Purpose
The purpose of this catalog is to provide a general description of Winthrop University and its various academic units and to present detailed information regarding the undergraduate curricula which are offered. Inasmuch as the educational process necessitates change, the information and educational requirements in this catalog represent a flexible program which may be altered where such alterations are thought to be in the mutual interest of the University and its students.

The provisions of the catalog do not constitute any offer of a contract which may be accepted by students through registration and enrollment in the University. The University reserves the right to change without notice any fee, provision, offering or requirement in this catalog and to determine whether a student has satisfactorily met its requirements for admission or graduation.

Student Responsibility
All academic units establish certain academic requirements that must be met before a degree is granted. Advisors, department heads, and deans are available to help the student understand and arrange to meet these requirements, but the student is responsible for fulfilling them. If, at the end of a student's course of study, the requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for each student to acquaint himself or herself with all academic requirements throughout his or her college career and to be responsible for completing all such requirements within prescribed deadlines and time limits.

Winthrop University offers equal opportunity in its employment, admissions, and educational activities.

Winthrop University courses are scheduled throughout the day and evening beginning at 8 a.m. and ending at 9:15 p.m. Many of the courses offered in the evening are graduate professional courses. Students are encouraged to refer to the current semester’s Schedule of Courses for additional information.
INTRODUCTION

Mission Statement

Building on its origins as a women's college and its history as a teacher preparation institution, Winthrop University has broadened its mission and has achieved national recognition as a competitive and distinctive, public, residential comprehensive teaching institution that aspires to be among the very best institutions of its type in the nation.

The University provides personalized and challenging undergraduate, graduate and continuing professional education programs of national caliber within a context dedicated to public service to the State of South Carolina. All eligible bachelor, masters and specialist degrees in the liberal arts and sciences, education, business and the visual and performing arts are nationally accredited.

Winthrop enrolls an achievement-oriented, culturally diverse and socially responsible student body of 5,500 students and will remain a medium-sized comprehensive teaching university of between 5,000 and 7,000 students for the foreseeable future. The University recruits South Carolina's best students as well as highly qualified students from beyond the state whose presence adds diversity and enrichment to the campus and state. Winthrop prides itself on being an institution of choice for groups traditionally under represented on the college campus.

Winthrop's historic campus, located in a growing city within a major metropolitan area, provides a contemporary and supportive environment that promotes student learning and development. Winthrop has a diverse faculty and professional staff of national caliber and supports their work as effective teachers, scholars, researchers, practitioners and creative artists. Through this talented group, Winthrop students acquire and develop knowledge, skills and values which enrich their lives and prepare them to meet the needs and challenges of the contemporary world, including the ability to communicate effectively, appreciate diversity, work collaboratively, synthesize knowledge and adapt to change.

Ongoing assessment of programs, and services, ensures both that all academic programs challenge students at their highest level of ability and that the library, instructional technology and other academic service areas support courses of study that are consonant with current methods and knowledge. As a result, Winthrop graduates are eminently well-prepared to assume successful careers in business, industry, government, education, the arts and human services, as well as to enter the most competitive graduate or professional schools.

Purpose

Winthrop University is a comprehensive, teaching university with competitive admissions that offers challenging academic programs of national caliber.

All of the undergraduate programs at the University — whether or not pre-professional in orientation — are predicated upon the liberal arts and sciences. Students at Winthrop develop the skills and gain the understanding which mark the broadly educated person. Based upon this foundation and on training in a broad range of disciplines and professional programs, graduates are prepared to enter or develop into professional positions in business, industry, government, education, the arts, and human services, or to enter graduate and professional schools.

The University is strongly committed to supporting the academic excellence which is its goal. This is accomplished through competitive student admissions; active fostering of faculty growth and vitality; on-going curriculum examination and development; and a conducive learning environment through its laboratories, library, studio and performance spaces, computer laboratories, and other facilities. It is understood at Winthrop that excellence, once attained, is not static but is retained only through continuing effort and commitment.
INTRODUCTION

Distinction in higher education means, in addition to the achievement of excellence, the acknowledgment of that excellence. Winthrop University already has achieved regional recognition, and its reputation is yet growing. The University aspires to the achievement and recognition which will place it among the very best institutions in the United States which are similarly committed to competitive, comprehensive baccalaureate education in a residential institution of moderate size.

Many students completing their undergraduate degrees go on to graduate study, and a substantial number, having enjoyed their experience at Winthrop as undergraduates, continue in graduate programs at the University.

Winthrop offers graduate programs in all of the professional schools and in some Arts and Sciences’ disciplines as well. The Master of Business Administration and the professional programs within Visual and Performing Arts are nationally accredited. Winthrop’s widest range of graduate programs is offered in the College of Education, also nationally accredited, where students can take degrees leading to initial certification or the Master of Education degrees in almost all of the major fields of education. Graduate study in Arts and Sciences is offered in biology, English, human nutrition, history, mathematics, school psychology, Spanish, and an interdisciplinary Master of Liberal Arts.

Since graduate programs are designed for working adults, most graduate classes are scheduled in late afternoon and early evening hours.

Accreditation

Winthrop University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur GA 30033-4097: Telephone Number 404-679-4501) to award bachelor’s, masters and specialist degrees. Winthrop Offers 65 academic programs of which 45 are eligible for national specialized accreditation. Of those 45 eligible programs, one-hundred percent have received national accreditation.

Individual programs are accredited by the following specialized agencies:

- AACSB - The International Association for Management Education (AACSB)
- Accrediting Council on Education in Journalism and Mass Communication (ACEJMC)
- American Dietetic Association (ADA)
- Association of Graduate Liberal Studies Programs (AGLSP)
- Computing Science Accreditation Board (CSAB)
- Council on Social Work Education (CSWE)
- Foundation for Interior Design Education Research (FIDER)
- National Association of the Education of Young Children (NAEYC)
- National Association of Schools of Art and Design (NASAD)
- National Association of Schools of Dance (NASD)
- National Association of Schools of Music (NASM)
- National Association of School Psychologists (NASP)
- National Association of Schools of Theatre (NAST)
- National Council for the Accreditation of Teacher Education (NCATE)

Documents of accreditation reside in the Office of the President.
INTRODUCTION

Campus

Winthrop’s beautiful tree-lined 100 acre main campus encompasses a rich architectural blend of buildings, including neo-Georgian, Romanesque and Tudor/Gothic. The campus is listed by the National Register of Historic Places. Complementing the main campus, the university’s 450 acre athletic and recreational area offers students a relaxing environment. Winthrop’s NCAA Division I athletic teams host games in the 6,100 seat Winthrop Coliseum and numerous athletic fields surrounding the coliseum. The recreational area includes Winthrop Lake, the Shack - a popular student gathering spot, a 9-hole golf course and an 18-hole disc golf course.

Recent renovations have enabled the university to provide outstanding facilities, including: a 331-seat theatre, experimental theatres, large dance studios, modern editing labs, recital hall, music conservatory, a student art gallery and academic and laboratory space for the sciences. The university has two large auditoriums and several smaller auditoriums which hosts acclaimed speakers and events.

Students living on campus are only a short walk away from classrooms, art galleries, the cafeteria, Dacus Library and Dinkins Student Center, which includes student gathering areas, a food court and a post office.

Summer School
Winthrop University’s summer school is composed of an intensive 3 week Maymester,
two 4 1/2 week sessions and a 10 week session that allows students to take advantage of
many summer opportunities. The summer program reflects the same educational goals as those of the regular academic year. Winthrop summer sessions also provide special advantages in allowing both current and new students an opportunity to accelerate their work toward a degree or to pursue academic directions they have been unable to explore during the regular school year.

ADMISSIONS

Winthrop University admits all qualified applicants and offers equal educational opportunities regardless of race, color, sex, age, national origin, religion, or disability. Admission to Winthrop is competitive. Enrollment is maintained at a level that permits personal interaction between student and professor and allows Winthrop to offer an exemplary undergraduate education. Winthrop carefully reviews each applicant on an individual basis and the admission process is designed to determine the right match between high-achieving students and the distinctive educational opportunities offered at Winthrop University.

All applicant files are reviewed by the Office of Admissions and this office is solely responsible for rendering the admissions decision. Requests for information may be directed to the Office of Admissions, Winthrop University, Stewart House, Rock Hill, South Carolina 29733; telephone: (800) 763-0230 or (803) 323-2191.

Freshman Applicants

Freshman applicants are evaluated using the following criteria:

Primary criteria - will always be considered
- high school performance, including class rank and grade point average
- level of course work
- completion of high school course prerequisites
- standardized test scores (SAT or ACT)
- guidance counselor recommendation

Secondary criteria - will be considered if submitted
- letter(s) of recommendation
- factors (extenuating circumstances) affecting performance in classes
- essay or personal statement
- extracurricular activities
- personal interview

The successful candidate for regular admission is typically ranked in the top half of his/her class, scores competitively on the SAT or ACT, and has completed all the courses required by the state of South Carolina for entrance into a public, four-year institution. Not everyone who meets these basic criteria is admitted to Winthrop University, and there are special circumstances which warrant the admission of a student who has not met all of the aforementioned criteria.

Students who have been out of high school for five or more years are not required to take the SAT or ACT, or submit a guidance counselor recommendation. Special consideration is given for their life experience. Applicants must also meet the Commission on Higher Education high school course prerequisites if they graduated from high school after 1987.

All students who enroll in a baccalaureate degree program must possess a high school diploma or G.E.D. certificate.

Required High School Courses for Freshmen Applicants
(Entrance Year 1999)

English: 4 units. At least two having strong grammar and composition components, at least one in English literature, and at least one in American literature (completion of college preparatory English I, II, III, & IV meets these requirements).

Mathematics: 3 units. Includes algebra I (for which applied mathematics I and II
ADMISSIONS

may count together as a substitute, if a student successfully completes algebra II, algebra II and geometry. A fourth unit is strongly recommended but not required. This fourth unit should be selected from among precalculus, calculus, statistics, or discrete mathematics.

Laboratory Science: 2 units. At least one unit each of two laboratory sciences chosen from biology, chemistry, or physics; a third unit of a laboratory science is strongly recommended.

Foreign Language: 2 units. Two units of the same foreign language.

Other: 1 unit. One unit of advanced mathematics or computer science or a combination of these; or one unit of world history, world geography, or western civilization.

U.S. History: 1 unit

Additional Social Studies: 2 units. (One-half unit each of economics and government are strongly recommended.)

Physical Education or ROTC: 1 unit.

Special Admissions

The University provides a provisional admission program to a limited number of freshman applicants. (The program is only offered to students who enroll in the fall semester.)

The Learning Excellent Academic Practices (LEAP) Program is designed to assist students in making the transition from high school to college. The LEAP program consists of a summer and fall component. Upon successful completion of each of these components students will be granted admission to the spring semester. During the REQUIRED summer component, students will be provided with an introduction to the writing, mathematics and study skills necessary to begin the fall semester. Participants take regular freshman courses in the fall and the program provides academic support throughout the semester. Students must successfully complete the fall component to qualify for regular admission in the spring.

All LEAP program participants are assessed a $300 fee in addition to tuition and fee charges. This fee will appear on the fall semester bill.

Transfer Applicants

Applicants who have taken college-level course work in a degree-seeking status after graduating from high school are classified as transfer students when making application for admission to Winthrop University, regardless of whether the course will transfer for credit.

1. Transfer applicants who have attempted 30 semester hours (48 quarter hours) or more of course work at a regionally accredited institution must present a minimum cumulative grade-point average of 2.0 on a 4.0 scale.
2. Transfer applicants with fewer than 30 semester hours must submit a high school transcript along with standardized test scores. In addition to performance in college, applicants are evaluated on their high school academic record, including class standing and test scores (SAT or ACT).
3. All transfer applicants must be eligible to return to the last post-secondary school attended.
4. Transfer applicants must have official copies of all college course work (part- or full-time attempted or completed) from every institution attended (whether or not credit was earned or desired) sent directly from the registrar of each regionally accredited institution to the Winthrop University Office of Admissions.
Undergraduate Transfer Credit Policy

Winthrop University, in general, accepts transfer course credit from other institutions of higher education under the following conditions:

1. The course work must have been taken at an institution that is accredited by the commission on colleges of a regional accreditation agency.
2. The subject matter and the level of the course must be appropriate to Winthrop’s general education curriculum or the program into which the student is transferring.
3. The grade that is received for the course must be at least a C or a grade with a minimum level equivalent to a C.

In general, credit is not granted by transfer for vocational, remedial, or developmental courses unless the forwarding college granted credit and Winthrop offers essentially the same courses for credit. Courses comparable to MATH 100, READ 100, and WRIT 100 may not be applied toward a degree.

Transferring students who have completed course work in general studies programs are permitted to transfer only 15 semester hours of selected courses from such programs into any curriculum at Winthrop. The selection of the courses and the applicability to the curriculum is determined by the academic division receiving the student.

The University does not evaluate transfer credit from foreign institutions. Admitted international students must secure the evaluation of credit from an independent credit evaluation service. Students are responsible for initiating the evaluation and should request that the results be mailed to the appropriate student services offices for the intended major. The individual college at Winthrop makes the final determination of the applicability of the accepted credit to the student’s degree program.

Only 65 semester hours from a two-year college may be applied toward a baccalaureate degree program at Winthrop.

A transfer student must earn at least 31 semester hours of course credits at Winthrop to complete requirements for an undergraduate degree (see Residence Requirements).

Transfer credit is not used in computing a student’s grade-point average at Winthrop. However, it is used in computing eligibility for academic honors.

The Admissions Office will evaluate military credit, using the current edition of the Guide to the Evaluation of Educational Experiences in the Armed Forces; the academic college will make the final determination of the applicability of the acceptable credit to the student’s degree program.

International Applicants

International students must submit the following materials before an admissions decision can be made. To insure applications will be processed promptly, follow these instructions carefully.

Official Copy of Transcript(s). Transcripts must be mailed to the Winthrop University Office of Admissions directly from the high school or college/university attended. If these transcripts are in a language other than English, the school must also submit a certified English translation of the transcript. Documents must be originals or certified copies and cannot be returned after receipt in the Office of Admissions.

English Proficiency. Verification of English proficiency is required for international students (if English is not the native language). Documentation of proficiency of the language can be provided by submitting one of the following credentials:

1. TOEFL (Test of English as a Foreign Language) score of 520 (paper-based test) or 190 (computer-based test). An official copy of the TOEFL score must be mailed from the College Board. We cannot accept
ADMISSIONS

1. A copy of the TOEFL score.

2. The ELS Language Center English proficiency level of 109 can be substituted for the TOEFL. Documentation must be mailed directly from the ELS Center.

3. Two semesters of English composition taken at an American college/university and completed with a minimum grade of “C” in both courses can be substituted for the TOEFL.

4. A certificate mailed from an English as a Second Language ELS Program showing successful completion of the ESL program can be substituted for the TOEFL.

5. Freshman applicants who will graduate from an American high school can substitute a SAT verbal score of 430 or higher for the TOEFL.

Statement of Financial Responsibility. This form must be submitted with the application for admission, along with the required bank statement showing funds available in U.S. dollars and cannot be dated earlier than six months prior to the student's enrollment at Winthrop. Other than talent based scholarships, Winthrop University does not offer financial assistance to international students.

Health Form. This form must be completed and on file in Health Services along with complete immunization records prior to registering for classes.

International Application Deadlines

August 1 for admission in the fall (August) semester.

January 1 for admission in the spring (January) semester.

New Start

New Start is a service-oriented program for students 25 years or older. New Start students range in age from mid 20s to 80s. They may be continuing undergraduate work begun some years ago, or they may be enrolling in college for the first time. In either case, the New Start program gives these students the information and assistance they need to explore the many educational opportunities available at Winthrop and to succeed in meeting their educational goals.

Freshman Admission:

Applicants for freshman admission must demonstrate the potential for academic success through previous academic performance and life experience. Previous academic performance is a critical factor in determining admission.

1. New Start applicants are not required to submit SAT or ACT test scores.

2. To be considered for freshman admission the applicant must possess either a high school diploma or G.E.D. certificate. G.E.D. applicants must have passed the test with a total score greater than or equal to 250 and no individual standard (subject) score less than 45.

3. Applicants should have an official copy of their high school transcript mailed directly to the Office of Admissions. G.E.D. applicants should request that an official copy of their test scores and high school transcript (showing courses completed prior to withdrawal) be mailed directly to the Office of Admissions.

Transfer Admission:

Applicants for transfer admission will be evaluated based upon their cumulative grade point average (GPA) computed from grades earned at all previous colleges/universities. In general, transfer applicants who apply through the New Start Program must meet the same admissions requirements as traditional transfers. (Refer to section on Transfer Admission.) However, factors such as time elapsed since the last college enrollment, life experiences, etc. will be considered along with the cumulative GPA.
Senior Citizen Admission:
Citizens over 60 years of age may attend Winthrop on a “tuition free,” space-available basis. A $10 registration fee is required in addition to any lab fees and book purchases. Applicants must be legal residents of South Carolina. More information and specific guidelines and application forms are available in the New Start Office, 124 Tillman Hall. They may be requested in person, by mail, or by telephone (803) 323-2106.

Non-Degree Applicants
All students taking undergraduate courses who are not working toward a degree are classified as special students. These students must apply and submit the appropriate credentials. A student admitted as an undergraduate special student may not change status to that of a regular student without submitting an application and meeting regular admission requirements.

Students admitted to any of the following special student categories may enroll only in those courses for which they have received approval from the dean of the college offering the courses. The categories of undergraduate special student are:

Pre-College Credit Student
Qualified high school junior and seniors may enroll for university courses at Winthrop during the regular academic year or summer session. To qualify, students must be in the upper quarter (25 percent) of their high school class and must be recommended by their high school counselor or principal. Credit earned in this manner is not expected to count toward a high school diploma. However, it will count as full credit for those students who subsequently matriculate as regular students at Winthrop.

Transient Student
Regular students at other institutions wishing to take undergraduate courses for credit at Winthrop for transfer back to their home institutions may be enrolled as transient students. Admission is based on the written approval of the applicant's institution. The written approval must list courses to be taken at Winthrop, and provide a statement of academic good standing. Transient students must be readmitted each semester through the Records Office.

Undergraduate Non-Degree
This admission status is designed to meet the needs of the student who wishes to take a limited number of courses at Winthrop but is not seeking a degree. Please note that several restrictions apply (see below) and the Admissions Office reserves the right to determine the admissions status of a prospective applicant.

1. Students who are not citizens or permanent residents of the United States may not enroll under this status.
2. Courses completed under this status carry full University credit; however, none of the hours are applicable to a degree until the student qualifies for admission to a degree program. Course work completed as a undergraduate non-degree student will not be considered for admissions purposes should a student apply for admission to a degree program.
3. To be eligible to enroll, the student must have completed high school two or more years ago.
4. Applicants who have been officially denied admission as degree-seeking students are not eligible for admission as a non-degree student.*
5. Applicants who would not qualify for admission as a degree-seeking student are not eligible for admission as a non-degree student.*
6. Special students may enroll for a total of twelve semester hours under this status. Subsequent enrollment (after twelve hours) requires the submission of an application and credentials for a degree-seeking applicant.

*Note: Applicants who cannot be admitted under the Undergraduate Non-Degree status may not audit courses.

Notification of Admission

Spring Admission
The decision is mailed within two weeks of receipt of final documents. The application and supporting documents must be received by January 2.

Fall/Summer Admission
The decision is mailed on the 21st of each month—November through May. Priority admission is given to students who apply by May 1.

After the appropriate credentials for admission are received, admission officials carefully evaluate each student’s application. Admitted students are sent a letter of acceptance, a health form, and a housing application if applicable.

Undergraduate students admitted to the University are required to reserve a place in the incoming class by submitting a nonrefundable deposit of $150 by the date stated in the letter of admission. The deposit is credited to the student’s tuition and fees account. The deposit is applicable only for the term for which the student is being admitted. Admitted students who do not enroll for the deposited term forfeit the admissions deposit.

Detailed information and instructions concerning orientation, room assignments, and registration are sent to accepted students at appropriate times during the year.

Health Requirements
Students must demonstrate immunity to measles, rubella, diphtheria, and tetanus, and must have a TB test before registering for classes is allowed. Every Winthrop student must meet the health requirements of the University as stated in the Winthrop University Student Health Services bulletin. All medical information is confidential and does not in any way affect a student’s admission status.

All full-time and part-time students who wish to use the health services are required to submit the Student Health Service Medical Form to Health Services. This medical form consists of personal data on the first three pages, with a Physician’s Statement of Health on the last page. This form should be filled out first by the student and then given to the student’s physician to be completed. The form should be sent to: Health Services, Winthrop University, Rock Hill, S.C. 29733.

Credit by Examination
Winthrop University grants credit to students who demonstrate mastery of a subject based on their performance on standardized examinations. Credit hours for courses exempted by examination are recorded on students’ permanent records when they register as regular students at Winthrop. No grades are given for these hours, and no more than 30 semester hours may be earned by examination. The acceptability for transfer to other colleges or universities of credit so earned cannot be guaranteed. Each college and university evaluates transfer credit in its own way.

Winthrop accepts and evaluates scores from four examination programs: Advanced Placement (AP), the International Baccalaureate Program (IB), the College Level Examination Program (CLEP) Examinations, and the SAT II Subject Tests.
ADMISSIONS

Advanced Placement. Advanced placement scores must be sent directly to Winthrop from the College Scholarship Service. Students successfully completing advanced placement courses and receiving a score of three or above on the exam shall receive credit for the appropriate Winthrop course. For a listing of acceptable AP Exams and required scores, contact the Admissions Office.

International Baccalaureate. Winthrop University will award advanced credit for scores of 5 or above in mathematics and computer science and 4 or above in all other higher level examinations.

SAT II Subject Tests. The College Entrance Examination Board administers the SAT II Subject Tests which interested students may take in the spring or summer of their senior year in high school. Information and registration materials for these examinations may be obtained from local high schools.

CLEP Examinations. The College-Level Examination Program (CLEP) tests are administered monthly at Winthrop, except in December. Interested students are advised to take the tests at least eight weeks before they plan to enroll so that the test results may be received and evaluated prior to registration. There are two types of CLEP examinations: the General Examination and the Subject Examination. Winthrop University grants credit only for the Subject Examinations, which are designed to exempt specific courses. Winthrop encourages students to take CLEP Subject Examinations for credit in subjects or areas which they have mastered through previous study, purposeful reading, travel or other experiences. Students interested in foreign language exemptions are advised to take the CLEP Subject Examination in the desired language. Information on CLEP may be obtained from Counseling Services, 203 Crawford, Winthrop University (803-323-2233).

READMISSIONS

Any Winthrop student who was not registered for courses the previous fall or spring semester or who withdrew from the University for any reason during the last semester of enrollment, and fewer than five calendar years have elapsed, is required to apply for readmission through the Office of Records and Registration. Winthrop students who have been absent for five calendar years or longer must be readmitted through the Office of Admissions. Former Winthrop students who are 25 years or older may initiate readmission through the New Start Office (803) 323-2106.

Official transcripts from all regionally accredited institutions attended during a student's absence must be submitted when the student applies for readmission. After a 12 month absence, readmitted students must meet the graduation requirements and the minimum academic standards effective at the time of reentry. It should be noted that:

1. Any special permissions, waivers, substitutions or other dispensations previously granted by Winthrop are void;
2. All credit hours previously earned at Winthrop, including credit by examination, are evaluated against current criteria.

At the time of readmission, a student who has been absent for five calendar years or longer may choose to reenter under the “academic forgiveness” policy. Under this policy, all courses previously taken at Winthrop University are treated as if they were transfer credit. The earlier courses are not used in computing the student's grade-point average. However, all earlier courses and the grades earned remain on the student's official transcript and are counted in computing eligibility for graduating with academic honors.

The student must exercise or waive the “academic forgiveness” option at the time he or she is readmitted to Winthrop.
TUITION and FEES

The fees listed below represent 1998-99 fees. Fees are subject to change at any time by action of the Winthrop Board of Trustees. The fees for the 1999-2000 academic year were not available at the time of this publication. Once these fees are set, students will be notified via the tuition bills of the amount due for the academic year.

- 15 meals per week: $729
- 21 meals per week: $772
- 110 meals per semester plus $110 Cafe Cash: $772
- 130 meals per semester plus $130 Cafe Cash: $852

*Students living in residence halls must select one of the meal plans each semester.

Miscellaneous Fees and Expenses

Application Fee. A nonrefundable application fee must accompany each new application to the University. The application for admission and the application fee will be valid for one calendar year from the applicant's original entry date. Should the student not matriculate during that year, a new application and new application fee will be required.

Admission Deposit. Undergraduate students admitted to the University are required to reserve a place in the incoming class by submitting a nonrefundable $150 deposit.

Advance Room Payment. All students signing residence hall contracts must pay $100 at the time the contract is signed, $50 of which is credited against their fall room rent and $50 against their spring room rent.

Laboratory Fees. For courses in which specialized equipment and consumable supplies are used, a nonrefundable laboratory fee is charged. Refer to the Courses of Study section of this catalog to determine specific courses for which there is a charge and for the amount of charge.
LEAP Program Fee. All students participating in the LEAP Program are required to pay a nonrefundable $300 fee to cover the services provided by the program.

Motor Vehicle Registration Fee. Motor vehicles operated or parked on Winthrop University property by students must be registered. Resident students may register one vehicle at $20. Commuting students may register two vehicles at $20 each. Only vehicles registered to students and bearing the designated decal will be admitted to free parking at the Winthrop Coliseum for regular season Winthrop University basketball games.

Commencement Costs. All students participating in the commencement exercises must wear appropriate academic regalia, which is available through The Bookworm (the University's store.) The charge for a disposable cap, gown, and collar and for other commencement expenses will be approximately $21 for bachelor's degree candidates and $43 for advanced degree candidates.

Textbooks and Materials Cost. The cost of textbooks and materials needed for class work is not included in the regularly assessed fees and varies in accordance with the requirements of specific courses. Most textbooks and materials must be acquired at the beginning of a semester and are available on a cash basis from The Bookworm.

Fee Payment Schedule
Fee payments are due by 5 p.m. in the Cashier's Office on or before the dates specified in the Winthrop University Schedule of Courses and supplements issued prior to each registration. All checks and money orders are to be made payable to Winthrop University. Payments must be mailed to the Cashier's Office, Winthrop University, Rock Hill, South Carolina 29733. Remittance and correspondence must clearly identify the student whose account is affected through reference to the student's legal name and student number.

Important note for students who have zero or credit balances on their invoice: Even if no balance is due, resulting from financial aid, prepayments, or other credits, students must return one copy of the schedule/bill or Payment Record Form to the Cashier's Office by the deadline to avoid cancellation of their registration.

Monthly Payment Plan
Students may pay their academic, room, and board fees monthly by enrolling in the Winthrop Monthly Payment Plan (WPP).

The features of WPP are as follows:
1. Only academic, room and board fees are deferrable—any previous balance and all miscellaneous charges such as telephone charges, library fines, etc. are payable in full each month.
2. Incoming freshmen or transfer students are automatically eligible to participate. Returning students will be eligible as long as they have a satisfactory credit history with Winthrop.
3. An application for participating in the WPP will be enclosed in each semester's billing for academic, room, and board fees. The student needs only to complete the application and return the required payment by the fee payment deadline.
4. There will be four equal payments per semester. Payments are due on or about the 5th of each month.
5. Failure to make monthly payments as agreed may result in the student being ineligible for participation in future semesters.
6. There is an administrative fee of $30.00 per semester for participating in the WPP. The student must sign up for WPP for each semester desired.
7. A late fee will be assessed each month in which the payment is not received by the due date.
**TUITION & FEES**

Any questions about the WPP should be directed to the Controller’s Office in 19 Tillman or by phoning 803-323-2165.

**Tuition Adjustments for Withdrawals**

Students who are admitted and register for courses at Winthrop University are financially responsible for fees and charges associated with those courses. As such, students are encouraged to complete all courses for which they register. However, sometimes it becomes necessary for a student to withdraw from one or more of those courses. In this event, students may be eligible for an adjustment for tuition and fees or owe a repayment in accordance with certain institutional guidelines.

Students receiving Title IV Federal Funds, which have been applied against their charges, will also be subject to the Federal Refund/Repayment Guidelines: Section 668.123.

**Academic Fee Adjustments.** For all students, except students enrolled for the first time at Winthrop and who are recipients of Title IV Federal funds, academic fees will be prorated on the basis of the following schedule:

<table>
<thead>
<tr>
<th>Official Withdrawal Date*</th>
<th>Percentage of Adjustment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before end of 1st week of classes</td>
<td>100</td>
</tr>
<tr>
<td>Before end of 2nd week of classes</td>
<td>75</td>
</tr>
<tr>
<td>Before end of 3rd week of classes</td>
<td>50</td>
</tr>
<tr>
<td>Before end of 4th week of classes</td>
<td>25</td>
</tr>
</tbody>
</table>

*Because classes begin on Wednesday, the week for tuition adjustments and withdrawals begins on Wednesday and ends on Tuesday.

For students who are first-time students at Winthrop University who are recipients of Title IV Federal Funds, the Federal Pro-Rata Refund Policy will be used as follows:

<table>
<thead>
<tr>
<th>Official Withdrawal Date*</th>
<th>Percentage of Adjustment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before classes begin or end of 1st week of classes</td>
<td>100</td>
</tr>
<tr>
<td>Before end of 2nd week of classes</td>

</tr>
<tr>
<td>Before end of 3rd week of classes</td>

</tr>
<tr>

<tr>

<td>40</td>
</tr>
<tr>
<td>Before end of 9th week of classes</td>
<td>40</td>
</tr>
<tr>
<td>After 9th week</td>
<td>0</td>
</tr>
</tbody>
</table>

*Because classes begin on Wednesday, the week for tuition adjustments and withdrawals begins on Wednesday and ends on Tuesday.

**Housing and Meal Adjustments.** Housing and meal fee adjustments are prorated on a weekly basis throughout the semester. A schedule of the amounts of the prorated adjustments is available to students in the Residence Life Office.

**Tuition and Fee Adjustments.** Adjustments of tuition and fees due are computed from the date of official withdrawal from the University, official reduction of course load, official withdrawal from courses, or official withdrawal from housing. However, students must first complete the appropriate withdrawal forms. Complete withdrawals from the University are initiated in the Student Development Office (218 Dinkins). Reduction in
course loads are initiated in the Registration Office (102 Tillman). Failure to follow these procedures will result in a delay in any entitled adjustment of fees. Adjustment of fees will be processed within 14 days after notification of official withdrawal.

**Distribution of Refunds.** If a student received Title IV Federal funds, the University will distribute the refund in the following mandated order:

- Federal Family Education Loans: Unsubsidized Federal Direct Loan, Subsidized Federal Direct Loan and Federal Plus Loan
- Federal Perkins Loan
- Federal Pell Grant
- Federal SEOG
- Other Title IV Programs
- Other Federal, State, Private or Institutional sources
- Student

All other students will be subject to the University fee adjustment policy.

**Repayment.** Repayment refers to the amount of any cash disbursement made to the student that the student must repay to the University after the student has withdrawn. Any student who owes a repayment will be billed by the Accounting Office. Students who are unable to fulfill their financial obligations may contact the Controller's Office to arrange a satisfactory payment agreement. Any student who fails to meet the terms of the agreement will have a “financial hold” placed on their academic record which prohibits receiving a diploma, obtaining grades, a transcript, or registering for subsequent courses at Winthrop University. These students may also be subject to collection agency referral.

Federal regulations dictate refund/repayment policies for recipients of Federal Title IV Funds. Financial aid recipients are encouraged to request additional information and examples of the refund calculation from the Financial Resource Center.

**Past Due Indebtedness**

Students are expected to keep their accounts current with the University. Any student with past due indebtedness is not allowed to obtain grades, a transcript or a diploma, or to enroll for any subsequent semester or summer term. The University reserves the right to cancel the enrollment of a student with past due indebtedness; the cancellation of enrollment, however, does not relieve the student of the incurred debt.

Under the provisions of Sections 12-54-410 through 12-54-500 and 12-53-20 of the SC Code of Laws, the South Carolina Tax Commission is authorized to seize refunds otherwise due to taxpayers who have delinquent debts to Winthrop.

In the event an account becomes delinquent, the University reserves the right to assign the account to the credit bureau and/or a collection agency, at which time the student will be responsible for all associated collection costs.

**Returned Check Policy**

A personal check given in payment of University expenses, which is subsequently returned by the bank unpaid, immediately creates an indebtedness to the University. Once the Cashier's Office has been notified by the bank of a returned check, a letter is sent to the issuer of the check. The issuer of the check will have ten (10) days from the date of this letter to redeem the check by paying the full amount of the check, plus a returned check penalty of $25. Payment of a dishonored check must be made by cash, cashier's check, money order, or visa/mastercard.

If a returned check remains unpaid, collection efforts will be followed as allowed by the Code of Laws of South Carolina sections 34-11-70.
TUITION & FEES

A student with a total of three returned checks will be placed on the “Cash Only” basis for the remainder of his/her enrollment.

Classification as a South Carolina Resident for Fee Purposes

South Carolina’s law providing for lower tuition and fees for legal residents of the state defines domicile as “... a person's true, fixed, principal residence and place of habitation. It shall indicate the place where such person intends to remain, and to which such person expects to return upon leaving without establishing a new domicile in another state.”—South Carolina Code annotated 59-112-10 (1978).

If there is any question about status as a legal resident of South Carolina, the student is responsible for proving his/her entitlement to the fees afforded to a legal resident of this state. The law applies to a student's own legal residence if the student is independent of his/her parent, guardian or spouse. If the student is claimed as a dependent for income tax purposes and/or receives more than half of his/her support from a parent, guardian or spouse, the law applies to the legal residence of the person who provides the principal financial support.

New students should direct questions to: Admissions Office, Stewart House, (803) 323-2191. Returning and continuing students should direct questions to: Registration Office, 102 Tillman Hall, (803) 323-2194.
FINANCIAL ASSISTANCE

At Winthrop University we believe that higher education should not be a privilege reserved for those who can afford it, and the Financial Resource Center is committed to helping Winthrop students find appropriate ways to finance their education.

Scholarships

New Freshmen

Winthrop offers a number of scholarships to students who will benefit from a quality education and will leave Winthrop a better place for having been here. Scholarships range in value from awards of several hundred dollars to full tuition and meals for exceptionally high achievers.

Students who submit an application for admission by January 15 will receive priority consideration for the University's academic awards. All students who apply for freshman admission are automatically considered for academic scholarships, there is no separate application. Awards are based primarily on the student's high school record and SAT or ACT scores.

Academic scholarships are available for eight semesters of study provided the student maintains a specified grade point average. The Financial Resource Center verifies GPAs at the end of the spring semester of each academic year. Any student who fails to meet the GPA requirement will be given one opportunity to improve the GPA by enrolling in summer school at Winthrop. If the student meets the GPA requirement at the end of the summer, the scholarship will be retained. Any summer course work taken under these circumstances will be at the student's expense.

Students with special talents also have the benefit of scholarship support. The College of Visual and Performing Arts offers scholarship consideration to talented students through audition or portfolio review. Students with outstanding athletic skills should contact the Athletic Department to determine their qualifications for scholarships, which are offered in all 16 of Winthrop's varsity programs.

Continuing Students

Scholarship support is awarded to continuing Winthrop students on the basis of their academic achievement at the University and/or participation in extracurricular activities. High-achieving students are invited to submit a scholarship application to the Financial Resource Center immediately after spring grades are posted.

