ABOUT CLUB SPORTS

The Club Sports program exists to serve the Winthrop University community by providing opportunities to participate in organized, instructional, recreational and competitive activities in a fun, social, safe and inclusive environment. Collectively, clubs are responsible for writing their own rules and regulations, setting up organizational meetings, informing new members of the club's programs, establishing club dues, raising funds to support the club's activities and planning and promoting the club's competitions and events.

MISSION STATEMENT

The Office of Recreational Services engages a diverse campus community by providing quality programs, services and facilities to promote balanced, active lifestyles.

CONTACT INFORMATION

The Sport Programs staff offices can be found on the second floor of the West Center in West Center 211 (Recreational Services). Drop-in questions are welcome between the hours of 10:00 AM and 2:00 PM, Monday through Friday.

The staff may also be contacted by phone at (803) 323-4880 or by email at sportprograms@winthrop.edu. When leaving a message or contacting us via email, please include your name, club, purpose for contact and the best method for our staff to reach you.

For access to league and tournament registration periods, announcements, game updates, special events, and other Recreational Services information, like and follow us on social media.

PARTICIPATION

The Winthrop Club Sports Program operates in accordance with all Federal laws and regulations requiring non-discrimination on the basis of age, sex, race, religion, ethnic group, national origin, sexual orientation or handicap.

Participants are not permitted to participate in any club event until they have completed the Club Sports Membership Form, which is found in IMLeagues. Clubs will be subject to disciplinary action for allowing individuals to participate prior to completing the Membership Form.

CLUB TRYOUTS

Tryouts cannot be conducted to cut members or prospective members from club activity. Tryouts may be held to determine what members of a club will participate in the club's competitions or to determine A and B squads, etc. as long as all members of the club are given an opportunity to engage in the club's events.

STUDENT (NCAA) ATHLETES

Current student athletes are not eligible to participate in the same (or comparative) sport in which they currently compete. Each of these students will gain eligibility in any applicable sports at the beginning of the academic year (August–July) following removal from his/her team's roster.

Recreational Services

HEALTH INSURANCE

All club members are required to have current health insurance. Proof of current health insurance must be submitted to the Sport Programs staff (via the Membership Form) prior to participating in any club-related activity. If a potential member does not have health insurance, Winthrop University offers a health plan that can be purchased by students. Visit the Health & Counseling Services website for more information.

LEADERSHIP

Continual and effective leadership is essential to the success of any student organization. A club is led by its student officers, an advisor, and possibly a coach or instructor.

CLUB OFFICERS

A club's officer group consists of (at minimum) a President, Vice President, Treasurer, and Safety Officer. In order to be an active club, the President, Treasurer, and Safety Officer roles must remain filled by at least two different individuals at all times. The exact officer positions within a club, and the positions' descriptions, should be determined by the club and noted in the club's constitution.

Clubs are responsible for reporting any changes in officers to Sport Programs via the Officer Change Form in IMLeagues no later than 48 hours after the change becomes official. The process by which a club will go about changing officers should be noted in the club's constitution.

ELIGIBILITY

To be eligible to hold an officer position, a student must be enrolled full time at Winthrop University and maintain a cumulative GPA of at least 2.0.

RESPONSIBILITIES

The responsibilities of club officers include:

- Acting on the club's behalf to access and reserve facilities and purchase equipment and services for their organization;
- Complying with all Winthrop University and Club Sports policies and procedures and sharing that information with all club members;
- Verifying that the organization abides by all local, state and federal laws in all of its operations;
- Serving as official representatives who may be held jointly or individually responsible for the activities and the behavior of the organization and liable for all incurred debts and obligations to Winthrop University.

SAFETY OFFICERS

The Safety Officer(s) will serve as a preliminary care provider and emergency responder. All clubs are required to have at least one Safety Officer at all times.

At least one Safety Officer is required to be present at all club competitions, practices and/or demonstrations.

