for a course from which a student has withdrawn.

Complete Withdrawal from Winthrop

Students who find it necessary to discontinue their college work during a semester or summer session should officially withdraw from the University. Undergraduate students who wish to initiate the withdrawal process should go to the Office of the Dean of Enrollment Management, 102 Tillman Hall.

A student who withdraws during the first one-third of the semester receives grades of N for all courses. If the withdrawal occurs in the second two-thirds of the semester, the student receives grades of F, N, U, or I, as the individual instructor deems appropriate. The only exception occurs in cases of medical withdrawal. A medical withdrawal is allowed in cases of severe medical problems which prevent the student from continuing enrollment. Medical withdrawals require documentation of the medical condition and the approval of the academic dean. In these cases, grades of N or I are recorded by the instructor. A student may not withdraw during the last week of class.

Failure to withdraw officially may seriously affect a student’s eligibility for future readmission or for transfer to another institution.
ACADEMIC REGULATIONS

Class Attendance Policies

Students are expected to attend classes and should understand that they are responsible for the academic consequences of absence. The student is responsible for all requirements of the course regardless of absences.

Instructors are obligated to provide makeup opportunities only for students who are absent with adequate cause such as incapacitating illness, death of an immediate family member, or authorized representation of the university. The instructor will be responsible for judging the adequacy of cause for absence. The student is responsible for providing documentation certifying the legitimacy of the absence to his or her instructor in advance of such absences. In health-related or family emergency cases where advance notice is not possible, documentation should be provided to the instructor no later than the date the student returns to class. If the instructor denies the adequacy of cause, then the student can appeal the denial to the Vice President for Academic Affairs, who will judge the adequacy of cause, and if found to be adequate, will require the instructor to provide a make-up opportunity.

The instructor may establish the attendance requirements for the course. The following policy will be in effect unless the instructor specifies otherwise: if a student’s absences in a course total 25 percent or more of the class meetings for the course, the student will receive a grade of N, F, or U; whichever is appropriate; if the student’s enrollment in the course continues after the date for withdrawal with an automatic N, and if the student’s level of achievement is equivalent to D or better (or S for a course taken on a satisfactory/unsatisfactory basis), the grade of N will be assigned; otherwise, the student will receive the grade of F (or U).

Class Attendance and Hazardous Weather Conditions

It is the practice of Winthrop University to carry out its primary responsibility of providing instruction for students during regularly scheduled hours, except in cases when extreme weather conditions make roads unsafe for travel. While Winthrop feels a responsibility to meet scheduled classes and maintain office support for those classes whenever possible, the University places the highest priority on the safety of its students, faculty, and staff.

In instances of unsafe road and traveling conditions, the University notifies local media outlets in areas where Winthrop students and employees live if scheduled classes and activities of the University have been changed. Students should use their local media and discretion in judging the safety of traveling to the University during periods of inclement weather.

Final Examinations

The form of the final examination is determined by the instructor. The exam period may not exceed two and one-half hours. The times of final examinations are officially scheduled by the Registrar. The student and the instructor will be notified of a legitimate exam conflict if one or more of the following occurs: the student has more than one scheduled exam per period; the student has more than two examinations scheduled per day or more than three examinations scheduled in any four consecutive periods. Personal conflicts such as travel plans and work schedules do not warrant a change in examination times.

Evaluation and Grading

It is the responsibility of all faculty members at Winthrop to assign to all of their students fair grades based on evaluation relevant to the content and purposes of the course of study and, reasonably early in the semester, to inform students of the evaluation placed upon their work. Testing procedures are generally guided by the following principles: a number of evaluations of students’ achievements should be made throughout any given semester; the instructor in each class is encouraged to base students’ final grades on at least four major evaluations; the instructor may require a combination of one-hour tests, written reports, oral reports, or appropriate performances on projects. Tests should be returned to students within a reasonable time. Students have a right to examine their own tests regularly in order to understand which items were answered incorrectly or inadequately.

Grading System

Grades for courses taken for undergraduate credit are recorded as follows:

A Excellent, achievement of distinction (4 quality points per semester hour).
B Good, achievement above that required for graduation (3 quality points per semester hour).
C Fair, minimum achievement required for graduation (2 quality points per semester hour).
D Poor, achievement at a level below that required for graduation; must be balanced by good or excellent work in other courses (1 quality point per semester hour).
F Failure, unsatisfactory achievement (no quality points).
SH Satisfactory Honors, used only for honors courses to indicate honors credit (A or B) taken on a satisfactory/unsatisfactory basis.
SH Satisfactory Honors, used only for honors courses to indicate honors credit (A or B) taken on a satisfactory/unsatisfactory basis.
U Unsatisfactory Honors, used only for honors courses, C level or below; all others, D level or below) on a course taken on a satisfactory/unsatisfactory basis.
N No Grade, indicating the course carried no credit, or was withdrawn from under conditions that did not justify assignment of a grade of F or U.
I Incomplete, used only as a prefix to a letter grade. Assigning an incomplete grade indicates that, for a valid reason, the course has not been completed and that the instructor reserves the right to raise the grade if the incomplete work is completed within one year, or by an earlier date specified by the instructor. The grade to which I is prefixed is not used in computing the student’s GPA until the I prefix is removed and indicates the
grade earned if no further work is performed. It is the grade in the course unless and until changed by the instructor.

**Satisfactory/Unsatisfactory Option**

Undergraduate students may elect to receive a satisfactory/unsatisfactory (S/U) grade on a total of four courses throughout their entire undergraduate curriculum, and are limited to electing no more than one S/U course per semester. (All summer sessions together are considered one semester.) Each of these courses will count for credit as does any other course; however, a satisfactory/unsatisfactory grade, recorded as S or U, will not be counted in computing the student’s grade-point average. (The purpose of this option is to allow the student an opportunity to explore areas of interest outside the major and outside required courses without jeopardizing the grade-point average. Students are discouraged from choosing the S/U option for required courses or for courses in the major.) Students who are unclear about the appropriate application of the S/U option should consult their advisers.

The four-course limit regarding the S/U option does not include those courses which are offered only on an S/U basis. A student must elect to utilize the S/U option within the first two weeks of a semester.

**Quality Points and Grade-Point Average**

To remain in good academic standing, a student must maintain a certain standard of excellence. This standard is fixed by the quality-point system. The grade received on a course determines the number of quality points earned per semester hour. Total quality points for a course are calculated by multiplying hours earned by the point value for the grade earned.

**Semester Grade Point Average:** The semester grade-point average (GPA) is calculated by dividing quality points earned that semester by hours taken on a letter-grade basis during that semester.

**Cumulative Grade Point Average:** The cumulative grade-point average (GPA) is calculated by dividing total quality points by quality hours. Quality hours are all hours of credit taken at Winthrop on a letter-grade basis. Credits earned by examinations, credits transferred from other institutions, and credits for courses taken on satisfactory/unsatisfactory basis are not used in computing a student’s cumulative grade-point average. Courses failed at Winthrop University cannot be replaced by transfer coursework.

**Quality Points**

Semester Hours Earned times the value of the Grade: A=4, B=3, C=2, D=1, F=0. All courses are counted in the semester summary of the semester in which they have been taken and in the cumulative summary.

**Grade Appeal Procedures**

Students and faculty members should try to resolve grade problems informally. If no satisfactory solution is reached, the student, the faculty member, or both may contact the appropriate chair or the appropriate dean.

**Academic Probation**

The first semester a student’s cumulative grade-point average falls below the minimum required for the classification, he or she is placed on academic probation.

Students on academic probation may not enroll in more than 15 semester hours. A student on academic probation whose semester grade-point average is 2.0 or higher is not suspended at the close of that semester even though the cumulative grade-point average remains below the minimum required for the classification. The student may continue enrollment on academic probation.

The student is removed from academic probation at the close of a semester in which the cumulative grade-point average meets the required minimum standard for his or her classification.

Undergraduate special students are not subject to academic eligibility while in this classification.

Credit awarded by examination and hours earned with a grade of S are used in determining classification but not in determining the grade-point average.

A student’s eligibility in a given semester cannot be influenced by the change of a grade awarded in any semester prior to the previous semester, except in the removal of an incomplete grade.

**Academic Eligibility Schedule**

Students enrolled at Winthrop University must earn a minimum cumulative grade-point average in accordance with the eligibility schedule below in order to avoid being placed on academic probation (or suspension):

<table>
<thead>
<tr>
<th>Class</th>
<th>Cumulative Hours Earned</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0 to 23</td>
<td>1.75</td>
</tr>
<tr>
<td>Sophomore</td>
<td>24 to 53</td>
<td>1.85</td>
</tr>
<tr>
<td>Junior</td>
<td>54 to 86</td>
<td>2.0</td>
</tr>
<tr>
<td>Senior</td>
<td>87 or more</td>
<td>2.0</td>
</tr>
</tbody>
</table>
ACADEMIC REGULATIONS

Initial failure to meet the cumulative grade-point average according to the earned hours results in probation. A subsequent violation in the next semester or summer term of enrollment results in first academic suspension for the immediately succeeding regular academic semester and any intervening summer session. Students who are readmitted after suspension are readmitted on academic probation. Failure to meet the specified minimum cumulative grade-point average during this semester results in a second suspension for one calendar year. Readmission for a second time again places the student on academic probation. Failure to achieve the specified minimum cumulative grade-point average after the second suspension results in permanent dismissal from the University.

Credit earned at any other institution while a student is ineligible to enroll at Winthrop University cannot be applied to any degree at Winthrop University.

Recourse for Academically Ineligible Students

If an academically ineligible student feels there are extenuating circumstances in his or her situation, special consideration may be asked of the Committee on Undergraduate Petitions. Procedures for petitioning are as follows:

1. A typed petition from the student must be presented to the Registrar stating the specific extenuating circumstances (see Item 4 following) which prevented the student from succeeding in his or her course work. This petition must be accompanied by a physician’s supporting statement or by other documentary evidence of extenuating circumstances. The petition must include the student’s name, student number, address, major, class, telephone number, and adviser’s name. A petition form is available in the Records Office.
2. The typed petition must be received by the Registrar at least one week before the beginning of the semester for which the student wishes to be readmitted.
3. The Registrar forwards the petition, along with all supporting documents, to the Petitions Committee.
4. Decisions are based only on extenuating circumstances such as illness, death in the family, or emergency military service.
5. Those who are readmitted by the Committee are notified and are allowed to register for courses.

General Appeal Procedure

Any undergraduate student may appeal for variations in the general education requirements and other university-wide academic regulations by submitting a typed petition to the Committee on Undergraduate Petitions.

Petitions must be accompanied by supporting statements or other documentary evidence which the student judges pertinent to the petition. Petitions should be addressed to the Committee on Undergraduate Petitions, in care of the Registrar, and should include the student’s name, student number, address, major, class, telephone number, and name of adviser. A petition form is available in the Office of Records and Registration.

To be considered at a regular monthly meeting, petitions must be received by the Registrar at least one week prior to the published meeting date of the Petitions Committee.

The Registrar forwards the petitions, along with any supporting documents, to the Undergraduate Petitions Committee and relays to the student the decisions reached by the Committee. (Refer to “Recourse For Academically Ineligible Students” for specific instructions pertaining to petitions concerning academic ineligibility.)

Fluency in English

A grievance policy exists in cases where a student claims that a faculty member’s fluency in English is not adequate to conduct a course. Students may consult department or deans’ offices or the Office of Academic Affairs to obtain the full text of the policy and grievance procedures.

Teacher Certification Requirements

Requirements for teacher certification set by the South Carolina State Department of Education or other agencies may or may not be the same as degree requirements shown in this catalog. For more information, see page 98 or the Student Academic Services office in the College of Education.

Transient Study Credit

Courses taken at another institution by a Winthrop student, either during the summer sessions or a regular semester, for transfer back to Winthrop must have written approval of the student’s adviser and the student’s dean prior to registration for the courses. It is the student’s responsibility to have grades on these transfer credits reported to the Records Office as soon as possible, and, if it is the student’s final semester at Winthrop, no later than four days prior to the expected graduation date. Transcripts of all college work taken while a student is absent from Winthrop for a semester or more must be submitted when the student reapplies to Winthrop.

All transient study credit is subject to the Winthrop University Transfer Credit Policy. (See “Undergraduate Transfer Credit Policy,” page 9.)

Charlotte Area Educational Consortium

Winthrop participates in the Charlotte Area Educational Consortium (CAEC), which includes twenty-four colleges and universities in the Charlotte area. Under the CAEC Exchange Program, a full-time undergraduate student at Winthrop may be allowed to enroll in an additional course at a member school at no additional academic fee charge, provided the additional course does not enroll the student in a course overload. (The Exchange Program is available only during fall and spring semesters.) Information concerning this program is available in the Office of Records and Registration Office, 102 Tillman.
Graduate Credit for Winthrop University Seniors

Winthrop seniors with an overall grade-point average at Winthrop of 3.00 or better may be permitted to take courses numbered 500-599 for graduate credit during their final semester of undergraduate work, provided the total course load (undergraduate and graduate) for that semester does not exceed 16 semester hours. The student may receive graduate credit for these courses only if the requirements for the baccalaureate degree are satisfactorily completed by the end of that same semester.

Senior accounting students in their final term may take one 600 level accounting class if the student meets the following conditions: (A) admitted provisionally to graduate studies for the MBA Accounting Option; (B) limited to one 600 level accounting course; (C) 3.0 undergraduate grade point average; and (D) limited to maximum load of 16 semester hours.

Undergraduate students who wish to take courses numbered 500-599 for graduate credit must first receive approval from the academic dean of the school or college in which they are majoring. Approval applications are available in the Graduate Studies Office.

Repeating a Course

A student may repeat any course taken at Winthrop University or transferred to Winthrop for which he or she did not earn a grade of B or higher, or a grade of S. (This regulation does not apply to courses that may be repeated for additional credit.) Credit hours earned in a particular course taken at Winthrop will not be awarded more than one time, (unless the course has been approved for additional credit) and transfer credit for repeated courses will be forfeited.

A student who enters Winthrop as a freshman is allowed a maximum of four repeated courses with grade exemption for any courses taken at Winthrop University for which he or she did not earn a grade of B or higher. Under this policy, the original grade earned in the course will be exempted from the calculation of the cumulative grade point average. Students who transfer to Winthrop with fewer than 40 semester hours of credit also are allowed the four course repeats with grade exemption; those with at least 40 and fewer than 70 hours are allowed three; those with at least 70 and fewer than 100 are allowed two; and those with 100 or more allowed only one repeated course for which the original grade may be exempted from the cumulative grade point average.

The repeat exemptions will be automatically applied to courses as they are repeated up to the allowed number of repeat exemptions. Receiving a grade of U in a repeated course will not replace a previous attempt’s grade, but will utilize one of the repeat exemptions.

The Permanent Record and Transcripts of Record

A permanent record of each student’s courses, credits, and grades earned is maintained in the Office of Records and Registration. Transcripts are provided upon written request of the student. Transcripts are withheld from those students and former students who have unpaid accounts with the University.

Grade Reports

At the end of each semester and summer term, students may access their final grades via Wingspan (http://wingspan.winthrop.edu). Copies of grades may be printed from Wingspan or obtained from the Office of Records and Registration. All errors found on a grade report must be reported to the Office of Records and Registration. If no error is reported within 30 days of issuance, it is assumed the report is correct and each entry becomes a part of the student's permanent record.

Academic Honors

President’s List. Each undergraduate student who completes a minimum of 12 semester hours of courses taken on a letter-grade basis during the fall or spring semester and earns a grade-point average of 4.00 is eligible for the President’s List for that semester.

Dean’s List. Each undergraduate student who completes a minimum of 12 semester hours of courses taken on a letter-grade basis during the fall or spring semester and earns a grade-point average of at least 3.50 is eligible for the Dean’s List for that semester.

Honor Graduates. Any undergraduate student who completes degree requirements with a final grade-point average of 3.50 to 3.74 shall be granted a diploma cum laude; any undergraduate student who completes degree requirements with a final grade-point average of 3.75 to 3.89 shall be granted a diploma magna cum laude; any undergraduate student who completes degree requirements with a final grade-point average of 3.90 or higher shall be granted a diploma summa cum laude. In order for a student who has credits transferred from another institution to receive a diploma cum laude, magna cum laude, or summa cum laude, it is necessary to have the required grade-point average on the work taken at Winthrop as well as the required grade-point average on the combination of Winthrop work, including courses lost due to utilization of academic forgiveness, and all work taken at other institutions. Note: Coursework taken at other institutions cannot raise a graduate to a higher level of Academic Honors.

Students who complete degree requirements with a final grade point average of 3.75, earn a minimum of 48 quality hours (earned hours on a regular letter grade basis) at Winthrop University, and do not qualify for one of the categories above, will receive Honors Recognition.
Choice of Catalog
A regular undergraduate student may obtain a degree in accordance with the requirements set forth in the catalog in force at the time of the student’s initial enrollment as a regular undergraduate student at Winthrop, provided that the student has not been absent from active enrollment for a continuous period of twelve months or more; or the student may elect to obtain a degree in accordance with the requirements of any catalog issued after the initial enrollment, provided the student was enrolled as a regular undergraduate student in Winthrop at the time the catalog was issued and has not subsequently been absent from active enrollment for a continuous period of 12 months or more. When a student has been absent for a period of 12 months or more, he or she must fulfill the requirements of the catalog in force at the time of re-enrollment or a subsequent catalog in force during enrollments. In all cases, a student is restricted in choice to the requirements of a specific catalog and must graduate within a period of eight years from the date the catalog was issued to claim the rights of that catalog.

If any course required in the catalog specified is not offered after the student specifying the catalog has accumulated 87 semester hours, the University reserves the right to substitute another course. In all cases, if a course has been officially dropped from the course offerings, the University provides a substitute course.

Change of Degree or Program of Study
A student may change from one degree program or area of academic concentration to another, provided the prerequisites for admission to the new program are met and appropriate written approval is obtained. Students should consult their appropriate Student Services Office for assistance.

Application for Graduation
The Application for Graduation serves as official notification to the Registrar of the student’s planned graduation date and also generates the ordering of the student’s diploma and other commencement-related notifications. Students should apply for graduation upon earning 87 hours. An official review of the student’s record is performed to verify remaining degree requirements only upon receipt of the application for graduation. The Records Office will notify students upon audit completion and require students to review and sign official degree reviews.

The signed review serves as a written understanding between the university and the student of remaining degree requirements. A new degree review is required if a student has a change of major, minor, or concentration. It is the student’s responsibility to notify the Records Office of such changes. If a student is not enrolled at Winthrop for one calendar year, the review is void and will require completion of a new application for graduation.

Failure to file an application as specified below will result in a late fee. The application deadlines are February 1 for August and December graduation and September 15 for May graduation. If the application is filed after the deadline, a $25 penalty is assessed. After the deadline for the next commencement has passed, a $50 penalty is assessed.

Awarding Degrees and Commencement Exercises
Degrees are awarded three times a year, at the end of each Fall and Spring semester and at the end of the summer session. Commencement exercises are held only twice a year, in December and in May. The program for the December commencement lists the names of all students who completed degrees during the preceding summer session, as well as those who completed degrees during the Fall semester. The program for the May commencement lists the names of those students who completed degrees during the Spring semester.

Students who complete degrees during the Fall and Spring semesters and desire to graduate in absentia should submit a written notification to the Records Office as soon as they know they are not attending commencement exercises.
The University offers degrees in programs leading to the Bachelor of Arts, the Bachelor of Fine Arts, the Bachelor of Music, the Bachelor of Music Education, the Bachelor of Science, and the Bachelor of Social Work.

  - Mild Disabilities
  - Severe Disabilities
- Sport Management

**Bachelor of Social Work**
**Degree Requirements**

Each student is responsible for meeting requirements for graduation as stated in the University Catalog. An adviser is available for counsel, but the responsibility remains with the student.

The baccalaureate degrees require the completion of a minimum of 124 semester hours of credit, including all courses required in the specified degree program, with a final grade-point average of 2.0 or better on all courses which are taken on a letter-grade basis at Winthrop University. Students must also achieve a minimum of a 2.00 GPA in courses counted toward the major and minor programs. Some degree programs have more stringent GPA requirements. See degree program listings for specific requirements.

Of those semester hours required for the baccalaureate degree, a minimum of 40 semester hours must be in courses numbered above 299, and 59 semester hours must be distributed in accordance with the General Education Distribution Requirements.

Not more than 36 semester hours in any one subject may be applied toward a Bachelor of Arts degree.

All baccalaureate degree programs at Winthrop University require the successful completion of the Undergraduate Writing Composition requirement. (See Writing Composition Requirement, page 37.)

A student not majoring in Business Administration may take for the baccalaureate degree a maximum of 30 semester hours of credit in the College of Business Administration. Programs permitting more than 30 semester hours of such courses must be approved by the Dean of the College of Business Administration.

Each program leading to the Bachelor of Arts degree requires the completion of a minor in addition to the major program. Students must achieve a 2.00 grade-point average in courses counted toward the minor. Students may fulfill the minor requirements with one or more minors of their own choosing (see section on minors, page 148, for the comprehensive list of minors and the specific requirements for each minor) or a second major. Students in Bachelor of Science degree programs may elect to complete a minor. The minimum number of semester hours required for a minor is 15, at least 6 of which must be in courses above 299. Bachelor of Science degree students may use courses required in the major to also satisfy minor requirements, except those pursuing a B.S. in Business Administration. No course may count toward a business administration major and a business administration minor. Minors are recorded on the permanent record.

Students may elect a second major. When doing so, students must indicate which college they wish to have advise them, and it shall be the student’s responsibility to ascertain whether the appropriate requirements have been met in both majors. The second major shall be recorded on the permanent record in lieu of, or in addition to, a minor. It should be noted that a double major will not by itself lead to the conferral of a second degree. (See Second Baccalaureate Degree, page 40.)

**Residence Requirements**

There are four basic residence requirements:

1. A minimum of 31 semester hours of course credits must be taken within five calendar years preceding the date the degree is granted.
2. A minimum of 22 of the final 31 hours required for the degree must be taken in residence at Winthrop exclusive of CLEP credit. However, a minimum of 15 is required if the student participates in a recognized exchange program at Winthrop University. This exception will require the approval of the Winthrop director of the exchange program, the head of the student’s department, and the director of student services in the college of the student’s major.
3. When part of the final 31 hours is taken at another institution, the student must have taken a minimum of 30 semester hours at Winthrop prior to taking the final 31 hours. The institution and the course taken must be satisfactory to the student’s adviser and to the dean of the college.
4. A minimum of 12 semester hours of course credits must be taken in residence at Winthrop in the major discipline(s).

In meeting the residence requirements, credits earned during the Winthrop summer session are counted on the same basis as credits earned in the fall and spring semesters.

In addition to the basic residence requirements for all Winthrop undergraduate degrees, all undergraduate degree programs in the College of Business Administration require that the final 31 hours required for the degree must be taken in residence at Winthrop.

**Course Level Requirement**

For graduation with a baccalaureate degree a student must present a minimum of 40 semester hours in courses numbered above 299 (48 semester hours above 299 in programs offered by the College of Business Administration).

**Final Grade-Point Average**

A final cumulative grade-point average of 2.00 or better is required for graduation. The final grade-point average is based on the hours and quality points earned for all courses taken on a letter-grade basis at Winthrop.
Writing Composition Requirement

Beginning students should enroll in WRIT 101 during their first semester at Winthrop University and should complete WRIT 101, GNED 102, and CRTW 201 early in their academic careers. Students who do not pass these courses by the time they have completed 75 earned hours will be limited to a maximum course load of 12 hours per semester and will not be permitted to enroll in courses above 299 until they have satisfied the writing requirement.

Freshman Year Seminar: Principles of the Learning Academy

The freshman year seminar course, Principles of the Learning Academy (ACAD 101) is required for all first-time entering freshmen. The goals of this course are to introduce first-year students to the concepts, resources, and skills necessary for successful higher learning and to facilitate the student’s adjustment to and engagement in the class and university. ACAD 101 carries one hour of credit. Classes generally meet twice a week in small groups with a seminar director and peer mentor the first part of the semester.

Cultural Events Requirement

By graduation, each undergraduate student is required to attend three cultural events for every 20 hours completed at Winthrop University, not to exceed a maximum requirement of 18 cultural events. The purpose of the cultural events requirement is to establish and foster a life-enriching pattern of cultural involvement.

Each semester a calendar of events which have been approved as fulfilling the cultural events requirement is published. This calendar will have events added over the course of the semester. Events that are selected will be chosen from areas that are related to the arts such as plays, concerts, films, art exhibitions, and dance performances, or from lectures. Lectures that are included on the cultural events calendar are selected on the basis of the speaker’s reputation and ability to generate new ideas and discussion on topics of universal significance. Students may fulfill this requirement through any one of the following three methods or a combination of these methods:

1. Attend approved on-campus events. To receive credit the student must be scanned both in and out of the event.
2. Petition for credit for attendance at an event off-campus. This option requires a petition form (available from the Cultural Events Office, the Registration Office or the Winthrop Web Site), proof of attendance (ticket stub or program), and a one-page typewritten report.
3. Present a portfolio of culturally related life experiences. All experiences cited must be post-high school and prior to matriculation at Winthrop University. This option is designed for the nontraditional student with extensive cultural experiences.

For more detailed information regarding the Cultural Events Requirement and/or these three options, contact the Cultural Events Office (112 McLaurin).

General Education Distribution Requirements

The general education program is based on three concepts: mastery of competencies, integration of experiences across disciplines, and exposure to a variety of intellectual and social perspectives. The program is composed of three core areas: the critical skills, skills for a common experience and for thinking across disciplines, and developing critical skills and applying them to disciplines. Students should see their degree program for specific course requirements.

* Courses meeting these requirements may also meet another requirement in the student’s degree program.
# These courses contain a significant writing component (except for Art studio or Dance and Music performance/lesson courses.)
§Designators that differ only for the purpose of theory and application will be considered the same designator in this category.

Global and Multicultural Perspectives Requirements

Teacher education students, as part of their degree program, must complete at least one course from Global Perspectives and at least one course from Multicultural Perspectives. A list of courses meeting the Global Perspectives Requirement for teacher education candidates will be provided through the advising office of the respective college. Courses meeting the Multicultural Perspectives requirement are:

International Understanding Requirements for International Students

A student classified as a national of any non-English speaking nation may meet the International Understanding Requirement by taking an appropriate number of hours in English. Foreign students who are admitted with junior standing after evaluation of their academic records may be excused from some part of the total International Understanding Requirement but must earn no less than 6 semester hours of credit in English courses at a level acceptable to the academic adviser and to the Dean of the College of Arts and Sciences.

Extension and Correspondence Credit

A maximum of 30 semester hours in correspondence courses may be accepted as partial fulfillment of the requirements for baccalaureate degrees, not more than 12 semester hours of which may be in any one subject. The institution and the courses taken must be satisfactory to the dean of the student’s college. The student must have a grade of C or above on correspondence credit accepted. Grades on correspondence courses are not used in computing a student’s grade-point average.

Double Majors/Dual Degrees

A student may obtain a double major within the 124 hours required for a baccalaureate degree by completing requirements for two majors with the same degree (e.g., BA Political Science and BA History). Selection of two majors representing different degrees (e.g. BS Biology and BA Psychology) leads to a dual degree. A student may obtain a dual degree by completing the requirements for both majors including at least 30 hours beyond the 124 hours required for the first degree.

Second Baccalaureate Degree

A graduate of the University may receive a second baccalaureate degree if it is in a different major by fulfilling the following conditions:

1. Meet all the requirements for the second degree.
2. Complete a minimum of 30 hours in residence beyond requirements for the first degree.

*The dean of the appropriate college will determine the courses required to complete the second degree. Cultural Events are not required for the second degree.

Students wishing to complete a second degree concurrently with their first undergraduate degree must meet all requirements for the second degree and complete 30 credit hours beyond the requirements for the first degree.
The College of Arts and Sciences

Debra C. Boyd, Dean
Sarah F. Stallings, Associate Dean

Undergraduate Degree Programs and Requirements

The College of Arts and Sciences provides educational opportunities for students to gain knowledge, insights, and skills in order to grow more sensitive to the significance of the human heritage, to participate and contribute knowledgeably and effectively as citizens, and to lead rewarding, productive, and enriched lives within the contemporary world.

Providing the liberal arts foundation for all Winthrop University students, the College of Arts and Sciences offers a broad spectrum of general education courses so undergraduate students may be afforded the central core of knowledge enjoyed by well-educated citizenry.

Some of the degree programs in Arts and Sciences prepare majors directly for professional employment; others prepare them for admission to professional and graduate schools; others combined with an appropriate minor from Arts and Sciences or one of the professional schools provide a valuable basis for a career.

The College of Arts and Sciences offers the Bachelor of Arts, Bachelor of Science, Bachelor of Social Work, Master of Arts, Master of Liberal Arts, Master of Mathematics, Master of Science, and Specialist in School Psychology degrees with the following majors:

**Bachelor of Arts Degree:** English, environmental studies, general communication disorders, environmental studies, history, mass communication, mathematics, modern languages, philosophy and religion, political science, psychology and sociology.

**Bachelor of Science Degree:** biology, chemistry, environmental sciences, human nutrition, integrated marketing communication, mathematics, and science communication.

**Bachelor of Social Work Degree:** social work.

Minors are offered through the College of Arts and Sciences in African-American studies, anthropology, applied physics, biology, chemistry, English, French, general science, geography, geology, German, gerontology, history, human nutrition, international area studies, mass communication, mathematics, philosophy, philosophy and religion, political science, psychology, secondary education, social sciences, social welfare, sociology, Spanish, women's studies, and writing. See the section on Minors for requirements.

Winthrop’s undergraduate program in human nutrition is accredited by the Commission on Accreditation for Dietetics Education (CADE) of The American Dietetic Association. The Bachelor of Social Work program is accredited by the Council on Social Work Education. The Department of Mass Communication is accredited by the Accrediting Council of Education in Journalism and Mass Communications.

Graduate Degree Programs

**Master of Arts Degree:** English, history, and Spanish.

**Master of Liberal Arts Degree:** liberal arts.

**Master of Mathematics Degree:** mathematics.

**Master of Science Degree:** biology, human nutrition, and school psychology.

**Specialist in School Psychology Degree:** school psychology.

Pre-major Advising Center–University College

Students who do not declare majors are assigned advisers in the Pre-major Advising Center. Advising is provided by faculty members representing a variety of academic departments who help resolve issues that pre-majors tend to encounter. The Pre-major Advising Center is administered by University College and is located in 106 Kinard.

Pre-College Credit, Distance Learning, and Dual Credit

Qualified high school students may enroll for university courses at Winthrop during the regular academic year or summer session. Distance learning courses are offered to area high school students for college credit. To qualify, students must be recommended by their high school counselors or principals. Credit earned can count towards a high school diploma, for college credit at Winthrop or both. However, this dual credit option is limited to secondary schools with which Winthrop has dual credit agreements.

College of Arts and Sciences Requirements

**Foreign Language Requirements:** A candidate for a BA or BS degree in the College of Arts and Sciences must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing a foreign language course numbered 102 or any foreign language course with 102 as a prerequisite. A maximum of three semester hours of foreign language courses may be applied to Logic/Language/Semiotics area of the Winthrop University General Education requirements. Non-native speakers of English can petition the College of Arts and Sciences Curriculum Committee for possible exemption from the foreign language requirement.
Grade Point Average (GPA) Requirement: A minimum grade-point average of 2.0 cumulative is required for courses taken at Winthrop, as well as for courses counted toward the major program. All students pursuing degrees that require a minor must achieve a minimum cumulative GPA average of at least 2.0 in courses counted toward the minor.

B.A. Degree Requirements: All B.A. degree programs require that students complete a minor. Not more than 36 semester hours in any one subject designator may apply to a Bachelor of Arts Degree.

B.S. Degree Requirements: Although not required, students enrolled in B.S. degree programs may complete a minor. In such cases, students may use courses required in the major (except Integrated Marketing Communication) to also satisfy minor requirements.

Teacher Certification: Certification is available in the following areas: biology, English, French, mathematics, social studies (which includes anthropology, economics, geography, history, political science and sociology) and Spanish.

Students must meet all requirements for admission to and completion of the Teacher Education Program and its core curriculum. All phase-in information as explained in the College of Education section of this catalog will be applicable.

Bachelors of Science in Biology

The biology major is frequently chosen by students with career interests related to medicine, environmental science, biological research and teaching, and secondary education in the sciences. Qualified Winthrop students in biology are accepted for postgraduate study in many fields, including medicine, dentistry, veterinary medicine, physical therapy, physiology, microbiology, ecology, environmental science, botany, zoology, and medical technology.

Students majoring in biology should take BIOL 203, 204 and 205 or 206, CHEM 105-106 and 107-108 and a MATH elective in the freshman year. Students are required to take at least one 500-level course in Biology.

†Students completing the required program for the BS degree in Biology must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be applied to the Logic/Language/Semiotics Area.

**11 hours mathematics and science electives must be chosen from: MATH (except 291 & 292 and any course used to satisfy the Quantitative Reasoning Area); CHEM (except 101, 340A, B, C, 461, 462, or 463); PHYS; GEOL; AND QMTH 205, 206 (if MATH 141 not selected).

The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 67 semester hours of the required program. The student must complete a minimum of 12 semester hours of BIOL courses in residence at Winthrop University. Within the 124 semester hours required for this degree, the student must include a minimum of 40 semester hours in courses numbered above 299. No more than 3 semester hours of credit may be awarded toward a degree in Biology for a student completing any combination of BIOL 461, 463 and 340 A, B, C.

Bachelor of Science in Biology - Certification as Secondary School Teacher

Program Coordinator: Paula Mitchell
Students desiring certification as teachers of biology should consult with the department’s certification adviser and Student Academic Services in the Richard W. Riley College of Education for specific requirements for admission to the Teacher Education Program. See section on College of Education Admission Requirements, page 98.

†Students completing the required program for the BS degree in Biology must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be applied to the Logic/Language/Semiotics Area.

**A grade of C or better is required in EDUC 110, 210, 250, 275, 310, and 390.

In addition to the requirements for their major, students must meet requirements for the Teacher Education Program, which include the requirements for Admission to Teacher Education, Entry to the Professional Stage, and Program Completion. For information on these requirements, consult the Student Academic Services in the College of Education.

The PRAXIS II Series is required prior to graduation: 1) Subject Assessment/Specialty Area Tests and 2) Principles of Learning and Teaching (PLT) Test.

The student must attain a cumulative grade-point average of 2.75 or better in courses taken at Winthrop and a minimum of 2.0 in the 71 hours of the required program. The student must complete a minimum of 12 semester hours of BIOL courses in residence at Winthrop University. Within the 137-146 hours required for the degree, the student must include a minimum of 40 hours in courses numbered above 299. No more than 3 semester hours of credit may be awarded toward a degree in Biology for a student completing any combination of BIOL 461, 463, and 340 A, B, and C.

Certification as a Medical Technologist - Bachelor of Science in Biology
Program Director: Dr. John Dillé

Students desiring national certification as a Medical Technologist should consult with the department’s Med-Tech advisor for specific details about this program. Qualified graduates must be accepted by a School of Medical Technology for a year (12 months) of hospital training before being certified.

---

† Students completing the required program for the BS degree in Biology must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be applied to the Logic/Language/Semiotics Area.

The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 67 semester hours of the required program. The student must complete a minimum of 12 semester hours of BIOL courses in residence at Winthrop University. Within the 124 semester hours required for this degree, the student must include a minimum of 40 semester hours in courses numbered above 299. No more than 3 semester hours of credit may be awarded toward a degree in Biology for a student completing any combination of BIOL 461, 463, and 340A, B, C.

Although Winthrop University is formally affiliated with the schools of medical technology of Carolinas Medical Center in Charlotte, NC and McLeod Regional Medical Center in Florence, SC, students may apply to any NAACLS accredited hospital program in the US. Although specific admission requirements vary among accredited hospitals, students are normally required to have a cumulative grade-point average of at least 3.00 for acceptance into the hospital program.

Bachelor of Science in Chemistry

Students major in chemistry to pursue industrial or graduate opportunities in medicine, environmental science, computational molecular modeling, forensics, plastics, chemistry, textiles, health sciences, materials science, energy production, biotechnology, chemical engineering, pharmaceutical sciences, ceramics, environmental engineering, or toxicology. Chemists represent the largest group of industrial scientists in the United States; approximately 50% of all research and development positions in this country are filled by professionals with chemistry or chemical engineering backgrounds.

Students majoring in chemistry can select one of five programs of study to tailor their curricula to meet their long-term professional objectives. Three programs of study focus on chemistry, biochemistry, and environmental chemistry. A new chemistry-engineering program of study is designed for students interested in obtaining engineering and science degrees. The multidisciplinary chemistry program of study is designed for maximum flexibility to meet a broad array of students interests or needs.

Premedical Program with a Bachelor of Science in Chemistry

Students who wish to prepare for application to medical school should acquire a broad foundation in the natural sciences, mathematics, humanities, and the social sciences. Chemistry is a popular major for such students since it allows them to complete the premed requirements without taking a large number of courses outside the major. In addition, the percentage of chemistry majors applying and being accepted to medical school is higher than observed for most other majors. Medical schools generally require two semesters of each of the following courses:

- Inorganic Chemistry
- Organic Chemistry
- General Biology
- Physics
- Mathematics
- English Composition and Literature

(Biochemistry, anatomy and physiology, genetics, and microbiology are strongly recommended.) All of the courses listed above can be used to fulfill requirements necessary for a major in chemistry.

†Students completing the required program for the BA degree in English must demonstrate proficiency in a foreign language at or above the third semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 201 or any course with 201 as a prerequisite. A maximum of one course may be applied to the Logic/Language/Semiotics Area.

*Students must take at least one ENGL course numbered above 499.

The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 42-51 semester hours of the required program. The student must complete a minimum of 12 semester hours of ENGL courses in residence at Winthrop University. In addition to the 42-51 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must include a minimum of 40 hours in courses numbered above 299.
Bachelor of Arts in English Certification as Secondary School Teacher

Students desiring Certification as teachers of English should consult with the department’s teacher certification advisor and the College of Education section of the catalog for specific requirements for admission to the Teacher Education Program.

Requirements in Major

Writing Core: 33

WRIT 300, 351, 566 | Rhet Theory; Adv Non-Fict; Tech/Sci Writing 9

WRIT 461, 462 | Science Communication Internship 6

ENGL 380 | Literature of Science 3

ENGL or WRIT above 299*** 6

(***WRIT 465 or WRIT 566 required if BIOL 300 not taken)

ENGL 492 | Seminar in Science Communication 0

MCOM 241, 340, and either 333 or 343 | Media Writ; Pub Prod; News Ed; Feature Writ 9

Technology: 9

ARTS 370 or 311 | Basic Photography; Photo Communication 3

CSCI 110 or 151 | Intro to Comp & Programming; Overview of CSCI 3
**COLLEGE OF ARTS AND SCIENCES-ENVIRONMENTAL SCIENCES**

BADM 411                      Info Tech in Business Admin  
Science Methods/Statistics:                           11-12
PSYC 101, 301, and 302 (WRIT 465 or WRIT 566 required with this option)

OR
BIOL 203, 204, 205, or 206; and BIOL 300 (oral intensive elective required with this option)

**Additional Science Courses**  
Choose from areas below and at least 8 hours from one designator:
Life Sciences: BIOL above 199; ANTH 202, 350; NUTR 201;
SCIE 202, 301; Physical Sciences: CHEM, PHYS, GEOL,
SCIE 201B, 201C

Additional Science Courses  

**Subtotal**  
Foreign Language Requirement  
General Electives  
Total

---

†Students completing the required program for the BS in Science Communication must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be applied to the Logic/Language/Semiotics Area.

*Some students may meet Oral Communication in the WRIT core.

The student must attain a cumulative grade-point average of 2.0 or better in courses taken at Winthrop and included in the 61-66 semester hours of the required program. The student must complete a minimum of 12 semester hours of ENGL and/or WRIT courses in residence at Winthrop University. Within the 124 semester hours required for the BS degree, the student must include a minimum of 40 hours in courses numbered above 299.

**ENVIRONMENTAL SCIENCES/STUDIES**

Program Coordinator, Dr. Marsha Bollinger, Professor

**Bachelor of Arts in Environmental Studies**

The BA degree in Environmental Studies will provide students with a broad introduction to the scientific, social, political, cultural, economic, and policy aspects of environmental issues. BA students will minor in a discipline linked to their major and will be prepared to pursue careers with environmental groups, policy groups, and consulting firms and to continue studies in graduate programs in environmental studies and law.

†Students completing the required program for the BA in History. Certification as a secondary school teacher of social studies must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be applied to the Logic/Language/Semiotics Area.
*A grade of C or better is required.

In addition to the requirements for their major, students must meet requirements for the Teacher Education Program, which include the requirements for Admission to Teacher Education, Entry to the Professional Stage, and Program Completion. For information on these requirements, consult the Student Academic Services in the College of Education.

The PRAXIS II Series is required prior to graduation: 1) Subject Assessment/Specialty Area Tests and 2) Principles of Learning and Teaching (PL) Test.

The student must attain a cumulative grade-point average of 2.75 or better in courses taken at Winthrop and a minimum of a 2.0 in the 54 semester hours of the required program. The student must complete a minimum of 12 semester hours of HIST courses in residence at Winthrop University. Within the 124 semester hours required for this BA degree, the student must also include a minimum of 40 semester hours in courses numbered above 299. No more than three hours of Cooperative Education Experience can count toward the major.

**Bachelor of Science in Human Nutrition**
(Didactic Program in Dietetics Option)

**CADE Accredited Didactic Program in Dietetics**

Students completing Winthrop University’s Didactic Program in Dietetics meet or exceed the minimum academic requirements of the Commission on Accreditation for Dietetics Education (CADE) of The American Dietetic Association. CADE is a specialized accrediting body recognized by the Council on Higher Education Accreditation and the United States Department of Education. The address and phone number of CADE are: 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, (312) 899-4876. Students will be prepared to work as entry-level dietitians after completing an accredited internship. CADE Didactic Program in Dietetics verification from Winthrop University requires completion of the BS degree in Human Nutrition with a minimum grade of C in all NUTR courses completed at Winthrop and a grade point average greater than or equal to 2.5 in all NUTR courses.

At least 32 semester hours of NUTR courses above the 299 level must be completed at Winthrop University. A maximum of 12 hours of NUTR-equivalent courses above the 199 level may be transferred into the major from another accredited institution with approval from the Director of The Didactic Program in Dietetics. No credit will be accepted for NUTR courses greater than ten years old unless the student earns a grade of “75%” or better on an examination administered by the instructor of record for the equivalent Winthrop course.

Total Semester Hours 124-127

† Students completing the required program in BS Human Nutrition must demonstrate proficiency in a foreign language at or above the second semester college-level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be applied to the Logic/Language/Semiotics Area.

*Students are responsible for knowing and completing prerequisites for the program elective. Department faculty must approve transfer courses as equivalent to program elective.

**No more than three hours of Cooperative Education Experience may count towards the major.
### MASS COMMUNICATION

**Faculty**

**Professors**
- J. William Click, Chair
- William A. Fisher

**Assistant Professor**
- Robert A. Pyle
- Guy S. Reel

**Associate Professors**
- D. Haney Howell
- Marilyn S. Sarow
- Lawrence C. Timbs

**Bachelor of Arts in Mass Communication**

Students majoring in mass communication are interested in careers in newspaper journalism, broadcast journalism, broadcast production, media management, magazine journalism, public relations, advertising, business journalism, or online journalism.

By the time of graduation, mass communication graduates are expected to be able to gather, organize and process information; conduct interviews; write in professional style to a professional level of competence; and edit and produce, either in printed or broadcast form; all while meeting standards of professional ethics.

Students will be classified as pre-majors (MCMP) in the department until they have completed WRIT 101, GNED 102, CTQR 150, ECON 215, MCOM 205 and 241, and have attained a 2.0 or higher grade-point average, at which time they can apply for admission to the program.

Students are required to earn a "C" or better in each required course in the major as well as to earn at least a 2.0 GPA in the major.

Students are required to type all written assignments and must furnish their own word processors. Keyboard proficiency is required for MCOM 241 and is tested each semester before registration. Students who fail the test must wait until the following semester to take the test again and are advised to take a course involving keyboard use before attempting the proficiency test again.

The mass communication major is limited to 36 hours of MCOM and IMCO courses. Students who exceed 36 hours in MCOM and IMCO will not be allowed to apply those additional hours toward the required degree program.

Students are expected to complete courses in the major in numerical order; for example, MCOM 205, 241, 333, 342, 343, 410, 412, 441.

At least 21 semester hours of the major must be completed at Winthrop University. A maximum of 12 semester hours may be transferred into the major from another accredited institution; additional transfer hours in journalism or mass communication will not apply toward the degree. MCOM 241 and 342 must be taken at Winthrop. A grade of B or better in WRIT 101 is required for admission to MCOM 241.

Students must complete at least 65 hours in the basic liberal arts and sciences.

†Students completing the required program for the B.A. degree in Mass Communication must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be applied to the Logic/Language/Semiotics Area.

In addition to the required major, the student must select and complete a minor or a second major, attaining no less than a 2.0 GPA in the minor or second major. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299. The student must attain a cumulative grade-point average of 2.0 or better in courses taken at Winthrop and in those courses included in the major.

**Bachelor of Science in Integrated Marketing Communication**

Students majoring in integrated marketing communication are interested in careers in the various communication professions that support the marketing of products and services to consumers and business organizations, including advertising, public relations, integrated marketing communication, and corporate communication.

By the time of graduation, integrated marketing communication graduates are expected to be able to gather, organize and process information and data, conduct interviews, write in professional style to a professional level of competence, and produce marketing communication messages and materials in printed, electronic or multimedia form, all while meeting standards of professional ethics.

Students will be classified as pre-majors (IMCP) in the program until completion of 19 hours of coursework (CTQR 150, WRIT 101, GNED 102, ECON 215, CSCI 101, IMCO 105, and MCOM 241) with a minimum GPA of 2.0. Students must apply to the Integrated Marketing Communication Committee for admission into the program.

Students are required to earn a “C” or better in each course in IMCO, MCOM, MGMT and MKTG.

Keyboard proficiency is required for MCOM 241.

The integrated marketing communication major is limited to 36 hours of MCOM and IMCO courses and 30 hours of business administration courses. Students who exceed these maxima will not be allowed to apply those additional hours toward the required degree program.

Students are expected to complete courses in the major in the prescribed order. Assigned academic advisers should be consulted regarding course selection and sequencing.

At least 35 semester hours of the 47 required hours in mass communication and business administration must be completed at Winthrop University. A minimum of 12 semester hours may be transferred into the major from other accredited institutions; additional transfer hours in journalism, mass communication, marketing and management will not apply toward the major and will not apply toward the degree if they exceed the maxima of 36 hours in MCOM and IMCO or 30 hours in business administration. Students must complete at least 65 hours in the basic liberal arts and sciences.

†Students completing the required program for the BA degree in mathematics must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be counted in the Logic/Language/Semiotics Area.

* Teacher education students must select one course from Multi-Cultural Perspectives.

*** A grade of C or better is required in EDUC 110, 210, 250, 275, 310, and 390.

In addition to the requirements for their major, students must meet requirements for the Teacher Education Program, which include the requirements for Admission to Teacher Education, Entry to the Professional Stage, and Program Completion. For information on these requirements, consult the Student Academic Services in the College of Education. The PRAXIS II Series is required prior to graduation: 1) Subject Assessment/Specialty Area Tests and 2) Principles of Learning and Teaching (PLT) Test.

The student must attain a cumulative grade-point average of 2.75 or better in courses taken at Winthrop and a minimum of a 2.0 in the 43 semester hours of the required program. The student must complete a minimum of 12 semester hours of MATH courses in residence at Winthrop University. Within the 124-126 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299.
### Bachelor of Science in Mathematics

This degree program is designed for students whose career goals require a strong, comprehensive preparation in mathematics. Such careers include engineering, physics, computer technology and other areas of the sciences. Students pursuing careers as professional mathematicians and those who expect to do graduate work in mathematics are advised to choose this program for their undergraduate major in mathematics.

†Students completing the required program for the BS degree in mathematics must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be counted in the Logic/Language/Semiotics Area.

* Teacher education students must select one course from Multi-Cultural Perspectives.

*** A grade of C or better is required in EDUC 110, 210, 250, 275, 310, and 390.

In addition to the requirements for their major, students must meet requirements for the Teacher Education Program, which include the requirements for Admission to Teacher Education, Entry to the Professional Stage, and Program Completion. For information on these requirements, consult Student Academic Services in the College of Education. The PRAXIS II Series is required prior to graduation: 1) Subject Assessment/Specialty Area Tests and 2) Principles of Learning and Teaching (PLT) Test.

The student must attain a cumulative grade-point average of 2.75 or better in courses taken at Winthrop and a minimum of a 2.0 GPA in the 61 hours of the required program. The student must complete a minimum of 12 semester hours of MATH courses in residence at Winthrop University. Within the 128-136 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299 and complete PLSC 201 or ECON 103 or HIST 211 and 212. No more than three hours of Cooperative Education Experience can count toward the major.

**Bachelor of Arts in Modern Languages**

The Department of Modern and Classical Languages offers a BA in Modern Languages with two specializations, Spanish and French. Students majoring in foreign language have gone on to graduate school in advanced language study or international business, have entered the teaching profession, or have obtained positions in translation services and bilingual capacities in business and industry and in travel agencies.

The beginning courses (101-102), or the equivalent, are prerequisites for all other courses; however, they may not be applied toward fulfillment of the required program in any language. Beginning courses (101-102) in another language may be applied to the six hours required in the second language.

Requirements for Minor 15-24

General Electives (15 sem hours of study abroad in a Spanish Speaking country recommended) 8-26
Total 124

A competency exam on the basic skills may be administered to all majors, minors and any interested students after completion of the intermediate sequence (201, 202, 250). The exam is diagnostic, and remedial work, if needed, will be recommended.

Students should enroll in 499 and will be tested individually, after completion of 18 semester hours above 102, usually no later than the second semester of the junior year, and before enrollment in any 500-level course. Remedial work, if needed, will be recommended. A grade of S is required for graduation.

The student must complete a minimum of 12 semester hours in the major in residence at Winthrop University.

In addition to the 36 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299. No more than three hours of Cooperative Education Experience can count toward the major.
Bachelor of Arts in Modern Languages Certification as School Teacher (K-12)  
(French or Spanish Emphasis)

Students desiring Certification as teachers of French or Spanish should consult with the department’s teacher certification advisor and the College of Education section of the catalog for specific requirements for admission to the Teacher Education Program.

*A grade of C or better must be earned and may not be taken for S/U credit.

~Restricted to students admitted to the Teacher Education Program.

In addition to the requirements for their major, students must meet requirements for the Teacher Education Program, which include the requirements for Admission to Teacher Education, Entry to the Profession Stage, and Program Completion. For information on these requirements, consult the Student Academic Services in the Richard W. Riley College of Education.

**The PRAXIS II Series is required prior to graduation:** 1) Subject Assessment/Specialty Area Tests and 2) Principles of Learning and Teaching (PLT) Test.

The student must attain a cumulative grade-point average of 2.75 or better in courses taken at Winthrop and a GPA of 2.0 or better in the 36 hours of the required program. The student must complete a minimum of 12 semester hours in the major in residence at Winthrop University. Within the 124 semester hours required for the BA degree, the student must also include a minimum of 40 semester hours in courses numbered above 299. No more than three hours of Cooperative Education Experience can count toward the major.

**PHILOSOPHY AND RELIGIOUS STUDIES**

Faculty

Professor Professor Emeritus
Houston A. Craighead, Chair
William W. Daniel

Assistant Professors
Peter J. Judge
David Meeler

**Bachelor of Arts in Philosophy and Religion**

The study of Philosophy and Religion develops the skills of critical analysis at the most fundamental levels of human understanding. Students trained in philosophy and religion have pursued careers in teaching, ministry, law, medicine, management, publishing, sales, criminal justice and other fields.

Students may concentrate in either subject depending on career goals. Those planning graduate study in philosophy or religious studies would select the appropriate concentration.

The major program requires a total of 33 semester hours, including a required program of 18 hours and selection of 15 hours from one of three tracks.

Bachelor of Arts in Political Science

The study of political science provides students with an understanding of politics, law, international relations, government and public administration. Recent graduates have gone to work for local, state and national organizations as well as the United Nations. A large percentage of our graduates go to graduate or law school.

Foreign Language Requirement  0-4
Requirements for Minor  15-24
General Electives  22-44
Total  124

†Students completing the required program for the BA degree in Political Science with a concentration in Public Policy and Administration must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be counted in the Logic/Language/Semiotics Area.

The student must attain a cumulative grade-point average of 2.0 or better in courses taken at Winthrop and included in the 30 semester hours of the required program. The student must complete a minimum of 12 semester hours of PLSC courses in residence at Winthrop University. In addition to the 30 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299.

PRE-PROFESSIONAL PROGRAMS

Winthrop offers programs which prepare students for professional study in a variety of fields. Some of these are degree programs preliminary to advanced study in such disciplines as engineering, medicine, nursing, dentistry and law. A Winthrop faculty adviser will help students plan their studies to meet the requirements of several professional schools.

Pre-Engineering Dual-Degree Program

Advisor: Dr. Mesgun Sebhatu

In 2002, a formal agreement was signed with Clemson University establishing a dual-degree Pre-Engineering program. Admitted students will spend three years at Winthrop, followed by two years at Clemson. Upon completion of the curriculum, students will be awarded a math or science degree from Winthrop University and an engineering degree from Clemson University.

Engineering programs require students to complete fundamental courses in calculus, differential equations, chemistry, physics, computer science, and engineering science during their first several years of college. The Pre-Engineering program at Winthrop provides an opportunity to take these courses in a setting characterized by small classes, individual faculty attention, and access to modern instrumentation. A science or math degree also provides a solid academic foundation that is ideal preparation for professional development in engineering.

The new chemistry degree will provide students an early opportunity to participate in this dual-degree program. Chemistry is increasingly tied to engineering—particularly in the emerging fields of nanotechnology, biomedical engineering, ceramics, polymers, chemicals, environmental, materials, and biotechnology.

Pre-Medical
Advisory Committee: Dr. Dwight Dimaculangan, Dr. Julian Smith, Dr. James Johnston, Dr. Chasta Parker, Dr. Aaron Hartel, Dr. Laura Glasscock, Dr. Kristi Westover, and Dr. Janice Chism

A student who wishes to prepare for application to medical school should acquire a broad foundation in the natural sciences, mathematics, humanities and the social sciences. Medical schools intentionally limit the absolute requirements for entry to encourage diversity among their applicants. Most medical schools require 6 semester hours each of English and Mathematics, and 8 semester hours each of biology, physics, general chemistry, and organic chemistry. Beyond these requirements, pre-medical students may select any major program they may wish to pursue. The most important requirements for admission to a medical school are at least a B+ average on all science courses taken and a good score on the Medical College Admission Test (MCAT), which is normally taken in the spring before the senior year.

Pre-Pharmacy
Advisors: Dr. James Johnston, Dr. Aaron Hartel, Dr. Chasta Parker, and Dr. Julian Smith

A student who wishes to prepare for application for Pharmacy school should acquire a solid foundation in the chemical and biological sciences. The specific requirements for admission to the Pharm.D. program at the Medical University of South Carolina include 8 hours of general chemistry, 8 hours of organic chemistry, 6 hours of physics, 6 hours of mathematics (at least 3 of which must be calculus), 3 hours of statistics, 8 hours of biology, 4 hours of microbiology, 9 hours of social sciences, 6 hours of English composition and literature and 3 hours of economics, psychology and interpersonal communication. The most important requirement is that students maintain a B+ average on all science courses.

Pre-Dental and Pre-Veterinary
Advisors: Dr. Julian Smith, Dr. Lee Anne Cope, Dr. Chasta Parker, Dr. Aaron Hartel, and Dr. James Johnston

A student who wishes to prepare for application to schools of dentistry or veterinary medicine should acquire a broad foundation in the natural sciences, mathematics, humanities and the social sciences. The specific requirements for admission to the College of Dental Medicine at the Medical University of South Carolina are 8 semester hours of each of the following: general chemistry, organic chemistry, physics, biology, and science electives. In addition, 6 semester hours of English composition and mathematics are required. Other dental schools have similar requirements. Students interested in dental medicine should seek advice about which science electives would be best. The Dental Admission Test (DAT) must be taken no later than the fall of the senior year. A B+ average in science courses and an acceptable score on the DAT are essential for dental school admission.

The requirements for entry into schools of veterinary medicine are more variable than those for schools of medicine and dentistry. A student pursuing a career in veterinary medicine should major in biology or chemistry and consult the pre-veterinary advisor.
Pre-Nursing  
Advisor: Dr. James Johnston  

Winthrop University offers students interested in nursing a 2 year curriculum which prepares them for study at a variety of nursing schools. A suggested program is listed below; however, students are responsible for contacting the institution they plan to attend to be certain specific requirements are satisfied.

Typically, students in their first year of the Pre-Nursing program will complete ACAD 101, WRIT 101, GNED 102, CHEM 105, 106, 107, 108, CTQR 150, MATH 141, BIOL 203-204, and PSYC 101.

Other Pre-Professional Health Studies  
Advisor: Dr. James Johnston  

Students may prepare themselves for application to programs in other health-related professions, such as optometry and podiatry. Persons interested in these fields should consult the advisor for specific details.

Pre-Law  
Advisor: Dr. Tim Boylan  

The Association of American Law Schools and the Law School Admission Council do not prescribe a specific major or series of courses as preparation for law school. Although most pre-law students major in the social sciences or humanities, almost any discipline is suitable. More important than the major is the acquisition of thorough intellectual training, including a broad understanding of human institutions as well as analytical and communications skills.

Early in their undergraduate careers, students considering law school should meet with the pre-law advisor in the Political Science Department for assistance in planning a suitable course of pre-law study compatible with the student’s major subject. Additional information for students considering legal studies can be found in the Pre-Law Handbook (http://www.winthrop.edu/plsc/prelaw.htm).

Other Programs  

Some students enroll at Winthrop for two to three years and then transfer to institutions offering professional programs in such fields as forestry, hospital administration, laboratory technology, library science, occupational therapy, optometry, pharmacy, physical therapy, public health and radiological technology.

Bachelor of Arts in Psychology

The Psychology Major continues to be one of the most popular academic disciplines because the broad-based curriculum helps students 1) think scientifically, 2) appreciate and respect others, 3) communicate clearly, and 4) use technology and knowledge sources effectively. Graduates with a degree in Psychology are well prepared to make the transition to meaningful employment in many areas, including business and social service agencies. They have also been successful in pursuing advanced education within our own discipline, as well as others such as law, medicine, and social work. Students majoring in psychology take PSYC 101, 198 and CTQR 150 in their freshman year; CRTW 201, PSYC 301-302, 306 or 307 in their sophomore year, and PSYC 498 in their senior year. Psychology majors must take PSYC 301-302 before enrolling in any other upper-division psychology courses.

Total                                    124

†Students completing the required program for the BA degree in Psychology must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be counted in the Logic/Language/Semiotics Area.

The student must attain a cumulative grade point average of 2.00 or better in courses taken at Winthrop and in the 36 semester hours of the required program. In addition to the 36 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299.

Major Specific Notes:

a) The student must attain a grade of C or better in PSYC 101, 301 and 302.
b) The student must complete a minimum of 12 semester hours of PSYC courses in residence at Winthrop University. No more than three hours of Cooperative Education Experience or Academic Internship can count toward the major. Not more than 36 semester hours in any one subject may apply to a Bachelor of Arts degree.
c) Students must complete the Quantitative Skills requirement before beginning PSYC 301.
d) Students must complete CRTW 201 before beginning PSYC 302. Students who take PSYC 302 at Winthrop will receive credit for the Intensive Writing Component of the General Education requirements. Transfer credit for this course with intensive writing credit will be on a case-by-case basis.
e) PSYC 198 may be waived at the discretion of the Chair and Dean’s Office for students transferring with a considerable amount of Psychology credit or those who enter the major as Juniors or Seniors.
f) Students changing their majors from Biology to Psychology or Biology majors with Psychology minors, who have completed BIOL 300 with a grade of “C” or better, are not required to complete PSYC 302. Dual majors in Psychology and Biology should complete only one of the two required experimental courses (PSYC 302 or BIOL 300). Consult your adviser for an appropriate course.
g) Students changing their majors from Sociology to Psychology or Sociology majors with Psychology minors, who have passed SOCL 316 with a grade of “C” or better, are not required to complete PSYC 301. Double majors in Psychology and Sociology should complete only one of the two required statistics courses (PSYC 301 or SOCL 316). Consult your adviser for an appropriate course.

Bachelor of Social Work

Students completing requirements for the BSW will be prepared for beginning generalist social work practice in a wide range of organizations such as child welfare agencies, hospitals, nursing homes, prisons, schools, and treatment centers for emotionally disturbed children and adults. The program provides undergraduate education and internship experience for working with individuals, small groups (including the family), organizations, and communities. National accreditation by the Council on Social Work Education (CSWE) allows graduates to become full members of the National Association of Social Workers (NASW) and to be eligible to become licensed social workers in states requiring licensing for employment.

### Total Semester Hours 124

A student may apply for status as a social work major at any point. In applying for initial entry into the social work program and recognition as a social work major, the student agrees to abide by the NASW (National Association of Social Workers) Code of Ethics. From that point, continued recognition as a social work major requires that the student’s behavior comports to the standards of ethical conduct as spelled out in the Code of Ethics.

Prior to starting the social work intervention sequence - SCWK 395, 432, 433 and 434 - students must formally apply for admittance to SCWK 395. This process includes students providing a description of how they have met the requirement for 80 hours of voluntary or paid experience in a human service organization, and a demonstration that they have at least an overall GPA of 2.20 and a 2.40 GPA in all social work courses.

After completing all general education requirements and social work major course requirements through SCWK 434, including passing courses SCWK 200 through SCWK 434 with a grade of C or better and maintaining an overall GPA of 2.20 and a GPA of 2.40 in social work courses, the student is eligible to apply to enroll in the two courses which make up the final semester of field education. For graduation the student must have maintained an overall GPA of 2.20, a GPA of 2.40 in all social work courses, and have passed all social work courses with a grade of C or better.

The student must complete a minimum of 12 semester hours of SCWK courses in residence at Winthrop University and have a minimum of 40 semester hours in courses numbered above 299. No more than three hours of Cooperative Education Experience can count toward the major.

Students enrolled in the Certificate Program in Gerontology may substitute 3 hours of the required SCWK 443 field placement in an agency serving older adults for GRNT 440.

†Students completing the required program for the BA in Sociology must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be counted in the Logic/Language/Semiotics Area.

**Students with double majors in Psychology and Sociology or with minors in Psychology may substitute PSYC 301 for SOCL 316 provided they complete an additional course in Sociology. Consult advisers for appropriate courses.