Need-Based Financial Aid

Students who wish to apply for need-based financial aid should submit a completed Free Application for Federal Student Aid (FAFSA) to the Federal Student Aid Programs and list Winthrop University (code # 003456) as a recipient of their financial data. The FAFSA is available in early December, and the forms may be obtained at high school guidance offices or at the Financial Resource Center at Winthrop.

The Financial Resource Center mails the FAFSA to all admitted freshmen who indicate an interest in need-based aid on the admissions application. Continuing students should obtain an application packet from the Financial Resource Center.

The FAFSA should be filed as soon after January 1 as accurate income information is available. Although the Financial Resource Center processes applications for financial aid throughout the course of the academic year, students who file the FAFSA by March 1 receive priority consideration for assistance.

The FAFSA is used to determine a student's eligibility for Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, South Carolina Need-Based Grants, Federal Perkins Loans, Federal Direct Student Loans and Federal Work-Study.
FINANCIAL ASSISTANCE

All awards of need-based financial aid are made annually, and students must reapply each year in order to be considered for assistance.

Campus Employment

Students who wish to work on campus may review the job opportunities posted in the Financial Resource Center. The office has listings for campus positions which require the Federal Work-Study subsidy and those positions which do not require Work-Study.

Emergency Loans

The McFadden Loan Fund, a short-term (30 days) emergency loan program, is available to students experiencing financial emergencies. Currently enrolled students in good standing may borrow a maximum of $200. Please contact the Financial Resource Center for details on eligibility requirements and application procedure.

Academic Satisfactory Progress Statement for Financial Aid Recipients

In order to comply with the standards of satisfactory progress mandated by the Department of Education for recipients of Title IV funds, the undergraduate student must satisfy the following requirements:

1. The student must earn the minimum cumulative GPA as outlined below:

<table>
<thead>
<tr>
<th>Hours Earned</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 to 21</td>
<td>1.4</td>
</tr>
<tr>
<td>22 to 53</td>
<td>1.6</td>
</tr>
<tr>
<td>54 to 86</td>
<td>1.9</td>
</tr>
<tr>
<td>87 or more</td>
<td>2.0</td>
</tr>
</tbody>
</table>

2. The student must complete, with passing grades, at least 80% of the course work attempted.

3. By the end of each academic year, the full-time student must earn the minimum number of credit hours (excluding repeats) as outlined below:

<table>
<thead>
<tr>
<th>No. Academic Years</th>
<th>Minimum No. Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>24</td>
</tr>
<tr>
<td>2</td>
<td>48</td>
</tr>
<tr>
<td>3</td>
<td>72</td>
</tr>
<tr>
<td>4</td>
<td>96</td>
</tr>
<tr>
<td>5</td>
<td>124</td>
</tr>
</tbody>
</table>

   The full-time undergraduate student will be allowed five academic years of eligibility to complete a baccalaureate degree. The student who is enrolled less than full-time (6-11 hours) will be given the equivalent of 10 semesters of full-time enrollment.

   For the purposes of determining enrollment status for financial aid, the Financial Resource Center uses the number of hours in which the student is enrolled on the day following the end of the registration change period. The student who withdraws from classes after the end of drop-add and reduces his/her enrollment below the status on which the financial aid award is based may fail to earn the required hours for continued eligibility during the course of the academic year. Unless the student is able to make up the deficit hours during the subsequent semester or summer term, he/she may become ineligible for assistance.
The entering transfer student will have his/her entry point into the academic program determined by the total number of credits accepted by the University. (The number of hours accepted for transfer credit is to be divided by 12.) Any student admissible to the University will be considered to be in compliance with the standards for satisfactory academic progress.

**Review.** The Financial Resource Center reviews the academic progress of all financial aid recipients at the end of each academic year. The office notifies each student who is not making satisfactory academic progress and provides the student with a written explanation of the nature of the deficiency. The student is eligible to receive financial assistance for a probationary period during which he/she may attempt to correct the deficiency.

Should the student fail to show satisfactory progress at the end of the probationary period, he/she will be ineligible for additional assistance until the deficiency is corrected.

**Appeal.** The student whose aid is terminated because of failure to show satisfactory academic progress may appeal the determination. The appeal must be filed at least 30 days prior to the beginning of the term during which the student wishes to receive assistance.

All appeals must be in writing and include a detailed explanation of those circumstances which prevented the student from progressing in his or her academic program. The appeal should be accompanied by a statement from the student's advisor. In addition, any student who wishes to base an appeal on medical conditions should submit a signed statement from his or her physician.

**Reinstatement.** The student may become eligible for financial assistance if he or she corrects the deficiency in earned hours and/or GPA.

**Veterans Benefits**

Winthrop is approved by the State Approving Section, South Carolina State Department of Education, for training of eligible veterans, children of deceased or disabled veterans, and disabled veterans. Contact the Veterans Administration Regional Office, 1801 Assembly Street, Columbia, South Carolina, 29201, for information and necessary forms.

The Veteran or eligible person should contact Winthrop’s Veterans Affairs Coordinator, 101 Tillman Hall, at least 45 days before the start of the semester in which the student plans to enter the University.

Children of disabled or deceased veterans may receive additional assistance for payment of tuition and fees. For information regarding eligibility and applications, write to the State Approving Section, South Carolina State Department of Education, Rutledge Office Building, Columbia, South Carolina 29201. Students who are eligible for the Free Tuition benefit administered by the SC Department of Veterans Affairs must notify the Financial Resource Center of their intent to enroll at Winthrop University prior to the beginning of each academic year.

In order to receive veterans’ benefits, veterans and other eligible persons must read and sign a “Veteran's Compliance Agreement” (available in the Veterans Affairs Office), indicating their understanding of the agreement and their willingness to comply with the procedures and regulations therein. These regulations require that the Veterans Affairs Coordinator be informed without delay of the number of semester hours in which the student is enrolled each term, of any changes in that enrollment, and of any changes in the student’s degree program.
STUDENT SUPPORT SERVICES and FACILITIES

From orientation to graduation, Winthrop University offers a wide variety of services, facilities, and co-curricular activities which foster total student development, support the academic curriculum, and enhance the quality of campus life. Through participation in student organizations, students can make valuable contributions to the Winthrop community while gaining leadership and personal experience.

Student services and activities allow all Winthrop students, residents, and commuters alike, to experience student life in a number of exciting and challenging ways. Some of the student programs, facilities and activities offered are:

Academic Support

Academic Computing
Winthrop University Academic Computing supports the instructional and research functions of the University. Within the Division of Information Technology, Academic Computing provides access to diverse computing resources. These resources include a 500 MHz DEC UNIX AlphaServer, other DEC UNIX servers and workstations, Windows NT microcomputer networks, laboratories with microcomputers, and access to DEC VMS clustered AlphaServers. Over 15 computer laboratories supporting PC, Macintosh and Digital UNIX standards are available on campus for open access and instructional needs.

Winthrop's host computers have an assortment of programming languages such as Ada, BASIC, C, C++, COBOL, Fortran, Java, LISP and Pascal. Microcomputer networks and laboratories provide computing resources for support of instructional and research applications. Typical applications include desktop publishing, database management, spreadsheet analysis, graphics, communications, work processing, statistical analysis and mathematical computation. Specific applications include Microsoft Office Pro, Frontpage, Internet Explorer, WS-FTP, PC-SAS, Mathematics and eXcursion.

All main campus buildings and residence halls are directly connected to the campus network through fiber optic cable. Winthrop is also a node on the Internet. Faculty, staff and students are provided access to e-mail and the Internet.

The Academic Computing Center also provides computer access for visually impaired students, as well as Braille printing services.

General operational hours for Academic Computing labs are posted at:
http://www.Winthrop.edu/acc/docs/Lab_Info.htm
For additional information on Academic Computing, call (803) 323-3491.

Charlotte Area Educational Consortium

Winthrop participates in the Charlotte Area Educational Consortium (CAEC), which includes twenty-four colleges and universities in the Charlotte area. Under the CAEC Exchange Program, a full-time undergraduate student at Winthrop may be allowed to enroll in an additional course at a member school at no additional academic fee charge, provided the additional course does not enroll the student in a course overload. (The Exchange Program is available only during fall and spring semesters.) Information concerning this program is available in the Registration Office, 102 Tillman.

Cooperative Education

Cooperative Education (Co-op) provides students with the opportunity to obtain professional experience in their major or field of interest while earning academic credit and an hourly wage. Both full- and part-time positions are available in all academic majors, allowing students to integrate classroom knowledge with the “real world” of work.
Co-op is one of the best ways for students to:
- Confirm the choice of a major
- Explore potential career choices
- Obtain marketable experience
- Develop professional contacts
- Earn three elective credits
- Earn an average of $7 an hour

Distance Learning
Winthrop University is a leader in instructional technology, featuring the Distance Education Classroom in the College of Business Thurmond Building. Utilizing a T1 digital configuration, classes in Winthrop’s Distance Education Classroom are fully interactive between Winthrop and the remote site. Students and teachers communicate with each other simultaneously in classrooms outfitted with robotic cameras, TV monitors, desk microphones and a fully equipped television control room.

MBA candidates at Coastal Carolina University in Conway, SC, are already on-line with Winthrop to take advantage of this learning opportunity. Winthrop’s MBA degree is the same AACSB accredited program that has enjoyed more than 20 years of success serving the Charlotte Metrolina region.

Dual credit courses are also offered over the T1 circuit and through the BEACON network to local area high schools using an ATM fiber network.

Ida Jane Dacus Library
The faculty and collections of Dacus Library are an integral part of the University’s instructional program. All freshmen receive basic instruction in library use, and specialized instruction in advanced topics is available. The Dacus On-line Catalog system provides easy access to the library’s collections.

The Library’s collections have been selected to support the curriculum of the University and are housed in open stacks. Study and lounge seating is interspersed throughout the building. Public workstations for access to the library’s electronic resources and to the Internet are available. Special quarters are provided for archives, microfilm, special collections, United States government publications and library instruction. Closed carrels for faculty’s and graduate students’ research, as well as facilities for photoduplication and listening, are included.

The Library’s holdings total over 500,000 volumes and volume-equivalents. Included in this figure are books and bound periodicals, microfiche, microcards, and microfilm. In addition, the Library owns over 175,000 U.S. government publications and 2,160 pieces of audio-visual materials. Over 2,300 periodical and serial titles are being currently received.

The Library participates in the national interlibrary loan system.

Instructional Support Labs
Three facilities supplement students’ academic programs. The Writing Lab assists students who want to improve their skills in reading, vocabulary and writing. The Math Lab offers individual and small group tutoring, and the Language Lab offers individual audio assistance.

Model United Nations
The Model United Nations is an annual event that brings Winthrop students together with about 70 high school student delegations from across the southeast for a three-day conference in April. The high school delegations assume the role of member nations, with the Winthrop students serving as advisors or on the Secretariat. As students debate world issues and resolutions, the experience provides a greater awareness of international issues within the framework of international policies. In addition, Winthrop students receive academic credit for preparation and participation in the conference.
National Student Exchange
Winthrop students can experience the excitement of studying at another college or university for up to one year while paying Winthrop's tuition. Exchanges with more than 148 colleges and universities throughout the United States are encouraged during a student's sophomore or junior year. Information on the National Student Exchange is available from the NSE Coordinator located in 218 Dinkins Student Center, 323-4503.

Writing Center
The Writing Center, located in 220 Bancroft Hall, provides a free writing consulting service to all members of the University community: students, staff, administrators, and faculty. The Writing Center's purpose is to help writers at all levels learn more about their writing through tutoring sessions. Tutors help writers learn to analyze assignments, address audiences appropriately, improve their composing processes, strengthen the focus and organization of their writing, and improve their control of the language. While the Writing Center cannot provide a proofreading/editing service or a guarantee of better grades, our tutors will help improve writing skills. The primary purpose is to improve writing in the long term.

Although operating hours may vary from semester to semester, the Writing Center is open at least five days a week, with some evening and weekend hours. Scheduling an appointment assures that a tutor will be available. To make an appointment, call 323-2138.

Campus Ministries
Representing a variety of denominations and faiths, the spiritual needs of many Winthrop students are met through campus ministries and organizations. A full agenda of activities promote fellowship, as well as spiritual and personal growth. Among the religious organizations are:

- Abundant Life in Christ
- AIDS Care Team
- Alpha Omega Christian
  - Women's Service Fraternity
- AME Bible Study Club
- Bahá'í Club
- Baptist Student Union
- Campus Baptist Young Women
- Canterbury of Rock Hill
- Fellowship of Christian Athletes
- Jewish Student Organization
- Latter Day Saints Student Association
- Lutheran Campus Ministry
- Newman Community (Catholic)
- Presbyterian Campus Ministry (U.S.A.)
- Reformed University Fellowship (Presbyterian Church in America)
- Wesley Foundation

Career Services
Beginning with the choice of major to the transformation of this choice into a career, the Department of Career Services offers programs to facilitate a student's decision making process from the freshman through senior year. The department's goal is to expose students to their limitless career possibilities, and then to help them narrow their choices and focus on a particular area of interest. Services offered to assist students in this process include interest inventories, career counseling and an extensive career library.

Two job referral services are available that are geared toward undergraduates seeking employment during their years at Winthrop. Cooperative Education provides students with the opportunity to obtain professional experience in their major or field of interest while earning academic credit and an hourly wage. Both full- and part-time opportunities are available in all academic majors, allowing students to integrate classroom knowledge with the “real world” of work. Job Find assists students in obtaining part-time, seasonal and temporary employment of a nonprofessional nature (clerking, waitressing, maintenance, etc.)
STUDENT SUPPORT SERVICES & FACILITIES

When students are ready to seek permanent employment, Career Services teaches effective job search skills that can be used in obtaining the first job, as well as in making subsequent career changes. Beginning in the junior year, students are encouraged to take advantage of the following job search services: resume referral, job postings and numerous job search workshops, including the “Bookbag to Briefcase” workshop series.

Community Service

The Department of Student Development coordinates community service-learning as a component of its student services, with emphasis on connecting students interested in service with community agencies. This includes the America Reads Challenge in which Federal Work-Study students tutor elementary age children in reading, the Close Scholars program, assisting professors when requested with community service-learning activities in the classroom, giving presentations on community service for residence halls and organizations, and acting as a clearinghouse for volunteer opportunities in the Rock Hill and York County area. Community agencies and organizations can call Student Development to indicate their needs, and the office will attempt to let individual students as well as student organizations know about the needs of these agencies. Students and student groups may call the office for information on current service opportunities. Anyone wishing to receive periodic updates on service opportunities via e-mail may request to be added to the community service-learning distribution list. In addition, students wishing to further direct the services provided by the department may join the Community Service Leadership Team.

In addition to most Greek and religious organizations, there are several student organizations that have a primary focus in service including:
- Circle K International
- Epsilon Sigma Alpha
- Habitat for Humanity
- Phone Friend
- WINGS
- Winthrop Friends

Departmental Student Organizations

Many academic programs are supported in part by departmental student organizations. These groups offer students a chance to learn more about their career field and make valuable professional contacts. Among the student organizations offered by those departments are:

- Accounting Club
- Alpha Kappa Psi (Business)
- American Chemical Society
- American College of Healthcare Administrators
- American College of Healthcare Executives
- American Marketing Association
- American Society of Interior Designers
- Association of Computing Machinery
- Association of Collegiate Entrepreneurs
- The Bridge (Multicultural Theatre)
- Council for Exceptional Children (Special Education)
- Delta Omicron (Music)
- Dinkins Student Union
- Economics Club
- MBA Association
- National Art Education Association (NAEA)
- Palmetto State Teachers Association
- Phi Beta Lambda
- Phi Mu Alpha Sinfonia (Music)
- Political Science Club
- Psychology Club
- Social Work Club
- Society for Human Resource Management
- Society of Professional Journalists
- South Carolina Education Association (SCEA)
- Student Dietetic Association (Human Nutrition and Food Systems Management)
Dinkins Student Center

The headquarters for student activities on the Winthrop campus is Dinkins Student Center. The facility houses administrative offices, including the Vice-President for Student Life, Dean of Students, the directors of Student Activities, Residence Life, and the offices of Multicultural Student Life, and Greek Life. The Center is also home to the Student Government Association, Dinkins Student Union, and the post office, as well as a food court, the ID office, small auditorium, and organizational meeting rooms.

Dinkins Student Union (DSU)

Dinkins Student Union, located in Dinkins Student Center, addresses the activities needs of the student body and is the primary programming service on campus. DSU provides a broad spectrum of entertaining and educational programs including coffee house acts, concerts, guest speakers, comedians, and special events. Through the Union’s programming board and committees, students gain valuable experience in managing and organizing these events.

Health and Counseling Services

Counseling Services

The Counseling Services staff help students deal with a variety of personal concerns, including family and relationship difficulties, low self-esteem, stress and anxiety, depression, alcohol and drug abuse, sexual abuse, and eating disorders. Short-term individual, couples, and group counseling are free and confidential. Learning assistance is available to help students improve study, test-taking and time-management skills. Wellness services, including outreach seminars and individual consultations, are provided to educate students about health-related issues. Services for students with documented disabilities are available to remove barriers that impede academic success. The College-Level Examination Program (CLEP), Graduate Record Examination (GRE), Miller Analogy Test (MAT), and Praxis Series tests are administered. For additional information, call (803)323-2233 or come by 203 Crawford Building between the hours of 8:30 a.m. and 5:00 p.m. Monday through Friday.

Health Services

Students' health needs are met by the professional staff of Health Services. The nurse practitioner and nurses on duty provide acute care on a walk-in basis from 8:30 a.m. to 5 p.m., Monday-Friday. Some physician and laboratory procedures involve a charge that will be billed to the student. Students must have complete health records on file to receive the service. For emergencies or after-hours services, community health care facilities are within a few miles of the University.

Students having chronic health problems should make arrangements to continue treatment with their current physician or to have their records sent to an appropriate specialist in the Rock Hill area. Health Services is happy to assist in the location of a suitable specialist for a student with a chronic health problem.

A pharmacy is located in Health Services. Medications and prescriptions are

Students are strongly encouraged to be covered by an accident/sickness/major medical insurance policy. All students currently enrolled in Winthrop University are eligible for Health Services as part of their regular fees. However, the costs of special services such as medication and tests are the responsibility of the individual and are charged to the student's account and should be paid at the Cashier's Office.

Prior to registration at Winthrop University, all students must submit documentation showing compliance with the Winthrop University Immunization Policy. Students not in compliance with the Immunization Policy are not allowed to register for classes.

Learning Assistance Counseling
The Learning Assistance Coordinator helps students improve study skills and academic performance. Individually and in groups, assistance is provided to help students enhance their study, time-management and test-taking skills. For more information call (803) 323-2233 (V/TDD).

Services for Students with Disabilities
The Coordinator for Students with Disabilities acts as a liaison between the student and the university community. Since each student has a unique set of special needs, the Coordinator for Students with Disabilities makes every effort to work with the student to acquire access to programs and services. Appropriate accommodations are provided based on individual needs as assessed through documentation and an intake interview with the counselor. For further information on guidelines for serving students with disabilities, call 323-2233 (V/TDD).

Wellness Services
Wellness services, including outreach seminars and individual consultations, promote healthy life-styles through education. Presentations are available on stress management, sexually-transmitted diseases, contraception, gender issues, sexual assault, eating disorders, alcohol and other drug use, and related topics. Individual wellness consultations are also available. Wellness Services is a component of Health and Counseling Services. Call (803) 323-2233 for more information.

Honor Societies
As one of the many rewards for high scholastic achievement at Winthrop University, deserving students are eligible for membership in a number of national honor societies. Three societies—Alpha Lambda Delta, Omicron Delta Kappa, and Phi Kappa Phi—recognize honor and overall academic excellence. Book and Key is an honorary organization rewarding achievement in the liberal arts. The following lists chapters of Winthrop's honor societies and their departmental designations:

- Alpha Kappa Delta
- Alpha Lambda Delta
- Alpha Psi Omega
- Beta Beta Beta
- Book & Key Society
- Delta Psi Kappa
- Kappa Delta Phi

International Center and International Student Life

Winthrop's International Center assists students in making arrangements for study abroad. Winthrop maintains associations with institutions in China, Austria, Germany, Egypt, England, Spain, France, and Australia. Opportunities for summer study abroad are provided through the Center's study abroad programs and through special summer offerings at other foreign institutions.

Characteristic of an institution that encourages diversity, Winthrop University offers support for the unique needs of students from other countries. The Office of International Students helps integrate international students into American society, provides assistance with problems encountered on campus and in the community, and advises students on immigration procedures and other matters.

An international student advisor is available to discuss special concerns or issues with students, while the Winthrop International Club promotes cultural exchange and social activities among the general student population, including an annual International Week in the fall semester. Other events focusing on the diversity of student life are sponsored by interested campus and community groups.
Multicultural Student Life

Recognizing that a diverse student body enhances campus life for the entire community, Winthrop is strongly committed to attracting achievement-oriented minority students. Accordingly, the University supports a broad range of activities and services dedicated to the enrichment of minority students.

Many of Winthrop’s 100 clubs and organizations are of particular interest to African-American students. The Association of Ebonites (AOE), founded in 1968, sponsors cultural events and offers a variety of educational and personal growth opportunities. The Ebonite Gospel Choir, comprising several dozen men and women, performs traditional and contemporary music on campus, and represents Winthrop throughout the region.

Winthrop’s fraternities and sororities include 8 historically black Greek letter organizations which provide social, academic and service avenues for students. Winthrop also publishes, The Roddey-McMillan Record, which focuses on multicultural issues.

The University’s Division of Student Life encompasses the Multicultural Student Life Office, located in Dinkins. The mission of the office is to complement the classroom experience by offering special programs and assisting other offices in taking advantage of the campus’ diversity. The office offers resources and services to African American students as well as Asian American, Hispanic/Latino, Native American, Gay, Lesbian and Bisexual, Jewish students, and other special interest groups. Specific initiatives include: the Multicultural Student Reception during Welcome Week; the Dr. Martin Luther King Holiday Celebration; the Black History Series; Ethnic Student discussions; Women of Color Conference and the popular Kwanzaa Celebration.

Public Safety

The Department of Public Safety is located in the Crawford Building. The department is a full-service police agency serving the Winthrop community by providing law enforcement services 24 hours a day, seven days a week. Their services include handling emergency situations, protecting life and property, crime prevention, and traffic control. The officers are available to provide presentations on safety tips and crime prevention.

The yellow emergency phone call boxes located throughout the campus connect the caller to Public Safety in case of an emergency. The extension to dial on these call boxes is 3333.

Publications

Students have the opportunity to gain valuable practical experience through service on one of several publications staffs: The Johnstonian, the student newspaper; The Tatler, the yearbook; The Anthology, a literary magazine; and The Roddey-McMillan Record, a minority interest newsletter.

Residence Life

Winthrop offers full-time students many types of living arrangements to meet individual needs and preferences. Seven campus residence halls and one apartment building offer comfortable, air-conditioned facilities with internet access options ranging from traditional halls with community baths to modern apartments. Students must be enrolled for 12 semester hours to be eligible for campus housing. Students who live in the residence halls are required to have a meal plan.

All residence halls are within easy walking distance of classes, Dacus Library, Thomson Cafeteria and Dinkins Student Center. Laundry facilities, study rooms, kitchens and eating areas are available in most residences. Linen service is not provided by the University. Rooms are furnished for double occupancy. However, if space is available, students may contract for private rooms at an additional cost. Apartment assignments are made with priority given to married, single parent families, international and graduate
STUDENT SUPPORT SERVICES & FACILITIES

students.

Apart from providing physical facilities, the residence halls also foster interaction and involvement among residents. Students are encouraged to participate in hall councils and in the Resident Students Association, an organization which promotes a sense of community among the residence halls. Residence organizations include:

- Resident Students Association
- Roddey Apartment Association
- Lee Wicker Hall Council
- Margaret Nance Hall Council
- Phelps Hall Council
- Richardson Hall Council
- Thomson House Council
- Winthrop Lodge Hall Council
- Wofford Hall Council

All students assigned to campus housing must sign a contract relating to the terms and conditions of occupancy. It is important that a student read the contract before signing and be thoroughly familiar with its terms. Violation of terms of the Housing Contract can result in immediate removal from living in the halls and subject the violator to further proceedings in accord with the Student Conduct Code. All students signing residence hall contracts must pay $100 at the time the contract is signed, $50 of which will be credited against their fall room rent and $50 against their spring room rent.

Sororities and Fraternities

Many Winthrop students enjoy affiliations with national Greek-letter organizations. The eight sororities and nine fraternities serve to enhance the social and service-oriented atmosphere of the University and are governed by four councils: the Black Greek Association, the Greek President’s Council, the Interfraternity Council and the Panhellenic Council. Winthrop has chapters of the following sororities and fraternities:

**Sororities**
- Alpha Delta Pi
- Alpha Kappa Alpha
- Chi Omega
- Delta Sigma Theta
- Delta Zeta
- Sigma Sigma Sigma
- Zeta Phi Beta
- Zeta Tau Alpha

**Fraternities**
- Alpha Phi Alpha
- Kappa Alpha Psi
- Kappa Sigma
- Omega Psi Phi
- Phi Beta Sigma
- Pi Kappa Alpha
- Sigma Alpha Epsilon
- Sigma Nu
- Tau Kappa Epsilon

In addition, Winthrop University has been granted an Order of Omega chapter. The Order of Omega is a national honorary society that recognizes outstanding scholarship, leadership and service among individual fraternity and sorority members.

For more information on Greek Life call 323-4503.

Sports and Recreation

The University offers a variety of intercollegiate sports for men and women. Winthrop is a Division I member of the NCAA and a charter member of the Big South Conference. Conference championships are played in both men’s and women’s sports programs. The Winthrop Eagles field teams in both men’s and women’s basketball, tennis, golf, track and cross country; men’s baseball and soccer; and women’s volleyball and softball. Winthrop has excellent athletic facilities which are clustered in a beautiful lakeside...
Winthrop offers a spirited and competitive recreational sports and intramural program that include softball, basketball, soccer, aerobics, tennis, volleyball and a Big-Splash event. In addition to traditional men's and women's leagues, co-ed activities are available in some sports.

Members of the Winthrop community have a wide variety of leisure and recreational facilities available to them. The Winthrop Coliseum, located within a mile of campus, is a modern arena seating more than 6,000. In addition to its intercollegiate facilities, the Coliseum houses a weight room, and a training room.

Behind the Coliseum lies Winthrop Lake and the University's 380-acre recreational complex, featuring baseball and softball fields, soccer fields, a cross country course, golf and disc golf courses. Adjacent to the lake is the Shack, traditionally a gathering spot for student activities.

The Outdoor Development Center, also known as the Ropes Course, is located here. Groups and organizations use this facility to develop team-building and leadership skills through a series of unique, problem-solving exercises.

Facilities on Winthrop's main campus include two basketball gyms, a dance studio, a weight room, and an indoor swimming pool, all housed in Peabody Gymnasium. Six lighted and four unlighted tennis courts and an all-purpose playing field are located adjacent to Peabody.

Student Government Association

The Student Government Association (SGA) includes all Winthrop students and is a primary means for students to become involved in campus activities and policy making. The Student Government Association is comprised of three branches; executive, judicial, and legislative. Elections for Student Government positions are held in February.

Student Identification Cards

Each registered student must obtain an official identification card. Identification cards are nontransferable and must be presented to appropriate University officials upon request.

Victim Advocacy

Victim advocacy services will be provided to any Winthrop student who has been victimized by crime. These services include but are not limited to: providing immediate crisis intervention, informing victims of their rights, assisting victims throughout the investigation and prosecution of the crime and serving as a liaison for the student within the college community. The victim advocate services are available to any currently enrolled Winthrop student, whether the crime occurred on or off campus and whether the victim chooses to file an official report with the Office of Public Safety or Rock Hill Police Department. All communication with administrative offices is handled with the utmost discretion. For more information regarding this program, contact the Office of Student Development at (803) 323-4503.
Visual and Performing Arts
Winthrop University is committed to helping students develop fully as well-rounded, educated persons. In an effort to provide a setting which facilitates intellectual and cultural growth, the University offers numerous opportunities to enhance students' appreciation of the arts. Whether through participation or attendance, students further develop their artistic talents, perceptions, and understandings. The following lists performing groups on the Winthrop campus:

Visual and Performing Arts Facilities
To support the University's arts curricula, as well as a diverse range of cultural offerings, Winthrop maintains several versatile performing spaces. Byrnes Auditorium, seating 3,500 and the adjoining 216-seat Frances May Barnes Recital Hall recently underwent major renovations. Tillman Auditorium has a seating capacity of 700. The recently renovated and expanded Johnson Hall includes a 331-seat proscenium theatre, a 100-seat studio theatre, an actors' studio, and two dance studios.

In addition, Winthrop Galleries, comprised of two professional spaces in the newly renovated Rutledge Building and a student gallery in McLaurin, provide an array of exhibition spaces. The works of faculty, students and regional and national artists are presented on a regular basis.
STUDENT RIGHTS and REGULATIONS

Student Conduct Code: General Conduct Policy

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth.

Freedom of the individual may be defined as the right to act or speak, so long as it does not adversely affect the rights of others. Believing in this concept, Winthrop University protects freedom of action and freedom of speech for both students and employees, so long as it is not of an inflammatory or demeaning nature and does not interfere with the rights and privileges of other members of the University community, or disciplinary proceedings. Moreover, Winthrop University is committed to improving the quality of student life by promoting a diversified educational and cultural experience for all its students. Therefore, racist conduct or other acts of bigotry are not tolerated.

Rights and freedoms imply duties and responsibilities. Note should be taken that a student who exercises his or her rights as a private citizen—whether individually or as a member of a group—must assume full responsibility for his or her actions. All students and employees of the University must abide by local, state, and federal laws and with all published University policies and regulations. Violations of laws and regulations subject the perpetrator to disciplinary action by the University and/or the appropriate civil or criminal court.

Responsibility for good conduct rests with students as adult individuals. Student organizations have similar responsibility for maintaining good conduct among their members and guests and at activities they sponsor. All members of the University community are expected to use reasonable judgment in their daily campus life and to show due concern for the welfare and rights of others.

Students who violate University policies, rules and regulations are subject to expulsion or lesser sanctions. A complete outline of obligations and the disciplinary process is contained in the Student Conduct Code in the Student Handbook.

Academic Discipline

Infractions of academic discipline are dealt with in accordance with the student Academic Misconduct Policy which is in the Student Conduct Code in the Student Handbook. Academic misconduct includes, but is not limited to, providing or receiving assistance in a manner not authorized by the professor in the creation of work to be submitted for academic evaluation including papers, projects, and examinations; presenting, as one’s own, the ideas or words of another for academic evaluation without proper acknowledgment; doing unauthorized academic work for which another person will receive credit or be evaluated; and presenting the same or substantially the same papers or projects in two or more courses without the explicit permission of the professors involved. In addition, academic misconduct involves attempting to influence one’s academic evaluation by means other than academic achievement or merit. More explicit definitions of academic misconduct specific to certain academic disciplines may be promulgated by academic departments and schools.
Privacy of Educational Records

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.
   Students should submit to the registrar, dean, head of the academic department or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.
   Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
   If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
   One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by this University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:
   Family Policy Compliance Office
   U.S. Department of Education
   600 Independence Avenue, SW
   Washington, DC 20202-4605

Also, these regulations restrict Winthrop to the release of certain records only to the student (current or former) and to certain other authorized school and government personnel, except with the student's prior written consent to release the records to another specified person. Without this consent, Winthrop cannot release a student's records even to parents, except in one instance. Parents or guardians of a student may be given access to certain of the student's records if the parents or guardians sign a statement in the Records
Office and provide proof that they have claimed the student as a dependent on their last federal income tax return.

FERPA does allow the University to release the following kinds of information (not considered private records) unless the student requests that it be withheld: student's name, address, telephone number, date and place of birth, enrollment status (full- or part-time), dates of attendance, date of graduation, major and minor fields of study, degrees and awards received, date of admission, whether or not currently enrolled, classification (freshman, etc.), most recent previous educational institution attended, eligibility for honor societies, participation in officially recognized activities and sports, weight and height of members of athletic teams, and other similar information. Photographic, video or electronic images of students taken and maintained by the University also are considered directory information. Any student not wanting this information released must make a written request to the Registrar prior to the close of each spring semester for the following academic year.

As a matter of practice, the University does not sell or give away lists which are in unpublished or computerized form to any outside agency, individual, or business.

Questions concerning Winthrop's policy for release of academic information should be directed to the Office of the Registrar, 102 Tillman Hall.

**ORIENTATION and ADVISING**

**Orientation**
Orientation sessions are offered each summer to introduce new students to the educational and social opportunities available at Winthrop University. Three sessions are offered for freshmen and one for transfer students. During this time, students meet with faculty advisors to select courses and register for fall classes. They will attend interest sessions dealing with all aspects of college life. Select upperclassmen serve as orientation assistants and will answer questions and assist students throughout the program in a variety of ways. Orientation also provides new students with an opportunity to get to know other students and make new friends before classes begin.

An orientation program for family members is also offered. Families meet with faculty, staff, students and administrators to discuss academic programs, participate in information sessions, and learn about campus facilities and services.

**Welcome Week**
As an extension of the orientation program, Welcome Week provides opportunities for new students to become acquainted and involved in events on the Winthrop campus. Welcome Week is full of informative, exciting and fun activities. Some are designed to help identify resources that are available. Others will help students make informed choices related to personal, academic and social life. Students are introduced to members of campus organizations, and activities are designed to integrate new students into the University community. Evening entertainment is coordinated by Winthrop's nationally acclaimed Dinkins Student Union and brings a wide variety of talented performers to campus.
Academic Advisement

Interaction between faculty and students is an integral part of the learning process at Winthrop. Individual advisement sessions between students and their advisors provide opportunities for students to learn more about the philosophy behind the required degree program as well as career opportunities for specific majors. Through stimulating informal discussions, the advisement process enhances and supplements the learning that takes place in the classroom.

The academic advisor's primary role is to help the student plan a course of study so that courses required in a particular program are taken in the proper sequence. The advisor also helps ensure that the student is aware of all graduation requirements. Advisors can also help resolve and prevent academic problems, often referring students to the appropriate academic resource. At the beginning of each term, advisors post the office hours during which they are available to the students they advise.

Newly admitted students who have declared their intention to pursue a degree in a particular discipline are assigned advisors in the appropriate college. Generally, the advisor assignment is not changed unless the student changes degree programs. Until students officially declare a particular major, they are assigned Pre-major advisors through the College of Arts and Sciences.

Prior to registration, students are required to contact their academic advisor to receive the appropriate registration form and assistance in selecting courses to be taken in the next term. Advisor signatures are required on registration forms.

Each college maintains an office in which advising assistance is available when the assigned faculty advisor is not immediately available. Students should contact the offices below for assistance in changing majors, verifying advisors, and other academic advising concerns:

ACADEMIC REGULATIONS

Student Responsibility
All students are responsible for the proper completion of their academic programs, for satisfying the general regulations stated in this Catalog, for maintaining the grade average required, and for meeting all other degree requirements. Students should secure guidance from an advisor, but the final responsibility remains that of the student.

Students are required to know and observe all regulations concerning campus life and student conduct. Students are responsible for maintaining communication with the University by keeping on file with the Office of Records and Registration at all times a current address, including zip code and telephone number.

Classification of Students
In the fall or spring semester, undergraduate students who are registered for and attending 12 or more semester hours are classified as full-time students. Those who are registered for and attending fewer than 12 semester hours are classified as part-time students.

All undergraduate students are also classified as either regular or special. Special students are those who are admitted under special circumstances and who are not candidates for degrees.

