Personal Training Registration Packet

Thank you for your interest in our Personal Training program. You will be paired with one of our nationally certified personal trainers who will help you reach and achieve your fitness goals.

Personal Training Programs & Services

Unless otherwise specified, all sessions are one hour. Sessions can only be purchased in packages of 4 - 12 sessions. Sessions will expire 6 months from the date of purchase with no refunds unless serious extenuating circumstances prevent the client from returning. Extending the expiration date is allowed upon agreement between the client, the personal trainer, and the WU Recreational Services professionals.

Personal Training Policies & Procedures

No-Show Policy:

- A client must cancel or reschedule any sessions directly with their trainer at least 6 hours in advance to avoid being counted as a no-show.
- A no-show is given when the trainer shows up and the client does not or the client cancelled with too short notice. Buddy Training: If one client shows up and the other client does not, this will count as a no-show for both clients.
- A no-show cannot be rescheduled or refunded.
- A session can be rescheduled without additional payment if at least 6 hours’ notice is given. This is up to the discretion of the trainer.
- 2 or more no-shows result in a suspension in the personal training program for the remainder of the semester. By not attending a session, you are possibly taking an appointment away from a client who would attend the session. Please try to avoid this by rescheduling your session at least 6 hours prior to the scheduled session.

_____ (Initial)

Payment/Scheduling:

- A minimum of 4 sessions may be scheduled at any time.
- Cost per session is $10 dollars, regardless of sessions booked. Therefore 4 sessions costs $40, 8 sessions cost $80, etc. Buddy Training: Cost per session per person is $7 dollars
- Sessions will expire 6 months from the date of purchase with no refunds unless serious extenuating circumstances prevent the client from returning. Extending the expiration date is allowed upon agreement between the client, the personal trainer, and the WU Recreational Services professionals.

_____ (Initial)

Other:

- It is important to note what the individualized fitness instruction will NOT include:
  - Diagnosis, treatment, and/or rehabilitation of any health conditions and/or illnesses. Trainers may refer clients to appropriate health professionals based on the identification of potential risk factors. Personal trainers may also receive exercise, health or nutrition guidelines from appropriate health care providers in order to best meet the fitness needs of the client.
  - Nutrition or supplement education beyond the USDA Food Guidance System.
  - Counseling clients in areas of life beyond physical fitness.
- Medical Release: After reviewing a client’s health history questionnaire and/or the fitness assessment results, it may be determined that a medical release is required before personal training can continue. These guidelines for medical clearance are based on the American College of Sports Medicine guidelines.
- It is important to eat and hydrate before your session. You are at risk of being sent home, feeling sick/weak, or inhibiting progress by showing up not prepared. Your trainer has a right to discontinue the session.
- Keep in mind our policy on attire: athletic shoes and apparel are required to use this facility. Weight room rules are posted on the walls throughout the building.
- Personal trainers are expected to follow all rules of the facility.

DESCRIPTION OF ACTIVITY: Personal Training
LOCATION(s) of Activity: Lois Rhame West Health, Physical Education and Wellness Center

PLEASE READ THE FOLLOWING CAREFULLY. IF YOU HAVE ANY QUESTIONS, HAVE THEM ANSWERED BEFORE YOU SIGN THIS DOCUMENT.

In consideration of being permitted to Participate in the Lois Rhame West Health, Physical Education and Wellness Center Group Exercise Program, I, in full recognition and appreciation of the dangers and risk inherent in such an activity, do hereby covenant not to sue, and hereby waive, release and forever discharge the Winthrop University, its officers, agents and employees, from and against any and all claims, demands, actions, or causes of action, for costs, expenses or damages to personal property, or personal injury, or death, which may result from my participation in the aforesaid activity.

I acknowledge that my participation in the above activity is voluntary. I also understand and acknowledge that the activity may be hazardous, that my participation is solely at my own risk, and that I voluntarily assume full responsibility for any resulting loss of property, injury, or damage including death, whether caused by negligence of Winthrop University, its governing board, officers, employees, or representatives, or otherwise. I further declare that I am physically fit and capable to participate in such activities, I acknowledge and represent that I am at least eighteen years of age, that I have carefully read this document and that I sign freely and voluntarily.