To be admitted into the program as a major, the student must complete SOCL 101 or 201 with the grade of C or higher. The student must attain a cumulative grade-point average of 2.0 or better in courses taken at Winthrop and included in the 33 semester hours of the required program. The student must complete a minimum of 12 semester hours of SOCL courses in residence at Winthrop University.
COLLEGE OF ARTS AND SCIENCES-SOCIOLOGY

In addition to the 33 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299. Although not specifically required, students are strongly encouraged to take related courses in ANTH, ECON, HIST, MATH, PLSC and PSYC. No more than three hours of Cooperative Education Experience can count toward hours in the major.

†Students completing the required program for the BA in Sociology must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be counted in the Logic/Language/Semiotics Area.

**Students with double majors in Psychology and Sociology or with minors in Psychology may substitute PSYC 301 for SOCL 316 provided they complete an additional course in Sociology. Consult advisers for appropriate courses.

To be admitted into the program as a major, the student must complete SOCL 101 or 201 with the grade of C or higher. The student must attain a cumulative grade-point average of 2.0 or better in courses taken at Winthrop and included in the 36 semester hours of the required program. The student must complete a minimum of 12 semester hours of SOCL courses in residence at Winthrop University.

In addition to the 36 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299. Although not specifically required, students are strongly encouraged to take related courses in ANTH, ECON, HIST, MATH, PLSC and PSYC. No more than three hours of Cooperative Education Experience can count toward hours in the major.
Bachelor of Arts in General Communication Disorders

The Bachelor of Arts in General Communication Disorders provides pre-professional preparation in speech pathology. Students will receive instruction in the identification, diagnostic process, and therapeutic intervention of communication disorders including articulation, language, hearing, voice, and fluency. The program is designed to prepare students for graduate work leading to state and national certification and state licensure as a speech clinician.

Students completing the required program for the BA in Communication Disorders must demonstrate proficiency in a foreign language at or above the second semester college-level. This requirement may be met by a satisfactory score on a recognized examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of one course may be counted in the Logic/Language/Semiotics Area.

The student must attain a cumulative grade-point average of 2.0 or better in courses taken at Winthrop and included in the 36 semester hours of the required program. The student must complete a minimum of 12 semester hours of SPCH courses in residence at Winthrop University.

Majors must attain a GPA of 2.5 or better in SPCH 351, 352, and 355. Majors must have a GPA of 2.0 or better in SPCH 360, 410, 425, 458, 460, 465 and 469. Students are encouraged to repeat courses resulting in a grade of less than C in the above course sequence.

In addition to the 36 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299. No more than three hours of Cooperative Education Experience can count toward the major.
Undergraduate Degree Programs and Requirements

Three undergraduate programs are offered by the College of Business Administration: the Bachelor of Science in Business Administration, the Bachelor of Science in Computer Science, and the Bachelor of Arts in Economics. The baccalaureate degree program in Business Administration is accredited by AACSB International—The Association to Advance Collegiate Schools of Business and the baccalaureate degree in Computer Science is accredited by the Computing Accreditation Commission of ABET (111 Market Place, Suite 1050, Baltimore, MD 21202-4012; telephone: 410-347-7700).

Our mission is to provide a quality education to a diverse community of learners through continuous improvement and dedication to excellence in teaching and learning, as well as intellectual contributions and service.

In support of this mission, the College:

1. Provides nationally accredited Business Administration (AACSB) and Computer Science (CAC/ABET) programs that are strongly student oriented.
2. Provides undergraduate business administration, computer science, and economics degree programs that are excellent in quality, contemporary in design, and relevant to dynamic business practices.
3. Provides quality graduate programs that serve the changing needs of businesses and the community.
4. Provides effective teaching that promotes lifelong learning and career development.
5. Provides an environment that promotes faculty/student communication.
6. Fosters an understanding and appreciation of cultural similarities and differences.
7. Conducts and disseminates scholarship in business and computer science.
8. Serves the community and businesses through programs and partnerships that enhance the intellectual and economic quality of the region.

Eleven areas of concentration, called options, are available within the Bachelor of Science in Business Administration degree program. These options are accounting, computer information systems, economics, entrepreneurship, finance, general business, health services management, human resource management, international business, marketing and management. Two of these options, accounting and general business, can be earned through our evening program. The accounting option offers an integrated undergraduate/graduate curriculum that allows for optimum efficiency in continuing into the graduate program with an accounting emphasis.

The Business degree program prepares undergraduates for careers in the business world by offering an academically challenging program that produces a new kind of leader for business, industry, government, the arts, and health services. This new leader leaves the program with the skills needed to function as a professional in the complex organizations of the 21st century. The requirements for the Bachelor of Science in Business Administration integrate the business core. The foundation for the program is a four-course sequence emphasizing a cross functional approach to business issues and perspectives. These courses, BADM 180, ACCT 280, MKTG 380 and MGMT 480 are augmented by liberal arts studies taught across diverse disciplines, fundamental business courses, and more advanced courses in the business option. Along with an integrated curriculum, the faculty and business leaders have developed a comprehensive list of competencies that students must attain before graduation from this program. The competency categories for the business degree are communication, teamwork/diversity, adaptability, problem solving and accountability and ethics. The computer science degree categories are technical, social, environment and interpersonal development. Most business courses also emphasize team projects in addition to individual assignments. Co-op and internship experiences are integrated into some options and encouraged in others.

The College of Business Administration is dedicated to offering quality classroom instruction and to enhancing personal development through interaction between faculty and students. A faculty open-door policy facilitates this approach. Quality classroom instruction is provided by a faculty who meet the high standards of scholarship required for AACSB and CAC (ABET) accreditation.

A number of scholarships are awarded annually to College of Business Administration students. Eligibility is determined on the basis of outstanding academic performance.

For those students working toward a degree outside of the College of Business Administration, minors in the areas of accounting, business administration, computer science, economics, entrepreneurship, finance, health services management and human resource management are offered. For specific requirements for individual minors, see the section on Minors.

Through programs of continuing education, seminars, and conferences, the College of Business Administration maintains active involvement with the business community. These outreach efforts are strengthened by the efforts of the specialized centers housed in the College of Business Administration. These centers and a brief description of their functions follows:

The Institute of Management is a center within the College of Business Administration through which the school coordinates its public service to the region. The primary goal of the Institute is to provide continuing
education to meet the needs of managers and professionals in industry, business, and government.

The Small Business Development Center provides assistance to owners and managers of small businesses as well as prospective business owners. The Center utilizes students and faculty to provide free counseling to clients. The Center contains a library of literature and information for the use of small business owners. Workshops and seminars are sponsored on topics related to managing a small business.

The Center of Economic Education works closely with the South Carolina Council on Economic Education toward the goal of implementing programs of economic education in the elementary, middle, and secondary schools of South Carolina. In its mission, the Center conducts pre-service and in-service teacher programs as well as conferences, symposiums, and forums for the exchange of ideas among educators and others interested in the American economy.

The Center for Economic Development serves as a source of significant public service in the economics and policy analysis to complement and support governmental, nonprofit organizations engaged in the economic, education, and cultural affairs of South Carolina and the Rock Hill-Charlotte-Metrolina region. The Center provides opportunity for faculty and students to engage in applied research and deliver technical assistance to new and existing businesses.

Academic Advising

Academic advising is an integral part of the learning process in the College of Business Administration. The role of the academic adviser is to assist in making appropriate decisions about academic programs and career goals, provide academic information about Winthrop University and degree programs, and suggest appropriate involvement in on-campus, off-campus, and experiential opportunities. Freshmen are assigned a faculty adviser during summer orientation and keep the same adviser during the freshman year. Not only will the advisers help with program selections and scheduling, but will also be available to assist with the adjustment to university life throughout the first year. At the end of the freshman year, an option in the College of Business will be chosen and an adviser will be assigned from that area. Students who transfer after their freshman year are assigned an adviser in the academic option of their choice.

Transfer evaluations are completed by the Student Services Center. The subject matter and the level of the course are considered for evaluation. Upper-level courses in the core and option, which have been completed prior to achieving junior status, may be used to meet elective requirements, but must be replaced in the core or option by approved advanced courses (if not transferred from an AACSB accredited institution). Upper-level business and computer science courses may not transfer from two-year institutions. In addition to the requirement that the final 31 hours be completed at Winthrop, only 50% of the business core and option may transfer toward a business administration degree. CSCI majors must complete 20 hours of CSCI courses numbered above 299 and an additional 9 which may be taken at Winthrop University or any schools with programs in Computer Science accredited by the Computing Accreditation Commission (CAC) of the Accreditation Board for Engineering and Technology (ABET).

The College of Business Administration’s Director of Student Services is:

Gay Randolph
Office of Student Services
226 Thurmond Building
(803) 323-4833
Fax (803) 323-3960
randolphg@winthrop.edu
Those students applying for the Bachelor of Science degree in Business Administration must present a grade of C or better in each course in the core curriculum and in the option which is chosen. This requirement is in addition to the requirement of a 2.0 grade-point average on the 124 hours required for the degree.

Students enrolled in the Bachelor of Science in Business Administration program or enrolled in business classes may not enroll in courses numbered above 299 unless they have at least a 2.0 grade-point average, completed 54 hours, and a grade of C or better in CRTW 201. Transfer students who need to take CRTW 201 and who meet the other requirements will be permitted to take courses above 299 in these areas during their first semester at Winthrop. If, during the first semester, such students do not earn a grade of C or better in CRTW 201, they will not be permitted to take additional courses above 299 in these areas until the writing requirement is met.

Within the 124 hours required for this degree, the student must include 48 hours in courses numbered above 299 and must complete ECON 103, HIST 211, PLSC 201 or 201(H), 311 and 312, or 356. The total hours of courses presented for this degree must include at least 62 hours from courses outside the area of business administration and economics.

In addition, students enrolled in the Bachelor of Science in Business Administration programs may not enroll in courses in the College of Business numbered above 299 unless they have, within their first 60 semester hours, taken and passed ACCT 280, ECON 215, MATH 101, MATH 105, and QMTH 205. Transfer students who need to take any of the five courses and who meet the other requirements will be permitted to take courses above 299 in these areas during their first two semesters at Winthrop. If, by the end of the 2nd semester, such students have not taken and passed all five of the required courses, they will not be permitted to take additional courses above 299 until all five of those courses are passed. Students not enrolled in the Bachelor of Science in Business Administration, but taking courses within the College of Business Administration, must only have the specific prerequisites of the courses taken.

### Critical Skills

#### Writing and Critical Thinking
- WRIT 101, CRTW 201: Composition; Crit Reading, Thinking, Writing 6

#### Quantitative Skills
- MATH 105 or MATH 201: Calc for Managerial and Life Sci or Calculus I 3

#### Technology
- 0*  

#### Oral Communication
- 0*  

#### Logic/Language/Semiotics
- QMTH 205, 206: Applied Statistics I & II 6
- CSCI 101 or CSCI 110 or CSCI 151 & 105: Overview of Comp & Programming / Microcomp App; Intro to Comp Sci I / Microcomp App 3-5

### Skills for Common Experience and Thinking Across Disciplines

#### Social Science
- ECON 215, ECON 216, PSYC 101: Microeconomics, Macroeconomics, Gen Psychology 9

#### Humanities and Arts
- See approved list; must include 2 designators 6

#### Natural Science
- Choose from list of approved courses; must include a lab science; must include two designators and designators must come from two of the three different science categories 7

#### Intensive Writing
- WRIT 465: Preparation of Oral & Written Reports 0*

#### Constitution Requirement
- See approved list 0-3 1

### Business Administration Program Requirements

#### Business Requirements
- ACCT 280: Accounting Info for Business Decisions I 3
- ACCT 281: Accounting Info for Business Decisions II 3
- WRIT 465: Preparation of Oral and Written Reports 3

#### Core Courses**
- BADM 180: Contemporary Business Issues 3
- MGMT 321: Principles of Management 3
- MKTG 380: Principles of Marketing 3
- MGMT 326: Operations Management 3
- MGMT 341: Information Systems 3
- FINC 311: Principles of Finance 3
- BADM 350: Econ and Legal Environment of Organization 3
- MGMT 480: Business Policy 3

#### Business Option Requirement; choose one of the following: 18-27**
- ACCT (Also requires PHIL 230 or 320), page 89
- CIFS, page 89
- ECON, page 89
- ENTR, page 90
- FINC, page 90
- GBUS, page 90
- HLSM, page 90
- HRMG, page 91
- INBU, page 91 (Also requires 6 hrs. of Foreign Language, excluding LATN. If MGMT 529 or MKTG 581 is used to meet Global Requirement, student may take free electives to satisfy graduation requirements.)
- MGMT, page 91 (If MGMT 529 is used to meet the Global Requirement, student may take free electives to satisfy graduation requirements.)
- MKTG, page 92 (If MKTG 581 is used to meet Global Requirement, student may take free electives to satisfy graduation requirements)

#### Electives (Number varies depending on hours required for option.) 6-20*

### Total 124**

Bachelor of Science in Computer Science

The Bachelor of Science in Computer Science is accredited by the Computing Accreditation Commission of ABET (111 Market Place, Suite 1050, Baltimore, MD 21202-4012; telephone: 410-347-7700).

The goal of the Bachelor of Science in Computer Science is to prepare students for careers in software design and implementation and for graduate study in Computer Science. The students in this program are provided with a background that allows them to progress toward leadership roles.

The goal is implemented by a curriculum that carefully blends theory and applications. After completing a two semester introductory sequence in computer science, the student takes a series of courses that provide a strong background in the basic mathematical tools of calculus, logic, discrete mathematics, and probability and statistics and that provide a good background in the natural and social sciences and the humanities.

A high school student entering Winthrop University in the Bachelor of Science degree program in Computer Science who earned a grade of 4 or 5 on the Advanced Placement Test in Computer Science will receive four hours of credit for CSCI 207.

Students enrolled in the Bachelor of Science in Computer Science may not enroll in CSCI courses numbered above 299 unless they have at least a 2.0 grade-point average, completed 54 hours, and a grade of C or better in CRTW 201. Transfer students who need to take CRTW 201 and who meet the other requirements will be permitted to take courses above 299 in these areas during their first semester at Winthrop. If, during that first semester, such students do not earn a grade of C or better in CRTW 201, they will not be permitted to take additional courses above 299 in these areas until this requirement is satisfied.

Within the 124 hours required for this degree, the student must include at least 40 hours in courses numbered above 299, 20 of which must be in CSCI courses numbered above 299 completed at Winthrop University, and an additional 9 which may be taken at Winthrop University or any schools with programs in Computer Science accredited by the Computer Accrediting Commission (CAC) of the Accreditation Board for Engineering and Technology (ABET). Also, the program must include ECON 103, HIST 211, PLSC 201 or 201H, 311 and 312, or 356.

A student applying for the Bachelor of Science degree in Computer Science must present a cumulative grade-point average of 2.0 or better on all Computer Science courses taken at Winthrop and required for the degree program in order to be awarded the degree. This requirement is in addition to the University requirement of a 2.0 grade point average on the 124 hours required for the degree.

Choose one of the following or a minor (other than CSCI):

- **Information Systems**: ACCT 280-281, 303 or 309; MGMT 321, and one of FINC311, MKTG 380
- **Physics and Mathematics**: PHYS 301, and one of PHYS 315, 321, or 350; MATH 301, 302, and 305

**Electives** 0-17

**Total** 124

* course credit included in another category

---

1. The total number of hours in the Social Science and in the Humanities and Arts is 15 with 6 hours in one area and 9 hours in the other.

2. A course that satisfies the Constitutional Requirement may be counted in another area.

3. Courses taken in the Second Discipline may be counted in other areas.

4. Electives sufficient to accumulate at least 124 hours.

5. Total hours must be at least 124.
Bachelor of Arts in Economics

Economics provides students with an analytical training that is a valuable asset in any career. Many graduates enter the workforce directly and find employment in such diverse areas as banking and finance, management, government service, labor relations, policy research, sports management, consulting, journalism, and marketing. Other students use economics as a foundation for graduate programs in law, business, economics, and policy studies.

Minors are required for all students with a B.A. in Economics. Students must maintain a minimum GPA of 2.0 overall for courses taken at Winthrop as well as for courses counting toward their major and minor programs, and also must complete at least 40 semester hours of courses numbered above 299. Junior standing (54 semester hours) and a C or better in CRTW 201 are prerequisites for taking upper division courses in economics.

Mission Statement

The Richard W. Riley College of Education is dedicated to the highest ideals of teaching, scholarship, and service. The College meets this mission through the preparation of professionals who are committed to the betterment of society through a lifelong quest for excellence in learning, leadership, stewardship, and the communication of ideas.

Undergraduate Degree Programs

• Bachelor of Science in Early Childhood Education
  Certification: PK-3rd grade
• Bachelor of Science in Elementary Education
  Certification: Grades 2-6
• Bachelor of Science in Family and Consumer Sciences
  Specializations: Business/Media, Early Intervention, Youth Issues
• Bachelor of Science in Physical Education
  Certification: Grades K-12
  Non-Certification: Athletic Training, Fitness/Wellness
• Bachelor of Science in Special Education
  Mild Disabilities
  Severe Disabilities
  Certification: Grades K-12
• Bachelor of Science in Sport Management
  with the College of Business Administration

Additionally, the Richard W. Riley College of Education works cooperatively with the College of Visual and Performing Arts and the College of Arts and Sciences to offer a number of approved teacher education programs in the following areas:

Art, Grades K-12  Music, Grades K-12
Dance, Grades K-12  Science, Grades 9-12
English, Grades 9-12  Biology
Modern Languages, Grades K-12  Social Studies, Grades 9-12
  French
  Spanish
Mathematics, Grades 9-12  Theatre, Grades K-12

Graduate Degree Programs

The Richard W. Riley College of Education offers a number of graduate degrees to provide leadership and personnel for schools and human service programs. These graduate degrees include:

• Master of Education in Counseling and Development
• Master of Education in Educational Leadership
• Master of Education in Curriculum and Instruction
• Master of Education in Reading
• Master of Arts in Teaching
• Master of Education in Middle Level Education
• Master of Education in Special Education
• Master of Science in Physical Education

More information concerning the graduate programs can be obtained by writing:
Graduate Director
Richard W. Riley College of Education 106 Withers/WTS
Winthrop University
Rock Hill, South Carolina 29733

Accreditations

The Richard W. Riley College of Education is proud of its accreditations and affiliations. The Teacher Education Program at Winthrop University is accredited by the National Council for Accreditation of Teacher Education (NCATE) for the preparation of early childhood, elementary, special education, and secondary teachers through the Bachelor’s degree. At the graduate level, the Master of Science, the Master of Education, and the Master of Arts in Teaching degrees are nationally accredited by NCATE. All teacher education programs are approved by the South Carolina State Board of Education, and all programs are fully accredited by their specialty program area. Recognition by these agencies assures program quality.
and affords students who complete teacher preparation at Winthrop University the opportunity to apply for reciprocal accreditations with a majority of states in the nation.

Instructional Facilities and Special Programs

Professional Development Schools
The Richard W. Riley College of Education has formal relationships with six Professional Development Schools:

- Brooklyn Springs Elementary School, Lancaster, SC
- Cotton Belt Elementary School, York SC
- Crowders Creek Complex, Clover, SC
- Great Falls High School, Great Falls, SC
- Riverview Elementary School, Fort Mill, SC
- Sullivan Middle School, Rock Hill, SC

These Professional Development Schools allow the teacher education program to experiment with new models of teaching while developing new roles and responsibilities for classroom teachers. Teacher education candidates work with diverse groups of students while guided by teams of teachers and university faculty. Collegiality is valued and fostered within an atmosphere where teachers, students, and professors work and learn together.

Macfeat Early Childhood Laboratory School
The Macfeat Early Childhood Laboratory School functions as a research laboratory where innovative approaches in early childhood education are investigated. Macfeat provides opportunities to observe and interact with a diverse group of children ages 3 to 5 years in full and half day programs.

North Central Mathematics and Science Regional Center
Through an infrastructure of eight regional centers, the Office of Curriculum and Standards in the South Carolina Department of Education provides statewide leadership and services to schools and districts in the areas of mathematics and science. The North Central Mathematics and Science Regional Center works with schools in Chester, Chesterfield, Fairfield, Kershaw, Lancaster, and York counties.

Instructional Technology Center
The primary function of the Instructional Technology Center is to enhance the knowledge and use of educational technology by Winthrop’s faculty and students. The Center is open to students, faculty, and the local public schools as a resource for educational technology needs, curriculum development, and preparation of instructional materials. Selected instructional materials, hardware, and software are available for student use.

South Carolina Teaching Fellows Program
The Teaching Fellows Program for South Carolina is funded by the South Carolina General Assembly in an effort to recruit the finest high school graduates to the teaching profession. The Winthrop University Teaching Fellows Program, New Bridges, is an innovative program designed to offer students an intensive, coordinated service learning experience in working collaboratively with local community, business, and school leaders to provide services to Latino children/families and others whose first language is not English. The program began in fall 2002 and admits 25 students a year.

The Center for Educator Recruitment, Retention, and Advancement (CERRA)
Formerly known as the South Carolina Center for Teacher Recruitment, the Center for Educator Recruitment, Retention, and Advancement (CERRA) is an ambitious effort by the General Assembly, the state’s public and private colleges and universities, education-related agencies, businesses, and the state public school system to recruit and retain a new generation of academically-able classroom teachers. The Center works with over 150 high schools in South Carolina in support of the Teacher Cadet program. In addition, the Center provides a statewide job placement service, coordinates the state’s Teaching Fellows Program and National Board Certification efforts, and houses the most current information available on teacher supply and demand.

Student Academic Services
Student Academic Services has primary responsibility for coordination of academic advising, placement of practicum students for public school experiences, assignment of all field placements and internships, and all matters pertaining to certification. The office serves as an information center for matters concerning degree programs in the Richard W. Riley College of Education, procedures for admission to teacher education, scholarships, and academic requirements and regulations of the University.

The Teacher Education Committee
The faculty at Winthrop University recognize that the preparation of teachers is a university-wide responsibility. Hence, the various programs for teacher preparation represent a cooperative effort by all academic areas involved in teacher education. This effort is overseen by the Teacher Education Committee (TEC). The TEC is comprised of...
faculty, students, practitioners, and administrative staff charged with the responsibility of guiding, monitoring, and reviewing all aspects of the Teacher Education Program at Winthrop University.

Corps of Mentor Teachers

Accomplished public school teachers are invited to join the Corps of Mentor Teachers, a program for educators who mentor Winthrop teacher candidates. Acceptance into the Corps is based on an application, principal, and district support and the completion of EDUC 655, Teacher Leadership: Conversations from the Field. This course is co-taught by Winthrop faculty and P-12 teachers and guides participants to explore their understanding of such issues as creating democratic learning communities, the value of professional collaboration, teacher leadership, educational renewal, the role of the mentors, and the scholarship of teaching.

Academic Advising

Academic advising is an integral part of the learning process at Winthrop University. Faculty in the Richard W. Riley College of Education regard academic advising as a major responsibility which enhances teaching and campus life. All students in the College of Education are assigned a faculty adviser. Faculty advisers work with students to review academic goals and explain how course work and field assignments assist them in attaining their personal and professional goals. Students have a responsibility to schedule regular appointments with the faculty adviser. Students can make the most of advising by reading this Catalog and coming prepared for discussion of academic goals, responsibilities, and requirements.

Additionally, the College provides a full-time academic adviser to assist freshmen and transfer students. After an initial meeting with the academic adviser, a faculty adviser from the student’s chosen discipline of study will be assigned. The Richard W. Riley College of Education’s academic adviser is:

Ms. Rebecca Malambri
Student Academic Services
144 Withers/WTS
(803) 323-4750

Prior to course registration, students are required to have the approval and signature of the faculty adviser. Students may change advisers through a formal request to the appropriate department chair or the Director of Student Academic Services.

Professional Education Core

All teacher education students are required to complete a planned sequence of courses and field experiences designed to prepare them for their roles in schools and society. The Professional Education Core is designed around the conceptual framework, Teacher as Educational Leader. The curriculum is organized with concepts, themes, stages of development, and numerous competencies to best prepare contemporary educators. The following organizing conceptual statements outline the emphases of the core.

1. The educational leader strives to improve the human condition through reflective study of human development, learning, and diversity.
2. The educational leader possesses an understanding of the historical foundations of schooling and exhibits ethical behavior consistent with the laws and policies governing American education.
3. The educational leader employs appropriate curricular decisions to provide effective instruction.
4. The educational leader is a skilled teacher able to design, deliver, evaluate, and refine instruction.
5. The educational leader serves as an example of a reflective teacher, scholar, communicator, and advocate serving the interests of students and society.

Students’ progress on each of the organizing concepts is assessed continuously as they move through the conceptual framework’s three stages of development: exploratory, preprofessional, and professional. The three critical points of review are admission to the Teacher Education Program, approval to enter the professional or internship stage, and entry into the profession.

The College of Education is committed to the preparation of educational leaders. To that end, professional dispositions are assessed throughout the program to ensure teacher candidates are meeting the highest standards of the profession.

The professional Core ensures that teacher education students can integrate general content, professional, and pedagogical knowledge to create meaningful learning experiences for all students. This integrative focus of teacher education sets Winthrop University and its graduates apart from other programs.

By having faculty who hold diverse disciplinary perspectives teach throughout the sequence of courses, the Core encourages students to develop a professionally responsible understanding of the diversity that defines learners and teachers. Within the Core, students engage in supervised practice applying their developing knowledge and skills. All Core courses are housed within the Center for Pedagogy.

The Professional Education Core consists of:

- EDUC 110 Teachers, Schools & Society 3
- EDUC 210 Nature & Nurturing of Learners I 3
- EDUC 250 Nature & Nurturing of Learners II 3
- EDUC 275 Integ Tech To Support Teaching & Learning 2
- EDUC 310 Working With Excep & Diverse Learners 3
- EDUC 390 Core Issues in Teacher Education 3
- AREA 391 Principles of Teaching (Content) 3
- AREA 392 Field Experience in Teaching (Content) 1
- EDUC 475 Internship in Reflective Practice 10
EDUC 490  Capstone for Educational Leaders  2
Total Credits 33

Suggested sequence
EDUC 110  Freshman year
EDUC 210  Sophomore year - Fall
EDUC 250  Sophomore year - Spring
EDUC 275  Sophomore year
EDUC 310  Junior year
EDUC 390  Senior year - Fall only
AREA 391  Senior year - Fall only
AREA 392  Senior year - Fall only
EDUC 475  Senior - Spring
EDUC 490  Senior year - Spring

NOTE: The College of Education faculty are continuously reviewing and revising curricula to meet the needs of contemporary schools. Students applying to Winthrop should be alert to curricular changes as they occur and how those changes impact their programs.

Admission to the Teacher Education Program
The Teacher Education Program at Winthrop University may be completed by students enrolled in the Richard W. Riley College of Education, the College of Arts and Sciences, and the College of Visual and Performing Arts. All students seeking to complete the Teacher Education Program must meet all admission requirements and be formally admitted before they are allowed to enroll in restricted professional courses.

Admission to the Teacher Education Program serves as the first level of assessment under the conceptual framework, Teacher as Educational Leader. Admission is granted by the Dean of the Richard W. Riley College of Education who notifies each student upon acceptance into the program. All students seeking admission must meet the following requirements:

1. Attend an information session on admission to Teacher Education during the semester of enrollment in EDUC 110 or during the semester the first education course is taken at Winthrop.
2. Complete a minimum of 45 semester hours, fifteen of which must be completed at Winthrop University.
3. Achieve a minimum cumulative grade point average of 2.75 for coursework completed at Winthrop.
4. Complete the following core courses with a grade of “C” or better in each course: EDUC 110, 210 and 275.
5. Pass all sections (Reading, Writing and Mathematics) of PRAXIS I.
6. Submit an Application for Admission to Teacher Education to Student Academic Services that includes:
   a) a disclosure statement concerning criminal/unethical conduct including any judicial or disciplinary action taken while enrolled at Winthrop University or another institution of higher education,
   b) evidence of 25 hours of recent, successful, supervised experience working with the age-level student for which certification is sought,
   c) an admission essay that documents the student’s growth toward becoming an educational leader in a democracy. Students are required to provide examples of how their experiences in general education, core courses, major courses, field experiences, cultural events, service learning, and using technology have prepared them to be well-educated teacher candidates who are committed to and capable of working with diverse and challenging students,
   d) one to three original pieces of the student’s best work from courses taken at Winthrop University that support the admission application.
7. Receive a favorable recommendation from the following:
   • the Director of Student Academic Services
   • an admission committee comprised of faculty from the major and the Center for Pedagogy, and
   • the Dean of Education

Continuation in the Teacher Education Program
Candidates admitted to the Teacher Education Program are required to maintain a minimum overall grade point average of 2.75 and must be in good standing within the University community.

Requirements for Entry into the Professional Stage
All teacher education candidates seeking to complete the Professional (Internship) stage of the Teacher Education Program must meet all requirements before being allowed to enroll in EDUC 475 - Internship in Reflective Practice and EDUC 490 - Capstone for Educational Leaders. Approval to enter the Professional Stage serves as the second level of assessment under the conceptual framework, Teacher as Educational Leader. Approval is granted by the Director of Student Academic Services after candidates have met all the following requirements:

1. Completion of a minimum of 110 semester hours.
2. Minimum cumulative GPA of 2.75 for coursework completed at Winthrop.
3. Completion of the following core courses with a grade of “C” or better in each course: EDUC 310 and 390.
4. Grade of “C” or better in courses designated by the candidate’s program area.
5. Completion of all required courses as specified by faculty in the major.
6. Competency review indicating satisfactory completion of (a) required Work Samples in designated program area methods courses and Core education classes and (b) satisfactory Field Experience Midterm and Final Evaluations.

7. Completed disclosure statement regarding criminal or unethical conduct.

8. Signed recommendations from:
   • Faculty Adviser
   • Department Chair in the candidate’s major and/or Program Area designee
   • Director of the Center for Pedagogy

NOTE: Before beginning full-time internship in the state of South Carolina, a teacher education candidate shall obtain a clear fingerprint/FBI check.

Program Completion from the Teacher Education Program

To exit the program, teacher education candidates must meet all degree requirements as well as the following requirements:

1. Successful completion of a minimum of 124 semester hours with a minimum GPA of 2.75.
2. Passage of EDUC 475, Internship in Reflective Practice, and EDUC 490, Capstone for Educational Leaders.
3. Completion of the Praxis II tests in the candidate’s area of specialty and the Principles of Teaching and Learning Test.
4. Successful completion of a competency review by the program area committee in which the following documents are reviewed: Internship Midterm and Final Evaluations, Scored Rubrics for the Capstone Unit Work Sample and the Senior file, and Teacher Education Professional Dispositions and Skills Form(s).
5. Signed recommendation by the following members of the program area committee: program area designee, department chair in the major, EDUC 490 faculty member, and the university internship supervisor.

Appeals

Any student wishing to appeal an admission decision, a program requirement, an internship placement issue, or a certification recommendation issue must make such an appeal in accordance with the policies and procedures established by the Teacher Education Committee (TEC). Students must obtain a “Petition For Exception” form from Student Academic Services. Petitions must be completed with accurate information and include supporting documentation such as a transcript, current course schedule, letters of support, and other appropriate documentation. Students are strongly urged to develop their petitions with the direct assistance of their faculty advisers. All petitions must be signed by the student, the student’s adviser, and the department chair of the student’s major area. The completed petition is submitted to Student Academic Services. The Petitions Committee, a subcommittee of the TEC, reviews the appeal from the student, makes a recommendation to the TEC which in turn makes a recommendation to the Dean of the Richard W. Riley College of Education. Students are then notified in writing of the Dean’s decision within thirty working days.

In special circumstances and when recommended by the department chair, the Dean may grant a one-time waiver of a restriction in order for a student to continue coursework in a timely manner.

Professional courses restricted to students admitted to the Teacher Education Program

No teacher education candidate will be allowed to register for the following courses without formal admission to the Teacher Education Program.

Teacher Certification Additional Requirement
Within General Education requirements, teacher education candidates must select one course from Multicultural Perspectives. See pages 38-39 for the current approved list.

PRAXIS II Series
The PRAXIS II Series examinations in Principles of Learning and Teaching (PLT) and the specialty area are a graduation requirement of all candidates in the teacher education program. (Testing information is available from Student Academic Services, 144 Withers.)

For current Title II information on the performance of Winthrop’s teacher education majors and minors on the PRAXIS II series examinations, please refer to the Richard W. Riley College of Education web page: http://coe.winthrop.edu/title2.

After 30 hours, all teacher candidates must meet the following requirements:
1. A "C" or better in PHED 101 and EDUC 110.
2. Take the PRAXIS I examination. A passing score will not be required on PRAXIS I until the teacher candidate applies for formal admission into the College of Education.
3. Complete an application for Continuation in the Teacher Certification program.
In addition to the above requirements, all requirements must be met for initial admission to the Richard W. Riley College of Education. In addition, teacher candidates must have successfully completed BIOL 307 before admission to Teacher Education will be granted.

ATHLETIC TRAINING EDUCATION PROGRAM APPLICATION PROCESS

All students seeking to complete the Clinical Stage of the WU-ATEP must meet all admission requirements and be formally admitted before they are allowed to enroll in the advanced clinical experience courses.

Transfer students must request a review of their transcripts. Appropriate transfer courses will be accepted if deemed equivalent by Winthrop University admissions and academic personnel. Transfer students who are admitted into the WU-ATEP will be required to complete all of the clinical education components at Winthrop University.

Admission into the Clinical Stage of the WU-ATEP is a competitive process. Completing the application requirements does not guarantee admission into the WU-ATEP. The WU-ATEP is bound by accreditation standards to maintain strict ratios between athletic training students and clinical instructors and to assure that all athletic training students can meet rigorous technical standards; it is possible that a student might fulfill the application requirements and be denied admission into the WU-ATEP.

All applicants for admission into the Clinical Stage of the WU-ATEP must meet the following requirements:

1. Complete a minimum of 30 semester hours.
2. Achieve a minimum cumulative grade point average of 2.5 for all coursework and a minimum cumulative grade point average of 2.75 for all coursework in the H&PE core.
3. Complete the following Athletic Training core courses with a grade of “B” or better in each course: PHED 111, PHED 212 & 212L, PHED 361.
4. Complete BIOL 307 with a grade of “C” or better.
   —application can be made during the semester of enrollment in BIOL 307; a final positive admission decision will not be made until the course is completed.
5. Complete a minimum of 75 hours of directed observation with ATCs. At least 25 of the hours must be done in an athletic training setting outside of Winthrop University.
6. Submit an Application for Admission to the Athletic Training Education Program to the Program Director (PD) that includes:
   a. official transcripts from all institutions of higher education attended.
   b. WU-ATEP application form.
   c. an admission essay that documents the student’s growth toward becoming an allied health professional.
   d. two letters of recommendation, one should be from an ATC.
   e. log which documents 75 observation hours.
7. Undergo a standardized interview with the Admission Selection Committee comprised of the Program Director, Clinical Coordinator, Winthrop University Head Athletic Trainer, Winthrop University Assistant Athletic Trainer, one off-campus ACI, and two current athletic training students.

Only students who meet requirements 1-3 are allowed to submit applications for admission into the WU-ATEP. When a student has completed the application process, the Admission Selection Committee will accept or reject the candidate’s application. Students are notified by U.S. Mail regarding the outcome of their application.
Students denied admission to the WU-ATEP and/or dismissed from the WU-ATEP may appeal the decision in the following steps:

1. Submit a letter of appeal to the PD and the Chair of H&PE. The letter should detail how the student believes he/she has met the appropriate criteria.

2. Each appeal will be reviewed by an Appeals Committee comprised of the Chair of H&PE and two faculty members of the Chair’s choice.

3. Upon review of the appeal, the Appeals Committee may request input from the selection committee and the student may request an open discussion with the Appeals Committee to explain his/her position.

4. The Appeals Committee will submit a written document to the student and to the PD regarding the decision on the student’s status.

5. All Appeals Committee decisions remain confidential and final.

*Students enrolled in the Bachelor of Science in Physical Education with a concentration in Fitness/Wellness may not enroll in these courses unless they have at least a 2.25 grade-point average, completed 54 credit hours, a grade of C or better in PHED 101, and have completed both BIOL 307 and 308. Transfer students who need BIOL 307 and 308 and meet all other requirements will be permitted to take these courses during their first and second semester at Winthrop. If, during the first year of coursework at Winthrop, they do not complete BIOL 307 and 308, they will not be permitted to take PHED 495A or PHED 496A until the biology sequence is successfully completed.

*Intensive Writing requirement*

In order to enroll in 300 and above numbered classes with a PHED or SPMA designator, the following requirements must be met:

1. Junior status with 54 hours completed
2. C or above in all required SPMA and College of Business classes
3. Completion of MATH 101 and 105
4. C or above in WRIT 101 and CRTW 201.

*Students may minor in one of the following: health, nutrition, or gerontology instead of choosing an area of specialization.*
The College of Visual and Performing Arts provides professional programs for students preparing for careers in the arts and contributes to the arts education of all Winthrop University students.

The College draws on the extensive resources of the University and the Charlotte region of the Carolinas to provide an outstanding milieu conducive to the development of arts professionals. Our students have transformative and inspiring experiences in a first-class environment that includes advanced technology laboratories in all the arts, contemporary dance studios, traditional and experimental theatre spaces, an unparalleled music conservatory, and studios in the diverse disciplines of the visual arts. The arts degree programs combine the best of the time-honored academy tradition and the most current and prescient ideas in the arts with the liberal arts education of a comprehensive university.

All professional programs have strong general education components designed to strengthen student understanding of the relationship of the arts to the broader contexts of history and culture as well as the social and physical sciences.

Programs of the College of Visual and Performing Arts serve to enrich the cultural opportunities for all Winthrop University students and the citizens of the Charlotte region of South Carolina and North Carolina.

The College has three departments: Art and Design, Music, and Theatre and Dance. Each department offers students a wide variety of major concentrations as well as minor programs for those students with primary interests in disciplines outside of the College of Visual and Performing Arts. These are described in detail under the departmental headings that follow.

ART AND DESIGN

Jihyun Song

The Department of Art and Design offers both the Bachelor of Arts degree in art, art history, and art education, as well as the professional Bachelor of Fine Arts degree with concentrations in ten areas. In addition, the department offers the Master of Fine Arts degree and the Master of Arts degree in art education and art administration.

Winthrop University is an accredited institutional member of the National Association of Schools of Art and Design (NASAD) and the Interior Design Program is accredited by the Foundation for Interior Design Education Research (FIDER). Administrative and faculty offices and studios, the Lewandowski student gallery, and graduate student studios are located in McLaurin Hall. Lecture and studio classes are held in Rutledge Building, primarily, with a few, limited number in McLaurin Hall and Roddey Hall.

Art and Design Scholarships and Awards

General scholarships are available in both visual arts and interior design. These awards, ranging from $250 up to $1,800, are based upon a review of student work as an indication of artistic ability.
Minor in Art and Design or Art History

The Department of Art and Design offers a minor in art and in art history, primarily for students who are working toward a baccalaureate degree in a program other than art and design. For the specific requirements of the minors in art and design, see the section on minors.

| Constitution Requirement | See approved list; PLSC 201 or ECON 103 apply to Social Science requirement 0-3 |
| Social Science | See approved list; two designators must be represented 6 |
| Humanities and Arts | See approved list; two designators must be represented and one must be a non-CVPA & the other may be met with approved GenEd courses in the Major 3-9 |
| Natural Science | See approved list; must include one lab science 7 |
| Intensive Writing | See approved list 3 |

Required Courses in Major 43-49

| ARTT 110 | Introduction to the Visual Arts 1 |
| ARTS 101 | Two-Dimensional Design I 3 |
| ARTS 102 | Three-Dimensional Design I 3 |
| ARTS 120 | Drawing I 3 |
| ARTS 121 or 220 | Figure Drawing or Drawing II 3 |
| ARTH 175 | Intro to Art Hist Prehistory-Middle Ages 0-3 |
| ARTH 176 | Intro to Art Hist Renaissance-Present 0-3 |
| ARTS Electives | Any ARTS course (with satisfaction of any prerequisites and other conditions) 24 |
| ARTH Electives | Any ARTH course (with satisfaction of any prerequisites and other conditions) 6 |

Electives Must include a minor 31-37

Total 124

*Hours may be covered in Technology and Oral Communication only if an applicable CSCI course and SPCH 201 are selected. Also, students completing the BA required program in art must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency exam or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite.

NOTE: a total of 36 hours in ARTS courses may apply to Major and GenEd, and none to Electives.
Bachelor of Arts in Art History

The Bachelor of Arts degree in art history offers a student the opportunity to obtain strong academic training that will lead to graduate study in art history or to employment in a visual arts field.

**Electives** 0-5

**Total** 132-134

*Hours counted in Major Requirements.

**Must earn a C or better

**NOTE:** Students completing the BA required program in art education must demonstrate a foreign language proficiency at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency exam or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. The total hours in the degree will vary from 132 to 134 depending on the credit hours required to meet foreign language requirements. No more than 36 hours in any one subject (or course designator) may apply to the BA degree.

**Bachelor of Fine Arts**

The Bachelor of Fine Arts degree is a professional degree designed for students who wish to pursue the visual arts as a profession or for the student wishing to pursue graduate study. Students seeking teacher certification in addition to the BFA degree should declare this intent to the department by the first semester of the sophomore year. Areas of concentration include (1) ceramics, (2) general studio, (3) visual communication design (consisting of a graphic design track and an illustration track), (4) interior design, (5) painting, (6) photography (consisting of a fine art track and a commercial track), (7) printmaking, and (8) sculpture (including jewelry and metals).

Students may take courses in any concentration prior to being admitted to the concentration; however, students may not register for studio-based courses above ARTS 375 or INDS 299 without submission and acceptance of a specialization portfolio.

Entering students who display exceptional ability, evident in a portfolio of work reviewed by a faculty committee, may proceed to ARTS 200-level course(s). The faculty committee will determine whether any courses may be exempted. Students will take replacement ARTS Elective course(s) to fulfill the required hours in the major.

The student must maintain a minimum cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the subtotal semester hours of the required program. A minimum grade of “C” is required for all ARTS, ARTH, ARTT, INDS, and VCOM required courses in the Bachelor of Fine Arts degree. The BFA student may not progress to the next sequential course(s) without satisfying any portfolio review requirements (for “C” grades) and with the earning of any “D” or “F” grades in these designator subjects. The student must complete a minimum of 21 semester hours of ARTS, VCOM, and/or INDS courses in residence at Winthrop University. At least one-half of all courses in studio art are recommended from an area of concentration as determined by a student’s adviser.

Within the hours required for this degree, the student must include a minimum of 40 semester hours in courses numbered above 299 and must complete PLSC 201 or ECON 103.
COLLEGE OF VISUAL AND PERFORMING ARTS/FINE ARTS

Foundation Portfolio Review

The Foundation Portfolio Review is required only of BFA students who earn a “C” grade in any foundation studio course (ARTS 101, 102, 120, 201, 202, 220, INDS 201). Portfolios submitted for review must consist of art work from the subject area(s) within which a “C” grade was earned.

Students who pass or do not pass Foundation Review will continue into the sophomore level courses of their intended area of concentration. While students may have been successful in course work in meeting minimum standards, completing work on time, and participating in class activities, it should be realized that the Foundation Review is based on the assessment of the work in the portfolio alone.

The Foundation Portfolio Review will be conducted each August and January just prior to the beginning of the fall and spring semesters. The Foundation Portfolio Review may also be held at other times at the discretion of the department chair. Following this review, students should meet with their faculty advisers.

Specialization Portfolio Review

Students enrolled in the BFA program must select a concentration in Art and Design and make application for admittance to that area during the second semester of their sophomore year. For formal admission into the junior year professional programs, a student must have met the following criteria: (1) completion of the recommended lower level curriculum requirements, having earned not less than a 2.5 grade point ratio on a scale of 4.0 in all Art and Design work completed, and (2) approval of portfolios by the Departmental Portfolio Review Committees.

The Specialization Portfolio Review is designed to measure the suitability of BFA students for advanced-level studio courses. To be eligible for the review, students must have passed Foundation Portfolio Review, if applicable, have completed (or have in progress) the required Sophomore-level courses leading to the specialization, and have attained a minimum GPA of 2.5 in art and design courses to date. In general, the Specialization Portfolio Review will measure anticipated success in the discipline by looking for signs of independence, thoroughness of research and discipline, and transfer of skills and knowledge. While students may have been successful in earning grades in previous course work by meeting minimum standards, completing work on time, and participating in class activities, it should be realized that the Specialization Portfolio Review is based on the assessment of the work in the portfolio alone.

The Specialization Portfolio Review will take place in April of the Sophomore-level year and in August and January, as needed. The Specialization Portfolio Review Pass allows the student to enroll in studio courses above the numbers ARTS 375, VCOM 324, and INDS 299. After passage, a student may not change a BFA concentration without passing a Specialization Portfolio Review in the new concentration of choice. Non-BFA students above the sophomore level may not change into the BFA program without permission of the department chair. Students should communicate with the departmental office for more information. All ARTS studio courses numbered above 375 and VCOM studio courses above 324 have a prerequisite of junior status and the successful completion of the specialization portfolio review or permission of the Chair of the Department of Art and Design.

Transfer Students

A portfolio review of art and design work produced in studio courses at other schools is required of all transfer students. The purpose of a transfer portfolio review is to determine the proper level of placement into the degree program of choice, and the review is conducted by a faculty committee at the start of the student’s initial semester. Transfer students are advised to request a copy of the department’s Portfolio Review Requirements for further details.
### General Education Courses

Mission
It is the mission of the Department of Music at Winthrop University to provide opportunities for music students to develop their creative and musical potentials, prepare music students for professional careers in music, continue its historic leadership role in music education in the region, serve the campus community by offering musical experiences and the opportunity to develop musical knowledge and skills to non-music majors, serve the larger community through programs of national distinction, be responsive to change, and be committed to on-going self-evaluation.

Introduction
The Department of Music offers three undergraduate degree programs: the Bachelor of Music degree in performance, the Bachelor of Music Education degree with concentrations in choral or instrumental music, and the more general Bachelor of Arts degree in music. In addition, the department offers both the Master of Music and Master of Music Education degrees, described in the Winthrop University Graduate Catalog.

Winthrop University is an accredited institutional member of the National Association of Schools of Music. The department offers professional instruction in musicianship, performance, and pedagogy for students planning careers in music. Opportunities for musical experiences are provided for the general college student as well.

The Department of Music is housed in the Conservatory of Music. The adjacent 3,500 seat Byrnes Auditorium has a 70-rank, four-manual pipe organ by Aeolian-Skinner. The facilities in the Conservatory include the 212-seat Barnes Recital Hall, practice rooms, faculty offices, studios, classrooms, and rehearsal rooms.

The Music Library, located in 334 McLaurin Hall, has a full-time music librarian and a staff of assistants who help students in the use of scores, recordings, listening stations, ear training programs, and video equipment available there. The Computer Music Laboratory, located in Byrnes Auditorium, Room 203B, includes facilities and equipment for composition. The Electronic Keyboard Laboratory is also located in Byrnes Auditorium, Room 203A.

For more information on the Department of Music, please visit www.winthrop.edu/music/.

Admission
To be admitted as a music major, a student must perform an entrance audition that demonstrates background in applied music sufficient to meet the performance requirements of first-year applied music study at the collegiate level. Students may be admitted as music majors with “condition”. “Condition” must be removed by the end of two semesters of study for the student to continue as a music major. In addition, all entering music majors take a placement test in music fundamentals. Entrance auditions and placement tests are given at the beginning of each semester before classes begin.

For a complete listing of requirements for admission to the Teacher Education Program, consult the College of Education section of this catalog.
Entrance Audition

**Bachelor of Music Degree.** Entrance audition requirements for specific performance areas of applied music study may be obtained by writing to the Chair, Department of Music. Students auditioning for the BM degree are expected to demonstrate technical facility and musicianship which distinguish the student as one who can fulfill the rigorous performance requirements in this professional program.

**Bachelor of Music Education and Bachelor of Arts Degrees.** Entrance auditions for the BME and BA degrees do not require specific repertory. Students should be prepared to demonstrate their performance ability effectively by performing compositions of different styles.

Music Scholarships

The Department of Music offers music scholarships to freshmen and transfer students who plan to major in music. All scholarships are selected through competitive auditions and are renewable for a period of up to four years (2-4 years for transfer students).

All music scholarships qualify students for an out-of-state tuition waiver. Information on music scholarships is available from the Chair, Department of Music.

Performance Requirements for Graduation

**Bachelor of Music Degree.** Majors in the BM program must present a half-recital in the junior year and a full recital in the senior year.

**Bachelor of Music Education Degree.** Students in the BME program must present a half-recital in the senior year.

**Bachelor of Arts Degree.** There is no recital requirement for graduation in the Bachelor of Arts curriculum. BA students must enroll in applied music for at least six semesters.

Keyboard Skills Examination

BME students and BM performance majors must take a keyboard skills examination at the end of the sophomore year. This requirement may be satisfied by successful completion of MUSA 282 (Piano Class IV). Students who do not successfully complete the examination by the end of the sophomore year may not enroll in junior-level music courses.

Minor in Music

Students may earn a minor in music if they are majoring in an area other than music. For the specific requirements for the minor in music, see the section on Minors.

S/U Option

Music majors are not permitted to utilize the S/U option when registering for music courses.

Minimum Grade Requirement

Music majors must receive a minimum grade of C in every music course (MUSA or MUST) used to meet requirements for a music degree.
**Bachelor of Arts in Music**

#### Electives

Choose from courses with any course designator other than MUSA or MUST (must include a minor or double major)

Total | 124 |

*Courses fulfilling these General Education Requirements are listed in the Music Core.

### ADDITIONAL REQUIREMENTS

- Six semesters of approved recital attendance.
- A minimum grade of C is required in all MUSA/MUST courses meeting degree requirements.
- Cultural Events Requirement.
- Constitution Requirement.
- Completion of a Minor or Double Major.
- Intensive Oral Communication Requirement.
- A minimum of 21 hours of MUSA/MUST courses in residence at Winthrop University.
- A minimum cumulative GPA of 2.0 is required for all courses taken at Winthrop, as well as courses counted toward the major and minor programs.

*Courses fulfilling these General Education Requirements are listed in the Music Core.
**C or better must be earned in each course.

**ADDITIONAL REQUIREMENTS**
- Keyboard Skills Examination (sophomore year).
- Half Recital (senior year).
- Seven semesters of approved recital attendance.
- A minimum grade of C is required in all MUSA/MUST courses meeting degree requirements.
- Cultural Events Requirement.
- A minimum of 21 hours of MUSA/MUST courses in residence at Winthrop University.
- A minimum cumulative GPA of 2.75 is required for all courses taken at Winthrop.
- The Praxis II Test is required prior to graduation and includes the following three tests: (1) Music Education Specialty [#0111]—Elementary or 9-12 (2), Music Analysis Section [#0113], and (3) Principles of Learning and Teaching (PLT)—either Elementary or High School.

The Department of Theatre and Dance offers the Bachelor of Arts Degree in Dance and the Bachelor of Arts Degree in Theatre with emphases in theatre performance and design and technical theatre. Teacher certification options are available in both theatre and dance. The programs prepare students for a variety of career opportunities and/or graduate study. Winthrop University is an accredited institutional member of the National Association of Schools of Theatre (NAST) and the National Association of Schools of Dance (NASD).

Entrance Requirements
While admission to the BA degrees in Dance and Theatre does not require a formal audition or work review, it is recommended that prospective students in dance or theatre performance complete a placement audition prior to their first semester of enrollment in the program. Similarly, students entering the design and technical theatre emphasis should schedule an interview with the department chair. Audition and interview dates may be scheduled by contacting the Chair, Department of Theatre and Dance.

Theatre and Dance Scholarships
Scholarships are available in both Theatre and Dance. These awards, ranging from $100 to $500, are based upon audition or portfolio review as an indication of artistic ability. There are Producers Circle Scholarships for continuing students in amounts from $100 to $500 per year. The Florence A. Mims Scholarship is awarded to an exceptional senior theatre student. The Herbert L. Dean Dance Scholarship is awarded to an exceptional junior or senior dance student. The Blair E. Beasley, Jr. Directing Scholarship is awarded to a student who demonstrates excellence in directing.

Graduation Requirements
Students must attain a minimum cumulative grade point average of 2.00 in courses taken at Winthrop University. The student must complete a minimum of 12 semester hours in either DANA/DANT courses (BA degree in Dance), or THRT/THRA courses (BA in Theatre) in residence at Winthrop, and must attain a minimum cumulative grade point average of 2.0 in the major program.

In addition to the required program, the student must select and complete a minor and achieve a minimum cumulative grade-point average of 2.0 in all courses counted toward the minor. Within the 124 hours required for this degree, the student must include a minimum of 40 semester hours in courses numbered above 299.
Dance majors are required to take at least one technique class each semester.

Minor in Theatre or Dance
The Department of Theatre and Dance offers minors in both theatre and dance. For the specific requirements of the minors, see the section on minors.

In addition to the requirements for their major, students must meet requirements for the Teacher Education Program which include the requirements for Admission to Teacher Education, Entry to the Professional Stage, and Program Completion. For information on these requirements, consult the Student Academic Services in the Riley College of Education.

The PRAXIS II Test, Principles of Learning and Teaching (PLT) is required prior to graduation. Students may take either K-6, 5-9, or 7-12 grade levels.

Dance Education students may have to travel farther than students in other content areas for their field experience and/or internship because there are a limited number of dance education programs with certified teachers in school districts surrounding the Winthrop University campus. The Richard W. Riley College of Education and the Department of Theatre and Dance work together to place students with mentor teachers in appropriate dance education programs. Please consider the need to travel, relocate, and/or make special housing arrangements during the field experience and/or internship semesters.

* Hours counted in the major.  
**C or better must be earned.  
1 Meets Technology Requirement  
2 Meets Oral Communication Requirement  
+ Meets Intensive Writing Requirement  
~ Meets Constitution Requirement

In addition to the requirements for their major, students must meet requirements for the Teacher Education Program, which include the requirements for Admission to Teacher Education, Entry to the Professional Stage, and Program Completion. For information on these requirements, consult the Student Academic Services in the College of Education.

**The PRAXIS II Test, Principles of Learning and Teaching (PLT)** is required prior to graduation. Students may take either K-6, or 5-9, or 7-12 grade level.

Theatre Education students may have to travel farther than students in other content areas for their field experience and/or internship because there are a limited number of dance education programs with certified teachers in school districts surrounding the Winthrop University campus. The Richard W. Riley College of Education and the Department of Theatre and Dance work together to place students with mentor teachers in appropriate theatre education programs. Please consider the need to travel, relocate, and/or make special housing arrangements during the field experience and/or internship semesters.
Founded on July 1, 2003, University College brings together existing and planned programs focused on increasing student achievement and engagement across the university. The College coordinates and guides programs from both academic affairs and student affairs, honing the focus across disciplines to ensure that all Winthrop students, regardless of their ultimate degree goals, have a common academic foundation as they commence a major course of study. Students who have not declared majors are advised through University College’s Pre-Major Advising Center.

University College brings together Winthrop’s revised General Education program, the first year experience course (ACAD 101: Principles of the Learning Academy), the Honors program, academic themes in residence halls, and the activities and opportunities available through the International Center. The Teaching and Learning Center, which provides professional development opportunities for faculty and works with faculty who are new to Winthrop, is also a key component of University College. An overarching focus for all of the dynamic elements of University College is enhancing the freshman-year experience and student retention.

In addition to the programs listed above, the College works with student orientation, the Service Learning Center, the Model United Nations, and the Office of Cultural Events. Programs presently in development include leadership studies, civic engagement opportunities, and student academic success centers.

Programs for Superior Students--Honors Program

Honors Mission Statement. Winthrop University’s Honors Program is designed to enrich the college experience for highly talented and motivated students. Through interactions with outstanding faculty and peers, a vital community of scholars is created that embraces the pursuit of knowledge for the enhancement of intellectual and personal growth.

Distinguishing Features. The Winthrop Honors Program has evolved into one of the university’s most exciting offerings. During the first semester of the freshman year, students are invited to take honors courses based on their high school grade point average and ACT/SAT score. The program requires completion of at least 23 hours of honors courses and a service learning course/project. To receive honors credit for a course, the student must complete the course with minimum grade of B. A minimum cumulative GPA of 3.30 is required to enroll in honors courses.

Winthrop’s Honors Program courses include:

- **Symposia** which bring together talented students and exceptional teachers in a small group setting.
- **Interdisciplinary Seminars** which integrate information from different areas of study.
- **Instructional alternatives** such as team-teaching, guest lectures, or visits to sites or events associated with the subject of study.
- **Learning enrichment** through multicultural and international studies.
- **Civic engagement and service learning** in independent and cooperative settings.
- **Special privileges** including extended library checkout during honors thesis work, honors advising, and honors residence hall accommodations.

Requirements for the Honors Program Degree:

- **General Education Component:** GNED 102H, CRTW 201H (6 credit hours).
- **Coursework Component:** Completion of 15 credit hours of honors coursework with a minimum of 6 credit hours in the major and 3 credit hours outside the major.
- **Cultural Component:** One honors symposium must be completed (1 credit hour).
- **Independent Study Component:** A senior thesis/project must be completed in the major (may count as 3 credit hours in the major or as HONR 450H - Honors Thesis for 3 credit hours) and completion of HONR 451H - Thesis Symposium (1 credit hour) at the time the thesis is written.
- **Service Learning Component:** A service learning class/project must be completed.

In addition to the Honors Program Degree, Winthrop encourages honors students to participate in international study abroad opportunities by offering an Honors Program Degree with International Experience.

Requirements for the Honors Program Degree with International Experience:

- **Same Components** as for the Honors Program Degree above.
- **International Experience:** Completion of an extended experience outside the U. S. in a learning environment. A semester of study abroad in an exchange program, or other university program, is the best and most common way to accomplish this. An equivalent total duration comprised of multiple short
Honors Course Categories

Honors sections of regular courses are smaller, more selective versions of standard courses. For example, instead of a lecture class with standardized tests, honors sections may consist of 15 students graded on the basis of in-depth essays and contributions to class discussions.

Special topics courses are generally interdisciplinary in nature, sometimes taught by two faculty from different disciplines. Food and Power: Politics, Public Policy and Hunger; The Arthurian Tradition; and The Films of Orson Welles are examples of recent special topics courses. Such courses make it possible to cover subjects of particular interest to current honors students.

Contracted honors courses allow honors students to earn honors credit in subjects for which no formal honors courses are available. Any course is eligible, provided the student contracts with the professor to do work of sufficient sophistication, either in place of, or in addition to, the regular requirements of the course. A written agreement must be drawn up within the first few days of the semester and approved by the Honors Director.

Honors symposia are 1 credit hour special interest courses generated by faculty with expertise in a specific area. Recent Honors Symposia include: Breast Cancer, Women and Society; Nontraditional Conflict in the 21st Century; and The Individual and Community: Sources of the Sacred in American Culture.

Independent study, in the form of research or creative work, is required for an Honors Program degree at Winthrop. Prior to the beginning of the semester in which the work is to be undertaken, a prospectus must be approved by the faculty project director, the appropriate department chair and dean, and the Honors Director. Student researchers are encouraged to submit their findings to the National Collegiate Honors Council Conference, a meeting which brings together scholars from honors programs throughout the United States, or to the Southern Regional Honors Council Conference, a meeting of scholars from honors programs in the southeast.

Sample Timetables

Freshman: WRIT 101H (if needed), GNED 102H, honors course in major
Sophomore: CRTW 201H, honors course, international experience*
Junior: honors course, honors symposium, service learning course
Senior: honors thesis, HONR 451H

Freshman: GNED 102H, honors course
Sophomore: CRTW 201H, honors course, international experience*
Junior: honors course, honors symposium, service learning course
Senior: honors thesis, HONR 451H

Freshman: GNED 102H, CRTW 201H
Sophomore: honors course, international experience*
Junior: honors course, honors symposium, service learning course
Senior: honors course, honor thesis, HONR 451H

*required only for students who desire an Honors Program Degree with International Experience.

Degree with Recognition - Transfer Students

Transfer students to Winthrop can pursue an Honors Program Degree or a Degree with Recognition. If the student has participated in an honors program at an accredited four-year college or university, they are encouraged to continue in the Winthrop Honors Program. These students my receive honors credit for honors study completed at the other institution. Upon approval of the Honors Director, students who transfer to Winthrop as sophomores may receive up to six hours of honors credit for such work. Students transferring as juniors may receive up to nine hours of honors credit, and senior transfer students may receive up to twelve hours of honors credit.

Upon occasion, a student comes to Winthrop as a transfer student with no previous honors hours and a minimum number of hours left to earn the degree. Such students may opt to pursue a Degree with Recognition. The Degree with Recognition Program is restricted to transfer students entering with and maintaining a 3.3 GPA, receiving transfer credit for at least 60 hours, and needing 75 hours or fewer at Winthrop. If more than 75 hours are taken at Winthrop, the student should choose to pursue an Honors Program Degree.

Requirements for a Degree with Recognition

In addition to meeting the eligibility requirements described in the above paragraph, a student will attain a Degree with Recognition through satisfactorily completing at least 13 credit hours of honors courses while maintaining a 3.3 GPA based on his or her total course work. Honors courses must be completed with a B or better.
to be accepted as honors credit. The following requirements must be adhered to:

- **General Education Component**: GNED 102H, CRTW 201H (6 credit hours).
- **Major Component**: 6 credit hours of honors courses in the major.
- **Independent Study Component**: A senior thesis/project must be completed in the major (may count as part of the 6 credit hours in the major or as HONR 450H – Honors Thesis for 3 credit hours) and completion of HONR 451H – Thesis Symposium (1 credit hour) at the time the thesis is written.
- **Service Learning Component**: A service learning class/project must be completed.

For more information, contact: Kathy A. Lyon, PhD.
Honors Program Director
139 Bancroft Hall
803/323-2320 or lyonk@winthrop.edu

**Project REACH (REtention and ACHievement)**

Project REACH promotes student retention by developing and implementing programs that encourage students to seek their potential and enable them to reach academic and professional goals. REACH projects include a Faculty-Student Mentoring Program as well as studies designed to understand the types of student support services that will best serve student needs. REACH is currently compiling a list of the various retention programs offered throughout the campus and has created a Student Guide to Success on the REACH website ([www.winthrop.edu/retention/students.htm](http://www.winthrop.edu/retention/students.htm)) that helps students identify obstacles to success and offers strategies for overcoming these difficulties.

**Cultural Events**

Winthrop University strives to offer its students a setting in which they can mature culturally, as well as intellectually. In an effort to provide a well-rounded education, the Winthrop faculty has approved a cultural events policy. The purpose of the cultural events requirement is to establish and foster a life-enriching pattern of cultural involvement. A record of student attendance at cultural events can be accessed through the Registration Status link on Wingspan.
Gerontology Certificate Program

The certificate program consists of 18 semester hours. It is designed for 1) current students with a major that does not require a minor but whose career interest is in working with older adults (e.g., Social Work majors); 2) individuals with undergraduate or professional degrees seeking a credential in gerontology; 3) adults with a high school diploma who are preparing for job entry into the aging network or who are interested in the field of aging; and 4) professionals working in the aging network who want to update their knowledge in gerontology. (Social Work majors seeking a certificate in Gerontology may receive 3 hours credit for GRNT 440 as part of their required SCWK 443 Field Instruction.) The required courses are GRNT 300, GRNT 440, GRNT/SCIE 301 and GRNT/SCOL 504. Students also choose 3 hours from either GRNT/PSYC 307 or GRNT/SCWK 305, and 3 hours from the following elective courses: GRNT/SCOL 304, SCOL 520, SCWK 516, SCWK 536, NUTR 221, HLTH 500, INDS 241, PSYC 510, or HLSM 200. Students interested in the Gerontology Certificate program must be advised by Dr. Jennifer Solomon, Coordinator of Gerontology Programs. Students enrolling in the Gerontology Certificate program are required to complete an application form and have it signed by Dr. Solomon (803-323-4658).