Regular students are further classified as follows:
- Freshmen: Students who have earned less than 22 semester hours of credit.
- Sophomores: Students who have earned at least 22 but fewer than 54 semester hours of credit.
- Juniors: Students who have earned at least 54 but fewer than 87 semester hours of credit.
- Seniors: Students who have earned at least 87 semester hours of credit.

Academic Forgiveness
At the time of readmission to Winthrop, a student who has been absent for five calendar years or longer may choose to reenter under the “academic forgiveness policy”. Under this policy, all courses previously taken at Winthrop University are treated as if they were transfer credit from another institution for purposes of granting credit toward graduation. As with transfer credit, these earlier courses are not used in computing the student's grade-point average. However, all earlier courses and the grades earned remain on the student's official transcript and are counted in computing eligibility for academic honors.

The student must exercise or waive the “academic forgiveness” option at the time he or she is readmitted to Winthrop.

Registration
Registration takes place on designated days at the beginning of each semester. In the summer session, which consists of several terms (units) starting at various times, registration occurs over an extended period and ends, for an individual term, on the first day of classes in that term. Continuing students are permitted and encouraged to register early for the upcoming fall or spring semester. Newly admitted freshmen for a fall semester must attend one of the freshmen orientation sessions offered during the summer to be able to register early for the fall. Consultation with an advisor prior to registration is required.
ACADEMIC REGULATIONS

Course Load

Spring or Fall Semesters. While the normal course load for an undergraduate student is 15 to 17 hours per semester, a full-time course load may range from 12 to 18 hours. In determining course load, freshmen, with the assistance of a faculty advisor, should take into consideration high school performance, College Board scores, high school grade-point average, and the amount of time available to apply to the academic course work.

A continuing student with a grade-point average of 3.00 or higher for the preceding fall or spring semester may take a course overload with the approval of the appropriate dean. An overload may not exceed 21 hours.

Summer Session. An undergraduate student may not enroll for more than one course in any summer term less than four weeks in length. A student may enroll in a total of 7 hours in units C and D. A student may enroll in a total of 12 hours in unit B. However, the total hours taken during the summer may not exceed 18.

Auditing Courses

Undergraduate students may audit a course with the permission of the instructor of the course, the department chair, and the academic dean on a space available basis. An auditor is not required to participate in any examinations or graded course assignments. Participation in class activities and the class attendance policy is at the discretion of the instructor.

Students may not register for a course on the audit basis until after the close of Open Registration. The last day of registration for the semester is the last day a student may elect to audit a course.

Changes in Enrollment

Changes in enrollment, or student schedule changes, must be made before the end of the designated registration period. Such changes include dropping or adding courses, changing sections, electing to audit courses, and changing number of credits to be earned in a course (where applicable). Any change in enrollment must be submitted to the Registration Office on a Schedule Change form, prior to the end of the registration change period.

Withdrawal From Courses

Students are expected to follow the courses of study selected at the beginning of the semester or summer term. There may be instances, however, when the student wishes to withdraw from a course. The decision to withdraw from a course is the student's alone, but consultation with the advisor or academic dean and with the instructor is required.

Forms for withdrawing from courses after the end of the registration change period are available in the Registration Office. Withdrawal from a course may not occur during the last week of the course. If withdrawal is completed during the first one-third of a particular course, the grade of N is assigned, indicating no credit is awarded. If withdrawal from a course taken on a letter grade basis is completed during the final two-thirds, but before the last week of the course, the grade of N is assigned only if the student is passing the course at the time of withdrawal; otherwise, the grade of F is assigned. If withdrawal from a course taken on a satisfactory/unsatisfactory basis is completed during the final two-thirds, but before the last week, of the course, the grade of N is assigned only if the level of achievement at the time of withdrawal is equivalent to an S; otherwise the grade of U is assigned. Course withdrawal is considered complete on the date of official withdrawal in the Registration Office, 102 Tillman. The instructor has the responsibility for assigning the grade for a course from which a student has withdrawn.
Complete Withdrawal from Winthrop

Students who find it necessary to discontinue their college work during a semester or summer session should officially withdraw from the University. Undergraduate students who wish to initiate the withdrawal process should go to the Office of Student Development, 218 Dinkins Student Center.

A student who withdraws during the first one-third of the semester receives grades of N for all courses. If the withdrawal occurs in the second two-thirds of the semester, the student receives grades of F, N, U, or I, as the individual instructor deems appropriate. The only exception occurs in cases of medical withdrawal. A medical withdrawal is allowed in cases of severe medical problems which prevent the student from continuing enrollment. Medical withdrawals require documentation of medical condition and the approval of the academic dean. In these cases, grades of N or I are recorded by the instructor. A student may not withdraw during the last week of class.

Failure to withdraw officially may seriously affect a student's eligibility for future readmission or for transfer to another institution.

Class Attendance Policies

Students are expected to attend classes and should understand that they are responsible for the academic consequences of absence. The student is responsible for all requirements of the course regardless of absences.

Instructors are not obligated to provide makeup opportunities for students who are absent. The instructor will be responsible for judging the adequacy of cause for absence, and will decide if a makeup opportunity will be provided.

The instructor may establish the attendance requirements for the course. The following policy will be in effect unless the instructor specifies otherwise: if a student's absences in a course total 25 percent or more of the class meetings for the course, the student will receive a grade of N, F, or U, whichever is appropriate; if the student's enrollment in the course continues after the date for withdrawal with an automatic N, and if the student's level of achievement is equivalent to D or better (or S for a course taken on a satisfactory/unsatisfactory basis), the grade of N will be assigned; otherwise, the student will receive the grade of F (or U).

Hazardous Weather Conditions

It is the practice of Winthrop University to carry out its primary responsibility of providing instruction for students during regularly scheduled hours, except in cases when extreme weather conditions make roads unsafe for travel. While Winthrop feels a responsibility to meet scheduled classes and maintain office support for those classes whenever possible, the University places the highest priority on the safety of its students, faculty, and staff.

In instances of unsafe road and traveling conditions, the University notifies local media outlets in areas where Winthrop students and employees live if scheduled classes and activities of the University have been changed. Students should use their local media and discretion in judging the safety of traveling to the University during periods of inclement weather.

Final Examinations

The form of the final examination is determined by the instructor. The exam period may not exceed two and one-half hours. The times of final examinations are officially scheduled by the Registrar. The student and the instructor will be notified of a legitimate exam conflict if one or more of the following occurs: the student has more than one scheduled exam per period; the student has more than two examinations scheduled per day or more than three examinations scheduled in any four consecutive periods. Personal conflicts such as travel plans and work schedules do not warrant a change in examination times.
**ACADEMIC REGULATIONS**

**Evaluation and Grading**

It is the responsibility of all faculty members at Winthrop to assign to all of their students fair grades based on evaluation relevant to the content and purposes of the course of study and, reasonably early in the semester, to inform students of the evaluation placed upon their work. Testing procedures are generally guided by the following principles: a number of evaluations of students' achievements should be made throughout any given semester; the instructor in each class is encouraged to base students' final grades on at least four major evaluations; the instructor may require a combination of one-hour tests, written reports, oral reports, or appropriate performances on projects. Tests should be returned to students within a reasonable time; students have a right to examine their own tests regularly in order to understand which items were answered incorrectly or inadequately.

**Grading System**

Grades for courses taken for undergraduate credit are recorded as follows:

- **A**— Excellent, achievement of distinction (4 quality points per semester hour).
- **B**— Good, achievement above that required for graduation (3 quality points per semester hour).
- **C**— Fair, minimum achievement required for graduation (2 quality points per semester hour).
- **D**— Poor, achievement at a level below that required for graduation; must be balanced by good or excellent work in other courses (1 quality point per semester hour).
- **F**— Failure, unsatisfactory achievement (no quality points).
- **S**— Satisfactory achievement (C level or above) on a course taken on a satisfactory/unsatisfactory basis.
- **SH**—Satisfactory Honors, used only for honors courses to indicate honors credit (A or B) taken on a satisfactory/unsatisfactory basis.
- **U**— Unsatisfactory achievement (Honors courses, C level or below; all others, D level or below) on a course taken on a satisfactory/unsatisfactory basis.
- **N**— No Grade, indicating the course carried no credit, or was withdrawn from under conditions that did not justify assignment of a grade of F or U.
- **I**— Incomplete, used only as a prefix to a letter grade. Assigning an incomplete grade indicates that, for a valid reason, the course has not been completed and that the instructor reserves the right to raise the grade if the incomplete work is completed within one year, or by an earlier date specified by the instructor. The grade to which I is prefixed is not used in computing the student's GPA until the I prefix is removed and indicates the grade earned if no further work is performed. It is the grade in the course unless and until changed by the instructor.

**Satisfactory/Unsatisfactory Option**

Undergraduate students may elect to receive a satisfactory/unsatisfactory (S/U) grade on a total of four courses throughout their entire undergraduate curriculum, and are limited to electing no more than one S/U course per semester. Each of these courses will count for credit as does any other course; however, a satisfactory/unsatisfactory grade, recorded as S or U, will not be counted in computing the student's grade-point average. (The purpose of this option is to allow the student an opportunity to explore areas of interest outside the major and outside required courses without jeopardizing the grade-point average. Students are discouraged from choosing the S/U option for required courses or for courses in the major.) Students who are unclear about the appropriate application of the S/U option should consult their advisors.

The four-course limit regarding the S/U option does not include those courses which are offered only on an S/U basis.

A student must elect to utilize the S/U option within the first two weeks of a semester.
Quality Points and Grade-Point Average
To remain in good academic standing, a student must maintain a certain standard of excellence. This standard is fixed by the quality-point system. The grade received on a course determines the number of quality points earned per semester hour. Total quality points for a course are calculated by multiplying hours earned by the point value for the grade earned.

Semester Grade Point Average. The semester grade-point average (GPA) is calculated by dividing quality points earned that semester by hours taken on a letter-grade basis during that semester.

Cumulative Grade Point Average. The cumulative grade-point average (GPA) is calculated by dividing total quality points by quality hours. Quality hours are all hours of credit taken at Winthrop on a letter-grade basis. Credits earned by examinations, credits transferred from other institutions, and credits for courses taken on satisfactory/unsatisfactory basis are not used in computing a student’s cumulative grade-point average.

In cases where undergraduates, with proper approval, transfer courses in to replace those taken at Winthrop, the original course grades continue to be included in the calculation of quality hours and cumulative grade-point average.

Definitions
Gross Hours Taken: The sum of the total hours for which the student has been enrolled at Winthrop plus all hours accepted by Winthrop as transfer credit and all hours awarded by Winthrop as Credit by Examination.

Quality Hours Taken: All hours of credit taken at Winthrop on a regular letter grade basis. All courses are counted in the semester summary of the semester in which they are taken and in the cumulative summary.

Cumulative Hours Earned: All hours of credit completed at Winthrop University with grades of A, B, C, D, or S; all accepted transferred credits and all credits by examination. All courses are counted in the semester summary of the semester in which they are taken and in the cumulative summary.

Quality Points: Semester Hours Earned times the value of the Grade: A=4, B=3, C=2, D=1, F=0. All courses are counted in the semester summary of the semester in which they have been taken and in the cumulative summary.

Academic Probation
The first semester a student’s cumulative grade-point average falls below the minimum required for the classification, he/she is placed on academic probation.

Students on academic probation may not enroll in more than 15 semester hours. A student on academic probation whose semester grade-point average is 2.2 or higher is not suspended at the close of that semester even though the cumulative grade-point average remains below the minimum required for the classification. The student may continue enrollment on academic probation.

The student is removed from academic probation at the close of a semester in which the cumulative grade-point average meets the required minimum standard for his/her classification.

Undergraduate special students are not subject to academic eligibility while in this classification.

Credit awarded by examination and hours earned with a grade of S are used in determining classification but not in determining the grade-point average.

A student’s eligibility in a given semester cannot be influenced by the change of a grade awarded in any semester prior to the previous semester, except in the removal of an incomplete grade.
Academic Eligibility Schedule

Students enrolled at Winthrop University must earn a minimum cumulative grade-point average in accordance with the eligibility schedule below in order to avoid being placed on academic probation (or suspension):

<table>
<thead>
<tr>
<th>Class</th>
<th>Cumulative Hours</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0 to 21</td>
<td>1.4</td>
</tr>
<tr>
<td>Sophomore</td>
<td>22 to 53</td>
<td>1.6</td>
</tr>
<tr>
<td>Junior</td>
<td>54 to 86</td>
<td>1.9</td>
</tr>
<tr>
<td>Senior</td>
<td>87 or more</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Initial failure to meet the cumulative grade-point average according to the earned hours results in probation. A subsequent violation in the next semester or summer term of enrollment results in first academic suspension for the immediately succeeding regular academic semester and any intervening summer session. Students who are readmitted after suspension are readmitted on academic probation. Failure to meet the specified minimum cumulative grade-point average during this semester results in a second suspension for one calendar year. Readmission for a second time again places the student on academic probation. Failure to achieve the specified minimum cumulative grade-point average after the second suspension results in permanent dismissal from the University.

Credit earned at any other institution while a student is ineligible to enroll at Winthrop University cannot be applied to any degree at Winthrop University.

Recourse for Academically Ineligible Students

If an academically ineligible student feels there are extenuating circumstances in his or her situation, special consideration may be asked of the Committee on Undergraduate Petitions. Procedures for petitioning are as follows:

1. A typed petition from the student must be presented to the Registrar stating the specific extenuating circumstances (see Item 4 following) which prevented the student from succeeding in his or her course work. This petition must be accompanied by a physician’s supporting statement or by other documentary evidence of extenuating circumstances. The petition must include the student’s name, student number, address, major, class, telephone number, and advisor’s name. A petition form is available in the Records Office.

2. The typed petition must be received by the Registrar at least one week before the beginning of the semester for which the student wishes to be readmitted.

3. The Registrar forwards the petition, along with all supporting documents, to the Petitions Committee.

4. Decisions are based only on extenuating circumstances such as illness, death in the family, or emergency military service.

5. Those who are readmitted by the Committee are notified and are allowed to register for courses.

General Appeal Procedure

Any undergraduate student may appeal for variations in the general education requirements and other university-wide academic regulations by submitting a typed petition to the Committee on Undergraduate Petitions.

Petitions must be accompanied by supporting statements or other documentary evidence which the student judges pertinent to the petition. Petitions should be addressed to the Committee on Undergraduate Petitions, c/o Registrar, and should include the student’s name, student number, address, major, class, telephone number, and name of
advisor. A petition form is available in the Records Office.

To be considered at a regular monthly meeting, petitions must be received by the Registrar at least one week prior to the published meeting date of the Petitions Committee.

The Registrar forwards the petitions, along with any supporting documents, to the Undergraduate Petitions Committee and relays to the student the decisions reached by the Committee. (Refer to “Recourse For Academically Ineligible Students” for specific instructions pertaining to petitions concerning academic ineligibility.)

**Fluency in English**

A grievance policy exists in cases where a student claims that a faculty member's fluency in English is not adequate to conduct a course. Students may consult department/division or deans' offices or the Office of Academic Affairs to obtain the full text of the policy and grievance procedures.

**Teacher Licensure Requirements**

Requirements for teacher licensure set by the South Carolina State Department of Education or other agencies may or may not be the same as degree requirements shown in this catalog. Students desiring licensure should consult with the appropriate agency early in their programs to determine any licensure requirements above and beyond degree requirements.

**Transient Study Credit**

Courses taken at another institution by a Winthrop student, either during the summer sessions or a regular semester, for transfer back to Winthrop must have written approval of the student's advisor and the student's dean prior to registration for the courses. It is the student's responsibility to have grades on these transfer credits reported to the Records Office as soon as possible, and, if it is the student's final semester at Winthrop, no later than four days prior to the expected graduation date. Transcripts of all college work taken while a student is absent from Winthrop for a semester or more must be submitted when the student reapplies to Winthrop.

All transient study credit is subject to the Winthrop University Transfer Credit Policy. (See “Undergraduate Transfer Credit Policy” in the Admissions chapter of this catalog.)

**Graduate Credit for Winthrop University Seniors**

Winthrop seniors with an overall grade-point average at Winthrop of 3.00 or better may be permitted to take courses numbered 500-599 for graduate credit during their final semester of undergraduate work, provided the total course load (undergraduate and graduate) for that semester does not exceed 16 semester hours. The student may receive graduate credit for these courses only if the requirements for the baccalaureate degree are satisfactorily completed by the end of that same semester.

Senior accounting students in their final term may take one 600 level accounting class if the student meets the following conditions: (A) admitted provisionally to graduate studies for the MBA Accounting Option; (B) limited to one 600 level accounting course; (C) 3.0 undergraduate grade point average; and (D) limited to maximum load of 16 semester hours.

Undergraduate students who wish to take courses numbered 500-599 for graduate credit must first receive approval from the academic dean of the school or college in which they are majoring. Approval applications are available in the Graduate and Continuing Studies Office.
Repeating a Course

A student may repeat any course taken at Winthrop University or transferred to Winthrop, for which he or she did not earn a grade of B or higher, or a grade of S. (This regulation does not apply to courses that may be repeated for additional credit.) Credit hours earned in a particular course taken at Winthrop will not be awarded more than one time, (unless the course has been approved for additional credit) and transfer credit for repeated courses will be forfeited.

A student who enters Winthrop as a freshman is allowed a maximum of four repeated courses with grade exemption for any courses taken at Winthrop University for which he or she did not earn a grade of B or higher. Under this policy, the original grade earned in the course will be exempted from the calculation of the cumulative grade point average. Students who transfer to Winthrop with fewer than 40 semester hours of credit also are allowed the four course repeats with grade exemption; those with at least 40 and fewer than 70 hours are allowed three; those with at least 70 and fewer than 100 are allowed two; and those with 100 or more allowed only one repeated course for which the original grade may be exempted from the cumulative grade point average.

The repeat exemptions will be automatically applied to courses as they are repeated up to the allowed number of repeat exemptions. Receiving a grade of N or U in a repeated course will not replace a previous attempt's grade, but will utilize one of the repeat exemptions.

The Permanent Record and Transcripts of Record

A permanent record of each student's courses, credits, and grades earned is maintained in the Records Office. Transcripts are provided, upon written request of the student. Transcripts are withheld from those students and former students who have unpaid accounts with the University.

Grade Reports

At the end of each semester and summer term, students may access their final grades via a toll-free telephone number or via the Internet. Students will have access to grades 24 hours a day for at least 24 days. Copies of grades may be printed from the Internet or be obtained from the Registration Office. All errors found on a grade report must be reported to the Registration Office. If no error is reported within 30 days of issuance, it is assumed the report is correct and each entry becomes a part of the student's permanent record.
Programs for Superior Students - Honors Program

Honors Mission Statement. Honors at Winthrop University seeks to encourage and enhance the intellectual growth of students through a program of small enrollment courses taught by high-quality faculty who prompt active student participation and interaction. The program seeks to capture the imagination and to foster the joy of learning by constructing a challenging, personalized learning environment that

1) facilitates the development of analytic problem-solving skills,
2) promotes both independent and cooperative learning along with presentation skills,
3) integrates knowledge across traditional course and discipline boundaries, and
4) enriches learning opportunities through multicultural and international studies.

The Honors Program provides an opportunity for freshmen to participate in Honors courses the first semester of their freshman year. Outstanding students from all majors are invited to participate in this challenging and innovative environment. Centered around the idea of course “clusters” consisting of thematically integrated classes enrolling the same students, the Honors Program offers a special content for accelerated learning, personal growth and enrichment while at the same time meeting Winthrop’s general education requirements. During the first semester, students share learning experiences with exceptional faculty by choosing from clusters which include a wide range of courses often taught as seminars. Faculty participating in the Honors Program encourage independent thinking and express a particular interest in mentoring their students. In addition to receiving high quality instruction in small classes, students in the Honors Program exchange ideas outside the classroom setting through extradisciplinary learning experiences, such as sessions with invited speakers and informal social gatherings.

After the first semester and the attainment of a GPA of 3.0 at Winthrop, students are invited to take Honors Program courses through a variety of settings including seminars, independent directed study, interdisciplinary courses, senior theses and a selection of one credit intensive symposia centered on great works or current events. Within the context of the following guidelines, the individual’s course program is constructed by the student with the consultation of his/her advisor. For graduation with an honors degree, the plan must receive the approval of the Honors Director and the Honors Committee.

Requirements for Honors Degree

A student will attain a degree with Honors through satisfactorily completing 23 hours of course work in honors while maintaining a 3.0 GPA based on his/her total course work. Honors courses must be completed with a B or better to be accepted as honors credit. The following requirements must be adhered to:

1. **Major Component**: Twelve hours must be in the student’s major.
2. **Interdisciplinary Component**: Either a freshman honors cluster or a three-hour interdisciplinary seminar must be completed.
3. **Independent Study Component**: A senior thesis/project must be completed in the student’s major.
4. **Cultural Component**: Two one-hour symposia must be completed.
5. **Construction of course plan**: The student’s course plan should be designed with the help of an advisor and filed with the Honors Office at the beginning of the junior year. For graduation with an honors degree, the plan must receive the approval of the Honors Director and the Honors Committee.
**ACADEMIC REGULATIONS**

Courses must be taken both in the major and outside of it. All courses should be chosen from the Honors course offerings lists except on the specific and individual recommendation of the advisor and appropriate department within the student's course plan. Contact the Honors Office for additional information and course descriptions if they are needed.

**Sample Timetables:**
- **Freshman:** One Freshman Honors cluster, one major (6/9 hrs.)
- **Sophomore:** One symposium, two general education, one major (10 hrs.)
- **Junior:** One major (3 hrs)
- **Senior:** One symposium, senior project (4 hrs)
- **Freshman:** One major, one general education (6 hrs.)
- **Sophomore:** Two gen. ed., one major (9 hrs.)
- **Junior:** One major, one symposium (4 hrs.)
- **Senior:** One symposium, senior project (4 hrs.)

**Degree With Recognition - Transfer Students**
Transfer students to Winthrop can pursue an Honors Degree or a degree with recognition. If the student has participated in an Honors program at an accredited four-year college or university, they are encouraged to continue in the Winthrop Honors Program. These students may receive Honors credit for Honors study completed at the other institution. Upon approval of the Honors Director, students who transfer to Winthrop as sophomores may receive up to six hours of Honors credit for such work. Students transferring as juniors may receive up to nine hours of Honors credit, and senior transfer students may receive up to twelve hours of Honors credit.

Upon occasion, a student comes to Winthrop as a transfer student with no previous Honors hours and a minimum number of hours left to earn the degree. Such students may opt to pursue a degree with recognition. The degree with recognition program is restricted to transfer students entering with and maintaining a 3.0 GPA, receiving transfer credit for at least 60 hours, and needing 75 hours or fewer at Winthrop. If more than 75 hours are taken at Winthrop, the student should choose to pursue an Honors Degree.

**Requirements for a Degree with Recognition**
In addition to meeting the eligibility requirements described in the above paragraph, a student will attain a Degree with Recognition through satisfactorily completing 13 hours of course work while maintaining a 3.0 GPA based on his/her total course work. Honors courses must be completed with a B or better to be accepted as honors credit. The following requirements must be adhered to:

1. **Major Component:** 6 hours must be in the student's major.
2. **Interdisciplinary Component:** 3 hours must be outside the student's major.
3. **Independent Study Component:** A senior thesis/project must be completed in the student's major.
4. **Cultural Component:** One one-hour symposium must be completed.
5. **Construction of a course plan:** The student's course plan should be designed with the help of an advisor and filed with the Honors Office as soon as possible. For graduation with a degree with recognition, the plan must receive the approval of the Honors Director and the Honors Committee.

For more information, contact Dr. Kathy Lyon, (803) 323-2320 or 2635.
Academic Honors

President's List. Each undergraduate student who completes a minimum of 12 semester hours of courses taken on a letter-grade basis during the fall or spring semester and earns a grade-point average of 4.00 is eligible for the President's List for that semester.

Dean's List. Each undergraduate student who completes a minimum of 12 semester hours of courses taken on a letter-grade basis during the fall or spring semester and earns a grade-point average of at least 3.50 is eligible for the Dean's List for that semester.

Honor Graduates. Any undergraduate student who completes degree requirements with a final grade-point average of 3.50 to 3.74 shall be granted a diploma cum laude; any undergraduate student who completes degree requirements with a final grade-point average of 3.75 to 3.89 shall be granted a diploma magna cum laude; any undergraduate student who completes degree requirements with a final grade-point average of 3.90 or higher shall be granted a diploma summa cum laude. The required GPA for graduating with honors is computed on all course work taken, including courses taken at other institutions, or courses lost due to utilization of academic forgiveness.

Any undergraduate student who completes degree requirements with a final grade point average of 3.75 and earned a minimum of 48 quality hours (earned hours on a regular letter grade basis) at Winthrop University will receive Honors Recognition.

Choice of Catalog

A regular undergraduate student may obtain a degree in accordance with the requirements set forth in the catalog in force at the time of the student's initial enrollment as a regular undergraduate student at Winthrop, provided that the student has not been absent from active enrollment for a continuous period of twelve months or more; or the student may elect to obtain a degree in accordance with the requirements of any catalog issued after the initial enrollment, provided the student was enrolled as a regular undergraduate student in Winthrop at the time the catalog was issued and has not subsequently been absent from active enrollment for a continuous period of 12 months or more. When a student has been absent for a period of 12 months or more, he or she must fulfill the requirements of the catalog in force at the time of re-enrollment or a subsequent catalog in force during enrollments. In all cases, a student is restricted in choice to the requirements of a specific catalog and must graduate within a period of eight years from the date the catalog was issued to claim the rights of that catalog.

If any course required in the catalog specified is not offered after the student specifying the catalog has accumulated 87 semester hours, the University reserves the right to substitute another course. In all cases, if a course has been officially dropped from the course offerings, the University provides a substitute course.
ACADEMIC REGULATIONS

Change of Degree or Program of Study
A student may change from one degree program or area of academic concentration to another, provided the prerequisites for admission to the new program are met and appropriate written approval is obtained.

Undergraduate Degree Requirement Audit
Students should request a Degree Requirement Audit through the appropriate Academic Advisement Office immediately following the semester in which the student earns 70 hours. Each student must have a signed Degree Requirement Audit in effect and on file in the Records Office prior to receiving a diploma from Winthrop.

The Degree Requirement Audit is prepared by a student’s college and states the remaining graduation requirements for the student’s chosen degree program. Once the audit has been approved by the Records Office and signed by the student, it provides the student and the institution with a written understanding of the student’s remaining requirements.

If a student is not enrolled at Winthrop for one calendar year, the audit is void.

Application for Graduation
During the second semester of the junior year, students should file an Application for Graduation in the Records Office. Upon receipt of the application, a review of the student’s record is performed to verify the remaining requirements. The Application for Graduation also serves as the order for the student’s diploma and notifies the Registrar of the student’s planned graduation date.

Failure to file an application as specified above will result in a late fee. If the application is filed during the first four weeks of the final semester a $10 penalty is assessed; filing any later requires a $20 late fee.

Awarding Degrees and Commencement Exercises
Degrees are awarded three times a year, at the end of each Fall and Spring semester and at the end of the summer session. Commencement exercises are held only twice a year, in December and in May. The program for the December commencement lists the names of all students who completed degrees during the preceding summer session, as well as those who completed degrees during the Fall semester. The program for the May commencement lists the names of those students who completed degrees during the Spring semester.

Students who complete degrees during the Fall and Spring semesters and desire to graduate in absentia should submit a written notification to the Records Office as soon as they know they are not attending commencement exercises.

DEGREE REQUIREMENTS

Each student is responsible for meeting requirements for graduation as stated in the University Catalog. An advisor is available for counsel, but the responsibility remains with the student.

The baccalaureate degrees require the completion of a minimum of 124 semester hours of credit, including all courses required in the specified degree program, with a final grade-point average of 2.00 or better on all courses which are taken on a letter-grade basis at Winthrop University. Students must also achieve a 2.00 GPA in courses counted toward the major and minor programs. Some degree programs have more stringent GPA requirements. See degree program listings for specific requirements.

Of those semester hours required for the baccalaureate degree, a minimum of 40 semester hours must be in courses numbered above 299, and 59 semester hours must be distributed in accordance with the General Education Distribution Requirements.

Not more than 36 semester hours in any one subject may be applied toward a Bachelor of Arts degree.

All baccalaureate degree programs at Winthrop University require the successful completion of the Undergraduate Writing Composition requirement. (See Writing Composition Requirement.)

A student not majoring in Business Administration may take for the baccalaureate degree, a maximum of 30 semester hours of credit in the College of Business Administration. Programs permitting more than 30 semester hours of such courses must be approved by the Dean of the College of Business Administration.

Each program leading to the Bachelor of Arts degree requires the completion of a minor in addition to the major program. Students must achieve a 2.00 grade-point average in courses counted toward the minor. Students may fulfill the minor requirements with one or more minors of their own choosing (see section on minors for the comprehensive list of minors and the specific requirements for each minor) or a second major. Students in Bachelor of Science degree programs may elect to complete a minor. The minimum number of semester hours required for a minor is 15, at least 6 of which must be in courses above 299. Minors are recorded on the permanent record.

Students may elect a second major. When doing so, students must indicate which college they wish to have advise them, and it shall be the student's responsibility to ascertain whether the appropriate requirements have been met in both majors. The second major shall be recorded on the permanent record in lieu of, or in addition to, a minor. It should be noted that a double major will not by itself lead to the conferral of a second degree (see Second Baccalaureate Degree).

Residence Requirements

There are four basic residence requirements:

1. A minimum of 31 semester hours of course credits must be taken in residence at Winthrop University within five calendar years preceding the date the degree is granted.
2. A minimum of 21 of the final 31 hours required for the degree must be taken in residence at Winthrop University exclusive of CLEP credit. However, a minimum of 15 is required if the student participates in a recognized exchange program at Winthrop University. This exception will require the approval of the Winthrop director of the exchange program, the head of the student's department and the director of student services in the college of the student's major.
3. When part of the final 31 hours is taken in another institution, the student must have taken a minimum of 30 semester hours at Winthrop prior to taking the final 31 hours. The institution and the course taken
must be satisfactory to the student's advisor and to the dean of the college.
4. A minimum of 12 semester hours of course credits must be taken in residence at Winthrop in the major discipline(s).

In meeting the residence requirements, credits earned during the Winthrop summer session are counted on the same basis as credits earned in the fall and spring semesters.

In addition to the basic residence requirements for all Winthrop undergraduate degrees, all undergraduate degree programs in the College of Business Administration require that the final 31 hours required for the degree must be taken in residence at Winthrop.

**Course Level Requirement**

For graduation with a baccalaureate degree a student must present a minimum of 40 semester hours in courses numbered above 299 (48 semester hours above 299 in programs offered by the College of Business Administration).

**Final Grade-Point Average**

A final cumulative grade-point average of 2.00 or better is required for graduation. The final grade-point average is based on the hours and quality points earned for all courses taken on a letter-grade basis at Winthrop.

**Writing Composition Requirement**

Beginning students should enroll in WRIT 101 during their first semester at Winthrop University and should complete WRIT 101 and 102 early in their academic careers. Students who do not pass both courses by the time they have completed 60 gross hours will be limited to a maximum course load of 12 hours per semester and will not be permitted to enroll in courses above 299 until they have satisfied the writing requirement.

**Critical Issues Symposium**

The Critical Issues Symposium (CISM) is required for entering freshmen. It is designed to develop critical reasoning and small group discussion skills and to introduce students to differing perspectives on major contemporary issues. CISM 101 carries one hour of credit. Classes meet twice a week in small groups. CISM 102 is a continuation of CISM 101 and is open only to those students who need the course for graduation (freshmen entering prior to 1991/92).

**Cultural Events Requirement**

By graduation, each undergraduate student is required to attend three cultural events for every 20 hours completed at Winthrop University, not to exceed 18 cultural events. The purpose of the cultural events requirement is to establish and foster a life-enriching pattern of cultural involvement.

Each semester a calendar of on-campus events which have been approved as fulfilling the cultural events requirement is published. This calendar will have events added over the course of the semester. Events that are selected will be chosen from areas that are related to the arts such as plays, concerts, films, art shows and dance performances or from lectures of universal appeal. Lectures that are included on the cultural events calendar are selected on the basis of the speaker's reputation and ability to generate new ideas and discussion on topics of universal significance.

Students may fulfill this requirement through any one of the following three methods or a combination of these methods:

1. Attend approved on-campus events. To receive credit the student must
be scanned both in and out of the event.

2. Petition for credit for attendance at an event off-campus. This option requires a petition form (available from the Cultural Events Office, the Registration Office or the Winthrop Web Site), proof of attendance (ticket stub or program), and a one-page typewritten report.

3. Present a portfolio of culturally related life experiences. All experiences cited must be post-high school and prior to matriculation at Winthrop University. This option is designed for the non-traditional student with extensive cultural experiences.

For more detailed information regarding the Cultural Events Requirement and/or these three options, contact the Cultural Events Office (112 McLaurin).

**General Education Distribution Requirements**

All candidates for a baccalaureate degree shall complete the General Education Distribution Requirements. Although these requirements usually take the form of individual courses, students should integrate their learning experiences from different courses taken at different times and should assimilate common concepts taught in different disciplines. Students should conduct all activities in an ethical manner and work with integrity and honesty toward the following goals:

**Goal One:** To communicate clearly and effectively in Standard English.

To achieve this goal, students should:
1. Read, write, and speak standard English;
2. Analyze written, spoken, and nonverbal messages from a variety of disciplines; and
3. Understand and practice rhetorical techniques and styles by writing and by giving oral presentations.

**Goal Two:** To acquire and appreciate quantitative skills.

To achieve this goal, students should:
1. Solve mathematical problems of the type necessary for living in today's and tomorrow's world,
2. Make valid inferences from data,
3. Understand that quantitative analysis is important to almost every endeavor of humankind, and
4. Understand the concept and application of quantitative relationships.

**Goal Three:** To use critical thinking, problem-solving skills and a variety of research methods.

To achieve this goal, students should:
1. Identify sound and unsound reasoning,
2. Analyze and use a variety of information gathering techniques,
3. Conduct independent research,
4. Use computers competently, and
5. Use the library and other information sources competently.

**Goal Four:** To recognize and appreciate human diversity (both past and present) as well as the diversity of ideas, institutions, philosophies, moral codes, and ethical principles.

To achieve this goal, students should:
1. Analyze diverse world cultures, societies, languages, historical periods, and artistic expressions;
2. Understand cultures in their own terms and in terms of such factors as class, race, gender, heredity, language, religion, and economic
status; and
3. Understand the nature of social and cultural conflict and methods of resolution.

Goal Five: **To understand scientific knowledge in terms of its methods or acquisition, its specific quantitative nature, and its dynamic and contingent character.**
To achieve this goal, students should:
1. Study areas of science that affect everyday life;
2. Identify and develop hypotheses, design studies, and collect data in light of these hypotheses;
3. Take accurate measurements and make detailed observations to reach valid empirical conclusions; and
4. Understand how scientific theories change over time.

Goal Six: **To understand aesthetic values, the creative process, and the interconnectedness of the literary, visual, and performing arts throughout the history of civilization.**
To achieve this goal, students should:
1. Participate in and/or observe a variety of artistic expressions,
2. Study the discipline and techniques involved in artistic creations, and
3. Understand how and why people use artistic forms.

Goal Seven: **To examine values, attitudes, beliefs, and habits which define the nature and quality of life.**
To achieve this goal, students should:
1. Reflect on the role played in their lives by school, work, leisure, and community involvement;
2. Examine problems, issues, and choices that confront citizens of the world;
3. Pursue basic principles of wellness;
4. Take responsibility for the consequences of their actions and choices; and
5. Articulate and assess their personal ethical principles.