RESPONSIBILITIES

The responsibilities of the Safety Officer(s) include:

- Maintaining current certifications in American Red Cross Adult CPR/AED and First Aid;
- Attending all practices and events where there is not a Sport Programs staff member present to provide safety-based care;
- Completing an Accident Report (within 48 hours) for all injuries that occur during practices and events where there is not a Sport Programs staff member present to provide safety-based care;
- Collaborating with a Sport Programs staff member who is assisting in giving care to an injured participant.

CLUB ADVISOR

The Assistant Director of Sport Programs will serve as the primary advisor for all clubs.

Clubs are encouraged to continue pursuing relationships with other faculty and staff at the university who are willing to assist and advise in the club administration process.

When completing space requests for meetings, practices, events or any other club activity, the Assistant Director of Sport Programs should be listed as the advisor on the request.

This guarantees a streamline in the communication process for the space request, which minimizes the chances of errors in getting a reservation finalized and approved.

RESPONSIBILITIES

In looking at additional faculty or staff to provide advice and serve as additional advisors, clubs should consider individuals who are willing to:

- Serve as an additional resource on campus for officers and club members;
- Assist members in maintaining a balance between academic endeavors and extracurricular activities;
- Develop leadership qualities of club officers and attend club meetings when requested by the club officers;
- Abide by all Winthrop University and Club Sports policies and procedures;
- Ensure that activities and undertakings of the club reflect favorably on the institution's mission/values;
- Assist in club officer development through their respective administrative duties while also providing alternative ideas and critical thinking opportunities;
- Allow the club officers to fulfill the duties of their respective positions.

COACHES & INSTRUCTORS

Clubs are not required to acquire the services of a coach or instructor for their specific sport. Coaches and instructors who are acquired are not required to be paid by the club. However, the club may compensate the coach/instructor at an annual rate of its choosing, provided the funds are available in the club's restricted account.

Coaches/Instructors are required to complete and submit a Coach Request Form each academic year and consent to a background check every two years. Payment for the background check will be provided by the club.

MEETINGS & TRAINING

CLUB SPORTS OFFICER TRAINING

All officers will be required to attend officer training meetings and/or complete online officer training as assigned by the Sport Programs staff. Through these meetings and trainings, officers will be trained on all Club Sports policies and procedures. The training will assist in developing students into effective officers for the success and sustainability of their respective club. Failure to attend the required meetings or complete the online trainings by the required deadline may result in disciplinary action.

QUARTERLY MEETINGS

At the start of each semester and surrounding the main semester academic break (Fall Break or Spring Break), all clubs are required to meet with the Assistant Director of Sport Programs and the club's designated Graduate Associate contact to discuss ideas, problems and concerns in regards to their club and the Club Sports program.

During this time, each club will also present all planned or proposed activities for the next two months as well as present a summation of the club's previous events (tournaments, fundraising, community service events).

ADMINISTRATION

A Club Sport is defined as a student organization that has been established by individuals who are motivated by a common interest in a particular sporting activity. The program's overall goal is to foster an environment of learning and development through involvement in teamwork, fundraising, service projects, budgeting, scheduling, and, of course, practicing and competing within each club's particular sport.

CREATE YOUR OWN CLUB

Any group seeking to establish a new club at Winthrop University should follow these guidelines.

- Submit an Intent to Register Form through the Office of Student Activities.
- Meet with the Assistant Director of Sport Programs to discuss the potential risk management and feasibility of the formation of the club.
- Host an interest meeting, and invite other students who have shown interest in participating with the club.
 - At this meeting, discuss the club's goals and objectives.
 - Obtain a list of names and contact information of individuals interested in joining the club.
- Develop your club's constitution and bylaws. A sample constitution will be provided upon meeting with the Assistant Director of Sport Programs.
- Elect the club's officers and identify a faculty/staff advisor.
- Complete the New Student Organization Chartering Application.
- Present to the Council of Student Leaders.
- Present to the Club Sports Executive Council regarding the club's mission, vision, values and perceived challenges.
- Attend new club onboarding meetings with the Assistant Director of Sport Programs (upon invitation via the Club Sports Executive Council to the Club Sports program).