Minors

Each program leading to the Bachelor of Arts degree requires the completion of a minor in addition to the major program. Students may fulfill the minor requirement with one or more minors of their own choosing. The minimum number of semester hours required for a minor is 15, at least 6 of which must be in courses numbered above 299. Minors are recorded on the permanent record. No course may be included in two minors or in a major and a minor unless the student is pursuing a Bachelor of Science degree, except in the College of Business Administration, where no course may count toward a business administration major and a business administration minor. Students must achieve a 2.0 cumulative grade-point average in all courses taken at Winthrop, as well as in courses counted toward the minor and the major programs.

Non-Bachelor of Arts degree students may complete minors either through the use of elective credits or through additional credits beyond those required for the degree program.

Accounting

The minor in Accounting consists of 15 semester hours to include ACCT 280, 281, 305, 306 and one of the following: ACCT 309, 401, or 509. Proficiency in computer applications equivalent to the level required for the successful completion of CSCI 105. This requirement may be met by taking CSCI 101, 105, or 110.

African American Studies

The African American Studies minor is an 18-hour program. Twelve of these hours are from four required courses: AAMS 300, ENGL 518, HIST 509, and SOCL 314. The remaining six hours are to be chosen from AAMS 320, ANTH 323, ARTH 281 or ARTH 381, ENGL 310, 311, 320, 321, 330, 510 (the preceding six ENGL courses to be taken only when also designated as AAMS courses), GEOG 303, HIST 308, HIST 337, HIST 561, MUST 203 or 514, PLSC 315, PLSC 317, PLSC 318, PLSC 338, PLSC 551, SOCL 350 (to be taken only when also designated as an AAMS course), or THRT 212.

Anthropology

The minor in anthropology consists of 18 semester hours to include ANTH 201, 202, and 12 additional hours in anthropology, 6 of which must be above 299.

Applied Physics

The minor in applied physics consists of 17 semester hours of PHYS: PHYS 201-202 or 211-212; 9 hours from PHYS 301, 315, 350, 331, 332 or 321. Students with majors in biology, chemistry, computer science, and mathematics may count physics courses required by the major (PHYS 211-212 or 201-202) toward the physics minor.

Art

The minor in art consists of 18 semester hours of ARTS: ARTS 101, 102, 120, and 121, and 6 hours of ARTS, ARTH, VCOM, or INDS from courses numbered above 299.

Art History

The minor in art history consists of 15 semester hours to include ARTH 175 and 176 and 9 hours above 299. INDS 337 and 338 may be counted toward this minor. Because no course may be included in a major and a minor, students majoring in Art or Interior Design and minoring in Art History must complete 15 semester hours in Art History beyond those required for the major.

Biology

The minor in biology consists of 18 semester hours of BIOL to include at least 6 hours in courses numbered above 299.
MINORS

Business Administration
The minor in business administration consists of 18 hours of the following: BADM 180, ACCT 280, two of the following: MGMT 321, MKTG 380, FINC 311; two of the following, one of which must be above 299: ACCT 281, CSCI 207, ECON 215, ECON 216, HLSM 200, QMTH 205 or any course above 299 in ACCT, BADM, ECON, FINC, HLSM, MGMT, or MKTG. Proficiency in computer applications equivalent to the level required for the successful completion of CSCI 105. This requirement may be met by taking CSCI 101, 105 or 110.

Chemistry
The minor in chemistry consists of 18 semester hours of CHEM to include at least 6 hours in courses numbered above 299. Chemistry courses required for other majors can also be counted for the chemistry minor.

Coaching
The minor in coaching consists of 17 hours which must include: PHED 327, 361, 362, 393, and 571; two courses from PHED 460, 461, 462, 463, 464, 465, or 466. The remaining hours are to be selected from any courses not chosen to meet the above requirements and/or PHED 231, 267, 320, 325, 372, 382, or 548. An adviser in physical education will be assigned when the student files an intent for the minor.

Computer Science
The minor in computer science consists of 18 semester hours of CSCI: CSCI 207-208 and 271 and 7 additional hours of CSCI to include 6 hours in courses numbered above 299, except CSCI 340 A, B, C. CSCI 101, 110, and 151 may not be used to fulfill the Computer Science minor.

Dance
The Dance minor is a 21-hour program: Technique - 3 credit hours in Modern Dance and 2 credit hours in Ballet; DANT 200, DANT 298, DANT 251 or 252, DANA 258; two additional hours selected from DANA 443 or 444; and 8 credit hours of DANT/DANA electives.

Economics
The minor in economics consists of 18 semester hours of ECON to include ECON 215, 216, 315, 316. The additional 6 hours will be selected from ECON 331, 335, 343, 345, 415, 521 or approved replacement courses. No course may be included in two minors or in a major and a minor.

English
The minor in English consists of 18 semester hours of ENGL to include: ENGL 300; 6 hours selected from ENGL 201, 202, 203, 205, 206, 207, 209, 210, 211; and 9 hours in courses numbered above 299.

Entrepreneurship
The minor in Entrepreneurship consists of 15 semester hours from the following: ACCT 280, MKTG 380, BADM 371, 372 and 525. In addition proficiency in computer applications equivalent to the level required for the successful completion of CSCI 105. This requirement may be met by taking CSCI 101, 105 or 110. Courses numbered above 299 must be taken after the student achieves junior status.

French
The minor in French consists of 18 semester hours of FREN to include FREN 201, 202, 250, and 9 hours in courses numbered above 202. May include MLAN 330 or 530. (FREN 101-102, or the equivalent, are prerequisites for all other FREN courses; however, they may not be applied toward fulfillment of the minor requirement.)

General Science
The minor in general science consists of at least 18 semester hours of coursework selected from BIOL, CHEM, GEOL, or PHYS, to include PHYS 201-202 or 211-212. Courses included in a major may not be counted in the general science minor. At least 6 hours must be in courses numbered above 299.

Geography
The minor in geography consists of 15 semester hours of GEOG to include GEOG 101 and at least 6 hours in courses numbered above 299.

Geology
The minor in geology consists of 18 semester hours in GEOL, including GEOL 110 and 113, and at least 6 hours in GEOL courses numbered above 299.

German
The minor in German consists of 18 semester hours in GERM to include GERM 201, 202, and 12 hours in courses numbered above 202. May include MLAN 330 or 530. (GERM 101-102, or the equivalent, are prerequisites for all other GERM courses; however, they may not be applied toward fulfillment of the minor requirement.)
Gerontology

The minor in Gerontology consists of 18 semester hours. The required courses are GRNT 300, GRNT 440, and GRNT/SCIE 301. Students also choose 6 hours from either GRNT/SOCL 504, GRNT/PSYC 307, or GRNT/SCWK 305; and 3 hours from the following elective courses: GRNT/SOCL 304, SOCL 520, SCWK 516, SCWK 536, NUTR 221, HLTH 500, INDS 241, PSYC 510, OR HLSM 200. Students interested in the Gerontology minor must be advised by Dr. Jennifer Solomon, Coordinator of Gerontology Programs. Contact Dr. Solomon at 803-323-4658.

Health

The minor in health consists of 19 semester hours to include 9 hours from HLTH 500, 501, 506 and 507; and 10 additional hours selected from HLTH 300, 303, 500, 501, 503, 506, 507, PHED 231, 320, 361, BIOL 305-306, NUTR 221, NUTR 321, NUTR 370, GRNT 300, or SOCL 304. (HLTH 303 has a prerequisite of admission to the Teacher Preparation program.)

Health Services Management

The minor in Health Services management consists of 15 semester hours as follows: MKTG 380, MGMT 321, HLSM 200, 300, and 302. Note that ACCT 280 is a prerequisite to MKTG 380.

History

The minor in history consists of 18 semester hours in HIST: HIST 101, 102, 211, and 212, and at least 6 hours in courses numbered above 299.

Human Nutrition

The minor in human nutrition consists of 15 semester hours of course work in human nutrition, approved by Chair, Department of Human Nutrition, and CHEM 105, 106, 107, 108 or equivalent courses.

Human Resource Management

The minor in human resource management consists of 18 semester hours of management courses to include: MGMT 321, 325, 422, 523, 524, and 526. Note that PSYC 101 is prerequisite for MGMT 325 and MGMT 321 is a prerequisite for all the other courses. All courses in this minor must be taken after the student achieves junior status.

International Area Studies

The INAS minor will consist of 18 hours of course work to include PLSC 205 or 207, and six (or nine) hours devoted to a specific region of the world (see list I below), and six (or nine) hours devoted to cross-regional comparisons (see list II below). Special topics courses appropriate to either list may be substituted pending approval of the Advisory Committee of the International Center. Students must develop foreign language proficiency to include both 201 and 202. Students majoring in History or Political Science may apply 6 hours toward this minor beyond the normal 36-hour limitation for a given designator.

List II. Cross-regional comparisons: ANTH 201, 203, 301; ARTH 281; BADM 553; ECON 521; ENGL 205, 206, 207, 502; FINC 514; GEOG 103; MCOM 302; NUTR 370; PLSC 205, 207, 260***, 337; RELG 300.

**Study-abroad and field experience courses are highly recommended and must be appropriate to the selected region.

***Model UN is highly recommended.

Mass Communication

The minor in mass communication consists of 18 semester hours of MCOM, with a minimum grade of C in each course, in one of the following options:

Journalism: MCOM 205, 241, 333, 342 and MCOM 343 or MCOM 441 and MCOM 341 or 410.

Mathematics

The minor in mathematics consists of 18 semester hours of MATH to include MATH 201, MATH 202, and MATH 300, and at least 6 additional semester hours in MATH courses numbered above 299. If MATH 201 and/or MATH 202 are exempted, the student may choose any MATH course(s) numbered above 299 as substitutions.

Music

The minor in music consists of 24 semester hours of MUST/MUSA: MUST 111-112, MUST 113-114, MUST 305-306 and; 4 semester hours of applied music (private lessons); and 6 semester hours of music courses numbered above 299.
MINORS

Philosophy
The minor in philosophy consists of 18 semester hours of PHIL: PHIL 201, 220 or 225, 300 and 9 additional hours, 3 of which must in courses numbered above 299. A student may not count more than two ethics courses toward the minor.

Philosophy and Religion
The minor in philosophy and religion consists of 18 semester hours in PHIL and RELG, to include PHIL 201, RELG 201, and 12 additional hours, 6 of which must be in courses numbered above 299. A student may not count more than two ethics courses toward the minor.

Political Science
The minor in political science consists of 18 semester hours of PLSC to include PLSC 201 and at least 6 hours in courses numbered above 299. PLSC 350 is recommended.

Psychology
The minor in psychology consists of 20 semester hours of PSYC. Psychology minors must take PSYC 101, 301, and 302. The additional 9 hours must be in courses numbered above 299, and at least 6 must be chosen from PSYC 306, 307, 400, 503, 505, 506, 507, 508, 509, or 514. Biology majors/psychology minors may waive PSYC 302; sociology majors/psychology minors may waive PSYC 301. In either case, 3 hours of psychology above 299 must be taken to replace the waived course.

Secondary Education
Students who major in biology, English, French, history, mathematics, political science, and Spanish, and wish to be certified to teach in secondary schools may select a minor in secondary education. The minor consists of 29 EDUC semester hours: EDUC 110, 210, 250, 275, 310, 390, 475, and 490 and appropriate prerequisite and corequisite courses.

Social Sciences
The minor in social sciences consists of at least 18 semester hours of courses in ANTH, ECON, GEOG, HIST, PHIL, PLSC, PSYC, SOCL, or RELG to include at least 6 hours in courses numbered above 299. A student may not include in the social sciences minor any courses with the designator of the major or majors. To receive credit for the social sciences minor, students must also complete a course dealing with social sciences methodology (ANTH 341, ECON 215, HIST 500, PLSC 350, PSYC 302, or SOCL 316). The methodology requirement may be satisfied through major requirements.

Social Welfare
The minor in social welfare is primarily intended for students who plan to enter a related field or who are simply interested in the field of social work because of its significance to modern society. The minor is not a professional degree program. It consists of 19 semester hours of social work to include SCWK 200/201, 202, 321, and 9 hours of social work electives.

Sociology
The minor in sociology consists of 18 semester hours of SOCL: SOCL 101 or 201, and at least 15 additional hours in SOCL, 6 hours of which must be courses numbered above 299. Both SOCL 101 and 201 can be applied toward the minor requirements.

Spanish
The minor in Spanish consists of 18 semester hours in SPAN to include SPAN 201, 202, 250, and 9 hours in courses numbered above 202. May include MLAN 330 or 530. (SPAN 101-102 or the equivalent are prerequisites for all other SPAN courses; however they may not be used toward fulfillment of minor requirements.)

Theatre
The minor in theatre consists of 21 semester hours: THRT 110, 210, THRA 120, and 12 hours from any other THRT or THRA courses.

Women’s Studies
The minor in women’s studies consists of 18 semester hours, WMST 300 and five additional courses. Choose 9-15 hours from: ARTH 477, ENGL 330, HLTH 507, HIST 310, PLSC 337, 371, 553, PSYC 504, WMST 450. Choose 0-6 hours from: ANTH 201, 540, GEOG 101, GEOL 350, HLTH 506, PSYC 306, 307, SOCL/GRNT 504, SOCL 505. For more information, contact the Program Coordinator, Dr. April Gordon.
Writing

Students completing the writing minor may emphasize either creative writing or professional writing.

Students choosing the **creative emphasis** must complete 18 hours from:
- WRIT 307, 316, 350, 351, 507, 516, 530  
- WRIT 300, 500, ENGL 510  
  12-15 hours
  3-6 hours

Students choosing the **professional emphasis** must complete 18 hours from:
- WRIT 300, 350, 351, 465, 566, MCOM 341, 370  
- WRIT 307, 316, 500, 530, ENGL 303  
  12-15 hours
  3-6 hours
Courses of Study

This chapter contains a listing of courses at the time of printing of the catalog. Courses are listed alphabetically. Not all courses will be available every semester or summer session. A Schedule of Courses is issued prior to each registration. It lists courses available for that semester or summer session. Students should consult the Schedule of Courses prior to each registration.

Winthrop University reserves the right to withdraw any course listed in the Schedule of Courses if the administration determines the course does not have an adequate enrollment. The university also reserves the right to establish limits on the enrollment for any course or course section. For the most current and up-to-date information on courses, please go to the Wingspan web page at http://wingspan.winthrop.edu.

For further information about courses listed in this chapter, consult the dean of the college or the chair of the department offering the course.

In this chapter the following information is given about each course: the number; the title; the semester hour value; the number of clock hours per week required, if different from semester hour value; brief description; restriction of credit (if any); prerequisites or other restrictions on enrollment; and the semester the course is offered. If none is stated, the only restriction on enrollment is that indicated by the number of the course (see Classification of Courses below.)

The first of the figures enclosed in parenthesis immediately following the title of a course indicates the number of semester hours credit given for the course; the second and third figures (if given) indicate the number of lecture and laboratory (or studio) hours normally scheduled each week for one semester in the course. If only one figure is given, there are as many clock hours required per week as there are semester hours of credit for the course (unless the course description states otherwise.) For example, (3) indicates that the course carries three semester hours of credit and meets for three clock hours per week; (1:3) indicates that the course carries one semester hour credit but meets three clock hours per week; (4:2:4) indicates that the course carries four semester hours credit but meets two lecture hours and four laboratory (or studio) hours per week.

When two courses are listed as one, a hyphen(-) between the course numbers indicates the first is a prerequisite of the second. A comma (,) between the course numbers indicates that the first is not a prerequisite of the second.

Classification of Courses

Courses are classified by number:

101 - 299  beginning courses, primarily for freshmen and sophomores;
300 - 399  intermediate courses, primarily for sophomores and juniors;
400 - 499  specialized courses, primarily for juniors and seniors;
500 - 599  advanced courses, primarily for juniors, seniors and graduate students;
600 - 699  advanced courses for graduate students only (listed in the Graduate Catalog.)
Academy (ACAD)

101. Principles of the Learning Academy (1).
This course introduces first-year students to the concepts, resources, and skills necessary for successful higher learning and facilitates the student’s adjustment to and engagement in the learning academy.
Notes: Offered in the fall and spring.

Accounting (ACCT)

280. Accounting Information for Business Decisions I (3).
This course is the first of a two-part course focusing on the business environment and the use of managerial and financial accounting information for decision making in various business settings. Hands-on integrated project that uses accounting concepts to help the student see the interrelation and interdependence of the various business functions.
Prerequisite(s): MATH 101 or 140 and CSCI 101, 105 or 110.

281. Accounting Information for Business Decisions II (3).
This course is the second of a two course series focusing on the business environment and the use of managerial and financial accounting information for decision making. This course stresses the importance of recording, storing and reporting of financial information employing a practice set.
Prerequisite(s): ACCT 280.

All ACCT courses numbered above 299 have a prerequisite of junior status, an overall GPA of at least 2.00 and a grade of C or better in WRIT 102.

303. Accounting Information Systems (3).
Basic concepts of accounting information systems including both manual and computer based systems. Examines transactions processing systems with emphasis on internal controls and documentation, user support systems, and systems development.
Prerequisite(s): MGMT 341 and ACCT 281 with a grade of C or better.

305. Intermediate Accounting I (3).
Theoretical and practical foundations of financial accounting and reporting for assets and current liabilities.
Prerequisite(s): Grade of C or better in ACCT 281.

306. Intermediate Accounting II (3).
Accounting for long term liabilities, capital, and special transactions.
Prerequisite(s): Grade of C or better in ACCT 305.

309. Budgeting and Executive Control (3).
Preparation and utilization of financial information for internal management purposes: planning and special decisions, cost determination, performance evaluation and control.
Prerequisite(s): ACCT 280 and 281.

401. Introduction to Tax (3).
Introduction to the concepts and methods of determining tax liability for individuals, corporations, estates and partnerships.
Prerequisite(s): C or better in ACCT 305.

491. Accounting Internship (3).
Involves the application of professional accounting skills required in the academic environment to the role of the practicing professional accountant.
Prerequisite(s): C or better in ACCT 306 and 2.75 GPA.

502. Corporate Tax (3).
Concepts and methods of determining tax liability of corporations. Topics include ordinary income, capital gains and losses, net operating loss, reorganizations and contemporary problems in corporate taxation.
Prerequisite(s): Grade of C or better in ACCT 306 and ACCT 401.

505. Advanced Accounting Topics (3).
Special accounting topics not covered in other accounting courses. Examples of topics covered are business combinations, investments, leases, pensions, EPS, revenue recognition and the cash flow statement.
Prerequisite(s): Grade of C or better in ACCT 306.

506. Not for Profit Accounting (3).
Fund accounting and the financial presentation and disclosure requirements of governmental and other not for profit agencies.
Prerequisite(s): Grade of C or better in ACCT 306.

509. Auditing Principles and Procedures (3).
Internal control, test of transactions, direct tests of financial statement balances and statistical sampling, with emphasis on the auditor’s decision-making process.
Prerequisite(s): Grade of C or better in ACCT 306.

510. Advanced Cost (3).
Study of the conceptual and procedural aspects of cost accounting.
Prerequisite(s): Grade of C or better in ACCT 309.

Legal problems in the field of accounting and legal aspects required for CPA preparations.

African-American Studies (AAMS)

300. Introduction to African American Studies (3).
Interdisciplinary course including history and literature components.
Notes: Offered in the fall.

320. Racial, Cultural and Ethnic Influences on Identity Development (3).
This course examines how race, ethnicity and culture influence the development of personal identity of self. Historical and contemporary models of ethnic, cultural and/or racial identity formation will be examined. Diversity in the developmental process and outcomes of
identity formation for African Americans will be emphasized.  
Prerequisite(s): AAMS 300 or PSYC 101 and WRIT 101.  
Notes: Offered in summer.

498. Independent Study in African American Studies (3).  
This course is designed to allow students to study a topic in African American studies in greater depth than allowed in a traditional classroom setting or any presently existing Winthrop course. Students will receive assignments from their supervising instructor as appropriate.  
Prerequisite(s): AAMS 300 and consent of instructor.  

Anthropology (ANTH)  

201. Introduction to Cultural Anthropology (3).  
An exploration of cultures throughout the world stressing variability in family, political and economic patterns, religion and world view.  
Notes: Offered in the fall, spring and summer.

202. Introduction to Biological Anthropology (4:3:3).  
A study of the evolutionary history of humans. The course examines the anatomy, behavior and ecology of fossil and living primates and the extent of modern human diversity.  
Notes: Lab Fee: $20. Offered in the spring.

203. Introduction to Language and Culture (3).  
A study of the cultural and social dimensions of language and how language usage varies from culture to culture and context to context.  
Notes: Offered in the spring of odd years.

220. Introduction to Archaeology (3:0:0).  
The course will cover the history of archaeological inquiry and the development of method and theory. Environment, trade, subsistence, technology, art, and other areas of culture are to be examined through material culture. Included will be an overview of the different cultural periods in the U.S. from prehistoric evidence to historical sites.  
Notes: Offered in the fall, spring and summer.

301. Cross-Cultural Perspective of Human Experience (3).  
Prerequisite(s): ANTH 201 or permission of instructor.  
Notes: Offered in the spring of even years.

321. Cultures of Latin America (3).  
A study of selected contemporary peoples of Latin America in the context of present social, political and economic changes. Special attention is given to the problems of peasantry.  
Prerequisite(s): ANTH 201 or permission of instructor.  
Notes: Offered in the fall of even years.

A survey of the ancient Indian civilizations of the Americas, including prehistory and social, political, and religious beliefs. Will trace the impact of contact with European civilizations.

323. Cultures of Africa (3).  
A study of African cultures which includes family life, government, economics, education and religion.

325. Chinese Culture (3).  
An exploration of contemporary Chinese culture that is national in scope but allows a more in-depth look at selected dimensions of Chinese life.

340 A,B,C. Cooperative Education Experience (1) (2) (3).  
Provides on-the-job training in a professional field related to a student’s major or career interests.  
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.  
Notes: For Anthropology minors only. Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a minor in Anthropology. A grade of S or U is recorded.

341. Fieldwork in Cultural Anthropology (3).  
An experience in learning how to do research in cultural anthropology. Students learn research techniques, do fieldwork, and analyze and interpret the results.  
Notes: Intensive Writing course. Offered in the spring of even years.

345. Field Work in Archaeology (3:2:2).  
The course will cover site identification and preparation, artifact documentation and preservation, and site restoration. It will include field and laboratory components.  
Prerequisite(s): ANTH 220 or permission of the instructor.

350. Special Topics in Anthropology (3).  
In-depth consideration of a specific topic of particular concern in anthropology. Course will be offered under various topics, such as witchcraft and healing, and conflict resolution. It may be repeated under different topics.  
Notes: Offered in the fall and alternate years in the summer.

351. Cross-Cultural Topics (3).  
In-depth consideration of a specific topic of particular concern in anthropology. The topics offered will be cross-cultural and international in scope. The course may be repeated under different topics.  
Notes: Offered in the fall and alternate years in the summer.

540. Ecological Anthropology (3:3:0).  
A study of humans’ relationship to the environment in the past, present, and future. This course explores the biological and cultural adaptations that have allowed humans to occupy a wide range of diverse habitats.
Prerequisite(s): ANTH 201 and ANTH 202; or consent of the instructor.
Notes: Offered in the fall of even years.

Art (ARTS)

101. Two-Dimensional Design I (3:7).
Introduction to creative design elements, line, form, space, texture, color and basic technical skills, providing a foundation for subsequent art courses.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

102. Three-Dimensional Design I (3:7).
Comprehensive exploration of form, volume and space involving design, media, tools and technique.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

120. Drawing I (3:7).
Introduction to drawing concentrating on the fundamentals of line, value, perspective and composition as applied primarily to representational drawing from observation.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

121. Figure Drawing (3:7).
Introduction to drawing the human figure with emphasis on development of basic drawing skills of gesture, proportion, contour and action.
Prerequisite(s): ARTS 120.
Notes: Lab Fee: $15. Offered in fall and spring.

201. Two-Dimensional Design II (3:7).
Continued investigation of design and color with emphasis on understanding two-dimensional form, space, and creative visual organization.
Prerequisite(s): ARTS 101, 102.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

Continued study of space, form and media with emphasis on sculpture and design.
Prerequisite(s): ARTS 102.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

220. Drawing II (3:7).
An expansion of beginning drawing with increased emphasis on composition and concept using achromatic and color drawing media.
Prerequisite(s): ARTS 120.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

221. Life Drawing and Anatomy (3:7).
Drawing the human form. Study of anatomy and structure of the body. Experimentation in various media.
Prerequisite(s): ARTS 121.
Notes: Lab Fee: $15. Offered in fall and spring.

Use of personal computer in the context of visual design professions. Introduces student to skills needed to creating effective and expressive images in a desktop publishing environment.

Prerequisite(s): Foundation Portfolio Review or permission of Area Coordinator.
Notes: Lab Fee: $25. Offered in fall and spring.

305. Introduction to Photography (3:0:7).
This course introduces the non-Art major to the principles of composition as applied to Photography. Based on the use of the 35mm camera, students will learn the techniques and make effective black and white photographs. Students must have a 35mm SLR camera with manual functions.
Notes: For non-Art majors only. Offered in fall, spring, and summer.

311. Photo Communication (3:7).
In this course the practices of the working photojournalist are studied and skills expected of an entry-level newspaper photographer are developed. Topics include the use of camera and flash equipment for typical jobs, accurate note-taking for cut-lines, ethics as they impact the news media and an introduction to some of the major figures in the history of photojournalism. A portfolio of projects is produced, illustrating personal camera skills, as well as the ability to find pictures to accompany news stories.
Notes: Lab Fee: $50. For non-Art and Design majors only. Offered in fall and spring.

312. The Photo Essay (3:0:7).
This course further refines the practices and skills of the working photojournalist through the production of a photo essay project. Students explore and develop a semester-long body of work with emphasis on creating a personal style. Topics include the use of camera and flash equipment appropriate to the student’s project, selecting an audience for the essay project, research and development of the essay theme, and research in the history of photojournalism to examine important individuals who have pursued similar projects. Students produce an essay portfolio, illustrating personal camera skills, as well as the ability to identify media outlets and exhibition spaces suitable for the project’s display.
Prerequisite(s): ARTS 305 or ARTS 311 or ARTS 370 with permission of the instructor.
Notes: Offered in fall.

Continuation of the drawing sequence with emphasis on mixed media techniques and thematic development.
Prerequisite(s): ARTS 220.
Notes: Lab Fee: $10. Offered fall or spring and as needed.

Exploration of the drawing approach. Creative use of composition, rendering techniques and the artist’s point of view.
Prerequisite(s): ARTS 221.
Notes: Lab Fee: $15. Offered in fall and spring.

332. Sculpture I (3:7).
Introduction to the techniques and design problems of sculpture. Experiences with appropriate processes and materials.
Prerequisite(s): ARTS 102.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

333. Sculpture II (3:7).
Study and development of the concept of form in space using primarily one material, employing various techniques.
Prerequisite(s): ARTS 332.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

Introduction to screen printing techniques including tusche drawing, stencil and photo screen printing.
Prerequisite(s): ARTS 101, 120.
Notes: Lab Fee: $20. Offered in fall and spring.

Introduction to relief printing techniques in black and white including lino-cut and woodcut.
Prerequisite(s): ARTS 101, 120.
Notes: Lab Fee: $20. Offered in fall and spring.

Introduction to basic techniques in intaglio printmaking including hard- and soft-ground etching, dry point, engraving, aqua tint and collagraph.
Prerequisite(s): ARTS 101 and 120.
Notes: Lab Fee: $20. Offered in fall and spring.

342. Painting I (3:7).
Introduction to painting with emphasis upon professional approach to content, expression, materials and media techniques.
Prerequisite(s): ARTS 101 and 120.
Notes: Lab Fee: $10. Offered in the fall, spring and summer.

343. Painting II (3:7).
Emphasis upon the development of an individual point of view. Individual problems in representational and nonrepresentational painting.
Prerequisite(s): ARTS 342.
Notes: Lab Fee: $10. Offered in the fall, spring and summer.

351. Ceramics I (3:7).
Introduction to the techniques and processes used in the creation of clay forms.
Notes: Lab Fee: $45. Offered in the fall, spring and summer.

352. Ceramics II (3:7).
Studio course introducing exploratory experiences in potters wheel and glazing techniques.
Prerequisite(s): ARTS 351.
Notes: Lab Fee: $45. Offered in the fall, spring and summer.

Study of metals and the processes involved in designing and executing works in metal and related materials.
Notes: Lab Fee: $25. Offered in fall and spring.

Continued experience with designing and producing works in metal and related materials.
Prerequisite(s): ARTS 355.
Notes: Lab Fee: $25. Offered in fall and spring.

Exploring the means for making creative images through the use of the digital camera and by scanning film-based materials, this course covers some aspects of Photoshop for making an original and personal photographic portfolio.
Prerequisite(s): ARTS 101, ARTS 120.
Notes: Offered in fall and spring.

370. Basic Photography (Small-Format) (3:0:7).
With instruction in the 35mm single lens reflex (SLR) camera, metering, film development and printing in black and white, this course emphasizes the use of composition and light. Skills are begun towards the development of 'camera-vision', where pictures effectively communicate a personal interest with a broad range of subjects. Students must have a 35mm SLR camera with manual functions.
Prerequisite(s): ARTS 101, ARTS 120.
Notes: Lab Fee: $50. Offered in the fall, spring and summer.

This intermediate course builds on the technical skills and creative investigations begun in ARTS 370. Including serial imagery and the relationships between language and photography, assignments lead to alternative forms of presentation such as installations and artists' books. Technical instruction is provided on color slides, push-processing film, infra-red film and in the basic use of the medium-format camera. Black and white fiber printing papers are used extensively in conjunction with color toners. Students must have a tripod for this course.
Prerequisite(s): ARTS 370 (or ARTS 305 or ARTS 311, with permission of the instructor).
Notes: Lab Fee: $50. Offered in fall, spring and summer.

All ARTS studio courses numbered above 375 have a prerequisite of junior status and the successful completion of the specialization portfolio review or permission of the Chair of the Department of Art and Design.

420. Drawing IV (3:7).
Further continuation of the drawing sequence with emphasis on conceptual and compositional solutions to advanced drawing problems.
Prerequisite(s): ARTS 320.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

432. Sculpture III (3:7).
Study and development of kinetic forms in space with emphasis on contemporary materials and methods.
Prerequisite(s): ARTS 333.
Notes: Lab Fee: $25. Offered in fall and spring.
433. Sculpture IV (3:7).
Study of the figure as a form in space.
Prerequisite(s): ARTS 432.
Notes: Lab Fee: $25. Offered in fall and spring.

Introduction to basic techniques in stone and plate lithography.
Prerequisite(s): ARTS 336 or ARTS 337.
Notes: Lab Fee: $25. Offered in fall and spring.

Continued study in printmaking media with emphasis on more advanced traditional and contemporary techniques.
Prerequisite(s): ARTS 335, 336, or 337.
Notes: Lab Fee: $20. Offered in fall and spring.

442. Painting III (3:7).
Emphasis on the student’s personal creative expression and the continuing development of painterly skills.
Prerequisite(s): ARTS 343.
Notes: Lab Fee: $10. Offered in the fall, spring and summer.

443. Painting IV (3:7).
Continuation of the narrowing of focus to develop an individual expression.
Prerequisite(s): ARTS 442.
Notes: Lab Fee: $10. Offered in the fall, spring and summer.

Continuing explorations in hand and wheel throwing techniques. Exploratory experiences in clay body formulation and compounding glazes.
Prerequisite(s): ARTS 352.
Notes: Lab Fee: $45. Offered in the fall, spring and summer.

452. Ceramics IV (3:7).
Intermediate course study in either hand built or wheel thrown forms with an emphasis on the relationship between form and decoration.
Prerequisite(s): ARTS 451.
Notes: Lab Fee: $45. Offered in the fall, spring and summer.

Advanced work in jewelry and metals.
Prerequisite(s): ARTS 356.
Notes: Lab Fee: $25. Offered in fall and spring.

A design and practical exploration of forging and forming techniques used in the production of jewelry and metalwork.
Prerequisite(s): ARTS 455.
Notes: Lab Fee: $25. Offered in fall and spring.

470. Color Photography (3:7).
Developing an aesthetic awareness and technical proficiency with the creative potential of color photography, this course concentrates on making prints from color negatives. Color composition, color temperature, the use of filters and flash, are all investigated. The course aims to develop a use of color photography as a means of personal expression, as well as to build skills for working professionally. Students must have a flash for this course.
Prerequisite(s): ARTS 281, 470, 473 (or ARTS 473 as a co-requisite).
Notes: Lab Fee: $70. Offered in spring.

This course investigates the relationship between the individual and the social environment. Students photograph people at work and in locations that emphasize the subject’s role in society. The course includes making work suitable for newspapers, magazines and annual reports and culminates in a documentary project arranged by the student. Required equipment for this course includes a wide-angle lens and a flash.
Prerequisite(s): ARTS 371 or by portfolio review and permission of the instructor.
Notes: Lab Fee: $50. Offered in spring.

473. Large-Format Photography (3:0:7).
Working primarily with 4x5" view cameras (but also having access to the 8x10" camera), students learn to use the descriptive power of the large-format negative for personal expression and creative purpose. A grounding in exposure control through the Zone System enables students to improve their understanding of the relationship between subject brightness and print tonal range. Students must have a view camera and suitable tripod for this course.
Prerequisite(s): ARTS 101, 120, 201, 371.
Notes: Lab Fee: $50. Offered in fall.

474. Studio Lighting for Photography (3:0:7).
This course gives the students a working knowledge of strobe and tungsten lighting, as used in table-to-photography, portraiture and photographing interior architecture and the human figure. It includes the methods for calculating light intensities when properly lighting a 3-dimensional object, as well as exploring creative techniques commonly exploited in studio work. Students must own a Sekonic L-408 Multimaster light meter (which provides flash, ambient light and spot readings).
Prerequisite(s): ARTS 470.
Notes: Lab Fee: $50. Offered in spring.

Photographic printing paper can be a rich material, capable of extraordinary tonal scale in and with a character of rare beauty. This course comprises the making of photographic paper by mixing light-sensitive emulsions and applying them to quality drawing paper by hand. Some of the historic processes are investigated, including Cyanotype, Van Dyke, Gum Bichromate, Platinum and Palladium. Later in the course students select one process with which to make a unified series of prints.
Prerequisite(s): ARTS 281, 470, 473 (or ARTS 473 as a co-requisite).
Notes: Lab Fee: $70. Offered in spring.
480, 481. Special Topics in Art (1) (1).
Extended individual opportunities in studio art beyond existing departmental curriculum.
Prerequisite(s): Permission of the Chair of the Department of Art and Design.
Notes: Offered once per year.

482, 483, 484. Special Topics in Art (3) (3) (3).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of the Chair, Department of Art and Design.
Notes: Lab Fee: $25. Offered once per year.

532. Sculpture V (3:7).
Development of design and technical skills in the student’s specific area of interest.
Prerequisite(s): ARTS 433.
Notes: Lab Fee: $25. Offered in fall and spring.

533. Sculpture VI (3:7).
The conception and production of a unified professional body of work appropriate to a one-artist exhibition of sculpture.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $25. Offered in fall and spring.

Advanced study in printmaking media with a concentration of image formulation through advanced techniques and multi-color printing.
Prerequisite(s): ARTS 437.
Notes: Lab Fee: $25. Offered in fall and spring.

542. Painting V (3:7).
A continuation of the study of painting to develop professional, painterly skills through individual expression.
Prerequisite(s): ARTS 443.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

543. Painting VI (3:7).
Advanced study offering a thorough grounding in the discipline of painting.
Prerequisite(s): ARTS 542.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

551. Ceramics V (3:7).
Advanced study to develop a personal approach to the ceramic object. Exploration of glaze calculation and application.
Prerequisite(s): ARTS 452.
Notes: Lab Fee: $45. Offered in fall, spring and summer.

552. Ceramics VI (3:7).
Advanced work in ceramics culminating in the production of a body of work of professional standard. Study of kiln construction and portfolio photographic documentation.
Prerequisite(s): ARTS 551.
Notes: Lab Fee: $45. Offered in fall, spring and summer.

Design and production of both fashion and fine jewelry with an emphasis on mixed media.
Prerequisite(s): ARTS 455.
Notes: Lab Fee: $25. Offered in fall and spring.

Advanced study in fine and fashion jewelry/metal.
Prerequisite(s): ARTS 555.
Notes: Lab Fee: $25. Offered in fall and spring.

This course combines creative photography techniques used in the fashion industry with the financial aspects of making a living as a working photographer. Projects are designed to imitate assignments a studio photographer would typically receive, stressing individual creative solutions for a project, working to a deadline and staying within a client’s budget. Students must own a medium-format camera with flash synchronization capability.
Prerequisite(s): ARTS 474.
Notes: Lab Fee: $50. Offered in the fall.

Designed for seniors, this course provides an opportunity to investigate a single topic of personal interest. By working closely with the instructor, the student’s project is devised, executed, and in the process a conceptual framework is developed. To accompany the project students learn to write an artist’s statement, how to complete a grant application for a fine-art project or develop a detailed budget for a commercial project proposal.
Prerequisite(s): ARTS 473, 474 and ARTS 472 or 475 or 572, senior status.
Notes: Lab Fee: $50. Offered in the fall.

574. Photography Thesis Exhibition (3:0:7).
This course is dedicated to the production of a project for a one-person exhibition, which the student installs at the end of the semester. Building on the experience of ARTS 573, the student investigates a single topic, which may be a new project, a continuation of the earlier project, or a refined version of it. The exhibition (typically 12-15 pieces of work) is accompanied by a written artist’s statement.
Prerequisite(s): ARTS 573.
Notes: Lab Fee: $50. Offered in the fall.

Research and conceptualization of visual media in package design including industrial and food packages.
Prerequisite(s): ARTS 472 or 478.
Notes: Lab Fee: $25. Offered in fall and spring.

580, 581. Special Topics in Art (1) (1).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art and Design.
Notes: May be retaken for additional credit. Offered in fall, spring and summer.
582, 583. Special Topics in Art (2) (2).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art and Design.
Notes: Offered in fall, spring and summer. May be retaken for additional credit.

584, 585. Special Topics in Art (3) (3).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art and Design.
Notes: Lab Fee: $50. Offered in fall, spring and summer. May be retaken for additional credit.

584H. Special Topics in Art (3).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Art & Design.
Notes: Lab Fee: $50. Offered in fall, spring and summer. May be retaken for additional credit.

Art Education (ARTE)

An examination of various research-based programs of instructional planning, methodology, classroom management, and evaluation of teaching and learning in art, K-12.
Prerequisite(s): Admission to Teacher Education.
Corequisite(s): ARTE 392, EDUC 390.
Notes: Offered in fall semester.

450. Honors: Selected Topics in Art Education (3).
Independent research on a selected topic in art education, culminating in an honors thesis or project.
Prerequisite(s): 18 semester hours of education and art education and consent of the Department Chair.
Notes: Offered in the fall, spring and summer.

482, 483, 484. Special Topics in Art Education (3) (3) (3).
An in-depth study of selected topics or problems in Art Education.
Prerequisite(s): Permission of the Chair of the Department of Art and Design.
Notes: Offered in fall, spring and summer.

547. Art for Classroom Teachers (3:5).
Introduction to the aims, philosophies and creative studio experiences relevant to teaching art in the elementary school.
Prerequisite(s): Education major or permission of instructor. Admission to Teacher Education Program.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

Curriculum development for art educators at the various levels (K-12).
Prerequisite(s): Permission of instructor. Admission to Teacher Education Program.

549. Foundations of Art Education (3:3:1).
The development of objectives for art education based on the personal and historical references in philosophy and psychology. A critical examination of traditional and contemporary bases.
Prerequisite(s): Permission of instructor. Admission to Teacher Education Program.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

550. Principles of Teaching Art (3).
Study and application of skills of planning, instruction, management and assessment of students of art. Includes a review of the ethical and legal responsibilities of art teachers.
Prerequisite(s): Permission of instructor. Admission to Teacher Education Program.
Notes: Lab Fee: $20. Offered in fall, spring and summer.

580. Current Issues in Art Education (3).
Intensive examination and analysis of current issues in contemporary art education.
Prerequisite(s): Permission of instructor.
Notes: Offered in fall, spring and summer.

592. Field Experience in Teaching Art (1:0:8).
Laboratory experience equivalent to 28 half days designed to lead art students through an exploration and examination of various research-based programs of instructional planning, methodology, classroom management, and evaluation of teaching and learning.
Prerequisite(s): ARTE590.
Corequisite(s): ARTE591 and EDUC390.

Art History (ARTH)

175. Introduction to Art History from Prehistory Through The Middle Ages (3).
Survey of art and architecture in the major civilizations of Egypt, the Ancient Near East, Greece, Rome, Byzantium, Medieval Europe, India, China, Japan, and Africa.
Notes: Offered in fall and spring.

176. Introduction to Art History from the Renaissance to the Present (3).
Survey of art and architecture in Western Civilizations, from the Renaissance to the present.
Notes: Offered in fall and spring.

274. History of Graphic Design and Illustration (3:3:0).
This survey course will focus on the history and evolution of style, technology, processes, and elements within graphic design and illustration. Industrial design examples will also be covered, with specific emphasis on design in Western culture. Students may not receive credit for both ARTH 274 and VCOM 274.
Prerequisite(s): ARTH 175 and ARTH 176.
Notes: Offered in spring.

281. Arts of Africa, the Americas, Oceania (3).
A survey of the art and architecture of the peoples of
ART HISTORY/ART THEORY

Africa, North and South America, and the South Pacific, with an emphasis on placing the arts within their social and cultural context.
Notes: Offered once per year.

282. Arts of China, Japan, and India (3).
A survey of the art and architecture of the peoples of China, Japan, and India with an emphasis on their cultural context and historical interconnections.
Notes: Offered once per year.

A cooperative education experience intended to provide training for the Art History major in a professional environment. A maximum of 6 hours of cooperative education may be applied toward the Bachelor of Fine Arts degree.
Prerequisite(s): Passage of Sophomore Portfolio Review or special permission of the Chair of Art and Design.
Notes: Offered in the fall, spring and summer.

375. Ancient Art (3).
Survey of art and architecture from Prehistoric times through the Fall of the Roman Empire.
Prerequisite(s): ARTH 175 or permission of instructor.
Notes: Offered once every two years.

376. Medieval Art (3).
Survey of art and architecture from the Early Christian era through the Gothic period.
Prerequisite(s): ARTH 175 or permission of instructor.
Notes: Offered once every two years.

377. Renaissance & Baroque Art of Southern Europe (3).
Study of art and architecture, focusing on Italy and Spain, from the Renaissance through the early Eighteenth Century.
Prerequisite(s): ARTH 176 or permission of instructor.
Notes: Offered once every two years.

378. Renaissance & Baroque Art of Northern Europe (3).
Study of art and architecture in Northern Europe from the Renaissance through the early Eighteenth Century.
Prerequisite(s): ARTH 176 or permission of instructor.
Notes: Offered once every two years.

379. The History of Photography (3).
This course surveys the history of photography from its technical origins up to contemporary times, tracing its perception as a purely mechanical or documentary process in the early 19th century, through its elevation to the status of ‘fine art’ today. Class discussions on topics related to the course material and guest lectures by practising photographers will be included as time permits.
Prerequisite(s): ARTH 176.
Notes: Offered every 3 years in fall.

381. Arts of Africa (3).
A survey of the art and architecture of Africa from prehistoric times to the present, with an emphasis on placing the arts within their social and cultural context.
Notes: Offered once per year.

382. Arts of the Americas (3).
A survey of the art and architecture made of ancient Mesoamerica and the Native American cultures of North America, with an emphasis on placing the arts within their social and cultural context.
Notes: Offered once per year.

450. Honors: Selected Topics in Art History (3).
Independent research on a selected topic in art history, culminating in an honors thesis of professional quality.
Prerequisite(s): Permission of the Chair, Department of Art & Design.
Notes: Offered in once per year.

476. Art History Methods (3).
Study of the methods, research techniques, literature, and resources used in art historical inquiry and writing.
Notes: Offered in fall and spring.

477. Women in Art (3).
Consideration of the images of women portrayed through art. The impact of feminism on art, and contributions of women artists, designers, and architects to the history of art.
Notes: Offered in fall and spring.

478. The Rise of Modernism (3).
Study of art and architecture in Europe and America from the late 18th century through the early 20th century.
Prerequisite(s): ARTH 176 or permission of instructor.
Notes: Offered in fall and spring.

479. Twentieth Century Art (3).
Study of art and architecture from the early 20th century to the present, with a focus on Europe and America.
Prerequisite(s): ARTH 176.
Notes: Offered in fall and spring.

480, 481, 482. Special Topics in Art History (3) (3) (3).
Study of a special problem in the history of art from antiquity to modern times, such as the individual artist, genre, theme, artistic movement or museum studies.
Prerequisite(s): ARTH 175 and 176 or permission of the instructor.
Notes: Offered in fall, spring and summer.

483-485. Special Topics in Non-Western Art (3).
Specialized study in one or more of the following: Art and Architecture of Africa, the South Pacific, North American Indian, Japan, China, India, Caribbean and Latin American and Native Americans of the Americas.
Notes: Offered in fall, spring and summer.

Art Theory (ARTT)

110. Introduction to the Visual Arts (1).
A comprehensive introduction to the professional, social, historical, and personal perspectives of the visual arts.
Prerequisite(s): Concurrent enrollment in one or more of the following: ARTS 101, 102, 120 or 220 or 121.
Notes: Offered in fall.
298. Art Appreciation (3).
Survey of trends in art, traditional and contemporary styles.
Notes: Does not count toward art and design major or minor. Offered in fall, spring and summer.

300. Specialization Portfolio Review (0).
Review of student proficiency for acceptance in upper-level area of specialization. BFA students must enroll for this review prior to enrollment in ARTS courses numbered above 375, INDS courses numbered above 299, and VCOM courses above 324.
Prerequisite(s): Completion of foundation and specialization courses as specified for each BFA concentration in catalog.
Notes: Offered in fall, spring, and summer.

340. Cooperative Education Experience (3).
A cooperative education experience to provide training for the ART major in a professional environment. A maximum of 6 hours of cooperative education may be applied toward the Bachelor of Fine Arts degree.
Prerequisite(s): Passing of Sophomore Portfolio Review or special permission of the Chair of Art and Design.
Notes: Offered in fall, spring, and summer.

An introductory study and application of professional practices and common guidelines within the art museum and gallery environment including the care and handling of art objects, interpretation, facility design and exhibition organization and design.
Prerequisite(s): ARTS 101 and 102; ARTH 175 and 176; and WRIT 102.
Notes: Offered in fall, spring, and summer.

395. Art Criticism (3).
An intensive writing course with emphasis on art, design, architecture, and art criticism.
Prerequisite(s): WRIT 101-102 and ARTH 175-176.
Notes: Intensive Writing course. Offered in fall and spring.

Providing information for making a living as a fine artist, this lecture course includes grant writing, studio rentals, exhibitions, gallery sales and contracts, residencies and fellowships, commissions, pricing of artwork for sales, legal assistance, copyright issues, oral presentations and interview skills.
Prerequisite(s): Completion of Department’s Specialization Portfolio Review and at least junior status, or permission of the department chair.
Notes: Offered in spring.

499. Senior Review (1).
B.F.A. students, except for those in Visual Communication Design and Interior Design concentrations, review career and job possibilities and develop application and interview skills for employment or graduate study.
Prerequisite(s): Senior standing.
Notes: Offered in the fall and spring.

Biology (BIOL)

101. Human Biology (3).
A consideration of selected aspects of the functioning of the human body and of bioethical issues related to human health, heredity and reproduction.
Notes: Offered in the fall, spring and summer.

106. Environment and Man (3).
A study of natural and human environments, effects of humans on the environment and environmental limits and future options.
Notes: Offered in the fall, spring and summer.

A course for non-science majors that introduces the unifying principles of biology. The course will cover various levels of organization from molecules to ecosystems. Topics include ecology, energy use and acquisition, biodiversity, evolution, genetics and cells.
Notes: Offered in the fall, spring, and summer.

151. Investigations into Living Systems (1:0:3).
A 1-hour laboratory course for non-science majors that combines the application of scientific method with lab exercises illustrating the unifying principles of biology. Topics include scientific method, data collection, statistical analysis, behavior, ecology, genetics and cells.
Corequisite(s): BIOL 150.
Notes: Lab Fee: $40. Offered in the fall, spring, and summer.

203. Principles of Biology Laboratory (1:0:3).
Laboratory for Biology 204.
Corequisite(s): BIOL 204.
Notes: Lab Fee: $30. Offered in the fall, spring, and summer.

204. Principles of Biology (3:3:0).
An overview of biology, focused on the cell, genetics, evolution, ecology, and animal behavior.
Corequisite(s): Biology 203.
Notes: Offered in the fall, spring, and summer.

205. General Botany (4:3:3).
A comprehensive study of fundamental structures and functions of plants with detailed consideration of representatives of the major divisions.
Prerequisite(s): BIOL 204.
Notes: Lab Fee: $30. Offered in the fall and spring.

206. General Zoology (4:3:3).
A comparison of representatives of the major animal phyla with emphasis on anatomy, physiology, lifestyle and life history.
Prerequisite(s): BIOL 204.
Notes: Lab Fee: $40. Offered in the fall and spring.

A grade of C or better in BIOL 300 is required to enroll in all Biology courses numbered above 300 (except BIOL 303, 304, 307, 308, 340, 461, and 463).
The application of scientific method to investigations in biology, including hypothesis formulation, experimental design, data analysis, and report preparation. 
Prerequisite(s): BIOL 203, 204 and either BIOL 205 or BIOL 206; GNED 102; CHEM 105 and CHEM 107; MATH 101 or CTQR 150 or any MATH course with MATH 101 as a prerequisite; students must have a minimum GPA of 2.00 in 200-level BIOL courses taken, and a minimum grade of C in CHEM 105, CHEM 107, and GNED 102. 
Notes: Lab Fee: $30. Intensive Writing and Oral Communication course. Offered in the fall and spring.

303. Field Botany (4:2:4).
A study of plants in their natural environment with field trips and collection, analysis, identification and preservation of plant specimens. 
Notes: Lab Fee: $30. Offered fall and summer of even years.

304. Insect Field Studies (4:3:3).
A study of insects in their natural environment, including field trips, collections, observation, identification and specimen preparation. 
Notes: Lab Fee: $40. Offered fall and summer of odd years.

307. Human Anatomy (4:3:3).
A study of gross human anatomy with an introduction to the microscopic organization of selected tissues and organs of the body. The laboratory portion involves dissection of animal cadavers and examination of human skeletons and models. 
Prerequisite(s): GNED 102 and General Education Math requirement. 
Notes: Lab Fee: $40. Offered in fall.

308. Human Physiology (4:3:3).
A study of the function of the major human organ systems. The laboratory portion of the course will examine the homeostatic mechanisms that enable the body to maintain a stable internal environment. 
Prerequisite(s): GNED 102 and General Education Math requirement; BIOL 307 is not a prerequisite; BIOL 308 may be taken before BIOL 307. 
Notes: Lab Fee: $40. Offered in spring.

310. Microbiology (4:3:3).
An introductory survey of microbial activities, environment, diversity and economic importance. Bacterial and viral activities are emphasized. 
Prerequisite(s): BIOL 204, 205, 206, 300 or NUTR 521; and CHEM 106, 108. 
Notes: Lab Fee: $40. Offered in the fall and spring.

An in-depth study of cellular structure, function and chemical composition. The laboratory seeks to develop skills in standard laboratory techniques in cellular, molecular, physiological and environmental studies. 
Prerequisite(s): BIOL 204, 205, 206, 300; CHEM 106 and 108. 
Notes: Lab Fee: $50. Offered in the spring.

317. Genetics (3).
A study of the historical and contemporary aspects of the science of heredity with stress upon patterns and modes of inheritance. 
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108. 
Notes: Offered in the fall and spring.

318. Experimental Genetics (1:0:3).
Laboratory exercises dealing with fundamental concepts as well as recent advances in genetics. 
Prerequisite(s): BIOL 204, 205, 206, 300, 317; CHEM 106, 108. 
Notes: Lab Fee: $30. Offered in the fall of even years.

An introduction to the study of vertebrate tissues, including techniques for slide preparation. 
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108. 
Notes: Lab Fee: $30. Offered in the fall.

A study of the ordered processes by which living systems, from cells to multicellular organisms, become structurally and functionally organized. 
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108. 
Notes: Lab Fee: $30. Offered in the spring of even years.

Travel to tropical locations where lectures, seminars, lab and field exercises will trace a watershed from its source to the coast. 
Prerequisite(s): Minimum junior status, GNED 102, Biol 205 or 206, or permission of instructor.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student’s major or career interests. 
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment. 
Notes: For Biology majors only. A maximum of 3 hours may be applied toward a major in Biology. Credit will not be allowed for both BIOL 461/463 and 340. A grade of S or U is recorded. Offered in the fall, spring and summer.

403. Ecology (4:3:3).
A study of the pattern of relations between organisms and their environment including principles applicable to populations, biotic communities, ecosystems and biosphere. 
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108. 
Notes: Lab Fee: $30. Offered in the fall.

440. Readings in Biology (1).
An undergraduate seminar course in which a book or series of research papers will be read and discussed with reference to important current issues in biology.
Prerequisite(s): BIOL 300 and permission of the instructor.
Notes: A grade of S or U is recorded. Offered fall and spring.

450. Honors: Selected Topics in Biology (4).
In-depth independent inquiry into a selected biological subject.
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108.
Notes: Lab Fee: $35. Offered in the fall, spring and summer.

461, 463. Academic Internships in Biology (1) (3).
An opportunity for biology majors to earn credit for experience gained through apprenticeship work under the supervision of trained professionals.
Prerequisite(s): Open only to students majoring in biology with a GPA of 2.0 in both major and overall.
Prior approval from the department and Dean of the College of Arts and Sciences is required.
Notes: Credit will not be allowed for both BIOL 461/463 and 340. A grade of S or U is recorded for these courses. Offered in the fall, spring and summer.

471. Undergraduate Research in Biology (3).
Students participate in scholarly research with a faculty member. Requires approval of Departmental Chair.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $35. Offered in the fall, spring and summer.

480. Integration of Biological Principles (3).
A series of lectures, reports, and discussions of biological principles taught in the core courses for the biology major. Historical development of unifying concepts will be analyzed.
Prerequisite(s): BIOL 204, 205, 206, 300; one course from each of the four biology areas; and CHEM 106, 108; senior standing.
Notes: Offered in the fall and spring.

491, 492. Departmental Seminar (0) (0).
Presentations of biological research by invited speakers.
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108.
Notes: A grade of S or U is recorded for these courses. Both offered in the fall and spring.

495. Standardized Test Review (1).
This is a standardized test review course to help students prepare to take an entrance exam for medical school, dental school, veterinary school, or another graduate program (MCAT, VCAT, DAT, GRE, etc.).
Prerequisite(s): Junior standing and permission from the Biology Department Chair.
Notes: A grade of S or U is recorded for this course. Offered in spring.

505. Primate Biology (3).
A study of the morphology, behavior, ecology and evolutionary relationships of primates including prosimians, monkeys, apes and hominids.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108; or ANTH 202 and permission of instructor.
Notes: Offered every odd year in fall.

An introduction to the biology of invertebrate animals with emphases on their physiology, anatomy and evolutionary relationships.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $35. Offered every odd year in spring.

A course covering the evolution, distribution, ecology and physiology of all classes of fish, amphibians, reptiles, birds and mammals.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $30. Offered every odd year in spring.

A lecture and field course in bird evolution, ecology, behavior and field identification.
Prerequisite(s): BIOL 204, 205, 206 and 300 or permission of instructor.
Notes: Lab Fee: $30. Offered in summer.

513. Organic Evolution (3).
A study of the mechanism of change in the genetic constitution of populations over time with consideration of historical progress toward our present understanding.
Prerequisite(s): BIOL 204, 205, 206, 300 and 317; CHEM 106 and 108.
Notes: Offered in fall.

A study of the ways by which human activity alters natural ecosystems and affects human health.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $35. Offered in spring.

517. Human Genetics (3).
A comprehensive study of human genetics, especially covering the area of single gene defects, chromosome disorders, cancer, multifactorial inheritance, immunogenetics, behavior and populations.
Prerequisite(s): BIOL 204, 205, 206, 300 and 317; CHEM 106 and 108.
Notes: Offered every odd year in fall.

518. Animal Behavior (3).
A study of the mechanisms and patterns of animal activity, including principles of sociobiology.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Offered every even year in spring.

A study of disease cause and progression in humans and animal models at the cellular, molecular and organisal levels.
Prerequisite(s): BIOL 300 and BIOL 308 or 315 or 321.
520. Entomology (4:2:4).
A study of the morphology, physiology, ecology and behavior of insects with emphasis upon recognition of major insect groups and techniques for preservation and identification.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $40. Offered on demand.

521. Cytogenetics (4:3:3).
A comprehensive study of the chemical and physical properties of chromosomes and their behavior and role in inheritance.
Prerequisite(s): BIOL 204, 205, 206, 300 and 317; CHEM 106 and 108.
Notes: Lab Fee: $30. Offered every even year in fall.

522. Immunology (4:2:4).
A study of immunity, of the nature and molecular aspects of the immune response, and of antibodies in the laboratory.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $40. Offered in spring.

524. Advanced Botany (3).
Relationship of morphology and physiology to environmental factors that limit plant distribution and growth.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Offered every odd year in spring.

525. Mycology (4:3:3).
Survey of major fungal taxa with emphasis on field collection, identification, structural and functional studies; and methods of laboratory culture and experimentation.
Prerequisite(s): BIOL 204, 205, 206, 300 and 310; CHEM 106 and 108.
Notes: Lab Fee: $35. Offered every even year in fall.

526. Applied Microbiology (4:3:3).
Examination of the technological and natural uses of microorganisms in medicine, food industry, agriculture and other fields of applied science.
Prerequisite(s): BIOL 204, 205, 206, 300 and 310; CHEM 106 and 108.
Notes: Lab Fee: $30. Offered on demand.

A survey of the population biology of plants and animals. Emphasizes the assessment and analysis of demographic factors (age, size and community interactions) that determine the abundance, distribution and diversity of natural populations.
Prerequisite(s): BIOL 300.
Notes: Lab Fee: $30. Offered every odd year in the fall.

Introduction to theory and methods used in studying biological and materials science-specimens by scanning and/or transmission electron microscopy.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108, and CHEM 301, 302, 303, 304 or CHEM 310 and 311.
Notes: Lab Fee: $50. Offered every even year in spring.

540. Special Topics in Biology (3).
A detailed examination of specific subjects in biology.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108; or graduate status; or permission of instructor.
Notes: May be retaken for credit when different subjects are taught. Offered on demand.

555. Molecular Biology (3).
A comprehensive, one-semester study of the molecular basis of life. The course includes the structure and function of macromolecules, synthesis and interactions of biologically important molecules, molecular genetics, biochemical energetics, enzymatics, and molecular mechanisms in biological systems. This course is intended for students who plan to enter into a health-professional graduates program (medical school, veterinary school, dental school, medical technology), or a graduate program in biology.
Prerequisite(s): BIOL 300, CHEM 301.
Notes: Offered in fall of odd years.

556. Molecular Genetics and Recombinant DNA Techniques (4:3:3).
A molecular study of the processes of gene expression and replication in procaryotic and eucaryotic organisms and an examination of the recombinant DNA techniques used in genetic engineering.
Prerequisite(s): BIOL 204, 205, 206, 300, 317; and CHEM 106, 108.
Notes: Lab Fee: $50. Offered in spring of even years.

Business Administration (BADM)

180. Contemporary Business Issues (3).
An introduction to management issues emphasizing the integrative aspects of the functional areas of business. This course will serve as a foundation for a student’s business education.

All BADM courses numbered above 299 have a prerequisite of junior status, an overall GPA of at least 2.00 and a grade of C or better in WRIT 102.

340 A, B, C. Cooperative Educational Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum 24 earned undergraduate semesters hours (12 earned at Winthrop University).
Notes: For Business Administration majors only. Courses may be repeated for credit; however a maximum of 3 hours may be applied toward a degree in Business Administration. A grade of S or U is recorded for this course.
Basic legal concepts and the judicial system with emphasis on business law.

371. Introduction to Entrepreneurship (3).
Through a hands-on laboratory experience, this course investigates the resources available for developing a feasibility study to be used in the formation of a new business venture.

372. Entrepreneurial Financing and Venture Capital (3).
The focus of this course is on entrepreneurial financing including the raising and managing of venture capital. Risk management, financial planning and forecasting are tools to develop proforma statements.
Prerequisite(s): BADM 371 and ACCT 280.

400. International Field Experience (3).
On-site study of business, government institutions, and financial markets within dominant and emergent international trade groups of nations.
Prerequisite(s): Junior status.
Notes: Course may be repeated for credit.

411. Information Technology in Business Administration (3:2:1).
The theory and application of information technology in business, including database management and web marketing and how these technologies contribute to building long-term relationships with customers.
Prerequisite(s): CSCI 101, MKTG 380.

450. Honors: Selected Topics in Business Administration (3).
Notes: Offered on demand.

491. Internship in Entrepreneurship (3).
The internship in entrepreneurship provides opportunities for students to integrate course work into practical work settings. This course applies the academic and conceptual to the practical; students supervised by faculty, will work a minimum of 150 hours during a semester or summer term.
Prerequisite(s): 2.0 GPA and must have completed BADM 371 and one additional entrepreneurship option course. For Business Majors only.
Notes: Permission of instructor required. A grade of S or U is recorded.

492. Internship in International Business (3:3:0).
The internship in international business provides opportunities for student to integrate course work into practical work settings. This course applies the academic and conceptual to the practical; students supervised by faculty, will work a minimum of 150 hours during a semester or summer term.
Prerequisite(s): Two from MGMT 539, MKTG 529, FINC 514, ECON 521; Business majors only.
Notes: Permission of instructor required.

The study of wills, real estate, life insurance, and the federal income and estate gift laws.

The study of legal issues and problems in American business and commerce.
Prerequisite(s): ECON 350.

510. Sport Law (3:3:0).
The study of state and federal laws and regulations that control and impact professional and amateur sport activities.
Prerequisite(s): ACCT 280.

525. Entrepreneurial Strategy (3).
This course focuses on the challenges and opportunities associated with control, growth and transition of developing businesses. The course identifies the critical factors that lead to success or failure and utilizes them in evaluation of present business situations.
Prerequisite(s): ACCT 280.