Of the hours required for a baccalaureate degree, 59 must be distributed in accordance with the General Education Distribution Requirements:

International Understanding Requirements for Foreign Students

A student classified as a national of any non-English speaking nation may meet the International Understanding Requirement by taking an appropriate number of hours in English. Foreign students who are admitted with junior standing after evaluation of their academic records may be excused from some part of the total International Understanding Requirement but must earn no less than 6 semester hours of credit in English courses at a level acceptable to the academic advisor and to the Dean of the College of Arts and Sciences.

Foreign Language Credit

Students in Arts and Sciences, who are not language majors, and have completed the 101-102 sequence in any language, and students in other colleges that do not have a language requirement may receive credit for the 101 course in a language without completing the 102 course in the same language. Modern Language majors must satisfy the 30-hour requirement in the major and the one-year requirement in a second language before they can receive credit for the 101 course without the 102 course in the same language.

Extension and Correspondence Credit

A maximum of 30 semester hours in correspondence courses may be accepted as partial fulfillment of the requirements for baccalaureate degrees, not more than 12 semester hours of which may be in any one subject. The institution and the courses taken must be satisfactory to the dean of the student's college. The student must have a grade of C or above on correspondence credit accepted. Grades on correspondence courses are not used in computing a student's grade-point average.

Second Baccalaureate Degree

A graduate of the University may receive a second baccalaureate degree if it is in a different major by fulfilling the following conditions:
1. Meet all the requirements for the second degree.*
2. Complete a minimum of 30 hours in residence beyond requirements for the first degree.

*The dean of the appropriate college will determine the courses required to complete the second degree.
THE COLLEGE OF ARTS and SCIENCES

Betsy E. Brown, Dean
Sarah F. Stallings, Associate Dean

Undergraduate Degree Programs and Requirements

The College of Arts and Sciences provides educational opportunities for students to gain knowledge, insights and skills in order to grow more sensitive to the significance of the human heritage, to participate and contribute knowledgeably and effectively as citizens, and to lead rewarding, productive and enriched lives within the contemporary world.

Providing the liberal arts foundation for all Winthrop University students, the College of Arts and Sciences offers a broad spectrum of general education courses so undergraduate students may be afforded the central core of knowledge enjoyed by well-educated citizenry.

Some of the degree programs in Arts and Sciences prepare majors directly for professional employment; others prepare them for admission to professional and graduate schools; others combined with an appropriate minor from Arts and Sciences or one of the professional schools provide a valuable basis for a career.

The College of Arts and Sciences offers the Bachelor of Arts, the Bachelor of Science, the Bachelor of Social Work, the Master of Arts, Master of Liberal Arts, Master of Mathematics, the Master of Science and the Specialist in School Psychology degrees with the following majors:

**Bachelor of Arts Degree:** English, general communication disorders, history, mass communication, mathematics, modern languages, philosophy and religion, political science, psychology and sociology.

**Bachelor of Science Degree:** biology, chemistry, human nutrition, integrated marketing communication, mathematics, medical technology, and science communication.

**Bachelor of Social Work Degree:** social work.

**Master of Arts Degree:** English, history, and Spanish.

**Master of Liberal Arts Degree:** liberal arts.

**Master of Mathematics Degree:** mathematics.

**Master of Science Degree:** biology, human nutrition, and school psychology.

**Specialist in School Psychology Degree:** school psychology.

Minors are offered through the College of Arts and Sciences in African-American studies, anthropology, biology, chemistry, English, French, general science, geography, geology, German, gerontology, history, human nutrition, international area studies, mass communication, mathematics, philosophy, philosophy and religion, physics, political science, psychology, secondary education, social sciences, social welfare, sociology, Spanish, speech, women’s studies, and writing. See the section on Minors for requirements.

Winthrop’s undergraduate program in human nutrition is approved by the Commission on Accreditation/Approval for Dietetics Education of the American Dietetic Association. The Bachelor of Social Work program is accredited by the Council on Social Work Education.
Pre-major Advising Center

Students who do not declare a major are assigned to an advisor in the Pre-major Advising Center. Advising is provided by faculty members representing a variety of academic departments, who are trained to resolve issues that pre-majors tend to encounter. The Pre-major Advising Center is located in 106 Kinard.

Pre-College Credit, Distance Learning and Dual Credit

Qualified high school students may enroll for university courses at Winthrop during the regular academic year or summer session. Distance learning courses are offered to area high school students for college credit. To qualify, students must be recommended by their high school counselor or principal. Credit earned can count towards a high school diploma and for college credit at Winthrop; this dual credit option is limited to secondary schools with which Winthrop has dual credit agreements.

College of Arts and Sciences Requirements

Foreign Language Requirements: All candidates for BA and BS degrees in the College of Arts and Sciences must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing a foreign language course numbered 102 or any foreign language course with 102 as a prerequisite. A maximum of three semester hours of foreign language courses may be applied to AREA I (c) and a maximum of three semester hours of foreign language courses may be applied to AREA V of the Winthrop University General Education Distribution requirements. International students with a non-English language as their primary language can petition the College of Arts and Sciences Curriculum Committee for possible exemption from the foreign language requirement.

Students may receive credit for one semester of a language under the following specified conditions:

1. Students in Arts and Sciences, who are not language majors, who have completed the 101-102 sequence in any language and have thus satisfied their language requirement can receive credit for the 101 in subsequent languages without being required to complete the 102 courses in those languages.

2. Modern language majors who satisfy the thirty-hour requirement in the major language (French or Spanish) and their one year requirement in a second language, can take and receive credit for the 101 course in subsequent languages without being required to complete the 102 courses in those languages.

3. Students in the other colleges who do not have a language requirement at present can also receive credit for any 101 courses without completing the 102 courses in those languages (with the approval of the respective college). However, if those students changed majors to Arts and Sciences, they would, be required to meet criteria in items 1 or 2 above.

Laboratory Science Requirement: The College of Arts and Sciences requires that all students complete at least one laboratory science course as part of the Winthrop University General Education Distribution requirements for AREA II-Natural Sciences.
Grade Point Average (GPA) Requirement: A minimum cumulative grade-point average of 2.0 is required for all courses taken at Winthrop, as well as for all courses counted toward the major program. All students pursuing degrees which require a minor must achieve a cumulative GPA average of at least 2.0 in courses counted toward the minor.

B.A. Degree Requirements: All B.A. degree programs require that students complete a minor. Not more than 36 semester hours in any one subject designator may apply to a Bachelor of Arts Degree.

B.S. Degree Requirements: Although not required, students enrolled in B.S. degree programs (except Integrated Marketing Communication) may complete a minor. In such cases, students may use courses required in the major to satisfy minor requirements.

Teacher Licensure: All students seeking licensure in the following areas: biology, chemistry, English, French, history, mathematics, comprehensive social studies*, and Spanish must meet all requirements for admission to and completion of the Teacher Education Program and its core curriculum. All phase-in information as explained in the College of Education section of this Catalog will be applicable.

In order to be formally admitted into the teacher education program, the student must meet the admission requirements in the College of Education. (See section on College of Education Admission Requirements.)

*Majors appropriate for social studies certification are history and political science. A copy of the programs for each of the areas listed is with the major programs in this section of the catalog.

## Bachelor of Science in Biology

The biology major is frequently chosen by students with career interests related to medicine, environmental science, biological research and teaching, and secondary education in the sciences. Qualified Winthrop students in biology are accepted for postgraduate study in many fields, including medicine, dentistry, veterinary medicine, physical therapy, physiology, microbiology, ecology, environmental science, botany, zoology, and medical technology.

Students majoring in biology should take BIOL 204 and 205 or 206, CHEM 105-106 and 107-108 and a MATH elective in the freshman year. Students are required to take at least one 500-level course in Biology.

This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of 3 semester hours of foreign language courses may be applied to Area I and a maximum of 3 semester hours may be applied to Area V of the Winthrop University General Education Distribution requirements.

The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 67 semester hours of the required program. The student must complete a minimum of 12 semester hours of BIOL courses in residence at Winthrop University.

Within the 124 semester hours required for this degree, the student must include a minimum of 40 semester hours in courses numbered above 299 and complete PLSC 201 or ECON 103 or HIST 211 and 212.

No more than 3 semester hours of credit may be awarded toward a degree in Biology for a student completing any combination of BIOL 461, 463 and 340 A, B, C.

**Bachelor of Science in Medical Technology**

Program Director: Dr. John Dillé

The program in medical technology requires 92 semester hours of undergraduate courses at Winthrop, followed by completion of a hospital program accredited by the National Accrediting Agency for Clinical Laboratory Sciences. Admission to a hospital program depends upon the separate action of the hospital's admission committee. Upon being admitted to a hospital program, the student must secure approval of the program from the Dean of the College of Arts and Sciences; also a form, available from the Medical Technology Educational Coordinator, must be filed with the Registrar. Upon completion of the hospital program, the student must have a transcript of this work sent to the Records Office and apply to that office for the diploma.

A maximum of 3 semester hours of foreign language courses may be applied to Area I and a maximum of 3 semester hours may be applied to Area V of the Winthrop University General Education Distribution requirements.

Satisfactory completion of an approved hospital program provides the 32 upper-level additional credits for graduation. The student must attain a cumulative grade-point average of 2.50 in courses taken at Winthrop and included in the 92 semester hours of the required program. (Most hospitals require a 3.00 cumulative GPA for acceptance into the clinical year experience at the hospital.) The student must complete a minimum of 12 semester hours of BIOL and/or CHEM courses in residence at Winthrop University.

Within the 92 hours of preclinical study, the student must complete PLSC 201 or ECON 103 or HIST 211 and 212. Although Winthrop University is formally affiliated with the schools of medical technology of Carolinas Medical Center in Charlotte, N.C., McLeod Regional Medical Center in Florence, S.C. and the Baptist Medical Center in Columbia, S.C., students may apply to any NAACLS accredited hospital program in the U.S. Although specific admission requirements vary among accredited hospitals, students are normally required to have a cumulative grade-point average of at least 3.00 for acceptance into the hospital program.
Cultural Events Requirement

By graduation, each undergraduate student is required to attend three cultural events for every 20 hours completed at Winthrop University, not to exceed 18 cultural events. The purpose of the cultural events requirement is to establish and foster a life enriching pattern of cultural involvement. Normally, this would be **15 cultural events for the 3 + 1 program.**

Bachelor of Science in Chemistry

Students major in chemistry to pursue industrial or graduate opportunities in medicine, environmental science, computational molecular modeling, forensics, plastics, chemistry, textiles, health sciences, materials science, energy production, biotechnology, chemical engineering, pharmaceutical sciences, ceramics, environmental engineering or toxicology. Chemists represent the largest group of industrial scientists in the U.S.; approximately 50% of all research and development positions in this country are filled by professionals with chemistry or chemical engineering backgrounds.

Students majoring in chemistry are required to complete a core of courses—six hours of calculus, eight hours of physics and 28 hours of chemistry—as well as one of two programs of study. The American Chemical Society (ACS) program of study focuses nearly entirely on chemistry. The Multidisciplinary program of study requires eight more hours of chemistry in addition to 18 hours (15 of which must be above the 299 level) in chemistry or related science/math disciplines. The latter program of study provides students with increased opportunities to enter multidisciplinary fields such as medicine, pharmaceutical sciences, molecular modeling, environmental science, biotechnology and materials science.

Premedical Program with a Bachelor of Science in Chemistry

Students who wish to prepare for application to medical school should acquire a broad foundation in the natural sciences, mathematics, humanities and the social sciences. Chemistry is a popular major for such students since it allows them to complete the premed requirements without taking a large number of courses outside the major. In addition, the percentage of chemistry majors applying and being accepted to medical
COLLEGE OF ARTS & SCIENCES - CHEMISTRY

School is higher than observed for most other majors. Medical schools generally require two semesters of each of the following courses:

- Inorganic Chemistry
- Organic Chemistry
- General Biology
- Physics
- Mathematics
- English Composition and Literature

(Biochemistry, anatomy and physiology, genetics and microbiology are strongly recommended.) All of the courses listed above can be used to fulfill requirements necessary for a major in chemistry.

*Students completing the required program for the B.A in English must demonstrate proficiency in a foreign language at or above the third semester college level. This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing any foreign language course numbered 201 or any course with 201 as a prerequisite.

**Within Areas III, IV and/or V, teacher education students must select one course from Global Perspectives and one course from Multicultural Perspectives. Consult Schedule of Courses for current approved list.

In addition to major requirements, students must meet requirements for the teacher licensure program which include successfully meeting the admission requirements. For information on admission to the program, consult the College of Education section of the catalog.

The PRAXIS II Series is required prior to graduation: 1) Subject Assessment/Specialty Area Test and 2) Principles of Learning and Teaching (PLT) Tests.
The student must attain a cumulative grade-point average of 2.75 or better in courses taken at Winthrop and a minimum of 2.0 in the 37 semester hours of the required program. The student must complete a minimum of 12 semester hours of ENGL courses in residence at Winthrop University.

Within the 124 semester hours required for the BA degree, the student must include a minimum of 40 hours in courses numbered above 299 and complete PLSC 201 or ECON 103 or HIST 211 and 212.

No more than three hours of Cooperative Education Experience or Academic Internship or a combination of the two can count toward the major in English.

Bachelor of Science in Science Communication

This degree is designed to prepare students for careers in writing and reporting on scientific and technical subjects for the popular press and in-house industry publications. Students will be trained to write technical reports, user manuals, software documentation, technical descriptions and explanations and similar materials for business and industry. They will also receive training in the use of photographic equipment, in visual media and in computer word processing.

History majors are strongly advised not to take history courses on the 300 or 500 level prior to the semester they register for HIST 500 (Historical Methodology). Such courses may, however, be taken concurrently with HIST 500. The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 30 semester hours of the required program. The student must complete a minimum of 12 semester hours of HIST courses in residence at Winthrop University.

In addition to the 30 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299.

No more than three hours of Cooperative Education Experience can count toward the major.

Students desiring licensure as teachers of social studies should consult the specific program requirements listed in the next section, or the B.A. in political science, or the B.A. in sociology programs.

Bachelor of Arts in Mass Communication

Students majoring in mass communication are interested in careers in newspaper journalism, broadcast journalism, broadcast production, media management, magazine journalism, public relations, advertising or business journalism.

By the time of graduation, mass communication graduates are expected to be able to gather, organize and process information; conduct interviews; write in professional style to a professional level of competence; and edit and produce, either in printed or broadcast form; all while meeting standards of professional ethics.

Students are required to earn a “C” or better in each required course in the major as well as to earn at least a 2.0 GPA in the major.

Students are required to type all written assignments and must furnish their own typewriters or word processors. Keyboard proficiency is required for MCOM 241 and is tested each semester before registration. Students who fail the test must wait until the following semester to take the test again and are advised to take a course involving keyboard use before attempting the proficiency test again.

The mass communication major is limited to 34 hours of MCOM courses. Students who exceed 34 hours in MCOM will not be allowed to apply those additional hours toward the required degree program. [Note: Students may take a maximum of 36 hours of MCOM courses if one of those courses is MCOM 101 or 302 or 350 or 410, as approved by the Accrediting Council in Education in Journalism and Mass Communications. Exempt courses are periodically reviewed by ACEJMC and are subject to change. Consult the department chair for current exempted courses.]

Students are expected to complete courses in the major in numerical order. For example, MCOM 205, 241, 333, 342, 410, 412, 441.

At least 21 semester hours of the major must be completed at Winthrop University. A maximum of 12 semester hours may be transferred into the major from another accredited institution; additional transfer hours in journalism or mass communication will not apply toward the degree. MCOM 241 and 342 must be taken at Winthrop. A B or better in WRIT 101 is required for admission to MCOM 241.

Students must complete at least 65 hours in the basic liberal arts and sciences.

*Students completing the required program for the B.A. degree in Mass Communication must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of 3 semester hours of foreign language courses may be applied to Area I and a maximum of 3 semester hours may be applied to Area V of the Winthrop University General Education Distribution requirements.

The student must complete a minimum of 21 semester hours of MCOM courses in residence at Winthrop University.
In addition to the 48-56 semester hours of the required program, the student must select and complete a minor or a second major, attaining no less than a 2.0 GPA in the minor or second major. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299 and complete PLSC 201 or ECON 103 or HIST 211 and 212. The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 48-56 semester hours of the required program.

Bachelor of Science in Integrated Marketing Communication

Students majoring in integrated marketing communication are interested in careers in the various communication professions that support the marketing of products and services to consumers and business organizations, including advertising, public relations, integrated marketing communication and corporate communication.

By the time of graduation, integrated marketing communication graduates are expected to be able to gather, organize and process information and data, conduct interviews, write in professional style to a professional level of competence, and produce marketing communication messages and materials in printed, electronic or multimedia form, all while meeting standards of professional ethics.

Students are required to earn a “C” or better in each course in IMCO, MCOM,
MGMT and MKTG.

Keyboard proficiency is required for MCOM 241.

The integrated marketing communication major is limited to 34 hours of MCOM and IMCO courses and 30 hours of business administration courses. Students who exceed these maxima will not be allowed to apply those additional hours toward the required degree program.

Students are expected to complete courses in the major in the prescribed order. Assigned academic advisors should be consulted regarding course selection and sequencing.

At least 35 semester hours of the 47 required hours in mass communication and business administration must be completed at Winthrop University. A maximum of 12 semester hours may be transferred into the major from other accredited institutions; additional transfer hours in journalism, mass communication, marketing and management will not apply toward the major and will not apply toward the degree if they exceed the maxima of 34 hours in MCOM and IMCO or 30 hours in business administration.

Students must complete at least 65 hours in the basic liberal arts and sciences.

This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of 3 semester hours of foreign language courses may be applied to Area I and a maximum of 3 semester hours may be applied to Area V of the Winthrop University General Education Distribution requirements.

The student must complete a minimum of 35 hours of courses in the major in residence at Winthrop University.

Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours numbered above 299 and complete PLSC 201 or ECON 103 or HIST 211 and 212. The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 47-49 semester hours of the required program.

Bachelor of Arts in Modern Languages

The Department of Modern and Classical Languages offers a BA in Modern Languages with two specializations, Spanish and French.

Students majoring in foreign language have gone on to graduate school in advanced language study or international business, have entered the teaching profession, or have obtained positions in translation services and bilingual capacities in business and industry and in travel agencies.

The beginning courses (101-102), or the equivalent, are prerequisites for all other courses; however, they may not be applied toward fulfillment of the required program in any language. They may be applied to the six hours required in the second language and will be applied as part of the 42-43 hours of elective credit available.

*Note: A maximum of 3 semester hours of foreign language courses may be applied to Area I and Area V of the Winthrop University General Education Requirements as restricted by the College of Arts and Sciences General Education Requirements.

The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 36 hours of the required program.

A competency exam on the basic skills may be administered to all majors, minors and any interested students after completion of the intermediate sequence (201, 202, 250). The exam is diagnostic and remedial work, if needed, will be recommended.

Students should enroll for 499 and will be tested individually, after completion of 18 semester hours above 102, no later than the second semester of the junior year, and before enrollment in any 500-level course. Remedial work, if needed, will be recommended. A grade of S is required for graduation.

The student must complete a minimum of 12 semester hours in the major in residence at Winthrop University.

In addition to the 36 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299 and complete PLSC 201 or ECON 103 or HIST 211 and 212.

Bachelor of Arts in Philosophy and Religion

The study of Philosophy and Religion develops the skills of critical analysis at the most fundamental levels of human understanding. Students trained in philosophy and religion have pursued careers in teaching, ministry, law, medicine, management, publishing, sales, criminal justice and other fields.

Students may concentrate in either subject depending on career goals. Those planning graduate study in philosophy or seminary would select the appropriate concentration.

The major program requires a total of 28 semester hours, including a required program of 13 hours and selection of 15 hours from one of three tracks.

**Bachelor of Arts in Political Science**

The study of political science provides students with an understanding of politics, law, international relations, government and public administration. Recent graduates have gone to work for local, state and national organizations as well as the United Nations. A large percentage of our graduates go to graduate or law school.

PRE-PROFESSIONAL PROGRAMS
Winthrop offers programs which prepare students for professional study in a variety of fields. Some of these are degree programs preliminary to advanced study in such disciplines as engineering, medicine, nursing, dentistry and law. A Winthrop faculty advisor will help students plan their studies to meet the requirements of several professional schools.

Pre-Engineering
Advisor: Dr. Mesgun Sebhatu

Clemson University
Winthrop University and Clemson University are in the process of developing two programs: a pre-engineering and a dual degree program. The dual degree program permits completion of degree requirements for a BA or BS from Winthrop and a Bachelor of Science degree in Engineering from Clemson. For more information, contact the Pre-Engineering advisor at Winthrop.

University of South Carolina
Winthrop University and the University of South Carolina in Columbia offer a two/two engineering program designed to promote joint science and engineering programs for undergraduates. The typical student will complete at Winthrop, in the first two years, the program listed below, then transfer to the College of Engineering at the University of South Carolina for the final two years. Successful students will then receive the Bachelor of Science degree in Engineering from Clemson. For more information, contact the Pre-Engineering advisor at Winthrop.

The program shown below meets the recommendations of the USC College of Engineering. It includes engineering courses offered by USC through the VUEE (Videocassette Undergraduate Engineering Education) program, but administered at Winthrop. Credit for these VUEE courses will be awarded by USC. Note that this means that students in this program will be simultaneously admitted to Winthrop and to USC, and hence must pay a partial tuition to USC.

Upon completing the third semester of the program at Winthrop, the typical student will apply for admission to the USC College of Engineering in preparation for transferring there. In order to be assured of such admission, a student must achieve a grade point average of 3.00 or higher in the two-year program at Winthrop. Engineering fields available at USC: Chemical, Civil, Electrical, Computer and Mechanical Engineering. Students who want to transfer to other institutions besides USC need to contact their preferred institution and follow its guidelines. The pre-engineering advisor should be consulted for details.

Prerequisite: Four years of college preparatory mathematics in high school, including trigonometry. Students not meeting this requirement must take appropriate preparatory courses, through Algebra and Trigonometry (MATH 103); normally, the Winthrop Faculty Advisor will recommend the appropriate preparatory work.

**Pre-Medical**

Advisory Committee: Dr. Dwight Dimaculangan, Dr. Kenneth Gregg, Dr. Julian Smith, Dr. James Johnston, Dr. David Rankin, Dr. Julia Baker and Dr. Pat Bossart-Whitaker

Students who wish to prepare for application to medical school should acquire a broad foundation in the natural sciences, mathematics, humanities and the social sciences. Medical schools intentionally limit the absolute requirements for entry to encourage diversity among their applicants. Most medical schools require 6 semester hours each of English and Mathematics, and 8 semester hours each of biology, physics, inorganic chemistry, and organic chemistry. Beyond these requirements, pre-medical students may select any major program they may wish to pursue. The most important requirements for admission to a medical school are at least a B+ average on all science courses taken and a good score on the Medical College Admission Test (MCAT), which is normally taken in the spring or summer before the senior year. It is important that all pre-medical students be advised by a member of the Pre-medical Advisory Committee in order that they will be prepared for the MCAT and the Committee members will know them well. The Pre-medical Advisory Committee prepares recommendations for medical school.

**Pre-Pharmacy**

Advisors: Dr Julia Baker, Dr. Patricia Bossart-Whitaker and Dr. Julian Smith

Students who wish to prepare for application for Pharmacy school should acquire a solid foundation in the chemical and biochemical sciences. The specific requirements for admission to the PharmD program at the Medical University of South Carolina include 8 hours of General Chemistry, 8 hours of Organic Chemistry, 6 hours of Physics, 6 hours of Mathematics (at least 3 of which must be Calculus), 3 hours of Statistics, 8 hours of Biology, 4 hours of Microbiology, 9 hours of Social Sciences, 6 hours of English Composition and Literature and 3 hours of Economics, Psychology and Interpersonal Communication. The most important requirement is that students maintain a B+ average on all science courses.
Pre-Dental and Pre-Veterinary
Advisors: Dr. Julian Smith and Dr. Julia Baker

Students who wish to prepare for application to schools of dentistry or veterinary medicine should acquire a broad foundation in the natural sciences, mathematics, humanities and the social sciences. The specific requirements for admission to the College of Dental Medicine at the Medical University of South Carolina are 8 semester hours of each of the following: inorganic chemistry, organic chemistry, physics, biology, and science electives. In addition, 6 semester hours of English composition and mathematics are required. Other dental schools have similar requirements. At Winthrop, the specific courses that fill these requirements are CHEM 105, 106, 107, 108 and 301, 302, 303, 304; BIOL 204, 206; PHYS 201, 202 or PHYS 211, 212, WRIT 101, 102 and MATH 101, 102 (also 201) if calculus is required. Students interested in dental medicine should seek advice about which science electives would be best. The Dental Admission Test (DAT) must be taken no later than the fall of the senior year. A B+ average in science courses and a good score on the DAT are very important if a student desires to attend a dental school. The requirements for entry into schools of veterinary medicine vary somewhat more than for schools of medicine and dentistry. In general, pre-veterinary students should include the following courses in their studies: two semesters of general inorganic chemistry (CHEM 105, 106, 107, 108) and two semesters of organic chemistry (CHEM 301, 302, 303, 304); two semesters of physics (PHYS 201, 202 or PHYS 211, 212); precalculus mathematics (MATH 101, 102); general zoology (BIOL 206) and general botany (BIOL 205) and two or more suitable electives in biology.

Pre-Nursing
Advisor: Dr. James Johnston

Winthrop University offers students interested in nursing a 2 year curriculum which prepares them for study at a variety of nursing schools. A suggested program is listed below; however, students are responsible for contacting the institution they plan to attend to be certain specific requirements are satisfied.

Typically, students in their first year of the Pre-Nursing program will complete CISM 101, WRIT 101-102, CHEM 105, 106, 107, 108, MATH 140-141, BIOL 204, and PSYC 101.
Other Pre-Professional Health Studies
Advisor: Dr. Ralph Gustafson

Students may prepare themselves for application to programs in other health-related professions, such as optometry and podiatry. Persons interested in these fields should consult the advisor for specific details.

Pre-Law
Advisor: Dr. Tim Boylan

The Association of American Law Schools and the Law School Admission Council do not prescribe a specific major or series of courses as preparation for law school. Although most pre-law students major in the social sciences or humanities, almost any discipline is suitable. More important than the major is the acquisition of thorough intellectual training, including a broad understanding of human institutions as well as analytical and communications skills. Early in their undergraduate careers, students considering law school should meet with the pre-law advisor in the Political Science Department for assistance in planning a suitable course of pre-law study compatible with the student's major subject.

Other Programs
Some students enroll at Winthrop for two to three years and then transfer to institutions offering professional programs in such fields as forestry, hospital administration, laboratory technology, library science, occupational therapy, optometry, pharmacy, physical therapy, public health and radiological technology.

The psychology major is especially useful for students planning careers in teaching, personnel work, guidance and counseling, mental health and rehabilitation. Additionally, many psychology graduates find employment in business and industry. Students majoring in psychology take PSYC 101, 198 and MATH 101 or 140 in their freshman year, and PSYC 303-304, 306 or 307 in their sophomore year, and PSYC 498 in their senior year. Psychology majors must take PSYC 303-304 before enrolling in any other upper-division psychology courses.

Students completing requirements for the BSW will be prepared for beginning generalist social work practice in a wide range of organizations such as child welfare agencies, hospitals, nursing homes, prisons, schools and treatment centers for emotionally disturbed children and adults. The program provides undergraduate education and internship experience for working with individuals, small groups, including the family, organizations and communities. National accreditation by the Council on Social Work Education (CSWE) allows graduates to become full members of the National Association of Social Workers (NASW) and to be eligible to become licensed social workers in states requiring licensing for employment.

A student may apply for status as a social work major at any point. In applying for initial entry into the social work program and recognition as a social work major, the student agrees to abide by the NASW (National Association of Social Workers) Code of Ethics. From that point, continued recognition as a social work major requires that the student's behavior comports to the standards of ethical conduct as spelled out in the Code of Ethics.

Prior to starting the social work intervention sequence - SCWK 431, 432, 433 and 434 - students must formally apply for advanced status. This process includes a written essay on why the student desires to become a professional social worker, a description of how the student has met the requirement for 80 hours of voluntary or paid experience in a human service organization, and a demonstration that the student has at least an overall GPA of 2.00 and 2.20 in all social work courses.

After completing all general education requirements and social work major course requirements through SCWK 434, including passing courses SCWK 200 through SCWK 434 with a grade of C or better and maintaining an overall GPA of 2.00 and 2.20 in social work courses, the student is eligible to apply to enroll in the two courses which make up the final semester of field education. For graduation the student must have maintained an overall GPA of 2.00, 2.20 in all social work courses and have passed all social work courses with a grade of C or better.

The student must complete a minimum of 12 semester hours of SCWK courses in residence at Winthrop University and have a minimum of 40 semester hours in courses numbered above 299. No more than three hours of Cooperative Education Experience can count toward the major.

*Students completing the required program for the B.A. in Sociology must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency examination or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of 3 semester hours may be applied to Area I and a maximum of 3 semester hours may be applied to Area V of the Winthrop University General Education Requirements.

To be admitted into the program as a major, the student must complete SOCL 201 with the grade of C or higher. Transfer students having completed the equivalent of SOCL 201 at another institution must pass a proficiency examination prior to admission into the program.

The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 33 semester hours of the required program. The student must complete a minimum of 12 semester hours of SOCL courses in residence at Winthrop University.

In addition to the 33 semester hours of the required program, the student must select and complete a minor, attaining no less than a 2.0 GPA in the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299 and must complete PLSC 201 or ECON 103 or HIST 211 and 212. Although not specifically required, students are strongly encouraged to take related courses in ANTH, ECON, HIST, MATH, PLSC and PSYC.

No more than three hours of Cooperative Education Experience can count toward the major.

The College of Business Administration

Roger D. Weikle, Dean
Martha C. Spears, Associate Dean

Undergraduate Degree Programs and Requirements.

Two undergraduate programs are offered by the College of Business Administration: the Bachelor of Science in Business Administration and the Bachelor of Science in Computer Science. The baccalaureate degree program in business administration is accredited by AACSB-The International Association for Management Education, and the baccalaureate degree program in computer science is accredited by the Computing Sciences Accreditation Commission (CSAC) of the Computing Sciences Accreditation Board (CSAB). AACSB and CSAB are specialized accrediting bodies recognized by the Council on Recognized Postsecondary Accreditation (CORPA).

Our mission is to provide a quality education to a diverse community of learners through continuous improvement and dedication to excellence in teaching and learning, as well as intellectual contributions and service.

In support of this mission, the College:

1. Provides nationally accredited Business Administration (AACSB) and Computer Science (CSAC/CSAB) programs that are strongly student oriented.
2. Provides undergraduate business administration and computer science degree programs that are excellent in quality, contemporary in design and relevant to dynamic business practices.
3. Provides quality graduate programs that serve the changing needs of businesses and the community.
4. Provides effective teaching that promotes lifelong learning and career development.
5. Provides an environment that promotes faculty/student communication.
6. Fosters an understanding and appreciation of cultural similarities and differences.
7. Conducts and disseminates scholarship in business and computer science.
8. Serves the community and businesses through programs and partnerships that enhance the intellectual and economic quality of the region.

Nine areas of concentration, called options, are available within the Bachelor of Science in Business Administration degree program. These options are accounting, computer information systems, economics, entrepreneurship, finance, general business, health services management, marketing and management. Three of these options, accounting, general business and management, can be earned through our evening program. The accounting option offers an integrated undergraduate/graduate curriculum that allows for optimum efficiency in continuing into the graduate program with an accounting emphasis.

The College of Business Administration prepares undergraduates for careers in the business world by offering an academically challenging program that produces a new kind of leader for business, industry, government, the arts, and health services. This new leader leaves the program with the skills needed to function as a professional in the complex organizations of the 21st century. The requirements for the Bachelor of Science in Business Administration integrate the business core. The foundation for the program is a four-course sequence emphasizing a cross functional approach to business issues and perspectives. These courses, BADM 180, ACCT 280, MKTG 380 and MGMT 480 are augmented by liberal arts studies taught across diverse disciplines, fundamental business courses, and more advanced courses in the business option. Along with an integrated curriculum, the faculty and business leaders have developed a comprehensive list of competencies that students must attain before
graduation from this program. The competency categories for the business degree are communication, teamwork/diversity, adaptability, problem solving and accountability and ethics. The computer science degree categories are technical, social environment and interpersonal development. Most courses also emphasize team projects in addition to individual assignments. Co-op and internship experiences are integrated into some options and encouraged in others. The program also provides basic business skills courses and encourages the use of computers.

The College of Business Administration is dedicated to offering quality classroom instruction and to enhancing personal development through interaction between faculty and students. A faculty open-door policy facilitates this approach. Quality classroom instruction is provided by a faculty who meet the high standards of scholarship required for AACSB and CSAC (CSAB) accreditation.

A number of scholarships are awarded annually to College of Business Administration students. Eligibility is determined on the basis of outstanding academic performance.

For those students working toward a degree outside of the College of Business Administration, minors in the areas of accounting, business administration, computer science, economics, entrepreneurship, finance, health services management and human resource management are offered. For specific requirements for individual minors, see the section on Minors.

Through programs of continuing education, seminars, and conferences, the College of Business Administration maintains active involvement with the business community. These outreach efforts are strengthened by the efforts of the specialized centers housed in the College of Business Administration. These centers and a brief description of their functions follows:

**The Institute of Management** is a center within the College of Business Administration through which the school coordinates its public service to the region. The primary goal of the Institute is to provide continuing education to meet the needs of managers and professionals in industry, business, and government.

**The Small Business Development Center** provides assistance to owners and managers of small businesses as well as prospective business owners. The Center utilizes students and faculty to provide free counseling to clients. The Center contains a library of literature and information for the use of small business owners. Workshops and seminars are sponsored on topics related to managing a small business.

**The Center of Economic Education** works closely with the South Carolina council on Economic Education toward the goal of implementing programs of economic education in the elementary, middle, and secondary schools of South Carolina. In its mission the Center conducts pre-service and in-service teacher programs as well as conferences, symposiums, and forums for the exchange of ideas among educators and others interested in the American economy.

**The Center for Economic Development** serves as a source of significant public service in the economics and policy analysis to complement and support governmental nonprofit organizations engaged in the economic, education, and cultural affairs of South Carolina and the Rock Hill-Charlotte-Metrolina region. The Center provides opportunity for faculty and students to engage in applied research and deliver technical assistance to new and existing businesses.

Bachelor of Science in Business Administration

Those students applying for the Bachelor of Science degree in Business Administration or enrolled in business classes must present a grade of C or better in each course in the core curriculum (BADM 180, FINC 311, MGMT 321, 326, 341, 355, 480; MKTG 380; ECON 350) and in the option which is chosen. This requirement is in addition to the requirement of a 2.00 grade-point average on the 124 hours required for the degree.

Students enrolled in the Bachelor of Science in Business Administration program or enrolled in business classes may not enroll in courses numbered above 299 unless they have at least a 2.00 grade-point average, completed 54 hours, and a grade of C or better in WRIT 102. (Students transferring WRIT 102, who meet the other requirements will be permitted to take courses above 299 in these areas during their first semester at Winthrop.) Within the 124 hours required for this degree, the student must include 48 hours in courses numbered above 299 and must complete PLSC 201 or ECON 103 or HIST 211 and 212. The total hours of courses presented for this degree must include at least 62 hours from courses outside the area of business administration and economics.

