

WINTHROP ELEVATE LAUNCH

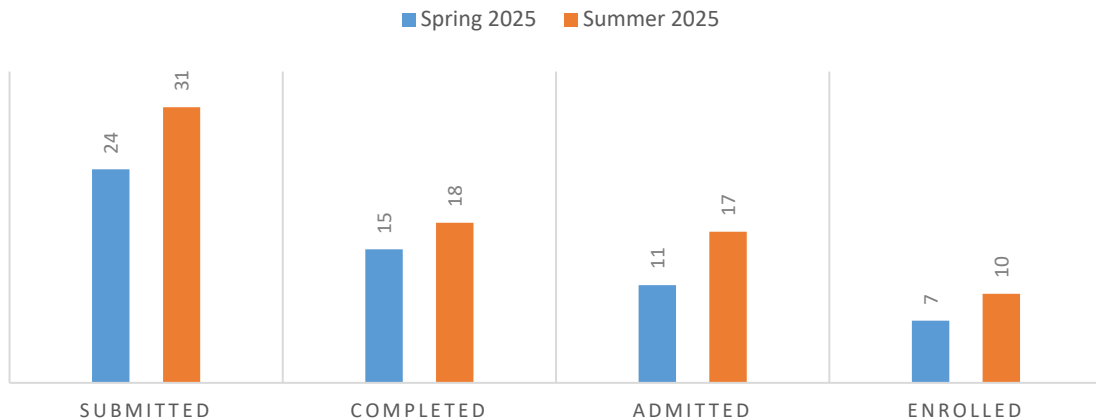

Start: Sept 2024

Finish: June 2025

Budget: \$150,000

Actual YTD: \$100,000

CBE BPS DATA AS OF JUNE 2, 2025

RISK/MITIGATION

Some momentum was lost due to the departure of the School's Dean, particularly the building of an Industrial Advisory Board, which only secured one member. Additionally, financial aid will not be available to Fall 2025 CBE student, slowing enrollment growth. The new Dean will prioritize and lead these efforts ASAP.

Q4 HIGHLIGHTS

- ✓ Dean search successfully completed; the new Dean starts July 16.
- ✓ The College of Business and Technology locked in on the development of a CBE Bachelor of Science in Business Administration. The target launch date is Fall 2026.
- ✓ Proceeded with the requisition to secure CBE Financial Aid software.
- ✓ Conversations with Central Piedmont Community College regarding a 2+2 with the CBE BPS have commenced.

CONTINUING OBJECTIVES

- Onboard the new Dean.
- Finalize the financial aid software package.
- Continue to build the Industrial Advisory Board and industry partnerships.
- Investigate new CBE programs and develop additional internal expertise in CBE.

Status:

Lead: Sebastian van Delden

Pillars: Educate, Excel

Date: 6/5/25

DESCRIPTION

A competency-based education modality, Winthrop Elevate is a significant move into the adult learning space and positions Winthrop to be the leader in South Carolina once some key partnerships are established and new programs are developed.