CLUB SPORTS EXECUTIVE COUNCIL

The Club Sports program is governed by the Club Sports Executive Council (CSEC). CSEC is an advisory group who oversees and interacts directly with the Sport Programs staff and indirectly with individual clubs. Primarily, CSEC recognizes the duty to improve and promote a quality Club Sports program at Winthrop University. It is the intention of CSEC to provide an ethically sound council, which is professional in its operation, objective in all its decisions and committed to the philosophy and policies of Recreational Services, Sport Programs and Winthrop University.

RESPONSIBILITIES

The responsibilities of the Club Sports Executive Council include:

- Providing student administrative leadership for the Club Sports program;
- Making recommendations relating to policies, procedures and participant concerns;
- Reviewing charter applications for new Club Sports organizations and listening to, approving and/or denying proposals made for new membership;
- Serving as the conduct board for clubs that do not adhere to the policies outlined in this guide;
- Reviewing all allocation proposals and making recommendations to the Assistant Director of Sport Programs;
- Holding regularly scheduled meetings amongst all council members.

CSEC will consist of the Assistant Director of Sport Programs, both Graduate Associates of Sport Programs and four (4) other students members. To be eligible for selection, students must be a current officer for their respective club or a member of the Sport Programs leadership staff.

CSEC student members serve an undefined term until they either (1) resign from their duties on the council or (2) leave Winthrop University or their club for any reason.

CLUB CLASSIFICATION

Each year, on April 1 (or the first business day after April 1, if it falls on a weekend), all clubs will be classified (or reclassified) as one of the following:

GOLD GROUP

- Operational account expenditures totaling at least 85% of the current year's allocation amount from the CSEC
- Annual restricted account deposits totaling at least 50% of the current year's allocation amount from the CSEC
- Community service requirement completed at a rate of 3.5.
- Participate in at least four university-wide membership drive events.
- Maximum of two disciplinary notices in the current year
- Eligible to receive up to \$3,500 in allocated funds for the next year

GARNET GROUP

- Operational account expenditures totaling at least 70% of the current year's allocation amount from the CSEC
- Annual restricted account deposits totaling between 30% and 50% of the current year's allocation amount from the CSEC
- Community service requirement completed at a rate of 2.75.
- Participate in at least three university-wide membership drive events.
- Maximum of four disciplinary notices in the current year
- Eligible to receive up to \$1,500 in allocated funds for the next year

EAGLE GROUP (NEW CLUBS)

- Eligible to receive up to \$500 in allocated funds in their first year

BLACK GROUP (ENDANGERED CLUBS)

- Classify as Gold Group or Garnet Group (in the next classification period) to avoid being dissolved (Black Group clubs who re-classify as Black Group for the following year will be dissolved.)

The Sport Programs staff determines each individual club's classification and reserves the right, if necessary, to deviate from the stated criteria.

TRAVEL

In order for a club to be able to compete or participate in any event that requires travel to an off campus facility, all necessary documents and forms must be completed and submitted to the Sport Programs staff no later than 5:00 p.m. 10 days prior to departure.

Individuals who choose to utilize their personal vehicle for authorized club travel are responsible for their own vehicle and any passengers within the vehicle during travel. Winthrop University claims the responsibility of its own employees and its own property.

BEFORE TRAVEL

For all travel, the following documents and forms must be completed and submitted to the Sport Programs staff no later than 5:00 p.m. 10 business days prior to departure.

TRAVEL REQUEST FORM

The Travel Request Form will require full trip details, a complete travel roster and requests for funding and overnight accommodations.

DRIVER AGREEMENT

The Driver Agreement must be submitted by each individual driver and are applicable until the conclusion of the semester.

On the business day prior to departure, the club's designated Graduate Associate contact will email the club's Travel Itinerary, which will include all travel information, to the entire club officer group. It is the responsibility of the officer group to distribute the travel information to the club, if no officers are attending the event.