This course focuses on the management of e-commerce and its major opportunities, limitations, issues and risks. Since e-commerce is interdisciplinary, professionals in any functional area will find it of interest.
Prerequisite(s): MGMT 341 or MGMT 661.

This course provides lectures, panel discussions and site visits relevant to the world of business through the participation in a weeklong seminar series in New York City and Washington, D.C. and other possible locations.
Prerequisite(s): ACCT 280. ACCT 281 recommended.

581. Special Topics in Business Administration (3).
A study of a topic in the area of business administration.
Prerequisite(s): Permission of instructor.
Notes: Course maybe repeated for credit.

595. Research in Business Administration (3).
Prerequisite(s): Permission of dean, College of Business Administration.
Notes: May be retaken for additional credit.

Chemistry (CHEM)

In the following listing of courses, the lecture and laboratory courses are listed separately. Concurrent registration on the same grade and credit basis or prior passing of corequisite courses is required. Concurrent dropping or withdrawal of corequisite courses, if necessary, is also required.

A student may receive credit for only one of the following: CHEM 101, 106, or 117.

101. Applying Chemistry to Society (3).
Applying Chemistry to Society is a course designed to familiarize the student with the basic principles of chemistry and how these principles to the world around us.
105. General Chemistry I (3).
An introductory chemistry course for those who intend to major in the sciences. Three lecture hours and one recitation per week.
Prerequisite(s): One unit of high school algebra. Recommended SAT MATH score of 500.
Corequisite(s): CHEM 107.
Notes: Offered in the fall, spring and summer.

106. General Chemistry II (3).
An introductory chemistry course for those who intend to major in the sciences.
Prerequisite(s): A grade of C or better in all of the following: CHEM 105, CHEM 107.
Corequisite(s): CHEM 108.
Notes: Offered in the fall, spring, and summer.

107-108. General Chemistry Laboratory (1:0:3) (1:0:3).
Corequisite(s): CHEM 105-106.
Notes: Lab Fee: $40. Offered in the fall, spring and summer.

117. Introductory Environmental Chemistry (3:3:0).
A lecture course to develop a fundamental chemical understanding of modern environmental issues involving air, water, toxic substances, and energy. A student may receive credit for only one of the following: CHEM 101, 106, or 117.
Notes: Offered as needed.

301. Organic Chemistry I (3).
Study of the structure, preparation and chemical and physical properties of organic compounds.
Prerequisite(s): A grade of C or better will be required in all of the following: CHEM 106, CHEM 108.
Corequisite(s): CHEM 303.
Notes: Offered in fall and summer.

302. Organic Chemistry II (3).
Study of the structure, preparation and chemical and physical properties of organic compounds.
Prerequisite(s): A grade of C or better in the following: CHEM 301.
Corequisite(s): CHEM 304.
Notes: Offered in the spring and summer.

303-304. Organic Laboratory (1:0:3) (1:0:3).
Corequisite(s): CHEM 301-302.
Notes: Lab Fee: $40. Offered in the fall, spring and summer.

305. Chemical Hygiene and Safety (1:1:0).
A course in chemical hygiene and safety. Topics covered include chemical storage, chemical hygiene plans, labeling, response procedures, MSDS's, clean-up techniques, right-to-know requirements, TLV's, chemical hazards, and lab safety procedures.
Prerequisite(s): C or better in each of the following: CHEM 105-108, CHEM 301-304.
Notes: Offered in spring.

312. Introductory Chemometrics (1).
A short course that introduces the statistical/mathematical evaluation of chemical measurements to include statistics, linear and nonlinear calibration techniques, error propagation, sampling statistics, modeling, experimental design, and Fourier transforms.
Corequisite(s): CHEM 313.
Notes: Lab Fee: $40. Offered in the fall.

313. Quantitative Analysis (3).
A study of some of the classic and modern techniques of quantitative chemical analysis and their theoretical bases. 
Prerequisite(s): A grade of C or better will be required in all of the following: CHEM 106, CHEM 108.
Corequisite(s): CHEM 314, CHEM 312.
Notes: Offered in the fall.

314. Quantitative Analysis Lab (1:0:3).
A laboratory course to apply modern analysis technology.
Prerequisite(s): A grade of C or better in all of the following: CHEM 106, CHEM 108.
Notes: Lab Fee: $40. Offered in the fall.

317. Environmental Chemistry (3).
A study of modern environmental chemistry topics: CFC's and ozone depletion, photochemical smog, acid rain, particulates, greenhouse effect, indoor air pollution, asbestos, radon, pesticides, PCB's, PAH's, dioxins, water quality and treatment, heavy metals in soils, and energy sources.
Prerequisite(s): A grade of C or better in all of the following: CHEM 106, CHEM 108.
Notes: Offered as needed.

330. Introductory Inorganic Chemistry (3).
Introduction to principles of inorganic chemistry including electronic structure of atoms, theories of structure and bonding, and descriptive chemistry of the elements.
Prerequisite(s): A grade of C or better in all of the following: CHEM 105, CHEM 106, CHEM 107, CHEM 108.
Notes: Offered in the spring.

332. Inorganic Chemistry Laboratory (1:0:3).
Synthesis and characterization of inorganic compounds including main group, transition metal, and organometallic species.
Prerequisite(s): A grade of C or better in all of the following: CHEM 105, CHEM 106, CHEM 107, CHEM 108.
Corequisite(s): CHEM 330.
Notes: Lab Fee: $40. Offered in the spring.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student's major or career interests.
Prerequisite(s): 2.5 GPA and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For chemistry majors only. Courses may be repeated for credit. Hours do not count toward required hours in Chemistry. A grade of S or U is recorded. Offered in the fall, spring and summer.

351. Independent Study (1) (2) (3).
Independent study at the sophomore/junior level.
Prerequisite(s): CHEM 105.
Notes: Lab Fee: $40. A grade of S or U is recorded. Offered in the fall, spring and summer.

407. Physical Chemistry I (3).
A calculus-based study of the theoretical foundations of chemistry.
Prerequisite(s): A grade of C or better in all of the following: MATH 202, PHYS 202 or PHYS 212.
Corequisite(s): CHEM 409, CHEM 313, CHEM 314.
Notes: Offered in the fall.

408. Physical Chemistry II (3).
A calculus-based study of the theoretical foundations of chemistry.
Prerequisite(s): A grade of C or better in all of the following: MATH 202, PHYS 202 or PHYS 212, CHEM 313, CHEM 314, CHEM 407.
Corequisite(s): CHEM 410.
Notes: Offered in spring.

409-410. Physical Chemistry Laboratory (1:0:3) (1:0:3).
Corequisite(s): CHEM 407-408.
Notes: Lab Fee: $40. Offered in the fall and spring.

450. Honors: Selected Topics in Chemistry (3).
An in-depth independent inquiry into a selected topic in Chemistry.
Prerequisite(s): Permission of the Chairperson.
Notes: Offered as needed.

461, 462, 463. Academic Internships in Chemistry (1) (2) (3).
Prerequisite(s): Open only to students majoring in chemistry. Prior approval from the Department Chair and Dean of the College of Arts and Sciences is required.
Notes: A grade of S or U is recorded. Offered in fall, spring and summer.

490. Seminar (1).
Prerequisite(s): 12 hours of CHEM and consent of the instructor. May not be taken more than three times for credit.
Notes: Offered as needed.

491. Department Seminar (0).
A department seminar program in which outside visitors present seminars on current research or on another relevant topic.
Prerequisite(s): C or better in each of the following: CHEM 105-108, CHEM 301-303.
Notes: Offered as needed.

502. Instrumental Analysis (3).
A study of contemporary methods and techniques of analysis of inorganic and organic materials.
Prerequisite(s): A grade of C or better in all of the following: CHEM 302, CHEM 304, CHEM 313, CHEM 314, CHEM 301, CHEM 303.
Corequisite(s): CHEM 502 and 503.
Notes: Lab Fee: $40. Offered as needed.

503. Instrumental Analysis Laboratory (1:0:3).
Prerequisite(s): CHEM 302 and 304.
Notes: Lab Fee: $40. Offered in spring.

504. Instrumental Data Interpretation (1:0:3).
Interpretation of spectral, chromatographic and electrochemical data.
Prerequisite(s): A grade of C or better in all of the following: CHEM 302, CHEM 304, CHEM 313, CHEM 314.
Corequisite(s): CHEM 502 and 503.
Notes: Lab Fee: $40. Offered as needed.

515. Special Topics in Chemistry (3).
Topics in chemistry selected by the instructor.
Prerequisite(s): Junior status and permission of instructor.
Notes: Offered as needed. May be retaken for additional credit.

517. Advanced Environmental Chemistry (4:3:3).
A course to develop an in-depth understanding of the molecular basis for contemporary environmental problems involving air, water, soil, energy generation, and toxic substances. Laboratory work requires demonstrated competence with advanced analytical instrumentation, field sampling, data analysis, and modeling.
Prerequisite(s): A grade of C or better in: CHEM302, CHEM304, CHEM313, CHEM314.
Notes: Lab Fee: $40. Offered in fall.

A comprehensive study of the biochemical and physiological fundamentals of nutrition.
CHEMISTRY

Prerequisite(s): CHEM 301, CHEM 303 with C or better.
Open to nutrition majors only. Permission of instructor.
Notes: Offered in the spring.

522. Nutritional Biochemistry Laboratory (1:1:3).
A laboratory course to be taken in conjunction with the nutritional biochemistry lecture course, CHEM 521.
Corequisite(s): CHEM 521.
Notes: Lab Fee: $40. Offered as needed.

523. Biochemistry I (3).
A study of the structure, chemistry and macromolecular interactions of biochemical systems; enzyme mechanisms and kinetics, bioenergetics, intermediary metabolism, principles of biochemical techniques and molecular genetics.
Prerequisite(s): A grade of C or better in all of the following: CHEM 302, CHEM 304, BIOL 203, BIOL 204.
Corequisite(s): CHEM 523.
Notes: Offered in spring.

524. Biochemistry II (3).
A study of the structure, chemistry and macromolecular interactions of biochemical systems; enzyme mechanisms and kinetics, bioenergetics, intermediary metabolism, principles of biochemical techniques and molecular genetics.
Prerequisite(s): A grade of C or better in the following: CHEM 523.
Notes: Offered in spring.

525. Biochemistry Laboratory Techniques (1:0:3).
Laboratory emphasizes modern biochemical techniques of protein purification, assaying enzyme activity and enzyme kinetics.
Prerequisite(s): CHEM 302 and CHEM 304 with a C or better.
Corequisite(s): CHEM 523.
Notes: Lab Fee: $40. Offered in fall.

526. Advanced Investigative Biochemistry Laboratory (2:0:6).
An advanced lab course in advanced biochemical protein techniques. The work centers on laboratory investigations in an area of modern research interest that will require students to learn and to demonstrate a mastery of multiple protein techniques.
Prerequisite(s): C or better in each of the following: CHEM 302, CHEM 304, CHEM 523, CHEM 525.
Corequisite(s): CHEM 524.
Notes: Lab Fee: $80. Offered in spring of odd years.

527. Biochemical Toxicology (3).
An in-depth study of the biochemical, molecular, and cellular mechanisms through which toxicants alter cellular homeostasis, produce toxicity and alter organ function.
Prerequisite(s): CHEM 523. Permission of the instructor.
Notes: Offered as needed.

530. Inorganic Chemistry (3).
An intermediate level study of atomic and molecular structure, bonding, crystals, coordination compounds and selected topics.

Prerequisite(s): A grade of C or better in all of the following: CHEM 313, CHEM 314, CHEM 330, CHEM 332, CHEM 407, CHEM 409.
Corequisite(s): CHEM 408, 410 and 502.
Notes: Offered in fall.

541. Chemical Kinetics (1).
An advanced course in the fundamental principles of chemical kinetics in homogeneous liquid and gaseous systems and at solid surfaces.
Prerequisite(s): CHEM 407 and 409.
Corequisite(s): CHEM 408, CHEM 410.
Notes: Offered in spring of even years.

542. ab Initio Methods in Computational Chemistry (1:.67:1).
An advanced course that focuses on the principles and techniques of ab initio computational chemistry — Hartree-Fock and density functionality. Students will use these methods to calculate a number of chemical thermodynamic properties.
Prerequisite(s): CHEM 302, CHEM 304, CHEM 407, CHEM 409.
Corequisite(s): CHEM 408, CHEM 410.
Notes: Offered in spring of odd years.

551. Research (3).
Prerequisite(s): CHEM 407, 409 and permission of instructor.
Notes: Lab Fee: $40. Offered in fall, spring and summer. May be retaken a maximum of three times for additional credit.

552. Research (3).
Prerequisite(s): CHEM 551 or equivalent.
Notes: Lab Fee: $40. A grade of S or U is recorded. Offered in fall, spring and summer.

553. Independent Study in Chemistry (3:0:9).
Directed advanced research.
Prerequisite(s): Permission of chair, Department of Chemistry and CHEM 552.
Notes: Lab Fee: $40. Offered in fall, spring and summer.

560. Atomic Spectroscopy (1).
An advanced course that focuses on the principles and techniques of modern atomic spectroscopy, to include signal generation in atomic spectroscopy, signal-to-noise concepts, the range of techniques and instrumentation used in atomic spectroscopy, methods of analysis, and horizon techniques in atomic spectroscopy.
Prerequisite(s): CHEM 302, CHEM 313, CHEM 407, CHEM 502.
Notes: Lab Fee: $40. Offered in spring/even years.

561. Gas Chromatography (1).
An advanced course that focuses on the principles and techniques of modern gas chromatography, to include separation theory, stationary phases, column technology, GC inlets, injection techniques, detectors, thermodynamic retention modeling, and temperature/pressure effects.
Prerequisite(s): CHEM 302, CHEM 313, CHEM 407, CHEM 502.
562. Molecular Spectroscopy (1).
An advanced course that focuses on the principles and techniques of modern molecular spectroscopy, to include signal generation in molecular absorption and luminescence spectroscopy, signal-to-noise concepts, the range of techniques and instrumentation used in molecular absorption and luminescence spectroscopy, methods of analysis and horizon techniques in molecular spectroscopy.
Prerequisite(s): CHEM 302, CHEM 313, CHEM 407, CHEM 502.
Notes: Lab Fee: $40. Offered in spring/even years.

563. Liquid Chromatography (1).
An advanced course that focuses on the principles and techniques of modern liquid chromatography, to include separation theory, instrumentation, stationary and mobile phases, column technology, injection techniques, detectors and chiral separations.
Prerequisite(s): CHEM 302, CHEM 313, CHEM 407, CHEM 502.
Notes: Lab Fee: $40. Offered in spring/odd years.

564. Mass Spectrometry (1).
An advanced course that focuses on the principles, techniques and applications of modern mass spectrometry, to include ion trap MS, electrospray LC/MS, time of flight mass spectrometry, ICP-MS and MALDI.
Prerequisite(s): CHEM 502, CHEM 503.
Notes: Lab Fee: $40. Offered in fall/odd years.

565. Chemometrics (1).
A course in chemometric methods, theory and techniques.
Prerequisite(s): CHEM 313.
Notes: Lab Fee: $40. Offered in spring odd years.

566. Sample Preparation (1).
An advanced course that focuses on the principles and techniques involved in sample collection and treatment, including standard reference materials, sampling of mixtures, dissolution and digestion, extraction and dialysis, purge and trap, supercritical fluid extraction and flow injection analysis.
Prerequisite(s): CHEM 302, CHEM 313, CHEM 407, CHEM 502.
Notes: Lab Fee: $40. Offered in fall/odd years.

567. NMR Spectroscopy (1).
An advanced course in modern NMR Spectroscopy covering relaxation measurements, two-dimensional NMR techniques and multinuclear NMR.
Prerequisite(s): CHEM 408, CHEM 410, CHEM 502, CHEM 503.
Notes: Lab Fee: $40. Offered in fall even years.

570. Chemical Synthesis (2:0:6).
An advanced lab course in chemical synthesis and characterization. Emphasis is on specialized techniques for synthesizing organic and inorganic compounds.
Prerequisite(s): C or better in each of the following: CHEM 302, CHEM 304, CHEM 313, CHEM 314, CHEM 330, CHEM 332, CHEM 407 and CHEM 409.
Corequisite(s): CHEM 502 and CHEM 503.
Notes: Lab Fee: $80. Offered in spring/even years.

580. Laboratory Experimental Design and Preparation/Stockroom Procedures (1).
Development and selection of teaching materials that reflect concepts of content and emphasis in middle and secondary school science. Experimental and laboratory approaches, including use of microcomputer and video technologies.
Prerequisite(s): CHEM 301.
Notes: Offered as needed.

581. Literature of Chemical Education/Teaching Assistant Experience (1).
Explores the evolution of chemical education and chemical education research with special emphasis on current trends. Utilizing the participant-observed role, required participation in selected educational situations with emphasis upon development of observational skills, ability to record relevant observations by means of written journals, skills in analyzing experiences identifying critical incidents and projection of events and consequences.
Notes: Offered as needed.

Chinese (CHIN)

Students must successfully pass the 101 language course(s) with a C or better at Winthrop in order to enroll in the 102 course(s), or they must meet one of the following criteria: 1. make a passing grade on a CLEP examination, 2. receive AP/IB credit for the 101 or higher level course, or 3. receive transfer credit for a 101 or higher-level course in the language from an accredited college or university.

101. Elementary Chinese (4:3:1).
Course is designed to emphasize pronunciation and introduces simple grammar through dialogues, pattern drills, and various other exercises.
Notes: Lab Fee: $25. Offered in the fall.

102. Elementary Chinese (4:3:1).
Prerequisite(s): Students who elect to take a 101 language course must receive at least a C (or S) in that language course before continuing on to 102 of that language.
Notes: Lab Fee: $25. Offered in the spring.

201. Intermediate Chinese (3).
The four basic language skills will be emphasized (understanding, speaking, writing, and reading). Cultural material, whenever appropriate, will be included to augment class discussions.
Prerequisite(s): CHIN 102 with a grade of C or better or permission of instructor.
Notes: Lab Fee: $25. Offered on demand.

A continuation of the skills learned in Chinese 201. The
study of Chinese culture is also emphasized.
Notes: Lab Fee: $25. Offered on demand.

Community Volunteer Service (CMVS)

201. Introduction to Community Volunteer Service (3).
A study of the theoretical, historical, and practical aspects of volunteerism with emphasis on community service addressing regional problems and needs.
Notes: Offered on demand.

Computer Science (CSCI)

101. Introduction to Computers and Information Processing (3:1.5:3).
This course provides an introduction to using computer systems. In the laboratory, students use microcomputers to learn software packages such as word processing, spreadsheets, database, and a web development system. In the lecture, general computer concepts are presented, issues relating to computers are considered, and the student learns to develop a web-based system using a manipulation language such as HTML and a scripting language such as Javascript.
Notes: Degree credit will not be given for both CSCI 101 and CSCI 105 or CSCI 101 and 110.

105. Introduction to Microcomputer Applications (1:0:3).
A course that is the laboratory component of CSCI 101/ CSCI 110. The course is intended for transfer students who have completed the equivalent of the lecture component of CSCI 101/CSCI 110, but who need instruction in the laboratory component.
Notes: Degree credit will not be given for both CSCI 101 and 105 or CSCI 110 and 105.

An introductory course in which no prior computing or programming experience is assumed. This course is more appropriate than CSCI 101 for students with no prior programming experience who might take CSCI 207. It is also appropriate for students desiring a more technical course than CSCI 101.
Corequisite(s): MATH 101 or any course that requires MATH 101 as a prerequisite.
Notes: Degree credit will not be given for both CSCI 101 and 105 or CSCI 110 and 105.

151. Overview of Computer Science (3:2:2).
This course is oriented toward mathematics and science majors. A wide range of topics in Computer Science will be studied.

207. Introduction to Computer Science I (4:3:2).
An introduction to problem-solving methods, algorithm development, and a high-level programming language. Procedural programming and data abstraction are emphasized early in the course. Students are introduced to object-oriented programming concepts. Students learn to design, code, debug, and document programs using proper programming techniques.
Prerequisite(s): CSCI 101 or 110 or 151 (110 or 151 recommended), or high school equivalent, and MATH 101 or any MATH course that requires MATH 101 as a prerequisite.
Notes: Students expecting to take CSCI 208 should take MATH 261 with CSCI 207.

208. Introduction to Computer Science II (4:3:2).
A continuation of CSCI 207. The course continues the development of procedural and object-oriented programming concepts and implementation. The course also introduces the student to elementary data structures (lists, stacks, binary trees, sequential files), to the common algorithms used with these data structures, and to algorithm analysis.
Prerequisite(s): A grade of C or better in CSCI 207; MATH 261 or 300.

211. Introduction to Assembly Language and Computer Architecture (3).
A study of the basic techniques of assembly language programming and an introduction to the conventional machine level of computers. The course includes the study of the function and operations of the assembler, the study of the architecture and operations of processors, and the interface to high-level languages.
Prerequisite(s): CSCI 208, MATH 261 or 300.

271. Algorithm Analysis and Data Structures (3).
The study of the structure of data and the efficient manipulation of such structure. Algorithm analysis and design and the appropriate use of recursion are emphasized.
Prerequisite(s): A grade of C or better in CSCI 208; MATH 261 or 300, MATH 201 or 105.

The following one-hour courses, CSCI 291, 292, 294, 297, 391, 392, and 398 provide students with a vehicle for learning a specific programming language. Each student will write a series of programs in the language, and will become knowledgeable in the details of the language.

291. The COBOL Language (1).
Prerequisite(s): A grade of C or better in CSCI 208.

292. The FORTRAN Language (1).
Prerequisite(s): A grade of C or better in CSCI 208.
Notes: Offered on demand.

294. Local Operating Systems and Programming Languages (1).
A course for students with transfer credit for a course in the principles and methods of programming. The course presents information about local computer systems that is necessary for the student to be able to use those systems effectively.
Prerequisite(s): Permission of Instructor.
Notes: Offered on demand.

297. The Ada Language (1).
Prerequisite(s): A grade of C or better in CSCI 208.
Students may not enroll in CSCI courses numbered above 299 unless they have at least a 2.00 grade-point average, at least 54 semester hours and a grade of C or better in WRIT 102.

An introduction to the concepts and methods of constructing the hardware and software of a computer system. The course emphasizes the study of the digital logic components, the microprogramming language that supports a machine language, and exposure to advanced computer architectures.
Prerequisite(s): A grade of C or better in CSCI 211.

325. File Structures (3).
The study of external storage devices and file organization techniques for such devices. The course includes an in-depth treatment of the space and time efficiency of each file organization studied.
Prerequisite(s): MATH 261 or 300, and a grade of C or better in CSCI 208.

327. Social Implications of Computing (3).
A study of the impact of technology and computing on society and the relationship of the subject matter to professionalism in the field of computing. Topics include: computer ethics and ethical theories, professional behavior, legal issues including intellectual property, personal privacy, computer security, and computer access.
Prerequisite(s): Junior standing and either a CSCI major or BSBA/CIFS concentration or permission of the department chair.

340 A, B, C. Cooperative Educational Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student’s major or career interests. Credit of 1, 2 or 3 semester hours for a minimum of 15, 30 or 40 hours per week for a minimum of 14 weeks. This course may not be counted as a Computer Science elective in the Bachelor of Science degree program in Computer Science. Co-op students are required to register for this course each semester they are working.
Prerequisite(s): 2.5 GPA and permission of the Chair of the Department of Computer Science and Quantitative Methods.
Notes: Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in Business Administration. A grade of S or U is recorded.

371. Theoretical Foundations (3).
Relations and functions; elementary graph theory; automata and language theory; computability theory.
Prerequisite(s): MATH 261, CSCI 208.

381. Numerical Algorithms (3).
A survey of numerical methods for solving elementary mathematical problems. The course includes finding roots of equations, numerical integration and differentiation, interpolation and extrapolation, spline functions, and solving simultaneous equations.
Prerequisite(s): CSCI 208 and MATH 201.
Notes: Available on sufficient demand.

391. Programming in Visual Basic (1).
An introduction to the Visual Basic programming system.
Prerequisite(s): CSCI 271 or 325 or permission of instructor.

392. Programming in Java (1).
An introduction to the Java programming language.
Prerequisite(s): CSCI 271 or 325 or permission of the instructor.

Advanced C++ language topics and programming techniques not covered in previous courses.
Prerequisite(s): CSCI 271 or CSCI 325.

A survey of the function of an operating system and the concepts necessary for the design of an operating system. Students are required to program a part of a subsystem.
Prerequisite(s): A grade of C or better in CSCI 211.

431. Organization of Programming Languages (3).
The study of different types of programming paradigms and languages associated with the paradigms. Students are introduced to language design and translation.
Prerequisite(s): CSCI 211, 271 and 371.

The study of the geometry, mathematics, algorithms, and software design techniques of computer graphics. Students are required to program parts of a graphics application package.
Prerequisite(s): MATH 101 or 103 or 201, MATH 261 or 300, and a grade of C or better in CSCI 208.

This course is to acquaint the student with significant uses to which computer graphics commonly is applied and to develop an understanding of 2D and 3D geometry used in computer graphics.
Prerequisite(s): A grade of C or better in CSCI 208 and in one of MATH 105, or 201 or 300.
Notes: Available on sufficient demand.

455. Network Processing (3).
An introduction to the concepts, configurations, and methods of communication between computer systems. Uses the OSI model to study the functions and implementations of network systems. Students are provided in-depth experience with several existing network systems, and study the problem of developing programs to operate across a network.
Prerequisite(s): CSCI 271 or 325.

461. Translator Construction (3).
A formal treatment of programming language translation and compiler design concepts. Students are required to write a compiler for a small block-structured language.
Prerequisite(s): CSCI 431.
Notes: Available on sufficient demand.
471. Undergraduate Research in Computer Science (3).
Students participate in scholarly research with a faculty member.
Prerequisite(s): Permission of department chair.

475. Software Engineering I (3).
The study of the basic principles of structured systems analysis and software requirements specification. Data flow diagrams, object-oriented analysis, and current charting techniques are emphasized in creating specification documents.
Prerequisite(s): CSCI 271, or 325, or 555.

476. Software Engineering II (3).
The study of formal software design principles emphasizing an engineering approach to the software development process. Students are required to participate in a team project. The project is the design, development, testing, and implementation of a software system.
Prerequisite(s): CSCI 475.

481. Special Topics in Computer Science (3).
An intensive investigation and analysis of a computer science problem or topic.
Prerequisite(s): Determined by the instructor.
Notes: Available on sufficient demand.

514. Control and Audit of Information Systems (3).
This course will study the design of internal controls necessary for information systems and the testing necessary to assure the data integrity of the system. Audit techniques, especially computerized audit software, will be analyzed and audit approaches designed. Audit work plans and measures of asset safeguarding will be prepared and evaluated.
Prerequisite(s): ACCT 280 and MGMT 341 or MGMT 661.
Notes: Cannot be used as a BS in Computer Science Area elective.

555. Database Processing (3).
The study of the fundamental concepts and principles of database systems and processing. Several database models are considered with emphasis on the relational model. The student creates, loads, and accesses a database using at least two existing database management systems.
Prerequisite(s): A grade of C or better in CSCI 208.

570. Parallel Computing (3).
Survey of the architectures and algorithms to support Parallel Programming. Students will learn to program a parallel system for a variety of problem topics.
Prerequisite(s): CSCI 271 & 311.
Notes: Available on sufficient demand.

581. Special Topics in Computer Science (3).
A study of a topic in the area computer science.
Prerequisite(s): Permission of chair.
Notes: Course may be repeated for credit.

Critical Reading, Thinking and Writing (CRTW)

201. Critical Reading, Thinking, and Writing (3:3:0).
Examines the language of critical thinking and argumentation and focuses on the connection between writing and critical thinking, using critical reading and thinking as springboards for researched, argumentative writing assignments.
Prerequisite(s): WRIT 101 with a grade of C or better and GNED 102.
Notes: A grade of C or better is required in CRTW 201. Offered in the fall, spring, and summer.

Critical Thinking and Quantitative Reasoning (CTQR)

150. Quantitative Methods in Critical Thinking (3).
The basic quantitative skills, and their applications, necessary for critical thinking. Topics include: sets, logic, argument validation, probability, and basic statistics.
Notes: Degree credit will not be given for both MATH 140 and CTQR 150.

Dance Applied Technique (DANA)

101. Beginning Modern Dance (1:2).
Notes: Lab Fee: $3. Offered in the fall and spring.

102. Intermediate Modern Dance (1:2).
Prerequisite(s): DANA 101 or equivalent.
Notes: Lab Fee: $3. Offered in the spring.

104. Beginning Ballet (1:2).
Notes: Lab Fee: $3. Offered in the fall and spring.

105. Intermediate Ballet (1:2).
Prerequisite(s): DANA 104 or equivalent.
Notes: Lab Fee: $3. Offered in the spring.

111. Modern Dance Ia (1:3).
Intensive course for the dance major in the fundamentals of modern dance.
Prerequisite(s): Placement audition or permission of instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the fall.

112. Modern Dance Ib (1:3).
Continuation of materials in DANA 111.
Prerequisite(s): DANA 111 or permission of the instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the spring.

121. Ballet Ia (1:3).
Intensive course for the dance major in beginning ballet technique.
Prerequisite(s): Placement audition or permission of the instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the fall.
122. Ballet Ib (1:3).
Continuation of materials in 121.
Prerequisite(s): DANA 121 or permission of the instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the fall.

211. Modern Dance Ia (1:3).
Intensive intermediate level modern dance techniques.
Prerequisite(s): DANA 112 or permission of instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the fall.

212. Modern Dance Ib (1:3).
Continuation of materials in DANA 211.
Prerequisite(s): DANA 211 or permission of instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the spring.

221. Ballet Ia (1:3).
Intensive transition to intermediate ballet.
Prerequisite(s): DANA 122 or permission of the instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the fall.

222. Ballet Ib (1:3).
Intensive course in intermediate ballet techniques.
Prerequisite(s): DANA 221 or permission of the instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the spring.

230. Dance Training and Conditioning (1).
A training program for dancers and performing artists which provides sound principles and approaches to the development of a fitness level and body awareness appropriate for each person.
Notes: Lab Fee: $3. Offered in fall and spring.

240. Tap Dance I (1:2).
Study and practice of the basic elements of tap dance and their use in simple combinations.
Notes: Lab Fee: $3. Offered in the fall.

241. Tap Dance II (1:2).
A continuation of DANA 240 Beginning Tap Dance.
Prerequisite(s): DANA 240 or permission of instructor.
Notes: Lab Fee: $3. Offered in the spring.

244. Survey of Recreational Dance Forms (1:2).
A survey of folk, round and square, and social recreational forms of dance.
Notes: Lab Fee: $3. Offered in fall and spring.

246. Social Dance (1:2).
Notes: Lab Fee: $3. Offered in fall and spring.

251. Jazz Technique I (1:2).
Notes: Lab Fee: $3. Offered in the fall.

252. Jazz Technique II (1:2).
Prerequisite(s): DANA 251 or equivalent.
Notes: Lab Fee: $3. Offered in the spring.

258. World Dance Forms (1:2).
A study of the fundamental movement elements associated with a survey of world dance forms.
Notes: Lab Fee: $3. Offered in the spring.

261. Modern Dance IIIa (1:3).
Intensive advanced level modern dance technique.
Prerequisite(s): DANA 212 or permission of the instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the fall.

262. Modern Dance IIIb (1:3).
Continuation of materials in DANA 311.
Prerequisite(s): DANA 311 or permission of the instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the spring.

263. Ballet IIIa (1:3).
An intensive technique course for those who have excelled in intermediate ballet and require continuation of challenging work to either achieve or maintain advanced ballet technique.
Prerequisite(s): Permission of instructor.
Corequisite(s): One of the following: DANA 121, 122, 221, 222, 321, 322, 421, 422.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the spring.

264. Ballet IIIb (1:3).
A continuation of DANA 321, Ballet IIIa.
Prerequisite(s): DANA 321 or permission of instructor.
Notes: Lab Fee: $3. May be repeated for credit. Offered in the spring.

265. Pointe Technique I (1:0:2).
The introduction to ballet technique on pointe.
Prerequisite(s): Permission of the instructor.
Corequisite(s): One of the following: DANA 121, 122, 221, 222, 321, 322, 421, 422.
Notes: Offered in fall and spring. May be repeated for credit.

266. Pointe Technique II (1:0:2).
The continuation of ballet technique on pointe.
Prerequisite(s): Permission of the instructor.
Corequisite(s): One of the following: DANA 121, 122, 221, 222, 321, 322, 421, 422.
Notes: Offered in fall and spring. May be repeated for credit.
DANCE APPLIED/DANCE THEORY

411. Modern IVa (1:0:3).
Advanced exercises and phrases which explore concepts of proper alignment, correct body usage, and breath and movement flow associated with modern technique will be developed to further expand the student's movement potential.
Prerequisite(s): DANA 312 or permission of the instructor.
Notes: Offered in fall. May be repeated for credit.

412. Modern IVb (1:0:3).
Advanced exercises and phrases which explore concepts of proper alignment, correct body usage, breath and movement flow associated with modern technique will be developed to further expand the student's movement potential. This course is a continuation of DANA 411.
Prerequisite(s): DANA 411 or permission of the instructor.
Notes: Offered in spring. May be repeated for credit.

421. Ballet IVa (1:0:3).
An advanced technique class which will build upon the student's understanding of ballet movement and its relationship to space, breath, alignment, and musicality. Contemporary and classical repertory will be explored.
Prerequisite(s): DANA 322 or permission of instructor.
Notes: Offered in fall. May be repeated for credit.

422. Ballet IVb (1:0:3).
An advanced technique class which will build upon the student's understanding of ballet movement and its relationship to space, breath, alignment, and musicality. Contemporary and classical repertory will be explored. This course is a continuation of DANA 421.
Prerequisite(s): DANA 421 or permission of the instructor.
Notes: Offered in spring. May be repeated for credit.

442. Senior Thesis Showcase (1:2).
Advanced exploration into the choreographic process; students create original work under faculty supervision and present that work in public performance.
Prerequisite(s): DANT 200, 301, and senior status.
Corequisite(s): DANA 111, 112, 311, 312, or 321.
Notes: Lab Fee: $3. Offered in the Fall.

443. Dance Production: Practicum (1).
A class designed to apply, through practical experience, the necessary technical theatre skills needed for running a dance or theatre production.
Prerequisite(s): DANT 206.
Notes: Offered in fall and spring. May be repeated for credit.

444. Dance Performance: Practicum (1).
Practical experience of the rehearsal process and performance in a faculty/guest artist-choreographed work.
Corequisite(s): DANA 111, 112, 121, 122, 211, 212, 221, 222, 311, 312, 411, 412, 421, 422.

Dance Theory (DANT)

110. Introduction to Dance (1).
An overview of the field of dance, benchmarks in the history of dance, professional career options, health and care of the dancer's body, and the study of dance.
Notes: Designed for students entering/considering serious study of dance. Offered in fall.

200. Improvisation (1:2).
Exploration of Laban principles of Time, Space, Weight and Flow through structured improvisations. Emphasis is placed upon conceptualizing the problem and the dancer's instantaneous response to various catalysts.
Prerequisite(s): One technique class.
Corequisite(s): One technique class.
Notes: Offered in fall.

201. Choreography I (3).
Exploration, experimentation, and manipulation of rudimentary dance ideas resulting in phrases and studies which have repeatable, recognizable form.
Prerequisite(s): DANT 200 and DANA 112, 211 or equivalent.
Notes: Offered in spring.

205. Music for Dance (3).
A study of the fundamental elements of music literature in relationship to the dynamics, rhythms, and intents of dance movement.
Notes: Offered in the fall.

206. Dance Production (3).
Dance production theory and application skills to enable one to be knowledgeable about the technical, organizational, publicity, and dance considerations demanded in small and large scale productions.
Notes: Lab Fee: $10. Offered in the fall and spring.

210. Introduction to Dance Education (2:2:0).
An introductory course for the dance education student. This course will begin to emphasize the principles of teaching and prepare the student for the application of skills in planning, instructing, managing and assessing student in dance.
Notes: Offered in fall.

298. Dance Appreciation (3).
A survey of the significant developments in dance in relation to the other arts from the prehistoric period through the 20th century.
Notes: Offered in fall and spring.

301. Choreography II (3).
Pre-classic music and modern art sources from selected time periods serve as stimuli for dance studies, solo, and small group dance pieces.
Prerequisite(s): DANT 201.
Notes: Offered in spring.

340. Cooperative Education Experience in Dance (1) (2) (3).
A cooperative education experience in a specified area of
Dance that provides on-the-job training in a professional field related to a student’s major or career interests. Prerequisite(s): Overall GPA of 2.5, junior status, permission of Chair. Notes: A grade of S or U is recorded. Offered in fall, spring and summer.

The synthesis of the science of human motion and the art of dance as applied to the facilitation of excellence in performance and the reduction of dance injury. Prerequisite(s): Completion of DANA 211 and 221 or equivalent. Notes: Offered in fall.

385. Dance History: Primitive Cultures through 19th Century (3).
An analysis of dance from primitive cultures through the 19th century tracing its role as ritual, art form or popular entertainment within the social and political context of the time. Prerequisite(s): Junior status. Notes: Offered in fall.

386. Dance History: 1900-Present (3).
The study of continuing and new trends in theatre dance forms in Western and Eastern cultures through live performance, visual, and print media. Prerequisite(s): Junior status. Notes: Offered in fall.

391. Principles of Teaching Dance: Curriculum and Pedagogy (3).
Synthesizes curriculum practice K-12 in dance; design, development and evaluation. Addresses specific instructional needs and techniques in diverse settings. Prerequisite(s): Admission to Teacher Education. DANT 541 or 542, 543. Corequisite(s): DANT 392, EDUC 390, DANT 541 or 542 (the 541 and 542 are offered Fall semester. Notes: Offered in the fall.

392. Field Experience in Teaching Dance (1:0:8).
This course uses laboratory experiences equivalent to 28 half days to lead dance education students through an exploration and examination of various research-based programs of instructional planning, methodology, classroom management, and evaluation of teaching and learning to complement content covered in DANT 391. Prerequisite(s): Admission to Teacher Education. Corequisite(s): DANT 391, EDUC 390. Notes: Offered in the fall.

393-399. Special Topics in Dance (1, 2, or 3).
Extension of individual opportunities in dance beyond existing departmental curriculum limits. Prerequisite(s): Junior status. Notes: Offered in fall and spring.

401. Choreography III (3).
Experimentation in the nonliteral dance forms and choreographic techniques. Prerequisite(s): DANT 301.

DANCE THEORY/EARLY CHILDHOOD EDUCATION

A capstone course for senior dance majors. This course will include aesthetics, contemporary issues and trends in dance, as well as audition, job search and studio management information. Prerequisite(s): DANT 301, DANT 386. Notes: Offered in spring.

490-499. Independent Study in Dance (1, 2, or 3).
An individually designed study specific to the aptitudes and interests of the student. Prerequisite(s): Permission of Chair of Theatre and Dance. Notes: Offered in the fall and spring.

The use of state and national dance standards for the conduct and organization of dance lessons in the schools will be explored and examined. Prerequisite(s): DANT 210, DANT 372.

541. Instructional Strategies: Creative and Recreational Dance (3:2:2)
The use of pedagogical principles for the conduct and organization of dance lessons in creative and recreational dance. Prerequisite(s): One course in modern dance, DANT 200 or equivalent, DANA 244, or permission of instructor. Notes: Offered in fall.

The use of pedagogical principles for the conduct and organization of dance lessons in modern, jazz and ballet. Prerequisite(s): DANT 372 and three of the following: DANA 112, 211, 212, 221, 222, 311 and 312, or permission of instructor. Notes: Offered in spring.

543. Instructional Strategies: Dance Practicum (1:2).
An applied apprenticeship in teaching dance. Prerequisite(s): DANT 541 or 542. Notes: Offered in the fall, spring and summer.

598. Special Topics in Dance (1) (2) (3).
Extension of individual opportunities in dance beyond existing departmental curriculum limits. Prerequisite(s): Permission of chair, Department of Theatre and Dance. Notes: Offered in the fall and spring. May be retaken for additional credit.

Early Childhood Education (ECED)

109. Management and Supervision of Child Care Centers (2).
A study of the managerial principles, skills organization, and operation of early childhood programs including supervision of staff and volunteers and program evaluation. Strategies to establish and maintain positive, collaborative relationships with families and the
community will be devised. Students will learn about the growing opportunities for early childhood professionals in administering early childhood programs operated by corporations, agencies, governments and individuals as an avenue to contributing to a more successful business or service operation.

Notes: Teacher Education students must receive a grade of C or better and may not elect the S/U option. Offered in the fall and spring.

332. Introduction to Early Childhood Education (3).
A study of national early childhood models (N-3rd grade), day care, Head Start, and other preschool facilities; state and federal regulations and history, societal changes, and contemporary trends.

Notes: Teacher Education students must receive a grade of C or better and may not elect the S/U option. Offered in the fall and spring.

333. Creative Activities for Young Children (3).
A study of concepts and content including room arrangement in the early childhood curriculum, methods and materials for developing creativity, and a review of relevant research. Observation and participation in two or more of the following settings: day care centers, private nursery schools, public schools, community agencies, and the Macfeat laboratory school. Students will observe and work with children of diverse ages (infants, toddlers, preschoolers or primary school age), and with children reflecting culturally and linguistically diverse family systems. Follow-up conferences will be held with classroom teachers and college faculty.

Prerequisite(s): EDCI 336 and admission to Teacher Education Program.

Notes: Teached Education students must receive a grade of C or better and may not elect the S/U option. Offered in the spring and summer.

391. Teaching Social Studies in Early Childhood Education (3).
A study of methods and materials in the teaching of early childhood social studies and a review of relevant research. Students will learn how to overcome cultural bias in a child care or classroom setting by including music, artwork, and a variety of culturally defined materials into the curricula. Students will apply the principles of planning, instruction, management, evaluation, and professionalism in a variety of field placements in which young children are served.

Prerequisite(s): Admission to Teacher Education Program, ECED 333.

Corequisite(s): EDUC 390 & ECED 392.

Notes: Teacher Education students must receive a grade of C or better and may not elect the S/U option. Offered in the fall.

392. Field Experiences in Teaching Early Childhood Education (1:0:8).
Students will spend 8 hours per week in the classroom under the supervision of an early childhood education professor and will work with a mentor teacher in preparation for the final internship experience.

Prerequisite(s): Admission to Teacher Education Program.

432. Teaching Mathematics in Early Childhood Education (3).
This course is designed to prepare students to teach mathematics in grades preK-4. It includes the study of content, methods and materials, and a review of relevant research.

Prerequisite(s): ECED 332, ECED 333 and admission to teacher education.

Notes: Teacher Education students must receive a grade of C or better and may not elect the S/U option. Offered in the fall.

433. Teaching Science in Early Childhood Education (3).
This course is designed to prepare students to teach science in grades preK-4. It includes the study of content, methods and materials, and a review of relevant research.

Prerequisite(s): ECED 332, ECED 333 and admission to teacher education.

Notes: Teacher Education students must receive a grade of C or better and may not elect the S/U option. Offered in the fall.

550. Special Topics in Early Childhood (3:3:0).
Current topics of concern and interest to early childhood caregivers, (teachers, headstart workers, family and children’s service agencies etc.).

Notes: Inclusion of this course in a Program of Study requires the approval of the Program Area Committee.

Economics (ECON)

103. Introduction to Political Economy (3).
The economics approach to current social issues such as inflation, unemployment, and the national debt. This course is designed for non-business majors.

The economic behavior of individual decision-making units in society with development of the concepts of consumer choice and business firm behavior under different market conditions.

Analysis of macroeconomic topics including the factors affecting economic growth, inflation and unemployment.

Prerequisite(s): ECON 215.

All ECON courses numbered above 299 have a prerequisite of junior status, an overall GPA of at least 2.00 and a C or better in WRIT 102.

315. Microeconomic Analysis (3:3:0).
Advanced analysis of microeconomic topics dealing with the consumer, the firm, market institutions and social welfare.

Prerequisite(s): ECON 215 and ECON 216.
316. Macroeconomic Analysis (3:3:0).
Advanced analysis of contemporary macroeconomic theory and policy including the factors affecting economic growth, inflation and unemployment. Prerequisite(s): ECON 215 and ECON 216.

331. Public Finance (3:3:0).
Microeconomic analysis of governmental activity, taxation and welfare implications. Prerequisite(s): ECON 215.

335. Money and Banking (3:3:0).
Analysis of financial markets, central banks and monetary policy. Prerequisite(s): ECON 215 and 216.

Environmental economics is the application of the principles of economics to the study of how environmental resources are developed and managed. Prerequisite(s): ECON 103 or ECON 215 or ECON 216.

345. Labor Economics (3:3:0).
Analysis of labor market experience at both the macroeconomic and microeconomic levels. Prerequisite(s): ECON 215.

415. Managerial Economics (3:3:0).
Applications of economic principles and methods of analysis to managerial decision making. Prerequisite(s): ECON 215.

491. Internship in Economics (3).
The internship in economics provides opportunities for students to integrate course work into practical work settings. This course applies the academic and conceptual to the practical; students supervised by faculty will work a minimum of 150 hours during a semester of a summer term. Prerequisite(s): 2.5 GPA and grade of C or better in at least two of these courses: ECON 315, ECON 316, ECON 331, ECON 335, ECON 345, ECON 415, ECON 521. Notes: For Business Majors only. A grade of S or U is recorded.

521. International Trade and Investment (3).
Theory and policy in international trade and investment with emphasis on the motives and mechanisms of international economic and financial transactions. Prerequisite(s): ECON 215.

Education and Curriculum and Instruction (EDCI)

331. Community Connections for Families (3).
This course involves the study of children, family development, and community resources. The collaboration of family and community resources to support the development of children and families is the focus of the course. Notes: Teacher Education students must receive a grade of C or better and may not elect the S/U option. Offered in the fall and spring.

ECONOMICS/EDUCATION-CURRICULUM AND INSTRUCTION/GENERAL PROFESSIONAL

336. Young Children: Insuring Success (3).
Study of characteristics, needs, and appropriate service delivery systems which create success for young children and their families. This course will prepare professionals to consider such factors in meeting the needs of young children. Prerequisite(s): EDUC 210 or PSYC 306. Notes: Teacher Education students must receive a grade of C or better and may not elect the S/U option. Offered in the fall and spring.

Education, General Professional (EDUC)

110. Teachers, Schools and Society (3).
A survey course focusing on the foundations of education and expectations of the profession. Content includes historical, philosophical, legal, and societal influences on schools. Notes: This course cannot be taken for S/U credit. A grade of C or higher is required for Teacher Education majors. Offered in fall, spring and summer.

175. Professional Field Experience (Teacher Cadet Program) (3).
Structured and supervised field experience for those exploring careers in teaching while in high school. Prerequisite(s): High school Teacher Cadet program.

A study of the development of the learner through the lifespan, with emphasis on childhood and adolescence in the school setting. Topics include: physical, social, emotional, moral, language, and cognitive development. Prerequisite(s): EDUC 110. Notes: This course cannot be taken for S/U credit. A grade of C or higher is required for Teacher Education majors. Offered in fall, spring and summer.

210E. Nature and Nurturing of Learners I Practicum Elementary (0:0:2).
Classroom observation component accompanying EDUC 210. Students observe in local public elementary school classrooms for a total of 8 hours to complete EDUC210 assignments. Corequisite(s): EDUC 210.

210M. Nature and Nurturing of Learners I Practicum Middle School (0:0:2).
Classroom observation component accompanying EDUC 210. Students observe in local public middle school classrooms for a total of 8 hours to complete EDUC 210 assignments. Corequisite(s): EDUC 210.

210S. Nature and Nurturing of Learners I Practicum Secondary (0:0:2).
Classroom observation component accompanying EDUC 210. Students observe in local public secondary school classrooms for a total of 8 hours to complete EDUC 210 assignments. Corequisite(s): EDUC 210.
250. Nature and Nurturing of Learners II (3).
A study of theories of learning and motivation, individual differences (including culture, ethnicity, and gender), and their classroom application. Emphasis is on self-assessment of reflective practice, scholarship, and leadership.
Prerequisite(s): EDUC 210 and 2.5 GPA.
Notes: This course cannot be taken for S/U credit. A grade of C or higher is required for Teacher Education majors. Offered in fall, spring and summer.

250E. Nature & Nurturing of Learners II Practicum Elementary (0:0:2).
Classroom observation component accompanying EDUC 250. Students observe in local public elementary school classrooms for a total of 12 hours to complete EDUC 250 assignments.
Corequisite(s): EDUC 250.

250M. Nature & Nurturing of Learners II Practicum Middle School (0:0:2).
Classroom observation component accompanying EDUC 250. Students observe in local public middle school classrooms for a total of 12 hours to complete EDUC 250 assignments.
Corequisite(s): EDUC 250.

250S. Nature and Nurturing of Learners II Practicum Secondary (0:0:2).
Classroom observation component accompanying EDUC 250. Students observe in local public secondary school classrooms for a total of 12 hours to complete EDUC 250 assignments.
Corequisite(s): EDUC 250.
Notes: Offered in the fall, spring, and summer.

275. Integrating Technology to Support Teaching and Learning (2).
A methods course in which students learn to design instruction aligned with p-12 standards that uses technology to support teaching and learning.
Prerequisite(s): 30 hours, 2.5 GPA and an education major.
Notes: Lab Fee: $15. A grade of C or higher is required for Teacher Education majors. This course cannot be taken for S/U credit. Offered in the fall.

310. Working With Exceptional and Diverse Learners (3).
This course provides teacher education students with basic information concerning characteristics of, educational procedures for, and instructional needs of exceptional and diverse learners.
Prerequisite(s): Admission to Teacher Education Program and completion of EDUC 250 with a grade of “C” or better is required.
Notes: This course cannot be taken for S/U credit. Offered in fall, spring and summer.

390. Core Issues In Teacher Education (3).
The course includes content central to all students seeking teacher certification including classroom management, assessment, and school law.
Prerequisite(s): Admission to Teacher Education Program and completion of EDUC 250 with a grade of “C” or better is required.
Corequisite(s): Area Methods Course and Lab Designated by Major Area.
Notes: This course cannot be taken for S/U credit. Offered in fall.

450H. Education Honors Thesis (3).
Independent research of a topic in education requiring a command of research techniques and writing ability.
Prerequisite(s): Admission to Teacher Education and Honors Program.
Notes: Offered on request.

475. Internship in Reflective Practice (10:0:10).
The course will provide applied experiences for developing skills for the professional role of a teacher. Primary focus is on a field-based component of 60-65 full days.
Prerequisite(s): Completion of all methods courses and core courses except EDUC 490. Full admission to Teacher Education Program.
Corequisite(s): EDUC 490.
Notes: Offered in fall and spring.

490. Capstone For Educational Leaders (2).
The course allows students to explore current issues in education as they relate to the educational leader. Primary focus is on completion and presentation of a professional portfolio.
Prerequisite(s): Full admission to Teacher Education. Completion of all methods courses and core courses except EDUC 475.
Corequisite(s): EDUC 475 Internship in Reflective Practice.
Notes: Offered in fall and spring.

495. Special Topics in Education (1:3:0).
To identify specific problems and issues in education and to seek solutions through examination of current research and practice.
Prerequisite(s): Permission of instructor.
Notes: Offered on demand.

Elementary Education (ELEM)

293. Laboratory Experiences in Public Schools (3:1:2).
To provide direct teaching experiences with students under the supervision of a public school teacher.
Prerequisite(s): EDUC 110.
Notes: Offered in fall and spring.

341. Teaching Social Studies in the Elementary School (3).
The course is designed to prepare students to use the most up-to-date methods and procedures in the teaching of social studies in the elementary school.
Prerequisite(s): EDUC 250 & Admission to Teacher Education. A grade of C or higher must be earned in each content course (15 hours): PLSC 201 or ECON 103, GEOG 101, HIST 211 or HIST 212 or HIST 308, SOCL 201 and ANTH 201.
Notes: Offered in fall and spring. Teacher education students must receive a grade of C or better and may not elect the S/U option.

391. Principles of Teaching Grades K-6 (3).
The student will understand the process by which an educator plans long-range, integrated units of instruction and which includes the development of goals/objectives, selecting appropriate strategies, and developing appropriate assessment instruments.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): EDUC 390 and ELEM 392.
Notes: Offered in fall.

392. Field Experiences in Teaching Grades K-6 (1:0:1).
The student will be able to apply principles of planning, instruction, management, assessment and professionalism in directed field-based situations involving differing numbers of learners, peers, parents and other adults.
Corequisite(s): EDUC 390 and ELEM 391.
Notes: A grade of S or U is recorded. Offered in fall.

431. Teaching Science in the Elementary School (3).
A study of: 1) the methods and materials of teaching science in the elementary school, 2) the relevant research on methods and materials, and 3) cognitive development.
Prerequisite(s): Admission to Teacher Education; EDUC 210/250; grades of C better in PHYS 250/251 and BIOL 150/151 and GEOL 250/251.
Notes: Offered in fall and spring. Teacher education students must receive a grade of C or better and may not elect the S/U option.

436. Teaching Mathematics in the Elementary School (3).
Methods course for elementary education majors.
Prerequisite(s): MATH 291, MATH 292 with a grade of C or better; Admission to Teacher Education
Notes: Offered in fall, spring and summer. Teacher education students must receive a grade of C or better and may not elect the S/U option.

English (ENGL)

WRIT 101 is a prerequisite for all ENGL courses. CRTW 201 or WRIT 102 and a previous ENGL course are prerequisite to any 500-level ENGL course.

200. Introduction to Literary Genres (3).
Critical approaches to various literary genres, selected from poetry, drama, fiction, and film, with examples primarily from twentieth-century artists. ENGL 200 will not count toward the English major.
Prerequisite(s): WRIT 101.
Notes: Offered in fall, spring and summer.

201. Major British Writers: Before 1800 (3).
Study of Beowulf, Chaucer, Shakespeare, Donne, Jonson, Milton, Dryden, Pope, Swift, and Johnson.
Notes: A student may not receive credit for both ENGL 201 and 203. Offered in fall.

Study of Wordsworth, Browning, a nineteenth-century novel, Yeats, Joyce, and Lawrence.
Notes: A student may not receive credit for both ENGL 202 and 203. Offered in spring.

203. Major British Authors (3).
Study of selected major British authors from the medieval period to the present including Chaucer, Shakespeare, Milton, Swift, Wordsworth, Dickens, Browning, Yeats, and Joyce.
Notes: A student may not receive credit for both ENGL 203 and 201 or 202. Offered in fall, spring and summer.

205. World Literature Before 1700 (3).
Study of literary masterpieces by Plato, Sophocles, and Dante through the Renaissance.
Notes: A student may not receive credit for both ENGL 205 and 207. Offered in fall.

206. World Literature After 1700 (3).
Study of literary masterpieces by Voltaire, Goethe, Flaubert, Tolstoy, Mann, Camus, Borges, and Marquez.
Notes: A student may not receive credit for both ENGL 206 and 207. Offered in spring.

207. Major World Authors (3).
Study of selected major world authors including Sophocles, Dante, Goethe, Flaubert, Tolstoy, Mann, Soyinka, Mishima, and other world authors.
Notes: A student may not receive credit for both ENGL 207 and 205 or 206. Offered in fall, spring and summer.

209. American Literature Before 1860 (3).
Emphasis on literature of the Puritans, Franklin, Emerson, Thoreau, Hawthorne, and Melville.
Notes: A student may not receive credit for both ENGL 209 and 211. Offered in fall.

210. American Literature After 1860 (3).
Representative fiction and poetry from Emily Dickinson and Mark Twain to contemporary writers such as James Baldwin and Flannery O’Connor.
Notes: A student may not receive credit for both ENGL 210 and 211. Offered in spring.

211. Major American Authors (3).
Study of selected major American authors from the Puritans and the American Renaissance through Twain to the contemporary period.
Notes: A student may not receive credit for both ENGL 211 and 209 or 210. Offered in fall, spring and summer.

300. Approaches to Literature (3).
Study of major critical approaches to literature including formalist, psychological, mythological, feminist, and postmodernist. Course also provides instruction and practice in literary research methods.
Prerequisite(s): Sophomore standing.
Notes: Restricted to English majors and minors. Intensive Writing course. Offered in fall and spring.
ENGLISH

302. The Development of Modern English (3).
An introduction to the phonology, morphology, and syntax of Old, Middle, and Modern English.
Prerequisite(s): 6 semester hours of a foreign language.
Notes: Offered in fall.

303. Grammar (3).
Review of traditional grammar and introduction to transformational grammar.
Prerequisite(s): Grade of C or better in CRTW 201 or WRIT 102.
Notes: Primarily for students who are being certified to teach. Offered in fall and spring.

305. Shakespeare (3).
Study of 9 or 10 representative plays with emphasis on the tragedies.
Notes: Offered in fall and spring.

310, 311. Special Types of Literature (3) (3).
Concentration on one type, such as epic or satire, in interesting combinations of its use, past and present.
Notes: Available on sufficient demand.

317. The Short Story (3).
Study of this genre including selected stories by American, Irish, British, and European masters.
Notes: Offered in odd years in the fall.

319. The British Novel (3).
Study of this genre including its beginnings in the 18th century and representative works to the present.
Notes: Offered in the spring of odd years.

320, 321. Recurrent Themes in Literature (3) (3).
Typical course titles: Biblical Themes in Literature; Coming of Age in 18th - to 20th- Century Fiction.
Notes: Available on sufficient demand.

323. The Nineteenth-Century American Novel (3).
Study of the nineteenth-century American novel, including authors such as Cooper, Hawthorne, Melville, Stowe, Twain, Howells, James, and Crane.
Notes: Offered in the fall of odd years.

324. The Twentieth-Century American Novel (3).
Study of the twentieth-century American novel, including works from the modern and contemporary periods.
Notes: Offered in spring of even years.

325. Dramatic Literature (3).
Study of selected plays from the medieval period to the present.
Notes: Offered in the spring of even years.

330. Women and Literature (3).
This course draws upon the entire body of writing (fictional and non-fictional) by and/or about women. In different semesters, it may focus on different themes, periods, genres, authors, or issues related to women.
Prerequisite(s): Writing 102 or CRTW 201.
Notes: Offered in the spring of odd years.

370. Literature and Film (3).
An examination of literature and film media based on the study of selected works.
Notes: Lab Fee: $10. Offered in the fall of even years.

380. Literature of Science (3).
Selected readings from the literature of science with attention to language and style.
Notes: Offered in the spring of even years.

431, 432, 433. Academic Internship in English (1) (2) (3).
Practical experience in selected activities relating to skills gained in the major.
Prerequisite(s): 12 hours of ENGL (including English 300) and/or WRIT courses beyond WRIT 102 or CRTW 201 and a 2.5 GPA and permission of the Department Chair.
Notes: Open to majors only. Offered in fall and spring.

450. Honors: Selected Topics in English (3).
Required for departmental honors, this course may be taken after the student completes 18 hours in English.
Prerequisite(s): Approval of Department Chair and/or instructor and 18 hours of English.
Notes: Offered in fall and spring.

471, 472. Undergraduate Research in English (1) (2).
Students participate in scholarly research with a faculty member. Requires approval of Department Chair.
Notes: Offered in fall and spring.

501. Modern British Poetry (3).
Study of the chief British poets from Yeats, Pound, and Eliot to the present.
Prerequisite(s): One of the following: ENGL 202, 203, or graduate status.
Notes: Offered every odd year in the fall.

502. Studies in Non-Western Literature (3).
This course will focus on the major writers of the Non-Western World (Chinese, Japanese, Indian, Arabic, Islamic, and African).
Notes: Offered every odd year in the fall.
503. Major Victorian Writers (3).
Study of 19th-century British literature (poetry, non-fiction prose, and fiction) with emphasis on main currents of thought.
Prerequisite(s): One of the following: ENGL 202, 203, or graduate status.
Notes: Offered every odd year in the spring.

504. Modern American Poetry (3).
A survey of American poetry of the 20th century with emphasis on major poets such as Pound, Frost, Stevens, Williams, Bishop, Brooks, Rich, and Levertov.
Prerequisite(s): ENGL 210, 211, or graduate status.
Notes: Offered every even year in the spring.

510. Topics in Literature, Language, and Rhetoric (3).
An examination of topics, issues and methodologies. Course content will vary.
Notes: May be retaken for additional credit with permission of Chair, Department of English.

511. Chaucer (3).
Reading in Middle English of The Canterbury Tales and Troilus and Criseyde.
Prerequisite(s): One of the following: ENGL 201, 203, or graduate status.
Notes: Offered every even year in the spring.

512. Middle English Literature (excluding Chaucer) (3).
Survey of Middle English literature, exclusive of Chaucer, with emphasis on major genres and authors. Texts are taught predominately in Middle English.
Prerequisite(s): One of the following: ENGL 201, 203, or graduate status.
Notes: Offered every odd year in spring.

513. Milton (3).
Milton’s poetry and representative prose, his life and the background of the 17th century.
Prerequisite(s): One of the following: ENGL 201, 203, or graduate status.
Notes: Offered every odd year in spring.

514. Elizabethan Literature (3).
A reading of poetry, prose narratives, drama, and critical theory of the English Renaissance. Shakespeare’s poetry is included, but not his plays.
Prerequisite(s): One of the following: ENGL 201, 203, or graduate status.
Notes: Offered every even year in spring.

515. 20th-Century Southern Literature (3).
Study of major fiction, poetry, drama, and prose writers from the Nashville Fugitives to James Dickey.
Prerequisite(s): One of the following: ENGL 210, 211, or graduate status.
Notes: Offered every even year in fall.

518. African American Literature (3).
Chronological survey of the writings of African Americans with emphasis on contemporary writers.
Prerequisite(s): One of the following: ENGL 209, 210, 211, or graduate status.
Notes: Offered every even year in spring.

520. 17th-Century English Literature (exclusive of Milton) (3).
Study of Cavalier and Metaphysical poets, important single figures (Donne, Marvell), and outstanding prose stylists.
Prerequisite(s): One of the following: ENGL 201, 203, or graduate status.
Notes: Offered every odd year in fall.

521. Restoration and 18th-Century English Literature (3).
A study of selected major works (excluding the novel) with some attention to dramatic comedy, satire, periodical essay, poetry, and biography.
Prerequisite(s): One of the following: ENGL 201, 203, or graduate status.
Notes: Offered every odd year in spring.

525. Studies in Irish Literature (3).
Study of Yeats, Joyce, and other Irish writers from the viewpoint of history, folklore, and mythology.
Prerequisite(s): One of the following: ENGL 201, 202, 203, or graduate status.
Notes: Offered in the fall of even years.

527. English Romantic Poetry and Prose (3).
Study of the major works of Blake, Wordsworth, Coleridge, Byron, Shelley, and Keats.
Prerequisite(s): One of the following: ENGL 202, 203, or graduate standing.
Notes: Offered in the fall of even years.

529. 20th-Century American Fiction and Drama (3).
Examination of representative fiction and drama with emphasis on writers such as Hemingway, Faulkner, Updike, O’Neill, Bellow, Warren, Heller, Ellison, and Irving.
Prerequisite(s): One of the following: ENGL 210, 211, or graduate standing.
Notes: Offered in the spring of odd years.