Academic Advising

Academic advising is an integral part of the learning process in the College of Business Administration. Freshmen are assigned a faculty advisor during summer orientation and keep the same advisor during the freshman year. Not only will the advisors help with program selections and scheduling, but will also be available to assist with the adjustment to university life throughout the first year. At the end of the freshman year, an option in the College of Business will be chosen and an advisor will be assigned from that area. Students who transfer after their freshman year are assigned an advisor in the academic option of their choice.

Transfer evaluations are completed by the Student Services Center. The subject matter and the level of the course are considered for evaluation. Upper-level courses in the core and option, which have been completed prior to achieving junior status, may be used to meet elective requirements, but must be replaced in the core or option by approved advanced courses. (if not transferred from an AACSB accredited institution.) Upper-level courses may not transfer from two-year institutions. In addition to the requirement that the final 30 hours be completed at Winthrop, only 50% of the business core and option may transfer toward a business administration degree.

The role of the academic advisor is to assist in making appropriate decisions about academic programs and career goals, provide academic information about Winthrop University and degree programs, and suggest appropriate involvement in on-campus, off-campus and experiential opportunities.

Bachelor of Science in Computer Science

The Bachelor of Science in Computer Science is accredited by the Computer Science Accreditation Commission (CSAC) of the Computing Sciences Accreditation Board (CSAB), a specialized accrediting body recognized by the Council on Recognized Postsecondary Accreditation (CORPA).

The goal of the Bachelor of Science in Computer Science is to prepare students for careers in software design and implementation and for graduate study in Computer Science. The students in this program are provided with a background that is sufficient to allow them to progress toward supervisory roles on major software design projects.

The goal is implemented by a curriculum that carefully blends theory and applications. The curriculum is based on the 1991 curriculum report of the Association for Computing Machinery and IEEE Computer Society Joint Curriculum Task Force. After completing a two semester introductory sequence in computer science, the student takes a series of courses that provide a strong background in the basic mathematical tools of calculus, logic, discrete mathematics, and probability and statistics and that provide a good background in the natural and social sciences and the humanities.

A high school student entering Winthrop University in the Bachelor of Science degree program in Computer Science who earned a grade of 4 or 5 on the Advanced Placement Test in Computer Science will receive four hours of credit for CSCI 207.

Students enrolled in the Bachelor of Science in Computer Science may not enroll in courses numbered above 299 unless they have at least a 2.00 grade-point average, completed 54 hours, and a grade of C or better in WRIT 102. Students transferring WRIT 102, who meet the other requirements will be permitted to take courses above 299 in these areas during their first semester at Winthrop. If, during that first semester, such students do not earn a grade of C or better, they will not be permitted to take additional courses above 299 in these areas until this writing requirement is satisfied.

Within the 124 hours required for this degree, the student must include at least 40 hours in courses numbered above 299, 27 of which must be in CSCI courses numbered above 299 completed at Winthrop University, and must include PLSC 201 or ECON 103 or HIST 211 and 212.

A student applying for the Bachelor of Science degree in Computer Science must present a cumulative grade-point average of 2.00 or better on all Computer Science courses taken at Winthrop and required for the degree program in order to be awarded the degree. This requirement is in addition to the University requirement of a 2.0 grade point average on the 124 hours required for the degree.

Mission Statement & Guiding Principles

The College of Education is dedicated to preparing educational leaders who are committed to a lifelong quest for excellence in teaching, learning and service to society.

To meet its mission the faculty and staff of the College of Education commit themselves to the following guiding principles:

- The faculty believes that all people are entitled to an education which is committed to helping the individual develop a knowledge of self, and is designed to promote physical, social, and intellectual health in a manner which enhances dignity and respect.
- Our College is dedicated to the highest ideals of human interaction. Free speech, debate, consensus seeking, truth, ethics and respect for divergent views characterize the College’s daily operation.
- Effective educational leaders celebrate diversity, foster awareness and understanding of the value of a diverse society as well as the commonalities that bring us together, and strive to enable all people to benefit from a free, democratic society.
- Along with practitioners from area schools, our faculty and students are engaged in intensive partnerships for the betterment of the community.
- The vitality of our College is recognized first and foremost by the vigor of our faculty. Faculty are actively supported to reach high levels of achievement and celebrate each other’s successes.
- Our faculty model effective and efficient instructional strategies and the use of appropriate technology.
- Faculty and students are active in scholarship focused on a search for solutions to problems experienced by society and the discovery of enduring essential human values.
- Rigorous expectations for learning and regular assessment of competence characterize our professional preparation programs.
- Our educators need to have a comprehensive preparation in the liberal arts. Students need to be apprenticed to a lifelong search which is touched by beauty, tempered by justice, guided by reason, girded by simplicity and awakened by discovery.
- The preparation of educators is a university-wide responsibility. Our College involves and supports all areas of the academic community in its professional preparation programs.
Academic and Administrative Departments

The College of Education is comprised of the following academic departments:

• Center for Pedagogy,  
  Dr. Patricia Graham, Director
• Department of Counseling and Leadership  
  Dr. J. Michael Griffin, Chair
• Department of Curriculum and Instruction  
  Dr. Sue Peck, Chair
• Department of Health and Physical Education  
  Dr. Mickey Taylor, Chair
• Macfeat Early Childhood Laboratory School  
  Mr. Joel West, Director

Accreditations

The College of Education is proud of its accreditations and affiliations. The Teacher Education Program at Winthrop University is accredited by the National Council for the Accreditation of Teacher Education (NCATE) for the preparation of early childhood, elementary, and secondary teachers through the Bachelor’s degree. At the graduate level, the Master of Science, the Master of Education and the Master of Arts in Teaching degrees are nationally accredited by NCATE. All teacher education programs are approved by the South Carolina State Board of Education. Recognition by these agencies affords students who complete teacher preparation at Winthrop University the opportunity to apply for reciprocal accreditations with a majority of states in the nation.

Instructional Facilities and Special Programs

Professional Development Schools

The College of Education has formal relationships with six Professional Development Schools:

• Clover Middle School, Clover, SC
• Cotten Belt Elementary School, York, SC
• Fort Mill Elementary School, Fort Mill, SC
• Finley Road Elementary School, Rock Hill, SC
• Lancaster High School, Lancaster, SC
• Lewisville Elementary School, Chester, SC

These Professional Development Schools allow the teacher education program to experiment with new models of teaching while developing new roles and responsibilities for classroom teachers. Students work with diverse groups of students while guided by teams of teachers and university faculty. Collegiality is valued and fostered within an atmosphere where teachers, students and professors work and learn together.

Macfeat Early Childhood Laboratory School

The Macfeat Early Childhood Laboratory School functions as a research laboratory where innovative approaches in early childhood education are investigated. Macfeat provides opportunities to observe and interact with a diverse group of children.
COLLEGE OF EDUCATION

Winthrop Olde English Consortium
The Winthrop Olde English Consortium (WOEC), a partnership among member school districts, York Technical College and Winthrop University, sponsors activities to enhance public education for over 60,000 students and 4,000 teachers and administrators in the region. In 1998-99, member school districts include Chester, Clover, Fort Mill, Lancaster, Rock Hill and York. Activities include staff development, curriculum development, Academic Challenge and student events on campus.

North Central Science and Mathematics HUB
The North Central Math and Science HUB is funded by the South Carolina General Assembly and the National Science Foundation to facilitate systemic change in science and math education in nine surrounding school districts. Working with master teachers in science and math, professional development opportunities are provided for the teachers and administrators in the 115 schools and four institutions of higher education located within the HUB.

Instructional Technology Center
The primary function of the Instructional Technology Center is to enhance the knowledge and use of educational technology by Winthrop’s faculty and students. The Center is open to students, faculty and the local public schools as a resource for educational technology needs, curriculum development, and preparation of instructional materials. Selected instructional materials and software are available for student use.

South Carolina Center for Teacher Recruitment
The South Carolina Center for Teacher Recruitment (SCCTR) is an ambitious effort by the General Assembly, the state’s public and private colleges and universities, and the state public school system to recruit a new generation of academically able classroom teachers. The Center works with over 150 high schools in South Carolina in support of the Teacher Cadet program. In addition, the Center provides a statewide job placement service and the most current information available on teacher supply and demand.

Student Academic Services
Student Academic Services has primary responsibility for coordination of academic advising, placement of practicum students for public school experiences, assignment of senior internships and all matters pertaining to licensure. The office serves as an information center for matters concerning degree programs in the College of Education, procedures for admission to teacher education, scholarships, and academic requirements and regulations of the University.

Winthrop’s Program for At-Risk Initiatives
This program is funded by the South Carolina General Assembly. Its major purpose is to address “at risk” issues concerning children and teenagers. Winthrop students have opportunities to work with children through such services as PhoneFriend, an after school talk line for latchkey children, “Winthrop Friends” a mentoring project for elementary school students, Winthrop’s Involvement in Nurturing and Graduating Students (WINGS), a mentoring program for high school students, and other activities that benefit children in need.

The Teacher Education Committee
The faculty at Winthrop University recognizes that the preparation of teachers is an all-university responsibility. Hence, the various programs for teacher preparation represent a cooperative effort by all academic areas involved in teacher education. This effort is overseen by the Teacher Education Committee (TEC). TEC is comprised of
faculty, students, practitioners, parents and administrative staff charged with the responsibility of guiding, monitoring and reviewing all aspects of the Teacher Education Program at Winthrop University.

Academic Advising

Academic advising is an integral part of the learning process at Winthrop University. Faculty in the College of Education regard academic advising as a major responsibility, which enhances teaching and campus life. All students in the College of Education are assigned a faculty advisor. Faculty advisors work with students to review academic goals and how course work and field assignments assist them in attaining their personal and professional goals. Students have a responsibility to schedule regular appointments with the faculty advisor. Students can make the most of advising by reading this Catalog and coming prepared for discussion of academic goals, responsibilities and requirements.

Additionally, the College provides a full-time academic advisor to assist freshmen and transfer students. After an initial meeting with the academic advisor, a faculty advisor from the student’s chosen discipline of study will be assigned. The College of Education’s academic advisor is:

Ms. Rebecca Malambri
Student Academic Services
144 Withers/WTS
(803) 323-4750

Prior to course registration, students are required to have approval and signature of the faculty advisor. Students may change advisors through a formal request to the appropriate department chair or the Director of Student Academic Services.

Professional Education Core

All teacher education students are required to complete a planned sequence of courses and field experiences designed to prepare them for their roles in schools and society. The Professional Education Core is designed around the conceptual framework, Teacher as Educational Leader. The curriculum is organized with concepts, themes, stages of development and numerous competencies to best prepare contemporary educators. The following organizing conceptual statements outline the emphases of the core.

1. The educational leader strives to improve the human condition through reflective study of human development, learning and diversity.
2. The educational leader possesses an understanding of the historical foundations of schooling and exhibits ethical behavior consistent with the laws and policies governing American education.
3. The educational leader employs appropriate curricular decisions to provide effective instruction.
4. The educational leader is a skilled teacher able to design, deliver, evaluate and refine instruction.
5. The educational leader serves as an example of a reflective teacher, scholar, communicator, and advocate serving the interests of students and society.

Students’ progress under each of the organizing concepts is assessed at the conclusion of each of the conceptual framework’s three stages of development: exploratory, preprofessional and professional. These assessments include admission to the Teacher Education Program, approval to enter the professional or internship stage and entry into the profession.

The professional core ensures that teacher education students can integrate
COLLEGE OF EDUCATION

general content, and professional and pedagogical knowledge to create meaningful learning experiences for all students. This integrative focus of teacher education sets Winthrop University and its graduates apart from other programs.

By having faculty who hold diverse disciplinary perspectives teach throughout the sequence of courses, the Core encourages students to develop a professionally responsible understanding of the diversity that defines learners and teachers. Within the Core students engage in supervised practice applying their developing knowledge and skills. All core courses are housed within the Center for Pedagogy.

The Professional Education Core consists of:

- EDUC 110 Teachers, Schools & Society 3
- EDUC 150 Teachers & Technology 2
- EDUC 210 Nature & Nurturing of Learners I 3
- EDUC 250 Nature & Nurturing of Learners II 3

NOTE: The College of Education faculty are continuously reviewing and revising curricula to meet the needs of contemporary schools. Students applying to Winthrop should be alert to curricular changes as they occur and how those changes impact their programs.

Admission to the Teacher Education Program

The Teacher Education Program at Winthrop University may be completed by students enrolled in the College of Education, the College of Arts and Sciences, and the College of Visual and Performing Arts. All students seeking to complete the Teacher Education Program must meet all admission requirements and be formally admitted before they are allowed to enroll in courses restricted to admitted students.

Admission to the Teacher Education Program serves as the first level of assessment under the conceptual framework, **Teacher as Educational Leader**. Admission is granted by the Dean of the College of Education who notifies each student upon acceptance into the program. All students seeking admission must meet the following requirements:

1. Completion of a minimum of 45 semester hours, fifteen of which must be completed at Winthrop University.
2. Minimum cumulative grade point average of 2.75 for coursework completed at Winthrop.
3. Completion of the following core courses with a grade of “C” or better in each course and an overall GPA of 2.75 in these four courses: EDUC 110,
Continuation in the Teacher Education Program

Students admitted to the Teacher Education Program are required to maintain a minimum overall grade point average of 2.75 and must be in good standing within the University community.

Teacher Licensure Additional Requirement

Within General Education Areas III, IV, and V, teacher education students must select one course from Global Perspectives and one course from Multicultural Perspectives. Consult Schedule of Courses for current approved list.

Admission to the Professional Stage of the Teacher Education Program

All students seeking to complete the Professional (Internship) stage of the Teacher Education Program must meet all admission requirements before being allowed to enroll in EDUC 475 - Internship in Reflective Practice and EDUC 490 - Capstone for Educational Leaders. Approval to enter the Professional Stage serves as the second level of assessment under the conceptual framework, Teacher as Educational Leader. Approval is granted by the Director of Student Academic Services after students have met the following requirements:

1. Completion of a minimum of 110 semester hours;
2. Minimum cumulative GPA of 2.75 for coursework completed at Winthrop;
3. Completion of the following core courses with a grade of “C” or better in each course, EDUC 310 and 390 and an overall GPA of 2.75 or better;
4. Completion of all courses as specified by the faculty in the major;
5. Completed competency review indicating evidence of mastery of the performance objectives in the Preprofessional Stage of the Conceptual Framework;
6. Completed disclosure statement of any criminal/unethical conduct and;
7. Signed recommendations from:
   • faculty advisor
   • Department Chair in the student’s major
   • Director of the Center for Pedagogy.

Appeals

Any student wishing to appeal an admission decision, a program requirement, an internship placement issue, or a licensure recommendation issue must make such an appeal in accordance with the policies and procedures established by the Teacher Education Committee (TEC). Students must obtain a “Petition For Exception” form from Student Academic Services. Petitions must be completed with accurate information and include
supporting documentation such as a transcript, current course schedule, letters of support and other appropriate documentation. Students are strongly urged to develop their petitions with the direct assistance of their faculty advisors. All petitions must be signed by the student, the student’s advisor, and the department chair of the student’s major area. Then the petition is submitted to Student Academic Services. The Petitions Committee, a subcommittee of the TEC, reviews the appeal from the student, makes a recommendation to the TEC which in turn makes a recommendation to the Dean of the College of Education. Students are then notified in writing of the dean’s decision within thirty working days.

In special circumstances and when recommended by the department chair, the Dean may grant a one-time waiver of a restriction in order for a student to continue his/her coursework in a timely manner.

PRAXIS II Series

The PRAXIS II Series examinations in Principles of Learning and Teaching (PLT) and the specialty area are a graduation requirement of all students in teacher education programs. (Testing information is available from Student Academic Services, 144 Withers.)

Recommendation for Licensure

Upon successful completion of all program requirements the student is eligible for recommendation for teacher licensure in South Carolina. Recommendation for licensure in other states is subject to the laws and requirements of that state. It is the responsibility of the student seeking licensure outside of South Carolina to become familiar with those laws and requirements. Students seeking a recommendation for licensure must complete the appropriate state application and submit it to Student Academic Services with the required fees.

*There are exceptions to these courses in some subject areas.

Within General Education Areas III, IV, and V, teacher education students must select one course from Global Perspectives and one course from Multicultural Perspectives. Consult Schedule of Courses for current approved list.

Before being admitted to any secondary teacher education program, the student must complete a “Certificate of Formal Admission to a Teacher Education Program” and successfully complete the admission requirements. For information on these programs, consult Student Academic Services in the College of Education.

The PRAXIS II Series is required prior to graduation: 1) Subject Assessment/Specialty Area Test and 2) Principles of Learning and Teaching (PLT) Tests.

**COLLEGE OF EDUCATION - SPORTS MANAGEMENT**
The College of Visual & Performing Arts
A. David Franklin, Dean
John C. Olvera, Assistant Dean

The College of Visual and Performing Arts provides professional programs for students preparing for careers in the arts and contributes to the arts education of all Winthrop University students.

Central to this mission is the establishment of a creative environment in which students are challenged to develop artistic perception and understanding. This quality of environment reflects professional faculty and student pursuit, involvement with a professional arts community, and the establishment of facilities and spaces that encourage artistic imagination. Such an environment fosters the advancement of creative thought, knowledge and process.

All professional programs have strong general education components designed to strengthen student understanding of the relationship of the arts to the broader contexts of history and culture as well as the social and physical sciences.

Programs of the College of Visual and Performing Arts serve to enrich the cultural opportunities for all Winthrop University students and the citizens of the Metrolina region of South Carolina and North Carolina.

The School comprises three departments: Art and Design, Music, and Theatre and Dance. Each department offers students a wide variety of major concentrations as well as minor programs for those students with primary interests in disciplines outside of the College of Visual and Performing Arts. These are described in detail under the departmental headings that follow.

The Department of Art and Design offers both the general Bachelor of Arts degree in art and the professional Bachelor of Fine Arts degree with concentrations in eight areas. In addition, the department offers the Master of Fine Arts degree and the Master of Arts degree in art education.

Winthrop University is an accredited institutional member of the National Association of Schools of Art and Design (NASAD) and of the Foundation for Interior Design Education Research (FIDER). Administrative and faculty offices and studios, the Lewandowski student gallery, and graduate student studios are located in McLaurin Hall. Lecture and studio classes are held in Rutledge Building.

Art and Design Scholarships and Awards

General scholarships are available in both visual arts and interior design. These awards, ranging from $50 to $1,000, are based upon a review of student work as an indication of artistic ability.

Minor in Art and Design or Art History

The Department of Art and Design offers a minor in art and design and in art history for students who are working toward a baccalaureate degree in a program other than art and design. For the specific requirements of the minors in art and design, see the section on minors.

Bachelor of Arts in Art

The Bachelor of Arts degree in art offers a broad course background for those students committed to scholarly pursuits, teaching, research or museum work, who want a liberal arts background with a concentration in studio art.

Entering students who display exceptional ability, evident in a portfolio of work reviewed by Foundations faculty, may proceed to ARTS 200-level course(s). The faculty will determine whether any courses may be exempted. Students will take replacement ARTS Elective course(s) to fulfill the required hours in the major.

***Students completing the BA required program in art must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency exam or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of 6 semester hours of foreign language courses may be applied to AREA I requirements in art.
The student must attain a cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the 49 semester hours of the required program. The student must complete a minimum of 12 hours of ARTS courses in residence at Winthrop University.

In addition to the 49 semester hours of the required program, the student must select and complete a minor and must achieve a cumulative grade-point average of at least 2.0 in courses counted toward the minor. Within the 124 semester hours required for this degree, the student must also include a minimum of 40 semester hours in courses numbered above 299 and must complete PLSC 201 or ECON 103 or HIST 211 and 212.

**Bachelor of Arts in Art History**

The Bachelor of Arts degree in art history offers a student the opportunity to obtain strong academic training that will lead to graduate study in art history or to employment in a visual arts field.

**Total Semester Hours** 134

***Students completing the B.A required program in art must demonstrate proficiency in a foreign language at or above the second semester college level. This requirement may be met by a satisfactory score on a recognized proficiency exam or by passing any foreign language course numbered 102 or any course with 102 as a prerequisite. A maximum of 3 semester hours of foreign language courses may be applied to AREA I requirements in Art. Thus, if 6 hours of coursework is required, there will be an increase of 3 semester hours to the required program.

**Within AREAS III and IV, teacher education students must select one course from Global Perspectives and one course from Multicultural Perspectives. Consult Schedule of Courses for current approved list.

The student must attain a cumulative grade-point average of 2.75 or better in courses taken at Winthrop and included in the subtotal semester hours of the required program and the minor. The student must complete a minimum of 12 hours of ARTS courses in residence at Winthrop University. Within the 134 semester hours required for the degree, the student must include a minimum of 40 hours in courses numbered above 299 and must complete PLSC 201 or ECON 103 or HIST 211 and 212.

**The PRAXIS II Series is required prior to graduation:** 1) Subject Assessment/Specialty Area Test and 2) Principles of Learning and Teaching (PLT) Tests.
Bachelor of Fine Arts

The Bachelor of Fine Arts degree is a professional degree designed for students who wish to pursue the visual arts as a profession, or for the student wishing to pursue graduate study. Students seeking teacher licensure in addition to the BFA degree should declare this intent to the department by the first semester of the sophomore year. Areas of concentration include (1) ceramics, (2) general studio, (3) graphic design, (4) interior design, (5) painting, (6) photography, (7) printmaking, (8) sculpture (including jewelry and metals).

Students may take courses in any concentration prior to being admitted to the concentration; however, students may not register for studio-based courses above ARTS 375 or INDS 299 without submission and acceptance of a portfolio.

Entering students who display exceptional ability, evident in a portfolio of work reviewed by Foundations faculty, may proceed to ARTS 200-level course(s). The faculty will determine whether any courses may be exempted. Students will take replacement ARTS Elective course(s) to fulfill the required hours in the major.

The student must maintain a minimum cumulative grade-point average of 2.00 or better in courses taken at Winthrop and included in the subtotal semester hours of the required program. A minimum grade of “C” is required for all ARTS, ARTH, ARTT and INDS required courses in the Bachelor of Fine Arts degree. The student must complete a minimum of 21 semester hours of ARTS and/or INDS courses in residence at Winthrop University. At least one-half of all courses in studio art are recommended from an area of concentration as determined by a student’s advisor.

Within the 132 semester hours required for this degree, the student must include a minimum of 40 semester hours in courses numbered above 299 and must complete PLSC 201 or ECON 103 or HIST 211 and 212.

Freshman Foundation Review

Portfolio reviews are an important component of the student’s progress in the Bachelor of Fine Arts degree program. The Freshman Foundation Review of portfolios serves to assess the individual student artist’s progress in learning the basic elements and principles associated with art and design. In addition to the review of course work, it is expected that students show evidence of self-motivation and initiative in developing drawing and design assignments. A strong indication of a growing ability to sustain creative effort, visual inquiry and imaginative experiment is important. The review is recognized as a vital opportunity to determine the student’s potential to move into specialization.

In order to be eligible to take the Freshman Foundation Review, students must have completed, or be in the process of completing, not less than four ARTS/INDS sequential foundation courses. Students currently enrolled as freshmen and new transfers in foundation courses are required to participate in the Foundation Studies Portfolio Review which is held each year in April and December.

Students who pass or not pass Foundation Review will continue into the sophomore level courses of their intended area of concentration. While students may have been successful in course work in meeting minimum standards, completing work on time, and participating in class activities, it should be realized that the Foundation Review is based on the assessment of the work in the portfolio alone.

Specialization Portfolio Review Requirements

Students enrolled in the BFA program must select a concentration in Art and Design and make application for admittance to that area during the second semester of their sophomore year. For formal admission into the junior year professional programs, a student must have met the following criteria: (1) completion of the recommended lower level curriculum requirements, having earned not less than a 2.5 grade point ratio on a scale of 4.0 in all Art and Design work completed, (2) approval of portfolios by the Departmental Portfolio Review Committees.
The Specialization Review is designed to measure the suitability of BFA students for advanced-level studio courses. To be eligible for the review, students must have passed Foundation Review, have completed (or have in progress) the required Sophomore-level courses leading to the specialization, and have attained a minimum GPA of 2.5 in art and design courses to date. In general, the Specialization Review will measure anticipated success in the discipline by looking for signs of independence, thoroughness of research and discipline, and transfer of skills and knowledge. While students may have been successful in course work in meeting minimum standards, completing work on time, and participating in class activities, it should be realized that the Specialization Review is based on the assessment of the work in the portfolio alone.

Specialization Review will take place in April of the Sophomore level year. The Specialization Review Pass allows the student to enroll in studio courses above the numbers ARTS 375 and INDS 299. After passage, a student may not change a BFA concentration without passing a Specialization Review in the new concentration of choice. Students should communicate with the departmental office for more information.

Transfer Students
A portfolio review of art and design work produced at other schools is required of all transfer students. The purpose of a transfer portfolio review is to determine the proper level of placement into the degree program of choice. Transfer students are advised to request a copy of the department’s Portfolio Review Requirements for further details.

Total Semester Hours: 132

**Up to 6 semester hours of approved course work outside of Art and Design may be substituted with the permission of the Chair of the Department of Art and Design.
The Department of Music offers three undergraduate degree programs: the Bachelor of Music degree in performance, the Bachelor of Music Education degree with concentrations in choral or instrumental music, and the more general Bachelor of Arts degree in music. In addition, the department offers both the Master of Music and Master of Music Education degrees, described in the Winthrop University Graduate Catalog.

Winthrop University is an accredited institutional member of the National Association of Schools of Music. The department offers professional instruction in musicianship, performance and pedagogy for students planning careers in music. Opportunities for musical experiences are provided for the general college student as well.

The Department of Music is housed in the newly renovated Conservatory of Music. The adjacent 3,500 seat Byrnes Auditorium has a 70-rank, four-manual pipe organ by Aeolian-Skinner. The facilities in the Conservatory include the 212-seat Barnes Recital Hall with a 10-stop, two-manual tracker pipe organ by Kney; practice rooms; a Flemish single-manual harpsichord by Kingston; a 5-stop tracker pipe organ by Angerstein, faculty offices, studios, classrooms and rehearsal rooms.

The Music Library is in McLaurin Hall, Room 334. The Music Library has a full-time music librarian and a staff of assistants who help students in the use of scores, recordings, listening stations, ear training programs, and video equipment available there. The MIDI Laboratory, located on the third floor of McLaurin Hall, includes facilities and equipment for composition. An electronic keyboard laboratory is also located in McLaurin.

Admission

To be admitted as a music major, a student must perform an entrance audition that demonstrates background in applied music sufficient to meet the performance requirements of first-year applied music study at the collegiate level. Students may be admitted as music majors under “conditional” status. “Conditional” must be removed after two semesters of study for the student to continue as a music major. In addition, all entering music majors take a placement test in music fundamentals. Entrance auditions and placement tests are given at the beginning of each semester before classes begin.
COLLEGE OF VISUAL & PERFORMING ARTS - MUSIC

Entrance Audition

Bachelor of Music Degree. Entrance requirements for specific performance areas of applied music study may be obtained by writing to the Chair, Department of Music. Students auditioning for the BM degree are expected to demonstrate technical facility and musicianship which distinguish the student as one who can fulfill the rigorous performance requirements in this professional program.

Bachelor of Music Education and Bachelor of Arts Degrees. Entrance auditions for the BME and BA degrees do not require specific repertory. Students should be prepared to demonstrate their performance ability effectively by performing compositions of different styles.

Teacher Education Program. For a complete listing of requirements for admission to the Teacher Education Program, consult the College of Education section of this catalog.

Music Scholarships and Awards

The Department of Music offers music scholarships and awards to freshmen and transfer students who plan to major in music. All scholarships and awards are selected through competitive auditions and are renewable for a period of up to four years. (2-4 years for transfer students.)

Performance scholarships are available to students who demonstrate a very high level of achievement in applied music. Service Awards are also available to entering music majors. All music scholarships and awards qualify students for an out-of-state tuition waiver. Information on music scholarships and awards is available from the Chair, Department of Music.

Performance Requirements for Graduation

Bachelor of Music Degree. Majors in the BM program must present a half-recital in the junior year and a full recital in the senior year.

Bachelor of Music Education Degree. Students in the BME program must present a half-recital in the senior year.

Bachelor of Arts Degree. There is no recital requirement for graduation in the Bachelor of Arts curriculum. BA students must enroll in applied music for at least six semesters.

Other Degree Requirements

BME students must take a Keyboard Skills Examination usually at the end of the sophomore year.

BM performance majors must pass a piano proficiency examination. This requirement may be satisfied by successful completion of MUSA 282.

Minor in Music

Students may earn a minor in music if they are majoring in an area other than music. For the specific requirements for the minor in music, see the section on Minors.

S/U Option

Music majors are not permitted to utilize the S/U option when registering for music courses.

Minimum Grade Requirement

Music majors must receive a minimum grade of C in every music course (MUSA or MUST) used to meet requirements for a music degree.

The Department of Theatre and Dance offers the Bachelor of Arts Degree in Dance and the Bachelor of Arts Degree in Theatre with emphases in theatre performance, design and technical theatre. Teacher licensure options are available in both programs. The programs prepare students for a variety of career opportunities and/or graduate study. Winthrop University is an accredited institutional member of the National Association of Schools of Theatre (NAST) and the National Association of Schools of Dance (NASD).

Entrance Requirements

While admission to the BA degrees in Dance and Theatre do not require a formal audition or work review, it is recommended that prospective students in dance or theatre performance complete a placement audition prior to their first semester of enrollment in the program. Similarly, students entering the design and technical theatre emphasis should schedule an interview with the department chair. Audition and interview dates may be scheduled by contacting the Chair, Department of Theatre and Dance.

Theatre and Dance Scholarships and Awards

General Scholarships are available in both Theatre and Dance. These awards, ranging from $50 to $1,000, are based upon audition or portfolio review as an indication of artistic ability. There are FirstNighter Scholarships for continuing students in amounts from $100 to $500 per year. The Florence A. Mims Scholarship is awarded to an exceptional senior theatre student.

Graduation Requirements

Students must attain a minimum cumulative grade point average of 2.00 in courses taken at Winthrop University. The student must complete a minimum of 12 semester hours in either DANA/DANT courses (BA degree in Dance), or THRT/THRA courses (BA in Theatre) in residence at Winthrop, and must attain a minimum cumulative grade point average of 2.0 in the major program.

In addition to the required program, the student must select and complete a minor and achieve a minimum cumulative grade-point average of 2.0 in all courses counted toward the minor. Within the 124 hours required for this degree, the student must include a minimum of 40 semester hours in courses numbered above 299.

Dance majors are required to take at least one technique class each semester.

Minor in Theatre or Dance

The Department of Theatre and Dance offers minors in both theatre and dance. For the specific requirements of the minors, see the section on minors.

*Within AREAS III, IV and V, Teacher Education students must select one course from Global Perspectives and one course from Multicultural Perspectives. Consult Schedule of Courses for current approved list.

Additional Requirement:

The PRAXIS II Series is required prior to graduation: 1) Subject Assessment/Specialty Area Test and 2) Principles of Learning and Teaching (PLT) Tests.
MINORS

Each program leading to the Bachelor of Arts degree requires the completion of a minor in addition to the major program. Students may fulfill the minor requirement with one or more minors of their own choosing. The minimum number of semester hours required for a minor is 15, at least 6 of which must be in courses numbered above 299. Minors are recorded on the permanent record. No course may be included in two minors or in a major and a minor. Students must achieve a 2.0 cumulative grade-point average in all courses taken at Winthrop, as well as in courses counted toward the minor and the major programs.

Non-Bachelor of Arts degree students may complete minors either through the use of elective credits or through additional credits beyond those required for the degree program.

Accounting
The minor in Accounting consists of 15 to 18 semester hours to include ACCT 280, 281, 305, 306 and one of the following: ACCT 309, 401, or 509. Proficiency in computer applications equivalent to the level required for the successful completion of CSCI 105. This requirement may be met by taking CSCI 101, 105 or 110.

African American Studies
The minor in African-American Studies consists of 12 semester hours to include AAMS 300, ENGL 518, HIST 509 and SOCL 314, and 6 additional hours from ANTH 323, ARTH 381, ENGL 310-311, ENGL 320-321, ENGL 330, ENGL 510 (ENGL 330 and ENGL 510 to be taken only when designated as AAMS courses), HIST 308, HIST 337, HIST 561, MUST 203 or MUST 514, and SOCL 350.

Anthropology
The minor in anthropology consists of 18 semester hours to include ANTH 201, 202, 341, and 9 additional hours in anthropology, 3 of which must be above 299.

Applied Physics
The minor in applied physics consists of 17 semester hours of PHYS: PHYS 201-202 or 211-212; 9 hours from PHYS 301, 315, 331, 332 or 321. Students with majors in biology, chemistry, computer science and mathematics may count physics courses required by the major (PHYS 211-212 or 201-202) toward the physics minor.

Art
The minor in art consists of 18 semester hours of ARTS: ARTS 101, 102, 120, and 121, and 6 hours of ARTS, ARTH or INDS from courses numbered above 299.

Art History
The minor in art history consists of 15 semester hours to include ARTH 175 and 176 and 9 hours above 299. INDS 334, 335 and 533 may be counted toward this minor. Because no course may be included in a major and a minor, students majoring in Art or Interior Design and minoring in Art History must complete 15 semester hours in Art History beyond those required for the major.

Athletic Training
The minor in athletic training consists of the following 24 hours: BIOL 305-306, PHED 361, 362, 382, 563, 582 and 593.
**MINORS**

**Biology**
The minor in biology consists of 18 semester hours of BIOL to include at least 6 hours in courses numbered above 299.

**Business Administration**
The minor in business administration consists of 18 to 22 hours of the following: BADM 180, ACCT 280, two of the following: MGMT 321, MKTG 380, FINC 311; two of the following, one of which must be above 299: ACCT 281, CSCI 207, ECON 201, ECON 202, HLAD 200, QMTH 205 or any course above 299 in ACCT, BADM, ECON, FINC, HLAD, MGMT, or MKTG. Proficiency in computer applications equivalent to the level required for the successful completion of CSCI 105. This requirement may be met by taking CSCI 101, 105 or 110.

**Chemistry**
The minor in chemistry consists of 18 semester hours of CHEM to include at least 6 hours in courses numbered above 299. Chemistry courses required for other majors can also be counted for the chemistry minor.

**Coaching**
The minor in coaching is intended for students majoring in, and seeking certification in a content area different from physical education. It consists of 18 hours which must include: PHED 362, 393, 571 and 583 or 582; either PHED 361 or PHED 383; two courses from PHED 460, 461, 462, 463, 464 and 465. The remaining hours are to be selected from any courses not chosen to meet the above requirements and/or PHED 231, 267, 320, 372, 382, 408, 471 and SPCH 201. An advisor in physical education will be assigned when the student files an intent for the minor.

**Computer Science**
The minor in computer science consists of 18 semester hours of CSCI: CSCI 207-208 and 271 and 7 additional hours of CSCI to include 6 hours in courses numbered above 299, except CSCI 340 A, B, C. CSCI 101 and 110 may not be used to fulfill the Computer Science minor.

**Dance**
The Dance minor is a 21-hour program: Technique - 2 credit hours in Modern Dance at the intermediate level or above, and 2 credit hours in Ballet; DANT 200, DANT 201, DANT 298, DANA 251; one of the following - DANA 244 or 246; and DANA 440 taken four times; 4 credit hours of DANT/DANA electives.

**Economics**
The minor in economics consists of 18 semester hours of ECON to include ECON 201, 202, 501, and 502. Courses numbered above 299, or approved replacement courses, must be taken after the student achieves junior status. No course may be included in two minors or in a major and a minor.