OVERNIGHT ACCOMMODATIONS

Hotel accommodations for trips that require a club to stay overnight away from campus may be requested in the Travel Request Form.

If the club wishes to stay overnight away from campus during a trip without using a hotel, it should provide all information required of the alternate accommodation location in the Travel Request Form.

If a hotel is not requested in the Travel Request Form, the club will not be able to use hotel accommodations for their trip, which may jeopardize the club's ability to complete the trip altogether.

DURING TRAVEL

During travel, specifically during transportation to and from each destination point on the trip (Winthrop University, accommodations, event site, host, etc.), clubs should strictly adhere to the Club Sports travel guidelines.

TRAVEL GUIDELINES

The Club Sports travel guidelines are as follows.

- There may only be as many passengers in the vehicle as there are seatbelts.
- If there is an accident or incident while traveling, the club's designated Graduate Associate contact should be notified immediately.
- Driving between the hours of 11:30 PM and 5:30 AM (at night) is not approved, unless specifically permitted by the Assistant Director of Sport Programs.
- All drivers will limit their driving to a single four (4) hour shift, unless specifically permitted by the Assistant Director of Sport Programs. Drivers may operate the vehicle for a second shift (in a one-way trip) once another driver has completed a four (4) hour shift in the same vehicle.

- During all driving periods, a passenger must be awake in the front passenger seat to ensure the driver remains awake, alert and aware.
- Alcoholic beverages and any banned or illegal substances are strictly prohibited in vehicles at all times.
- Cell phones are required of all clubs during travel, but drivers may not operate a cell phone and the vehicle simultaneously.
- A club member should text the club's designated Graduate Associate contact when the club departs from campus, arrives at the destination, departs from the destination and arrives back to campus.
- The club should save all travel receipts for lodging, gas, parking and food, to guarantee the quickest possible reimbursement upon return.

AFTER TRAVEL

For all travel, the following documents and forms must be completed and submitted (or returned) to the Sport Programs staff no later than 5:00 p.m. two (2) business days following the club's return.

EVENT SUMMARY

The Event Summary, found in IMLeagues, will require event results, individual highlights within the event itself, disciplinary issues (if necessary) and travel problems (if necessary). The required event summary type(s) will be indicated on the club's Travel Itinerary.

RECEIPTS FOR REIMBURSEMENT

In order to provide reimbursements for club members who spend money during the trip, receipts must be returned promptly and be itemized.

The preceding information is due to the Sport Programs staff within two (2) business days of the trip's return date. This may include days where Winthrop University offices are open, even though classes may not be in session (i.e. Fall Break, Spring Break, etc.).

If the club fails to submit the required Event Summary or return its receipts in a timely manner, it will be subject to disciplinary action determined by CSEC.

FINANCE

This section outlines all requirements and guidelines regarding the financial structure and responsibility of each individual club.

FUND REQUEST HEARINGS

Each year, during the month of April, all club officer groups will make formal presentations to CSEC to request operational account funding for the following academic year. Clubs who fail to make an April presentation will be automatically denied initial funding for the following academic year.

When reviewing proposals, CSEC will take into consideration the quality of presentation, the club's needs, the use of operational account funds from the current year and the club's classification to determine the final amounts.

When funds are available, clubs will be invited to present to CSEC in the month of November for additional funding to supplement the funds they received in the previous year's Fund Request Hearing process.

ACCOUNTS

OPERATIONAL ACCOUNT

Funds in the operational account must be used for products and services purchased in that fiscal year (August 1 – July 31). If these funds are not used, they are not available to the club in the following year.

Funds in the operational account must be used for products and services that are either (1) benefiting the club and its mission via a one-time purchase or (2) intending to always stay within the club's inventory (non-personalized items). Operational account funds may not be used for items that do not have a direct correlation to the club's mission and/or sport.

Examples of operational account purchases are as follows.