I recognize that this Waiver of Liability and Release means that I am giving up, among other things, rights to sue Winthrop University, its officers, agents, and employees, for injuries, damages or losses I may incur as a result of my participation in the aforesaid activity. I also understand that this Waiver of Liability and Release binds my heirs, next of kin, executors, estate, personal representatives, attorneys-of-law, attorneys-in-fact, administrators and assign, as well as myself. I further agree to indemnify and hold Winthrop University, its officers, agents, and employees harmless from any loss, liability, damage or costs including court costs and attorney’s fees incurred as a result of my participation in this activity. This Waiver of Liability and Release shall be governed by and construed under the laws of the State of South Carolina.

I agree to abide by the rules and regulations that Winthrop University, the Office of Recreational Services and the West Center have established or will establish. I have read this Waiver of Liability and Release, and I fully understand it and agree to be legally bound by it.

**Physical Activity Readiness Questionnaire (PAR-Q) and You**

Regular physical activity is fun and healthy, and increasingly more people are starting to become more active every day. Being more active is very safe for most people. However, some people should check with their doctor before they start becoming much more physically active.

If you are planning to become much more physically active than you are now, start by answering the seven questions in the box below. If you are between the ages of 15 and 69, the PAR-Q will tell you if you should check with your doctor before you start. If you are over 69 years of age, and you are not used to being very active, check with your doctor.

Common sense is your best guide when you answer these questions. Please read the questions carefully and answer each one honestly: Check YES or NO:

**YES to one or more questions**

Talk to your doctor by phone or in person BEFORE you start becoming much more physically active or BEFORE you have a fitness appraisal. Tell your doctor about the PAR-Q and which questions you answered YES.

- You may be able to do any activity you want – as long as you start slowly and build up gradually. Or, you may need to restrict your activities to those which are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice.
- Find out which community programs are safe and helpful for you.

**NO to all questions**

If you answered NO honestly to all PAR-Q questions, you can be reasonably sure that you can:

- Start becoming much more physically active – begin slowly and build up gradually. This is the safest and easiest way to go.
- Take part in a fitness appraisal – this is an excellent way to determine your basic fitness so that you can plan the best way for you to live actively.

**Delay becoming much more active:**

- If you are not feeling well because of a temporary illness such as a cold or a fever – wait until you feel better; or
- If you are or may be pregnant – talk to your doctor before you start becoming more active.

**Please note:** If your health changes so that you then answer YES to any of the above questions, tell your fitness or health professional. Ask whether you should change your physical activity plan.

Informed use of the PAR-Q: The Canadian Society for Exercise Physiology, Health Canada, and their agents assume no liability for persons who undertake physical activity, and if in doubt after completing this questionnaire, consult your doctor prior to physical activity.

I have read, understood and completed this questionnaire. Any questions I had were answered to my full satisfaction.

Personal Fitness Evaluation

The following questions assist your trainer in preparing and monitoring fitness goals. Please answer to the best of your ability and ask your trainer any questions that you may have.

1. Do you have any negative feelings toward or have you had any bad experiences with physical activity programs?

2. Rate each type of training modality on a scale of 1 to 5, with 1 indicating strongly disagree and 5 indicating strongly agree. Circle the number most applicable for you.

   I enjoy cardiovascular training (e.g. running, biking, walking, swimming):
   1 2 3 4 5

   I enjoy interval training (i.e. alternating high intensity exercises with low intensity exercises or recovery periods):
   1 2 3 4 5

   I enjoy strength training (e.g. free weights, machines, cables, resistance bands):
   1 2 3 4 5

   I enjoy circuit training (i.e. high volume (reps), low resistance (weights) with short rest intervals and it improves muscle tone and cardiovascular fitness):
   1 2 3 4 5

3. Are you currently involved in regular exercise?
   Yes _____ No _____ If yes, what type of exercise? ____________________

4. What types of activities interest you?

5. What barriers do you think have prevented you in the past from beginning or adhering to an exercise program?

6. Check 3 goals that are important to you:

   Improve cardiovascular fitness _______ Gain weight/how much weight? _______
   Reduce body fat level _______ Enjoyment _______
   Reshape or tone body _______ Increase strength _______
   Improve flexibility _______ Increase energy level _______
   Lose weight/How much weight? _______ Other (please explain) _______