**English**
The minor in English consists of 18 semester hours of ENGL to include: ENGL 300; 6 hours selected from ENGL 201, 202, 203, 205, 206, 207, 209, 210, 211; and 9 hours in courses numbered above 299.
MINORS

Entrepreneurship
The minor in Entrepreneurship consists of 18 to 19 semester hours from the following: ACCT 280, MKTG 380, BADM 371, 372 and 525. In addition proficiency in computer applications equivalent to the level required for the successful completion of CSCI 105. This requirement may be met by taking CSCI 101, 105 or 110. Courses numbered above 299 must be taken after the student achieves junior status.

French
The minor in French consists of 18 semester hours of FREN to include FREN 201, 202, 250, and 9 hours in courses numbered above 202. May include MLAN 330 or 530. (FREN 101-102, or the equivalent, are prerequisites for all other FREN courses; however, they may not be applied toward fulfillment of the minor requirement.)

General Science
The minor in general science consists of at least 18 semester hours of coursework selected from BIOL, CHEM, GEOL or PHYS, to include PHYS 201-202 or 211-212. Courses included in a major may not be counted in the general science minor. At least 6 hours must be in courses numbered above 299.

Geography
The minor in geography consists of 15 semester hours of GEOG to include GEOG 101 and at least 6 hours in courses numbered above 299.

Geology
The minor in geology consists of 18 semester hours in GEOL, excluding GEOL 120, and including at least 6 hours in courses numbered above 299.

German
The minor in German consists of 18 semester hours in GERM to include GERM 201, 202 and 12 hours in courses numbered above 102. May include MLAN 330 or 530. (GERM 101-102, or the equivalent, are prerequisites for all other GERM courses; however, they may not be applied toward fulfillment of the minor requirement.)

Gerontology
The minor in Gerontology consists of 18 semester hours as follows: GRNT 300, 440; GRNT or SOCL 301; 6 hours from: GRNT or SOCL 504, GRNT or PSYC 307, GRNT or SCWK 302; 3 hours from EDUC 511, NUTR 221, HLTH 500, INDs 241, PSYC 510, SPED 552, SPED 553, SPED 554, GRNT or SOCL 304, SOCL 520, SCWK 516, SCWK 536 or SCWK 539. Students interested in the program must contact Dr. Jennifer Solomon, coordinator.

Health
The minor in health consists of 16 semester hours to include 6 hours from HLTH 500, 501 or 506; and 10 additional hours selected from HLTH 303, 500, 501, 503, 506, 507, PHED 231, 320, 361, BIOL 305-306, NUTR 221, GRNT 300, SOCL 304 or ELEM 574. (HLTH 300 is a prerequisite to all 500 level health courses but may not be applied toward the minor.)

Health Services Management
The minor in Health Services management consists of 15 semester hours as follows: MKTG 380, MGMT 321, HLSTM 200, 300, and 302.
MINORS

History
The minor in history consists of 18 semester hours in HIST: HIST 101, 102, 211, and 212, and at least 6 hours in courses numbered above 299.

Human Nutrition
The minor in human nutrition consists of 15 semester hours of course work, approved by the Chair of the Department of Human Nutrition, to include a minimum of 6 hours in courses numbered above 299.

Human Resource Management
The minor in human resource management consists of 18 semester hours of management courses to include: MGMT 321, 325, 422, 523, 524 and 526. Note that PSYC 101 is prerequisite for MGMT 325 and MGMT 321 is a prerequisite for all the other courses.

All courses in this minor must be taken after the student achieves junior status.

International Area Studies
The minor in international area studies requires:
I. Proficiency in a foreign language equivalent to the level required for the successful completion of a 202 course in a language and a background in world history and civilizations by successful completion of HIST 101 and 102.
II. A total of 18 hours of approved courses divided as follows:
   A. INAS 425, Seminar in International Area Studies (3);
   B. 9 hours taken from one of the following area concentrations (no more than 6 hours from any one discipline.) If INAS 425 is taken a second time and the subject matter is related to a region, it may be counted for that area (however, this course may only be counted twice within the INAS minor program).
      1. Africa and the Middle East: ARTH 381; ANTH 323; HIS 337, 551; French courses above 202 or any course in any indigenous African or Middle Eastern language above 202.
      2. Asia: ARTH 282; HIST 331, 332, 552, 553; PLSC 532; any course in an Asian language above 202.
      3. Europe: ENGL 202, 206, 525; HIST 343, 344, 347, 541, 547; PLSC 336; French, Spanish, German, or other continental European language courses above 202.
      4. Latin America: ANTH 321; GEOG 306; HIST 351, 560; PLSC 335; Spanish courses above 202.
   C. 6 hours of courses taken from the following comparative courses (no more than 3 hours from any one discipline): ARTH 281, ANTH 201, 203, 301; BADM 553; ECON 521; ENGL 207, 502; NUTR 370; FINC 514; GEOG 102; PLSC 205, 207, 260; RELG 300; SOCL 301. If INAS 425 is taken a second time and the subject matter is essentially comparative, it will count as a comparative course; if it is area-related, it may be counted for that area (however, this course may only be counted twice within the INAS minor program).
III. 18 hours of the INAS minor must be taken outside the student's major field of study.
IV. Students are strongly encouraged to participate in study-abroad programs in their area of concentration, when such are available, either through Winthrop University or through other institutions. Credit for these programs will be applied as appropriate to the minor course of study.
MINORS

Mass Communication
The minor in mass communication consists of 18 semester hours of MCOM, with a minimum grade of C in each course, in one of the following options:

Journalism: MCOM 205, 241, 333, 342 and MCOM 343 or MCOM 441 and MCOM 341 or 410.

Mathematics
The minor in mathematics consists of 18 semester hours of MATH to include MATH 201, MATH 202 and MATH 300, unless any of these are required by the student’s major, along with 6 semester hours in MATH courses numbered above 299. In the case of exceptions listed above, the student may choose any substitute MATH course(s) numbered above 299.

Music
The minor in music consists of 24 semester hours of MUST/MUSA: MUST 111-112, MUST 113-114, MUST 305-306 and 4 semester hours of applied music; and 6 semester hours of music courses numbered above 299.

Philosophy
The minor in philosophy consists of 18 semester hours of PHIL: PHIL 201, 220 or 225, 300 and 9 additional hours, 3 of which must in courses numbered above 299.

Political Science
The minor in political science consists of 18 semester hours of PLSC; to include PLSC 201 and at least 6 hours in courses numbered above 299. PLSC 350 is recommended.

Psychology
The minor in psychology consists of 20 semester hours of PSYC. Psychology minors must take PSYC 101, 303 and 304 before enrolling in any other PSYC courses. The additional 9 hours must be in courses numbered above 299, and at least 6 must be chosen from PSYC 306, 307, 400, 503, 505, 506, 507, 508, 509, 514.

Secondary Education
Students who major in biology, chemistry, English, French, history, mathematics, political science, Spanish, and theatre and wish to be certified to teach in secondary schools may select a minor in secondary education. The minor consists of 29 EDUC semester hours: EDUC 110, 150, 210, 250, 310, 390, 475 and 490 and appropriate prerequisite and corequisite courses.

Social Sciences
The minor in social sciences consists of at least 18 semester hours of courses in ANTH, ECON, GEOG, HIST, PHIL, PLSC, PSYC, SOCL or RELG to include at least 6 hours in courses numbered above 299. A student may not include in the social sciences minor any courses with the designator of the major or majors. To receive credit for the social sciences minor, students must also complete a course dealing with social sciences
MINORS

methodology (ANTH 341, ECON 201, HIST 500, PLSC 350, PSYC 303, or SOCL 316). The methodology requirement may be satisfied through major requirements.

Social Welfare

The minor in social welfare is primarily intended for students who plan to enter a related field or who are simply interested in the field of social work because of its significance to modern society. The minor is not a professional degree program. It consists of 18 semester hours of social work to include SCWK 200, 321, 440, and 9 hours of social work electives.

Sociology

The minor in sociology consists of 18 semester hours of SOCL: SOCL 201, 301, and at least 12 additional hours, 3 of which must be courses numbered above 299.

Spanish

The minor in Spanish consists of 18 semester hours in SPAN to include SPAN 201, 202, 250, and 9 hours in courses numbered above 202. May include MLAN 330 or 530. (SPAN 101-102 or the equivalent, are prerequisites for all other SPAN courses; however they may not be used toward fulfillment of minor requirements.)

Theatre

The minor in theatre consists of 21 semester hours: THRT 110 or 298, THRA 120, 260, 331 and 2 hours of 370; and 7 hours from any other THRT or THRA courses.

Women’s Studies

The minor in women’s studies consists of 18 semester hours, WMST 300 and 5 additional courses.

Choose 9-15 hrs from:

ARTH 477, ENGL 330, HLTH 507, HIST 310, MUST 551-559, PLSC 371, 553, PSYC 504, WMST 450.

Choose 0-6 hrs from:

ANTH 201, BIOL 101*, 305*, 306*, HLTH 506, PSYC 306, 307, SOCL 505 (*designated sections only.)

For more information, contact the Program Coordinator, Dr. April Gordon.

Writing

Students completing the writing minor may emphasize either creative writing or professional writing.

Students choosing the creative emphasis must complete 18 hours from:

WRIT 307, 316, 350, 351, 507, 516, 530 12-15 hours
WRIT 300, 500, ENGL 510 3-6 hours

Students choosing the professional emphasis must complete 18 hours from:

WRIT 300, 350, 351, 465, 566,
MCOM 341, 370 12-15 hours
WRIT 307, 316, 500, 530, ENGL 303 3-6 hours
Courses of Study

This chapter contains a listing of courses at the time of printing of the catalog. Courses are listed alphabetically. Not all courses will be available every semester or summer session. A Schedule of Courses is issued prior to each registration. It lists courses available for that semester or summer session. Students should consult the Schedule of Courses prior to each registration.

Winthrop University reserves the right to withdraw any course listed in the Schedule of Courses if the administration determines the course does not have an adequate enrollment. The university also reserves the right to establish limits on the enrollment for any course or course section.

For further information about courses listed in this chapter, consult the dean of the college or the chair of the department offering the course.

In this chapter the following information is given about each course: the number; the title; the semester hour value; the number of clock hours per week required, if different from semester hour value; brief description; restriction of credit (if any); prerequisites or other restrictions on enrollment; and the semester the course is offered. If none is stated, the only restriction on enrollment is that indicated by the number of the course (see Classification of Courses below.)

The first of the figures enclosed in parenthesis immediately following the title of a course indicates the number of semester hours credit given for the course; the second and third figures (if given) indicate the number of lecture and laboratory (or studio) hours normally scheduled each week for one semester in the course. If only one figure is given, there are as many clock hours required per week as there are semester hours of credit for the course (unless the course description states otherwise.) For example, (3) indicates that the course carries three semester hours of credit and meets for three clock hours per week; (1:3) indicates that the course carries one semester hour credit but meets three clock hours per week; (4:2:4) indicates that the course carries four semester hours credit but meets two lecture hours and four laboratory (or studio) hours per week.

When two courses are listed as one, a hyphen(-) between the course numbers indicates the first is a prerequisite of the second. A comma (,) between the course numbers indicates that the first is not a prerequisite of the second.

Classification of Courses

Courses are classified by number:

101 - 299 beginning courses, primarily for freshmen and sophomores;
300 - 399 Intermediate courses, primarily for sophomores and juniors;
400 - 499 specialized courses, primarily for juniors and seniors;
500 - 599 advanced courses, primarily for juniors, seniors and graduate students;
600 - 699 advanced courses for graduate students only (listed in the Graduate Catalog.)
COURSES

ACCOUNTING (ACCT)

280. Managerial Accounting (3).
This course is the first of a two-part course focusing on the business environment and the use of managerial and financial accounting information for decision making in various business settings. Hands-on integrated project that uses accounting concepts to help the student see the interrelation and interdependence of the various business functions.
Prerequisite(s): MATH 101 or 140 and CSCI 101, 105 or 110.

281. Financial Accounting (3).
This course is the second of a two-part course focusing on the business environment and the use of managerial and financial accounting information for decision making in various business settings.
Prerequisite(s): ACCT 280.

All ACCT courses numbered above 299 have a prerequisite of junior status, an overall GPA of at least 2.00 and a grade of C or better in WRIT 102.

303. Accounting Information Systems (3).
Basic concepts of accounting information systems including both manual and computer based systems. Examines transactions processing systems with emphasis on internal controls and documentation, user support systems, and systems development.
Prerequisite(s): CSCI 101 or 105 or 110; ACCT 280 and ACCT 281.
Notes: Offered in fall and spring.

305. Intermediate Accounting I (3).

Notes: This course fulfills Area V of General Education Distribution requirements. Offered in the fall and alternate years in the summer.
450. Honors: Selected Topics in Anthropology (3).
An in-depth independent inquiry into a selected topic in anthropology.
Prerequisite(s): Permission of the Chairperson.
Notes: Offered in the fall and spring.

ART (ARTS)

101. Two-Dimensional Design I (3:7).
Introduction to creative design elements, line, form, space, texture, color and basic technical skills, providing a foundation for subsequent art courses.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

102. Three-Dimensional Design I (3:7).
Comprehensive exploration of form, volume and space involving design, media, tools and technique.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

120. Drawing I (3:7).
Introduction to drawing concentrating on the fundamentals of line, value, perspective and composition as applied primarily to representational drawing from observation.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

121. Figure Drawing (3:7).
Introduction to drawing the human figure with emphasis on development of gesture, proportion, contour and action.
Prerequisite(s): ARTS 120.
Notes: Lab Fee: $15. Offered in fall and spring.

201. Two-Dimensional Design II (3:7).
Continued investigation of design and color with emphasis on understanding two-dimensional form, space, and creative visual organization.
Prerequisite(s): ARTS 101, 102.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

Continued study of space, form and media with emphasis on sculpture and design.
Prerequisite(s): ARTS 102.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

Introduction to historical media and process, many of which are no longer in common use. Includes lecture and studio components.
Prerequisite(s): ARTH 175 or 176 and ARTS 101 or 102.

220. Drawing II (3:7).
An expansion of beginning drawing with increased emphasis on composition and concept using achromatic and color drawing media.
Prerequisite(s): ARTS 120.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

221. Life Drawing and Anatomy (3:7).
Drawing the human form. Study of anatomy and structure of the body. Experimentation in various media.
Prerequisite(s): ARTS 121.
Notes: Lab Fee: $15. Offered in fall and spring.

264. Problem-Solving in Design: 2-D (3:7).
Two-dimensional studies as related to conceptual and problem-solving aspects of the design process.
Prerequisite(s): ARTS 101, 120.
Notes: Lab Fee: $10.

265. Problem-Solving in Design: 3-D (3:7).
Three-dimensional studies as related to conceptual and problem-solving aspects of the design process.
Prerequisite(s): ARTS 101, 102, 120.
Notes: Lab Fee: $10.

276. Drawing for the Graphic Designer I (3:7).
Designed to acquaint beginning graphic design majors with basic technical procedures and tools used within their area of concentration as well as expanding their conceptual skills.
Prerequisite(s): ARTS 101, 102, 120.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

Survey of visual communication procedures and skills necessary to convey ideas by means of graphic representation.
Prerequisite(s): ARTS 101, 102, 120.
Notes: Lab Fee: $10. Offered in fall, spring and summer.
COURSES

278. Typography I (3:7).
Study of type composition, type spacing, comprehensive lettering, calligraphy and phototypesetting techniques.
Prerequisite(s): ARTS 101, 102, 120.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

Use of personal computer within the context of the visual arts discipline. Provides student with skills useful in creating effective and expressive images within a desktop publishing environment.
Prerequisite(s): ARTS 101, 102, and 120 or permission of instructor.
Notes: Lab Fee: $25. Offered in fall and spring.

300. Graphic Communication (3:7).
Introduction to design principles for printed materials with particular emphasis on communicating the message to the reader.
Notes: For non-Art and Design majors only. Offered in spring. Lab Fee: $10.

310. Photo Communication (3:7).
Introduction to photography with particular emphasis on communicating the message to the reader.
Notes: For non-Art and Design majors only. Offered in fall and spring. Lab Fee: $25.

Continuation of the drawing sequence with emphasis on mixed media techniques and advanced pictorial design.
Prerequisite(s): ARTS 221.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

Exploration of the drawing approach. Creative use of composition, rendering techniques and the artist's point of view.
Prerequisite(s): ARTS 221.
Notes: Lab Fee: $15. Offered in fall and spring.

332. Sculpture I (3:7).
Introduction to the techniques and design problems of sculpture. Experiences with appropriate processes and materials.
Prerequisite(s): ARTS 102.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

333. Sculpture II (3:7).
Study and development of the concept of form in space using primarily one material, employing various techniques.
Prerequisite(s): ARTS 332.
Notes: Lab Fee: $25. Offered in fall, spring and summer.

Introduction to screen printing techniques including tusche drawing, stencil and photo screen printing.
Prerequisite(s): ARTS 101, 120.
Notes: Lab Fee: $20. Offered in fall and spring.

Introduction to relief printing techniques in black and white including lino-cut and woodcut.
Prerequisite(s): ARTS 101, 120.
Notes: Lab Fee: $20. Offered in fall and spring.

Introduction to basic techniques in intaglio printmaking including hard- and soft-ground etching, dry point, engraving, aqua tint and collagraph.
Prerequisite(s): ARTS 101 and 120.
Notes: Lab Fee: $20. Offered in fall and spring.

342. Painting I (3:7).
Introduction to painting with emphasis upon professional approach to content, expression, materials and media techniques.
Prerequisite(s): ARTS 101 and 120.
Notes: Offered in the fall, spring and summer. Lab Fee: $10.

343. Painting II (3:7).
Emphasis upon the development of an individual point of view. Individual problems in representational and nonrepresentational painting.
Prerequisite(s): ARTS 342.
Notes: Offered in the fall, spring and summer. Lab Fee: $10.

Introduction to techniques and materials of two and three dimensional design concepts in clay, metals and fibers.

351. Ceramics I (3:7).
Introduction to the techniques and processes used in the creation of clay forms.
Notes: Lab Fee: $45. Offered in the fall, spring and summer.
352. Ceramics II (3:7).
Studio course introducing exploratory experiences in potters wheel and glazing techniques.
Prerequisite(s): ARTS 351.
Notes: Lab Fee: $45. Offered in the fall, spring and summer.

Study of metals and the processes involved in designing and executing works in metal and related materials.
Notes: Lab Fee: $25. Offered in fall and spring.

Continued experience with designing and producing works in metal and related materials.
Prerequisite(s): ARTS 355.
Notes: Lab Fee: $25. Offered in fall and spring.

An introductory photography course, covering a broad range of issues related to the medium and based on a sound understanding of black and white print production.
Notes: Lab Fee: $35. Offered in the fall, spring and summer.

Intermediate photography. The study of a variety of experiences and problems likely to be met as a professional practicing photographer. Includes an introduction to color.
Prerequisite(s): ARTS 370.
Notes: Lab Fee: $35. Offered in fall, spring and summer.

376. Drawing for Graphic Designer II (3:7).
Techniques of illustration and the potential and uses of illustration in the professional areas of communications. Emphasis on media and technique.
Prerequisite(s): ARTS 121, 201, 276.
Notes: Lab Fee: $10. Offered in fall and spring.

377. Production for the Graphic Designer (3:7).
Study of techniques and technologies of modern day production for the graphics designer.
Prerequisite(s): ARTS 277, 278 or permission of the instructor.
Notes: Lab Fee: $25. Offered in fall and spring.

378. Graphic Design II (3:7).
Study of the visual aspects of design vehicles within the business, commerce or industrial fields.
Prerequisite(s): ARTS 277, 278.
Notes: Lab Fee: $10. Offered in fall and spring.

The study of graphic design theory as it applies to printed and other forms of visual communication. Practical applications of theory are explored through a diversity of information design problems.
Prerequisite(s): ARTS 377, 378.
Notes: Lab Fee: $10. Offered in fall and spring.

380. Typography II (3:7).
The design and organization of verbal information in combination with other visual elements. Exploration of letter forms and experimental typography.
Prerequisite(s): ARTS 377, 378.
Notes: Lab Fee: $15. Offered in fall and spring.

420. Drawing IV (3:7).
Further continuation of the drawing sequence with emphasis on conceptual and compositional solutions to advanced drawing problems.
Prerequisite(s): ARTS 320.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

432. Sculpture III (3:7).
Study and development of kinetic forms in space with emphasis on contemporary materials and methods.
Prerequisite(s): ARTS 333.
Notes: Lab Fee: $25. Offered in fall and spring.

433. Sculpture IV (3:7).
Study of the figure as a form in space.
Prerequisite(s): ARTS 432.
Notes: Lab Fee: $25. Offered in fall and spring.

Introduction to basic techniques in stone and plate lithography.
Prerequisite(s): ARTS 336 or ARTS 337.
Notes: Lab Fee: $25. Offered in fall and spring.

Continued study in printmaking media with emphasis on more advanced traditional and contemporary techniques.
Prerequisite(s): ARTS 335, 336, or 337.
Notes: Lab Fee: $20. Offered in fall and spring.
COURSES

442. Painting III (3-7).
Emphasis on the student's personal creative expression and the continuing development of painterly skills.
Prerequisite(s): ARTS 343.
Notes: Offered in the fall, spring and summer. Lab Fee: $10.

443. Painting IV (3-7).
Continuation of the narrowing of focus to develop an individual expression.
Prerequisite(s): ARTS 442.
Notes: Offered in the fall, spring and summer. Lab Fee: $10.

450. Selected Topics in Art (3).
Pursuit of creative work on an individual basis, culminating in an honors project, exhibition, or thesis.
Prerequisite(s): 18 semester hours of course work in art and consent of the Department Chair.
Notes: Offered in fall, spring and summer.

451. Ceramics III (3-7).
Continuing explorations in hand and wheel throwing techniques. Exploratory experiences in clay body formulation and compounding glazes.
Prerequisite(s): ARTS 352.
Notes: Lab Fee: $45. Offered in the fall, spring and summer.

452. Ceramics IV (3-7).
Intermediate course study in either hand built or wheel thrown forms with an emphasis on the relationship between form and decoration.
Prerequisite(s): ARTS 451.
Notes: Lab Fee: $45. Offered in the fall, spring and summer.

455. Jewelry and Metals III (3-7).
Advanced work in jewelry and metals.
Prerequisite(s): ARTS 356.
Notes: Lab Fee: $25. Offered in fall and spring.

A design and practical exploration of forging and forming techniques used in the production of jewelry and metalwork.
Prerequisite(s): ARTS 455.
Notes: Lab Fee: $25. Offered in fall and spring.

470. Photography III (3-7).
Color photography. The various techniques for producing color images and the development of a color portfolio of an advanced standard.
Prerequisite(s): ARTS 371.
Notes: Lab Fee: $35. Offered in fall and summer.

471. Photography IV (3-7).
The Documentary Image. Work on this course will rely on the student's being situated in a social context of personal interest and will conclude with an exhibition resulting from the experience.
Prerequisite(s): ARTS 371.
Notes: Lab Fee: $35. Offered in fall and spring.

476. Drawing for Graphic Designer III (3-7).
Advanced problems in illustration. Emphasis on message rather than medium.
Prerequisite(s): ARTS 376.
Notes: Lab Fee: $10. Offered in fall and spring.

477. Advertising Design (3-7).
Research and conceptualization of all advertising visual media; the role of the graphic designer in the public sector.
Prerequisite(s): ARTS 379, 380.
Notes: Lab Fee: $25. Offered in fall and spring.

Problems in graphic design related to the communications media; use of photography in layouts and comprehensives.
Prerequisite(s): ARTS 379, 380.
Notes: Lab Fee: $10. Offered in fall and spring.

479. Graphics Design V (3-7).
Research and conceptualization of all visual media in publications design including magazines, newspapers and books.
Prerequisite(s): ARTS 477 or 478.
Notes: Lab Fee: $25. Offered in fall and spring.

480, 481. Special Topics in Art (1) (1).
Extended individual opportunities in studio art beyond existing departmental curriculum.
Prerequisite(s): Permission of the Chair of the Department of Art and Design.
Notes: Offered in fall, spring and summer.

482, 483, 484. Special Topics in Art (3) (3) (3).
Extends individual opportunities in studio art beyond existing departmental curriculum limits.
Prerequisite(s): Permission of the Chair, Department of Art and Design.
Notes: Lab Fee: $25 each. Offered in fall, spring and summer.

532. Sculpture V (3-7).
Development of design and technical skills in the student's specific area of interest.
Prerequisite(s): ARTS 433.
Notes: Lab Fee: $25. Offered in fall and spring.
533. Sculpture VI (3:7).
The conception and production of a unified professional body of work appropriate to a one-artist exhibition of sculpture.
Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $25. Offered in fall and spring.

Advanced study in printmaking media with a concentration of image formulation through advanced techniques and multi-color printing.
Prerequisite(s): ARTS 437.
Notes: Lab Fee: $25. Offered in fall and spring.

542. Painting V (3:7).
A continuation of the study of painting to develop professional, painterly skills through individual expression.
Prerequisite(s): ARTS 443.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

543. Painting VI (3:7).
Advanced study offering a thorough grounding in the discipline of painting.
Prerequisite(s): ARTS 542.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

551. Ceramics V (3:7).
Advanced study to develop a personal approach to the ceramic object. Exploration of glaze calculation and application.
Prerequisite(s): ARTS 452.
Notes: Lab Fee: $45. Offered in fall, spring and summer.

COURSES

ART EDUCATION (ARTE)

391. Principles of Teaching Art (3:2-2).
An examination of various research-based programs of instructional planning, methodology, classroom management, and evaluation of teaching and learning in art, K-12.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): ARTE 392, EDUC 390.
Notes: Offered in fall semester.

392. Field Experience in Teaching Art (1:0-8).
This course uses laboratory experiences equivalent to 28 half days to lead art students through an exploration and examination of various research-based programs of instructional planning, methodology, classroom management and evaluation of teaching and learning to complement content covered in ARTE 391.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): ARTE 391, EDUC 390.

450. Honors: Selected Topics in Art Education (3).
Independent research on a selected topic in art education, culminating in an honors thesis or project.
Prerequisite(s): 18 semester hours of education and art education and consent of the Department Chair.
Notes: Offered in the fall, spring and summer.

482, 483, 484. Special Topics in Art Education (3) (3) (3).
An in-depth study of selected topics or problems in Art Education.
Prerequisite(s): Permission of the Chair of the Department of Art and Design.
Notes: Offered in fall, spring and summer.

547. Art for Classroom Teachers (3:5).
Introduction to the aims, philosophies and creative studio experiences relevant to teaching art in the elementary school.
Prerequisite(s): Education major or permission of instructor. Admission to Teacher Education Program.
Notes: Lab Fee: $10. Offered in fall, spring and summer.

Prerequisite(s): Permission of instructor.
Notes: Lab Fee: $20. Offered in fall, spring and summer.

580. Current Issues in Art Education (3).
Intensive examination and analysis of current issues in contemporary art education.
Prerequisite(s): Permission of instructor.
Notes: Offered in fall, spring and summer.

ART HISTORY (ARTH)

175. Introduction to Art History from Prehistory Through The Middle Ages (3).
Survey of art and architecture in the major civilizations of Egypt, the Ancient Near East, Greece, Rome, Byzantium, Medieval Europe, India, China, Japan, and Africa.
Notes: Offered in fall, spring and summer.

176. Introduction to Art History from the Renaissance to the Present (3).
Survey of art and architecture in Western Civilizations, from the Renaissance to the present.
Notes: Offered in fall, spring and summer.
281. Arts of Africa, the Americas, Oceania (3).
A survey of the traditional art and architecture of the peoples of Africa, North and South America, and the South Pacific, with an emphasis on placing the arts within their social and cultural context.
Notes: Offered in fall and spring.

282. Arts of China, Japan, and India (3).
A survey of the art and architecture of the peoples of China, Japan, and India with an emphasis on their cultural context and historical interconnections.
Notes: Offered in fall and spring.

A cooperative education experience to provide training for the Art History major in a professional environment. A minimum of 6 hours of cooperative education may be applied toward the Bachelor of Fine Arts degree.
Prerequisite(s): Passage of Specialization portfolio review or special permission of the Chair of Art and Design.
Notes: Offered in the fall, spring and summer.

375. Ancient Art (3).
Survey of art and architecture from Prehistoric times through the Fall of the Roman Empire.
Prerequisite(s): ARTH 175 or permission of instructor.
Notes: Offered in fall and spring.

376. Medieval Art (3).
Survey of art and architecture from the Early Christian era through the Gothic period.
Prerequisite(s): ARTH 175 or permission of instructor.
Notes: Offered in fall and spring.

378. Renaissance & Baroque Art of Northern Europe (3).
Study of art and architecture in Northern Europe from the Renaissance through the early Eighteenth Century.
Prerequisite(s): ARTH 176 or permission of instructor.
Notes: Offered in fall and spring.

381. Arts of Africa (3).
A survey of the visual arts and architecture of Africa from pre-historic times to the present which places these arts within a framework of the historical and cultural contexts in which they were made.
Notes: Offered in fall and spring.

382. Arts of the Americas (3).
A survey of the visual arts and architecture made by people of Pre-Columbian Central and South America, prehistoric North America, and the traditional and contemporary arts of Native Americans of North America.
Notes: Offered in fall and spring.

385. Special Topics in Art History (3).
Study of a special problem in the history of art from antiquity to modern times, such as the individual artist, genre, theme, artistic movement or museum study.
Prerequisite(s): ARTH 175 and 176 or permission of the instructor.
Notes: Offered in fall, spring and summer.

450. Honors: Selected Topics in Art History (3).
Independent research on a selected topic in art history, culminating in an honors thesis of professional quality.
Prerequisite(s): Permission of the Chair, Department of Art & Design.
Notes: Offered in fall and spring.

476. Art History Methods (3).
Study of the methods, research techniques, literature, and resources used in art historical inquiry and writing.
Notes: Offered in fall and spring.

477. Women in Art (3).
Consideration of the images of women portrayed through art. The impact of feminism on art, and contributions of women artists, designers, and architects to the history of art.
Notes: Offered in fall and spring.

478. The Rise of Modernism (3).
Study of art and architecture in Europe and America from the late 18th century through the early 20th century.
Prerequisite(s): ARTH 176 or permission of instructor.
Notes: Offered in fall and spring.

479. Twentieth Century Art (3).
Study of art and architecture from the early 20th century to the present, with a focus on Europe and America.
Prerequisite(s): ARTH 176.
Notes: Offered in fall and spring.

480, 481, 482. Special Topics in Art History (3) (3) (3).
Study of a special problem in the history of art from antiquity to modern times, such as the individual artist, genre, theme, artistic movement or museum study.
Prerequisite(s): ARTH 175 and 176 or permission of the instructor.
Notes: Offered in fall, spring and summer.
COURSES

483-485. Special Topics in Non-Western Art (3).
Specialized study in one or more of the following:
Art and Architecture of Africa, the South Pacific,
North American Indian, Japan, China, India,
Caribbean and Latin American and Native
Americans of the Americas.
Notes: Offered in fall, spring and summer.

ART THEORY (ARTT)

110. Introduction to the Visual Arts (1).
A comprehensive introduction to the profes-
sional, social, historical, and personal prospectives
of the visual arts.
Prerequisite(s): Concurrent enrollment in one or
more of the following: ARTS 101, 102, 120 or 220
or 121.
Notes: Offered in fall.

298. Art Appreciation (3).
Survey of trends in art, traditional and contempo-
rary styles.
Notes: Does not count toward art and design
major or minor.
Offered in fall, spring and summer.

A cooperative education experience to provide
training for the ART major in a professional
environment. A maximum of 6 hours of
cooperative education may be applied toward the
Bachelor of Fine Arts degree.
Prerequisite(s): Passing of Specialization portfolio
review or special permission of the Chair of Art
and Design.
Notes: Offered in fall, spring and summer.

An introductory study and application of
professional practices and common guidelines
within the art museum and gallery environment
including the care and handling of art objects,
interpretation, facility design and exhibition
organization and design.
Prerequisite(s): ARTS 101 and 102; ARTH 175
and 176; and WRIT 102.
Notes: Offered in fall, spring and summer.

395. Art Criticism (3).
An intensive writing course with emphasis on art,
design, architecture, and art criticism.
Prerequisite(s): WRIT 101-102 and ARTH 175-
176.
Notes: Offered in fall and spring. Intensive
Writing course.

499. Senior Review (1).
Senior Review and final evaluation of all B.F.A.
students.
Prerequisite(s): Senior standing.
Notes: Offered in the fall and spring.

BIOLOGY (BIOL)

101. Human Biology (3).
A consideration of selected aspects of the
functioning of the human body and of bioethical
issues related to human health, heredity and
reproduction.
Notes: Offered in the fall, spring and summer.

106. Environment and Man (3).
A study of natural and human environments,
effects of humans on the environment and
environmental limits and future options.
Notes: Offered in the fall, spring and summer.

204. Principles of Biology (4:3-3).
An overview of biology, focused on the cell,
genetics, evolution, ecology, and animal behavior.
The laboratory emphasizes an experimental
approach to these areas.
Notes: Lab Fee: $20.
Offered in the fall, spring and summer.

205. General Botany (4:3-3).
A comprehensive study of fundamental structures
and functions of plants with detailed consider-
ation of representatives of the major divisions.
Prerequisite(s): BIOL 204.
Notes: Lab Fee: $20.
Offered in the fall and spring.

206. General Zoology (4:3-3).
A comparison of representatives of the major
animal phyla with emphasis on anatomy,
physiology, lifestyle and life history.
Prerequisite(s): BIOL 204.
Notes: Lab Fee: $20.
Offered in the fall and spring.

A sequence of investigative inquiries of selected
biological phenomena linked together by
discussions of related scientific methods and
principles. Restricted to Early Childhood and
Elementary Education majors.
Prerequisite(s): WRIT 102 and fulfillment of
General Education mathematics requirement.
Notes: Lab Fee: $20.
Offered in the fall and spring.
COURSES

The application of scientific method to investigations in biology, including hypothesis formulation, experimental design, data analysis, and report preparation.
Prerequisite(s): BIOL 204, 205, or 206; CHEM 105, 107; WRIT 102; MATH 101 or 140 or any MATH course with 101 as a prerequisite; students must have a minimum GPA of 2.00 in the biology and chemistry courses required for this course to enroll.
Notes: Intensive Writing and Oral Communication course.
Lab Fee: $20.
Offered in the fall and spring.

A grade of C or better in BIOL 300 is required to enroll in all biology courses numbered above 300 (except BIOL 303, 305, 306, 309, 461, and 463).

303. Field Botany (4:2-4).
A study of plants in their natural environment with field trips and collection, analysis, identification and preservation of plant specimens.
Notes: Offered in the fall of even years and summer. Lab Fee: $20.

305, 306. Fundamentals of Human Anatomy and Physiology (4:3-3) (4:3-3).
An introduction to the study of the structure and function of human organ systems. 305 covers digestive, respiratory, circulatory, excretory, and reproductive systems. 306 covers the skeletal, nervous, and sensory systems.
Prerequisite(s): WRIT 102 and completion of general education MATH requirement.
Notes: Lab Fee: $20 each.
Offered in the fall, spring and summer.

310. Microbiology (4:3-3).
An introductory survey of microbial activities, environment, diversity and economic importance. Bacterial and viral activities are emphasized.
Prerequisite(s): BIOL 204, 205, 206, 300 or NUTR 521; and CHEM 106, 108.
Notes: Lab Fee: $20.
Offered in the fall and spring.