- Fees (Tournament Registration, Officials' Payments, League, etc.)
- Hotel accommodations
- Uniforms and equipment (non-personalized)
- Mileage (per mile)
- Food (must have prior approval)

RESTRICTED ACCOUNT

Funds in the restricted account carry from year-to-year and are able to be saved by the club.

Funds in the restricted account must be used for products that are personalized for each member of the club to own or for purchases that will assist in the generation of club revenue. Restricted account funds may also be used to purchase anything the operational account may purchase, provided the operational account has a balance of zero.

Clubs are permitted to utilize their restricted account one time per year for a club bonding activity that is otherwise unrelated to the club's sport. Expenses for this activity/event must total no more than 10% of the club's annual restricted account deposits for the current year, and the event must take place in either March or April.

Examples of restricted account purchases are as follows.

- Club t-shirts or shoes
- Personalized uniforms and/or equipment
- Supplies for fundraising events

BANK ACCOUNTS

Clubs are strictly prohibited from having off-campus bank accounts to house any of the club's funds. All club revenue, from fundraising activities, donations, sponsorships and member dues, should be provided to the Sport Programs staff to deposit into the club's restricted account.

FORMULAS

The following formulas will be utilized to determine operational account spending limits for each purchase within the related category. Any surplus amounts may be funded by the club's restricted account.

LODGING

Each club is allowed a maximum amount of \$25.00 per student per night for lodging expenses (maximum of four nights). This total includes any applicable hotel fees and/or taxes that may apply to the hotel reservation.

MILEAGE (GAS)

Gas fees for authorized travel will be reimbursed at a rate of \$0.20 per mile (maximum of 500 miles, round trip, per vehicle per trip).

TEAM TOURNAMENT REGISTRATION

Clubs will be funded up to \$400.00 for each tournament.

INDIVIDUAL TOURNAMENT REGISTRATION

Club members will be funded up to \$50.00 for each tournament.

UNIFORMS

Clubs may spend up to 100% of the previous year's restricted account deposit total towards the purchase of uniforms (in operational account funds).

CHECK REQUESTS

For payment of tournament registration fees or payment to instructors and/or game officials, clubs must make a request for a university check to make a payment.

All check requests will require documentation via registration form, invoice or contract in order to begin processing the payment.

CHECK REQUEST DEADLINES

Deadlines to submit a request for check are as follows.

- Tournament Registration Fees = 10 days prior to the event
- Instructors / Game Officials (Pay On-Site) = 10 days prior to the event
- Instructors / Game Officials (Delay Pay) = 7 days after the event

SCHEDULING

This section outlines all requirements and guidelines regarding reservations and scheduling for all club practices and hosted events (on campus).

RESERVATIONS

It is the responsibility of a club's officers to request practice/event space via the university's online Space Reservation System by assuring the space is marked available in the space reservation system and verifying that the event does not conflict with another major university event on campus.

Once a proper request is made via the online Space Reservation System (at least seven (7) days before practices or non-competitive events or 21 days before competitive events), Sport Programs will contact the club regarding any additional details that may be required.

Clubs should never schedule or commit to hosting events at Winthrop without first being assured of having a facility reserved. Because it is the responsibility of the club officers to complete any reservations needed to secure the desired facilities prior to committing to holding events in those spaces, clubs will not be allowed to utilize operational funds to pay any related fees or penalties that may come as a result of errors in scheduling.

Clubs are also not permitted to utilize off-campus sites for the purposes of hosting an event if a space exists on campus to host that same (or comparable) event.

PRACTICES

Clubs may begin practicing each semester once they have:

- Received a confirmed space reservation for their requested practice space;
- Completed all required Club Sports officer training.

In any given week during the academic year, clubs are permitted no more than eight (8) hours of practice per week. Practice lengths are limited to three (3) hours per practice. Changes to a practice schedule, if desired, may be requested at the mid-semester quarterly meeting.

CANCELLATIONS

Club officers must notify the club's designated Graduate Associate contact of any practice or event cancellations that occur no later than four hours prior to the event's start time.