English Education (ENGE)

391. Principles of Teaching English in Middle and Secondary Schools (3).
Study & application of skills of planning, instruction, management, and assessment of students in English. Includes a review of the ethical and legal responsibilities of English teachers.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Offered in fall.

392. Field Experience in Teaching English (1:0:8).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of an English education professor and will work with a mentor teacher, in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): ENGE 391, EDUC 390.
Notes: A grade of S or U will be recorded. Offered in fall.
519. Adolescent Literature (3).
Study of literature appropriate for students preparing to teach at the secondary level with emphasis on literature written for adolescents.
Prerequisite(s): WRIT 101 and 102 or WRIT 101 and CRTW 201; minimum of sophomore status.
Notes: Offered in the spring.

591. Principles of Teaching English in Middle and Secondary Schools (3).
This course addresses specific instructional needs and techniques related to the teaching of English and is designed for students in the MAT program.
Prerequisite(s): Admission to Teacher Education Program.

592. Field Experience In Teaching English (1:0:8).
Students will spend 8 hours in the classroom under the supervision of an English Education Professor and will work with a mentor teacher, in preparation for the final internship experience.
Prerequisite(s): Admission To Teacher Education Program at Graduate Level.
Corequisite(s): ENGE 591.
Notes: A grade of S or U is recorded.

Environmental Sciences/Studies (ENVS)

101. Introduction to Environmental Issues (3).
Case studies are used to explore the complexity of a set of environmental issues from multiple perspectives.
Notes: Offered in fall and spring.

461. Internship in Environmental Studies (1:0:0).
An opportunity for students to earn academic credit for experience gained through apprenticeship work under the supervision of a trained environmental professional.
Prerequisite(s): Overall GPA of 2.0, 2.0 GPA in major courses, and permission of program chair.
Notes: Offered in the fall, spring, and summer.

462. Internship in Environmental Studies (2:0:0).
An opportunity for students to earn academic credit for experience gained through apprenticeship work under the supervision of a trained environmental professional.
Prerequisite(s): Overall GPA of 2.0, 2.0 GPA in major courses, and permission of program chair

463. Internship in Environmental Studies (3:0:0).
An opportunity for students to earn academic credit for experience gained through apprenticeship work under the supervision of a trained environmental professional.
Prerequisite(s): Overall GPA of 2.0, 2.0 GPA in major courses, and permission of program chair.

Students participate in scholarly research with a faculty member.
Prerequisite(s): ENVS 101, Environmental Studies/Sciences major with at least Junior standing.
Notes: Offered in fall and spring.

496. Independent Research in the Environment II (3).
Students participate in continued scholarly research with a faculty member.
Prerequisite(s): ENVS 101, ENVS 495, Environmental Studies/Sciences major with at least Junior standing.
Notes: Offered in fall and spring.

510. Special Topics in the Environment (3).
A detailed examination of specific subjects in environmental issues, as chosen by the instructor.
Prerequisite(s): Permission of instructor.
Notes: Offered as needed. May be retaken for additional credit.

520. Senior Seminar in the Environment (3).
Student groups will explore diverse approaches to selected environmental issues.
Prerequisite(s): ENVS 101, Environmental Studies/Sciences major with Senior standing.
Notes: Offered in spring.

Finance (FINC)

101. Personal Finance (3).
A very practical course that emphasizes the development of a personal financial plan to achieve goals and objectives.

311. Principles of Finance (3).
A survey course examining the fundamentals of financial decision making such as financial ratios, budgets, time value of money, loan determination, bond and stock pricing and capital budgeting.
Prerequisite(s): ACCT 280 and ACCT 281 or ACCT 601.

312. Intermediate Corporate Financial Management (3).
A case, lecture and computer application course. The emphasis in the course will be on the financial statements analysis, cash budgets, Performa statements, time value of money, and working capital management.
Prerequisite(s): FINC 311 Principles of Finance.

401. Sport Budgeting and Finance (3).
The use of revenue generating techniques will be applied to sports related organizations. Budgets and financial planning practices will be employed to manage sports businesses.
Prerequisite(s): ACCT 280.

491. Internship in Finance (3).
The internship in finance provides opportunities for students to integrate course work into practical work settings. This course applies the academic and conceptual to the practical; students supervised by faculty, will work a minimum of 150 hours during a semester or summer term.
Prerequisite(s): 2.5 GPA and must have completed FINC 312 and an additional Finance option course. For Business Majors only.
Notes: Will not satisfy the HLSM internship requirement. A grade of S or U is recorded.
498. Advanced Corporate Financial Management (3).
A case, lecture and computer application course. The emphasis in the course will be on the analysis of capital investment, long term financing, and risk/return analysis. The final examination will be an assessment test of Financial competencies.
Prerequisite(s): FINC 312 Intermediate Corporate Financial Management and one of the following: FINC 512, FINC 513, or FINC 514.

512. Financial Investments Management (3).
A practical investment course that focuses on portfolio management through the use of an investment simulation.
Prerequisite(s): Grade of C or better in FINC311.

513. Banking and Financial Service Management (3).
The application of financial management techniques is employed to the economic and regulatory environment of banks and financial service companies.
Prerequisite(s): Grade of C or better in FINC311.

514. International Financial Management (3).
The course examines factors that affect a company’s financial management decisions in a global environment. Managerial finance in the multinational firm receives special attention.
Prerequisite(s): Grade of C or better in FINC311.

French (FREN)
From time to time an additional course dealing with a special topic in French may be offered if sufficient student interest is indicated and a faculty member is available to teach the course. Consult the department chairperson about such a course.

Students must successfully pass the 101 language course(s) with a C or better at Winthrop in order to enroll in the 102 course(s), or they must meet one of the following criteria: 1. pass a department administered placement examination (only French, German, and Spanish are available), 2. make a passing grade on a CLEP examination, 3. receive AP/IB credit for the 101 or higher level course, or 4. receive transfer credit for a 101 or higher-level course in the language from an accredited college or university.

101. Elementary French (4:3:1).
Course is designed to emphasize pronunciation and introduces simple grammar through dialogues, pattern drills, and various other exercises.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

102. Elementary French (4:3:1).
Prerequisite(s): Students who elect to take a 101 language course must receive at least a C (or 5) in that language course or make a satisfactory score on the French Placement Exam before continuing on to 102 of that language.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

201. Intermediate French (3).
This course is designed to develop listening, speaking, and writing skills.
Prerequisite(s): Student must make a satisfactory score on the French Placement Exam or attain a grade of C or better in FREN 102.
Notes: Lab Fee: $20. Offered in fall and spring.

Prerequisite(s): FREN 102.
Notes: Lab Fee: $20. Offered in the fall and spring.

203. Aller et Retour: A Short Tour to a French-Speaking Country (1).
Prerequisite(s): FREN 102.
Notes: Offered variable times.

205. Black Literature of French Expression (1).
Prerequisite(s): FREN 102.
Notes: Offered on demand.

208. French Canadian Short Stories (1).
Prerequisite(s): FREN 102.
Notes: Offered on demand.

210. Special Topics in Language and Culture (2).
Intermediate special topics course with various topics. Among the topics will be French for business, the medical profession, etc.
Prerequisite(s): Completion of FREN 201.
Notes: Offered at variable times. May be taken for additional credit with permission of Chair, Department of Modern Languages.

250. Introduction to French Literature (3:3:0).
This course introduces students to literary texts of diverse genres and periods by French and Francophone authors. Special attention is given to problems of reading. The course also emphasizes building vocabulary necessary to read and discuss literary texts in French.
Prerequisite(s): FREN 201.
Notes: Offered in the summer.

301. French Civilization and Culture (3).
Prerequisite(s): 6 hours of 200-level FREN.
Notes: Offered variable times.

310. Advanced Grammar and Composition (4).
Prerequisite(s): 6 hours of 200-level FREN.
Notes: Offered on demand.

This course includes in-depth use of language and requires the use of the internet and advanced readings.
Prerequisite(s): 6 hours of 200-level FREN.
Notes: Lab Fee: $20. Offered variable times.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Cooperative education experience providing on-the-job training in a professional field related to a student’s major or career interests.
FRENCH/GENERAL EDUCATION/GEOGRAPHY

Notes: Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in Modern Languages (French). A grade of S or U is recorded. For French majors only. Offered fall, spring and summer.

351. Phonetics (3).
Prerequisite(s): 6 hours of 200-level FREN.
Notes: Lab Fee: $20. Offered variable times.

401. Survey of Francophone Literature (4).
A survey of the Literature of Francophone countries.
Prerequisite(s): At least 6 hours of 200-level FREN, including FREN 250.
Notes: Offered variable times.

499. Competency Exam (0).
Students must enroll for this exam after completion of 18 hours above 102, no later than the second semester of the junior year, and before enrollment in any 500-level course.
Notes: A grade of S or U is recorded. Offered in fall and spring.

Prerequisite for all 500-level French courses: completion of 18 semester hours of French or equivalent or permission of the Department Chair.

510. Topics in Language and Literature (3).
Course content will vary, depending on student interest and faculty expertise.
Notes: May be retaken for additional credit with permission of chair, Department of Modern Languages.

513. Drama of the 17th-Century: Corneille, Racine and Moliere (3).
Notes: Offered variable times.

517. 18th-Century Literature (3).
Study of the major literary works of the French Enlightenment with some attention to historical, political and social, musical and artistic parallels.
Prerequisite(s): FREN 401 and 402.
Notes: Offered variable times.

523. Modern Novel (3).
A survey of major themes and developments in the modern French novel.
Prerequisite(s): FREN 401 and 402.
Notes: Offered variable times.

550. Medieval French Literature (3).
A study of the literary traditions of medieval France through an examination of works representing the major genres, writers and themes of the period.
Prerequisite(s): 18 hours of French or equivalent.
Notes: Offered variable times.

560. Writers of the French Renaissance (3).
An introduction to the major writers of the 16th-century whose texts forged new parameters in French literary expression.
Prerequisite(s): 18 hours of French or equivalent.

Notes: Offered variable times.

575. French Literature in Translation (3).
Readings and discussions of major works of French literature in English translation. A knowledge of French is not required. Course content can vary depending on the instructor.
Prerequisite(s): Open to advanced undergraduates and graduate students.
Notes: Offered variable times. Undergraduate French majors cannot use FREN 575 toward the BA.

590. Contemporary France (3).
A survey of cultural, historical and intellectual development from the end of World War II to the present.
Prerequisite(s): 18 hours of French courses or permission of instructor.
Notes: Offered variable times.

593. Advanced Oral and Written Communication (3).
The course is designed for students having the ability to understand, speak, and write French and wanting to improve and strengthen these skills while moving toward more natural expression of modern French.
Prerequisite(s): 18 semester hours of French or permission of chair.

General Education (GNED)

Students will find academic engagement and intellectual challenge through their own written and oral responses to mature interdisciplinary readings—readings that explore the “self” in four thought-provoking contexts.
Prerequisite(s): WRIT 101, with a grade of C or better.

Geography (GEOG)

101. Human Geography (3).
Human adjustment to the physical environment. The geographic factors in the distribution of population and the growth of civilization.
Notes: Offered in fall, spring and summer.

103. Geography of the Third World (3).
Examines characteristics of Third World nations and then surveys the nations of Latin America, Africa, and Asia. It is recommended that students taking 103 or 104 but not both, take 103.
Notes: Offered at variable times.

104. Geography of Industrial Nations (3).
Surveys the physical, economic, and cultural characteristics of industrial nations with emphasis on linkages within the world system.
Notes: Offered at variable times.

Prerequisite for all 300 level courses in Geography: Sophomore status or permission of the instructor.
301. The Geography of North America (3).  
A regional study of Anglo-America with consideration of the relationships between the natural environments and social, political, and economic developments. 
Prerequisite(s): Sophomore status or permission of the instructor. 
Notes: Offered at variable times.

302. Economic Geography (3).  
Provides an introduction to elementary locational theory, analyzing the spatial structures of primary, secondary, and tertiary economic activities, and also explores major linkages in the global economy. 
Prerequisite(s): Sophomore status or permission of the instructor. 
Notes: Offered at variable times.

303. Geography of Africa (3).  
Geography of Africa presents Africa’s physical environment, its socio-cultural diversity, its colonial heritage, and its economic development. 
Prerequisite(s): GEOG 101 or GEOG 103. Sophomore status or permission of the instructor. 

304. Geography of the Middle East (3).  
This course surveys Southwest Asia and North Africa, a region commonly known as the Middle East and usually associated with arid climates, oil, Islam and Judaism. 
Prerequisite(s): GEOG 101 or GEOG 103.

305. Introduction to Geographic Information Systems (3:3:0).  
Course discusses solving problems with spatial analysis by using geographic information systems, a powerful technology that combine layers of data in a computerized environment, creating and analyzing maps in which patterns and processes are superimposed. 
Prerequisite(s): GEOG 101 or GEOG 103 or GEOG 104 or permission of the instructor. 
Notes: Lab Fee: $50. Offered variable times.

306. Geography of Latin America and the Caribbean (3).  
This course surveys the geographic and historic factors, which contributed to the present-day complexity of Central America, South America, and the Caribbean. 
Prerequisite(s): GEOG 101 or GEOG 103. Sophomore status or permission of the instructor. 
Notes: Offered at variable times.

310. Geography of the Carolinas (3).  
The changing cultural and economic utilization of the two-Carolinas’ environment. Historical and problem oriented. Field trip. 
Prerequisite(s): Sophomore status or permission of the instructor. 
Notes: Lab Fee: $15. Offered at variable times.

325. Traveling Seminar in Geography (3).  
Problem-oriented short course which visits selected locations in Africa, North America, Mexico, or the West Indies. 
Prerequisite(s): Sophomore status or permission of the instructor. 
Notes: Offered in summer.

350. Special Topics in Geography (3).  
A course, either systematic or regional in approach, that deals in-depth with a subject in geography not included in the established curriculum. 
Prerequisite(s): Sophomore status or permission of the instructor. 
Notes: Offered variable times.

500. Global Environment and Sustainable Development (3).  
This course discusses the question of sustainability, a new economic agenda of development that seeks a balance with issues of environmental protection and social equity so that the short-term needs of our generation do not compromise those of the future. 
Prerequisite(s): GEOG 101. Offered at variable times.

Geology (GEOL)

A student may receive credit for only one of the following: GEOL 101 and 110 or 102 and 110.

110. Physical Geology (3).  
An introduction to the major geologic processes which shape the earth. 
Corequisite(s): GEOL 113. 
Notes: A student may not receive credit for GEOL 110 and 101, 102, or 120. Offered in fall, spring and summer.

113. Physical Geology Laboratory (1:0:3).  
This course offers opportunities to develop skills in many of the scientific methods used to discern and interpret earth’s geological history and to study models of earth’s evolution. 
Prerequisite(s): GEOL 110. 
Notes: Lab Fee: $40. Offered in fall and spring.

201. Natural Disasters (4:3:2).  
A survey of earthquakes, volcanoes, and other catastrophic natural disasters with emphasis on causes, effects, and human adjustments.

210. Historical Geology (3).  
A study of the origin and evolution of the earth’s crust, its major features and its occupants. 
Notes: Offered in fall.

211. Historical Geology Laboratory (1:0:3).  
This course offers opportunities to develop skills in many of the scientific methods used to discern and interpret earth’s geological history and to study models of earth’s evolution. 
Prerequisite(s): GEOL 210 prerequisite or corequisite. 
Notes: Lab Fee: $40. Offered in the fall.

220. Oceanography (3).  
An examination of the major features of the ocean and the chemical and geologic processes responsible for them.
A survey of fundamental laws, principles and concepts of geology, meteorology, oceanography and astronomy. Restricted to ECED, ELED and SPED majors. Students may not receive credit for GEOL 250 and 101 or 102 or 110/113.
Prerequisite(s): PHYS 250/251.
Corequisite(s): GEOL 251.
Notes: Offered in fall and spring.

251. Earth and Space Systems Laboratory (1:0:3).
A laboratory to accompany GEOL 250.
Prerequisite(s): PHYS 250/251.
Corequisite(s): GEOL 250.
Notes: Lab Fee: $40. Restricted to ECED, ELED and SPED majors. Offered in fall and spring.

305. Introduction to Geographic Information Systems (3).
Course discusses solving problems with spatial analysis by using geographic information systems, a powerful technology that combines layers of data in a computerized environment, creating and analyzing maps in which patterns and processes are superimposed.
Prerequisite(s): GEOG 101, 103, 104 or consent of the instructor.

320. Marine Geology (3).
An examination of the geologic features and uses of the ocean floor. Emphasis on the methods used by marine geologists.
Prerequisite(s): GEOL 110 or 210.
Notes: Offered as needed.

330. Southeastern Regional Geology (3:2:2).
A study of the major geologic provinces and features of the southeastern United States with emphasis on their origin and history.
Prerequisite(s): GEOL 101, GEOL 110, GEOL 210 or permission of instructor.
Notes: Lab Fee: $80. Offered as needed.

335. Fundamentals of Geochemistry (3).
Investigation of reactions controlling the geochemistry of the earth’s crust.
Prerequisite(s): CHEM 106.

340. Hydrogeology (3).
An environmentally based overview of the basic principles controlling the hydrologic cycle and the occurrence and movement of groundwater in a variety of geologic settings.
Prerequisite(s): CHEM 106 and GEOL 101 or GEOL 110.
Notes: Lab Fee: $40. Offered in spring.

351, 352, 353. Independent Study in Geology (2) (2) (2).
Directed study of diverse geological topics which extends individual opportunities beyond curriculum limits.
Prerequisite(s): Permission of the Department Chair and 6 hours of geology.

360. History of Life (3).
A survey of 3 billion years of life on Earth, with a focus on how biological, geological, and astronomical processes shaped living systems through time.
Prerequisite(s): Any geology or biology class or permission of instructor.

German (GERM)
Students must successfully pass the 101 language course(s) with a C or better at Winthrop in order to enroll in the 102 course(s), or they must meet one of the following criteria: 1. pass a department administered placement examination (only French, German, and Spanish are available), 2. make a passing grade on a CLEP examination, 3. receive AP/IB credit for the 101 or higher level course, or 4. receive transfer credit for a 101 or higher-level course in the language from an accredited college or university.

101. Elementary German (4:3:1).
Course is designed to emphasize pronunciation and introduces simple grammar through dialogues, pattern drills and various other exercises.
Notes: Lab Fee: $25. Offered in fall.

102. Elementary German (4:3:1).
Prerequisite(s): Students who elect to take a 101 language course must receive at least a C (or S) in that language course or make a satisfactory score on the German placement exam before continuing on to 102 of that language.
Notes: Lab Fee: $25. Offered in spring.

201. Intermediate German (3).
This course is designed to develop listening, speaking, and writing skills.
Prerequisite(s): Student must make a satisfactory score on the German Placement Exam or attain a grade of C or better in GERM 102.
Notes: Lab Fee: $20. Offered in the fall.

202. Intermediate German Conversation (3).
Prerequisite(s): GERM 102.
Notes: Lab Fee: $20. Offered in spring.

203. Hin und Zuruck (1).
Hin Und Zuruck: A short tour to a German speaking country.
Prerequisite(s): GERM 102.

210. Special Topics in Language and Culture (2).
Intermediate special topics course with various topics. Among the topics will be German for business, the medical profession, etc.
Prerequisite(s): Completion of GERM 201.
Notes: Offered variable times. May be retaken for additional credit with permission of Chair, Department of Modern Languages.
250. Introduction to German Literature (3).
A prerequisite to the 401-402 sequence; introduces German majors to literary terminology, genres, and problems of reading/translation while systematically reviewing and refining language skills as encountered in the literature. 
Prerequisite(s): GERM 201. 
Notes: Offered variable times.

280. The German Film (3).
Introduction to significant examples of foreign language cinema as an art form and as embodiments of the culture of German speaking countries. 
Prerequisite(s): 6 hours of Intermediate German. 
Notes: Offered variable times.

300. German for Business (3).
Introduction to German language and culture with emphasis on the business environment. 
Notes: Knowledge of German not required. Offered variable times.

301. German Civilization and Culture (3).
Traces the cultural development of Germany with emphasis on the study of music, art, architecture, literature, ideas, and “daily life” in their historical context. 
Prerequisite(s): 6 hours of 200-level German. 
Notes: Offered variable times.

310. Advanced Grammar and Composition (4).
Prerequisite(s): 6 hours of 200 level courses. 
Notes: Offered variable times.

313. German Conversation (3).
Conversation. 
Prerequisite(s): 6 hours of 200-level German. 
Notes: Lab Fee: $20. Offered variable times.

401. Survey of German Literature (4).
A survey of the literature of Germany. 
Prerequisite(s): 6 hours of 200-level German, including German 250. 
Notes: Offered variable times.

450. Honors: Selected Topics in German (3).
This course enables a qualified student of German to earn honors status by engaging in sustained research on a focused topic approved by an advisor. The research will be shared in the form of an honors thesis. 
Prerequisite(s): Permission of Chair or instructor and 18 semester hours in German. 
Notes: Offered in fall and spring.

499. Competency Exam (0).
Prerequisite(s): 18 hours above 102. 
Notes: A grade of S or U recorded. Students must enroll for this exam after completion of 18 hours above 102, no later than the second semester of the junior year, and before enrollment in any 500 level course. Offered in fall and spring.

506. German Critical Thought and Thinkers (3).
Will introduce the student to the richness of critical thought found in the intellectual heritage of German speaking countries. 
Notes: Offered variable times.

510. Special Topics in German Language and Literature (3).
Advanced seminar offers the faculty and students an opportunity to intensively investigate a single author, movement or genre in Austrian, German and Swiss literature. 
Notes: Offered variable times. May be taken for additional credit with permission of Chair, Department of Modern Languages.

520. Interrelation of German Music and Literature (3).
Examines the important interrelation between word and music in Germany and Austria in the 18th-, 19th- and 20th-centuries. 
Notes: Offered variable times.

575. German Literature in Translation (3).
Readings and discussions of major works of German literature in English translation. A knowledge of German is not required. Course content can vary depending on the instructor. 
Prerequisite(s): Open to advanced undergraduates and graduate students. 
Notes: Offered variable times.

580. Techniques of Translation and Interpretation (3).
Will introduce the advanced German students to techniques and stylistics of translation and interpretation, essential skills necessary both for scholarship and for employment options with international agencies. 
Notes: Offered variable times.

Gerontology (GRNT)

300. Introduction to Gerontology (3).
An integrated overview of the dominant forces affecting aging in human society. These include biological and health factors, psychological and social factors, economic and legal factors, cultural and political factors. 
Notes: Offered variable times in fall.

301. Biology of Aging (3).
Study of the biological changes that accompany aging. The course examines the biological process of aging at a variety of levels ranging from molecular-cellular changes up to the physiology of whole organ systems. 
Prerequisite(s): GNED 102 or WRIT 102 and at least junior standing. 
Notes: Offered in fall of even years. Crosslisted with SCIE 301.
304. Death and Grief as Social Processes (3).
Analysis of these experiences as related to society’s network of cultural values and organizational structures.
Prerequisite(s): SOCL 101 or SOCL 201 or permission of instructor.
Notes: Offered in fall and summer. Crosslisted with SOCL 304.

305. Human Behavior in the Social Environment (3:3:0).
Study of social systems approach to understanding human behavior and development throughout the lifespan using a biophysical, psychological, and social multidimensional framework for assessing social function.
Prerequisite(s): PSYC 101, SCWK 200, ANTH 201, SOCL 201 and SCIE/GRNT 301 (May be taken concurrently) or permission of instructor.

Development of human beings from adolescence to death.
Prerequisite(s): PSYC 101.
Notes: Crosslisted with PSYC 307.

440. Internship in Gerontology (3).
Special agency placement course.
Prerequisite(s): Minoring in Gerontology or pursuing Gerontology certificate (minimum 80-hour placement), approval from coordinator of the program and GRNT 300.
Notes: Offered in fall, spring and summer. A grade of S or U is recorded.

500. Contemporary Health Problems (3).
A practical experience in the study of current health issues.
Prerequisite(s): HLTH 300 or equivalent.
Notes: Offered every other fall. Junior status.

501. Substance Abuse Education (3).
A study of substance abuse and an overview of current methods of treatment, education and prevention.
Prerequisite(s): PSYC 101 or SOCL 201 or HLTH 300 or permission of instructor.
Notes: Offered in spring. Junior status.

Health Services Management (HLSM)

200. Introduction to Health Services Management (3).
Overview of health care organizations and channels of distribution emphasizing reimbursement and the role of third party payers. International health and U.S. health care trends reviewed.

All HLSM courses above 299 have a prerequisite of junior status, an overall GPA of at least 2.00 and a C or better in WRIT 102.

300. Health Services Management (3).
HLSM 300 will investigate the evolving management structures of health care and health related organizations.
Prerequisite(s): HLSM 200 or permission of instructor.

302. Health Planning and Marketing (3).
Current status of changes in healthcare planning and marketing. Investigates the competitive healthcare market, the role of the physician, economic changes, the delivery of healthcare services, and physician relation strategies.
Prerequisite(s): HLSM 200.
Corequisite(s): MKTG 380.
303. Legal Environment of Health Organizations (3).
Legal environment and considerations in health services organizations. Emphasis on contracts, torts, legal process, technological and ethical considerations. Special considerations for the health services manager. Case studies.
Prerequisite(s): HLSM 200.

491. Health Services Internship (3).
Full-time supervised work experience in a health care setting.
Prerequisite(s): To take HLSM 491 students must have a C or better in all previous HLSM courses.

492. Economics and Health Care Finance (3).
Environmental changes affecting healthcare funding channels. Trends and consequences of changing reimbursement. Cost management and internal financial structure, policies and procedures.
Prerequisite(s): HLSM 200, 300, ECON 215 and 216.

493. Seminar in Health Services Management (3).
Capstone course designed to integrate all subjects of health administration curriculum. A major paper will be prepared and presented on the topic of health care structure and behavior.
Prerequisite(s): HLSM 200, 300, 302, 303, 491 or permission of the instructor.

History (HIST)

101. World Civilizations to 1500 (3).
A survey of major civilizations of the world until about 1500.
Notes: Offered in fall and spring.

102. World Civilizations Since 1500 (3).
A survey of major civilizations of the world since about 1500.
Notes: Offered in fall, spring and summer.

211. United States History to 1877 (3).
A survey of political, diplomatic, economic, social, intellectual and ethnic developments through Reconstruction with attention to development of the Federal Constitution.
Notes: Offered in fall, spring and summer.

212. United States History since 1877 (3).
A survey of political, diplomatic, economic, social, intellectual and ethnic developments since Reconstruction with attention to development of the Federal Constitution.
Notes: Offered in fall, spring and summer.

Prerequisite for all 300 and 500 level courses in History: Sophomore standing or permission of the Chair, Department of History.

308. American Ethnic History (3).

Notes: Offered variable times.

310. The History of Women in America (3).
Beginning with the colonial period and extending through the contemporary women's movement, this course will examine the role women have played in the development of American Society.
Notes: Offered variable times.

313. Native American History (3).
Survey of Native American History from ancient American to the present.
Notes: Offered variable times.

314. Colonial North America (3).
History of North America from initial contact between European and Indian peoples through the eve of the Revolutionary War. Particular attention will be devoted to examining the changing relationships between European, Indian, and African peoples as well as to the internal evolution of these diverse societies.
Notes: Offered variable times.

315. Civil War and Reconstruction (3).
A history of the coming of the American Civil War, the War itself and the ensuing Reconstruction period.

321. Southern Religious History (3).
A social and cultural history of religion in the South from the colonial era until the present day.

331. Asian Civilizations: Traditional Asia (3).
A survey of the history and culture of Asia from the earliest times to the fall of the traditional Asian empires about 1700.
Notes: Offered variable times.

332. Asian Civilizations: Modern Asia (3).
A survey of the history and culture of Asia from the coming of European power about 1500 until the present day.
Notes: Offered variable times.

337. History of Sub-Saharan Africa (3).
Study of the history of Black Africa from the beginnings of tribalism through the modern era.
Notes: Offered variable times.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For History majors only. Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in History. A student may not receive credit for both HIST 463 and HIST 340. A grade of S or U is recorded. Offered variable times.
343. European History from the Renaissance through the Age of Reason (3).
A study of political, intellectual and cultural developments from 1400 to 1789.
Notes: Offered variable times.

344. European History from the Age of Reason to the Versailles Settlement (3).
A study of political, social, economic, diplomatic and intellectual developments from 1789 to the end of World War I.
Notes: Offered variable times.

345. European History Since 1914 (3).
History of Europe since the beginning of the First World War, including the rise of fascism and communism, the Second World War and the Holocaust, the growth of the welfare state, the Cold War, and the collapse of communism, examined within the context of wide-ranging social and cultural change.

346. History of England to 1603 (3).
A study of the political, social, and economic developments in England from the coming of the Romans to the death of Elizabeth I.
Notes: Offered in fall.

347. History of England from 1603 to the Present (3).
A study of the history of modern England, with emphasis on her emergence as a great imperial power, from the accession of James I to the present.
Notes: Offered in spring.

350. Special Topics in History (3).
In-depth consideration of a specific topic of particular concern within history. May be offered under various topics.
Notes: May be repeated for credit under different topics. Offered variable times.

351. Latin American History (3).
A survey emphasizing Iberian and pre-Columbian civilizations, colonial administration and society, the struggle for independence, and political, economic and social developments as independent nations.
Notes: Offered variable times.

352. History of United States-Latin American Relations (3).
This course offers an introduction to the history of political, economic, and cultural relations between Latin America and the United States from the early nineteenth century to the present. Since the years of independence, the United States and the Latin American countries have engaged in a variety of interactions, ranging from collaboration to open confrontation. This course seeks to expose the patterns of these relations as well as its new features.

355A. Traveling Seminar in History (1).
An introduction, overview, and indepth study of a particular country or region which will accompany a study tour of the same region.
Prerequisite(s): Permission from instructor required.

355B. Traveling Seminar in History (2).
An introduction, overview, and indepth study of a particular country or region which will accompany a study tour of the same region.
Prerequisite(s): Permission from instructor required.

355C. Traveling Seminar in History (3).
An introduction, overview, and indepth study of a particular country or region which will accompany a study tour of the same region.
Prerequisite(s): Permission from instructor required.

450. Honors: Select Topics in History (3).
An independent inquiry in depth, into a selected topic in history.
Notes: Requires approval of Department Chairperson. Offered in fall and spring.

463. Academic Internships in History (3).
Notes: Open to majors only. Requires approval of Department Chairperson. A grade of S or U is recorded. Offered in fall, spring and summer.

471. Undergraduate Research in History (1).
An opportunity for undergraduate students to engage in intensive research in a historical topic under the guidance of a member of the history faculty.
Notes: Requires approval of Department Chairperson. Offered in fall, spring and summer.

472. Undergraduate Research in History (2).
An opportunity for undergraduate students to engage in intensive research in a historical topic under the guidance of a member of the history faculty.
Notes: Requires approval of Department Chairperson. Offered in fall, spring and summer.

500. Historiography and Methodology (3:2:2).
Intensive study and practice in historical writing and research with an overview of historiography and the nature of the discipline of history.
Prerequisite(s): CRTW 201 and HIST 101, 102, 211 and 212 or permission of instructor.
Notes: Intensive writing and Intensive Oral Communication course. Offered in fall, spring and summer.

505. History of South Carolina (3).
A survey of the development of South Carolina, emphasizing political, economic and cultural developments.
Notes: Offered variable times.

507. Cultural and Intellectual History of the United States (3).
A study of American thought and culture from the colonial era until the present day.
Notes: Course may be repeated for credit.

A survey of the experiences and contributions of blacks from the African origins to the present.
Notes: Offered variable times.
515. The United States as a World Power since 1898 (3).
A survey focusing on the principles of American foreign policy and their historical evolution.
Notes: Offered variable times.

518. A History of the Old South. (3).
A history of the Old South from its founding to the eve of Civil War.
Notes: Offered variable times.

521. The New South (3).
A study of Southern institutional development from Reconstruction to the present.
Notes: Offered variable times.

524. The Emergence of Modern America, 1877-1933 (3).
Notes: Offered variable times.

525. The United States since 1939 (3).
A study of political, social, economic, and diplomatic developments since 1939 with particular attention to the recent past.
Notes: Offered variable times.

527. The American Revolution (3).
Explores the origins, substance, and outcome of the American Revolution from the French and Indian War through the Federalist Era. Particular attention will be devoted to examining the different expectations that different segments of colonial society brought to the Revolution and the extent to which these hopes were realized by the creation of a New Nation.
Notes: Offered variable times.

530. World Environmental History (3).
A comparative examination of world environmental history.
Notes: Offered in fall and spring.

540. Ancient Greece and Rome (3).
A survey of the history of Greece and Rome from the first Bronze Age civilization on Crete to the barbarian migrations of the 5th-century A.D.
Notes: Offered variable times.

542. Medieval European History (3).
A study of European politics, society and culture from the fall of the Roman Empire to the 15th-century.
Notes: Offered variable times.

547. History of Modern Russia (3).
A survey of Russian history, focusing on events from the development of revolutionary movements in the 19th-century until the present.
Notes: Offered variable times.

548. History of Modern Germany (3).
History of Germany since the 1850s, including the rise of Bismarck, the unification of Germany, the First World War, Hitler, the Third Reich, the Holocaust, division between East and West in the Cold War, and reunified Germany’s present-day dominate role in Europe.

550. Special Topics in History (3).
Advanced in-depth consideration of specific topics of particular concern within history.
Notes: May be retaken for additional credit under different topics. Offered variable times.

551. The Middle East since Islam (3).
A survey of the history of the modern Middle East since the rise of Islam.
Notes: Offered variable times.

552. South Asia since 1600 (3).
A survey of modern South Asia (India, Pakistan, Bangladesh, etc.) since 1600.
Notes: Offered variable times.

553. China since 1600 (3).
A survey of the history of modern China since circa 1600 (since the Qing Dynasty).
Notes: Offered variable times.

561. The History of the Caribbean (3).
The study of socioeconomic and political trends of the major islands in the Caribbean Sea from the colonial period to the present.
Notes: Offered variable times.

Honors (HONR)

201H-209H. Honors Symposium (1).
Selected topics courses offered fall and spring semesters for honors credit.
Prerequisite(s): Sophomore standing.

360H. Summer Study Honors (3).
Sophomores, juniors or seniors may elect summer projects for Honors credit in a field of their interests under the direction of an instructor of their choice. The project may be off campus but must be approved by the instructor and the Honors Director in advance. This project may take the form of a course in reading, in which an examination would be administered in the fall.

450H. Thesis Research (3).
An in-depth independent inquiry into a selected topic within the student’s major program of study.
Notes: Offered in fall, spring and summer.

451H. Honors Thesis Symposium (1).
This symposium is designed for honors students currently writing the honors thesis. The students will be engaged in discussion of their research topics and adhere to thesis guidelines, timelines, and deadlines.

560H, 561H. Individual Directed Study (3).
Juniors or seniors may elect individual directed study to be guided by an instructor of their choice in accordance with a plan approved by the Honors Director.
Notes: A grade of S or U is recorded.
201. Investigative Science: Human Nutrition (4:3:2).
Students will learn how to carry out simple scientific investigations. Emphasis will be on investigative processes, rather than on scientific content. Students will design and execute controlled experiments or observation, analyze data, draw conclusions and write reports on their results.
Prerequisite(s): WRIT 102 or CRTW 201 and CTQR 150 or MATH 105 or MATH 201 or any course with MATH 201 as a prerequisite.
Notes: Lab Fee: $35. For 5 hours per week (2.5 hrs per session) in combined lecture/lab format. Offered in fall, spring and summer.

221. Human Nutrition (3:3:0).
Basic nutrition concepts applied to the needs of individuals, families and communities.
Notes: Lab Fee: $10. Offered in fall, spring, and summer.

226. Orientation to Dietetics (1).
History and role of Registered Dietitians on health care teams. Introduction to experiential and academic requirements for accredited dietetic internships.
Prerequisite(s): Human Nutrition Majors only.

Lecture and laboratory designed to demonstrate principles of nutrition and exercise related to the control of body weight. (Same as PHED 320).
Notes: Offered in spring.

321. Food Composition (3).
Basic principles of food technology and nutrient composition of foods.
Prerequisite(s): NUTR 221 may be taken as a co-requisite.
Notes: Offered in the fall and summer.

322. Food Composition Laboratory (1:0:3).
Basic food technology and food composition experiments conducted in laboratory.
Corequisite(s): NUTR 321.
Notes: Lab Fee: $40. Offered in the fall and summer.

327. Medical Terminology (1).
Basic medical language used in scientific inquiry and health care environments.
Prerequisite(s): NUTR 221.
Notes: Offered in spring and fall.

340 A, B, C. Cooperative Education Experience (1) (2) (3)
Provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For Human Nutrition majors only. Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in Human Nutrition. A grade of S or U is recorded. Offered on demand.

350. Cultural Foods (3).
Historical, religious, and socio-cultural influences on the development of cuisine, meal patterns, eating customs, and nutrition status of various ethnic groups.
Prerequisite(s): NUTR 221.
Notes: Offered in spring.

Systems approach to foodservice, menu engineering, history and types of foodservice operations.
Prerequisite(s): NUTR 221, NUTR 321, NUTR 322, completion of general education math and technology requirements.
Notes: Offered in fall.

421. Nutrition through the Life Span (3:3:0).
Nutrient utilization and requirements in human beings throughout the life cycle.
Prerequisite(s): NUTR 221 and CHEM 106, CHEM 108.
Notes: Lab Fee: $15. Offered in fall.

Introduction to the nutritional management of disease, medical terms, assessment, interviewing and counseling in clinical environment.
Prerequisite(s): NUTR 421, BIOL 308.
Notes: Lab Fee: $10. Offered in spring.

450. Honors: Selected Topics in Food and Nutrition (3).
Preparation and execution of an honors project.
Prerequisite(s): 16 semester hours in NUTR courses and consent of faculty adviser.

471. Institutional Foodservice Procurement and Production (3:3:0).
Principles of quantity food purchasing, production, and service.
Prerequisite(s): NUTR 221, NUTR 321, NUTR 322, NUTR 371, and completion of general education math and technology requirements.
Corequisite(s): NUTR 472.
Notes: Offered in spring.

472. Institutional Foodservice Procurement and Production Practicum (1:0:3).
Application of procurement and production principles to institutional foodservice.
Prerequisite(s): NUTR 221, NUTR 321, NUTR 322, NUTR 371 and completion of general education math and technology requirements.
Corequisite(s): NUTR 471.
Notes: Lab Fee: $10. Offered in spring.

491. Internship Experience (3).
Provides training in a professional environment. Course may be repeated for credit; however, a maximum of 6 hours of internship experience credit may be applied toward the Bachelor of Science degree in Human Nutrition.
Prerequisite(s): Permission of the Department Chair.
Notes: A grade of S or U is recorded. Offered in fall and spring.
Courses numbered above 499 have a prerequisite of junior status (54 hours) or permission of the Chair of the Department of Human Nutrition.

520. Sports Nutrition (3).
Assessment of specific nutritional needs of intercollegiate and recreational athletes.
Prerequisite(s): NUTR 221.
Notes: Offered in spring.

520H. Sports Nutrition (3).
Assessment of specific nutritional needs of intercollegiate and recreational athletes.
Prerequisite(s): NUTR 427 and permission of chair, Department of Human Nutrition.
Notes: Offered at variable times.

521. Nutrition and Metabolism (3).
Physiological and biochemical bases of nutrient utilization and energy metabolism.
Prerequisite(s): BIOL 305, NUTR 421, CHEM 521 and 522.
Notes: Lab Fee: $15. CHEM 521/522 may be taken as a corequisite. Offered in fall.

522. Community Nutrition (3).
Nutritional studies of groups and community resources and programs providing nutritional services.
Prerequisite(s): NUTR 427 or permission of instructor.
Notes: Offered in fall.

523. Food Science Principles (3).
Chemical and physical factors affecting food composition and quality.
Prerequisite(s): NUTR 321 and 322; CHEM 301 and 303 or equivalent; or permission of instructor.
Corequisite(s): NUTR 524.
Notes: Offered in spring.

524. Sensory and Objective Evaluation of Foods (1:0:3).
Sensory and objective evaluation of food products prepared in the laboratory.
Corequisite(s): NUTR 523.
Notes: Lab Fee: $50. Offered in spring.

527. Medical Nutrition Therapy (3).
Nutritional requirements and care of acutely ill individuals.
Prerequisite(s): NUTR 427, CHEM 301, and 303.
Notes: Lab Fee: $15. Offered in fall.

528. Experiences in Nutrition Therapy (2:0:20).
CADE accredited internship nutrition therapy experience in hospital settings.
Prerequisite(s): NUTR 427 or equivalent and permission of instructor.
Notes: Lab Fee: $100. A grade of S or U is recorded. Offered in spring and summer.

529. Experiences in Community Nutrition (2:0:24).
CADE accredited internship experiences in public health or community settings.
Prerequisite(s): NUTR 427 or equivalent and permission of instructor.

530. Experiences in Food Systems Management (2:0:24).
CADE accredited internship experiences in food systems management.
Prerequisite(s): NUTR 471, 572 and permission of instructor.
Notes: Lab Fee: $100. A grade of S or U is recorded. Offered in spring and summer.

534. Seminar in Human Nutrition (3).
Contemporary issues, trends and research in human nutrition are discussed and evaluated critically. Special emphasis on assessment, evaluation and documentation of nutrition status.
Prerequisite(s): NUTR 427.
Notes: Offered in fall. Intensive Writing course.

551-569. Special Topics: Food and/or Nutrition (1, 2, or 3).
Individual student projects executed in the laboratory, library and/or in the community.
Prerequisite(s): Permission of department chair.
Notes: Offered in fall and spring.

572. Dietetics Management (3).
Analysis of the planning, organizing, directing, evaluating and controlling of resources in foodservice, community nutrition and medical nutrition therapy.
Prerequisite(s): NUTR 471 and 472 or equivalent.
Notes: Offered in spring.

Supervised practice in the application of management principles to technical and functional operations of various foodservice systems.
Prerequisite(s): NUTR 572 and ACCT 280; MGMT 321 or equivalent; and senior standing.
Notes: Lab Fee: $20. Offered on demand.

Integrated Marketing Communication (IMCO)

105. Introduction to Integrated Marketing Communication (1).
An introduction to the principles and practices of integrated marketing communication, including attention to advertising, public relations and sales promotion.
Notes: Offered in fall.

475. Senior Seminar in Integrated Marketing Communication (3).
Integrative seminar in integrated marketing communication theory, practices and professional philosophy. Capstone course for integrated marketing communication majors.
Prerequisite(s): Senior standing, C or better in MCOM 341, MCOM 370, MKTG 481, and 2.0 or higher GPA.
Notes: Offered in spring.
INTEGRATED MARKETING COMMUNICATION/INTERIOR DESIGN

533. Special Topics in IMC (3).
Prerequisite(s): Junior standing, 2.0 GPA and permission of instructor.
Notes: Offered occasionally. May be retaken for additional credit.

Interior Design (INDS)

101. Interior Design Fundamentals (3).
An introduction to the profession and an investigation of the criteria by which design quality can be evaluated and applied to creative design.
Notes: Lab Fee: $15. Offered in the fall.

201. Surface Design (3:7).
Principles of two-dimensional design for the embellishment of interior surfaces, products, and textiles.
Prerequisite(s): ARTS 101, 102.
Notes: Lab Fee: $20. Offered in fall and spring.

211. Interior Design I: Residential (3:7).
Residential interiors with a focus on the individual/family and their requirements.
Prerequisite(s): INDS 101, 201; ARTS 101, 102, 120, 202, 220.
Notes: Lab Fee: $20. Offered in fall.

232. Design Presentation and Media (3:7).
Introduction to communication methods used by the professional interior designer to produce interior plans, elevations, and perspectives.
Prerequisite(s): INDS 101, 201; ARTS 101, 102, 120, 202, 220.
Notes: Lab Fee: $15. Offered in fall.

234. CAD for Interior Designers (3:7).
Basics of computer-aided drafting, including hardware, software systems, and operating systems and development of skills for creating and plotting of interior design technical and presentation drawings.
Prerequisite(s): INDS 101, completion of Foundations Review.
Notes: Lab Fee: $20. Offered in fall.

241. Housing and Home Planning (3:2:2).
A study of housing types and usage with a special focus on light frame residential construction principles and techniques.
Prerequisite(s): INDS 234.
Notes: Lab Fee: $20. Offered in spring.

252. Lighting (3:3:0).
The study of lighting fundamentals for the built environment.
Prerequisite(s): INDS 231, INDS 232, INDS 234.
Notes: Offered in spring.

All INDS Studio courses (3:7) numbered above 299 have a prerequisite of junior status and the successful completion of the Sophomore Portfolio Review or permission of the Chair of the Department of Art and Design.

301. Interior Design Project Documentation (2).
The study of interior design contract document production: working drawings, specifications, and construction documents for the interior designer.
Prerequisite(s): Sophomore Portfolio Review.
Corequisite(s): INDS 336.
Notes: Lab Fee: $20. Offered in fall.

333. Interior Design II: Residential (3:7).
Advanced residential interior design.
Notes: Lab Fee: $20. Offered in fall and spring.

336. Codes and Standards (2).
The study of Architectural Building Codes and Standards, state and local laws and ordinances, and federal laws used for the regulation of building construction, renovation, and interior design for fire safety, structural safety and health and safety.
Prerequisite(s): Sophomore Portfolio Review.
Corequisite(s): INDS 320.
Notes: Offered in fall.

Historic development of interiors and architecture related to major styles from the Pre-Classical to Neo-Classic.
Prerequisite(s): ARTH 175, ARTH 176.
Notes: Offered in spring.

Historic development of interiors and architecture related to major styles from Neo-Classic to 21st Century.
Prerequisite(s): ARTH 175, ARTH 176, INDS 337.
Notes: Offered in fall.

A cooperative education experience to provide training for the INDS major in a professional environment. A maximum of 6 hours of cooperative education may be applied toward the Bachelor of Fine Arts degree.
Prerequisite(s): Passing of Sophomore Portfolio Review.
Notes: Offered in fall, spring and summer.

344. Millwork Detailing (3:0:7).
Design of cabinetry and furniture for contemporary interiors.
Prerequisite(s): Passage of Specialization Review, INDS 320, INDS 333, INDS 336.
Notes: Lab Fee: $25. Offered in fall.

Space planning and design of interiors for offices, public areas and other commercial facilities.
Prerequisite(s): INDS 333.
Notes: Lab Fee: $20. Offered in fall.
Space planning and design of environments used in retailing, hospitality and related non-office spaces.
Prerequisite(s): INDS 333, 343.
Notes: Lab Fee: $20. Offered in spring.

Principles of fabric design with woven structures.
Prerequisite(s): Permission of the instructor.
Notes: Lab Fee: $20. Offered in fall and spring.

450. Honors: Selected topics in Interior Design (3).
Preparation and execution of an honors project.
Prerequisite(s): 16 semester hours in ARTH, ARTS, INDS courses, consent of faculty adviser, and permission of Chair, Department of Art & Design.
Notes: A grade of S or U is recorded. Offered in fall.

481, 482, 483. Special Topics in Interior Design (1:2) (2:4) (3:6).
Extends individual opportunities in interior design beyond existing curriculum limits.
Prerequisite(s): Permission of the Chair of the Department of Art & Design.
Notes: Offered in fall, spring and summer.

484. Historic Preservation (3:0:7).
Planning, research and presentation of interiors designed in historical styles with an emphasis on historical preservation and research.
Prerequisite(s): ARTH 175, ARTH 176; INDS 337, INDS 338.
Notes: Lab Fee: $25. Offered in fall.

The final assessment course for majors in interior design. Requires the development of a self-generated, comprehensive juried design project.
Prerequisite(s): INDS 333, 432, 433.
Notes: Offered in spring.

International Area Studies (INAS)

425. Seminar in International Area Studies (3).
Interdisciplinary study of a contemporary multicultural, multinational, or global problem.
Notes: Offered in fall and spring.

Italian (ITAL)

Students must successfully pass the 101 language course(s) with a C or better at Winthrop in order to enroll in the 102 course(s), or they must meet one of the following criteria:
1. make a passing grade on a CLEP examination, 2. receive AP/IB credit for the 101 or higher level course, or 3. receive transfer credit for a 101 or higher-level course in the language from an accredited college or university.

101. Elementary Italian (4:3:1).
Elementary language requiring no previous experience. Basic skills of speaking, listening comprehension, reading and writing.
Prerequisite(s): Students who elect to take a 101 language course must receive at least a C (or S) in that language course before continuing on to 102 of that language.
Notes: Lab Fee: $25. Offered in spring.

Japanese (JAPN)

Students must successfully pass the 101 language course(s) with a C or better at Winthrop in order to enroll in the 102 course(s), or they must meet one of the following criteria:
1. make a passing grade on a CLEP examination, 2. receive AP/IB credit for the 101 or higher level course, or 3. receive transfer credit for a 101 or higher-level course in the language from an accredited college or university.

Introduction to elementary Japanese language with emphasis on the four skills of conversation, comprehension, reading and writing.
Notes: Lab Fee: $25. Offered in fall.

Introduction to elementary Japanese language with emphasis on the four skills of conversation, comprehension, reading and writing. This course is the continuation of JAPN 101.
Prerequisite(s): Students who elect to take a 101 language course must receive at least a C (or S) in that language course before continuing on to 102 of that language.
Notes: Lab Fee: $25. Offered in spring.

Latin (LATN)

Students must successfully pass the 101 language course(s) with a C or better at Winthrop in order to enroll in the 102 course(s), or they must meet one of the following criteria:
1. make a passing grade on a CLEP examination, 2. receive AP/IB credit for the 101 or higher level course, or 3. receive transfer credit for a 101 or higher-level course in the language from an accredited college or university.

Notes: Lab Fee: $25. Offered in fall.

102. Elementary Latin (4).
Prerequisite(s): Students who elect to take a 101 language course must receive at least a C (or S) in that language course before continuing on to 102 of that language.
Notes: Lab Fee: $25. Offered in the spring.

201. Intermediate Latin (3).
Prerequisite(s): LATN 102 or equivalent study of the language. Students who have completed at least two years of Latin in high school with a grade of A or B are encouraged to enroll in LATN 201. Upon completion of LATN 201 with a grade of C or better (or S) such
MANAGEMENT/ MARKETING

students will receive credit, but no grade for both LATN 101 and 102.
Notes: Lab Fee: $20. Offered variable times.

Management (MGMT)

All MGMT courses have a prerequisite of junior status, an overall GPA of at least 2.00 and a grade of C or better in WRIT 102.

321. Principles of Management (3).
Comprehensive survey of the basic principles of management applicable to all forms of business.

325. Organizational Theory and Behavior (3).
Behavior in organizations, individual and group processes and behavior, and organizational processes including the work setting and planned changes.
Prerequisite(s): PSYC 101 and MGMT 321.

326. Operations Management (3).
Design and management of operations in manufacturing and services. Operations strategies, design of processes, facilities and work. Management of quality, inventories, projects, and schedules.
Prerequisite(s): QMTH 205.

341. Information Systems (3).
Concepts of information systems are presented. Technical foundations of information systems, processes for building and managing information systems, and systems that support management and the organization are covered.
Prerequisite(s): ACCT 280 and QMTH 205.

355. Business Communication (3).
Communications theory and practice required in business as related to individuals, small groups, and organizations.

365. Principles of Real Estate (3).
Introduction to broad range of real estate terms, concepts, practices, and current issues.

422. Human Resources Management (3).
Contemporary theory and practice of human resource management with emphasis on the behavioral sciences approach.
Prerequisite(s): MGMT 321.

Employee training and development is a central component of the human resource function. This course teaches students how to develop, implement and evaluate a training program.
Prerequisite(s): MGMT 321.

428. Management Seminar (3).
A survey of current issues in management with special emphasis on the integration of various management functions.
Prerequisite(s): MGMT 321, MGMT 325 and MGMT 326.

480. Business Policy (3).
Seminar in applied business, designed to integrate all subjects of business administration required for business administration majors. A component of the course will be devoted to the assessment of student understanding of the other required core business courses (Areas III, VI, and VII).
Prerequisite(s): FINC 311, MGMT 321, MKTG 380, MGMT 326, MGMT 341, MGMT 355.
Corequisite(s): ECON 350.
Notes: Open to senior majors in business administration.

491. Internship in Management (3).
The internship in management provides opportunities for students to integrate course work into practical work settings. This course applies the academic and conceptual to the practical; students supervised by faculty, will work a minimum of 150 hours during a semester or summer term.
Prerequisite(s): 2.5 GPA and must have completed MGMT 325 and an additional Management option course. For Business Majors only.
Notes: BADM Majors only. Permission of instructor required. Will not satisfy the HLS M internship requirement.

Recognition, negotiation and administration of labor agreements in the public and private sector. Also covered is the bargaining process in general and human resource management in a union-free environment.
Prerequisite(s): MGMT 321.

524. Employment Law (3).
Private and public sector employment law with emphasis on labor relations, employment discrimination and current trends in the public policy of regulation of the employment relationship.
Prerequisite(s): MGMT 321.

526. Compensation and Benefits Analysis (3).
Planning, designing and controlling benefit and compensation systems integrating current knowledge on the relationship between work, reward and productivity. Philosophical, technical and legal issues will be addressed.
Prerequisite(s): MGMT 321.

529. International Management (3:3:0).
Cultural, legal and ethical context of international management. Internation strategic, operational, human resources and information systems management. Organization and control systems. Cross-cultural issues in communication, leadership, motivation, negotiation and teamwork.
Prerequisite(s): MGMT 321.

Marketing (MKTG)

380. Principles of Marketing (3).
Survey of principles organizations use in marketing goods, services, ideas, and people. Hands-on integrated project using marketing concepts to help students see the
interrelation and interdependence of various business functions.
Prerequisite(s): ACCT 280.

381. Consumer Behavior (3:3:0).
Comprehensive survey of the basic concepts, methods, and models used in understanding, explaining, and predicting both individual and organizational buyer motivation and behavior.
Prerequisite(s): MKTG 380.

382. Retailing (3:3:0).
Contemporary issues in retailing with emphasis on management, operations methods, and their retailing environment.
Prerequisite(s): MKTG 380.

Sales techniques, understanding human behavior, personal communication and persuasion skills in a face-to-face setting, self management, and career-path planning in sales and sales management.
Prerequisite(s): MKTG 331.

481. Promotion Management (3:3:0).
Contemporary theory and practice of marketing communications including integration of promotion mix elements. Focus on planning/execution of advertising, PR, personal selling, sales promotion, POP, and electronic communications strategies.
Prerequisite(s): MKTG 380.

482. Marketing Research (3:3:0).
Study of qualitative and quantitative marketing research methods and how various research techniques are used in marketing decision making. Students have an opportunity to conduct simple research studies.
Prerequisite(s): MKTG 380, QMTH 205, 206 Junior standing.

484. Sport Marketing (3:3:0).
The purpose of this course is to further explore the principles of marketing and how these concepts relate to the context of sport. Major components to be stressed will be the uniqueness of marketing sport, the sport product’s attributes, application of the four P’s of marketing to the sport setting, sport marketing’s fifth P, sales and customer service in sport, and the interaction and coordination of these marketing principles.
Prerequisite(s): Junior or Senior standing, grade of C or higher in MKTG 380, SPMA major.
Notes: Offered in spring.

489. Marketing Strategy (3:3:0).
A “Capstone” marketing course integrating buyer behavior, the marketing mix, economics, accounting, finance and the strategic marketing decision-making process under a variety of environmental conditions.
Prerequisite(s): Senior standing is required and the following prerequisite courses must be completed: MKTG 381 and 3 from MKTG 382, 383, 481, 482, 582 and FINC 311.

491. Internship in Marketing (3).
The internship in marketing provides opportunities for students to integrate course work into practical work settings. This course applies the academic and conceptual to the practical; students supervised by faculty, will work a minimum of 150 hours during a semester or summer term.
Prerequisite(s): 2.5 GPA and must have completed MKTG 333 and an additional Marketing option course. For Business Majors only.
Notes: Permission of instructor required. Will not satisfy the HLSM internship requirement.

492. Field Experience in Marketing (3).
This field experience in marketing provides undergraduate students with the opportunity to integrate marketing course work into a practical, client-service context. Students will form an actual marketing organization and work together as a professional team to achieve a client’s objectives. Close interaction with the client will be required, as will a formal presentation and demonstration of results.
Prerequisite(s): MKTG 380, MKTG 435, MKTG 333 and GPA >= 3.0. Course also limited to MKTG or IM CO majors only.

581. Marketing for Global Competitiveness (3:3:0).
Prepares managers for the challenges of competing in a global marketplace.
Prerequisite(s): MKTG 380.

582. Sales Management (3:3:0).
Sales force management including selection, training, compensation, motivation, and evaluation of the sales organization.
Prerequisite(s): MKTG 380.

Mass Communication (MCOM)

101. Mass Media and the Information Age (3).
Critical analysis of the media of mass communication, their content, the sources and biases of their content, limitations of the media and effects of the media. Primarily for non-majors.
Notes: Offered at variable times.

205. Introduction to Mass Communication (3).
Introduction to the major fields of mass communication with emphasis on advertising, broadcasting, newspapers, magazines, and public relations, and the history of each.
Notes: Offered in fall and spring.

241. Media Writing (3:2:2).
The study of and practice in writing for print and broadcast media.
Prerequisite(s): CTQR 150, B or better in WRIT 101 or written permission of the department chair, 2.0 cumulative GPA and keyboard proficiency as tested by the department.
Notes: Lab Fee: $25. Offered in fall and spring.
302. International Communication (3).
Examination of the flow of information throughout the world, and the communication systems that deliver it both within countries and across international borders. Helps build appreciation of cultural diversity and how differences in culture, forms of government and information delivery systems affect worldwide communication.
Prerequisite(s): Junior standing and 2.00 GPA or written permission of department chair.
Notes: Offered in spring.

325. Broadcast Journalism (3:2:2).
Journalistic writing for the broadcast media with emphasis on writing and production procedures.
Prerequisite(s): Grade of C or better in MCOM 241 and 2.00 GPA or written permission of department chair.
Notes: Lab Fee: $25. Offered in fall and spring.

331. Editorial Interpretation (3).
Analyzing topics and writing editorials, columns and other opinion articles for print and broadcast media with emphasis on persuasive use of language.
Prerequisite(s): Grade of C or better in MCOM 241 or permission of instructor and 2.0 GPA.
Notes: Intensive Writing course. Offered at variable times.

Editing skills for the copy editor with emphasis on news judgment, news style, newspaper layout, legal considerations, and picture editing.
Prerequisite(s): Grade of C or better in MCOM 241 or permission of instructor and 2.0 GPA.
Notes: Lab Fee: $25. Offered in fall and spring.

340. Publication Production (3:2:2).
Production techniques and methods for printed publications with attention to communication theory and effects of printed pieces, typography, illustration and printing limitations and cost factors.
Prerequisite(s): C or better in MCOM 241 and 2.0 GPA or written permission of department chair.
Notes: Lab Fee: $25. Offered in fall and spring.

341. Advertising Principles (3).
Study of advertising theory and techniques in print and electronic media with emphasis on the relationship between marketing and the creative process.
Prerequisite(s): Sophomore standing and 2.00 GPA.
Notes: Offered in fall and spring.

Reporting principles and news writing techniques applied to writing publishable stories from campus and community sources; laboratory exercises.
Prerequisite(s): C or better in MCOM 241 and 2.00 GPA or written permission of department chair.
Notes: Lab Fee: $25. Intensive Writing course. Offered in fall.

343. Feature Writing (3).
Techniques of writing feature stories for newspapers and magazines. Students will write stories for possible publication.
Prerequisite(s): C or better in MCOM 241 and 2.00 GPA or written permission of department chair.
Notes: Lab Fee: $25. Intensive Writing course. Offered in spring.

Development, writing, direction and production of basic television program types; laboratory practice with student written scripts.
Prerequisite(s): C or better in MCOM 241 and 2.00 GPA or written permission of department chair.
Notes: Lab Fee: $25. Offered in fall and spring.

349. Advertising Copy and Layout (3:2:2).
Theory and practice of writing advertising copy for print and electronic media, conceptualizing television commercials and laying out print advertisements.
Prerequisite(s): MCOM 341 and 2.00 GPA or written permission of department chair.
Notes: Offered in spring.

Development of American journalism and mass media and their relationship to American society with emphasis on socio-cultural and political aspects.
Prerequisite(s): HIST 212 and 2.00 GPA or written permission of department chair.
Notes: Offered variable times.

370. Public Relations Principles (3).
Study of communications to influence public opinion, solving public relations problems, practice in developing a public relations campaign.
Prerequisite(s): Sophomore standing and 2.00 GPA or written permission of department chair.
Notes: Offered in fall and spring.

377. Community and Civic Journalism (3).
Study of the role of journalism in the community and as a catalyst for positive change. Media that practice civic journalism help maintain civic and communal identity of the place and people they serve. Emphasis on framework, principles, key players, issues and challenges of community and civic journalism.
Prerequisite(s): Junior standing and 2.00 GPA or written permission of the instructor.
Notes: Offered in spring in odd years.

410. Mass Media Law (3).
Legal problems of defamation, privacy, copyright, obscenity, anti-trust, and the regulation of advertising and broadcasting.
Prerequisite(s): Junior standing and a 2.00 GPA. Career development information and strategies.
Notes: Offered in fall and spring.
Study and practice of advanced methods for gathering, writing and editing broadcast news.
Prerequisite(s): C or better in MCOM 241, 325 and 346 and 2.00 GPA or written permission of department chair.
Notes: Lab Fee: $40. Offered in fall.

441. Reporting Public Affairs (3).
Instruction and practice in reporting all areas of public affairs, including government and the courts. Use of precision journalism techniques and investigative reporting of special in-depth subjects.
Prerequisite(s): PLSC 202, C or better in MCOM 241 and 2.00 GPA or written permission of department chair.
Notes: Intensive Writing course. Offered in spring.

444. Media Management (3).
Management theories and practices as applied to broadcast and print media organizations, unique characteristics of media organizations, operating philosophies, leading media organizations, legal issues and regulations, and related topics.
Prerequisite(s): 12 hours of MCOM and minimum 2.0 GPA or permission.
Notes: Offered at variable times.

446. Advanced Television Production (3:2:2).
Planning, writing and producing programming for television.
Prerequisite(s): C or better in MCOM 241, 325 and 346 and 2.00 GPA or written permission of department chair.
Notes: Lab Fee: $40. Offered in fall and spring.

447. Broadcast Programming, Sales and Promotion (3).
Study of the importance of these critical areas in broadcasting and how they interact.
Prerequisite(s): C or better in MCOM 241 and 2.00 GPA or written permission of department chair.
Notes: Offered in fall.

450. Honors: Special Topics in Mass Communication (3).
An independent inquiry in depth into a selected topic in mass communication.
Prerequisite(s): Written proposal, 18 hours of MCOM and approval of the Department Chair.
Notes: Individually arranged.