315. Cell Biology (4:3-3).
An in-depth study of cellular structure, function and chemical composition. The laboratory seeks to develop skills in standard laboratory techniques in cellular, molecular, physiological and environmental studies. This course replaces BIOL 208, which we now wish to teach at junior level and more rigorously.
Prerequisite(s): BIOL 204, 205, 206, 300; CHEM 106, and 108.
Notes: Lab Fee: $25. Offered in the spring.

317. Genetics (3).
A study of the historical and contemporary aspects of the science of heredity with stress upon patterns and modes of inheritance.
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108.
Notes: Offered in the fall and spring.

318. Experimental Genetics (1:0-3).
Laboratory exercises dealing with fundamental concepts as well as recent advances in genetics.
Prerequisite(s): BIOL 204, 205, 206, 300, 317; CHEM 106, 108.
Notes: Lab Fee: $20. Offered in the fall of even years.

An introduction to the study of vertebrate tissues, including techniques for slide preparation.
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108.
Notes: Lab Fee: $20. Offered in the fall.

322. Developmental Biology (4:2-4).
A study of the ordered processes by which living systems, from cells to multicellular organisms, become structurally and functionally organized.
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108.
Notes: Lab Fee: $20. Offered in the spring of even years.

324. Human Anatomy and Physiology (4:2-4).
A study of how human organ systems are integrated and the cellular and subcellular control mechanisms involved in the maintenance of homeostasis. Laboratory is an equal mix of physiological experimentation and anatomical dissection.
Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108.
Notes: Lab Fee: $20. Offered in the spring.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student's major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours.
COURSES

Placement objectives must be approved by Department Chair prior to enrollment. Notes: For Biology majors only. A maximum of 3 hours may be applied toward a major in Biology. Credit will not be allowed for both BIOL 461/463 and 340. A grade of S or U is recorded. Offered in the fall, spring and summer.

403. Ecology (4:3-3).
A study of the pattern of relations between organisms and their environment including principles applicable to populations, bionic communities, ecosystems and biosphere. Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108. Notes: Lab Fee: $20. Offered in the fall.

450. Honors: Selected Topics in Biology (4).
In-depth independent inquiry into a selected biological subject. Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108. Notes: Lab Fee: $15. Offered in the fall, spring and summer.

461, 463. Academic Internships in Biology (1) (3).
An opportunity for biology majors to earn credit for experience gained through apprenticeship work under the supervision of trained professionals. Prerequisite(s): Open only to students majoring in biology or Medical Technology with a GPA of at least 2.0 in both major and overall. Prior approval from the department and Dean of the College of Arts and Sciences is required. Notes: Credit will not be allowed for both BIOL 461/463 and 340. A grade of S or U is recorded for these courses. Offered in the fall, spring and summer.

471. Undergraduate Research in Biology (3).
Students participate in scholarly research with a faculty member. Requires approval of Departmental Chair. Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108. Notes: Lab Fee: $20. Offered in the fall, spring and summer.

480. Integration of Biological Principles (3).
A series of lectures, reports, and discussions of biological principles taught in the core courses for the biology major. Historical development of unifying concepts will be analyzed. Prerequisite(s): BIOL 204, 205, 206, 300; one course from each of the four biology areas; and CHEM 106, 108; senior standing. Notes: Offered in the fall and spring.

491, 492. Departmental Seminar (0) (0).
Presentations of biological research by invited speakers. Prerequisite(s): BIOL 204, 205, 206, 300; and CHEM 106, 108. Notes: A grade of S or U is recorded for these courses. Both offered in the fall and spring.

505. Primate Biology (3).
A study of the morphology, behavior, ecology and evolutionary relationships of primates including prosimians, monkeys, apes and hominids. Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108; or ANTH 202 and permission of instructor. Notes: Offered in fall of odd years.

508. Invertebrate Biology (4:2-4).
An introduction to the biology of invertebrate animals with emphases on their physiology, anatomy and evolutionary relationships. Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108. Notes: Lab Fee: $25. Offered in fall of even years.

510. Vertebrate Natural History (4:2-4).
A course covering the evolution, distribution, ecology and physiology of all classes of fish, amphibians, reptiles, birds and mammals. Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108. Notes: Lab Fee: $20. Offered in spring of odd years.

511. Ornithology (4:2-4).
A lecture and field course in bird evolution, ecology, behavior and field identification. Prerequisite(s): BIOL 204, 205, 206 and 300 or permission of instructor. Notes: Lab Fee: $20. Offered in summer.

513. Organic Evolution (3).
A study of the mechanism of change in the genetic constitution of populations over time with consideration of historical progress toward our present understanding. Prerequisite(s): BIOL 204, 205, 206, 300 and 317; CHEM 106 and 108. Notes: Offered in fall.
515. Environmental Biology (4:2-4).
A study of the ways by which human activity alters natural ecosystems and affects human health.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $25. Offered in spring.

517. Human Genetics (3).
A comprehensive study of human genetics, especially covering the area of single gene defects, chromosome disorders, cancer, multifactorial inheritance, immunogenetics, behavior and populations.
Prerequisite(s): BIOL 204, 205, 206, 300 and 317; CHEM 106 and 108.
Notes: Offered in fall of odd years.

518. Animal Behavior (3).
A study of the mechanisms and patterns of animal activity, including principles of sociobiology.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Offered in spring of even years.

520. Entomology (4:2-4).
A study of the morphology, physiology, ecology and behavior of insects with emphasis upon recognition of major insect groups and techniques for preservation and identification.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $20. Offered in fall of odd years.

521. Cytogenetics (4:3-3).
A comprehensive study of the chemical and physical properties of chromosomes and their behavior and role in inheritance.
Prerequisite(s): BIOL 204, 205, 206, 300 and 317; CHEM 106 and 108.
Notes: Lab Fee: $20. Offered in fall of even years.

522. Immunology (4:2-4).
A study of immunity, of the nature and molecular aspects of the immune response, and of antibodies in the laboratory.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Lab Fee: $25. Offered in spring.

524. Advanced Botany (3).
Relationship of morphology and physiology to environmental factors that limit plant distribution and growth.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108.
Notes: Offered in spring of even years.

525. Mycology (4:3-3).
Survey of major fungal taxons with emphasis on field collection, identification, structural and functional studies; and methods of laboratory culture and experimentation.
Prerequisite(s): BIOL 204, 205, 206, 300 and 310; CHEM 106 and 108.
Notes: Lab Fee: $20. Offered in spring of odd years.

526. Applied Microbiology (4:3-3).
Examination of the technological and natural uses of microorganisms in medicine, food industry, agriculture and other fields of applied science.
Prerequisite(s): BIOL 204, 205, 206, 300 and 310; CHEM 106 and 108.
Notes: Lab Fee: $20. Offered in spring of even years.

527. Population Biology (4:3-3).
A survey of the population biology of plants and animals. Emphasizes the assessment and analysis of demographic factors (age, size and community interactions) that determine the abundance, distribution and diversity of natural populations.
Prerequisite(s): BIOL 300.
Notes: Lab Fee: $20.

Introduction to theory and methods used in studying biological and materials science-specimens by scanning and/or transmission electron microscopy.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106, 108 and CHEM 301, 302, 303, 304 or CHEM 310, 311.
Notes: Lab Fee: $50. Offered in spring of odd years.

540. Special Topics in Biology (3).
A detailed examination of specific subjects in biology.
Prerequisite(s): BIOL 204, 205, 206 and 300; CHEM 106 and 108; or graduate standing; or permission of instructor.
Notes: May be repeated for credit when different subjects are taught.

Offered on demand.
COURSES

541. Environmental Education I: Soils (1:0-2).
A workshop dealing with fundamental concepts of soil resource management and the methods of introducing the concepts into the instructional program.
Notes: Designed for teachers of grades 1-12. A grade of S or U is recorded. Offered in summer.

A workshop dealing with fundamental concepts of water resource management and the methods of introducing the concepts into the instructional program.
Notes: Designed for teachers of grades 1-12. A grade of S or U is recorded. Offered in summer.

A workshop dealing with the fundamental concepts of forest, range and wildlife resource management and the methods of introducing the concepts into the instructional program.
Notes: Designed for teachers of grades 1-12. A grade of S or U is recorded. Offered in summer.

556. Molecular Genetics and Recombinant DNA Techniques (4:3-3).
A molecular study of the processes of gene expression and replication in procaryotic and eucaryotic organisms and an examination of the recombinant DNA techniques used in genetic engineering.
Prerequisite(s): BIOL 204, 205, 206, 300, 317; and CHEM 106, 108.
Notes: Lab Fee: $35. Offered in spring of even years.

BUSINESS ADMINISTRATION (BADM)

180. Contemporary Business Issues (3).
An introduction to management issues emphasizing the integrative aspects of the functional areas of business. This course will serve as a foundation for a student’s business education.

340 A, B, C. Cooperative Educational Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student’s major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum 24 earned undergraduate semesters hours (12 earned at Winthrop University).
Notes: For Business Administration majors only. Courses may be repeated for credit; however a maximum of 3 hours may be applied toward a degree in Business Administration. A grade of S or U is recorded for this course. Offered in fall, spring and summer.

371. Introduction to Entrepreneurship (3).
Through a hands-on laboratory experience, this course investigates the resources available for developing a feasibility study to be used in the formation of a new business venture.
Notes: Offered in the fall and spring.

372. Entrepreneurial Financing and Venture Capital (3).
The focus of this course is on entrepreneurial financing including the raising and managing of venture capital. Risk management, financial planning and forecasting are tools to develop proforma statements.
Prerequisite(s): BADM 371 and ACCT 202.
Notes: Offered on demand.

450. Honors: Selected Topics in Business Administration (3).
Notes: Offered on demand.

491. Internship in Entrepreneurship (3).
The internship in entrepreneurship provides opportunities for students to integrate course work into practical work settings. This course applies the academic and conceptual to the practical; students supervised by faculty, will work a minimum of 150 hours during a semester or summer term.
Prerequisite(s): 2.0 GPA and must have completed BADM 371 and one additional entrepreneurship option course.
Notes: Permission of instructor required. Offered in fall and spring. A grade of S or U will be recorded.

525. Entrepreneurial Strategy (3).
This course focuses on the challenges and opportunities associated with control, growth and transition of developing businesses. The course identifies the critical factors that lead to success or failure and utilizes them in evaluation of present
business situations.  
Prerequisite(s): BADM 372 or graduate standing.  
Notes: Offered in fall and summer.

553. International Business (3).  
Prerequisite(s): MGMT 321, MKTG 380.

595. Research in Business Administration (3).  
Prerequisite(s): Permission of the Dean of the School of Business Administration.  
Notes: Offered in fall and spring. Summer is offered on demand.  
May be retaken for additional credit.

CHEMISTRY (CHEM)  
In the following listing of courses, the lecture and laboratory courses are listed separately. Concurrent registration on the same grade and credit basis or prior passing of corequisite courses is required. Concurrent dropping or withdrawal of corequisite courses, if necessary, is also required.

A student may not receive credit in both of the following pairs of courses: CHEM 310 and either CHEM 301 or CHEM 302, CHEM 311 and either CHEM 303 or CHEM 304.

105-106. General Chemistry (3-4) (3-4).
An introductory chemistry course for those who intend to major in the sciences. Three lecture hours and one recitation per week.  
Prerequisite(s): One unit of high school algebra; CHEM 105 and 107 are prerequisite to 106.  
Corequisite(s): CHEM 107-108.  
Notes: Offered in the fall, spring and summer.

107-108. General Chemistry Laboratory (1-0-3) (1-0-3).
Laboratory exercises to accompany CHEM 105-106.  
Prerequisite(s): CHEM 107 is prerequisite to CHEM 108.  
Corequisite(s): CHEM 107-108.  
Notes: Lab Fee: $35 each.  
Offered in the fall, spring and summer.

A study of the fundamental principles which provide the basis of chemical science and their historical development and applications in terms of chemical language, nomenclature, and descriptive chemistry of common substances.  
Notes: Lab Fee: $20.  
Offered on sufficient demand.

301-302. Organic Chemistry (3) (3).
Study of the structure, preparation and chemical and physical properties of organic compounds.  
Prerequisite(s): CHEM 106 and 108.  
Corequisite(s): CHEM 303-304.  
Notes: A student may not receive credit for CHEM 310 (or equivalent) and either CHEM 301 or 302. Offered in the fall, spring and summer.

303-304. Organic Laboratory (1-0-3) (1-0-3).  
Corequisite(s): CHEM 301-302.  
Notes: A student may not receive credit for CHEM 311 (or equivalent) and either CHEM 303 or 304. Lab Fee: $35 each.  
Offered in the fall, spring and summer.

Prerequisite(s): CHEM 106 and 108.  
Corequisite(s): CHEM 311.  
Notes: A student may not receive credit for CHEM 301 and/or 302 (or equivalent) and this course. Offered in fall and summer.

311. Organic Chemistry Essentials Lab (1-0-3).
Laboratory exercises to accompany CHEM 310.  
Corequisite(s): CHEM 310.  
Notes: A student may not receive credit for CHEM 303 or 304 (or equivalent) and this course. Lab Fee: $25.  
Offered in the fall and summer.

313. Quantitative Analysis (3).  
A study of some of the classic and modern techniques of quantitative chemical analysis and their theoretical bases.  
Prerequisite(s): CHEM 106 and 108.  
Corequisite(s): CHEM 314.  
Notes: Offered in the fall.

314. Quantitative Analysis Lab (1-0-3).  
A laboratory course to apply modern analysis technology.  
Prerequisite(s): CHEM 106 and 108.  
Notes: Lab Fee: $35.  
Offered in the fall.

317. Environmental Chemistry (3).  
A study of modern environmental chemistry topics: CFC's and ozone depletion, photochemical smog, acid rain, particulates, greenhouse effect, indoor air pollution, asbestos, radon, pesticides, PCB's, PAH's, dioxins, water quality and treatment, heavy metals in soils, and energy sources.  
Prerequisite(s): CHEM 106, 108.  
Notes: Offered in the fall.
COURSES

330. Introductory Inorganic Chemistry (3).
Introduction to principles of inorganic chemistry including electronic structure of atoms, theories of structure and bonding, and descriptive chemistry of the elements.
Prerequisite(s): CHEM 105, 106, 107, 108.
Notes: Offered in the spring.

332. Inorganic Chemistry Laboratory (1:0-3).
Synthesis and characterization of inorganic compounds including main group, transition metal, and organometallic species.
Corequisite(s): CHEM 330.
Notes: Offered in fall semester. Lab Fee: $35.

340 A, B, C. Cooperative Education Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student's major or career interests.
Prerequisite(s): 2.5 GPA and minimum of 24 earned undergraduate semester hours. Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For chemistry majors only. Courses may be repeated for credit. Hours do not count toward required hours in Chemistry.
A grade of S or U is recorded.
Offered in the fall, spring and summer.

351. Independent Study (1) (2) (3).
Independent study at the sophomore/junior level.
Prerequisite(s): CHEM 105.
Notes: Lab Fee: $35. A grade of S or U is recorded. Offered in the fall, spring and summer.

407-408. Physical Chemistry (3) (3).
A calculus-based study of the theoretical foundations of chemistry.
Prerequisite(s): PHYS 202 or 212 and MATH 202.
Prerequisite or parallel: CHEM 313 and 314.
Corequisite(s): CHEM 409-410.
Notes: Offered in the fall and spring.

409-410. Physical Chemistry Laboratory (1:0-3) (1:0-3).
Corequisite(s): CHEM 407-408.
Notes: Lab Fee: $35 each. Offered in the fall and spring.

450. Honors: Selected Topics in Chemistry (3).
An in-depth independent inquiry into a selected topic in Chemistry.
Prerequisite(s): Permission of the Chairperson.
Notes: Offered in fall and spring.

461, 462, 463. Academic Internships in Chemistry (1) (2) (3).
Prerequisite(s): Open only to students majoring in chemistry. Prior approval from the Department Chair and Dean of the College of Arts and Sciences is required.
Notes: A grade of S or U is recorded.
Offered in fall, spring and summer.

490. Seminar (1).
Prerequisite(s): 12 hours of CHEM and consent of the instructor. May not be taken more than three times for credit.
Notes: Offered in the fall.

502. Instrumental Analysis (3).
A study of contemporary methods and techniques of analysis of inorganic and organic materials.
Prerequisite(s): CHEM 407 and 409.
Corequisite(s): CHEM 503 and 504.
Notes: Offered in spring.

503. Instrumental Analysis Laboratory (1:0-3).
Prerequisite(s): CHEM 407 and 409.
Corequisite(s): CHEM 502.
Notes: Lab Fee: $35. Offered in spring.

504. Instrumental Data Interpretation (1:0-3).
Interpretation of spectral, chromatographic and electrochemical data.
Corequisite(s): CHEM 502 and 503.
Notes: Lab Fee: $35. Offered in spring.

515. Special Topics in Chemistry (3).
Topics in chemistry selected by the instructor. May be repeated for credit.
Prerequisite(s): Junior standing and permission of instructor.
Notes: Offered in fall or spring.
May be retaken for additional credit.

521. Biochemistry (3).
A study of biomolecules, bioenergetics, biosynthesis and genetic information.
Prerequisite(s): CHEM 302 and 304 or CHEM 310 and 311.
Notes: Offered in the fall.

522. Biochemistry Laboratory (1:0-4).
A laboratory course to be taken in conjunction with the biochemistry lecture course, CHEM 521. Course will meet for eleven four-hour laboratory periods.
Pre or Corequisite(s): CHEM 521.
Notes: Lab Fee: $35.
Offered in the fall.
523. Biochemistry I (3).
A study of the structure, chemistry and macromolecular interactions of biochemical systems; enzyme mechanisms and kinetics, bioenergetics, intermediary metabolism, principles of biochemical techniques and molecular genetics. Prerequisite(s): CHEM 302.
Notes: Offered in fall.

524. Biochemistry II (3).
A study of the structure, chemistry and macromolecular interactions of biochemical systems; enzyme mechanisms and kinetics, bioenergetics, intermediary metabolism, principles of biochemical techniques and molecular genetics. Prerequisite(s): CHEM 302 and 523.
Notes: Offered in spring.

525. Biochemistry Laboratory Techniques (1:0-3).
Laboratory emphasizes modern biochemical techniques of protein purification, assaying enzyme activity and enzyme kinetics. Prerequisite(s): CHEM 304, CHEM 523. Corequisite(s): CHEM 524.
Notes: Lab Fee: $35. Offered in spring.

530. Inorganic Chemistry (3).
An intermediate level study of atomic and molecular structure, bonding, crystals, coordination compounds and selected topics. Prerequisite(s): CHEM 408, 410 and PHYS 202 or 212. Corequisite(s): CHEM 408, 410 and PHYS 202 or 212.
Notes: Offered in spring of even years.

541. Computational Chemistry (3).
The course examines theoretical principles on which molecular modeling methods are based. Students develop an extensive expertise in the capabilities and limitations of semiempirical - abinitio structural methods. Prerequisite(s): CHEM 407 and 409.
Notes: Offered on demand.

551. Research (3).
Prerequisite(s): CHEM 407, 409 and permission of instructor.
Notes: Lab Fee: $35. A grade of S or U is recorded. Offered in fall, spring and summer.

552. Research (3).
Prerequisite(s): CHEM 551 or equivalent.
Notes: May be taken for credit a maximum of three times. Lab Fee: $35. A grade of S or U is recorded. Offered in fall, spring and summer.

553. Independent Study in Chemistry (3:0-9).
Directed advanced research. Prerequisite(s): Permission of chair, Department of Chemistry and CHEM 552.
Notes: Lab Fee: $35. Offered in fall, spring and summer.

CHINESE (CHIN)

101. Elementary Chinese (3:3-2).
No credit for CHIN 101 without CHIN 102, unless specific criteria are met. Notes: Lab Fee: $15. Offered in the fall.

102. Elementary Chinese (3:2-2).
No credit for CHIN 101 without this course, unless specific criteria are met. Prerequisite(s): CHIN 101.
Notes: Lab Fee: $15. Offered in the spring.

201. Intermediate Chinese (3:3-1).
The four basic language skills will be emphasized (understanding, speaking, writing, and reading). Cultural material, whenever appropriate, will be included to augment class discussions. Prerequisite(s): CHIN 102 or permission of instructor.
Notes: Offered on demand.

A continuation of the skills learned in Chinese 201. The study of Chinese culture is also emphasized. Notes: Offered on demand.

CLASSICS (CLAS)

105. Current Use of Greek and Latin in English (3).
Word study and vocabulary building. Notes: Offered on demand.

106. Classical Mythology (3).
Study of major Greek and Roman myths and their relevance in modern times. Notes: Offered on demand.
COURSES

COMMUNITY VOLUNTEER SERVICE (CMVS)

201. Introduction to Community Volunteer Service (3).
A study of the theoretical, historical, and practical aspects of volunteerism with emphasis on community service addressing regional problems and needs.
Prerequisite(s): Sophomore status.
Notes: Offered on demand.

COMPUTER SCIENCE (CSCI)

101. Introduction to Computers and Information Processing (3:1.5-3).
This course constitutes a survey of computers and their uses. In the laboratory, students use microcomputers to learn software packages such as word processing, spreadsheets, database, e-mail, and accessing the Internet.
Notes: Degree credit will not be given for both CSCI 101 and CSCI 105 or CSCI 101 and 110. Offered in the fall, spring and summer.

105. Introduction to Microcomputer Applications (1:0-3).
A course that is the laboratory component of CSCI 101/CSCI 110. The course is intended for transfer students who have completed the equivalent of the lecture component of CSCI 101/CSCI 110, but who need instruction in the laboratory component.
Notes: Degree credit will not be given for both CSCI 101 and 105 or CSCI 110 and 105. Offered in the fall, spring and summer.

An introductory course in which no prior computing or programming experience is assumed. This course is more appropriate than CSCI 101 for students with no prior programming experience who might take CSCI 207. It is also appropriate for students desiring a more technical course than CSCI 101.
Corequisite(s): MATH 101 or equivalent.
Notes: Degree credit will not be given for both CSCI 101 and 110 or CSCI 105 and CSCI 110. Offered in the fall and spring.

151. Overview of Computer Science (3:2-2).
This course is oriented toward mathematics and science majors. A wide range of topics in Computer Science will be studied.
Notes: Offered on demand.

207. Introduction to Computer Science I (4:3-2).
An introduction to problem-solving methods, algorithm development, and a high-level programming language. Procedural and data abstraction are emphasized early in the course. Students learn to design, code, debug, and document programs using proper preprogramming techniques.
Prerequisite(s): CSCI 101 or 110 (strongly recommended), or high school equivalent, and MATH 101.
Notes: Students expecting to take CSCI 208 should take MATH 261 with CSCI 207.
Offered in the fall and spring.

208. Introduction to Computer Science II (4:3-2).
A continuation of CSCI 207. The course continues the development of procedural and data abstraction and introduces the student to elementary data structures (lists, stacks, queues, and trees), file structures, and algorithm analysis. Students design, code, debug, and document programs using proper techniques.
Prerequisite(s): A C or better in CSCI 207; MATH 261 or 300.
Corequisite(s): A C or better in CSCI 207; MATH 261 or 300.
Notes: Offered in the fall and spring.

211. Introduction to Assembly Language and Computer Architecture (3).
A study of the basic techniques of assembly language programming and an introduction to the conventional machine level of computers. The course includes the study of the function and operations of the assembler, the study of the architecture and operations of processors, and the interface to high-level languages.
Prerequisite(s): CSCI 208, MATH 261 or 300.
Notes: Offered in spring.

271. Algorithm Analysis and Data Structures (3).
The study of the structure of data and the efficient manipulation of such structure.
Algorithm analysis and design and the appropriate use of recursion are emphasized.
Prerequisite(s): A grade of C or better in CSCI 208; MATH 261 or 300, MATH 201 or 105.
Notes: Offered fall and spring.
The following one-hour courses, CSCI 291, 292, 294, 297, and 298, provide students with a vehicle for learning a specific programming language. Each student must write a series of programs in the language, and be knowledgeable in the details of the language. Each course is self-paced and supervised.

291. The COBOL Language (1).
Prerequisite(s): A grade of C or better in CSCI 208.
Notes: Offered in fall.

292. The FORTRAN Language (1).
Prerequisite(s): A grade of C or better in CSCI 208.
Notes: Offered on demand.

294. Local Operating Systems and Programming Languages (1).
A course for students with transfer credit for a course in the principles and methods of programming. The course presents information about local computer systems that is necessary for the student to be able to use those systems effectively.
Prerequisite(s): Permission of Instructor.
Notes: Offered on demand.

297. The Ada Language (1).
Prerequisite(s): A grade of C or better in CSCI 208.
Notes: Offered on demand.

298. The C++ Language (1).
Prerequisite(s): A grade of C or better in CSCI 208.
Notes: Offered on demand.

Students may not enroll in CSCI courses numbered above 299 unless they have at least a 2.00 grade-point average, at least 54 semester hours and a grade of C or better in WRIT 102.

An introduction to the concepts and methods of constructing the hardware and software of a computer system. The course emphasizes the study of the digital logic components, the microprogramming language that supports a machine language, and exposure to advanced computer architectures.
Prerequisite(s): A grade of C or better in CSCI 211.
Notes: Offered in fall.

325. File Structures (3).
The study of external storage devices and file organization techniques for such devices. The course includes an in-depth treatment of the space and time efficiency of each file organization studied.
Prerequisite(s): MATH 261 or 300, and a grade of C or better in CSCI 208.
Notes: Offered in fall.

327. Social Implications of Computing (2).
A study of the social influences of technology (computers) on society. Topics include computing ethics, professional responsibility, intellectual property, privacy, access, and the law.
Prerequisite(s): Junior standing and consent of the Department.
Notes: Offered in spring.

340 A, B, C. Cooperative Educational Experience (1) (2) (3).
Provides on-the-job training in a professional field related to a student's major or career interests. Credit of 1, 2 or 3 semester hours for a minimum of 15, 30 or 40 hours per week for a minimum of 14 weeks. This course may not be counted as a Computer Science elective in the Bachelor of Science degree program in Computer Science. Co-op students are required to register for this course each semester they are working.
Prerequisite(s): 2.5 GPA and permission of the Chair of the Department of Computer Science and Quantitative Methods.
Notes: For Business Administration majors only. Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in Business Administration. Offered fall, spring and summer. A grade of S or U is recorded for this course.

355. Database Processing (3).
The study of the fundamental concepts and principles of database systems and processing. Four database models are considered: entity-relationship, relational, network, and hierarchical. Normalization and binary relationship design methods are studied. The student generates, creates, loads, and accesses a database using at least two existing Database Management Systems.
Prerequisite(s): CSCI 325 and either CSCI 291, 292, or 296 (CSCI 291 suggested). 
Notes: Offered in spring.
COURSES

371. Theoretical Foundations (3).
Relations and functions; elementary graph theory; automata and language theory; computability theory.
Prerequisite(s): MATH 261, CSCI 208.
Notes: Offered in spring.

381. Numerical Algorithms (3).
A survey of numerical methods for solving elementary mathematical problems. The course includes finding roots of equations, numerical integration and differentiation, interpolation and extrapolation, spline functions, and solving simultaneous equations.
Prerequisite(s): CSCI 208 and MATH 201.
Notes: Offered every odd year in the spring.

391. Programming in Visual Basic (1).
An introduction to the Visual Basic programming system.
Prerequisite(s): CSCI 271 or 325 or permission of instructor.

392. Programming in Java (1).
An introduction to the Java programming language.
Prerequisite(s): CSCI 271 or 325 or permission of the instructor.

A survey of the function of an operating system and the concepts necessary for the design of an operating system. Students are required to program a part of a subsystem.
Prerequisite(s): A grade of C or better in CSCI 211.
Notes: Offered in spring.

431. Organization of Programming Languages (3).
The study of different types of languages and the run-time behavior of programs. Students are introduced to language design and translation and are given a detailed treatment of lexical analysis.
Prerequisite(s): CSCI 211, 271 and 371.
Notes: Offered in fall.

The study of the geometry, mathematics, algorithms, and software design techniques of computer graphics. Students are required to program parts of a graphics application package.
Prerequisite(s): MATH 101 or 103 or 201, MATH 261 or 300, and a grade of C or better in CSCI 208.
Notes: Offered every even year in the fall.

This course is to acquaint the student with significant uses to which computer graphics commonly is applied and to develop an understanding of 2D and 3D geometry used in computer graphics.
Prerequisite(s): A grade of C or better in CSCI 208 and in one of MATH 105, or 201 or 300.
Notes: Offered every odd year in spring.

455. Network Processing (3).
An introduction to the concepts, configurations, and methods of communication between computer systems. Uses the OSI model to study the functions and implementations of network systems. Students are provided in-depth experience with several existing network systems, and study the problem of developing programs to operate across a network.
Prerequisite(s): CSCI 271 or 325.
Notes: Offered every odd year in the fall.

461. Translator Construction (3).
A formal treatment of programming language translation and compiler design concepts. Students are required to write a compiler for a small block-structured language.
Prerequisite(s): CSCI 431.
Notes: Offered every even year in the spring.

470. Parallel Computing (3).
A survey of computer architectures that support parallel computing. Also involves a study of parallel algorithms to utilize the power of such computers.
Prerequisite(s): CSCI 271 and CSCI 311.
Notes: Offered every even year in the fall.

475. Software Engineering I (3).
The study of the basic principles of structured systems analysis and software requirements specification. Data flow diagrams, object-oriented analysis, and current charting techniques are emphasized in creating specification documents.
Prerequisite(s): CSCI 271 or 325.
Notes: Offered in fall.

476. Software Engineering II (3).
The study of formal software design principles emphasizing an engineering approach to the software development process. Students are required to participate in a team project. The project is the design, development, testing, and implementation of a software system.
Prerequisite(s): CSCI 475.
Notes: Offered in spring.
481. Special Topics in Computer Science (3).
An intensive investigation and analysis of a computer science problem or topic.
Prerequisite(s): Approval of instructor.
Notes: Offered every odd year in the fall.

CRITICAL ISSUES SYMPOSIUM (CISM)

The Critical Issues Symposium is required for all first-time entering freshmen. It is intended to develop critical reasoning and small group discussion skills and to introduce students to differing perspectives on major contemporary issues and to speakers of national prominence. Classes will meet once a week in small groups with a seminar director.

102. Critical Issues Symposium (1).
Continuation of CISM 101.

DANCE APPLIED TECHNIQUE (DANA)

101. Beginning Modern Dance (1:2).
Notes: Offered in the fall.

102. Intermediate Modern Dance (1:2).
Prerequisite(s): DANA 101 or equivalent.
Notes: Offered in the spring.

104. Beginning Ballet (1:2).
Notes: Offered in the fall.

105. Intermediate Ballet (1:2).
Prerequisite(s): DANA 104 or equivalent.
Notes: Offered in the spring.

111. Modern Dance Ia (1:3).
Intensive course for the dance major in the fundamentals of modern dance.
Prerequisite(s): Placement audition or permission of instructor.
Notes: May be repeated for credit.
Offered in the fall.

112. Modern Dance Ib (1:3).
Continuation of materials in DANA 111.
Prerequisite(s): DANA 111 or permission of the instructor.
Notes: May be repeated for credit.
Offered in the spring.

121. Ballet Ia (1:3).
Intensive course for the dance major in beginning ballet technique.
Prerequisite(s): Placement audition or permission of the instructor.
Notes: May be repeated for credit.
Offered in the fall.

122. Ballet Ib (1:3).
Continuation of materials in 121.
Prerequisite(s): DANA 121 or permission of the instructor.
Notes: May be repeated for credit.
Offered in the spring.

211. Modern Dance IIa (1:3).
Intensive intermediate level modern dance techniques.
Prerequisite(s): DANA 112 or permission of instructor.
Notes: May be repeated for credit.
Offered in the fall.

212. Modern Dance IIb (1:3).
Continuation of materials in DANA 211.
Prerequisite(s): DANA 211 or permission of instructor.
Notes: May be repeated for credit.
Offered in the spring.

221. Ballet IIa (1:3).
Intensive transition to intermediate ballet.
Prerequisite(s): DANA 122 or permission of the instructor.
Notes: May be repeated for credit.
Offered in the fall.

222. Ballet IIb (1:3).
Intensive course in intermediate ballet techniques.
Prerequisite(s): DANA 221 or permission of the instructor.
Notes: May be repeated for credit.
Offered in the spring.

230. Dance Training and Conditioning (1).
A training program for dancers and performing artists which provides sound principles and approaches to the development of a fitness level and body awareness appropriate for each person.
Notes: Offered in the spring.

240. Tap Dance I (1:2).
Study and practice of the basic elements of tap dance and their use in simple combinations.
Notes: Offered in the fall.
COURSES

241. Tap Dance II (1:2).
A continuation of DANA 240 Beginning Tap Dance.
Prerequisite(s): DANA 240 or permission of instructor.
Notes: Offered in the spring.

244. Survey of Recreational Dance Forms (1:2).
A survey of folk, round and square, and social recreational forms of dance.
Notes: Offered in the fall alternate years.

246. Social Dance (1:2).
Notes: Offered in the fall and spring.

251. Jazz Technique I (1:2).
Notes: Offered in the fall.

252. Jazz Technique II (1:2).
Prerequisite(s): DANA 251 or equivalent.
Notes: Offered in the spring.

258. World Dance Forms (1:2).
A study of the fundamental movement elements associated with a survey of world dance forms.
Notes: Offered in the fall, alternate years.

311. Modern Dance IIIa (1:3).
Intensive advanced level modern dance technique.
Prerequisite(s): DANA 212 or permission of the instructor.
Notes: May be repeated for credit. Offered in the fall.

312. Modern Dance IIIb (1:3).
Continuation of materials in DANA 311.
Prerequisite(s): DANA 311 or permission of the instruction.
Notes: May be repeated for credit. Offered in the spring.

321. Ballet IIIa (1:3).
An intensive technique course for those who have excelled in intermediate ballet and require continuation of challenging work to either achieve or maintain advanced ballet technique.
Prerequisite(s): Permission of instructor.
Notes: May be repeated for credit. Offered in the fall.

322. Ballet IIIb (1:3).
A continuation of DANA 321, Ballet IIIa.
Prerequisite(s): DANA 321 or permission of instructor.
Notes: May be repeated for credit. Offered in the spring.

440. Dance Performance and Production:
Dance Theatre (1:3).
Prerequisite(s): Audition.
Corequisite(s): Enrollment in one of the following: DANA 111, 112, 121, 122, 211, 212, 221, 222, 311, or 312.
Notes: May be repeated for credit. Offered in the fall and spring.

DANCE THEORY (DANT)

110. Introduction to Dance (1).
An overview of the field of dance; benchmarks in the history of dance; professional career options; health and care of the dancer's body; the study of dance.
Notes: Designed for students entering/considering serious study of dance. Offered in fall.

200. Improvisation (1:2).
Exploration of Laban principles of Time, Space, Weight and Flow through structured improvisations. Emphasis is placed upon conceptualizing the problem and the dancer's instantaneous response to various catalysts.
Prerequisite(s): One technique class.
Corequisite(s): One technique class.
Notes: Offered in fall.

201. Choreography I (3).
Exploration, experimentation, and manipulation of rudimentary dance ideas resulting in phrases and studies which have repeatable, recognizable form.
Prerequisite(s): DANT 200 and DANA 112, 256 or equivalent.
Notes: Offered in spring.

205. Music for Dance (3).
A study of the fundamental elements of music literature in relationship to the dynamics, rhythms, and intents of dance movement.
Notes: Offered in the spring.