Clubs that do not notify their designated Graduate Associate contact of the intention to cancel practices/events, or clubs that cancel practices/events without notification altogether, will be subject to disciplinary action determined by CSEC.

INCLEMENT WEATHER

The Sport Programs staff will make decisions regarding the availability of practices spaces in the case of inclement weather. In the case of sudden inclement weather once a practice has already begun, it is the responsibility of the club to clear (and stay off) the fields for the remainder of that day.

EQUIPMENT

Clubs are responsible for the repair or replacement of any Club Sports equipment that is damaged, lost or stolen while in the controlled possession or use of the club, its individual members or any associated parties.

STORAGE CAGES

Storage cages are available for most clubs via the Court 4 storage closet in the West Center or the Sport Programs shed at the Recreational Field Complex.

WEST CENTER COURT 4 STORAGE CAGES

Clubs are permitted to have two officers who may have card-swipe access to the Court 4 storage closet. One of those officers will be issued a key that provides access to the club's individual storage cage. Clubs are strictly prohibited from making copies of the key, which must be returned to the Sport Programs staff at the end of each semester. Clubs who fail to turn in the key at the end of each semester will be charged for the cost to change the lock.

SPORT PROGRAMS SHED STORAGE CAGES

Clubs who practice at the Recreational Field Complex are permitted to have one officer who will be issued a key that provides access to the Sport Programs shed at the Recreational Field Complex. That officer will also be provided the combination that will allow the club to access its individual storage cage within the shed. Clubs are strictly prohibited from changing the lock on their individual cages or sharing their combination with anybody outside the club itself.

UNAUTHORIZED USE

Clubs are permitted to access their equipment during practices and events only. All cages must remain locked at all other times. Unauthorized equipment use is subject to disciplinary action determined by CSEC.

CONDUCT

The opportunity to represent Winthrop University, on and off campus, comes with a high standard for player, coach and advisor conduct. Not only are all club-associated individuals held to the rules, policies and procedures within the Club Sports Participant Guide, but each individual shall also recognize, and adhere to, the expectations set in the Student Conduct Code.

DISCIPLINE

The Club Sports Executive Council, the Assistant Director of Sport Programs and the Director of Recreational Services each have the right to assess disciplinary action against any club for failing to meet program expectations.

DISCIPLINARY ACTIONS

Examples of disciplinary actions are as follows.

- Probation
- Community service
- Loss of facility space
- Loss, or temporary freezing, of funding
- Suspension of travel privileges
- Indefinite club suspension

DRUGS & ALCOHOL

During any club activity, including all games, practices, competitive events, fundraisers, travel opportunities and any other activity associated with the club or the Office of Recreational Services, all club members and other associated individuals are expected to refrain completely from the use of alcohol, tobacco and any other drugs and have no such substances present at the facility/event.

HAZING

Winthrop University believes that involvement in student organizations and athletic teams greatly enhances the development of college students. An organization's member educational program, if developed and conducted in an atmosphere of mutual respect with social and moral responsibility, can contribute much to the student's total education.

In keeping with this principle, and in view of the possibility of abuses by student organizations at Winthrop University and campuses throughout the country, hazing has been defined as, "any action taken or situation created intentionally, on or off campus, by students or off-campus individuals to produce physical discomfort, embarrassment, harassment or ridicule."

Any student or student organization that is found in violation of this policy will be subject to a review of its continued status at the institution by the Office of the Dean of Students, at which time appropriate action of the most serious kind will be taken.

DISCRIMINATION & HARASSMENT

Winthrop University values a community environment free of discrimination and harassment; therefore, it prohibits conduct which prevents free academic interaction and opportunity or creates an intimidating, hostile or offensive study, residential or work environment.

The institution does not take lightly incidents in which students appear to have been targeted or placed in jeopardy because of their race/ethnicity, gender, sexual preference, national origin or religion.

Winthrop University also encourages all of its personnel to report issues that exist where students could be causing harm to themselves, others and/or the institution's property.