461, 462, 463. Mass Communication Internship (1) (2) (3).
Practical applications of mass communication theory and skills through professional practice at newspapers, radio and television stations, advertising and public relations agencies and related sites supervised by department faculty.
Prerequisite(s): MCOM 241 and 6 hours from MCOM 325, 331, 333, 341, 342, 343, 346, 347, 348, 370, 377, 410, 425, 441, 446, 447 and 471 with a grade-point average of 2.0 or higher in these courses, or permission of Chair. Open only to mass communication majors. Application to the department and approval by the department chair and Dean of the College of Arts and Sciences are required before registering for the course.
Notes: A student may not receive more than three hours credit in MCOM 461, 462, 463. A grade of S or U is recorded for these courses. Individually arranged.

471. Public Relations Writing and Production (3:2:2).
Preparing public relations messages, including news releases, public service announcements, press kits, audiovisual presentations, fliers, pamphlets, brochures, newsletters, direct mail, and corporate advertising. Planning special events and news conferences.
Prerequisite(s): C or better in MCOM 241 or 370 and 2.00 GPA or written permission of department chair.
Notes: Lab Fee: $25. Intensive Writing course. Offered in spring.

491, 492, 493. Independent Study (1) (2) (3).
Independent study guided by a faculty member.
Prerequisite(s): 18 hours of MCOM with a 3.0 or higher GPA and an overall 2.75 or higher GPA; written proposal and approval of Department Chair.
Notes: May be repeated. A grade of S or U will be assigned. Individually arranged.

494. Mass Communication Practicum (1:0:2).
Professional practice in a professional course or courses in the department in a role selected by department faculty involved.
Prerequisite(s): Junior standing, C or better in 15 hours of mass communication and 2.00 GPA or written permission of department chair.

495. Special Topics in Mass Communication (3).
Selected topics of current significance.
Prerequisite(s): Junior standing and 2.00 GPA or written permission of department chair.
Notes: May be repeated for credit if topics vary. Offered variable times.

499. Senior Portfolio (1:1:0).
Development of a portfolio of professional and related work that is formally presented to a committee of department faculty members and an external reviewer.
Prerequisite(s): Senior standing, 2.00 GPA, mass communication or integrated marketing communication major, and application for graduation in the semester the course is taken.
Notes: Offered at variable times.

510. Magazine Editing and Production (3).
Theory and techniques of magazine editing and production; editorial objectives and formulas, issue planning, article selection, layout, illustration, typography, printing and circulation. Magazine project required.
Prerequisite(s): Junior standing and 2.0 GPA.
Notes: Offered at variable times.

551-553. Special Topics in Mass Communication (1) (2) (3).
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit. May count only as elective hours for Mass Communication majors and minors. Offered variable times.
101. Precalculus Mathematics I (3).
Preparation for the study of calculus, including linear functions, polynomials, rational functions, exponential and logarithmic functions.
Prerequisite(s): Satisfactory score on Mathematics Department Placement Test.
Notes: Credit will not be allowed for MATH 101, MATH 101E, and MATH 103. Offered in the fall, spring and summer.

101E. Algebra and Precalculus Mathematics (3:3:3).
Preparation for the study of calculus, including basic algebra, polynomials, and linear, rational, exponential and logarithmic functions. Credit will not be awarded for MATH 101, MATH 101E, and MATH 103.
Prerequisite(s): Placement by mathematics department diagnostic test.

103. Algebra and Trigonometry (4).
A semester course designed specifically for the students in science and mathematics majors to prepare for the study of calculus, including topics in MATH 101 and further study in trigonometry.
Prerequisite(s): High school Algebra II and a satisfactory score on the departmental mathematics diagnostic test.
Notes: Credit will not be allowed for MATH 103, 101, and 101E. Offered in fall and spring.

104. Trigonometry for Calculus (1).
This course is designed to be taken concurrently with MATH 101 or MATH 201. Content includes basic properties and identities of trigonometry, Euler’s formula, double angle identities and inverse functions.
Prerequisite(s): Permission of Mathematics Dept.
Corequisite(s): MATH 101 or MATH 201.
Notes: Offered in fall and spring.

105. Calculus for the Managerial and Life Sciences (3).
Calculus from a non-theoretical perspective, including rates of change, the derivative, maximizing and minimizing functions, exponential and logarithmic functions, indefinite and definite integrals.
Prerequisite(s): MATH 101, 101E, or 103.
Notes: Credit will not be allowed for MATH 105 and MATH 201. Offered in fall, spring and summer.

201. Calculus I (3).
Limits, continuity, and the definition of the derivatives; techniques of differentiation, graphing, maximum/minimum and related rate problems; definite integrals and the fundamental theorem of calculus.
Prerequisite(s): MATH 101 and MATH 104, or MATH 103, or satisfactory score on the Mathematics Department placement test.
Corequisite(s): MAED 200.
Notes: Credit will not be allowed for MATH 105 and MATH 201. Offered in fall, spring, and summer.

202. Calculus II (3).
Applications of integration, transcendental functions, techniques of integration, improper integrals, sequences, series, and power series.
Prerequisite(s): MATH 201.
Notes: Offered in fall, spring and summer.

261. Foundations of Discrete Mathematics (3).
Introduction to various numeration systems, including binary and hexadecimal; elementary set theory, logic and combinatorics; recursion, mathematical induction, elementary matrix operations and Boolean algebra.
Prerequisite(s): MATH 101 or equivalent.
Notes: Offered in fall, spring and summer.

Theory and practice of elementary school arithmetic.
Prerequisite(s): MATH 101 or equivalent.
Notes: Restricted to Elementary, Middle-School, Special, and Early Childhood Education majors. Offered in fall, spring and summer.

292. Geometry for the Prospective Elementary Teacher (3).
Informal theory and practice of plane and solid geometry.
Prerequisite(s): MATH 291 or permission of the department chair.
Notes: Offered in fall, spring and summer.

300. Linear Algebra (3).
Matrices and the solution of systems of linear equations; elementary theory of vector spaces and linear transformations; determinants, eigenvalues, and eigenvectors.
Prerequisite(s): MATH 201 and 3 additional hours of MATH courses.
Corequisite(s): MATH 202.
Notes: Offered in fall and spring.

301. Calculus III (3).
Conic sections and polar coordinates; vectors in two and three dimensions, including lines and planes; calculus of vector-valued functions; functions of several variables and partial derivatives.
Prerequisite(s): MATH 202.
Notes: Offered in fall and spring.

301H. Honors Calculus III (3).
Sequences, series and power series; conic sections;
vectors in two and three dimensions, including lines and planes; calculus of vector-valued functions. Enrollment restricted to freshmen only.
Prerequisite(s): Satisfactory score on AP Calculus AB exam or permission of the Chair.
Notes: Offered in fall.

302. Calculus IV (3).
Applications of partial derivatives, Lagrange multipliers, multiple integration, line integrals, surface integrals, Green’s theorem, the divergence theorem, and Stokes’ theorem.
Prerequisite(s): MATH 301.
Notes: Offered in spring.

302H. Honors Calculus IV (3).
Functions of several variables, partial derivatives and their applications; Lagrange multipliers; multiple integration, line and surface integrals; Green’s theorem, the divergence theorem and Stokes’ theorem.
Prerequisite(s): MATH 301H.
Notes: Offered in spring.

305. Introduction to Differential Equations (3).
Techniques for the solution of first and second order ordinary differential equations, and linear systems of first order ordinary differential equations.
Prerequisite(s): MATH 202.
Notes: Offered in spring of alternate years.

340 A,B,C. Cooperative Education Experience (1), (2), (3).
Provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For Mathematics majors only. Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in Mathematics. Offered in fall, spring and summer.

351. Introduction to Modern Algebra (3:3:1).
Standard topics in the theory of groups and rings, including symmetric, dihedral, and cyclic groups, equivalence relations, integral domains, and group and ring homomorphisms. Emphasis is placed on the proper construction of mathematical proofs.
Prerequisite(s): MATH 300 and MATH 301.
Notes: Offered in spring.

355. Combinatoric Methods (3).
Applications of counting methods to mathematical modeling and problem solving.
Prerequisite(s): MATH 300.
Notes: Offered in spring of alternate years.

375. Optimization Techniques (3).
Mathematical modeling using linear programming and other methods of optimization.
Prerequisite(s): MATH 300.
Corequisite(s): MATH 302.

Notes: Offered in spring of alternate years.

450H. Honors: Selected Topics in Mathematics (3).
In-depth study in a mathematical topic.
Prerequisite(s): 18 hours of MATH courses and permission of Chair or instructor.
Notes: Offered on request.

461. Academic Internships in Mathematics (1:0:0).
An opportunity for mathematics majors to earn credit for experience gained through apprenticeship work under the supervision of trained professionals.
Prerequisite(s): Math majors only with a GPA of at least 2.5 and prior approval from the department and Dean.
Notes: Offered in the fall, spring, and summer.

463. Academic Internships in Mathematics (3:0:0).
An opportunity for mathematics majors to earn credit for experience gained through apprenticeship work under the supervision of trained professionals.
Prerequisite(s): Math majors only with a GPA of at least 2.5 and prior approval from the department and Dean.
Notes: Offered in the fall, spring, and summer.

503. Vector Calculus (3).
Vectors, tensors, differential forms, covariant differentiation, curvature and elementary differential geometry.
Prerequisite(s): MATH 301.
Notes: Offered on demand.

509. Real Analysis I (3).
Topics in the study of functions of a real variable, including limits, continuity, differentiability, sequences, series.
Prerequisite(s): MATH 522.
Notes: Offered in spring.

520. Foundations of Geometry (3).
Topics in Euclidean and non-Euclidean geometry, including incidence geometry, congruence, similarity, area theorems, circles and spheres.
Prerequisite(s): MATH 300.
Notes: Offered in fall.

522. Elements of Set Theory and Introduction to Topology (3).
Fundamentals of set theory and point-set topology, including functions, Cartesian products, topological spaces, open and closed sets, metric spaces, connected and compact spaces.
Prerequisite(s): MATH 300 and MATH 301.
Notes: Offered in fall.

535. Numerical Analysis (3).
Analysis of algorithms, including polynomial approximation of real functions, numerical differentiation and integration and manipulation of matrices.
Prerequisite(s): MATH 300 and MATH 301 or permission of chair, Department of Mathematics.
Notes: Offered on demand.
**541. Probability and Statistics I (3).**
Probability theory from an axiomatic viewpoint, including combinatorics, discrete and continuous random variables and multivariate distributions.  
Prerequisite(s): MATH 302.  
Notes: Offered in fall.

**542. Probability and Statistics II (3).**
Statistical inference from a mathematical viewpoint, including the central limit theorem, point and interval estimation and regression.  
Prerequisite(s): MATH 541.  
Notes: Offered in spring of alternate years.

**543. Introduction to Stochastic Processes (3).**
A survey of stochastic processes and their applications to probabilistic modeling. Topics will include discrete and continuous time Markov processes, Poisson process and time-series analysis.  
Prerequisite(s): MATH 300 and 541.  
Notes: Offered in spring of alternate years.

**545. Statistical Theory and Methods II (3).**
Analysis of linear models, including both regression and ANOVA models. Contingency tables are also studied.  
Prerequisite(s): MATH 541.  
Notes: Offered in spring of alternate years.

**546. Applied Statistics for the Sciences (3).**
Survey of statistical methodology applied to problems from the sciences with emphasis on the area of Health and Human Nutrition. Statistical tests will be reviewed and applied to current issues.  
Prerequisite(s): MATH 141 or permission of instructor.  
Notes: Offered in fall and summer.

**547. Introduction to Categorical Models (3).**
An introduction to the analysis of categorical data. Topics will include methods for comparison of binomial proportions, $r \times c$ contingency tables and logistic and loglinear modeling.  
Prerequisite(s): MATH 542.  
Notes: Offered in spring of alternate years.

**550. Special Topics in Mathematics (3:3:0).**
In-depth study of a mathematical topic.  
Prerequisite(s): Permission of instructor.  
Notes: This course may be repeated for credit once for each topic. If this course is taken for graduate credit, additional research will be required.

**551. Algebraic Structures (3).**
Theory of rings and fields, with special attention to PID’s, UFD’s, Euclidean domains and modules.  
Prerequisite(s): MATH 351 or equivalent.  
Notes: Offered alternate years in fall.

**553. Theory of Numbers (3).**
Divisibility, primes, congruences, special functions, continued fractions and rational approximations.  
Prerequisite(s): MATH 351 or equivalent.  
Notes: Offered in spring of alternate years.

**575. Optimization Techniques II (3:3:0).**
A continuation of MATH 375. Areas of study include mathematical modeling, integer programming, combinatorial optimization, and network algorithms.  
Prerequisite(s): MATH 375.  
Notes: Offered variable times.

### Mathematics Education (MAED)

**200. Introduction to Mathematica (1:1:0).**
Basics of the comprehensive computer algebra system Mathematica are covered. Applications to calculus topics will include functions, limits, derivatives, integration, and graphics, as well use in mathematical instruction.  
Corequisite(s): MATH 201.  
Notes: Offered in fall, spring and summer.

**391. Principles of Teaching Mathematics (3).**
Study and application of skills of planning, instruction, management and assessment of students in mathematics. Includes a review of the ethical and legal responsibilities of math teachers.  
Prerequisite(s): MAED 548, Admission to Teacher Education Program.  
Corequisite(s): MAED 392, EDUC 390.  
Notes: A grade of S or U is recorded. Offered in fall.

**392. Field Experience in Teaching Mathematics (1:0:8).**
Students will spend a minimum of 8 hours per week in the classroom under the supervision of a mathematics education professor and will work with a mentor teacher in preparation for the final internship experience.  
Prerequisite(s): Admission to Teacher Education.  
Corequisite(s): MAED 391, EDUC 390.  
Notes: A grade of S or U is recorded. Offered in fall.

**548. Secondary Math Curriculum and Pedagogy Issues (3:3:1).**
A study of the secondary mathematics curriculum (7-12). This course addresses specific instructional needs and techniques related to the teaching of secondary mathematics concepts.  
Prerequisite(s): Admission to Teacher Education Program.  
Notes: Intensive Writing course. Offered in spring.

**591. Principles of Teaching Mathematics (3:0:0).**
This course addresses specific instructional needs and techniques related to the teaching of mathematics and is designed for students in MAT program.  
Prerequisite(s): MAED 548, Graduate status and Admission Teacher Education Program.  
Corequisite(s): MAED 592.  
Notes: Offered in fall.

**592. Field Experience in Teaching Mathematics (1:0:8).**
Students will spend 8 hours per week in a public school under the supervision of a mathematics education professor and will work with a mentor teacher in preparation for the final internship experience.  
Prerequisite(s): MAED 548, Graduate status and Admission to Teacher Education Program.  
Corequisite(s): MAED 591.
Modern Languages Education (MLAN)

330 A, B, C. Language and Cultural Studies Abroad (3-6).
Under the direction of a Winthrop University professor, students pursue intensive studies of language at a foreign university. Excursions are organized to places of cultural interest.
Prerequisite(s): Completion of Fren/Span/Germ 101-102 or equivalent.
Notes: A=French; B=Spanish; C=German. Offered in the summer and on demand.

350. Writing and Research in Foreign Literature (3).
Introduction to writing critical essays on French, German, and Spanish literature; including instruction and practice in locating, reading and writing critical essays.
Prerequisite(s): WRIT 102.
Notes: Offered variable times.

391. Principles of Teaching Modern Languages in Middle and Secondary Schools (3).
Study and application of skills of planning, instruction, management and assessment of students in Modern Languages. Includes a review of the ethical and legal responsibilities of modern language teachers.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): MLAN 392, EDUC 390.
Notes: Offered in fall semester.

392. Field Experience in Teaching Modern Languages (1:0:8).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of a modern language education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education.
Corequisite(s): MLAN 391, EDUC 390.
Notes: A grade of S or U is recorded. Offered in fall.

503. Applied Linguistics (3:0:0).
Study of the systems underlying language acquisition and how to apply them in effective teaching and learning.
Notes: Offered on demand.

530 A, B C. Language and Cultural Studies Abroad (3-6).
Under the direction of a Winthrop University professor, students pursue intensive studies of language at a foreign university. Excursions are organized to places of cultural interest.
Prerequisite(s): Completion of FREN/SPAN/GERM 101-102 or equivalent.
Notes: A=French; B=Spanish; C=German. Offered in the summer and on demand.

591. Principles in Teaching Modern Languages (3).
To give students a 4 hour per week classroom experience on different methodology by a Modern Language education professor.
Notes: Offered in spring and offered in the fall on demand.

592. Field Experience in Teaching Modern Languages (1).
Students will spend 8 hours per week in a public school under the supervision of a modern languages education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Graduate status. Admission to Teacher Education Program.
Corequisite(s): MLAN 591.
Notes: A grade of S or U is recorded.

Music (MUST)

101. Basic Musicianship (2:2:0).
An introduction to and application of the basic elements of music with study of durational and pitch-related concepts through visual and aural means. May not count toward a music degree.
Notes: Offered in fall and spring.

111. Music Theory I (3).
An introduction to the basic concepts of music theory and the materials of music. Written and analytical applications.
Corequisite(s): MUST 113.
Notes: Offered in fall.

112. Music Theory II (3).
A continuation of and expansion on the techniques and materials of MUST 111. Written and analytical applications.
Corequisite(s): MUST 114.
Notes: Offered in spring.

113. Aural Skills I (1).
A course to develop aural skills for music theory, sight singing, and ear training.
Corequisite(s): MUST 111
Notes: Offered in fall.

114. Aural Skills II (1).
A course to develop aural skills for music theory, sight singing, and ear training. A continuation of MUST 113.
Corequisite(s): MUST 113.
Notes: Offered in spring.

121. Introduction to Music Technology (1:2:0).
An introduction to computer technology with emphasis on Music Technology, data management, and document preparation.
Notes: Offered in the fall, spring, and summer.
190. Introduction to Music Education (1:2:0).
An introduction to the music education profession including historical perspectives, introductory philosophical perspectives, and career orientation.
Notes: Offered in the spring.

203. Jazz Appreciation (3).
An introduction to the evolution, growth, and development of jazz in the U.S. from the nineteenth century to the present.
Notes: Does not count toward a music degree.

211. Music Theory III (3).
An expansion of the techniques and materials of MUST 111-112 and their application to musical styles from Baroque through Romantic periods. Written and analytical applications.
Prerequisite(s): MUST 112.
Corequisite(s): MUST 213.
Notes: Offered in fall.

212. Music Theory IV (3).
An expansion of the techniques and materials of MUST 211 and their application to musical styles from the Romantic to Contemporary periods. Written and analytical applications.
Prerequisite(s): MUST 212 and 214.
Notes: Offered in fall.

213. Aural Skills III (1).
A continuation of the aural skills begun in MUST 113-114.
Prerequisite(s): MUST 114 or consent of the Instructor.
Corequisite(s): MUST 211.
Notes: Offered in fall.

214. Aural Skills IV (1).
A continuation of aural skills from MUST 213.
Prerequisite(s): MUST 213 or consent of the Instructor.
Corequisite(s): MUST 212.
Notes: Offered in spring.

280-289. Special Topics in Music (1) (2) (3).
A series at the 200-level for special courses offered by the Department of Music on a one-time basis.
Notes: Offered on demand.

298. Music Appreciation (3).
Introduction to the major historical periods, genres, works and styles in music literature from early times to the present.
Notes: Not open to music majors.

305. History of Music to 1750 (3).
A survey of music history and literature of Western civilization from the beginnings to 1750.
Prerequisite(s): MUST 111 and WRIT 102.
Notes: Offered in fall.

306. History of Music from 1750-1900 (3).
A survey of music history and literature of Western civilization from 1750-1900.
Prerequisite(s): MUST 111 and GNED 102.
Notes: Offered in spring. Intensive Writing course.

An expansion of the materials of MUST 212 and the presentation of contemporary (20th Century) materials and techniques. Written and analytical applications.
Prerequisite(s): MUST 212 and 214.
Notes: Offered in fall.

315. Music for the Classroom Teacher (3).
Methods and materials for teaching music in the elementary classroom.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Not open to music majors. Restricted to Education majors. Offered in fall, spring and summer.

317. Basic Conducting (3:3:1).
An introductory course covering score analysis, manual technique in various styles, use of baton, and rehearsal procedures for both instrumental and choral ensembles.
Prerequisite(s): MUST 212 and MUSA 282 or permission of the instructor.
Notes: Offered in fall.

Continuation of MUST 317. Separate sections for choral and instrumental majors.
Prerequisite(s): MUST 317 or permission of instructor.
Notes: Offered in spring.

321-322. Opera Workshop (2:3) (2:3).
Laboratory class for development of skills in acting and singing on stage.
Prerequisite(s): Audition and permission of the instructor.
Notes: MUST 322 may be retaken for additional credit.

340. Cooperative Education Experience in Music (3-1).
A cooperative education experience in a specified area of music that provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA of 2.5, Junior status, permission of the Chair.

341. Marching Band Techniques (1).
Modern techniques for organizing and training marching bands; planning, drills, formations, shows and music.
Notes: Offered in the fall.

430-439. Special Topics in Music (1) (2) (3).
Prerequisite(s): Consent of the Chair of the Department of Music.
Notes: Offered as needed.

450. Honors: Selected Topics in Music (3).
Prerequisite(s): Consent of the Chair of the Department of Music.
Notes: Offered as needed.
through contemporary practices.
Prerequisite(s): MUST 306 or permission of the instructor.

503. Organ Literature (3).
A survey of representative organ works from the 16th through the 20th centuries.
Prerequisite(s): MUST 306 or permission of the instructor.

505. Opera Literature (3).
Historical development of opera with detailed study of selected operas.
Prerequisite(s): MUST 306 or permission of instructor.

506. Choral Literature (3).
A survey of choral literature from 1450 through the 20th century, with detailed analysis of representative masterworks.
Prerequisite(s): MUST 306 or permission of the instructor.

507. Music Since 1900 (3).
A study of styles, trends, systems and literature from about 1900 to the present, including neo-tonal, atonal, serial, electronic and experimental formats.
Prerequisite(s): MUST 306 and 212 or equivalent.

508. Standard Choral Repertory (3).
A survey of the standard choral repertory for high school singers. The class will analyze, sing and play excerpts from about 200 sacred and secular pieces in varying levels of difficulty (grade II through V).
Prerequisite(s): MUSA 282, MUST 212 and 507, or permission of instructor.

509. Art Song Literature (3).
A survey of European and American art song with emphasis on 19th and 20th century German and French literature.
Prerequisite(s): MUST 306 or permission of the instructor.

511. Orchestration and Arranging (3).
Techniques and principles of scoring for strings, woodwinds, brass, percussion and chorus; arranging and adapting music for instrumental and/or choral groups.
Prerequisite(s): MUST 212 and any two of MUSA 291, 293, 295 or 297.

512. Analytical Techniques (3).
A capstone course that assimilates aspects of music theory, harmony, analysis and aural skills needed for advanced courses in literature, history, performance and music education.
Prerequisite(s): MUST 212 and MUST 214, or graduate standing.

513. Counterpoint (3).
Study of contrapuntal techniques from the Renaissance to the present, emphasizing J.S. Bach. Writing projects include 16th-century and 18th-century inventions, canons and fugues.

514. History of Jazz (3).
An examination of jazz styles, including extensive study of several major figures. Students learn to distinguish the various styles through analysis of rhythmic, melodic, harmonic and instrumental differences.
Prerequisite(s): MUSA 306 or permission of the instructor.

515. Chamber Music Literature (3).
A survey of selected chamber music from the beginning through the present day. Includes a study of formal elements and aural recognition of representative works.
Prerequisite(s): MUSA 306 or permission of instructor.

516. Symphonic Literature (3).
An historical and chronological survey of symphonic literature from the pre-classic to the present, including a study of formal elements and aural recognition of representative works.
Prerequisite(s): MUSA 306 or permission of instructor.

517. Percussion Literature (3).
A survey of percussion literature from its earliest antecedents in military and orchestral music through the major genres of the 20th century, including chamber music, percussion and marimba ensembles, and solo genres for timpani, multiple percussion, and keyboard percussion.
Prerequisite(s): MUST 306 and MUST 212, or permission of the instructor.
Notes: Offered in spring.

518. Wind Literature (3).
A survey of the basic repertory for concert band and wind ensemble from the Renaissance to the present.
Prerequisite(s): MUST 212 and 507, or permission of instructor.

519. Vocal Pedagogy (3:3:0).
An introduction to the basic methodologies used in establishing good vocal technique; an overview of the historical perspectives as well as current vocal science. The course includes actual supervised practical experience.
Prerequisite(s): MUSA 112D, or permission of the instructor.
Notes: Offered in the fall and spring.

520. Piano Pedagogy (3).
Designed for prospective piano teachers. A survey of materials, educational principles and methods of teaching piano for individual and group lessons.

521. Composition for Music Education (2:2:1).
A course focusing on compositional processes from the 16th-century to the present. Extensive work in the MIDI/computer music lab included.
Prerequisite(s): MUST 212 or permission of instructor.
Notes: Offered in fall.
523. Accompanying (1:1:0.5).
Study of skills, sightreading, and style required of accompanists. At least one song cycle or one instrumental sonata will be required.
Prerequisite(s): Permission of instructor.

531. Computer Music Technology I (3).
An introductory course to microcomputers and MIDI (Musical Instrument Digital Interface) hardware for the purpose of musical creativity.
Prerequisite(s): MUST 212 or permission of instructor.

532. Computer Music Technology II (3).
A continuation of the skills acquired in MUST 531 with more advanced practical applications.
Prerequisite(s): MUST 531 or permission of instructor.

535. Diction: English/Italian/Latin (1:2:0).
Principles and practices of English, Italian, and Latin diction for singers.
Prerequisite(s): MUSA 112D, or permission of the instructor.
Notes: Offered in the fall.

536. Diction: French/German (1:2:0).
Principles and practices of French and German diction for singers.
Prerequisite(s): MUSA 112D, or permission of the instructor.
Notes: Offered in the spring.

551-559. Special Topics in Music (1) (2) (3).
Prerequisite(s): Permission of chair, Department of Music.
Notes: Offered as needed.

561. Medieval/Renaissance Music (3).
An advanced study of the music of the Western European tradition from 600-1600. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.

562. Baroque Period Music (3).
An advanced study of the music of the Western European tradition from 1600-1750. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.

563. Classic Period Music (3).
An advanced study of the music of the Western European tradition from 1750-1820. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.

564. Romantic Period Music (3).
An advanced study of the music of the Western European tradition from 1820-1900. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.

A methods course that addresses specific instructional needs and techniques for teaching general music in the elementary school.
Prerequisite(s): Admission to Teacher Education Program; MUST 212 and 317.
Notes: Offered in spring semester.

A methods course that addresses specific instructional needs and techniques for teaching general music in the secondary school.
Prerequisite(s): Admission to Teacher Education Program; MUST 590.
Corequisite(s): EDUC 390.
Notes: Offered in fall semester.

592. Field Experience in Teaching Music (1:0:8).
Laboratory experience equivalent to 28 half-days designed to lead music students through an exploration and examination of various research-based programs of instructional planning, methodology, classroom management, and evaluation of teaching and learning.
Prerequisite(s): MUST 590.
Corequisite(s): MUST 591 and EDUC 390.
Notes: Offered in the fall.

Music Applied (MUSA)

Applied Music Courses (1,2,3).
Prerequisite: Completion of undergraduate entrance audition for music majors and minors. All students enrolled in applied music must attend the weekly noon recital and weekly repertory class during the fall and spring semesters.

The following numbers are used for all major instruments and voice. All applied music is assigned through the Chair of the Department of Music. 111,112,211,212,311,312,411,412*

* May be repeated for additional credit.

Lab Fees for Applied Music courses are assessed as follows:
One half-hour lesson $100
One hour lesson $150
One hour optical lesson for BA and BME students $275

Music majors who study a secondary instrument register for MUSA 110 with the appropriate suffix. Non-majors who participate in ensembles may be permitted to register for MUSA 101 with the appropriate suffix, if space is available.

Alphabetic suffixes for Applied Music Courses:
A. Piano  N. Oboe
B. Organ  Q. Clarinet
C. Harpsichord  R. Bassoon
D. Voice  S. Saxophone
E. Violin  T. Trumpet
F. Viola  U. Trombone
G. Cello  V. Horn
J. String Bass  W. Euphonium
K. Guitar  Y. Tuba
M. Flute  Z. Percussion
Music Ensembles. Music Ensembles are open to all Winthrop University students, regardless of major. Auditions, where required, are scheduled during each registration period. Ensembles may be repeated for additional credit.

151. Winthrop Glee Club (1:3).
A large, mixed ensemble which can also function as a Men’s Glee Club and Women’s Glee Club.
Prerequisite(s): Permission of the instructor is required even though there is no audition.
Notes: Offered in fall and spring.

152. Winthrop Chorale (1:4).
A 40-voice choir that tours throughout the Southeast. Two major concerts each year.
Notes: Auditions are held during Orientations and registrations. Offered in fall and spring.

153. Jazz Voices (1:3).
Vocal jazz ensemble of 12 singers performing historic jazz and contemporary arrangements.
Notes: Audition required. Offered in fall and spring.

154. Chamber Singers (1:2).
A small vocal ensemble performing music drawn from five centuries, including Renaissance madrigals, Baroque cantatas, Classical church music, 19th-century part songs, and contemporary music.
Prerequisite(s): Audition required.
Notes: Offered in fall and spring.

156. Chamber Wind Ensemble (1:3:0).
A select wind ensemble performing the standard repertory for wind and percussion band including repertory from the 20th century.
Prerequisite(s): Audition Required.
Notes: Offered in the fall and spring.

157. Symphonic Band (1:4).
A large wind and percussion ensemble that performs at least two formal concerts per year.
Prerequisite(s): Permission of the instructor is required.
Notes: Offered in fall and spring.

158. Wind Ensemble (1:2).
A select ensemble of wind and percussion instruments performing primarily new and demanding works for the medium.
Prerequisite(s): Audition required.
Notes: Offered in fall and spring.

159. Jazz Ensemble (1:3).
The jazz repertoire ensemble for large jazz bands.
Prerequisite(s): Audition required.
Notes: Offered in fall and spring.

160. String Ensemble (1:2).
An ensemble formed from available string players during any given semester. Practice outside the designated coaching sessions is required.
Prerequisite(s): Audition required.

161. Rock Hill Chamber Orchestra (1:3).
Performs chamber works for strings and other instruments.
Prerequisite(s): Audition required.

162. Jazz Combos (1).
Small group jazz setting of acoustic and electric instruments concentrating on the study and performance of improvisation in contemporary jazz and popular musical styles.
Prerequisite(s): Audition required.
Notes: Offered in fall and spring.

163. Percussion Ensemble (1:3).
A full percussion ensemble performing all styles of percussion literature from the standard repertoire and from other cultures.
Notes: Offered in fall and spring.

164. Flute Choir (1:2).
A full flute choir formed from available players during any given semester. Practice outside the designated coaching sessions is required.
Prerequisite(s): Audition required.

165. Brass Ensemble (1:2).
A full brass ensemble formed from available players during any given semester. Practice outside the designated coaching sessions is required.
Prerequisite(s): Audition required.

166. Chamber Ensemble: Vocal (1:2).
Various small vocal ensembles formed from available singers during any given semester. Practice outside the designated coaching sessions is required.
Prerequisite(s): Audition required.

167. Chamber Ensemble (1:0:1).
Various chamber ensembles formed from strings, winds, percussion, guitar and keyboards during any given semester.
Prerequisite(s): Permission of the Chair.

168. Guitar Ensemble (1:2).
Various small guitar ensembles formed from available guitarists during any given semester. Practice outside the designated coaching sessions is required.
Prerequisite(s): Audition required.
Notes: Offered in fall and spring.

169. Collegium Musicum (1:2).
A chamber ensemble formed from available players during any given semester performing a variety of early music on original instruments. Practice outside the designated coaching sessions is required.
Prerequisite(s): Audition required.
Notes: Offered in the fall.

171-172. Voice Class (1:2) (1:2).
An introduction to the fundamentals of singing with practical application of principles. Open to nonmajors.
181-182. Piano Class (1:2) (1:2).
Beginning courses in basic keyboard skills including reading from notation, scales, modes, improvisation, and harmonization.
Notes: Open to non-majors if space is available. Offered in fall and spring.

185. Guitar Class (1:2).
An introduction to the fundamentals of playing the guitar with practical application of principles.

Continued study of vocal fundamentals with emphasis on practical application.
Prerequisite(s): MUSA 172 or permission of the instructor.

281-282. Piano Class (1:2) (1:2).
A continuation of MUSA 181-182 but with more emphasis on piano literature, sightreading, harmonization and transposition.
Prerequisite(s): MUSA 182 or permission of the instructor.
Notes: Offered in fall and spring.

291. Woodwind Methods (1:2).
Basic techniques of playing and teaching woodwind instruments.

293. String Methods (1:2).
Basic techniques of playing and teaching stringed instruments.

295. Brass Methods (1:2).
Basic techniques of playing and teaching brass instruments.

297. Percussion Methods (1:2).
Basic techniques of playing and teaching percussion instruments.

331. Composition I (2-1).
A detailed study of composition designed to develop a basic skill or craft in the manipulation of musical materials. Extensive outside preparation.
Prerequisite(s): MUST 211 or consent of the instructor.

332. Composition II (2-1).
A continuation of the development of skills acquired in MUSA 331.
Prerequisite(s): MUSA 331.

370. Opera Production (1).
Participation and experience in an opera production. The work performed will vary with the semester.
Prerequisite(s): MUST 321 and audition or permission of the instructor.

431. Composition III (2-1).
A continuation of the development of skills acquired in MUSA 331-332.
Prerequisite(s): MUSA 332.

432. Composition IV (2-1).
A continuation of the development of skills acquired in MUSA 431.
Prerequisite(s): MUSA 431.

511. Score Reading (2-1).
Detailed study and analysis of musical scores to facilitate reducing scores to piano accompaniment.
Prerequisite(s): MUSA 282, MUST 212 and 507, or permission of the instructor.
Notes: May be re-taken for additional credit.

Philosophy (PHIL)

201. Introduction to Basic Issues in Philosophy (3).
Overview of the major areas of philosophic inquiry.
Notes: Offered every semester.

220. Logic and Language (3).
Introduction to classical and contemporary logic with special emphasis upon the nature of language used in reasoning and argumentation.
Notes: Offered every semester.

225. Symbolic Logic (3).
An introduction to modern symbolic logic, including symbolization, truth-value analysis, semantic and natural deduction for propositional and quantificational logic. Appropriate for students in computer science, sciences and mathematics.
Notes: Offered spring of alternate years.

230. Introduction to Ethics (3).
Begins with an introduction to several of the primary theories in ethics, like utilitarianism, egoism, deontology, etc. On this foundation, the course goes on to consider topics in applied ethics, such as abortion, human cloning, animal rights, drug legalization, world hunger, capital punishment, just war theory, etc.
Notes: Offered every spring.

300. The History of Philosophy from Plato to the Modern Age (3).
Study of the major Western philosophers.
Notes: Offered every spring.

303. Existentialism (3).
Introduction to the thought of the major existentialist thinkers, including Kierkegaard, Heidegger, Nietzsche, Tillich, Sartre and Camus.
Notes: Offered fall of alternate years.

305. American Philosophy (3).
Historical introduction to major United States philosophers from the eighteenth century to the present.
Notes: Offered variable times.

310. Theories of Knowledge (3).
An in depth survey of theories of knowledge. We consider the problem of skepticism and try to say what conditions must be met for one to know something. We explore, in detail, several contemporary approaches to
495. Methods and Research Seminar in Philosophy (3).
This course is an advanced research seminar for students who have already developed a solid background in their philosophy studies. The course emphasizes a detailed examination of selected topics and issues in philosophy. The course will include the assessment of core skills and knowledge from the major, and will improve writing skills as students develop their own research projects.
Prerequisite(s): PHIL 201, PHIL 300, RELG 201, RELG 300, 6 additional hours in PHIL or RELG.
Notes: Offered in spring of alternate years.

550. Special Topics in Philosophy (3).
An in-depth consideration of a specific topic of concern in philosophy. The course may be offered under various topics.
Prerequisite(s): Permission of the instructor.
Notes: Offered in fall, spring and summer. May be retaken for credit under different topics.

Physical Education (PHED)

101. Introduction to Physical Education (3).
This course provides an overview of the field of physical education and related subdisciplines. The course is intended for physical education majors and encompasses an examination of the student's personal strengths/weaknesses related to the various areas of physical education.
Notes: Offered in fall.

106. Tai Chi (1).
This course will teach the fundamentals of the ancient Chinese martial art of Tai Chi Chuan including basic posture, 12 and 72 movement forms, and push hands. The type of Tai Chi Gua, and Xing Yi, and has roots in the art of Chi Gong. It's natural fluid stances make it an ideal exercise system for those who desire a low-impact movement in order to encourage balance and focus as well as an understanding of the movement of energy within the body and sense of the body's relationship with the space around it.
Notes: Lab Fee: $20. Offered in the fall and spring.

110. Taekwando (1).
This course will provide fundamental skill development in the Korean martial art of Taekwando. The focus is on the self-development through self-defense skills.
Notes: Lab Fee: $20. Offered in the fall and spring.

111. Orientation to Athletic Training (1).
This course is designed for students interested in athletic training careers. Content includes history and requirements for certification and roles of trainees.
Notes: Lab Fee: $20. Offered in fall.

This course will allow students to apply the concepts of space awareness, effort, and relationships to human movement. Emphasis will be placed on using the three concepts to analyze both skilled and unskilled movements, explore the relationship of concepts to various skill themes, and apply the concepts in order to...
PHYSICAL EDUCATION

plan and implement developmentally appropriate instruction in physical education. A two hour teaching laboratory is part of the course.
Notes: Lab Fee: $20. Offered in fall. Lab Fee: $20. Offered in fall.

113. Disc Games (1).
This course will provide the student with an overview of Ultimate Disc and Disc Golf. Rules, etiquette, and participation in Ultimate Disc and Disc Golf will be the focus of this course.
Notes: Lab Fee: $20. Offered in the fall and spring.

114. Mountain Biking (1).
This course will provide the student with an overview of mountain biking, rules of the trail and road, safety, riding techniques, clothing, equipment, and basic bike maintenance.
Notes: Offered in the fall and spring.

115. Self Defense (1).
This course will allow students to enhance their overall wellness through the study of self-defense. The course is designed to teach students the fundamental self-defense skills through active participation.
Notes: Lab Fee: $20. Offered in the fall and spring.

150. Skill Themes, Concepts and the National Standards for the Physical Educator (2).
PHED 150 is designed to provide an understanding of the skill theme approach to children’s physical education curriculum, based on skill themes, concepts and generic levels of skill proficiency. Emphasis will be placed on developing an applied understanding of both “how” and “what” to teach in elementary physical education that will help children to begin to acquire the fundamental competencies needed to successfully participate in physical activities they will pursue as adolescents and adults.
Notes: Offered in spring.

This course consists of units of instruction in cardiorespiratory exercise, muscular fitness and flexibility, nutrition and body composition, and exercise safety. Class practicums will involve opportunities to learn and participate in a variety of fitness related activities and assessment procedures.
Notes: Lab Fee: $20. Offered in fall.

203. Developmental Movement for Young Children (3:2:1)
This course focuses on movement education as a tool for enhancing cognitive, physical, and social development for the young child (ages 3-8). Emphasis will be on acquiring a basic understanding of developmentally appropriate motor programming for young children and teaching strategies which enable young learners to develop fundamental movement concepts, skill themes, and fine motor skills. Attention will also be given to the importance of integrating movement across the curriculum to enhance cognitive and social development.

204. Snow Skiing (1:2).
Notes: Additional fee is required. A grade of S or U is recorded for this course. Offered during winter holiday break and spring semester.

205. The Martial Arts (1:2).
Physical fitness and self-defense are the primary emphasis within the traditional framework of discipline, endurance and self control unique to the martial arts.
Notes: Lab Fee: $45. Offered in the fall and spring. May be repeated for credit.

206. Outdoor Education: Hiking, Backpacking, Rafting (1:2).
Notes: Additional Fee: $70. A grade of S or U is recorded. Offered in spring.

207. Intermediate Snow Skiing (1:2).
Notes: Additional fee is required. A grade of S or U is recorded. Offered in spring.

211. Clinical Experiences in Athletic Training I (1).
This course provides opportunities for application of skills in a clinical setting. All experiences are obtained under the direct supervision of an ATC. Emphasis will be on working on assessment and recognition of lower extremity injuries and skills appropriate to caring for such injuries. Students are involved with both male and female athletes in this experience.
Prerequisite(s): PHED212. Admission to Athletic Training Program.
Notes: Lab Fee: $20. Offered in the fall and spring.

Lecture/demonstration experiences designed to expose students to techniques and knowledge required of athletic trainers. Topics covered include injury classification and terminology, injury prevention, the healing process, basic injury descriptions, and initial management of injuries.
Prerequisite(s): PHED 111. Corequisite(s): PHED 212L.
Notes: Offered in spring.

212L. Foundations of Athletic Training Lab (1).
Guided laboratory and clinical experience in athletic training. Development of skills in taping and wrapping techniques for management of athletic injuries. Development of skills in protective equipment fitting.
Corequisite(s): PHED 212.
Notes: Lab Fee: $60. Offered in spring.

221. Beginner’s Swimming (1:2).
Basic safety skills and swimming stroke skills are taught in accordance with the specifications of the American Red Cross courses.
Notes: Lab Fee: $20. Offered in the fall and spring.

223. Group Facilitation and Leadership (2).
This course is designed to allow students the opportunity to practice group facilitation techniques and leadership skills. Students will be both participants and leaders on the low and high ropes courses while practicing their
group facilitation skills. The experiential learning cycle and the cycle’s impact on learning will be an important focus of the course. Students will have the opportunity to implement both basic and advanced debriefing and facilitation techniques.

Notes: Offered in fall.

224. Lifeguard Training (2:2:1).
This course is designed to meet the American Red Cross certification requirements for Lifeguard Training. Prerequisite(s): Swimming endurance, knowledge of basic strokes, standing dive, treading water, surface diving and underwater swimming.
Notes: Lab Fee: $20. Offered in spring.

225. Water Safety Instructor (2:3).
Theory and practice of teaching swimming and water safety skills to all ages, infant through adult. This course meets the certification requirements of the Water Safety Instructor course of the American National Red Cross. Prerequisite(s): Pre-test basic swimming strokes for speed and accuracy, age 17 or older. Current instructor authorization in Health Instructor Candidate Training Course (TCT).
Notes: Lab Fee: $20. Offered in the fall.

226. Scuba Diving (1:1:2).
This course is designed to provide the average or above average swimmer with an opportunity to become a certified PADT scuba diver. There is an extra fee above the regular registration.
Notes: Additional fee: $220. A grade of S or U is recorded. Offered in fall and spring.

227. Lifeguard Instructor & Aquatic Management (1:2).
The purpose of the course is to train students to teach the American Red Cross Basic and Emergency Water Safety, Lifeguard Training and Lifeguard Training Review courses. It will also equip students to manage various aquatic facilities. Prerequisite(s): PHED 224 or equivalent.
Notes: Lab Fee: $20.

228. Advanced Scuba (1-2).
This course is a continuation of PHED 226 - Scuba Diving. The successful student will receive international diver certification beyond the PHED 226 level. Prerequisite(s): PHED 226. Notes: Additional fee: $145. A grade of S or U is recorded. Offered in fall and spring.

229. Scuba Diver Rescue (1-2).
Students will learn how to effect above and underwater rescue of a SCUBA diver. The successful candidate will receive international certification as a SCUBA diver rescuer. Prerequisite(s): PHED 228. Notes: Additional fee: $195. A grade of S or U is recorded. Offered in fall and spring.

230. Beginning Fencing (1:2).
Notes: Lab Fee: $20.

231. Fitness for Life (2).
A participation/theory course in which aspects of fitness and activity are studied.

233. Badminton (1:2).
Notes: Lab Fee: $20. Offered in fall and spring.

235. Beginner's Tennis (1:2).
Notes: Lab Fee: $20. Offered in fall and spring.

236. Intermediate Tennis (1:2).
This course is designed to refine and improve basic strokes. Advanced strokes and techniques are incorporated. Students are given opportunity to learn game strategy and tactics through tournament play. Notes: Lab Fee: $20. Offered in the fall and spring.

237. Golf (1:2).
Notes: Lab Fee: $20. Offered in fall and spring.

238. Intermediate Golf (1:2).
Designed to reinforce previously learned skills and to add other skills with supplementary knowledge for game play and appreciation. Notes: Lab Fee: $20. Offered in the fall and spring.

This course is designed to present information concerning fundamental concepts in motor learning and control. Topics include stages of skill acquisition, neurological bases of movement, motor integration, feedback, motor memory, conditions of practice, attention, perception, and the scientific method. Students will apply theoretical concepts to human movement. Notes: Offered in spring.

245. Water Aerobics (1:2).
A course designed to increase cardiovascular fitness through the use of locomotor movements and calisthenic type exercise in the water. No swimming skills are needed for success in this course. Notes: Lab Fee: $20. Offered in fall and spring.

246. Aerobic Walking (1:2).
This course is designed to increase cardiovascular fitness through brisk walking. It will contain a core of knowledge concerning conditioning, self assessment, injury prevention, stress reduction, and other related health topics for optimum wellness outcomes. Notes: Lab Fee: $20. Offered in the fall and spring.

253. Current Activities: Basic Training (1).
Basic training is a participation course designed to increase strength, definition and cardio-respiratory fitness through the use of light hand weights in a continuous exercise routine to music. Notes: Lab Fee: $20. Offered in the fall and spring.

254. Volleyball (1:2).
Notes: Lab Fee: $20. Offered in fall and spring.

256. Intermediate Basketball (1:2).
Notes: Lab Fee: $20.
257. Current Activities: Cardio Kick (1:0:2).
Cardio Kick is a trendy, upbeat cardiovascular training that combines martial arts and “Boot Camp” techniques. The class will begin with a focus on the use of STEPS then will add the Martial Arts elements, ending with high intensity “Boot Camp”, plyometrics system. No prior experience necessary.
Notes: Lab Fee: $20. Offered in the fall and spring.

261. Movement Activities for Teachers of Children Ages 6-12 (1).
A participation course of movement and fitness activities based on movement concepts and skill themes. This course is designed to provide elementary education teachers with a fundamental understanding of fitness concepts and developmentally appropriate movement lessons for children 6-12 years of age.
Notes: Lab Fee: $20. Offered in fall and spring.

263. Handball and Racquetball (1:2).
Notes: Not offered this academic year.

264. Fitness/Wellness Careers Laboratory (1).
The course will provide opportunities for students to have observation/participation experiences in fitness/wellness settings. Each student will participate in three different areas related to the fitness/wellness cognates. Course will include seminars with instructor, other students, and professionals from different areas in which observation/participation experiences are scheduled.
Prerequisite(s): PHED 101.
Notes: Offered in fall and spring.

265. Current Activities: Aerobic Dance (1:2).
A fitness-oriented course using continuous dance routines with music.
Notes: Lab Fee: $20. Offered in fall and spring.

266. Yoga (1).
A participation course focused on enhanced flexibility, posture, and breath control. It includes a gentle but firm approach to discipline through the fundamental principles of this ancient practice.
Notes: Lab Fee: $20. Offered in fall and spring.

267. Weight Training (1:2).
The study and practice of weight training activities.
Notes: Lab Fee: $20. Offered in fall and spring.

269. Track and Field (1:2).
Notes: Not offered this academic year.

270. Intermediate Badminton (1:2).
Prerequisite(s): 233 or permission of the instructor.
Notes: Lab Fee: $20. Offered in spring.

282. Beginning Rock Climbing (1:0:2).
This course is designed to allow the student an opportunity to learn and experience current techniques, safety, equipment, and fitness of basic rock climbing.
Notes: An additional fee: $40. Offered in fall and spring.

290. Assessment in Physical Education (2:1:2).
This course will provide the student with the basic knowledge and skills necessary to assessment k-12 student performance in physical education. Emphasis is given to analyzing skills, selecting & administering traditional assessment instruments, and developing authentic assessment tools. Participants will be working with k-12 students during the class.
Notes: Offered in spring.

303. Teaching Aerobic Activity (1).
This course is designed to increase knowledge and instructional skills in various forms of aerobic exercise such as aerobic dance, water aerobics, and aerobic walking. The course will also investigate certification programs and requirements for individuals to lead and teach aerobic exercise classes.
Prerequisite(s): Physical Education majors or permission of the chair.
Notes: Offered in the fall and spring.

This course is designed to expand the student’s knowledge of outdoor recreation. Introduction and participation in outdoor pursuits such as backpacking, rock climbing, kayaking, rafting, orienteering, cycling and ropes course are included. Field experiences are required.
Notes: Additional fee: $70. Offered on demand.

311. Clinical Experiences in Athletic Training II (1:0:3).
This course provides opportunities for application of skills in a clinical setting. All experiences are obtained under the direct supervision on an ATC. Emphasis will be working on assessment and recognition of upper extremity injuries and skills appropriate to caring for such injuries. The student will also apply the knowledge gained with therapeutic modalities to the care of male and female athletes.
Prerequisite(s): PHED 211.
Notes: Lab Fee: $20.

Lecture and laboratory designed to demonstrate principles of nutrition and exercise related to the control of body weight. (Same as NUTR 320).
Notes: Offered in spring.

324. Dive Leader (1-2).
Students will learn to plan safe and successful diving activities and how to supervise students in training. Students will receive international certification that allows them to assist with and supervise SCUBA activities.
Prerequisite(s): PHED 229.
Notes: Additional fee: $400. Offered on demand.

325. Sport Governance and Ethics (3).
This course provides an overview of the major amateur and professional sports governance structures and the ethical principles that guide these organizations. Ethics applied to sport business and ethical decision-making will also be a focus of the course.
Prerequisite(s): SPMA major.
Notes: Offered in the fall.

327. Scientific Foundations of Sport (3).
The study and practical application of physiological, biomechanical and motor learning principles as they relate to athletic performance.
Prerequisite(s): BIOL 101.
Notes: This course is restricted to SPMA majors and coaching minors. Offered in spring.

330. Physical Education & Recreation for Children with Special Needs (3).
This course is designed to acquaint students with methods, techniques, and activities to be used in assessment of abilities and teaching physical education for children with special needs.
Prerequisite(s): Sophomore level or higher.
Notes: Offered in fall and spring.

Lecture/demonstration experiences designed to expose students to techniques and knowledge required of athletic trainers. Topics covered include lower extremity injury evaluation, training room operations and procedures, and initial management of injuries.
Prerequisite: BIOL 307
Corequisite(s): PHED 338L.
Notes: Offered in fall.

338L. Assessment of Athletic Injuries and Illnesses: Lower Extremity & Lab (1).
Guided laboratory and clinical experience in athletic training. Observation and practice of skills gained in lecture, including the evaluation of lower extremity injuries. Actual practice in dealing with athletic injuries, including attending athletic events under staff supervision.
Corequisite(s): PHED 338.
Notes: Offered in fall.

Lecture/demonstration experiences designed to expose students to techniques and knowledge required of athletic trainers. Topics covered include upper extremity and cervical spine injury evaluation, training room operations and procedures, and initial management of injuries.
Prerequisite(s): BIOL 306.
Corequisite(s): PHED 339L.
Notes: Offered in spring.

339L. Assessment of Athletic Injuries and Illnesses: Upper Extremity Lab (1).
Guided laboratory and clinical experience in athletic training. Observation and practice of skills gained in lecture, including the evaluation of upper extremity and cervical spine injuries. Actual practice in dealing with athletic injuries, including attending athletic events under staff supervision.
Corequisite(s): PHED 339.
Notes: Offered in spring.

This course involves the study and application of theories of development and instruction, with particular attention to the goals and values of a well-planned and executed physical education program for children in grades K-5.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Offered in fall.

349. Physical Education Curriculum & Methodology for the Intermediate or Middle School (2:2:2).
Study and application of theories of adolescent development and physical education planning and instruction, with particular attention to the goals and values of a well-planned and executed physical education program at the intermediate or middle school level.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): PHED 369.
Notes: Offered in spring.

350. Adapted Physical Activity and Sport (3:3:0).
This is an introductory course designed to provide the student with the knowledge and skill required to meet the professional and legal mandates pertaining to physical activity for individuals with disabilities. On-hand experience with individuals who have disabilities is a part of the course work. In addition, students are required to complete 10 hours of service working with individuals who have disabilities in the Rock Hill area.

361. First Aid and Cardiopulmonary Resuscitation (1).
Meets requirements for American Red Cross Certification(s) in the areas of Standard First Aid, Adult, Child and Infant CPR. Safety practices and emergency procedures are included.
Notes: Lab Fee: $20. Offered in fall and spring.

363. Medical Aspects of Sport and Related Injuries (3:3:0).
A review of selected medical aspects of sport taught by guest medical experts from community hospitals and private practice.
Prerequisite(s): PHED 211, 212, 311.
Notes: Offered in fall.

369. Instructional Laboratory (1).
This course is designed to provide the preservice physical education teacher with the practical experiences required to fulfill the professional responsibilities of a successful intermediate or middle school physical educator.
Corequisite(s): PHED 349.
Notes: Offered in spring.

379. Teach Advanced Based Experiential Education (3).
This course introduces experiential education techniques as they apply to a ropes course and to outdoor setting. Topics will include the experiential learning cycle, feedback, support, processing, safety techniques and effective communication.
Notes: Lab Fee: $20. Offered in fall.
PHYSICAL EDUCATION

380. History of Sport (3).
This course provides an overview of sport in the United States with primary focus on the nineteenth century. Sport will be examined as both an outgrowth of education and as an economic enterprise. Selected sports will be studied from the standpoint of their development, influential people and governance. The roles of women and minorities in sport will be studied along with the factors in influencing their participation.
Prerequisite(s): PHED 101 or SPMA 101 with a grade of C or better.
Notes: Offered in spring.

381. Philosophy and Principles of Human Movement (3).
A study of the foundations, objectives and societal relationships of human movement as applied to fields of physical education.
Prerequisite(s): Junior status, grade of C or better in WRIT 101 or 102.
Notes: Intensive Writing course. Restricted to PHED and SPMA majors. Offered in fall and spring.

382. Kinesiology (3:2:2).
The study of human movement.
Prerequisite(s): BIOL 305-306.
Corequisite(s): BIOL 305-306.
Notes: Offered in spring and every even summer.

384. Exercise Physiology (3:2).
This course will examine how the human body, from a functional and health-related standpoint, responds, adjusts, and adapts to acute exercise and chronic training. Basic skills of imparting health-related fitness information will also be presented.
Corequisite(s): BIOL 305 or BIOL 306.
Notes: Offered in spring and every odd summer.

391. Principles of Teaching Physical Education, Curriculum & Methodology for Grades 6-12 (3).
The content is specific to the students' subject matter field and addresses specific instructional needs and techniques. Specifically, this course focuses on development and delivery of physical education programs designed for students in grades 6-12.
Prerequisite(s): Admittance to Teacher Education Program
Notes: Offered in spring.

393. Practicum in Coaching (1:1:1).
This course is designed to provide field experiences to the junior and senior coaching minor student. The 40 hour experience will be in a coaching setting with a focus on preparing and supervising athletes in all areas of sport competition.
Prerequisite(s): Nine hours completed in the coaching minor to include PHED 361 or PHED 561 and permission from the coaching minor coordinator.
Notes: A grade of S or U is recorded. Offered in fall and spring.

394. Field Experience in Teaching Physical Education (1:0:8).
Students will spend 8 hours per week in the classroom under the supervision of a physical education professor and will work with a mentor teacher, in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education Program and EDUC 310.
Corequisite(s): PHED 391 and EDUC 390.
Notes: A grade of S or U is recorded. Offered in fall.

395. Fitness/Wellness Program Application (1).
This course is designed to give appropriate field experiences to the junior Physical Education major in the fitness/wellness option. The 30 hour experience will occur in the cognate area and will require the student to demonstrate planning and instructional skills in a fitness/wellness setting.
Prerequisite(s): PHED 264 or permission of instructor.
Notes: Offered in the fall and spring.

408. Special Problems in Physical Education (1).
Independent study in Physical Education and related areas.
Notes: Offered as needed.

450. Honors: Selected Topics in Physical Education and Allied Fields (3).
Prerequisite(s): Seventeen hours in physical education and permission of the Department Chair.
Notes: Offered on demand.

460. Special Topics in Physical Education: Coaching Basketball (1).
This course is designed to allow the prospective coach an opportunity to review basic skills and strategies in coaching basketball.
Prerequisite(s): Experience in basketball or permission of instructor.

462. Special Topics in Physical Education: Coaching Volleyball (1).
This course is designed to allow the coach, or prospective coach, an opportunity to review basic skills and strategies, and to investigate intermediate and advanced volleyball techniques and strategies.
Prerequisite(s): Experience in volleyball or permission of instructor.

464. Special Topics in Physical Education: Coaching Baseball/Softball (1).
This course is designed to allow the prospective coach to review the current theories, trends, and training techniques in the teaching and coaching of baseball and fast-pitch softball.
Prerequisite(s): Experience in baseball or softball or permission of instructor.

465. Strength and Conditioning Certification (2) (1).
This course is designed to prepare students for the National Strength and Conditioning Certification examination. Students will be planning and implementing weight training and conditioning programs based on individual assessments. In addition, students will be reviewing current techniques, theories, and practices of conditioning and strength training for various sports.
496. Special Topics in Physical Education: Coaching Soccer (1).
This course is designed to allow the prospective coach to review the current skills, strategies and training techniques on coaching soccer.
Prerequisite(s): Sophomore status; Experience in soccer or permission of instructor.

476. Facilities Management and Design (3).
The role and responsibilities of facility management and design in sport. Emphasis will be placed on fiscal management, facilities operation, risk management and the design process.
Notes: Restricted to SPMA and PHED majors or permission of chair. Offered in spring.

This course will examine the appraisal of health-related fitness and exercise programming for individuals who are healthy, at risk, injured and unhealthy individuals.
Prerequisite(s): PHED 382 Kinesiology and PHED 384 Exercise Physiology, and BIOL 307 and BIOL 308 Fundamentals of Human Anatomy and Physiology.
Notes: Offered in fall and spring.

482. Effective Leadership in Outdoor Education (3).
Through this course students will gain skills and knowledge to enable them to become effective leaders in outdoor settings. This information includes program design and trip planning, decision making, emergency procedures, leadership styles, goal setting, facilitation, risk management and ethics.
Prerequisite(s): PHED 307.

495A. Internship: Fitness/Wellness (12).
This internship provides students the opportunity for guided practical experience in a fitness/wellness setting. Students are required to complete a minimum of 520 hours at an approved internship site. Students will complete all requirements identified in the fitness/wellness internship handbook.
Prerequisite(s): Senior status and completion of BIOL 307 and 308.
Notes: Offered in the fall, spring, and summer.

496A. Seminar in Fitness/Wellness (1:1:0).
The purpose of this course is to provide students the opportunity to discuss issues and express concerns they may have prior to enrolling the internship. A second purpose of the course is to prepare students for successful entry into the fitness/wellness internship required in PHED 495A. Professional preparation, interviewing skills, and career opportunities will all be discussed.
Prerequisite(s): Junior status as a Fitness/Wellness major, grade of C or higher in PHED 101, good academic standing with the university, minimum 2.25 GPA, and approval of the Fitness/Wellness Program coordinator.
Corequisite(s): PHED 495A.
Notes: Offered in fall and spring.

496B. Administrative Aspects of Athletic Training (3).
The capstone course is a culminating experience for students in the field of athletic training or a related sports medicine area. This course focuses on administration of athletic training programs.
Prerequisite(s): PHED 497, 498, 565.
Corequisite(s): PHED 495.

497. Clinical Experiences in Athletic Training III (1).
This course provides opportunities for application of skills in a clinical setting. All experiences are obtained under the direct supervision of an ATC. Emphasis will be on advanced skills of injury evaluation and development and implementation of treatment protocols for male and female involved in “low risk” sports.
Prerequisite(s): PHED 311, 338 and 339.
Notes: Lab Fee: $20. Offered in fall.

498. Clinical Experiences in Athletic Training IV (1).
This course provides opportunities for application of skills in a clinical setting. All experiences are obtained under the direct supervision of an ATC. Emphasis will be on advanced skills of injury rehabilitation and implementation of treatment protocols for male and female involved in “high risk” sports.
Prerequisite(s): PHED 497 and 564.
Notes: Lab Fee: $20. Offered in spring.

499. Clinical Experiences in Athletic Training V (1).
This course provides opportunities for application of skills in a clinical setting. All experiences are obtained under the direct supervision of an ATC. Emphasis will be on advanced skills of injury evaluation and development and implementation of treatment protocols for male and female athletes in a high school athletic training setting.
Prerequisite(s): PHED 498 and 565.
Notes: Lab Fee: $20. Offered in fall.

500. Clinical Experiences in Athletic Training VI (1).
This course provides opportunities for application of skills in a clinical setting. All experiences are obtained under the direct supervision of an ATC. Emphasis will be on advanced skills of injury evaluation and development and implementation of treatment protocols for male and female athletes involved in “high risk” sports.
Prerequisite(s): PHED 499 and PHED 496B.
Notes: Lab Fee: $20. Offered in the spring.

510. Financial Management of Fitness and Interscholastic Athletic Programs (3:3:0).
The purpose of the course is to introduce students to a number of financial and staffing topics that are relevant to the sport industry. Major concepts to be studied will include basic financial concepts, budgeting, revenue streams, current financial issues in sports, staffing, assessment of staff, staffing policy and procedures, and a number of other relevant topics.
Prerequisite(s): PHED or SPMA major. Junior, Senior, or Graduate standing.
512. Seminar on Contemporary Leaders and Organizations in Health, Physical Education and Recreation (2).  
Study of current issues and contemporary leaders through preliminary study and attendance at the South district or National AAHPERD Convention.  
Notes: Offered in fall.  
Notes: May be retaken for additional credit.

515. Computer Utilization in Physical Education (3).  
This course is designed to familiarize students with computer administrative functions of word processing, data based management and electronic spreadsheet, as well as appropriate computer software in classroom applications.  
Prerequisite(s): CSCI 101, EDUC 275 or permission of instructor.  
Notes: Offered in spring. May be retaken for additional credit.

525. Risk Management in Physical Activity and Sport (3).  
This course is designed to introduce the student to the legal principles applicable to a variety of sport settings. The topic of tort liability will be explored in depth with special emphasis on the effective management of risk.  
Prerequisite(s): Junior status or above as a SPMA or PHED major.

548. Psychology of Sport and Physical Activity (3).  
An analysis of the psychological factors involved in sport and physical activity with emphasis on performance enhancement.  
Prerequisite(s): PSYC 101.  
Notes: Offered in the fall and spring.

563. Therapeutic Modalities for Athletic Training (3:2).  
An introduction to purposes, effects and applications of therapeutic modalities for use in treating athletic injuries.  
Lecture, demonstration and discussion formats will be included.  
Prerequisite(s): PHED 338.  
Corequisite(s): PHED 563L.  
Notes: Offered in spring.