206. Dance Production (3).
Dance production theory and application skills to enable one to be knowledgeable about the technical, organizational, publicity, and dance considerations demanded in small and large scale productions.
Notes: Offered in the spring, Lab Fee: $10.
COURSES

298. Dance Appreciation (3).
A survey of the significant developments in dance in relation to the other arts from the prehistoric period through the 20th century. Notes: Offered in fall and spring.

301. Choreography II (3).
Pre-classic music and modern art sources from selected time periods serve as stimuli for dance studies, solo, and small group dance pieces. Prerequisite(s): DANT 201. Notes: Offered in spring.

331. Seminar: Career Planning in Dance (1).
Lecture, research, and discussion to introduce both immediate and life-long career options and planning for the Dance Major. Prerequisite(s): DANT 111, 112, 121, 122, or equivalent. Notes: Offered variable times.

340. Cooperative Education Experience in Dance (3) (2) (1).
A cooperative education experience in a specified area of Dance that provides on-the-job training in a professional field related to a student's major or career interests. Prerequisite(s): Overall GPA of 2.5, junior status, permission of Chair. Notes: A grade of S or U is recorded. Offered in fall, spring and summer.

372. Scientific Analysis of Dance (3-2-2).
The synthesis of the science of human motion and the art of dance as applied to the facilitation of excellence in performance and the reduction of dance injury. Prerequisite(s): Completion of DANA 211 and 221 or equivalent. Notes: Offered in fall.

385. Dance History: Primitive Cultures through 19th Century (3).
An analysis of dance from primitive cultures through the 19th century tracing its role as ritual, art form or popular entertainment within the social and political context of the time. Prerequisite(s): Junior status. Notes: Offered in fall.

386. Dance History: Twentieth Century (3).
The study of continuing and new trends in theatre dance forms in Western and Eastern cultures through live performance, visual, and print media. Prerequisite(s): Junior status. Notes: Intensive Writing course. Offered in spring.

391. Principles of Teaching Dance: Curriculum and Pedagogy (3).
Synthesizes curriculum practice K-12 in dance; design, development and evaluation. Addresses specific instructional needs and techniques in diverse settings. Prerequisite(s): Admission to Teacher Education, DANT 541 or 542, 543. Corequisite(s): DANT 392, EDUC 390, DANT 541 or 542 (the 541 and 542 are offered Fall semester alternate years-starting with 3rd year student. Notes: Offered in the fall.

392. Field Experience in Teaching Dance (1:0-8).
This course uses laboratory experiences equivalent to 28 half days to lead dance education students through an exploration and examination of various research-based programs of instructional planning, methodology, classroom management, and evaluation of teaching and learning to complement content covered in DANT 391. Prerequisite(s): Admission to Teacher Education. Corequisite(s): DANT 391, EDUC 390. Notes: Offered in the fall.

393-399. Special Topics in Dance (1, 2, or 3).
Extension of individual opportunities in dance beyond existing departmental curriculum limits. Prerequisite(s): Junior status. Notes: Offered in fall and spring.

401. Choreography III (3).
Experimentation in the nonliteral dance forms and choreographic techniques. Prerequisite(s): DANT 301. Notes: Offered in the fall.

430. Seminar: Contemporary Dance (2).
The observation, study, and critiquing of contemporary dance companies and choreographers in a live and videotaped setting. Prerequisite(s): DANT 201; or permission of the instructor. Notes: Offered in the spring. Lab Fee: $30.
COURSES

490-499. Independent Study in Dance (1, 2, or 3).
An individually designed study specific to the aptitudes and interests of the student.
Prerequisite(s): Permission of Chair of Theatre and Dance.
Notes: Offered in the fall and spring.

541. Instructional Strategies: Creative and Recreational Dance (3-2-2).
The use of pedagogical principles for the conduct and organization of dance lessons in creative and recreational dance.
Prerequisite(s): One course in modern dance, DANT 200 or equivalent, DANA 244, or permission of instructor.
Notes: Offered in fall.

542. Instructional Strategies: Modern, Jazz, Ballet (3-2-2).
The use of pedagogical principles for the conduct and organization of dance lessons in modern, jazz and ballet.
Prerequisite(s): DANT 372 and three of the following: DANA 112, 122, 211, 212, 221, 222, 311, 312, or permission of instructor.
Notes: Offered in fall.

543. Instructional Strategies: Dance Practicum (1:2).
An applied apprenticeship in teaching dance.
Prerequisite(s): DANT 541 or 542.
Notes: Offered in the fall and spring.

598. Special Topics in Dance (1) (2) (3).
Extension of individual opportunities in dance beyond existing departmental curriculum limits.
Prerequisite(s): Permission of chair, Department of Theatre and Dance.
Notes: Offered in the fall and spring. May be retaken for additional credit.

EARLY CHILDHOOD EDUCATION (ECED)

301. Child Development I Laboratory (1:0-2).
Study of child behavior through participation in a nursery school laboratory setting.
Corequisite(s): ECED 331.
Notes: A grade of S or U is recorded. Offered in fall and spring.

331. Child Development I (2).
Study of child behavior and influences upon the individual's development. Basic concepts and principles of development with an emphasis on the young child at home, in school, and in the community.
Notes: Offered in fall and spring.

332. Introduction to Early Childhood Education (3).
A study of national early childhood models (N-3rd grade), day care, Head Start, and other preschool facilities; state and federal regulations and history, societal changes, and contemporary trends.
Notes: Offered in fall and spring.

333. Creative Activities for Young Children (3).
A study of concepts and content including room arrangement in the early childhood curriculum, methods and materials for developing creativity, and a review of relevant research. Observation and participation in a nursery school/kindergarten and primary grades. Follow-up conference with classroom teachers and college faculty.
Prerequisite(s): ECED 301, 331 and admission to Teacher Education Program.
Notes: Offered in fall and spring.

391. Principles of Teaching Early Childhood Education (3).
The student will understand the process by which an early childhood education educator develops appropriate instructional approaches by incorporating instructional strategies, selecting management techniques and developing and/or selecting appropriate assessment instruments.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Offered in fall.

392. Field Experiences in Teaching Early Childhood Education (1:0-8).
Students will spend 8 hours per week in the classroom under the supervision of an early childhood education professor and will work with a mentor teacher, in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): EDUC 390 and ECED 391.
Notes: A grade of S or U is recorded. Offered in fall.

432. Teaching Mathematics in Early Childhood Education (2).
A survey of the content and concepts of the early childhood mathematics curriculum. A study of methods and materials, and a review of relevant
research.
Prerequisite(s): ECED 332, 333 and admission to Teacher Education Program.
Notes: Offered in fall.

433. Teaching Science in Early Childhood Education (2).
A survey of the content and concepts of the early childhood science curriculum. A study of methods and materials, and a review of relevant research.
Prerequisite(s): ECED 332, 333 and admission to Teacher Education Program.
Notes: Offered in fall.

434. Teaching Social Studies in Early Childhood Education (2).
A study of methods and materials in the teaching of early childhood social studies and a review of relevant research.

461, 462, 463. Mass Communication Internship (1) (2) (3).
Practical applications of mass communication theory and skills through professional practice at newspapers, radio and television stations, advertising and public relations agencies and related sites supervised by department faculty.
Prerequisite(s): MCOM 241 and 6 hours from MCOM 325, 331, 333, 341, 342, 343, 346, 347, 348, 370, 377, 410, 425, 441, 446, 447 and 471 with a grade-point average of 2.0 or higher in these courses, or permission of Chair. Open only to mass communication majors. Application to the department and approval by the department chair and dean of the College of Arts and Sciences are required before registering for the course.
Notes: A student may not receive more than three hours credit in MCOM 461, 462, 463. A grade of S or U is recorded for these courses. Individually arranged.

471. Public Relations Writing and Production (3-2-2).
Preparing public relations messages, including news releases, public service announcements, press kits, audiovisual presentations, fliers, pamphlets, brochures, newsletters, direct mail, and corporate advertising. Planning special events and news conferences.
Prerequisite(s): MCOM 241 or 370 with a grade of C or better.
Notes: Lab Fee: $25. Intensive Writing course.
Offered in spring.

491, 492, 493. Independent Study (1) (2) (3).
Independent study guided by a faculty member.
Prerequisite(s): 18 hours of MCOM with a 3.0 or higher GPA and an overall 2.75 or higher GPA; written proposal and approval of Department Chair.
Notes: May be repeated. A grade of S or U will be assigned. Individually arranged.

495. Special Topics in Mass Communication (3).
Selected topics of current significance.
Prerequisite(s): Junior standing.
Notes: May be repeated for credit if topics vary.
Offered occasionally.
COURSES

510. Magazine Editing and Production (3).
Theory and techniques of magazine editing and production; editorial objectives and formulas, issue planning, article selection, layout, illustration, typography, printing and circulation.
Magazine project required.
Prerequisite(s): Junior standing and 2.0 GPA.
Notes: Offered in spring in even years.

511. Specialized Business Publications (3).
Study of specialized business publications as an industry and study of effective writing, design, editing and marketing techniques for these publications. Term project of an in-depth research report on a single publication required.
Prerequisite(s): Junior standing and 2.0 GPA.
Notes: Offered on demand.

551-553. Special Topics in Mass Communication (1) (2) (3).
Prerequisite(s): Permission of instructor.
Notes: May be retaken for additional credit. May count only as elective hours for MCO M majors and minors. Offered occasionally.

MATHEMATICS (MATH)

101. Precalculus Mathematics I (3).
Preparation for the study of calculus, including linear functions, polynomials, rational functions, exponential and logarithmic functions.
Prerequisite(s): Intermediate high school algebra.
Notes: Credit will not be allowed for MATH 101 and MATH 103. Offered in the fall, spring and summer.

103. Algebra and Trigonometry (4).
A semester course designed specifically for the students in science and mathematics majors to prepare for the study of calculus, including topics in MATH 101 and further study in trigonometry.
Prerequisite(s): High school Algebra II and a satisfactory score on the departmental mathematics diagnostic test.
Notes: Credit will not be allowed for MATH 103, MATH 101. Offered in fall and spring.

104. Trigonometry for Calculus (1).
This course is designed to be taken concurrently with MATH 101 or MATH 201. Content includes basic properties and identities of trigonometry, Euler’s formula, double angle identities and inverse functions.
Prerequisite(s): Permission of Mathematics Dept.
Corequisite(s): MATH 101 or MATH 201.
Notes: Offered in fall and spring.

105. Calculus for the Managerial and Life Sciences (3).
Calculus from a non-theoretical perspective, including rates of change, the derivative, maximizing and minimizing functions, exponential and logarithmic functions, indefinite and definite integrals.
Prerequisite(s): MATH 101.
Notes: Credit will not be allowed for MATH 105 and MATH 201.
Offered in fall, spring and summer.

140. Introductory College Mathematics (3).
Elementary set theory and logic, probability and statistics, including set operations, Venn diagrams, truth tables, conditional probability and the binomial and normal distributions.
Notes: Offered in fall, spring and summer.

141. Finite Probability and Statistics (3).
Elementary topics in probability and statistics, including descriptive statistics, the binomial and normal distributions, estimation, hypothesis testing, simple linear regression and correlation.
Prerequisite(s): MATH 101 or 140 or a course with MATH 101 as a prerequisite.
Notes: Offered in fall, spring and summer.

201. Calculus I (3).
Limits, continuity, and the definition of the derivatives; techniques of differentiation, graphing, maximum/minimum and related rate problems; definite integrals and the fundamental theorem of calculus.
Prerequisite(s): Successful score on the departmental diagnostic test, or MATH 103, or MATH 101 and MATH 104. MATH 104 may also be taken as a corequisite.
Notes: Credit will not be allowed for MATH 105 and MATH 201.
Offered in fall, spring and summer.

202. Calculus II (3).
Applications of integration, transcendental functions, techniques of integration, improper integrals, sequences, series, and power series.
Prerequisite(s): MATH 201.
Notes: Offered in fall, spring and summer.

261. Foundations of Discrete Mathematics (3).
Introduction to various numeration systems, including binary and hexadecimal; 5 elementary set theory, logic and combinatorics; recursion,
mathematical induction, elementary matrix operations and Boolean algebra.
Prerequisite(s): MATH 101 or equivalent.
Notes: Offered in fall, spring and summer.

291. Mathematics for the Prospective Elementary Teacher (3).
Theory and practice of elementary school arithmetic.
Prerequisite(s): MATH 140.
Notes: Restricted to Elementary, Special, and Early Childhood Education majors.
Offered in fall, spring and summer.

292. Geometry for the Prospective Elementary Teacher (3).
Informal theory and practice of plane and solid geometry.
Prerequisite(s): MATH 291 or permission of the instructor.
Notes: Offered in fall, spring and summer.

300. Linear Algebra (3).
Matrices and the solution of systems of linear equations; elementary theory of vector spaces and linear transformations; determinants, eigenvalues, and eigenvectors.
Prerequisite(s): MATH 201 and 3 additional hours of MATH courses.
Corequisite(s): MATH 202.
Notes: Offered in fall and spring.

301. Calculus III (3).
Conic sections and polar coordinates; vectors in two and three dimensions, including lines and planes; calculus of vector-valued functions; functions of several variables and partial derivatives.
Prerequisite(s): MATH 202.
Notes: Offered in fall and spring.

301H. Honors Calculus III (3).
Sequences, series and power series; conic sections; vectors in two and three dimensions, including lines and planes; calculus of vector-valued functions. Enrollment restricted to freshmen only.
Prerequisite(s): Satisfactory score on AP Calculus AB exam or permission of the Chair.
Notes: Offered in fall.

302. Calculus IV (3).
Applications of partial derivatives, Lagrange multipliers, multiple integration, line integrals, surface integrals, Green's theorem, the divergence theorem, and Stokes' theorem.
Prerequisite(s): MATH 301.
Notes: Offered in spring.

302H. Honors Calculus IV (3).
Functions of several variables, partial derivatives and their applications; Lagrange multipliers; multiple integration, line and surface integrals; Green's theorem, the divergence theorem and Stokes' theorem.
Prerequisite(s): MATH 301H.
Notes: Offered in spring.

305. Introduction to Differential Equations (3).
Techniques for the solution of first and second order ordinary differential equations, and linear systems of first order ordinary differential equations.
Prerequisite(s): MATH 202.
Notes: Offered in spring of alternate years.

340 A,B,C. Cooperative Education Experience (1), (2), (3).
Provides on-the-job training in a professional field related to a student's major or career interests.
Prerequisite(s): Overall GPA 2.5 and minimum of 24 earned undergraduate semester hours.
Placement objectives must be approved by Department Chair prior to enrollment.
Notes: For Mathematics majors only. Courses may be repeated for credit; however, a maximum of 3 hours may be applied toward a degree in Mathematics. Offered in fall, spring and summer.

351. Introduction to Modern Algebra (3:3-1).
Standard topics in the theory of groups and rings, including symmetric, dihedral, and cyclic groups, equivalence relations, integral domains, and group and ring homomorphisms. Emphasis is placed on the proper construction of mathematical proofs.
Prerequisite(s): MATH 300 and MATH 301.
Notes: Offered in fall and spring.

355. Combinatoric Methods (3).
Applications of counting methods to mathematical modeling and problem solving.
Prerequisite(s): MATH 300.
Notes: Offered in spring of alternate years.

375. Optimization Techniques (3).
Mathematical modeling using linear programming and other methods of optimization.
Prerequisite(s): MATH 300 or MATH 261 or permission of the instructor.
Notes: Offered in spring.
COURSES

503. Vector Calculus (3).
Vectors, tensors, differential forms, covariant differentiation, curvature and elementary differential geometry.
Prerequisite(s): MATH 301.
Notes: Offered in spring.

509. Real Analysis I (3).
Topics in the study of functions of a real variable, including limits, continuity, differentiability, sequences, series.
Prerequisite(s): MATH 522.
Notes: Offered in spring.

520. Foundations of Geometry (3).
Topics in Euclidean and non-Euclidean geometry, including incidence geometry, congruence, similarity, area theorems, circles and spheres.
Prerequisite(s): MATH 300.
Notes: Offered in fall.

522. Elements of Set Theory and Introduction to Topology (3).
Fundamentals of set theory and point-set topology, including functions, Cartesian products, topological spaces, open and closed sets, metric spaces, connected and compact spaces.
Prerequisite(s): MATH 351.
Notes: Offered in fall and spring.

535. Numerical Analysis (3).
Analysis of algorithms, including polynomial approximation of real functions, numerical differentiation and integration and manipulation of matrices.
Prerequisite(s): MATH 300 and MATH 301 or permission of chair, Department of Mathematics.
Notes: Offered on demand.

541. Probability and Statistics I (3).
Probability theory from an axiomatic viewpoint, including combinatorics, discrete and continuous random variables and multivariate distributions.
Prerequisite(s): MATH 302.
Notes: Offered in fall.

542. Probability and Statistics II (3).
Statistical inference from a mathematical viewpoint, including the central limit theorem, point and interval estimation and regression.
Prerequisite(s): MATH 541.
Notes: Offered in spring.

543. Introduction to Stochastic Processes (3).
A survey of stochastic processes and their applications to probabilistic modeling. Topics will include discrete and continuous time Markov processes, Poisson process and time-series analysis.
Prerequisite(s): MATH 300 and 541.
Notes: Offered in spring.

545. Statistical Theory and Methods II (3).
Analysis of linear models, including both regression and ANOVA models. Contingency tables are also studied.
Prerequisite(s): MATH 541.
Notes: Offered in spring of alternate years.

Survey of statistical methodology applied to problems from the sciences with emphasis on the area of Health and Human Nutrition. Statistical tests will be reviewed and applied to current issues.
Prerequisite(s): MATH 141 or permission of instructor.
Notes: Offered in fall and summer.

547. Introduction to Categorical Models (3).
An introduction to the analysis of categorical data. Topics will include methods for comparison of binomial proportions, r x c contingency tables and logistic and loglinear modeling.
Prerequisite(s): MATH 542.
Notes: Offered in fall.

551. Algebraic Structures (3).
Theory of rings and fields, with special attention to PID's, UFD's, Euclidean domains and modules.
Prerequisite(s): MATH 351 or equivalent.
Notes: Offered in spring of alternate years.

553. Theory of Numbers (3).
Divisibility, primes, congruences, special functions, continued fractions and rational approximations.
Prerequisite(s): MATH 351 or equivalent.
Notes: Offered in spring of alternate years.

595. History of Mathematics (3).
An introduction to the history of mathematics.
Prerequisite(s): MATH 300.
Notes: Offered on request.
MATHEMATICS EDUCATION (MAED)

391. Principles of Teaching Mathematics (3).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of a mathematics education professor and will work with a mentor teacher in preparation for the final internship experience.
Corequisite(s): MAED 392, EDUC 390.
Notes: A grade of S or U is recorded.
Offered in the fall.

392. Field Experience in Teaching Mathematics (1:0-8).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of a mathematics education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education.
Corequisite(s): MAED 391, EDUC 390.
Notes: A grade of S or U is recorded.
Offered in the fall.

548. Secondary Math Curriculum and Pedagogy Issues (3:3-1).
A study of the secondary mathematics curriculum (7-12). This course addresses specific instructional needs and techniques related to the teaching of secondary mathematics concepts.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Intensive Writing course.
Offered in spring.

549. Principles of Teaching Mathematics (3).
The content is specific to the student's subject matter field and addresses specific instructional needs and techniques.
Prerequisite(s): SCED 571.
Notes: Offered in fall.

MODERN LANGUAGES EDUCATION (MLAN)

330 A, B, C. Language and Cultural Studies Abroad (3-6).
Under the direction of a Winthrop University professor, students pursue intensive studies of language at a foreign university. Excursions are organized to places of cultural interest.
Prerequisite(s): Completion of FREN/SPAN/GERM 101-102 or equivalent.
Notes: A=French; B=Spanish; C=German.

350. Writing and Research in Foreign Literature (3).
Introduction to writing critical essays on French, German, and Spanish literature; including instruction and practice in locating, reading and writing critical essays.
Prerequisite(s): WRIT 102.
Notes: Offered variable times.

391. Principles of Teaching Modern Languages (3).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of a modern language education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education.
Corequisite(s): MLAN 392, EDUC 390.
Notes: Offered in fall semester.

392. Field Experience in Teaching Modern Languages (1:0-8).
Students will spend a minimum of 8 hours per week in the classroom under the supervision of a modern language education professor and will work with a mentor teacher in preparation for the final internship experience.
Prerequisite(s): Admission to Teacher Education.
Corequisite(s): MLAN 391, EDUC 390.
Notes: A grade of S or U is recorded.
Offered in the fall.

530 A, B, C. Language and Cultural Studies Abroad (3-6).
Under the direction of a Winthrop University professor, students pursue intensive studies of language at a foreign university. Excursions are organized to places of cultural interest.
Prerequisite(s): Completion of FREN/SPAN/GERM 101-102 or equivalent.
Notes: A=French; B=Spanish; C=German.

549. Principles of Teaching Modern Languages (3).
The content is specific to the student's subject matter field and addresses specific instructional needs and techniques in the teaching of foreign languages.
Prerequisite(s): SCED 571.
Notes: Offered in fall and spring.
COURSES

MUSIC (MUST)

100. Basic Musicianship (2).
Introduction to and application of the basic elements of music with study of durational and pitch-related concepts through visual and aural means. The entrance placement test determines enrollment.
Notes: Offered in spring.

111. Music Theory I (3).
An introduction to the basic concepts of music theory and the materials of music. Written and analytical applications.
Corequisite(s): MUST 113.
Notes: Offered in fall.

112. Music Theory II (3).
A continuation of and expansion on the techniques and materials of MUST 111. Written and analytical applications.
Prerequisite(s): MUST 111.
Corequisite(s): MUST 112.
Notes: Offered in spring.

113. Aural Skills I (1).
A course to develop aural skills for music theory, sight singing, and ear training.
Corequisite(s): MUST 111.
Notes: Offered in fall.

114. Aural Skills II (1).
A course to develop aural skills for music theory, sight singing, and ear training. A continuation of MUST 113.
Prerequisite(s): MUST 113.
Corequisite(s): MUST 112.
Notes: Offered in spring.

203. Jazz Appreciation (3).
An introduction to the evolution, growth, and development of jazz in the U.S. from the nineteenth century to the present.
Notes: Does not count toward a music degree.

211. Music Theory III (3).
An expansion of the techniques and materials of MUST 111-112 and their application to musical styles from Baroque through Romantic periods.
Written and analytical applications.
Prerequisite(s): MUST 112.
Corequisite(s): MUST 213.
Notes: Offered in fall.

212. Music Theory IV (3).
An expansion of the techniques and materials of MUST 211 and their application to musical styles from the Romantic to Contemporary periods.
Written and analytical applications.
Prerequisite(s): MUST 211.
Corequisite(s): MUST 214.
Notes: Offered in spring.

213. Aural Skills III (1).
A continuation of the aural skills began in MUST 113-114.
Prerequisite(s): MUST 114 or consent of the Instructor.
Corequisite(s): MUST 211.
Notes: Offered in fall.

214. Aural Skills IV (1).
A continuation of aural skills from MUST 213.
Prerequisite(s): MUST 213 or consent of the Instructor.
Corequisite(s): MUST 212.
Notes: Offered in spring.

223. Accompanying (1:1-0.5).
Study of skills, sight reading, and styles required of keyboard accompanists. Vocal and instrumental accompaniments will be used.
Prerequisite(s): Permission of instructor.

235. Diction for Singers: English and Italian (1-2).
Principles and practice of English and Italian diction in singing.

280-289. Special Topics in Music (1) (2) (3).
A series at the 200-level for special courses offered by the Department of Music on a one-time basis.
Notes: Offered in fall and spring based on sufficient student interest.

298. Music Appreciation (3).
Introduction to the major historical periods, genres, works and styles in music literature from early times to the present.
Notes: Not open to music majors.

305. History of Music to 1750 (3).
A survey of music history and literature of Western civilization from the beginnings to 1750.
Prerequisite(s): MUST 111 and WRIT 102.
Notes: Offered in fall.
306. History of Music from 1750-1900 (3).
A survey of music history and literature of Western civilization from 1750-1900.
Prerequisite(s): MUST 111 and WRIT 102.
Notes: Offered in spring. Intensive Writing course.

315. Music for the Classroom Teacher (3).
Methods and materials for teaching music in the elementary classroom.
Prerequisite(s): Admission to Teacher Education Program.
Notes: Not open to music majors. Restricted to Education majors. Offered in fall and spring. Summer based on sufficient student interest.

317. Basic Conducting (3-3-1).
An introductory course covering score analysis, manual technique in various styles, use of baton, and rehearsal procedures for both instrumental and choral ensembles.
Prerequisite(s): MUST 212 and MUSA 282 or permission of the instructor.
Notes: Offered in fall.

318. Intermediate Conducting: Choral/Instrumental (3-4).
Continuation of MUST 317. Separate sections for choral and instrumental majors.
Prerequisite(s): MUST 317 or permission of instructor.
Notes: Offered in spring.

321-322. Opera Workshop (2:3) (2:3).
Laboratory class for development of skills in acting and singing on stage.
Prerequisite(s): Audition and permission of the instructor.
Notes: May be retaken for additional credit.

340. Cooperative Education Experience in Music (3-1).
A cooperative education experience in a specified area of music that provides on-the-job training in a professional field related to a student's major or career interests.
Prerequisite(s): Overall GPA of 2.5, Junior status, permission of the Chair.

341. Marching Band Techniques (1).
Modern techniques for organizing and training marching bands; planning, drills, formations, shows and music.
Notes: Offered every other year in the fall.

392. Field Experience in Teaching Music (1-8).
Laboratory experience equivalent to 28 1/2 days designed to lead music students through an exploration and examination of various research-based programs of instructional planning, methodology, classroom management, and evaluation of teaching and learning.
Prerequisite(s): MUST 590; Corequisite MUST 591; EDUC 390.
Notes: A grade of S or U will be recorded. Offered in the fall.

423. Organ Improvisation and Conducting (2).
A skills course for advanced organists emphasizing elementary techniques of improvisation and applying conducting knowledge to the problem of playing and directing from the console.
Prerequisite(s): MUST 212 and four semesters of organ study.
Notes: Offered as needed.

425. Hymn Playing (1).
Prerequisite(s): MUST 112 and two semesters of organ study or permission of the instructor.
Notes: Offered as needed.

430-439. Special Topics in Music (1) (2) (3).
Music co-operative experiences may receive credit through these courses. Other topics of interest to students to include Women and Music, African-American Music, and literature topics for voice, keyboard, or instruments.
Prerequisite(s): Consent of the Chair of the Department of Music.
Notes: Offered as needed.

450. Honors: Selected Topics in Music (3).
Prerequisite(s): Consent of the Chair of the Department of Music.
Notes: Offered as needed.

504. Organ Design and Maintenance (1:1).
An historical study of the development of organ design; basic instruction on temporary repairs and tuning.
Notes: Offered as needed.

505. Opera Literature (3).
Historical development of opera with detailed study of selected operas.
Prerequisite(s): MUST 306 or permission of instructor.
Notes: Offered as needed.
COURSES

507. Music Since 1900 (3).
A study of styles, trends, systems and literature from about 1900 to the present, including neotonal, atonal, serial, electronic and experimental formats.
Prerequisite(s): MUST 306 and 212 or equivalent.

511. Orchestration and Arranging (3).
Techniques and principles of scoring for strings, woodwinds, brass, percussion and chorus; arranging and adapting music for instrumental and/or choral groups.
Prerequisite(s): MUST 212 and any two of MUSA 291, 293, 295 or 297.
Notes: Offered in fall.

513. Counterpoint (3).
Study of contrapuntal techniques from the Renaissance to the present, emphasizing J.S. Bach. Writing projects include 16th-century and 18th-century inventions, canons and fugues.
Prerequisite(s): MUST 212 or permission of instructor.
Notes: Offered as needed.

514. History of Jazz (3).
An examination of jazz styles, including extensive study of several major figures. Students learn to distinguish the various styles through analysis of rhythmic, melodic, harmonic and instrumentational differences.
Prerequisite(s): MUSA 306 or permission of instructor.
Notes: Offered as needed.

515. Chamber Music Literature (3).
A survey of selected chamber music from the beginning through the present day. Includes a study of formal elements and aural recognition of representative works.
Prerequisite(s): MUSA 306 or permission of instructor.
Notes: Offered as needed.

516. Symphonic Literature (3).
An historical and chronological survey of symphonic literature from the pre-classic to the present, including a study of formal elements and aural recognition of representative works.
Prerequisite(s): MUSA 306 or permission of instructor.
Notes: Offered as needed.

517. Liturgy and Music (3).
An historical study of Judeo-Christian worship traditions and the music literature associated with them, including readings and materials for the practicing church musician.
Notes: Offered as needed.

520. Piano Pedagogy (3).
Designed for prospective piano teachers. A survey of materials, educational principles and methods of teaching piano for individual and group lessons.
Notes: Offered as needed.

521. Composition for Music Education (2:2:1).
A course focusing on compositional processes from the 16th-century to the present. Extensive work in the MIDI/computer music lab included.
Prerequisite(s): MUST 212 or permission of instructor.
Notes: Offered in fall.

523. Accompanying (1:1:0.5).
Study of skills, sightreading, and style required of accompanists. At least one song cycle or one instrumental sonata will be required.
Prerequisite(s): Permission of instructor.
Notes: Offered as needed.

526. Hymnody (3).
A chronological survey of hymn texts and tunes. No music skills required.
Notes: Offered as needed.

531. Computer Music Technology I (3).
An introductory course to microcomputers and MIDI (Musical Instrument Digital Interface) hardware for the purpose of musical creativity.
Prerequisite(s): MUST 212 or permission of instructor.

532. Computer Music Technology II (3).
A continuation of the skills acquired in MUST 531 with more advanced practical applications.
Prerequisite(s): MUST 531 or permission of instructor.

551-559. Special Topics in Music (1) (2) (3).
Topics may include literature courses for piano, organ, art song, choral, percussion, wind, women and music, or other topics.
Prerequisite(s): Permission of chair, Department of Music.
Notes: Offered as needed.
May be retaken for additional credit.

561. Medieval/Renaissance Music (3).
An advanced study of the music of the Western European tradition from 600-1600. Includes
COURSES

562. Baroque Period Music (3).
An advanced study of the music of the Western European tradition from 1600-1750. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.

563. Classic Period Music (3).
An advanced study of the music of the Western European tradition from 1750-1820. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.

564. Romantic Period Music (3).
An advanced study of the music of the Western European tradition from 1820-1900. Includes history, genre studies, literature, analysis of scores and extensive listening.
Prerequisite(s): MUST 306 or permission of instructor.

A methods course that addresses specific instructional needs and techniques for teaching general music in the elementary school.
Prerequisite(s): Admission to Teacher Education Program; MUST 212 and 317.
Notes: Offered in spring semester.

A methods course that addresses specific instructional needs and techniques for teaching general music in the secondary school.
Prerequisite(s): Admission to Teacher Education Program; MUST 590.
Corequisite(s): EDUC 390 and MUST 392.
Notes: Offered in fall semester.

MUSIC APPLIED (MUSA)

Applied Music Courses (0.5, 1, 2, 3). Prerequisite:
Completion of undergraduate entrance audition for music majors and minors. All students enrolled in applied music must attend the weekly noon recital and weekly repertoire class during the fall and spring semesters.

The following numbers are used for all major instruments and voice. All applied music is assigned through the Chair of the Department of Music.
111, 112, 211, 212, 311, 312, 411, 412

* May be repeated for additional credit.

Lab Fees for Applied Music courses are assessed as follows:
One hour lesson $100
One half-hour lesson $ 70
One hour optical lesson for B.A and B.M.E. students $275

Music majors who study a secondary instrument register for MUSA 130 with the appropriate suffix. Non-majors who participate in ensembles may be permitted to register for MUSA 101 with the appropriate suffix, if space is available.

Alphabetic suffixes for Applied Music Courses:
A. Piano
B. Organ
C. Harpsichord
D. Violin
E. Violin
F. Viola
G. Cello
J. String Bass
K. Guitar
M. Flute
N. Oboe
O. Clarinet
R. Bassoon
S. Saxophone
T. Trumpet
U. Trombone
V. Horn
W. Euphonium
Y. Tuba
Z. Percussion

Music Ensembles. Music Ensembles are open to all Winthrop University students, regardless of major.
Auditions, where required, are scheduled during each registration period. Ensembles may be repeated for credit.
COURSES

151. Winthrop Glee Club (1:3).
A large, mixed ensemble which can also function as a Men’s Glee Club and Women’s Glee Club. Permission of the instructor is required even though there is no audition.
Notes: Offered in fall and spring.

152. Winthrop Chorale (1:4).
A 50-voice choir that can tour throughout the Southeast. Two major concerts each year. Auditions are held during Orientations and registrations. Offered in fall and spring.

153. Jazz Voices (1:3).
Vocal jazz ensemble of 16 singers and instrumentalists performing historic jazz and contemporary arrangements. Audition required. Offered in fall and spring.

154. Chamber Singers (1:2).
A small vocal ensemble performing music drawn from five centuries, including Renaissance madrigals, Baroque cantatas, Classical church music, 19th-century part songs, and contemporary music. Audition required.
Notes: Offered in fall and spring.

155. Symphonic Band (1:4).
A large wind and percussion ensemble that performs at least two formal concerts per year. Audition required.
Notes: Offered in fall and spring.

156. Wind Ensemble (1:2).
A select ensemble of wind and percussion instruments performing primarily new and demanding works for the medium. Audition required.
Notes: Offered in fall and spring.

157. Jazz Ensemble (1:3).
The jazz repertoire ensemble for large jazz bands. Audition required.
Notes: Offered in fall and spring.

158. String Ensemble (1:2).
An ensemble formed from available string players during any given semester. Practice outside the designated coaching sessions is required. Audition required.

161. Rock Hill Chamber Orchestra (1:3).
Performs chamber works for strings and other instruments.

162. Jazz Combos (1).

593. Practicum in Athletic Training (3).
Observation and practice of athletic training procedures under the direction of an athletic trainer in a practicum setting for a minimum of 60 hours.
Prerequisite(s): PHED 563.
Corequisite(s): PHED 563.
Notes: Offered in fall and summer.

PHYSICAL SCIENCE (PHSC)

101. Physical Science (3).
A survey of the basic principles, laws and methodology in Physics and Astronomy.
Notes: Offered in summer.

102. Physical Science (3).
Survey of the basic principles, laws and methodology in Chemistry and Earth Science.
Notes: Offered in summer.

103. Investigative Physical Science (4:2-4).
Introduction to the use of basic techniques for inquiry into the physical sciences. Restricted to ECED and ELEM majors.
Notes: Lab Fee: $35. Offered in fall, spring and summer.

PHYSICS (PHYS)

201-202. General Physics (4:3-3) (4:3-3).
Basic concepts and principles of physics, including mechanics, heat, sound, electricity, magnetism, and optics. Primarily a course for students in the life and health sciences.
Prerequisite(s): MATH 101.
Notes: A student may not receive credit for both PHYS 201 and PHYS 211 and for both PHYS 202 and 212. Lab Fee: $35 each. Offered in fall and summer.

211-212. Physics with Calculus (4:3-3) (4:3-3).
A calculus-based introductory physics course primarily intended for students in the physical and mathematical sciences. The course covers mechanics, wave motion, thermodynamics, electromagnetism, optics and some modern physics.
Prerequisite(s): MATH 201 or consent of instructor.
Notes: A student may not receive credit for both PHYS 201 and 211 and for both PHYS 202 and 212. Lab Fee: $35 each. Offered in fall.
