## *Spotlight on Staff Assembly: Maura Conway, data coordinator, CAS*

**Maura Conway**, data coordinator for the College of Arts & Sciences, has taken on the role of Staff Conference Chair. Conway has served on Staff Assembly and is on both Staff Conference's Professional Development and Media & Communications committees.

Conway has worked for Winthrop since June of 2019. She was initially hired as a program assistant for Fine Arts and Design, but eventually moved into CAS. She is also an instructor of sociology, ACAD, and HXMP.

She holds a B.A. in sociology and history and an M.A. in sociology, both from Marshall University (Go Herd!, she said).

Conway loves to sing (anyone want to buy her some Gorillaz concert tickets this year?) and discuss books, history, and music

spanning most genres and eras. One of her most recent reads is *The Bog Wife* by Kay Chronister. Her favorite movies include *Amadeus*, *This is Spinal Tap*, and *Carnival of Souls*.

Born and raised in Huntington, West Virginia, she now resides in Tega Cay with her husband, daughter, and two cats.

You can reach Maura via email at [conwaym@winthrop.edu](mailto:conwaym@winthrop.edu).

# Kudos to...Upcoming Author, Maria Linn!

*Maria Linn '94, director of institutional research, has sold publishing rights to her upcoming novel, Serenity and the Soul in the Wall. Publication is scheduled for 2028.*

## **Q: What was your inspiration for this book?**

A: The book's setting was inspired by the home of my childhood best friend. Her parents ran an oceanfront motel in North Myrtle Beach and lived in a small apartment over the office. I spent many weekends in that unique, magical place. As for characters, the older sister in the book, like my own, is a Korean adoptee. My sister arrived when she was two years old, about a month before I was born. Growing up, she loved to tell people we were twins just to see their reaction. I never read a book with a family that looked like mine, so that was a core inspiration.

## **Q: How does it feel to have your work come to fruition?**

A: I've been writing poetry since I was 10 years old, but prose used to intimidate me. I started writing novels 15 years ago. This is the second I've completed (currently drafting number six!) and it has had a LONG, winding journey from completion in 2019 to publication. The book deal still doesn't feel real

to me! It's simultaneously thrilling and terrifying to imagine strangers and people I know reading it...because they'll basically see the inside of my brain.

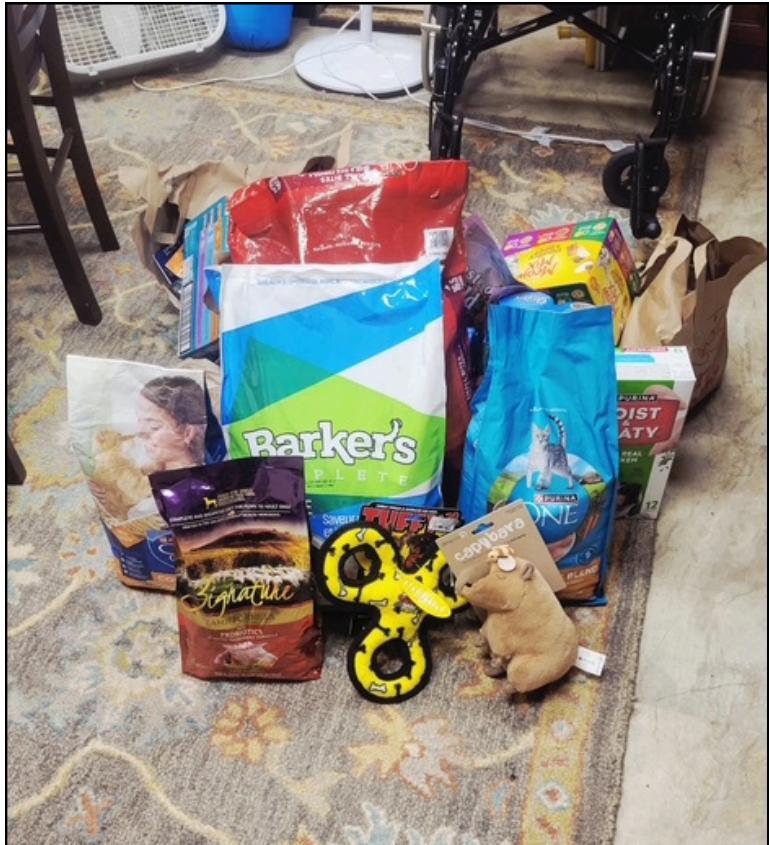

## **Q: Any advice for aspiring writers?**

A: Writing can be hard, but it's so rewarding and empowering. It's how I process information, how I think, and it forces me to go through life being curious, observant, present, and empathetic. I honestly wish everyone had a regular writing practice. My advice — and something I'm constantly striving for — is to approach writing with an attitude of playfulness and joy rather than work and drudgery, and to focus on process over outcomes.

# Staff Out and About

Members of Staff Conference's **Campus & Community Involvement Committee** (specifically this time, **Kelly Scott '90**, **Brittany Pigford '99**, and **Chris Johnson '99**) ventured to the York County Council on Aging to drop off donations from the pet food and supplies drive, held back in December. A reminder that the committee is also continuing to collect plastic bags to go toward Winthrop's **6<sup>th</sup> BENCH!**