563L. Therapeutic Modalities for Athletic Training Lab (1).  
Guided laboratory experience in the application of therapeutic modalities.  
Corequisite(s): PHED563.  
Notes: Offered in the spring.

Lecture/demonstration experiences designed to expose students to techniques and knowledge required of athletic trainers. Topics covered include head, trunk and spine injury evaluation, training room operations and procedures, and initial management of injuries.  
Prerequisite(s): BIOL 307  
Corequisite(s): PHED 564L.  
Notes: Offered in fall.

564L. Assessment of Athletic Injuries and Illnesses: Head, Trunk & Spine Lab (1).  
Guided laboratory and clinical experience in athletic training. Observation and practice of skills gained in lecture, including the evaluation of head, trunk and spine injuries. Actual practice in dealing with athletic injuries, including attending athletic events under staff supervision.  
Corequisite(s): PHED 564.  
Notes: Offered in the fall.

565. Therapeutic Exercise and Rehabilitation for Athletic Training (2:1).  
An introduction to intermediate and advanced techniques in therapeutic exercise and rehabilitation programs for athletic injuries. Lecture, discussion, and demonstration formats will be included.  
Prerequisite(s): PHED 338, 339, 564.  
Corequisite(s): PHED 565L.  
Notes: Offered in spring.

565L. Therapeutic Exercise and Rehabilitation for Athletic Training & Lab (1).  
Guided laboratory experience designed to provide competency in the development of reconditioning programs.  
Prerequisite(s): PHED 338, 339, 564.  
Corequisite(s): PHED 565.  
Notes: Offered in spring.

571. Theory of Coaching (3).  
Introduction to the philosophy, principles and techniques of coaching with emphasis on the psychological and sociological processes.  
Notes: Offered in spring.

Physical Science (PHSC)

101. Physical Science (3).  
A survey of the basic principles, laws and methodology in Physics and Astronomy.  
Notes: Offered in summer.

102. Physical Science (3).  
Survey of the basic principles, laws and methodology in Chemistry and Earth Science.  
Notes: Offered in summer.

Physics (PHYS)

A conceptual introduction to the physics of everyday phenomena primarily intended for non-science majors. Introductory concepts and principles in mechanics, sound, heat, electricity, magnetism, and light will be covered.  
Corequisite(s): PHYS 102.  
Notes: Offered in the spring and summer.

102. Everyday Physics Laboratory (1:0:3).  
An introductory physics laboratory course primarily
intended for non-science majors. Experiments will be selected from mechanics, sound, heat, electricity, magnetism, and light.
Corequisite(s): PHYS 101.
Notes: Lab Fee: $40. Offered spring and summer.

105. Energy and the Environment (3).
The course surveys energy resources and deals with present and possible future energy usage and its effect on the global Environment.

201. General Physics I (4:3:3).
Basic concepts and principles of physics, including mechanics, heat, sound, electricity, magnetism, and optics. Primarily a course for students in the life and health sciences.
Prerequisite(s): Completion of General Education Quantitative Skills requirement with a grade of C or above.
Notes: Lab Fee: $40. A student may not receive credit for both PHYS 201 and PHYS 211 and for both PHYS 202 and 212. Offered in fall.

202. General Physics II (4:3:3).
Basic concepts and principles of physics, including mechanics, heat, sound, electricity, magnetism, and optics. Primarily a course for students in the life and health sciences.
Prerequisite(s): A grade of C or better in all of the following: PHYS 201.
Notes: Lab Fee: $40. Offered in spring.

211. Physics with Calculus I (4:3:3).
A calculus-based introductory physics course primarily intended for students in the physical and mathematical sciences. The course covers mechanics, wave motion, thermodynamics, electromagnetism, optics and some modern physics.
Prerequisite(s): A grade of C or better in MATH 201.
Notes: Lab Fee: $40. A student may not receive credit for both PHYS 201 and 211 and for both PHYS 202 and 212. Offered in fall.

212. Physics with Calculus II (4:3-3).
A calculus-based introductory physics course primarily intended for students in the physical and mathematical sciences. The course covers mechanics, wave motion, thermodynamics, electromagnetism, optics and some modern physics.
Prerequisite(s): A grade of C or better in all of the following: PHYS 211.
Notes: Lab Fee: $40. Offered in the spring.

An introductory course in physics and chemistry primarily intended for education majors, incorporating the science curriculum standards of South Carolina. Restricted to ECED, ELED and SPED majors.
Prerequisite(s): Completion of General Education Quantitative Skills Requirement with a grade of C or above.
Corequisite(s): PHYS 251.
Notes: Offered in fall, spring and summer.

251. Matter and Energy Laboratory (1:0:3).
A laboratory to accompany PHYS 250. Restricted to ECED, ELED and SPED majors.
Prerequisite(s): CTQR 150.
Corequisite(s): PHYS 250.
Notes: Lab Fee: $40. Offered in fall, spring and summer.

253. Astronomy (3).
A descriptive astronomy course for the liberal arts student covering the solar system, stars, galaxies, and cosmology.
Notes: Offered in spring.

256. Musical Acoustics (3).
An introductory musical acoustics course covering production, propagation and basic properties of musical sounds as well as musical instruments, auditorium acoustics and sound reproduction media.
Notes: Offered as needed.

301. Modern Physics (3).
An introductory modern physics course covering relativity, early quantum theory and basic quantum mechanics with selected applications to atomic, nuclear, solid state, and particle physics.
Prerequisite(s): A grade of C or better in all of the following: PHYS 212 or PHYS 202.
Notes: Offered in fall.

315. Circuit Analysis (3:2:3).
An intermediate level circuit analysis course that covers DC and AC circuits and their design using semiconductor devices.
Prerequisite(s): A grade of C or better in all of the following: PHYS 212 or PHYS 202, MATH 202.
Notes: Lab Fee: $40. Offered as needed.

321. Materials Science (3).
An introduction to the synthesis, structure, properties, and technical performance of engineering metals, ceramics, and polymers and semiconductors and superconductors.
Prerequisite(s): A grade of C or better in all of the following: PHYS 212 or PHYS 202, CHEM 106.
Notes: Offered in as needed.

Introduction to the principles of particle and rigid body mechanics with engineering applications. Force systems, equilibrium conditions, simple structures, and machines will be analyzed.
Prerequisite(s): A grade of C or better in all of the following: PHYS 211.
Notes: Offered as needed.

A study of kinematics and kinetics of particles and rigid bodies. Major topics covered are Newton's second law, work-energy and impulse-momentum principles, energy and momentum conservation laws and applications of plane motion of rigid bodies.
Prerequisite(s): A grade of C or better in all of the following: PHYS 331.
Notes: Offered as needed.
PHYSICS/POLITICAL SCIENCE

350. Thermodynamics (3).
An intermediate level thermodynamic course that covers
the basic concepts of heat and temperature, the laws of
thermodynamics with application to simple
thermodynamic systems, processes, and thermal
properties of substances.
Prerequisite(s): A grade of C or better in all of the
following: MATH 202 and PHYS 201 or PHYS 211 or
CHEM 106.
Notes: Offered as needed.

351, 352, 353. Independent Study in Physics (3) (3) (3).
Directed study of topics in physics which are not
available through the regular curriculum.
Prerequisite(s): Permission from the Department Chair
and PHYS 202 or 212.
Notes: Offered in fall, spring and summer.

Political Science (PLSC)

201. American Government (3).
National governmental institutions and the political
processes which shape public policy. Meets state
requirements for course on the U.S. Constitution.
Notes: Offered in fall, spring and summer.

202. State and Local Government (3).
A comparative study of the structure and functions of
state and local government institutions and political
processes.
Notes: Offered in fall and spring.

205. International Politics (3).
An introduction to the conceptual framework of
contemporary foreign policy and international relations.
Notes: Offered in fall and spring.

207. Comparative Politics (3).
An introduction to the discipline of comparative politics.
The course will explore the theoretical components of
governments of the world and will prepare students for
upper level area studies.
Notes: Offered in fall and spring.

210. Introduction to Law (3).
An introduction to legal processes, institutions, and the
principles of key substantive areas of law.

220. Introduction to Public Administration (3).
A survey of the major topics in the study of American
public administration, including organization theory,
personnel management, financial management, and
administrative law.
Prerequisite(s): PLSC 201.
Notes: Offered variable times.

260. The United Nations (3).
The organization and procedures of the United Nations.
Preparation for participation in a model United Nations.
Notes: Intensive Oral Communication course. Offered
in spring.

The study of the government of South Carolina with
particular emphasis on current and perennial problems.
Prerequisite(s): PLSC 202 or permission of instructor.
Notes: Offered variable times.

305. The National Executive (3).
Study of the contemporary U.S. Presidency and the
Executive Branch.
Prerequisite(s): PLSC 201 with a grade of C or better, or
permission on instructor.

306. Congress (3).
Congress and its principal activities, including an
analysis of the legislative process.
Prerequisite(s): PLSC 201 with a grade of C or better, or
permission of instructor.

307. American Parties and Practical Politics (3).
Political parties, interest groups and citizen politics.
Prerequisite(s): PLSC 201 with a grade of C or better, or
permission of instructor.
Notes: Offered variable times.

310. The Judiciary (3).
The courts as decision-making bodies in the political
process. Their relationship to the legal profession,
interest groups and other parts of government.
Prerequisite(s): PLSC 201 with a grade of C or better, or
permission of instructor.
Notes: Offered variable times.

311. Constitutional Law: Federalism and Institutions
(3).
The substantive law of separation of powers; powers
among the branches of government and between national
and state governments. Emphasis on legal, political and
historical contexts and processes.
Prerequisite(s): PLSC 201 or permission of instructor.
Notes: Offered variable times.

312. Constitutional Law: Civil Rights and Civil
Liberties (3).
The substantive law of rights and liberties, with an
emphasis on the political freedoms of speech and press,
religious freedom, freedom from discrimination, and due
process rights in criminal law.
Prerequisite(s): PLSC 201 or permission of instructor.
Notes: Offered variable times.

313. Public Opinion and Political Participation (3).
The nature, formation and measurement of public
opinion, including the kinds of political participation,
and the ways that public opinion, political participation,
and public policy influence one another.
Prerequisite(s): PLSC 201 with a grade of C or better, or
permission of instructor.
Notes: Offered variable times.

314. Media and Politics (3).
The effects of the mass media on American politics
including its impact on campaigns, institutions and
public policy.
315. Urban Politics (3).
The operation of government in metropolitan areas.
Prerequisite(s): PLSC 201 with a grade of C or better, or permission of instructor.
Notes: Offered variable times.

320. Public Budgeting (3).
A practical focus upon public finance that includes a comparison of alternative budget formats, key analytical techniques and budgetary politics.
Prerequisite(s): PLSC 201 with a grade of C or better, or permission of instructor.
Notes: Offered variable times.

321. Public Policy and Policy Analysis (3).
A study of policy formulation and adoption at various governmental levels and of methodologies used to measure policy impacts.
Prerequisite(s): PLSC 201 with a grade of C or better, or permission of instructor.
Notes: Offered in fall and spring.

322. Planning and Program Management (3:3:0).
A course that focuses on the planning and managing public programs.
Prerequisite(s): PLSC 201 with a grade of C or better or permission of instructor.
Notes: Offered variable times.

325. Environmental Politics (3).
A study of the creation and implementation of major national and international environmental policies, and the varied social and political movements engaged environmental politics.
Notes: Offered variable times.

335. Government and Politics of Latin America (3).
Examination of contemporary political issues, political forces, and governmental institutions in Latin America.
Prerequisite(s): PLSC 205 or PLSC 207 or permission of instructor.
Notes: Offered variable times.

336. Post Soviet Politics (3).
An introduction to the government and politics of the nations of the former Soviet Union with particular emphasis on the politics of reform. The latest scholarship will be utilized, as will the enduring classics in the field.
Prerequisite(s): PLSC 205 or PLSC 207 or permission of instructor.

337. Women and Global Politics (3).
Examines the role of women in the sphere of global politics. Course assumes some knowledge of the basic issues confronting women in contemporary global context.
Prerequisite(s): WMST 300 or PLSC 205 or PLSC 207 or permission of instructor.

Examination of historical and contemporary political issues, political forces, and governmental institutions in Africa.
Notes: PLSC 205 or PLSC 207 or permission of instructor.

339. Social Movement Politics and Political Protest. (3)
This course will expose students to the theories and practices of several protest movements around the world. We will examine the theoretical literature on social movements and explore several case studies of political protest, social movements, and revolutions in practice from a comparative perspective.
Notes: Offered in fall alternate years.

345. European Politics (3).
A study of governmental systems, cultures, and enduring problems of Western and Central Europe.
Prerequisite(s): PLSC 205 or PLSC 207 or permission of instructor.
Notes: Offered alternate fall semesters.

350. Scope and Methods (3).
Introduction to methodology, the research process, the relationship of theory to research and the conduct of research involving research techniques and simple numerical analysis.
Notes: Lab Fec: $40. Intensive Writing course. Offered in the fall and spring.

351. Ancient and Medieval Political Thought (3).
Survey of the history of Western political thought from the Ancient Greeks through the Middle Ages.
Prerequisite(s): GNED 102 or permission of instructor.

352. Modern and Contemporary Political Thought (3).
Survey of the major political ideas of the modern era from the Enlightenment through Postmodernism.
Prerequisite(s): GNED 102 or permission of instructor.

355. Political Ideologies (3).
A critical study of the ideologies important to the formulation and development of the political systems in the modern world.
Prerequisite(s): GNED 102 or permission of instructor.

356. American Political Thought (3).
Explores the origins of current American Political Thought through an examination of political writings from colonial times to the present.
Prerequisite(s): GNED 102 or permission of instructor.

371. Women and Politics in the U S (3).
Explores women’s roles in the American political process.
Prerequisite(s): PLSC 201 or WMST 300 with a grade of C or better, or permission of instructor.

450H. Honors: Selected Topics in Political Science (3).
Prerequisite(s): Permission of the Chair.
Notes: Students are limited to a total of nine hours in PLSC 450H, 498, 501, 502, 503, and HONR 450H combined. Offered in fall and spring.
POLITICAL SCIENCE/PSYCHOLOGY

471, 472, 473. Academic Internship in Political Science (1) (2) (3).
Prerequisite(s): Permission of the Chair.
Notes: Offered in fall, spring and summer.

478. Independent Study in Political Science (3).
This course is designed to allow students to study a topic of Political Science in greater depth than allowed in a traditional classroom setting. Students will receive assignments from their supervising instructor as appropriate.
Prerequisite(s): Permission of instructor and chairperson required.
Notes: Course may be repeated once. Students are limited to a total of nine hours in PLSC 498, 501, 502, 503, and HONR 450H combined.

Students conduct original research in a Political Science field.
Prerequisite(s): permission of instructor and chair required.
Notes: Students are limited to a total of nine hours in PLSC 498, 501, 502, 503, 450H and HONR 450 combined.

504. American Foreign Policy (3).
Study of policy formulation and the decision-making process.
Prerequisite(s): PLSC 205 or PLSC 207 or graduate status or permission of instructor.

505. Government and Politics of Modern China (3).
This course will provide students a chance to focus on one of the most powerful Asian countries in the world in terms of its place in present day politics. Students will learn how China deals with its own policies as a Communist country and how it deals with the rest of the world.
Prerequisite(s): PLSC 205 or 207, graduate status, or permission of instructor.

506. International Political Economy (3).
A study of the foundations and operation of the international political economy. Examines the impact and influences of the key institutions, theories, and trends guiding the interaction of politics and economics globally.
Prerequisite(s): PLSC 205 or PLSC 207 or graduate status or permission of instructor.

508. National Security (3).
An exploration of a number of approaches to national security, including traditional military analysis to newer issues such as environmental and resource security.
Prerequisite(s): PLSC 205 or PLSC 207 or graduate status or permission of instructor.
Notes: Offered alternate fall semesters.

510. Topics in Political Inquiry (3).
Topics to be chosen by the instructor.
Notes: May be retaken for additional credit. Offered variable times.

512. Politics and Education (3).
Public schools as agents of political socialization and their interaction with governments and political forces at the local, state and national level.
Prerequisite(s): PLSC201 with a grade of C or better, or graduate status or permission of instructor.
Notes: Offered variable times.

518. Politics of the American South (3).
Focuses on the unique politics of the South. It places southern politics in its theoretical and historical context and examines the central role of race in southern politics as well as regional importance to national politics.
Prerequisite(s): PLSC 201 with a grade of C or better or permission of instructor.
Notes: Offered fall or spring on a biennial basis.

524H. Health, Media and Public Policy (3).
This course examines the intersection between media and public policy, with a particular focus on the field of health policy.
Prerequisite(s): 3.0 minimum GPA.

532. Government and Politics of Asia (3).
Examination of contemporary political issues, political forces and governmental institutions in Asia.
Prerequisite(s): PLSC 205 or PLSC 207, or graduate status or permission of instructor.
Notes: Offered variable times.

551. African-American Political Thought (3).
This course explores the historical struggle of African-Americans to assess their identity in relationship to their legal and social oppression. In reflecting on the work of Audre Lorde, W.E.B. DuBois, Frederick Douglass, Langston Hughes, James Baldwin, Ralph Ellison, Sojourner Truth, Toni Morrison, Edward Said, Martin Luther King, Malcolm X, Cornell West, Henry Louis Gates, Alice Walker, Bell Hooks, Mark Twain and others, we will angle in on the question of black identity from a variety of perspectives. Particular attention will be paid to the relationship between these articulations of “blackness” and the historical and political settings in which they arise. Informed class discussion will be emphasized. Students are expected to write a term paper and to present it to the class.
Prerequisite(s): GNED 102 or permission of the instructor, or graduate status.

562. Feminist Theory (3).
This course is designed to acquaint students with the variety of ideas, methods and issues raised within contemporary feminist literature.
Prerequisite(s): GNED 102, graduate status, or permission of instructor.

Psychology (PSYC)

101. General Psychology (3).
Introductory survey of the entire field of psychology.
Notes: Offered in fall, spring and summer.
198. Psychology as a Discipline and Profession (1).
Introduction to Psychology as a discipline and profession, intended for psychology majors and those considering psychology as a career choice.
Prerequisite(s): PSYC 101; may be a co-requisite for sophomores, new majors and transfer students.
Notes: Offered in fall and spring.

301. Research I: Statistics (4:3:2).
Study of descriptive and inferential statistics as they apply to the behavioral sciences.
Prerequisite(s): PSYC 101 and General Education Math requirement.
Notes: Lab Fee: $15. Offered in fall, spring and summer.

Study of the scientific methods used in research including an opportunity to conduct research.
Prerequisite(s): PSYC 301 with a C or better.
Notes: Lab Fee: $15. Intensive Writing Course. Offered in fall, spring, and summer.

306. Development I: Childhood (3).
Study of the development of children from conception through pre-adolescence.
Prerequisite(s): PSYC 101.
Notes: Offered in fall, spring and summer.

Development of human beings from adolescence through late adulthood.
Prerequisite(s): PSYC 101.
Notes: Offered in fall and spring. Crosslisted with GRNT 307.

310. Career Development (3).
Theory, research and practice in career development. Areas covered include occupational choice, job search, recruitment and organizational socialization, career stages and transitions and related issues.
Notes: Offered in fall and spring.

320. Racial, Cultural and Ethnic Influences on Identity Development (3).
This course examines how race, ethnicity and culture influence the development of personal identity of self. Historical and contemporary models of ethnic, cultural and/or racial identity formation will be examined. Diversity in the developmental process and outcomes of identity formation for African Americans will be emphasized.
Prerequisite(s): PSYC 101 or AAMS 300 and WRIT 101.
Notes: Offered in summer.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student's major or career interests. Prerequisite(s): Overall GPA of 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For Psychology majors only. A maximum of 3 hours may be applied toward a degree in Psychology. A student may receive credit for either PSYC 461-462 or PSYC 340, but not both as credit for major. A grade of S or U is recorded. Offered in the fall, spring and summer.

400. History and Systems of Psychology (3).
Study of philosophical and scientific basis of modern psychology and the history of psychology as a modern scientific discipline.
Prerequisite(s): PSYC 101, 301 and 302.
Notes: Offered once per year.

461, 462. Academic Internships in Psychology (1) (2).
Application of psychological principles in work settings. Course involves working in experiential settings in which psychological principles are applied and participating in a seminar.
Prerequisite(s): Open to majors only. Approval from Department of Psychology.
Notes: Offered in fall and spring.

471, 472. Undergraduate Research in Psychology (1) (2).
Participate as co-experimenter in on-going research programs or perform guided individual research.
Prerequisite(s): Prior approval by an assigned faculty member and the Department Chairperson and PSYC 101.
Notes: Offered in fall, spring, and summer.

498. Senior Seminar in Psychology (3).
An advanced capstone seminar for graduating seniors or students who have completed majority of psychology course requirements, emphasizing an in-depth review and update of core topics and current issues in psychology, including the comprehensive assessment of core skills and knowledge from the major.
Prerequisite(s): For psychology majors only.
Notes: Offered in fall and spring.

503. Abnormal Psychology (3).
Introduction to the disorders of behavior.
Prerequisite(s): PSYC 101.
Notes: Offered in fall and spring.

504. Psychology of Women (3).
Intensive study of the research and issues in psychology that pertain specifically to women.
Prerequisite(s): PSYC 101.
Notes: Offered in fall and spring.

505. Physiological Psychology: Biological Foundations of Behavior (3).
Study of the human nervous system and its relation to behavior and experience.
Prerequisite(s): PSYC 301 or permission of chair, Department of Psychology.
Notes: Offered in spring.

506. Psychological Measurements (3).
Study of the construction, evaluation and application of individual and group tests and the analysis and interpretation of their results.
507. Social Psychology: The Individual and Other People (3).
Examination of the intrapersonal and interpersonal factors that influence human social behavior.
Prerequisite(s): PSYC 101. 
Notes: Offered in fall, spring and summer.

The human viewed as a system that processes information. Topics include sensory processes, memory, language and thinking.
Prerequisite(s): PSYC 301 or permission of chair, Department of Psychology. 
Notes: Offered in fall, spring and summer.

Review of the theoretical concepts and major variables relevant to animal and human motivation and conditioning.
Prerequisite(s): PSYC 301 or permission of chair, Department of Psychology.
Notes: Offered in fall.

510. Behavior Analysis and Behavior Change (3).
Study of application of behavior management techniques in educational, clinical and domestic settings.
Prerequisite(s): PSYC 101.
Notes: Offered in fall and spring.

512. The Exceptional Child (3).
Study of individuals with special problems in cognitive, emotional or motor ability.
Prerequisite(s): PSYC 101.
Notes: Offered in fall.

513. Introduction to Theory and Fundamentals of Clinical Practice (3).
Survey of theoretical issues and training in professional skills useful to pursuing a career in applied areas of psychology.
Prerequisite(s): At least junior standing; PSYC 101, 503 or 514; or permission of instructor.

514. Theories of Personality (3).
Advanced integrative study of the most important theories of personality.
Prerequisite(s): One course in PSYC numbered above 299.
Notes: Offered in fall and spring.

515. Health Psychology and Behavioral Medicine (3).
Study of the biological, social and psychological factors that combine to influence human health and health practices. Models and methods of identification, prevention and treatment applicable to behavioral medicine will be reviewed.
Prerequisite(s): PSYC 101 and 505 or equivalent, or graduate standing in psychology or an allied profession.
Notes: Offered in fall.

516. Industrial and Organizational Psychology (3).
Introduction to psychology in industry, business and other large organizations.
Prerequisite(s): PSYC 101.
Notes: Offered once per year.

520. Contemporary Issues in Psychology (3).
In-depth consideration of a topic of particular concern within modern psychology. May be offered under various topics.
Prerequisite(s): PSYC 101 and permission of instructor.
Notes: Offered on demand. May be retaken for additional credit under different topics.

Quantitative Methods (QMTH)

Concepts of probability theory, sampling, descriptive statistics, and statistical estimation.
Prerequisite(s): MATH 101 and CSCI 101, 105, or 110.

206. Applied Statistics II (3).
Concepts of hypothesis testing, regression and correlation analysis, Chi-Square analysis, quality control, and decision theory.
Prerequisite(s): QMTH 205.

Reading (READ)

321. Elementary and Middle School Language Arts (3:3).
Emphasis on the teaching of listening, speaking, and written expression.
Notes: Offered in fall and spring.

322. Elementary and Middle School Language Arts: Laboratory (1:0:1).
Requires students to review the literature on a selected educational topic and to write a formal paper on the selected topic. This course will satisfy Winthrop’s Writing Intensive Requirement for ECED and ELEM majors. SPED and others who have satisfied the requirements in other courses need not enroll.
Corequisite(s): READ 321.
Notes: Intensive Writing course. Offered in the fall and spring.

400. Independent Study in Teaching Reading (2).
Requires referral from reading courses. For students requiring additional time and assistance to attain competency in the teaching of basic reading skills.
Notes: Not offered this academic year.

461. Introduction to Teaching Reading in the Elementary School (3:1:0).
This course provides basic understanding of: factors related to literacy; literacy competencies; procedures for developing literacy instruction; and assessment measures for literacy.
Prerequisite(s): Admission to teacher education.
Notes: ECED and ELEM majors must take READ 510 as a co-requisite. A grade of C or higher must be earned and course cannot be taken S/U. Offered in the fall, spring and summer.

All courses in the College of Education numbered above 499 have a prerequisite of junior status or permission of the dean of the College of Education.

510. Literature for Children (3).
An introduction to books, magazines and non-print adaptations (e.g., audio recordings, filmstrips, books on disk, and video recordings) of literature appropriate for children’s growth in literacy.
Prerequisite(s): READ 321/322 or equivalent.
Corequisite(s): READ 510 is a co-requisite for READ 461.
Notes: For ECED and ELEM majors. A grade of C or higher must be earned and course cannot be taken S/U. Offered in fall, spring and summer.

541. Reading in the Secondary School (3).
A study of the background information and skills needed by secondary teachers for guiding pupils’ growth in and through reading; identification of and planning for instruction needed.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Not offered this academic year.

550-559. Problems in Teaching Reading (1, 2, 3).
To assist school personnel in the identification, analysis, and planning of strategies to overcome specific problems in the teaching of reading.
Notes: Offered on demand.

561. Teaching Basic Reading Skills (3).
Introductory course in teaching reading.
Prerequisite(s): EDUC 381 or equivalent and Admission to Teacher Education Program.
Notes: Students may not receive credit for READ 561 and READ 461 or READ 562. Offered in spring.

562. Teaching Basic Reading Skills in Middle and Secondary School (3).
Persons teaching or preparing to teach in middle or secondary school examine basic reading skills in relation to the needs and characteristics of their pupils.
Prerequisites: EDUC 381 or equivalent and admission to Teacher Education Program.
Notes: A student may not receive credit for READ 562 and READ 461 or READ 561. Offered on demand.

571. Diagnostic and Prescriptive Teaching of Reading (3).
Students develop skills for applying the principles learned in the basic reading course by providing instruction adjusted to the individual needs of one pupil.
Prerequisite(s): Grade of C or better in READ 461, READ 561 or READ 562 and Admission to Teacher Education Program.
Notes: Work with pupils required. A grade of C or higher must be earned and course cannot be taken S/U. Offered in the fall and spring. Offered in fall, spring and summer.

Religion (RELG)

201. Introduction to Religious Studies (3).
Examination of the varying concepts of religion and the methods used in studying religious behavior and belief.
Notes: Offered variable times.

300. Comparative Religion (3).
Study of the major world religions including Hinduism, Buddhism, Chinese religion, Shinto, Judaism, Christianity and Islam.
Notes: Offered variable times.

310. Early Jewish and Christian Self-Definition (3).
A study of how early Jews and Christians constructed their identities with respect to their neighbors, from 200 BCE-200 CE. In addition to some biblical materials, the course will introduce a wide range of apocryphal and non-canonical Jewish and Christian literature of the period.
Prerequisite(s): RELG 313 and 314, or the permission of the instructor.
Notes: Offered variable times.

313. Introduction to the Hebrew Bible (Old Testament) (3).
Historical and literary study of the Hebrew Bible (Old Testament).
Notes: Offered variable times.

Historical and literary study of New Testament literature.
Notes: Offered variable times.

320. Religion in America (3).
A historical and social overview of the development of religion in the United States, including indigenous religions, Protestant and Roman Catholic Christianity, and Judaism. Attention may also be devoted to slave religion and the black church, religion and gender, revivalism and fundamentalism and new religious movements.
Notes: Offered variable times.

350. Special Topics in Religious Studies (3).
In-depth consideration of a specific topic of particular concern in religious studies. The course may be offered under various topics. It may be repeated for credit under different topics.
Prerequisite(s): RELG 201 or RELG 300 or permission of instructor.
Notes: Offered variable times.

450. Honors: Selected Topics in Religion (3).
An independent inquiry, in-depth, into a selected topic in religion.
Prerequisite(s): Permission of the Chairperson.
Notes: Offered variable times.

This course is an advanced research seminar for students who have already developed a solid background in the
academic study of religion by having completed the core courses and 6 hours of electives in their major. The course emphasizes a detailed examination of selected topics and issues in religious studies. As a Writing Intensive course and a capstone seminar, it will include the assessment of core skills and knowledge from the major and will help students improve their writing skills as they develop their own more intense research projects in their own discipline.

Prerequisite(s): PHIL 201, PHIL 300, RELG 201, RELG 300, 6 additional hours in PHIL or RELG.
Notes: Offered in spring of alternate years.

550. Special Topics in Religion (3).
An in-depth consideration of a specific topic of concern in religion. The course may be offered under various topics. It may be repeated for credit under different topics.
Prerequisite(s): Permission of the instructor.
Notes: Offered in fall, spring and summer.

Science (SCIE)

201. Investigative Science (3:2:3).
Students will learn how to carry out simple scientific investigations. Emphasis will be on investigative processes, rather than on scientific content. Students will design and execute controlled experiments or observations, analyze data, draw conclusions and write reports on their results. Sections of this course will be taught by the faculty from the departments of Biology and Chemistry/Physics. The focus of each course is as follows: B, Chemistry; C, Earth Science
Prerequisite(s): GNED 102 and fulfillment of General Education math requirement.
Notes: Lab Fee: $40. Credit for Science 201 will not be granted if the student has already successfully completed Biology 210, Physical Science 103 or Geology 120. Offered in fall, spring and summer.

202. Introduction to DNA Science (3:2:3).
A lecture/laboratory course designed to provide nonscience majors with an understanding of what DNA is and how it controls our life and health, its importance in evolution and adaptation, and how recombinant DNA technology can be and is applied to medicine, agriculture, and industry.
Notes: Lab Fee: $40. Offered in fall and spring.

Travel to distant areas where outstanding and unique examples of biological diversity and distinctive ecosystems can be studied.
Prerequisite(s): GNED 102 and sophomore status.
Notes: Offered in summer.

Travel to tropical locations where lectures, seminars and field exercises will examine and contrast the varied marine, freshwater and terrestrial ecological habitats. Human intervention into these habitats and their alteration by human activity will be a major focus.
Prerequisite(s): Minimum sophomore status, GNED 102 with C or better, Spanish helpful but not required.
Notes: Offered in summer.

301. Biology of Aging (3).
Study of the biological changes that accompany aging. The course examines the biological process of aging at a variety of levels ranging from molecular-cellular changes up to the physiology of whole organ systems.
Prerequisite(s): GNED 102 and at least junior standing.
Notes: Offered in fall of even years and every maymester. Crosslisted with GRNT 301.

391. Principles of Teaching Science (3).
Study and application of planning, instruction management, and assessment of students in science. Includes a review of the ethical and legal responsibilities of science teachers.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): SCIE 392, EDUC 390.
Notes: Offered in fall.

392. Field Experience in Teaching Science (1:0:8).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of a science education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): SCIE 391, EDUC 390.
Notes: A grade of S or U is recorded. Offered in fall.

520. Special Topics in Science (3).
Readings and discussion of scientific topics which cross disciplinary boundaries. Primarily for junior and seniors.
Prerequisite(s): A 3.0 GPA and/or permission of chair.
Notes: Offered on demand.

591. Principles of Teaching Science (3).
Study and application of skills of planning, instruction management and assessment in the Sciences. Includes a review of ethical and legal responsibilities of science teachers.
Prerequisite(s): Admission to MAT BIOL Program.
Corequisite(s): SCIE 592.
Notes: Offered in Fall.

592. Field Experience in Teaching SCIE (1:0:8).
Students will spend 8 hours per week in a public school under the supervision of a science education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Admissions to Teacher Education Program at graduate level.
Corequisite(s): SCIE 591.
Notes: A grade of S or U is recorded.
Social Studies Education (SCST)

391. Principles of Teaching Social Studies (3).
Study and application of skills of planning, instruction, management and assessment of students in Social Studies. Includes a review of the ethical and legal responsibilities of Social Studies teachers.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): SCST 392, EDUC 390.
Notes: Offered in fall.

392. Field Experience in Teaching Social Studies (1:0:8).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of a social studies education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): SCST 391, EDUC 390.
Notes: A grade of S or U is recorded. Offered in fall.

591. Principles of Teaching Social Studies (3).
Students plan, teach and critique integrated instructional units focus in on the content area of Social Studies.

592. Field Experience in Teaching Social Studies (1:0:8).
Students will spend 8 hours per week in a public school under the supervision of a social studies education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Graduate status, Admission to Teacher Education Program.
Corequisite(s): SCST 591.
Notes: Offered in Fall. A grade of S or U is recorded.

Social Work (SCWK)

200. Introduction to Social Work (3).
Introductory study designed to provide students an overall picture of the nature, philosophy, and goals of professional social work practice.
Prerequisite(s): CSCI 101 or equivalent.
Corequisite(s): SCWK 201.
Notes: Offered in fall and spring.

201. Introduction to Social Work: IT Lab (1:0:1).
Lab includes review of information technology (IT) knowledge and skills expected of social workers and in the social work major. Competencies are developed using computers in areas such as information search and web based instructional technologies. Major present and developing IT issues in society that impact social work practice are explored.
Prerequisite(s): CSCI 101 or equivalent.
Corequisite(s): SCWK 200.
Notes: Offered in fall and spring.

Special agency placement course. Weekly journal.
Notes: A grade of S or U is recorded. May not be counted as a SCWK elective toward a BSW degree in Social Work. Offered in the fall, spring, and summer.

305. Human Behavior in the Social Environment (3:0:0).
Study of a social systems approach to understanding human behavior and development throughout the lifespan using a biophysical, psychological and social multidimensional framework for assessing social functioning.
Prerequisite(s): PSYC 101, SCWK 200, 201, ANTH 201, SOCL 201, and SCIE 301 (may be taken concurrently) or permission of the Instructor.
Notes: Cross-listed as GRNT 305.

Using a strengths perspective the focus is on issues of diversity, oppression and empowerment in a range of client systems within the context of race, culture, class, gender, sexual preference, age and difference.
Prerequisite(s): SCWK 305 (May be taken concurrently) or permission of the instructor.

A description of social work practice in secondary social work settings such as schools, hospitals, courts, churches, and nursing homes.
Notes: Offered on demand.

313. Social Work in Juvenile and Adult Corrections (3).
A detailed study of the social work philosophy, knowledge and skills found in juvenile and adult corrections.
Notes: Offered on demand.

An investigation of attitudes, policies and practices found in society which relate to the well-being of individuals and of society.
Prerequisite(s): ECON 103, PLSC 201, and SCWK 200 (May be taken concurrently.)
Notes: Offered in fall and spring.

Study of research concepts, designs, methodology and stages of the research process. Emphasis on acquisition of knowledge and development of skills to evaluate professional literature and generalist social work practice.
Prerequisite(s): SCWK 200 (May be taken concurrently).
Notes: Intensive Writing course. Offered in fall and spring.

340. A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For Social Work majors only. Courses may be repeated for credit; a maximum of 3 hours may be applied toward a degree in Social Work. A grade of S or U is recorded. Offered in fall and spring.
**SOCIAL WORK/SOCIOLOGY**

395. **Social Work Intervention I (3:3:0).**
Basic concepts, values and skills of generalist social work practice that emphasizes the problem solving model and case management method in working with individuals and families.
Prerequisite(s): SCWK 200/201, SCWK 305, SCWK 306 (May be taken currently), SCWK 321 (May be taken concurrently), SCWK 330 (May be taken concurrently).
Social Work majors only.
Notes: Offered in fall and spring.

432. **Social Work Intervention II (3).**
The study and application of social work group theory as it applies to agency and community task groups, client intervention groups and families. Role play, simulations and the use of video recordings will be used in the course.
Prerequisite(s): SCWK 395. Social Work majors only.
Notes: Offered fall and spring.

433. **Social Work Intervention III (3).**
Detailed study of the application of theoretical and practice models for generalist social work practice with emphasis on organizations and communities. Role play, simulations and the use of video recordings will be used in the course.
Prerequisite(s): SCWK 395, SCWK 432. (May be taken concurrently.) Social Work majors only.
Notes: Offered in fall and spring.

434. **Interpersonal Helping Skills in Social Work Practice (3).**
Interpersonal helping skills lab with emphasis on the development and practice of communication, interviewing and recording skills.
Prerequisite(s): SCWK 395, Social Work majors only.
Notes: SCWK 432 and SCWK 433 may be taken concurrently with 434. Offered in the fall and spring.

443. **Social Work Field Instruction (12:0:12).**
Minimum of 520 hours of placement in a human services agency working under social work supervision. Provides opportunity to develop competence as a social work generalist practitioner.
Prerequisite(s): SCWK 395, 432, 433, 434, Social Work majors only.
Corequisite(s): SCWK 463.
Notes: Lab Fee: $85. A grade of S or U is recorded. 
Offered in fall, spring and summer.

510. **Protective Services For Children and Families (3).**
Study of protective services and of the problems of child abuse and neglect, single parent families, foster care, parental rights, etc.
Notes: Offered on demand.

514. **Child Welfare: Policies and Practice (3).**
A study of child welfare including historical perspectives, current trends and issues, policy and legislation and implications for practice.
Notes: Offered on demand.

516. **Social Work in Long Term Care (3).**
Provides an overall view of long-term care and highlights social work roles/responsibilities, interdisciplinary team concept, social work techniques with residents and their families.
Notes: Offered on demand.

517. **Human Services in Health Care Settings (3).**
A study of the development of human services in health care settings and the tasks of social workers in health settings. Health concerns of the general and specific populations will be explored in depth.
Notes: Offered on demand.

536. **Seminar on the Aging Family (3).**
Factors relevant to the role and status of the aged. Attention to health, retirement income, living arrangements, generational relationship, leisure time, widowhood, resources and future prospects.
Notes: Offered on demand.

540. **Social Work with Alcoholic Families (3).**
Examination of the alcoholic family as a system, including organizing factors; childhood development and resulting adaptive behavior and pathology in adulthood; individual and group intervention within a family context.
Notes: Offered on demand.

550. **Special Topics in Social Work (3).**
Special topics of timely interest will be given on a one-time basis.
Notes: Offered in the fall, spring, and summer. If interest is great enough the topic may be retaken for additional credit.

---

**Sociology (SOCL)**

101. **Social Problems and Social Policy (3).**
Analysis of the types, extent, and causes of social problems; policies and programs directed toward their resolution.
Notes: Offered in fall and spring.

201. **Principles of Sociology (3).**
Introduction to the perspectives, approaches and basic concepts used in the sociological study of human social behavior.
Notes: Offered in fall and spring.
227. Criminal and Juvenile Justice Systems (3).  
Introduction to the development and current organization and operation of the responses of police, courts, and correctional agencies to criminal and juvenile offenders.  
Notes: Offered in fall and spring.

301. Comparative Study of Social Institutions (3).  
Examination of basic social institutions of modern and developing societies in the world system of nations.  
Prerequisite(s): SOCL 101 or 201 or permission of the instructor.  
Notes: Offered variable times.

303. Socialization: Self and Society (3).  
Study of the social interaction processes through which individuals learn how to perform socially expected roles.  
Prerequisite(s): SOCL 101 or 201 or permission of instructor.  
Notes: Offered variable times.

304. Death and Grief as Social Processes (3).  
Analysis of these experiences as related to society’s network of cultural values and organizational structures.  
Prerequisite(s): SOCL 101 or 201 or permission of instructor.  
Notes: Offered variable times.

309. Urban Sociology (3).  
Study of the physical and social structures of cities and urban areas, with special attention to urban problems.  
Prerequisite(s): SOCL 101 or 201 or permission of instructor.  
Notes: Offered variable times.

310. Sociology of the Environment (3).  
The course examines the effects of human populations and activities on the natural environment. Topics include environmental controversies; population, economic and political issues; the environmental movement; and prospects for “sustainable development.”  
Prerequisite(s): SOCL 101 or SOCL 201, Intro to Environmental Studies, or permission of instructor.  
Notes: Offered in fall.

313. Social Inequality (3).  
Study of structured inequality in societies, especially the U.S., and its effect on opportunities, style-of-life, and interaction.  
Prerequisite(s): SOCL 101 or 201 or permission of the instructor.  
Notes: Offered variable times.

314. Race and Ethnic Relations (3).  
Review of sociological concepts, theories, and evidence pertaining to race and ethnicity in crosscultural, historical, and modern settings.  
Prerequisite(s): SOCL 101 or 201 or permission of instructor.  
Notes: Offered in fall and spring.

316. Social Research I: Statistics (4:3:3).  
Study of descriptive and inferential statistics as they apply to the social sciences, with computer applications.  
Prerequisite(s): SOCL 101 or 201 and General Education math requirement with grade of C or higher or permission of instructor.  
Notes: Offered in fall, spring and summer.

319. The Study of Population (3).  
Childbearing, death, and migration as processes affecting the growth, composition and distribution of human populations.  
Prerequisite(s): SOCL 101 or 201 or permission of instructor.  
Notes: Offered variable times.

A study of society and culture in Africa today with a focus on economic and political issues; social institutions such as the family and religion; and social issues such as AIDS, gender, and the environment.  
Prerequisite(s): SOCL 101 or SOCL 201 or ANTH 201 or permission of instructor.  
Notes: Offered in fall and spring.

325. Criminology (3).  
Critical analysis of the extent, patterns, and causes of major types of crime and delinquency.  
Prerequisite(s): SOCL 101 or 201 or permission of instructor.  
Notes: Offered in fall.

328. Sociology of Religion (3).  
Scientific study of the relationship between religion and the social order. Topics include (1) church, sect, and cult development, (2) the relationship of religion to other institutions and to social change, and (3) social aspects of individual religiosity.  
Prerequisite(s): SOCL 101 or 201 or RELG 201, or permission of instructor.  
Notes: Offered variable times.

This course will analyze rule-making and rule-breaking processes within societies. Attention given to deviant identities, subcultures, rule types, stigmatizing rituals, and normalizing deviants, once they are labeled.  
Prerequisite(s): SOCL 101 or SOCL 201.  
Notes: Offered in the fall.

335. Law Enforcement and Social Control (3).  
Analysis of the development of policing and organization and operation of police agencies and how they function in roles as law enforcers, peace keepers, and service agents in modern society.  
Prerequisite(s): SOCL 101 or 201, and SOCL 227.  
Notes: Offered in the fall.

337. Corrections (3).  
Analysis of society’s responses in correctional systems to convicted lawbreakers. Attention to development of punishments and penal institutions and organization and operation of current programs from imprisonment to community-based corrections.  
Prerequisite(s): SOCL 101 or 201 and SOCL 227.  
Notes: Offered in spring.
340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student's major or career interests.
Prerequisite(s): Overall GPA of 2.5 and a minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For Sociology majors only. Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in Sociology. A grade of S or U is recorded. Offered variable times.

350. Special Topics in Sociology (3).
In-depth consideration of a specific topic of particular concern in sociology. Course will be offered under various topics.
Notes: It may be repeated for credit under different topics. Offered variable times.

450. Honors: Selected Topics in Sociology (3).
Individual study centered around a special sociological project.
Prerequisite(s): Permission of the Chairperson.
Notes: Offered variable times.

463. Academic Internship in Sociology (3).
Prerequisite(s): Majoring in Sociology; approval from department. Open only to students majoring in sociology. Prior approval from the department is required. Depending upon the project or placement, specific courses may be required.
Notes: A grade of S or U is recorded. Offered in fall, spring and summer.

498. Senior Seminar in Sociology (1).
Issues, trends, and research in contemporary sociology.
Prerequisite(s): Completion of 21 semester hours in SOCL.
Notes: A grade of S or U is recorded. Offered in fall and spring.

502. Social Theory (3).
Survey of the masters of sociological thought with emphasis upon contributions to contemporary theory.
Prerequisite(s): SOCL 101 or 201 or permission of instructor.
Notes: Offered in fall and spring.

504. The Sociology of Aging (3).
Analysis of the major social forces that affect aging and the ways modern society responds to planning for its elderly.
Notes: Offered variable times. Cross-listed as GRNT 504.

505. Marriage and the Family (3).
Study of mate selection and marital adjustment; also child-rearing, divorce and change in family structure.
Notes: Offered variable times.

506. Sociology of Competitive Sport (3).
Emphasis on the functions of sport for individuals and on sport as a social institution.
Note: Offered variable times.

515. Social Change (3).
Classical and modern approaches to social change and consideration of long and short-term social trends.
Prerequisite(s): SOCL 101 or 201 or permission of instructor.
Notes: Offered variable times.

516. Social Research II: Methods (4:3:3).
Study of social research methods, with an emphasis on survey research and analyses of quantitative data, and experience carrying out a research project.
Prerequisite(s): SOCL 316 or other basic research courses or permission of instructor.
Notes: Offered in fall and spring.

518. Social Organization (3).
Study of the small group and its influence on the individual, the large organization and society-at-large.
Prerequisite(s): SOCL 101 or 201 or permission of instructor.
Notes: Offered variable times.

520. Sociology of Health and Illness (3).
Social etiology and ecology of disease, sociological factors affecting treatment and rehabilitation and the organization of medical care.
Notes: Offered variable times.

522. Sociology of Education (3).
Examination of American educational institutions with emphasis upon sociological and social psychological links to other social institutions and the wider society.
Notes: Offered variable times.

This course will focus on selected legal rules, principles, an institutions treated from a sociology perspective. This course will examine the major theoretical perspectives on law and society, legal reasoning, morality and law as well as substantive issues relating to the legal process.
Prerequisite(s): SOCL 101 or SOCL 201, and SOCL 325.
Notes: Offered in the spring and summer.

550 thru 559. Special Topics in Sociology (3).
Notes: Offered variable times.

Spanish (SPAN)
From time to time an additional course dealing with a special topic in Spanish may be offered if sufficient student interest is indicated and a faculty member is available to teach the course. Consult the department chairperson about such a course.

Students must successfully pass the 101 language course(s) with a C or better at Winthrop in order to enroll in the 102 course(s), or they must meet one of the following criteria: 1. pass a department administered placement examination (only French, German, and Spanish are available), 2. make a passing grade on a CLEP examination, 3. receive AP/IB credit for the 101 or higher level course, or 4. receive transfer
credit for a 101 or higher-level course in the language from an accredited college or university.

101. Elementary Spanish (4:3:1).
Course is designed to emphasize pronunciation and introduces simple grammar through dialogues, pattern drills, and various other exercises.
Notes: Lab Fee: $25. Offered in fall, spring, and summer.

102. Elementary Spanish (4:3:1).
Prerequisite(s): Students who elect to take a 101 language course must receive at least a C (or S) in that language course before continuing on to 102 of that language.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

201. Intermediate Spanish (3).
This course is designed to develop listening, speaking, and writing skills.
Prerequisite(s): Student must make a satisfactory score on the Spanish Placement Exam or attain a grade of C or better in SPAN 102.

Prerequisite(s): SPAN 102.
Notes: Lab Fee: $20. Offered in fall and spring.

203. Ida y Vuelta: A Short Trip to a Spanish Speaking Country (1).
Prerequisite(s): SPAN 102.
Notes: Offered variable times.

210. Special Topics in Language and Culture (2).
Intermediate special topics course; subject will vary. Among the topics will be Spanish for business, the medical profession, etc.
Prerequisite(s): Completion of SPAN 201.
Notes: Offered variable times. May be retaken for additional credit with permission of Chair, Department of Modern Languages.

250. Introduction to Reading Hispanic Literary Texts (3:3:0).
This course introduces students to literary diverse genres and periods by Spanish and Latin American authors. Special attention is given to problems of reading. The course also emphasizes building vocabulary necessary to read and discuss literary texts in Spanish.
Prerequisite(s): SPAN 201.
Notes: Offered in spring.

280. The Spanish Film (3).
Introduction to significant examples of foreign language cinema as an art form that embodies the culture of Spanish speaking countries.
Prerequisite(s): 6 hours of intermediate Spanish.
Notes: Offered variable times.

301. Hispanic Civilization and Culture (3).
Emphasis on Latin American history and culture.
Prerequisite(s): 6 hours 200-level SPAN.
Notes: Offered variable times.

302. Hispanic Civilization and Culture (3).
Emphasis on the history and culture of Spain.
Prerequisite(s): 6 hours of 200-level SPAN.
Notes: Lab Fee: $20. Offered variable times.

310. Advanced Grammar and Composition (4).
Prerequisite(s): 6 hours of 200-level SPAN.
Notes: Offered variable times.

313. Advanced Spanish Conversation (3).
This course includes in-depth use of language and requires use of Internet and advanced readings.
Prerequisite(s): 6 hours of 200-level SPAN.
Notes: Lab Fee: $20. Offered in spring.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For Spanish majors only. Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in Modern Languages (Spanish). A grade of S or U is recorded. Offered fall, spring and summer.

351. Phonetics (3).
The study of Spanish phonetics, dialectology and correct pronunciation.
Prerequisite(s): 6 hours of 200-level SPAN.
Notes: Lab Fee: $20. Offered variable times.

401. Survey of Hispanic Literature (4).
A survey of the literature of the Spanish speaking world.
Prerequisite(s): At least 6 hours of 200 level SPAN, including SPAN 250.

499. Competency Exam (0).
Notes: A grade of S or U is recorded. Students must enroll for this exam after completion of 18 hours above 102, no later than the second semester of the junior year, and before enrollment in any 500-level course. Offered in fall and spring.

Prerequisite for all 500-level Spanish courses: Completion of 18 semester hours of Spanish or equivalent or permission of the Chair, Department of Modern and Classical Languages.

504. Cervantes (3).
This course will be a study of the life of Miguel de Cervantes and his masterpiece, Don Quijote de la Mancha.
Prerequisite(s): SPAN 401 and 402.
Notes: Offered variable times.

506. Spanish-American Literature to Modernism (3).
Readings of great literary figures of Spanish America from the Discovery (1492) until 1900. Representative authors include Ercilla, Sor Juana, Garcilaso, Olmedo, Bello, Sarmiento, Hernandez, Palma, Marti, Dario and
Rodo.
Prerequisite(s): 6 hours of intermediate Spanish; SPAN 301 strongly recommended.
Notes: Offered variable times.

507. Modern Spanish-American Literature (3).
Modern and contemporary Spanish American literature from modernism in 1888 to 1945.
Prerequisite(s): 18 hours of Spanish or equivalent or permission of instructor.
Notes: Offered variable times.

510. Topics in Language and Literature (3).
Course content will vary, depending on student interest and faculty expertise.
Notes: May be retaken for additional credit with permission of chair, Department of Modern Languages.

521. Modern Drama (3).
A panoramic survey of the drama from Romanticism to the contemporary scene.
Prerequisite(s): 18 hours of Spanish or equivalent or permission of instructor.
Notes: Offered variable times.

530. Advanced Conversation (3).
This course is designed to increase the students’ competencies in two language skills: comprehension and speaking.
Prerequisite(s): SPAN 313 or permission of instructor.
Notes: Offered variable times.

575. Spanish Literature in Translation (3).
Readings and discussions of major works of Spanish literature in English translation. A knowledge of Spanish is not required. Course content can vary depending on the instructor.
Prerequisite(s): Open to advanced undergraduates and graduate students. Undergraduate Spanish majors cannot use SPAN 575 toward the BA degree.
Notes: Offered variable times.

593. Advanced Oral and Written Communication (3).
The course is designed for students having the ability to understand, speak, and write Spanish and wanting to improve these skills while moving toward more natural expression in modern Spanish.
Notes: Offered variable times.

595. The Short Story (3).
Readings of the Spanish-American writers of the short narrative beginning with the early 19th-century’s Esteban Echeverría and ending with today’s short story masters.
Prerequisite(s): 18 semester hours of Spanish or permission of chair, Department of Modern Languages.
Notes: Offered variable times.

Special Education (SPED)

281. Introduction to Special Education (3).
Designed to introduce the student to the major areas of exceptionality.

Notes: SPED majors must complete course with grade of C or better. Offered in fall and spring.

292. Laboratory Experience with Exceptional Children (3:1:2).
Designed to provide direct teaching experiences with students with disabilities under the supervision of a university instructor.
Notes: SPED majors must complete course with a grade of C or better. Offered in fall and spring.

391. Assessment (3).
This course is designed to teach students how to link formative and summative assessment with instruction. The course meets the Winthrop Intensive Oral Communication requirement. It is to be taken concurrently with EDUC 390 and with SPED 392.
Prerequisite(s): SPED 281 and admission to Teacher Education Program.
Notes: Intensive Oral Communication course. Offered in fall.

392. Principles of Teaching Exceptional Children (1:0:1).
Provides field experience for linking formative and summative assessment to instruction. Course is taken as corequisite with EDUC 390 and SPED 391.
Prerequisite(s): SPED 281 and admission to Teacher Education Program.
Notes: A grade of S or U is recorded. Offered in fall.

492. Internship on Interdisciplinary Team (3).
Prerequisite(s): PSYC 305, SPED 392, 471, READ 461 and permission of the instructor.
Notes: A grade of S or U is recorded. Not offered this academic year.

All courses in the College of Education numbered above 499 have a prerequisite of junior status or permission of the dean of the College of Education.

555. Career and Vocational Education for the Exceptional Learner (3).
Designed to provide teachers with background knowledge and skills in designing and implementing a comprehensive career and vocational education program.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Not offered this academic year.

An overview of the learning, behavioral, and neurological characteristics of children with specific learning disabilities, including terminology and educational implications.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Offered in fall and spring.

562. Educational Procedures for Learning Disabilities (3).
An in-depth study of remedial techniques, methods, and materials for remediation of learning disabilities
including non-verbal disorders and disorders of auditory language, arithmetic, reading and spelling.
Prerequisite(s): SPED 561 or permission of instructor and Admission to Teacher Education Program.
Notes: Offered in summer.

575. Teaching Students with Severe Disabilities (3).
The course is designed for in-depth study of students with severe disabilities and appropriate curriculum goals, methods, materials, and research.
Prerequisite(s): SPED 582 or permission of instructor.
Notes: Graduate students may enroll for certification. Offered in fall.

582. Mental Retardation (3).
An in-depth study of the characteristics of individuals with mental retardation including but not limited to intelligence variables, learning factors and family issues.
Prerequisite(s): Admission to Teacher Education Program or graduate status.
Notes: Offered in fall and spring.

583. Children with Behavioral and Emotional Problems (3).
Course considers child development, personality structure, and dynamics emphasizing an understanding of adjustment patterns and coping strategies for children with behavioral and emotional problems in the classroom and community.
Prerequisite(s): Admission to Teacher Education Program or graduate status.
Notes: Offered in spring.

Prepares special education majors to provide leadership in maximizing learning experiences of students with disabilities through effective teaching, curriculum planning, modification, and adaptations of teaching materials and use of technology.
Prerequisite(s): Admission to Teacher Education Program or graduate status. SPED 561 and SPED 583 or permission of instructor.
Notes: Offered in fall.

Speech (SPCH)

201. Public Speaking (3).
An introduction to principles and procedures of speech communication with emphasis on speech preparation, delivery, and evaluation.
Notes: Lab Fee: $5. Intensive Oral Communication course. Offered in fall, spring and summer.

203. Voice and Diction (3).
Introduction to the speech and hearing process with emphasis on production, phonetics, and voice improvement.
Notes: Lab Fee: $5. Intensive Oral Communication course. Offered in fall, spring and summer.

304. Small Group Communication (3).
By nature, human beings are social and group-oriented. The extent to which groups are cohesive and/or productive depends upon effective communication among group members. This course is an introduction to theory and practice of small group communication.
Prerequisite(s): SPCH 201 and WRIT 102.
Notes: Offered variable times.

325. Nonverbal Communication (3).
History, theory, and basic principles of nonverbal communication, with study of spatial and social dimensions, and body languages. Emphasis is on effective application in personal, business, and social contexts.
Notes: Offered in summer.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For Speech majors only. Courses may be repeated for credit; a maximum of 3 hours may be applied toward a degree in Speech. A grade of S or U is recorded. Offered in fall, spring and summer.

351. Introduction to Communication Disorders (3).
An overview of the profession of speech pathology. Includes an introduction to the identification, diagnosis, and intervention of communication disorders including articulation, language, voice, fluency, and hearing.
Notes: Offered in fall and spring.

352. Introduction to Phonetics (3).
Notes: Offered in fall and spring.

355. Anatomy and Physiology of the Speech and Hearing Mechanisms (3).
Study of the anatomical, physiological and neurological aspects of the speech and hearing mechanisms and their relations to problems of speech and hearing.
Prerequisite(s): SPCH 351.
Notes: Offered in fall.

360. Articulation and Phonological Disorders (3).
Study of theory, research, and therapeutic techniques for articulation and phonological disorders.
Prerequisite(s): SPCH 351, 352 and 355.
Notes: Offered in fall.

410. Introduction to Audiology (3).
A study of the fundamentals of hearing science. Includes anatomy and physiology of hearing, physics of sound, and administration and interpretation of hearing tests.
Notes: Offered in spring.
425. Stuttering (3).
Theories, diagnostic procedures and therapy techniques in the treatment of disfluent speech.
Notes: Offered in spring.

458. Language: Perspectives in Acquisition and Development (3).
Language acquisition and development through the lifespan. Study of biological bases, major developmental theories, structure and semantic aspects and societal variations in content, form and use.
Prerequisite(s): SPCH 355.
Notes: Offered in fall.

460. Principles of Speech Pathology (3).
A study of the etiologies, diagnostic procedures, and the therapeutic techniques for the organic disorders of speech, including cleft palate, cerebral palsy, aphasia, and voice.
Prerequisite(s): SPCH 352 and 355.
Notes: Offered in spring.

465. Language Disorders (3).
Study of theory, research, and therapeutic techniques for language disorders.
Prerequisite(s): SPCH 351, 352, 458.
Notes: Offered in spring.

469. Adult Aphasia and Related Language Disorders (3).
Study of the causes of adult aphasia including syndromes and the evaluation process. Factors in recovery and prognosis will be reviewed. Principles of language treatment are studied with the opportunity for on-site case observation.
Prerequisite(s): SPCH 355.
Notes: Offered in spring.

Sport Management (SPMA)

101. Introduction to Sport Management (3).
The purpose of the course is to introduce students to the multiple components of the sport industry. All major segments of the industry will be covered, giving the student a strong orientation to the overall industry. Major concepts to be studied will include a background of the industry, business aspects for sport management, various segments of the industry, and professional preparation for a career in the sport industry.
Prerequisite(s): SPMA Majors or by permission of instructor.
Notes: Offered in fall.

225. Apprenticeship in Sport Management (1).
The purpose of this course is to provide sport management students the opportunity for direct training in sport management settings within the community.
Prerequisite(s): SPMA major, sophomore standing and grade of C or better in SPMA 101.
Notes: Offered in fall and spring.

235. Sport Event Management (3:3:0).
The examination of the organization, management, and evaluation of sporting events. Specific emphasis will be placed upon the economic impact of sporting events, the event bidding process, the event planning process, event logistics, event evaluation, and risk management policies and procedures.
Prerequisite(s): SPMA or PHED major.
Notes: Offered in fall and spring.

392. Field Experiences in SPMA (3:0:3).
The Field Experiences course is designed to provide junior and senior sport management majors with direct training in the unique phases of a particular sport management setting and environment.
Prerequisite(s): Junior or Senior standing as a SPMA major, 2.00 or greater grade point average, grade of C or higher in SPMA 101, approval of the Sport Management Program coordinator.
Corequisite(s): SPMA 398.
Notes: Offered in the fall, spring and summer.

398. Seminar in Sport Management (1:1:0).
The purpose of this course is to provide students the opportunity to discuss issues and express concerns they may have while performing the field experience required in SPMA 392. A second purpose of the course is to prepare students for successful entry into the sport management internship. Professional preparation, interviewing skills, and career opportunities will all be discussed.
Prerequisite(s): Junior standing as a Sport Management major, Grade of C or higher in SPMA 101, good academic standing, minimum 2.00 GPA, and approval of sport management program coordinator.
Corequisite(s): SPMA 392.
Notes: Offered in the fall, spring, and summer.

Directed study in the current issues of the sport industry.
Prerequisite(s): SPMA majors, Junior or Senior status.
Notes: Offered in spring.

426. Administration of Sport Organizations (3:3:0).
This course will provide students majoring in sport management and related fields with the opportunity to specifically apply contemporary management concepts to the operation of sport organizations.
Prerequisite(s): MGMT 321.
Notes: Offered in the fall and spring.

492. Internship in SPMA (6:0:0).
Guided, practical experience requiring a minimum of 400 hours contractual work in an appropriate sport management environment.
Prerequisite(s): SPMA 392.
Corequisite(s): SPMA 498.
Notes: Offered in fall, spring and summer.

493. Internship in Sport Management (12).
The internship provides students the opportunity for guided practical experience in a sport management industry setting.
Prerequisite(s): Grade of C or higher in SPMA 392 and SPMA 398, Junior or Senior standing as a sport management major, minimum 2.0 GPA, approval of the Sport Management Program Coordinator.
Notes: Offered in fall, spring, and summer.

498. Senior Seminar in SPMA (1:1:0).
This seminar for seniors in Sport Management examines current issues, research, evaluation, and professional ethics in sports.
Prerequisite(s): SPMA 392.
Corequisite(s): SPMA 492.
Notes: Offered in the fall and spring.

Theatre Applied Technique (THRA)

120. Acting I (3).
Basic techniques of relaxation and concentration, textual analysis, physicalization, characterization and creation of a role. Development of the actor’s craft through scene work emphasizing modern realism.
Notes: Intensive Oral Communication course. Offered in fall and spring.

121. Improvisation (3).
An experiential study of techniques of improvisation for the actor.
Prerequisite(s): THRT110, THRT210, THRA120 with a grade of C or better in each course.

160. Stage Make-Up (1:2).
Principles and methods for the design and application of stage make-up.
Prerequisite(s): For Theatre majors and minors only or with permission of the chair.
Notes: Lab Fee: $15. Offered in fall and spring.

170. Technical Theatre Practicum: Scene Shop (1:0:4).
Supervised work in scene construction and stage lighting.
Notes: Lab Fee: $10. A grade of S or U is recorded. Offered in fall and spring.

171. Technical Theatre Practicum: Costume Shop (1:0:4).
Supervised work in costume construction.
Notes: Lab Fee: $10. A grade of S or U is recorded. Offered in fall and spring.

Training and supervised work in the area of box office, house management and production publicity.
Notes: Offered in fall and spring.

