RISK/MITIGATION

The hiring of the right Club Sports Director to identify passionate coaches, provide strategic leadership, and drive a championship culture is crucial to success. Mitigation is facilitated through individualized training, aggressive goal setting, and implementing effective strategies to develop teams and promote a robust club sports program.

Q1 OBJECTIVES

- Confirm club sports financial model with CFO.
- Collaborate with the division of Student Affairs to structure sports from student led organizations (intramurals), club sports, and NCAA Division I Athletics.
- Develop a job description that captures leadership, development, oversight, and implementation.
- Identify and hire a dynamic, motivated, and effective leader that drives championship.
- Develop a framework for club sports that is easily implemented throughout multiple sports.
- Identify prospective club sports and coaches that fit the university mission.