An experiential study of fundamental voice and movement techniques for the actor.
Prerequisite(s): THRT 110, THRT 210, THRA 120 with a grade of C or better in each course.
Notes: Offered in fall and spring.

260. Stagecraft (3).
The study of technical problems of play production including design, construction and painting of scenery and properties, special effects and stage rigging with practical application to current theatre and dance productions.
Prerequisite(s): THRT 110, THRT 210, THRA 120, THRA170 with a grade of C or better in each course.
Notes: Lab Fee: $30. Offered in fall and spring.

261. Stage Lighting (3).
An introduction to the principles of design and to the applied techniques of theatrical lighting.
Prerequisite(s): THRT 110, THRT 210, THRA 120, THRA170 with a grade of C or better in each course.
Notes: Lab Fee: $15. Offered in the fall.

262. Drafting for Theatre (3).
Training in elements of drafting specific to theatre & stage design. Included are groundplans, elevations, perspectives, sections, orthographics and lighting graphics. Includes both manual and computer drafting techniques for theatre.
Prerequisite(s): THRT 110, THRT 210, THRA 120 with a grade of C or better in each course.
Notes: Offered in the spring alternate years.

320. Acting II (3).
Development of the actor’s craft through scene work from realistic, non-realistic and classical texts. More advanced techniques of textual analysis, characterization and creation of a role.
Prerequisite(s): THRA 220
Notes: Offered in spring.

330. Stage Management (3).
A study of the role of the theatrical stage manager; the development of organizational and management skills necessary for total production coordination.
Prerequisite(s): THRT 110, THRT 210, THRA 120 with a grade of C or better in each course.
Notes: Offered in fall and spring.

331. Directing I (3).
A study of the fundamentals of play directing with practical application through the staging of short scenes.
Prerequisite(s): THRT 110, THRT 210, THRA 120 with a grade of C or better in each course.
Notes: Lab Fee: $20. Offered in fall and spring.

360. Scene Design (3).
The study and application of the theories and techniques of the design of stage scenery; includes a survey of the history of design for the stage.
Prerequisite(s): THRT 110, THRT 210, THRA 120, THRA170 with a grade of C or better in each course.
Notes: Offered in the spring alternate years.

361. Costuming (3:2:2).
Study and application of the theories and techniques of theatrical costuming including a survey of historical dress, basic techniques of costume construction, and design for the stage.
Prerequisite(s): THRT 110, THRT 210, THRA 120, THRA171 with a grade of C or better in each course.
Notes: Offered in the spring alternate years.
362. Sound Technology and Design for Theatre (3).
Introduction to sound equipment & techniques used in theatrical productions as well as the application of these to sound design for theatre.
Prerequisite(s): THRT 110, THRT 210, THRA 120 with a grade of C or better in each course.
Notes: Offered in the spring alternate years.

370. Practicum (1).
Individually supervised work in theatre performance and/or production.
Prerequisite(s): Permission of the Chair of Theatre and Dance.
Notes: May be repeated for credit for up to six hours. Offered in fall and spring.

411. Auditioning (1:0:2).
Preparation of student actors for graduate school and/or regional theatre auditions. Students will develop an audition portfolio and a personal strategic plan.
Prerequisite(s): Theatre major, performance emphasis, junior status.
Notes: Offered in the spring.

412. Portfolio Development (1:1:0).
Examination of career options for design/technical students and development of resumes, portfolios and other materials required to pursue those career choices.
Prerequisite(s): Theatre major, design technical emphasis, and junior status.
Notes: Offered in the spring.

420. Acting III (3).
Development of the actor’s technique in scenes taken from major historical periods of drama, emphasizing genres other than realism.
Prerequisite(s): THRA 320
Notes: Offered in the fall.

430. Directing II (3).
A study of directing theories and criticism with an individually supervised production of a one-act play for public presentation.
Prerequisite(s): THRA 330, 331.
Notes: Lab Fee: $40. Offered in fall and spring.

471. Internship in Theatre (3).
A faculty supervised/coordinated work affiliation in theatre.
Prerequisite(s): Theatre major, junior status with permission of the Chair of the Department of Theatre and Dance.
Notes: Offered in fall and spring.

570. Advanced Practicum (3).
Supervised direction or design of a full-length theatre production.
Prerequisite(s): Permission of Chair.
Notes: Offered in fall, spring and summer.

250. Introduction To Theatre Education (3).
An introduction to the theatre education profession including historical perspectives, introductory philosophical perspectives, and career orientation.
Notes: Offered in spring.

321. Creative Dramatics (3).
Exploration of the use of creative drama techniques and their use in the development of units and lesson plans for the theatre classroom and across the curriculum.

An exploration of National and State Standards in Theatre Curriculum, curricular development and issues, and extra-curricular theatre/drama programs for K-12 students.
Prerequisite(s): THED 250.
Notes: Offered in fall.

350. Theatre and Dance for the Elementary Classroom (2:2:0).
Methods and materials for using theatre and dance as primary media for communication, inquiry, and insights in the elementary classroom. The content, function, and achievements of theatre and dance will be explored through incorporation of creative drama and creative movement with emphasis on the integration of these two arts into other content areas.
Notes: Offered in spring and summer.

A survey of various research-based instructional planning methodology, classroom management, curricula and evaluation of teaching and learning in theatre.
Prerequisite(s): THED 250, THED 340, admission to Teacher Education Program.
Corequisite(s): THED 392 and EDUC 390.
Notes: Offered in fall.

392. Field Experience Teaching Theatre (1:0:8).
This course uses laboratory experiences equivalent to 28 halfdays to lead theatre education students through an exploration and examination of various research-based programs of instructional planning, methodology, classroom management and evaluation of teaching and learning to complement content covered in THED 391.
Prerequisite(s): THED 250, THED 340, Admission to Teacher Education Program.
Corequisite(s): THED 391 and EDUC 390.
Notes: Offered in fall.

110. Introduction to Design for Theatre (3:3).
Introduction to the scenographic elements of theatrical production, with focus on the process, techniques, skills and talents of the designers who create the look of the production.
Notes: Offered in fall and spring.
210. Script Analysis (3).
Theoretical and practical analysis of play scripts from a global theatrical perspective.
Notes: Offered in the fall.

212. African-American Theatre (3).
A comprehensive study of several significant African-American playwrights and their influence on the American (and world) theatre.
Notes: Offered in the spring alternate years.

298. Theatre Appreciation (3).
An introductory course designed to increase awareness and enjoyment of theatre through reading, attending plays, studying the historical relationship of theatre and society, and exploring the creative process of theatre (acting, designing, directing, etc.).
Notes: Not recommended for theatre majors. Offered in fall and spring.

310. Theatre History and Literature I (3).
A comprehensive survey of the development of world theatre and drama from their origins to 1800, including theatre architecture, theatrical conventions and theatre’s relationship to society in each period.
Prerequisite(s): THRT 110, THRT 210, THRA 120 with a grade of C or better in each course.
Notes: Offered in fall.

311. Theatre History and Literature II (3).
A comprehensive survey of the development of world theatre and drama from 1800 to the present, including theatre architecture, theatrical conventions, and theatre’s relationship to society in each period.
Prerequisite(s): THRT 110, THRT 210, THRA 120 with a grade of C or better in each course.
Notes: Intensive Writing course. Offered in spring.

312. History of Dress and Decor (3).
A survey of the major trends in clothing, decor and furniture from ancient to modern periods. Emphasis will be on the development of research skills and the application of period styles to theatrical productions.
Prerequisite(s): THRT 110, THRT 210, THRA 120 with a grade of C or better in each course.
Notes: Offered in the spring alternate years.

315. Playwriting (3:3:0).
Developing the craft of playwriting through theoretical analysis and practical application of script structure, conflict/tension, effective dialogue, format, writing, workshops, rewrites, and evaluation.
Notes: Offered in fall.

340. Cooperative Education Experience in Theatre (3) (2)
A cooperative education experience in a specified area of theatre that provides on-the-job training in a professional field related to a student’s major or career interest.
Prerequisite(s): Overall GPA of 2.5, junior status, permission of Chair.
Notes: A grade of S or U is recorded. Offered in fall, spring and summer.

512. Dramaturgy (3).
A research-centered exploration of plays from a dramaturgical perspective. Students will serve as dramaturgs for departmental productions and design educational materials for outreach in the schools and community. Scripts will be examined from a variety of critical stances.
Prerequisite(s): THRA 330 and 331, THRT 310 and 311.

571-573. Independent Study (1-3).
An individually designed study or creative project specific to the aptitudes and interests of the student.
Prerequisite(s): Theatre major, junior status with permission of Chair of Theatre and Dance.
Notes: Course maybe repeated for credit.

590-599. Special Topics in Theatre (1, 2, or 3).
Extension of individual opportunities in theatre beyond existing departmental curriculum limits.
Prerequisite(s): Permission of Chair, Department of Theatre and Dance.
Notes: Offered in fall and spring.

Visual Communication (VCOM)

222. Introduction to Illustration (3:0:6).
Introduction to the materials and techniques used in the field of commercial illustration. Emphasis on technical skill and creative interpretation of subject matter through a variety of media.
Prerequisite(s): ARTS 101, 120.
Notes: Lab Fee: $15. Offered in fall and spring.

251. Introduction to Graphic Design (3:0:6).
Introduction to concepts and techniques used in Graphic Design profession. Emphasis on dynamic organization of 2-D layouts utilizing shape, type, and image, as well as the development of professional presentation skills.
Prerequisite(s): ARTS 102, ARTS 201 and ARTS 220 or permission of area coordinator.
Notes: Lab Fee: $20. Offered in fall and spring.

258. Introduction to Typography (3:0:6).
Investigation of typographic elements stressing spatial organization, concept and presentation skills, including an historical study of letterforms and their application in visual communications.
Prerequisite(s): ARTS 102, ARTS 201 and ARTS 220 or permission of area coordinator.
Notes: Offered in fall and spring.

261. Introduction to Computer Imaging (3:0:6).
Use of a computer in the context of visual design professions. Introduces student to skills to create effective and expressive images in a desktop publishing environment.
Prerequisite(s): ARTS 101.
Notes: Students may not receive credit for both ARTS 281 and VCOM261. Lab Fee: $25. Offered in fall and spring.
262. Introduction to Web Design (3:0:6).
Study, create and implement html (hyper text markup language) and Javascript web sites. The course will deal with issues of interactivity and communication delivery including publishing web content. Preparation of images and other content issues for the web will also be covered. Familiarity with general computer functions and web browsers is required.
Prerequisite(s): ARTS 281 or CSCI 101 or VCOM 261.
Notes: Lab Fee: $15. Offered in spring.

274. History of Graphic Design and Illustration (3:3:0).
This survey course will focus on the history and evolution of style, technology, processes, and elements within graphic design and illustration. Industrial design examples will also be covered, with specific emphasis on design in Western culture.
Prerequisite(s): ARTH 175, ARTH 176.
Notes: Students may not receive credit for both ARTH 274 and VCOM 274.

Introduction to tools, processes and technologies used in graphic arts professions. Course material is covered through exercises, projects, and field experiences.
Prerequisite(s): VCOM 251 or permission of area coordinator.
Corequisite(s): VCOM 261 prerequisite or corequisite.
Notes: Offered in spring.

322. Illustration I (3:0:6).
Further development of skills learned in VCOM 222. Emphasis on methods of research and conceptual development. Specific and directed communications projects are used to foster conceptual problem-solving skills.
Prerequisite(s): VCOM 222.
Notes: Lab Fee: $10. Offered in fall.

All VCOM studio courses numbered above 324 have a prerequisite of junior status and the successful completion of the specialization portfolio review or permission of the Chair of the Department of Art and Design.

325. Illustration II (3:0:6).
Building on skills developed in VCOM 322, further exploration and discussion of various illustration techniques and approaches, and their application within publishing fields.
Prerequisite(s): ARTT 300, VCOM 322.
Notes: Lab Fee: $15. Offered in spring.

354. Graphic Design I (3:0:6).
Application of communication design principles learned in VCOM 251 and VCOM 258. Use of design elements, typography, and image to produce dynamic editorial and publication layouts.
Prerequisite(s): ARTT 300.
Notes: Lab Fee: $35. Offered in fall.

355. Graphic Design II (3:0:6).
Through further application of visual communication design principles, the course emphasizes alternative approaches to solving visual problems. Exercises encourage conceptual investigation and creative approaches to problem solution.
Prerequisite(s): VCOM 354.
Notes: Lab Fee: $15. Offered in spring.

358. Intermediate Typography (3:0:6).
Design and organization of printed word and letterforms in combination with other graphic elements. Exploration of experimental typographic forms, interpretive design, and text and image relationships.
Prerequisite(s): VCOM 354.
Notes: Lab Fee: $20.

361. Digital Illustration (3:0:6).
Studies in advanced computer illustration techniques using object and pixel-based image production software. Problems center on both 2D and 3D renderings for illustrative and professional applications.
Prerequisite(s): ARTS 281 or VCOM 261, ARTT 300.
Notes: Lab Fee: $35. Offered in spring.

424. Illustration III (3:0:6).
Emphasizes conceptual and stylistic development of imagery related to applied illustration projects.
Prerequisite(s): VCOM 325.
Notes: Lab Fee: $20. Offered in fall.

444. Design Practicum (3:0:8).
The practicum class provides “real world” design problems. In directed situations, students are responsible for the full range of project management, from client interaction, problem definition, and production to finished printed or electronic materials.
Prerequisite(s): ARTT 300, junior standing in VCD classes. Portfolio required for admission to class.
Notes: Lab Fee: $15. Offered in fall and spring.

453. Corporate Identity (3:0:6).
Comprehensive study and production of corporate identity systems, including the design and development of logos, identity standards, and related collateral materials.
Prerequisite(s): VCOM 354.
Notes: Lab Fee: $25. Offered in fall.

455. Three-Dimensional Graphic Design (3:0:6).
Application of communication graphics to three-dimensional form. Emphasis on product packaging, promotion, environmental graphics, signage and other formats.
Prerequisite(s): VCOM 355.
Notes: Lab Fee: $30. Offered in fall.

458. Experimental Typography (3:0:6).
Investigation of typography as an innovative art form. Emphasis on letterform imagery and experimental formats.
Prerequisite(s): VCOM 355, VCOM 358.
Notes: Lab Fee: $20. Offered in spring.

463. Sequential and Multimedia Design (3:0:6).
Exploration and use of the computer in sequential and
multi-media productions. Included are investigations of several electronic media, including sound, still image and short form video.

Prerequisite(s): ARTT 300 or permission of area coordinator.
Notes: Lab Fee: $30. Offered in fall.

Focus on the preparation and approval of a project proposal which serves as the basis for research in VCOM 487.
Prerequisite(s): VCOM 355.
Notes: Lab Fee: $10. Offered in fall.

487. Senior Thesis (3).
Students pursue solutions to a visual communications problems individually proposed in VCOM 486.
Prerequisite(s): VCOM 486.
Notes: Lab Fee: $40. Offered in spring.

The development of a professional design portfolio. Course also covers preparation of a resume, professional standards and practices, legal issues, and other items relevant to a practicing design professional.
Prerequisite(s): VCOM 486.
Notes: Lab Fee: $35. Offered in spring.

Vocational Education (VCED)

Fundamental fitting and construction techniques in relation to design quality and structure compatibility.
Notes: Lab Fee: $20. Offered in spring.

231. Children and Families (2).
Introduction to development of children and families.
Notes: Offered in fall.

340. Cooperative Internship Experience (3).
A cooperative internship experience providing training in a professional environment. A maximum of 6 hours of credit may be applied toward any baccalaureate degree in the College of Education.
Notes: A grade of S or U is recorded. Offered in fall and spring.

Study of the physical and chemical properties of fibers used for apparel, interior furnishings and industrial products. Origin, manufacture and merchandising of textiles are studied from a global perspective.
Notes: Lab Fee: $10. Offered in fall.

401. Consumer Economics and Resource Management (3).
Consumer Economics and Resource Management focuses on the global nature of our economy and the types of decisions needed to become a rational and discerning consumer.
Notes: Offered in spring.

450. Honors: Selected Topics in Vocational Education (3).
Preparation and execution of an honors project.
Prerequisite(s): 16 semester hours in NUTR, VCED course and consent of faculty advisor.
Notes: A grade of S or U is recorded. Not offered this academic year.

All courses in the College of Education numbered above 499 have a prerequisite of junior status or permission of the dean of the College of Education.

500. Contemporary Issues: The Professional and Family Living (3).
Focus on synthesizing knowledge related to the dynamics and improvements of family life.
Notes: Offered in spring.

501. Residential Technology (3).
This course examines the many technological changes that have affected the family residence. Sound and visual equipment, computers, home office, and innovative household equipment will be studied.
Prerequisite(s): VCED 401.
Notes: Lab Fee: $25. Offered in spring.

551 thru 569. Special Topics: Vocational Education (1) (2) (3).
Application of research to current problems in teaching.
Notes: Not offered this academic year. May be retaken for additional credit.

573. Vocational Cooperative Education (3).
Emphasizes elements common to all areas of cooperative programs. These include recruitment, selection, initiation, organization, counseling, and placement of students in work situations.
Notes: Offered in fall.

Wellness (WELL)

301. Wellness: Health Risk Assessment and Management (3).
Health risk evaluation and identification of relationships among nutrition, anthropometric measurements, substance abuse, emotions, stress, and health.
Notes: Offered on demand.

Women’s Studies (WMST)

300. Introduction to Women’s Studies (3).
An interdisciplinary, multicultural study of women’s roles and their contribution to the liberal arts. Historical, anthropological, biological, and artistic influences affecting women will be examined. Recommended for students with sophomore standing or higher.
Notes: Offered in fall.

450. Special Topics in Women’s Studies (3).
In-depth or specialized inquiry into women’s studies topics or issues.
Prerequisite(s): Permission of instructor.
WRITING
Notes: Offered in fall, spring and summer.

Writing (WRIT)

WRIT 101 is a prerequisite for WRIT 102. CRTW 201 or WRIT 102 is a prerequisite for all WRIT courses above 102. Students must attain a grade of C or better in these courses.

101. Composition (3).
Writing assignments beginning with personal experience narratives and progressing to academic essays incorporating paraphrased and quoted material from multiple sources. Critical reading and review of grammar and usage.
Notes: Offered in fall and spring.

102. Composition (3).
A continuation of 101 with emphasis on argumentative and persuasive writing, essay examinations, and the library research paper.
Prerequisite(s): WRIT 101 with a grade of C or better.
Notes: Offered in fall, spring and summer.

111. Writing for Non-native Speakers (1).
Designed for non-native speakers of English. Course will address sentence-level issues (verb tenses, prepositions, idioms, articles) and the structure of the American essay.
Notes: Cannot be counted toward graduation requirements. A grade of S or U is recorded. Offered in fall.

300. Rhetorical Theory (3).
An historical survey of rhetorical theory as it relates to written texts, beginning with classical rhetoric but with special emphasis on the twentieth century.
Prerequisite(s): CRTW 201 or WRIT 102.
Notes: Intensive Writing course. Offered in spring of odd years.

307. Fiction Writing (3).
A study of literary devices and techniques designed to provide the writer with basic fiction writing skills.
Prerequisite(s): CRTW 201 or WRIT 102.
Notes: Offered in fall and spring.

316. Poetry Writing (3).
An introductory workshop course focusing on student poems: writing, discussing, critiquing, and rewriting. Emphasis also on reading contemporary poetry.
Introduction of literary magazines and publications.
Prerequisite(s): CRTW 201 or WRIT 102.
Notes: Offered in fall and spring.

350. Introduction to Composition Theory and Pedagogy (3).
An overview of contemporary theory about the learning and teaching of composition, plus intensive work in writing, revising, and editing. Designed primarily for students who are pursuing teacher licensure.
Prerequisite(s): CRTW 201 or WRIT 102 required; junior status recommended.
Notes: Intensive Writing course. Offered in the fall.

351. Advanced Non-Fiction Writing Workshop (3).
An advanced workshop course in writing non-fiction essays.
Prerequisite(s): CRTW 201 or WRIT 102.
Notes: Intensive Writing course. Offered in the spring of even years.

431, 432, 433. Academic Internship in Writing (1) (2) (3).
Practical experience in selected activities related to writing skills gained in the major.
Prerequisite(s): 12 hours of ENGL (including ENGL 300) and or WRIT courses beyond CRTW 201 or WRIT 102 and a 2.5 GPA or permission of Department Chair.
Notes: Open to English majors only. Offered in fall and spring.

461, 462. Internship in Science Communication (3) (3).
Practical experience in science communication through work in area governmental and business institutions under the supervision of program faculty.
Prerequisite(s): Prior approval from program director and Dean of the College of Arts and Sciences.
Notes: Offered in fall and spring.

465. Preparation of Oral and Written Reports (3).
The practical study of audience analysis, purpose, format, organization, and style in written and oral reports.
Prerequisite(s): Junior status and C or better in CRTW 201 or WRIT 102.
Notes: Intensive Writing and Intensive Oral Communication course. Offered in fall, spring and summer.

500. The Theory and Practice of Tutoring Writers (3:3:1).
Advanced study of the theory and practice of tutoring writers with particular attention to the composing process, theories of learning in a conference setting, and rapid analysis of student writing with the goal of engaging student writers in posing solutions to their writing problems.
Prerequisite(s): Completion of CRTW 201 or permission of instructor or graduate standing.
Notes: Offered in fall.

A discussion of and hands-on workshop in writing for electronic publication, including the rhetorical, contextual, and ethical issues involved in creating such publications; the criteria for evaluating such publications; and the skills needed to create such publications.
Prerequisite(s): CRTW 201 (co-requisite or pre-requisite) or WRIT intensive course or graduate standing.

507. Short Story Writing (3).
An examination of contemporary short fiction and completion of 10,000 words comprising two to four original works.
Prerequisite(s): WRIT 307 or graduate status.
Notes: Offered in fall and spring.
516. Poetry Writing II (3).
An advanced workshop course similar to WRIT 316 in format. More critical analysis of established poets. Additional work on traditional forms.
Prerequisite(s): WRIT 316 or permission of instructor or graduate status.
Notes: Offered in fall and spring.

530. Script Writing (3).
A workshop course in media script writing with an emphasis on theatre.
Prerequisite(s): CRTW 201 or WRIT 102 or graduate status.
Notes: Offered in the spring of odd years.

566. Technical and Scientific Writing (3).
Intensive training in organization, format, and style of scientific and technical writing.
Prerequisite(s): WRIT 102 or CRTW 201; and either ENGL 380 or successful completion of a 200-level or higher course in BIOL, CHEM, CSCI, ENVS, GEOG, GEOL, GRNT, NUTR, MATH, PHYS, PSYC, SCIE, or WELL, or permission of the instructor; or graduate status.
Notes: Intensive Writing and Intensive Oral Communication course. Offered in spring term.
2003-04 OFFICIALS and ADMINISTRATIVE STAFF

Board of Trustees

Members Ex-Officio:
MARK SANFORD, Governor
KATHY BIGHAM, Governor’s Designee
INEZ TENENBAUM, State Superintendent of Education
SANITA SAVAGE, State Superintendent’s Designee

Elected by the Legislature to Serve until 2008:
KARL FOLKENS, Florence
VACANT

Elected by the Legislature to Serve until 2006:
GLENDI PITTMAN OWENS, Charleston
HAROLD P. TUTTLE, JR., Rock Hill

Elected by the Legislature to Serve until 2005:
ROBERT L. THOMPSON, Rock Hill

Elected by the Legislature to Serve until 2004:
ROBERT GAHAGAN, Blythewood
VACANT

Appointed by the Governor:
LARRY DURHAM, Lancaster

Elected by the Alumni Association to Serve until 2006:
POLLY FORD, Rock Hill
MARY JEAN MARTIN, Rock Hill

Invited Representatives:
MARILYN SMITH, faculty, Rock Hill
RICHARD FOWLER, student, Dallas, NC

Officers of the University

ANTHONY J. DIGIORGIO, President
THOMAS F. MOORE, Vice President for Academic Affairs
FRANK P. ARDAIOLO, Vice President for Student Life
J.P. McKee, Vice President for Finance and Business
KATHRYN I. HOLTN, Vice President for University Advancement

Academic Officers

DEBRA BOYD, Dean, College of Arts and Sciences
PATRICIA L. GRAHAM, Dean, Richard W. Riley College of Education
MARK Y. HERRING, Dean, Library Services
W. BRIE LEWIS, Dean, University College
ANDREW SVEDLOW, Dean, College of Visual and Performing Arts
ROGER D. WEIKLE, Dean, College of Business Administration

Administrative Staff

MIM ARMOUR, Director, Institutional Research
DEBORAH G. BARBER, Director, Undergraduate Admissions
DEEANNA BROOKS Assistant to the President, University Events
PATRICE L. BRUNEAU Director, Academic Computing Center and User Support Services
CYNTHIA A. CASSENS, Director, Residence Life
MARTIE H. CURRAN, Associate Vice President and Executive Director, Alumni Relations
JAMES R. CURRY, Director, Telephone and Network Services
TIMOTHY A. DRIEKE, Registrar
CAROLINE EVERINGTON, Associate Dean, Richard W. Riley College of Education
MANNING D. GIBSON, Assistant Vice President, Facilities Design and Development
JAMES T. HAMMOND, Associate Vice President, Information Technology
WALTER A. HARDIN, Associate Vice President, Facilities Management
THOMAS N. HICKMAN, Director, Athletics
THOMAS INJAYCHOCK, Director, Career Services
SHARON B. JOHNSON, Director, Graduate Studies
KAREN C. JONES, Assistant Vice President for Academic Affairs
TERESA R. JUSTICE, Director, Sponsored Programs & Research
KATHY LYON, Director, Honors Program
AMANDA F. MAGHSOUD, Associate Vice President for Finance and Business
BETHANY MARLOWE, Dean of Students
LAURENCE R. MITLIN, Associate Dean, Library Services
JOSEPH PRUS, Director, Assessment
S. HUNTER QUIMBY, Director, Internal Audit
M. JANE RANKIN, Director, Health and Counseling Services
ROBERT L. REID, JR., Director, Procurement and Risk Management
WILHELMENIA I. REMBERT, Associate Vice President, Graduate and Continuing Studies
Marilyn SMITH, Director of General Education
JENNIFER CREW SOLOMON, Assistant Dean, University College
CHERYL A. SOUTHWORTH, Director, Human Resources and Affirmative Action
ADMINISTRATIVE STAFF/FACULTY AWARDS

1998 Alfred Ward
1999 Darrell Parker
2000 Donald Friedman
2001 Gary Stone
2002 William Rogers
2003 Betty Lou Land
2004 Michael Williams

Outstanding Junior Professor. This award recognizes excellence among assistant professors. Selection indicates a reputation for inspired teaching, research or creative excellence, and dedication to the welfare of students. This honor is accompanied by an award from the Council of Deans.

1981 Keith L. Bildstein
1982 Kent E. Foster
1983 William F. Naufftus
1984 Benjamin M. Hawkins
1985 Jason H. Silverman
1986 Susan J. Smith
1987 Larry L. Hatcher
1988 Sherrie L. W. Rhine
1989 Elnora Stuart
1990 Phil Moody
1991 Margaret Johnson
1992 Martin A. Knoll
1993 Lynn Willoughby
1994 Julian Smith III
1995 Jonathan Marx and Jeannie Woods
1996 Susan J. Marks
1997 Thomas W. Polaski
1998 Janice B. Chism
1999 Karen Kedrowski
2000 Alice Burmeister
2001 Sandy Wilson
2002 Keith Benson
2003 Kelly Hewett
2004 Scott Huffmon

James Pinckney Kinard and Lee Wicker Kinard Award for Excellence in Teaching. The James Pinckney Kinard and Lee Wicker Kinard Award for Excellence in Teaching, established in honor of former president James Pinckney Kinard and his wife, Lee Wicker Kinard, in 1984 by their family, is based on dedication to teaching, reputation on campus for teaching, and reputation among students. This honor is accompanied by a cash award.

1984 Roger R. Baumgarte
1985 Houston A. Craighead Jr.
1986 Edward P. Guettler
1987 Jerry Lee Helton
1988 Susan L. Roberts
1989 William Murdy
1990 David Rankin
1991 Betty Lou Land
1992 Gary L. Stone
1993 Rondeau G. Laffitte
1994 Phil Thompson
1995 William Naufftus
1996 Phil J. Moody
1997 Ralph Gustafson
FACULTY AWARDS/FACULTY

1998 Charles Alvis
1999 Marsha Bollinger
2000 Robert Breakfield
2001 Jonathan Marx
2002 Gloria Jones
2003 Michael Kennedy

Faculty/Student Life Award. Presented by the Division of Student Life. In recognition of a faculty member that has significantly contributed to the quality of Student Life and the Winthrop University community of learners.

1990 Edward P. Guettler
1991 James W. Johnston
1992 Roger R. Baumgarte
1993 W. Martin Hope
1994 Sonja Francis
1995 Joyce Veale
1996 Joe Prus
1997 Gary Stone
1998 Jennifer Solomon
1999 Gloria Jones
2000 Alice Burmeister
2001 Jeff Sinn
2002 Antigo Martin-Delaney
2003 Michael Kennedy

Undergraduate Faculty 2003-2004

LINDA AARON
Assistant Professor of Art and Design
MEd, University of Florida

MARY ADKINS
Assistant Professor, Library Services
MLIS, University of South Carolina

GARY L. ALDERMAN
Associate Professor of Psychology
PhD, University of South Carolina

RONALD C. ALEXANDER
Lecturer in English
MA, Winthrop University

NANETTE ALTMAN
Lecturer in Mathematics
MMth, Appalachian State University

HEATHER ALVERSON
Lecturer in Art and Design
BA, Winthrop University

CHARLES E. ALVIS
Associate Professor of Business Administration-Accounting
MBA, Winthrop University

CAROL S. ANFIN
Professor of Early Childhood Education
PhD, University of South Carolina

ALEX J. ANGULO
Assistant Professor of Foundations of Education
DEd, Harvard University

FRANK P. ARDAIOLO
Associate Professor of Education and Vice President for Student Life
EdD, Indiana University

JENNIFER N. AUSTIN
Lecturer in Music
MM, Winthrop University

JULIA P. BAKER
Visiting Assistant Professor of Chemistry
PhD, University of South Carolina

PATRICIA I. BALLARD
Assistant Professor and Catalog Librarian, Dacus Library
AMLS, University of Michigan

EUGENE M. BARBAN
Professor of Music
DMA, College - Conservatory of Music of the University of Cincinnati

NATHANIEL A. BARBER
Assistant Professor of Business Administration and Director, Small Business Development Center
MBA, Indiana University

ANNE E. BEARD
Associate Professor of Speech
EdD, University of Georgia

ADOLPHUS G BELK, JR.
Assistant Professor of Political Science
PhD, University of Maryland

KEITH BENSON
Assistant Professor of Business Administration - Management
PhD, Pennsylvania State University

R. CARLTON BESSINGER
Associate Professor of Human Nutrition
PhD, University of North Carolina

TRISTRAM BETHEA
Lecturer in Chemistry
PhD, Clemson University

RAVINDER K. BHARDWAJ
Associate Professor of Business Administration-Finance
PhD, University of South Carolina

LESLEY W. BICKFORD
Instructor in English
MA, University of Mississippi

GWEN BIGHAM
Lecturer in Art and Design
BFA, Winthrop University
JOHN C. BIRD
Associate Professor of English
PhD, University of Rochester

BARBARA BLACKBURN
Assistant Professor of Middle Level Education
PhD, University of North Carolina-Greensboro

ANNE BLACKWELL
Lecturer in Dance

IRENE B. BOLAND
Associate Professor of Geology
PhD, University of South Carolina

MARSHA S. BOLLINGER
Professor of Geology
PhD, University of South Carolina

CHARLES J. BOWERS
Professor of Physical Education
EdD, University of Mississippi

DEBRA C. BOYD
Dean, College of Arts and Sciences and Associate Professor of English, Department of English
PhD, University of South Carolina - Columbia

TIMOTHY S. BOYLAN
Associate Professor of Political Science
PhD, Northern Arizona

DAVID A. BRADBARD
Professor of Business Administration-Management Information Systems
EdD, University of Georgia

JANICE B. BRADNER
Instructor in Music
MM, Winthrop University

ROBERT H. BREAKFIELD
Professor of Business Administration-Business Law
LLM, Boston University

ELLEN BRIGHTWELL
Instructor of Spanish
MA, Winthrop University

FLORA BROOKS
Lecturer in Chemistry
BS, Winthrop University

GARY T. BROOKS
Professor of Mathematics and Chair, Department of Mathematics
PhD, University of North Carolina at Chapel Hill

LYNN H. BROOKS
Instructor in Arts and Sciences and Director, Student Services, College of Arts and Sciences
MEd, University of North Carolina at Charlotte

SIOBHAN C. BROWNSON
Assistant Professor of English
PhD, University of South Carolina - Columbia

ALICE BURMEISTER
Associate Professor of Art and Design
PhD, Indiana University

CARLOS E. CABALLERO
Assistant Professor of Mathematics
PhD, Oklahoma State University

CLIFTON P. CALLOWAY, JR.
Assistant Professor of Chemistry
PhD, Wake Forest University

CHRISTA CAMMAROTO
Lecturer in Art and Design
MA, University of Boulder

STEVE CANSLER
Lecturer in Spanish,
MS, Winthrop University

QIDONG CAO
Associate Professor of Quantitative Methods
PhD, Clemson University

ADELHEID CARPENTER
Lecturer in French
MEd, Winthrop University

NATACHA LAGUARDIA CARRILLO
Lecturer in Spanish
MS, New York University

JEREMY CASLIN
Lecturer in Art and Design
PhD, University of Virginia

SHAUN CASSIDY
Associate Professor of Art and Design
MVA, University of Alberta, Canada

GUILLERMO I. CASTILLO-FELIÚ
Professor of Spanish
PhD, Michigan State University

RICHARD CHACON
Assistant Professor of Anthropology
PhD, University of California-Santa Barbara

IDA H. CHAUVIN
Assistant Professor of Counselor Education
PhD, University of New Orleans

STEVEDA CHEPKO
Professor of Physical Education and Chair, Department of Physical Education
EdD, Temple University

ROBIN A. CHERAMIE
Instructor in Business Administration-Management
PhD, Louisiana State University
FACULTY

MAX L. CHILDERS
Associate Professor of English
PhD, University of South Carolina

JANICE B. CHISM
Associate Professor of Biology and Anthropology
PhD, University of California

JOE CIARLANTE
Lecturer in Art and Design
MFA, University of Colorado

SURYA CIRYAM
Assistant Professor of Business Administration-Marketing
MBA, University of Alaska

J. WILLIAM CLICK
Professor of Mass Communication and Chair,
Department of Mass Communication
PhD, The Ohio State University

CLARENCE COLEMAN
Professor of Business Administration-Accounting
PhD, University of South Carolina

IRIS COLEMAN
Instructor in Mathematics
MAT, Winthrop University

RACHEL COLLOPY
Assistant Professor of Educational Psychology
PhD, University of Michigan

JAMES D. CONNELL
Professor of Art and Design
MFA, University of Illinois

ROBERT COOPER
Lecturer in Business Administration-Management
PhD, University of Virginia

LEE ANNE COPE
Assistant Professor of Biology
PhD, University of Tennessee, College of Veterinary Medicine

JUDY CORBETT
Lecturer in English
MA, Winthrop University

MICHAEL CORNICK
Assistant Professor of Business Administration-Accounting
PhD, University of North Carolina-Chapel Hill

RORY T. CORNISH
Associate Professor of History and Chair,
Department of History
PhD, University College London

BETH COSTNER
Assistant Professor of Mathematics
PhD, The Ohio State University

HOUSTON A. CRAIGHEAD, JR.
Professor and Chair, Department of Philosophy and Religious Studies
PhD, University of Texas at Austin

LOURINDA S. CROCHET
Instructor in Music and Assistant Director of Bands
MM, University of Miami

JAMES F. CROOK
Professor of Business Administration-Computer Science
PhD, Virginia Polytechnic Institute and State University

DEBORAH R. CURRY
Lecturer in Biology
MAT, Winthrop University

CATHERINE D’AGOSTINO
Lecturer in Italian
MA, Middlebury College

MARIA D’AGOSTINO
Lecturer in Political Science
MPA, Pace University

CYNTHIA M. DAILY
Assistant Professor of Business Administration-Accounting
DBA, Louisiana Tech University-Ruston

GWEN M. DALEY
Assistant Professor of Geology
PhD, Virginia Polytechnic Institute

TIMOTHY DAUGHERTY
Associate Professor of Psychology
PhD, University of Miami

BRIAN DAVIS
Lecturer in Art and Design
MFA, University of Florida

PEG DE LAMATER
Assistant Professor of Art and Design
PhD, University of Texas

CAROLE V. DE CASAL
Professor of Educational Leadership and Chair, Department of Counseling and Leadership
EdD, University of Utah

TOMOKO DEGUCHI
Lecturer in Music
MM, Kobe University
MA, University of Wyoming

WANDA I. DELEO
Associate Professor of Business Administration-Accounting
PhD, Georgia State University

LATISHA R. DENNIS
Instructor in English
PhD, University of North Carolina-Greensboro
SHAWN DENTON  
Lecturer in English  
MA, University of Maryland

GERRY DERKSEN  
Assistant Professor of Art and Design  
MDes, University of Alberta

KAREN DERKSEN  
Lecturer in Art and Design  
BA, University of Regina

JACK DEROCHE  
Assistant Professor of English  
PhD, University of South Carolina

MARK DEWALT  
Professor of Educational Research and Director, Graduate Studies, College of Education  
PhD, University of Virginia

VIRGINIA DEWEY  
Lecturer in Business Administration-Quantitative Methods  
MAT, Winthrop University

PAUL DEZENDORF  
Associate Professor of Social Work  
PhD, University of South Carolina

MABAYE DIA  
Assistant Professor of Geography  
PhD, Laval University

LEWIS H. DICKERT  
Assistant Professor of Music  
PhD, University of Memphis

ANTHONY J. DIGIORGIO  
President and Professor of Psychology  
PhD, Purdue University

JOHN E. DILLÉ  
Professor of Biology  
PhD, University of California at Davis

DWIGHT DIMACULANGAN  
Associate Professor of Biology  
PhD, University of South Carolina

JENNIFER DISNEY  
Assistant Professor of Political Science  
PhD, City University of New York

E. RAY DOCKERY  
Associate Professor of Elementary Education  
EdD, University of Tennessee

WENDY DOVER  
Assistant Professor of Special Education  
EdD, Kansas State University

L. ANDREW DOYLE  
Assistant Professor of History  
PhD, Emory University

CHAD DRESBACH  
Associate Professor of Art and Design  
MFA, Kent State University

NADINE DRESBACH  
Lecturer in Art and Design  
BA, Kent State University

MEYER DRUCKER  
Associate Professor of Business Administration-Accounting  
MLT, Emory University

LAURA J. DUFRESNE  
Professor of Art and Design  
PhD, University of Washington

FREDERICK H. DUNCAN  
Associate Professor of Business Administration-Finance  
PhD, University of South Carolina

LYNNE DUNN  
Associate Professor of History  
PhD, Kent State University

DOUGLAS L. ECKBERG  
Professor and Chair, Department of Sociology  
PhD, University of Texas at Austin

J. SCOTT ELY  
Associate Professor of English  
MFA, University of Arkansas

BARBARA ESQUIVEL-HEINEMANN  
Associate Professor of Modern Languages  
PhD, State University of New York-Buffalo

W. CRAIG ESTEP  
Lecturer in Music  
MM, Winthrop University

MICHAEL D. EVANS  
Associate Professor of Business Administration-Accounting  
MBA, Bradley University

CAROLINE EVERINGTON  
Professor of Special Education and Associate Dean, Richard W. Riley College of Education  
PhD, University of New Mexico

REBECCA B. EVERS  
Associate Professor of Special Education  
EdD, Northern Illinois University

CHRISTINE FERGUSON  
Assistant Professor of Early Childhood Education  
PhD, University of South Carolina

STEVEN E. FIELDS  
Lecturer in Biology  
MS, Winthrop University

AURORA FIENGO-VARN  
Assistant Professor of Spanish  
PhD, University of South Carolina
MATTHEW FIKE
Assistant Professor of English
PhD, University of Michigan

CHRISTINE FISHER
Lecturer in Music
MME, University of South Carolina

WILLIAM A. FISHER
Professor of Mass Communication
MJS, Northwestern University

CHERYL FORTNER-WOOD
Assistant Professor of Psychology
PhD, Purdue University

KENT E. FOSTER
Associate Professor of Business Administration and Chair, Department of Computer Science and Quantitative Methods
PhD, Southern Illinois University

STEVEN FRANKFTER
Associate Professor of Business Administration-Management
PhD, University of Washington

DAVID L. FREEMAN
Professor of Art and Design
MFA, University of Iowa

DONALD FLANELL FRIEDMAN
Professor of German
PhD, New York University

BARBARA K. FULLER
Associate Professor of Business Administration-Marketing
PhD, University of Tennessee

LAURA GARDNER
Assistant Professor of Art and Design
MS, Supervision & Administration/Visual Arts
Bank Street College of Education/Parsons School of Design

TOM GARNER
Lecturer in Art and Design
MFA, Clemson University

STACY GARRETT-MCCONNELL
Instructor in Dance
MFA, Florida State University

DEBORAH GARRICK
Lecturer in Art and Design
MEd, Winthrop University

CHLOTIA GARRISON
Assistant Professor of Business Administration-Computer Science
PhD, Florida State University

ISHITA GHOSH
Associate Professor of History
PhD, Pennsylvania State University

AMANDA GILLELAND
Lecturer in Biology
MS, Winthrop University

LAURA GLASSOCK
Assistant Professor of Biology
PhD, University of North Carolina at Chapel Hill

MIKE GOETZ
Lecturer in Art and Design
BFA, Winthrop University

MELVIN GOLDSTEIN
Professor of Psychology and Chair, Department of Psychology
PhD, Rutgers University

CHRISTY GOODNER
Instructor in Human Nutrition
MS, Winthrop University

RONNIE C. GOOLSBY
Professor of Mathematics and Director of LEAP
PhD, University of North Carolina at Chapel Hill

APRIL A. GORDON
Professor of Sociology
PhD, University of Missouri

TIMOTHY S. GORDON
Lecturer in Music
MM, North Carolina School of the Arts

ROBERT M. GORMAN
Associate Professor and Head, Public Services Division, Dacus Library
MLN, Emory University

LORRAINE C. GORRELL
Professor of Music
MM, Yale University

PATRICIA L. GRAHAM
Professor of Education and Dean, Richard W. Riley College of Education
EdD, Syracuse University

JANET GRAY
Instructor in Theatre
MFA, Tulane University

RONALD K. GREEN
Professor of Social Work and Chair, Department of Social Work
JD, University of Tennessee

SUSAN GREEN
Associate Professor of Educational Psychology
PhD, Loyola of Chicago
PhD, University of South Carolina - Columbia
MARY CATHERINE GRIFFIN
Lecturer in History
MLA, Winthrop University

WILLIAM W. GRIGSBY
Associate Professor of Business Administration-Accounting
DBA, University of Oklahoma

PEGGY W. HAGER
Assistant Professor of Business Administration-
Management and Director, Graduate Studies, College
of Business Administration
MS, Winthrop University

KAMINER HAISLIP
Lecturer in Art and Design
BFA, Winthrop University

MELODY HALLMAN
Lecturer in Theatre
MFA, West Virginia University

SHELLY HAMILL
Assistant Professor of Health Education
PhD, Walden University

MARK HAMILTON
Assistant Professor of Art and Design
BFA, University of North Carolina at
Charlotte

JAMES HAMMOND
Assistant Professor of Business Administration and
Associate Vice President, Information Technology
ABD, University of South Carolina

RICHARD HANELINE
Lecturer in Art and Design
MFA, Winthrop University

CRAIG HARMON
Lecturer in Art and Design
BFA, Winthrop University

LISA HARRIS
Instructor in Curriculum and Instruction and Director,
Instructional Technology Center, Richard W. Riley
College of Education
MEd, University of South Carolina

AARON M. HARTEL
Assistant Professor of Chemistry
PhD, Duke University

EDWARD S. HAYNES
Associate Professor of History
PhD, Duke University

DARLENE HEGEL
Lecturer in Spanish
MSE, Illinois State University

KURT HEINLEIN
Lecturer in Theatre
MFA, University of Cincinnati College, Conservatory of
Music

JERRY L. HELTON
Professor of Music
MEd, College - Conservatory of Music of the University of
Cincinnati

MARK Y. HERRING
Professor and Dean, Library Services
EdD, East Tennessee State University

KELLY HEWETT
Assistant Professor of Marketing
PhD, University of South Carolina

THOMAS P. HILDRETH
Lecturer in Music
MM, University of South Carolina

SHEILA HILL-CARTER
Lecturer in Spanish
MA, West Indies University

VANESSA HILL
Assistant Professor of Business Administration
PhD, Carnegie Mellon University

VANCE T. HOLDERFIELD
Visiting Assistant Professor of Business Administration-
Computer Science
MS, University of South Carolina

W. MARTIN HOPE
Professor of Social Work
EdD, University of South Carolina

MEL HORTON
Assistant Professor of Physical Education
EdD, University of Virginia

CHRISTOPHER HOWELL
Lecturer in Mathematics
MA, Winthrop University

D. HANEY HOWELL
Associate Professor of Mass Communication
MA, Midwestern State University

BLACKMON HUCKABEE
Lecturer in Political Science
MA, Winthrop University

JANET G. HUDSON
Assistant Professor of History
PhD, University of South Carolina- Columbia

SCOTT HUFFMON
Assistant Professor of Political Science
PhD, University of Mississippi
FACULTY

W. MARTIN HUGHES
Professor of Music
DMA, University of Maryland

RICHARD C. INGRAM
Associate Professor of Secondary Education
PhD, University of South Carolina

MADELEINE JACOBS
Lecturer in French
PhD, University of Florida

M. KELLY JAMES
Assistant Professor of Sociology
PhD, Louisiana State University

ROY A. JAMESON
Instructor in Geology
MS, West Virginia University

CINDY JOHNSON-TAYLOR
Assistant Professor of Educational Leadership and Director, Student Academic Services, Richard W. Riley College of Education
PhD, University of South Carolina

JAMES W. JOHNSTON
Professor and Chair, Department of Biology
PhD, University of Tennessee

GLORIA G. JONES
Associate Professor and Co-Chair, Department of English
PhD, University of North Carolina at Greensboro

MARSHALL G. JONES
Assistant Professor of Instructional Technology
EdD, University of Georgia

PETER J. JUDGE
Assistant Professor of Philosophy and Religious Studies
PhD, The Catholic University of Louvain, Belgium

DANNELLA KASPAReK
Instructor of Physical Education
MS, University of Iowa

HARRY KATZAN
Professor of Business Administration-Computer Science
MA, Ohio University-Athens

CHRISTA L. KEA
Lecturer in Speech
MS, Winthrop University

KAREN M. KEDROWSKI
Associate Professor and Chair, Department of Political Science
PhD, University of Oklahoma

GLORIA A. KELLEY
Associate Professor and Head, Technical Services Division, Dacus Library
MSLS, Atlanta University

SALLY L. KIEFER
Lecturer in Human Nutrition
MS, Winthrop University

KATHERINE S. KINSEY
Associate Professor of Music
DMA, University of South Carolina

RATNA KOLHATKAR
Lecturer in Human Nutrition
MA, New York University

JOSEPHINE A. KOSTER
Associate Professor of English
PhD, University of North Carolina at Chapel Hill

TIMOTHY KOTTYAN
Lecturer in Theatre
BA, College of Charleston

SUSAN KRESS
Lecturer in Art and Design
MFA, Southern Illinois University

LENNART H. KULLBERG
Professor of Chemistry
PhD, University of Lund, Sweden

CLARA PAULINO KULMACZ
Lecturer in Art and Design
MPhil, University of Porto

CURT C. LAIRD
Assistant Professor of Sport Management
PhD, Ohio University

ROBIN K. LAMMI
Assistant Professor of Chemistry
PhD, Washington University-St. Louis

BETTY LOU LAND
Professor of Reading Education
PhD, University of South Carolina

TAMARA L. LAVALLA
Instructor in Art and Design
BFA, Syracuse University

MICHAEL W. LAVINE
Assistant Professor of Art and Design
MFA, Arizona State University

HEAKYUNG LEE
Associate Professor of Mathematics
PhD, University of Wisconsin

JOSEPH EDWARD LEE
Associate Professor of History
PhD, University of South Carolina

C. ANGELA LETOURNEAU
Professor of Business Administration-Accounting and Chair, Department of Accounting, Finance and Economics
DBA, Louisiana Tech University
DAVID E. LETOURNEAU
Associate Professor of Business Administration-Finance
DBA, Louisiana Tech University

CECILE LEUNG
Associate Professor of French
PhD, University of Chicago

W. BRIEN LEWIS
Dean, University College and Assistant Professor of Business Administration
JD, University of Toronto

MICHAEL LIPSCOMB
Assistant Professor of Political Science
PhD, Pennsylvania State University

DAVID LONG
Assistant Professor of Theatre
MFA, University of Washington

ROBERT LUCAS
Lecturer in Latin
MS, Indiana State University

SUSAN B. LUDVIGSON
Professor of English
MAEd, University of North Carolina at Charlotte

DONALD C. LUEDER
Professor of Educational Leadership
PhD, Syracuse University

RUSSELL LUKE
Lecturer in Theatre
MFA, University of New Orleans

SCOTT LYMAN
Assistant Professor of Health Services Management
PhD, Virginia Tech University

SUSAN B. LYMAN
Associate Professor of Social Work
PhD, Virginia Polytechnic Institute and State University

KATHY A. LYON
Associate Professor of Psychology and Director, Honors Program
PhD, George Washington University

PATRICIA B. MACENULTY
Lecturer in English
PhD, Florida State University

PONNAMPALAM MAHESWARANATHAN
Associate Professor of Physics
PhD, Purdue University

REBECCA O. MALAMBRI
Instructor in Education and Advisement
Coordinator, Richard W. Riley College of Education
MS, Winthrop University

WILLIAM F. MALAMBRI, JR.
Professor of Music
DMA, University of South Carolina

AMEDA MANETTA
Assistant Professor of Social Work
PhD, Virginia Commonwealth University

CAROL A. MARCHEL
Assistant Professor Educational Psychology
PhD, University of Tennessee-Knoxville

ROBERT MARENICK
Lecturer in Theatre
MFA, Ohio University

SUSAN MARKS
Associate Professor of Biology
PhD, Duke University

MARY E. MARTIN
Instructor in English
PhD, Ohio University

ANTIGO D. MARTIN-Delaney
Associate Professor of Psychology
PhD, Virginia Polytechnic Institute and State University

PAUL C. MARTYKA
Associate Professor of Art and Design
MFA, University of Michigan

JONATHAN I. MARX
Professor of Sociology
PhD, Indiana University

CHRISTINE MAXWELL
Assistant Professor Early Childhood Education
PhD, Florida State University

SARITA J. MAXWELL
Lecturer in Music
MM, Appalachian State Universitay

DIANA MATUSA
Lecturer in Music
MA, Bucharest Academy

ANTJE MAYS
Assistant Professor and Librarian, Dacus Library
MS, University of South Carolina

DOUG MCAHBE
Lecturer in Art and Design
MFA, Winthrop University

ARTHUR MCCLENDON
Lecturer in Art and Design
MA, University of North Carolina-Chapel Hill

ANITA A. MCCULLOCH
Instructor in Biology
MS, University of Oregon
FACULTY

JENNIFER MCDANIEL
Lecturer in Music
MM, Winthrop University

NORMA MCDUFFIE
Instructor in English
MA, Wake Forest University

CHARLOTTE B. MCGUIGAN
Teacher, Macfeat Laboratory School
BS, Winthrop University

ALICE J. MCLAINE
Assistant Professor of Athletic Training
PhD, Iowa State University

ELIZABETH MCMANUS
Lecturer in Art and Design
BFA, Winthrop University

CAROL MCNULTY
Assistant Professor of Curriculum and Instruction
PhD, University of Georgia

DAVID MEELER
Assistant Professor of Philosophy and Religious Studies
PhD, University of California-Santa Barbara

BETH MELTON
Lecturer in Art and Design
BFA, Winthrop University

OVID MENTORE
Lecturer in Mathematics
BS, Kean College

STEVEN K. MILLION
Professor of Foundations of Education
PhD, University of Florida

PAULA L. MITCHELL
Associate Professor of Biology
PhD, University of Texas

LAURANCE R. MITLIN
Professor and Associate Dean of Library Services,
Dacus Library
MSLS, University of North Carolina at Chapel Hill

HEIDAR A. MODARESI
Professor of Psychology
PhD, University of California at Riverside

EVA MOLNAR
Instructor in Spanish
MA, Ohio State University

MARIYL L. MONTGOMERY
Lecturer in English
MA, University of Tennessee

MARGE MOODY
Associate Professor of Art and Design
Diploma, Duncan of Jordanstone College of Art

PHIL J. MOODY
Professor of Art and Design
MFA, University of Michigan

BESSIE A. MOODY-LAWRENCE
Associate Professor of Elementary Education
EdD, University of South Carolina

Associate Professor of Chemistry and Vice President for
Academic Affairs
PhD, University of South Carolina

RICHARD L. MORRIS
Professor of Business Administration-Quantitative Methods
PhD, Virginia Polytechnic Institute and State University

JANICE MUELLER
Lecturer in Art and Design
MFA, Winthrop University

PEDRO M. MUÑOZ
Associate Professor of Spanish
PhD, University of Ohio, Cincinnati

WILLIAM F. NAUFFTUS
Professor of English
PhD, University of Virginia

SANDRA NEELS
Associate Professor of Dance

DONNA W. NELSON
Associate Professor of Psychology
PhD, University of Maryland

JASON E. NICHOLSON
Lecturer in Music
MM, University of Miami

JACQUELYN NIEDRINGHAUS
Lecturer in Speech
PhD, University of Florida

TERRY L. NORTON
Professor of Reading Education
PhD, University of South Carolina

MEREDITH C. NUTTER
Lecturer in Music
MM, Winthrop University

SUSANNE OKEY
Instructor in Special Education
MEd, Winthrop University

ANNE OLSN
Assistant Professor of Business Administration-Computer Science
PhD, University of North Carolina-Charlotte

KAREN OLSON
Lecturer in Art and Design
MA, University of North Texas
JILL L. O’NEILL
Lecturer in Music
MM, University of South Carolina

PATRICK M. OWENS
Professor of Chemistry and Chair,
Department of Chemistry, Physics and Geology
PhD, University of North Carolina at Chapel Hill

PAN ZHIXING
Visiting Assistant Professor of English
BA, Shanghai International University

LOUIS J. PANTUOSCO
Associate Professor of Business Administration - Economics
PhD, Northeastern University

CHASTA PARKER
Assistant Professor of Chemistry
PhD, University of South Carolina

RONALD PARKS
Assistant Professor of Music
PhD, State University of New York

IAN D. PEARSON
Associate Professor of Music
PhD, University of Kentucky

SUE PECK
Associate Professor of Education and Chair,
Department of Curriculum and Instruction
EdD, North Carolina State University

BETH PETERS
Instructor of Family and Consumer Sciences
MS, University of Arizona

PETER C. PHILLIPS
Assistant Professor of Biology
PhD, Southern Illinois University

THOMAS W. POLASKI
Associate Professor of Mathematics
PhD, Duke University

DAVID PRETTY
Assistant Professor of History
PhD, Brown University

JOSEPH S. PRUS
Professor of Psychology and Director of Assessment
PhD, University of Kentucky

FRANK PULLANO
Assistant Professor of Mathematics
PhD, University of Virginia

ROBERT PYLE
Assistant Professor of Mass Communication
MA, Drake University

WILLIAM A. QUARLES
Lecturer in Geology
MS, University of Florida

MARGUERITE QUINTELLI-NEARY
Associate Professor of English
PhD, University of Delaware

S. GAY RANDOLPH
Assistant Professor of Business Administration-
Management and Director, Student Services Center,
College of Business Administration
MBA, Winthrop University

M. JANE RANKIN

Professor of Sociology  
PhD, Duke University

FRANCES D. ELLISON  
Assistant Professor of Library Science  
ML, University of South Carolina

GERALD FISH, JR.  
Assistant Professor of Geography  
PhD, University of California-Berkeley

MARY W. (POLLY) FORD  
Professor of Physical Education  
PhD, University of Iowa

A. DAVID FRANKLIN  
Professor of Music  
PhD, Florida State University

ELDA E. FRANKLIN  
Professor of Music  
EdD, University of North Carolina at Greensboro
EMERITI FACULTY

JOHN ALDERMAN FREEMAN
Professor of Biology
PhD, Duke University

JOHN GALLIEN
Professor of Special Education
EdD, University of Virginia

DAVID A. GOVER
Professor of Sociology
PhD, University of North Carolina at Chapel Hill

J. MICHAEL GRIFFIN
Associate Professor of Educational Leadership and Chair,
Department of Counseling and Leadership
EdD, Virginia Polytechnic Institute and State University

MARY ROLAND GRIFFIN
Professor of Physical Education
PhD, Louisiana State University

KENNETH W. GRIGG
Associate Professor of Biology
PhD, University of Miami

EDWARD P. GUETTLER
Professor of Mathematics
PhD, University of Miami

RALPH A. GUSTAFSON
Professor and Chair, Department of Biology
PhD, University of Texas at Austin

LOUISE R. HASSENPLUG
Assistant Professor of Home Management
MS, University of Illinois

BETTIE McCLASKEY HAUSER
Assistant Professor of Textiles
PhD, University of North Carolina at Greensboro

HUGH C. (TOBY) HAYNSWORTH
Professor of Quantitative Methods
PhD, Clemson University

FREDERICK M. HEATH
Professor of History
PhD, Columbia University

BILLY G. HODGES
Professor of Mathematics
PhD, University of Oklahoma

JAMES DONALD HORST
Associate Professor of German
PhD, Vanderbilt University

RICHARD D. HOUK
Professor of Biology
PhD, Florida State University

ALAN M. HUSTON
Associate Professor of Art and Design
MA, Michigan State University

DOROTHY GARDNER JONES
Professor of Sociology and Social Work
PhD, University of North Carolina at Chapel Hill

MARJORIE KELCHNER
Assistant Professor of Business Administration
MA, Colorado State University

DAVID MOORMAN KERLEY
Professor of Business Administration-Computer Science
PhD, American University

ELIZABETH N. KING
Associate Professor of Biology
PhD, Duke University

ROBERT S. KLINE
Professor of Management
DEd, University of Pittsburgh

RONDEAU G. LAFFITTE, JR.
Professor of Psychology
PhD, University of Michigan

ANN LISTER
Associate Professor of Education
PhD, University of North Carolina at Chapel Hill

MARY T. LITTLEJOHN
Professor of Education
PhD, University of North Carolina at Chapel Hill

WILBUR D. LIVINGSTON
Professor of Education
PhD, University of South Carolina

ALICE L. LOVE
Professor of English
PhD, University of North Carolina- Chapel Hill

DAVID M. LOWRY
Professor of Music
DMA, University of North Texas

JOANNE LUNT
Professor of Theatre and Dance
EdD, University of North Carolina-Greensboro

ALBERT M. LYLES
Professor of English and Dean, College of Arts and Sciences
PhD, Rutgers University

ROY V. MAGERS
Assistant Professor of Music
PhD, Indiana University

PATRICIA R. McCLENDON
Professor of Reading Education
PhD, Florida State University

JEAN W. McFARLAND
Art and Design
MFA, University of Georgia
SUSIE NORWOOD McKEOWN
Associate Professor of Library Science
AMLS, University of Michigan

DOROTHY M. MEDLIN
Professor of French
PhD, Tulane University

JOE D. MILLS
Professor of Sociology
PhD, University of Wisconsin

JOHN W. MILSTEAD
Associate Professor of Sociology
PhD, Louisiana State University

MARY R. MINTICH
Professor of Art and Design
MFA, University of North Carolina at Greensboro

LOUISE B. MURDY
Associate Professor of English
PhD, University of Florida

WILLIAM G. MURDY
Professor of Psychology
PhD, University of Florida

JOHN B. OLSON
Professor of Biology
PhD, University of Illinois at Urbana

JERRY H. PADGETT
Dean of the College of Business Administration and
Professor of Economics
PhD, Purdue University

SARA ANN PANTANO
Assistant Professor of Art
MEd, Pennsylvania State University

GERALD PERSELAY
Professor of Management
DBA, George Washington University

NAN ELIZABETH PLEXICO
Assistant Professor of Library Science
BLS, Louisiana State University

KATHRYN SUMMERS POWELL
Professor of Family and Child Development
PhD, Florida State University

ORRIN BERT POWELL
Professor of Education
EdD, Florida State University

MARY BETH QUICK
Assistant Professor of Library Science
ABLS, Emory University

DAVID L. RANKIN
Professor of English
PhD, Rensselaer Polytechnic Institute

JAMES N. REES
Assistant Professor of Psychology
PhD, Duke University

CHRISTOPHER M. REYNOLDS
Professor of Theatre
PhD, University of Michigan

JOHN S. REYNOLDS
Professor of Educational Leadership
EdD, University of Tennessee at Knoxville

LESSIE M. REYNOLDS
Professor of English
PhD, University of Michigan

GEORGE H. ROBINSON
Associate Professor of Educational Media
EdD, Indiana University

GORDON N. ROSS
Professor of English
PhD, University of Florida

PAUL O. SANDERFER
Associate Professor of Chemistry and Physical Science
PhD, University of Florida

MARY SCHWEITZER
Professor of Anthropology
PhD, New School for Social Research

ANNE SEVIER
Assistant Professor of English
MA, University of South Carolina

THOMAS A. SHEALY
Assistant Professor of Latin and French and International Student Advisor
MA, Laval University

CURTIS SHERMAN
Professor of Art and Design
MA, University of California-Los Angeles

ANNETTE SHINN
Associate Professor of Library Science
MALS, Emory University

SUSAN J. SMITH-REX
Professor of Special Education
EdD, University of South Carolina

JACQUELINE R. STACKHOUSE
Assistant Professor of Social Work
MSS, Smith College

REX V. STAMBAUGH
Assistant Professor of Art
MFA, University of Georgia

WILLIAM A. SULLIVAN
Professor of English
PhD, Louisiana State University
EMERITI FACULTY

SHIRLEY TARLTON
Professor of Library Services
MSLS, Louisiana State University

MARTHA S. TAYLOR
Professor of Physical Education,
PhD, University of North Carolina - Greensboro

JOYCE H. VEALE-GOODWIN
Assistant Professor of Family and Consumer Science
MS, University of North Carolina-Chapel Hill

BIRDSALL S. VIAULT
Professor of History
PhD, Duke University

JACK W. WEAVER
Professor of English
PhD, University of North Carolina-Chapel Hill

EARL J. WILCOX
Professor of English
PhD, Vanderbilt University

ROY TEMPLETON WILL
Professor of Music
PhD, Eastman School of Music

CHARLES K. WOODRUFF
Associate Professor of Business Administration-Management
PhD, Georgia State University

JOSEPH W. ZDENEK
Professor of Spanish
PhD, University of Madrid, Spain
